

## Trick Me 721

### Chapter 721: Final Battle 3

Upon hearing this, Xia Jinqi's fair and clean face suddenly lost all color!

"IMPOSSIBLE!" Xia Jinqi stood up abruptly and roared!

She absolutely did not believe that Yan Jun would be so easily targeted by Yan Qing's subordinates!

He said that he was only going to do an interesting thing, it was absolutely impossible... ..

Yan Qing simply could not help but Xia Jinqi not believe it, so he continued saying —

"third brother Li Hao is even more amazing. In our Yan family, the explosives were all transported in by him and buried in batches." As he said this, Yan Qing's smile became even colder. "that old fogey, di Qu, could tell at a glance that the soil in the garden had been disturbed. But so what? These disgusting people should not exist in this disgusting place!"

After saying that, he lowered his eyes and casually pressed the button on the walkie-talkie. "Li Hao, start your performance."

The moment his voice fell, there was a dead silence of 0.01 seconds in the room!!!

Xia Jinqi turned Pale with fright. The moment she realized what was happening, she already felt the ground under her feet shaking!

Explosions sounded one after another behind her! Bang!

"Bang! Bang! Bang!"

The moment she looked up, she saw Yan Qing's lips curling into a triumphant yet vicious smile!

He even gently raised his wrist and threw the walkie-talkie away.

With a perfect Parabola, he smashed into the LEATHER SOFA!

Xia Jinqi couldn't care less. She immediately pounced over and snatched the walkie-talkie. "Stop!"

She yelled at the walkie-talkie, but it was already too late!

Once the explosives were ignited, there was no chance of stopping!

Her heart ached. She only knew that Yan Jun had not returned!

And they had just said that Yan Jun was still in the study!!!

"No!" A moment of terror enveloped her heart. Xia Jinqi ran out of the door recklessly!

Yan Qing was also stunned.

He did not expect Xia Jinqi to be so bold. She knew that he had already detonated the explosives, but she still ran out without caring about her own safety!

“Stop Her!” Yan Qing roared. Someone immediately went forward to pull Xia Jinqi back!

“GET LOST!” Xia Jinqi was heartbroken. She could not care about anything else. She only knew that Yan Jun had not returned!!!

Even if she died, they had already agreed that they would die together!!!!

The two burly men with muscular bodies couldn't stop her!

Seeing that she was about to break free, Yan Qing quickly got up from the SOFA and walked over to hug Xia Jinqi. He shouted into her ear, “Xiao Qi! Wake up! The explosion has already begun! Yan Jun has already been turned into ashes! !”

The moment he finished speaking, another explosion sounded from afar!

What followed was a flame that engulfed everything. It was like a long dragon that shot straight into the sky!

“I don't believe it! He won't die, definitely not!” Xia Jinqi gritted her teeth and tried hard to break free from Yan Qing's restraint!

“whether you believe it or not! Look at the sky full of flames! Is He a God? Can he still come out alive? !” Yan Qing's strength did not loosen at all. When he persuaded Xia Jinqi, his tone was still cold and mocking!

So many explosives could blow up a villa into the sky!

What was a mere Yan Jun?

A mortal body, could he really change the heavens and change fate?

Die, all of you!

Even this place that was filled with sin was blasted away!

EVERYTHING WOULD CEASE TO EXIST! !

And he would bring little Qi and the Yan clan to live happily ever after!

As long as Yan Jun died, who would be able to compete with him?

When that time came, wouldn't it be as easy as flipping his hand to find Ji Xinyu for revenge? ! !

**Chapter 722: I, Fang Shaoan, like you!**

The Moment Fang Shaoan dialed Zuo Xiaoran's number, he heard the sound of an explosion.

The shaking of the Earth, the flames, the miserable screams... ..

Everything reminded him that the explosion was coming, and he was really going to die.

Since the call had been connected, then whatever he wanted to say, he could say it!

There wouldn't be a next time!

Taking a deep breath, Fang Shaoan almost roared out his innermost thoughts!

“Zuo Xiaoran! YOU SILLY WOMAN! I like you!

I, Fang Shaoan, like you! ! !

Whether you like it or not, I will recognize you in this life!

You are my, Fang Shaoan's woman! ! !

In the next life, I will still like you!

In the next life! ! I want you all ! ! !”

The moment he finished speaking, there was another intense explosion, almost shaking the earth and mountains!

After that, the line was cut off.

When Zuo Xiaoran received this call, she had just come out with the girls from the internship company.

They were meeting to go shopping and eat, so that they could comfort themselves after working so hard for so many days.

Who knew that they would suddenly receive this call?

After being yelled at by Fang Shaoan, Zuo Xiaoran not only lost her mind, but also uncontrollably shed two lines of hot tears.

For some reason, she suddenly felt a pain in her heart.

When her colleagues saw this, they thought that she was not feeling well, so they were also shocked and hurriedly asked, “Xiaoran? Are you okay? Why are you crying?”

“...”Zuo Xiaoran did not say anything. She gritted her teeth, clutched her chest, and squatted on the ground in pain.

She could not stop crying no matter what.

Zuo Xiaoran touched her face and was wondering what had happened to her when she heard the news broadcast from the shop next to her.

“We interrupt this broadcast with an important piece of news. There was an explosion in the downtown area just now. The exact cause of the accident is unknown, but the explosion is still ongoing...”

“...”

The sound of the explosion was endless!

The flames caused by the explosion spread to the horizon, almost burning half of the sky red!

Xia Jinqi's Pale little face was also burned red by the waves of heat!

From the initial shock, to disbelief, to heart-wrenching effort, to now, she was in complete despair... ..

The heavy despair pressed down on her heart, making it hard for her to breathe.

She stared blankly at the ruined Yan family, which had almost been blown to smithereens.

In just a moment.

The originally exquisite villa complex, garden, vegetation, rockery, and pond had all been reduced to nothingness.

Just looking at such a powerful destructive force was already shocking, not to mention the person inside!

Yan Jun... ..

You really, really... .. Can't come back ? ?

You said that I should wait for you here, you said that... ..

Yan Qing saw that Xia Jinqi was no longer struggling, as if she had already compromised, so he loosened his grip.

Xia Jinqi slid down to the ground.

Her hands supported the ground, and her teeth were gritting loudly!

The immense grief turned into waves that attacked her mercilessly, spreading through her limbs and bones!

The originally dry ground began to drip with water.

“DRIP... drip... ”

Yan Qing initially thought that it was raining, but upon closer inspection, he realized that it was Xia Jinqi who was crying.

He gritted his teeth and sneered, “even if you cry to death here, Yan Jun will not be able to come back from the dead!”

“evil... evil creature... ” Yan Youcheng’s weak curses seemed to come from behind him ...

He was so angry that he had a heart attack. He could not stand up straight and could only lie on the SOFA, struggling for his life.

**Chapter 723: he slowly walked over from the flames that filled the sky**

It was only at this moment that he finally saw clearly the wild ambitions of his youngest son!

Unfortunately, Yan Qing only gave him an indifferent glance before his gaze fell onto a piece of land that was almost reduced to ruins.

“since my mother has spent her entire life to not obtain something, you can forget about obtaining it...”  
Yan Qing muttered to himself.

He destroyed the Yan family and blew up Yan Jun..

He had done it all.

But... ... Why was his heart still so heavy ? ?

Was it because Ji Xinyu had run away?

Yan Qing could not help but fall into deep thought.

However, at this moment, the deafening explosion suddenly stopped!

The ground stopped shaking, the explosion stopped, and the screams stopped spreading.

Everyone in the room was shocked at the same time!

Xia Jinqi stopped her tears in a flash. In her blurry vision, a group of people seemed to have appeared...

...

She gasped slightly and quickly focused her eyes on a corner of the ruins! ! !

She saw a stout figure gradually walking out from the gray smoke that filled the sky.

His handsome face that was as sharp as a knife and as sharp as an axe, was extraordinarily handsome.

The Hem of his snow-white shirt was stained with blood, but it could not hide his outstanding heroic bearing!

He was born with the aura of a king who ruled over the world, unconsciously giving people a sense of oppression!

His footsteps were calm as he stepped on the broken well ruins. He slowly walked over from the flames that filled the sky. His graceful bearing made him seem like a celestial being!

It was Yan Jun..

He did not die!

He was still alive! ! !

Xia Jinqi was so happy that she cried. Her beautiful little face finally had some color.

She knew that he would definitely not die so easily! ! !

Yan Qing also saw this scene at the same time. It was completely different from Xia Jinqi's joy. He was so shocked that he took two steps back. His eyes narrowed and he muttered in disbelief, “impossible... impossible... where are my explosives? ! Where's Li Hao? ! Where's Li Hao? !”

He kept mumbling. He was so shocked by the news that Yan Jun was still alive that he could not even speak!

Li Dongwen saw this and quickly came forward to support him!

“President, LOOK! ” Li Dongwen’s sharp eyes pointed behind Yan Jun!

Yan Qing took the opportunity to look over and vaguely saw the figure of a captive.

Wang Mang was pressing down on Li Hao, whose face was bruised and swollen from the beating. He followed behind Yan Jun and slowly walked toward them!

Li Hao... .. Li Hao was captured ? ?

Yan Qing swallowed his throat. No wonder the explosion was only halfway through... ..

The Yan family was only halfway through the explosion!

He was discovered by Yan Jun, so the explosion was forced to stop!

At that time.

Yan Jun had already walked up to Xia Jinqi.

He squatted down and wiped away the tears on her cheeks with his slender fingers.

“Why are you crying again? ” His voice was low and deep, but in Xia Jinqi’s ears, it was like the blazing sun of winter, shining down on her heart all of a sudden!

Xia Jinqi raised her head and stared at him.

Was She crying again?

No.

He’s back, she should be laughing... ..

“I’m not crying. ” She couldn’t stop laughing as she raised her hand and carelessly wiped her face.

However, her hand had been on the ground for a while, so it was a little dirty. She didn’t notice it at all when it rubbed her face.

Her jade-like face was like a little kitten at this moment, looking extremely miserable.

Yan Jun helped her up and gently wiped the stains off her face.

Xia Jinqi looked at him like this and smiled foolishly.

He was still alive.

He was really still alive!

At this moment, he was standing in front of her so clearly!

She could even feel his fingertips turning slightly cold!

But why... ..

She was clearly very happy. She was clearly smiling.

Why couldn’t she stop her tears?

## Chapter 724: How could I bear to leave you alone

Of course, Yan Jun knew why she was crying.

The sudden explosion, she must have thought that he had died in the Sea of fire.

In fact, he had already expected that Yan Qing knew that the children had been sent away, so he must have been extremely vicious and detonated the bomb.

So he let Xia Jinqi and Fang Shaoan come to the old master's place to hide first.

The facts proved that Yan Jun's judgment was correct.

No matter how ruthless Yan Qing was, it was impossible for him to blow himself up.

He must have left a way out.

And this way out was Yan Youcheng's courtyard.

A poisonous tiger would not eat its own son, and a poisonous son would not kill its father.

It was impossible for Yan Qing to blow up Yan Youcheng as well.

Therefore, Yan Jun concluded that there was absolutely no explosives buried under Yan Youcheng's courtyard!

As for the interesting thing he said he was going to do at that time, it was precisely because he had found Li Hao's hiding place.

"I thought you were dead..." Xia Jinqi looked at him, and her voice was choked with sobs.

"silly. How could I bear to leave you alone?" Yan Jun pursed his lips. Seeing her cry so sadly, he also knew what kind of grief and despair she had endured at the moment of the explosion just now!

Seeing this scene, the jealousy in Yan Qing's heart burned fiercely again!

He stared at Yan Jun and gritted his teeth as he said, "you can't even die like this? Yan Jun, I don't believe that you can still dodge it!"

The moment he finished speaking, he had already taken out his pistol and pointed it directly in Yan Jun's direction!

"BE CAREFUL!" Xia Jinqi was shocked. She instinctively leaned forward, wanting to block in front of Yan Jun!

It was not easy for her to see him come back alive. How could she, how could she fall here? !!

However, before Xia Jinqi could completely block him, Yan Jun had already narrowed his sharp black eyes. With a perfect turn, he held onto Xia Jinqi's waist. At the same time, he raised his long legs and kicked away the weapon that Yan Qing was holding!

“Ah!” Yan Qing cried out in shock and wanted to pounce over. At this time, Yan Jun had already completely straightened Xia Jinqi’s body. The free hand grabbed Yan Qing’s wrist and suddenly exerted force!

With a “crack!” Sound of dislocated joints, Yan Qing’s facial features were distorted from the pain. He took two steps back, his left hand supporting his right hand. He turned his head and shouted, “Li Jie!”

Before he could finish his words, a shadow quickly jumped out from behind Yan Qing and threw a heavy punch at Yan Jun!

At the same time, the murderous aura that erupted from his body instantly shocked the entire scene!

Yan Jun instinctively frowned. He crossed his hands in front of his body and barely blocked Li Jie’s punch!

Although he was a descendant of the Yan family and had trained a little since he was young to strengthen his body, he was still at a disadvantage when facing an assassin like Li Jie!

On the other side, Wang Mang was already itching to watch. He threw Li Hao to the people behind him and ran a few steps over to join the battle. “Let me do it!”

Then, he blocked an attack from Li Jie for Yan Jun!

Li Jie took the opportunity to land all his attacks on Wang Mang, and Yan Jun successfully escaped from the fight!

After Yan Jun retreated, Xia Jinqi hurriedly looked at his hands. “Are you okay?!”

“I’m fine,” Yan Jun replied indifferently. Then, he withdrew his hands and silently put them behind his back.

Xia Jinqi saw that his expression was normal, and there was no pain in his eyes. Then, she saw that he was focused on the two people fighting in front of him, so she didn’t continue to ask.

Little did she know that the hands behind Yan Jun’s back were already stained with bright red blood, meandering down.

With a ticking sound, they disappeared into the grass.

Li Jie was indeed worthy of being known as having a zero-loss record in close combat. The moment he attacked, he was so ruthless!

### **Chapter 725: had been utterly defeated!**

Even Wang Mang, who had extraordinary skills, did not have the slightest advantage when he went up. Instead, he was beaten back by Li Jie!

Yan Jun’s slightly narrowed Phoenix Eyes were seething with a deep and cold ruthlessness!

Li Jie’s ability was far from this.

His greatest strength was that after he was armed with a gun, he could be said to sweep the world!

If he wanted to deal with him, he would have to... ..

Yan Qing also retreated to the back.

The wrist of his right hand had been twisted by Yan Jun. the piercing pain was secondary. He had already lost all his chips!

Ji Xinyu and the two children were not around. The explosion was stopped and Li Hao was captured!

Li Kui's whereabouts were unknown. Only Li Jie could fight and the thirteen bodyguards he brought with him were left!

Other than that, he did not have the slightest advantage in his hands... ..

If this continued, once Li Jie was defeated, he would lose everything!

Li Dongwen just happened to walk over at this time. He whispered in Yan Qing's ear, "president, now they have the right time, the right place, and the right people! If there's still a green mountain, there's still hope! Why don't we leave first?"

Li Dongwen was not a fool. In the current situation, Yan Qing had already suffered a crushing defeat!

If he continued to stay, there would only be one result He would become Yan Jun's captive!

At that time, if he wanted to be killed or cut into pieces, wouldn't he be at their mercy?

Yan Qing gritted his teeth. The clothes on his body had long been drenched in sweat!

Was He destined to be Yan Jun's defeated opponent for the rest of his life! !

It was already unclear whether it was the cold sweat from the pain or the cold sweat from fear. He gritted his teeth and said fiercely, "can we still leave!"

"Of course we can." Li Dongwen took the opportunity to point at Yan Youcheng, who was still curled up on the sofa like a ghost. "The president only needs to use the old man as a hostage. Even Yan Jun wouldn't dare to act rashly!"

Now, Yan Youcheng had become Yan Qing's last bargaining chip.

From a certain point of view, Li Dongwen's suggestion did indeed have strategic significance. However, this was a little too disloyal and UNFILIAL!

Yan Qing refused flatly, "YOU'RE CRAZY! He's my father!"

"President! What time is it now? Those who achieve great things don't care about trifles! You only asked the old man to help us, but you won't really hurt him!" Li Dongwen was extremely furious, his eyes revealing a viciousness!

He did not care whether Yan Qing agreed or not, he took the lead and rushed over, grabbing Yan Youcheng and dragging him over.

"You... what do you want to do..." Yan Youcheng was only left with his last breath, he did not have the slightest ability to resist and was dragged away just like that . .

“Didn’t you want to let this uncle and nephew fight openly? Come, I’ll show you the scene of their fight!” Li Dongwen’s words were full of ridicule!

Yan Youcheng, you also have today!

That person who was able to command the winds and clouds back then, a handsome and suave person, now in his hands, he did not even have the slightest ability to resist!

Yan Qing wasn’t afraid of death, but he was!

He didn’t want to fall into YAN JUN’S HANDS!

The current situation was already very bad for them. If they didn’t quickly escape, they might not have the chance to turn things around for the rest of their lives!

Li Dongwen gritted his teeth and pressed the fruit knife against Yan Youcheng’s neck while shouting to Yan Jun who was outside, “tell your men to stop! Otherwise! With this knife, this old thing’s head will be moved!”

Hearing this, Yan Jun and Xia Jinqi both looked at Li Dongwen... ..

The two of them froze at the same time!

“Grandfather!” Xia Jinqi’s heart froze. She instinctively wanted to rush over!

She didn’t expect that they wouldn’t even let the old man go!

She moved her feet slightly, but she was stopped by Yan Jun beside her.

**Chapter 726: he stepped on Yan Jun’s little tail. HE WOULD NOT LOSE!**

Xia Jinqi looked back in surprise, and happened to see Yan Jun’s handsome face, which was livid with rage, as well as... ..

His deep black eyes exploded with a piercingly cold intent!

It was like Ling Han’s winter snow, freezing the air until it cracked inch by inch!

“Let go of him.”

These three simple words did not even emphasize the tone of his voice!

It was just like this, light and light, yet it contained surging killing intent. In the blink of an eye, it surged over, and forcefully pressed down on Li Dongwen’s shoulders!

His knees gave way, and he could barely stand!

“I won’t hurt him! As long as you let us go! !” Li Dongwen shouted with all his might, but he was completely unable to meet Yan Jun’s gaze!

The cold-faced King of Hell!

As expected of his reputation! ! !

Yan Qing was originally still hesitating whether he should use his father as a hostage in exchange for his own freedom.

But now that he saw that Yan Jun was finally forced into a helpless situation, he immediately made up his mind. He completely disregarded loyalty, loyalty, and filial piety, and walked up to him.

“So what if you have cracked the explosives? Yan Jun, your biggest weakness is that you are too soft-hearted! As long as I capture any member of the Yan family, you will be like a fool and be at my mercy! Look at you now, you are really very interesting!”

Yan Qing laughed wildly.

He had not lost yet!

He stepped on Yan Jun’s little tail, he would not lose!

Yan Youcheng was already outside the living room at this time. Taking advantage of the time when these people were talking, he had already seen the Yan family in front of him clearly.

The Yan family’s old mansion, which used to be prosperous and beautiful, with a total of more than seven million square meters of construction, was now more than half of it turned into ruins... ..

After the explosion ended, there was still a spark that continued to nibble away at it.

The family property of the ancestors had been passed down for countless generations and passed into his hands. He had never thought that it would actually become the current appearance!

Waves of regret and heartache were reflected in his light-colored pupils.

Yan Youcheng gritted his teeth tightly. He still could not suppress his tears and they flowed down... ..

The Yan family, which was perfectly fine, had been destroyed in his hands just like that?

How could he have the face to meet the ancestors of the Yan family! ! !

“Yan Qing! YOU BASTARD! When will you be satisfied with your mistakes! ! !”

He suddenly took a deep breath. Under the astonished gazes of the crowd, Yan Youcheng turned around and glared at Yan Qing. His eyes were filled with anger, blame, and deep disgust!

Yan Jun did not even need to speak. Yan Qing’s heart was already shaken!

The twisted smile on his face froze in an instant!

His entire body stiffened. He turned his head to look at his father with a trembling head... ..

All these years, in the life that Yan Qing thought was painful, only his father could be considered as a ray of sunshine in his life.

Although missing his mother was important, after all, he could only see her twice a year.

And for him who lived in the Yan family all year round, but his father lived together for a longer time.

He still remembered when he was young, his father held his hand, so warm, so powerful.

Every time he raised his head to look at his father, he felt that his father was like a tall mountain.

His father was once his dream.

The reason why he wanted to compete with Yan Jun everywhere was to get his father's approval, right?

He wanted his father to admit his ability, to admit that he was stronger than Yan Jun!

But at this moment, why was his father looking at him like this, using such intense language to scold him... ..

"Dad, I didn't do anything wrong..." Yan Qing shook his head and his emotions started to become unstable, "I wasn't the one who was wrong!"

"Look at what you've done to this family!" Yan Youcheng shouted with a towering rage, "I shouldn't have given birth to you in the first place! I shouldn't have brought you back!"

### **Chapter 727: next life, I will not let you down!**

"..."

Yan Qing was completely petrified on the spot.

He should not have been born... ..

These words were a complete denial of his entire person!

His own biological father did not even recognize him... ..

A true bitterness rose from the bottom of his heart. Yan Qing suddenly sighed, "yes, of course you don't want to have me. Because my mother and I are a stain that you will never be able to erase in this lifetime."

Speaking up to this point, Yan Qing's tone suddenly changed. In the blink of an eye, he revealed a fierce look and glared at Yan Youcheng, "so you let them kill my mother! What about you! You didn't even go to my mother's grave to pay your respects once!

Not only that, you even forced me to let the murderer go free My mother was alone on the cold mountain top!

But what about Ji Xinyu She had many children and grandchildren Nothing happened to her How can I swallow this hatred!"

"You... you..." Yan Youcheng's body trembled as he cursed, "good! Your mother's life is just left and right! I, the old man, will compensate you!"

After that, Yan Youcheng no longer hesitated. He held the knife on Li Dongwen's neck with one hand and leaned forward at the same time!

Just as the sharp blade was about to sink into his flesh... ..

"No!" Yan Qing widened his bloodshot eyes and quickly wanted to rush over to stop all of this!

“Grandfather!” Yan Jun and Xia Jinqi had never expected that Yan Youcheng, who had always been proud and unwilling to compromise, would actually choose to end all of this with suicide!

Back then, when he and long Qingxin divorced, they had been at a stalemate for thirty years. No one saw each other. Wasn't it all because of that powerful pride and arrogance?

Why was it now... ..

Li Dongwen was even more scared out of his wits!

He only wanted to use Yan Youcheng as a hostage, to force Yan Jun to let them go!

Who would have thought that after just a few words, this stubborn old man would actually commit suicide!

If Yan Youcheng really died, he really wouldn't be able to leave!

When that time came, Yan Jun would definitely chop him into minced meat!

His brain quickly came to this realization, and Li Dongwen was also trying his best to move the knife away!

However, his reaction was still a little slow!

Yan Youcheng closed his eyes with a peaceful expression.

He had not felt any pain yet, but he thought that it would be soon... ..

His long life was about to end here.

However, before he died, he still had a matter in his heart that had not been resolved.

That woman whom he owed his whole life to, he still wanted to see her again.

He really wanted to tell her that, Qingxin, you are the only woman in my life that I have truly loved... ..

He seemed to see that autumn year again. Long Qingxin, who was in her twenties, was wearing a beautiful pink and white Cheongsam. She stood on the bridge of the Lotus pond in the Tai Temple. She had a smile that surpassed thousands... ..

She waved at him. She held Bai Juan, who was embroidered with Lotus flowers, in her hand. She swayed and teased his heart.

“Youcheng, come here quickly! The Lotus flowers here bloom the best!” She called his name. It was crisp and beautiful, full of the marks of youth.

That year, the Lotus flowers in the pond seemed to bloom only for her.

She could never go back.

The most beautiful time in her memory.

Qingxin.

In the next life.

I will not let you down!

..

The ice-cold Blade cut through the most fragile skin on her neck.

The moment it was cut open, an enchanting scarlet red appeared!

If it was an inch deeper, the major artery in the neck would be cut off!

At that time, blood would spray out from the sky and no one would be able to save him... ..

However, at this critical moment, Fang Shaoan, who had gotten close to Li Dongwen at some point in time, leaped up. "AH ATTACK! !"

He kicked away the knife in Li Dongwen's hand!

**Chapter 728: en, this meat cushion was not bad**

"Clang!" After the sharp weapon smashed into the ground, it bounced off into the distance!

Yan Youcheng opened his eyes in surprise. Death had not come as planned.

Xia Jinqi finally let out a slight sigh of relief. Beside her, Yan Jun had already rushed out quickly. With a hook punch, Yan Qing was violently knocked to the ground!

Li Dongwen was late to realize that he still wanted to grab Yan Youcheng, but he was pressed to the ground by Fang Shaoan who had fallen from the sky!

"Ah!" Li Dongwen cried out in pain!

The weight of Fang Shaoan's body was almost completely on him!

Immediately, countless bodyguards appeared and grabbed Li Dongwen!

Only then did Fang Shaoan slowly sit up. He patted the dust off his hands and sighed. "En, this meat cushion is not bad. It's just that there are too many bones, so it's very painful."

His tone was very disdainful.

Xia Jinqi did not have the time to ask him how he suddenly appeared because the moment Yan Jun grabbed Yan Qing's collar, Li Jie, who had already beaten Wang Mang to the ground not far away, had already rushed towards Yan Jun!

"Yan Jun, be careful!" Xia Jinqi shouted anxiously. At this distance, she simply could not rush over!

And no one had expected that Li Jie would come so quickly!

He protected his master very quickly!

In fact, long before Xia Jinqi spoke, Yan Jun had already sensed the murderous aura that came out from behind him!

The kind of murderous aura that was truly honed from the pile of bones!

Yan Jun quickly turned his body to the side, barely dodging Li Jie's hand knife!

However, Li Jie did not give up. He raised his leg and swept over again, wanting to attack Yan Jun's lower body!

Yan Jun's black eyes turned cold. Seeing that he could not dodge, he was already prepared to receive this wave of attacks.

However, Li Jie's kick did not come down!

It was blocked by a leg in camouflage military uniform that was inserted into the air!

Yan Jun looked up and indeed saw Huo Ting's familiar face!

It seemed that he had finally caught up... ..

He had already contacted Huo Ting when he was separated from Xia Jinqi and Fang Shaoan. Only he could probably fight with Li Jie.

Although Li Jie had never been Ko'd before, the battle with Wang Mang had consumed some of his strength!

After Huo Ting blocked Li Jie with his leg, his left hand had already turned around and grabbed Li Jie's shoulder. Then, he lifted him up with great strength and with a beautiful shoulder throw, he knocked Li Jie, who was in a daze, to the ground!

At this time, Xia Jinqi also saw clearly that the person who came was huoting. She immediately became excited. "Erhuo! GO FOR IT!"

She had almost forgotten that Huo Ting's training in the army all these years was not to be trifled with!

Huo Ting only had time to turn around and look at Xia Jinqi. Before he could say a word, he was entangled by Li Jie again!

While the two of them were fighting, they rolled over and rolled behind a Bush!

The lush green trees suddenly blocked Xia Jinqi's line of sight.

She was so worried that she wanted to take a closer look, afraid that something would happen to Huo Ting. On the other side, Yan Jun had already stood up again, grabbed Yan Qing by the collar, and threw another punch!

"Bang!" Yan Qing was hit and spat out a mouthful of blood. His entire body rose up in an arc, and then continued to fall, falling onto the hard ground!

After a short moment of stupor, Yan Qing also got up. He raised his fist a few times, but was stopped by Yan Jun..

In the end, he could only hug his waist, and the two of them rolled on the ground!

One moment, Yan Jun was on top, and he punched Yan Qing a few times.

The next moment, Yan Qing was on top, and he punched Yan Jun a few times.

The two of them were like children, and for a moment, they were unable to separate!

Xia Jinqi did not go forward to persuade him. She knew that this time, Yan Qing had completely angered Yan Jun!

She had never seen Yan Jun lose his composure like this, and wrestle with others... ..

**Chapter 729: all the people in this world were trying to survive, but there was one who wanted to die here**

Fang Shaoan stretched his muscles and walked to Xia Jinqi's side. "This is the first time I've seen him fight with such disregard for his image!"

"Me too." Xia Jinqi nodded. Her beautiful little face was calm.

"You're not going to persuade him?" Fang Shaoan raised his eyebrows and asked very officially.

"... I can't persuade him."

"That's true." Fang Shaoan shook his head and looked sideways at Yan Youcheng, who had already fallen to the ground. His eyes were empty.

Sigh.

Fortunately, he was the only child of the Fang family. Otherwise, if his family came here again, he would have gone crazy.

Now, Yan Youcheng should know how wrong he was.

It was obviously the fault of the previous generation, but Yan Jun had to bear it.

Heaven, wasn't it a little unfair.

"..."

Yan Qing had been beaten until his face was black and blue. One of his eyes was bloodshot and abnormally red!

Yan Jun raised his fist high and then dropped it. "BASTARD! !"

What could he do!

He couldn't kill this kid in front of his grandfather!

The rage in his heart could only be vented with his fists!

Yan Qing was powerless to resist. In the end, he only sneered.

"Do you want to beat me to death?"

Yan Jun's actions suddenly stopped!

His Phoenix eyes narrowed slightly as he said coldly, “beating you to death will only dirty my hands.”

With that, he stood up.

The monstrous murderous aura was completely withdrawn, leaving only a cold chill!

He turned his back and prepared to leave.

However, this casual look completely infuriated Yan Qing!

He gritted his teeth and tried to sit up with all his might. Only then did he realize that his entire body was in so much pain that he could not even move an inch!

He could only turn his head and look at Yan Qing. He did not dare to shout, “why don’t you kill me? ! Yan Jun! You’ve already reached this point, why are you still unwilling to kill me? ! ”

Fang Shaoan found it strange when he heard that. Everyone in this world was trying to survive, yet there was someone here who wanted to die.

So cheap, begging someone else to kill him... ..

Xia Jinqi, however, saw through the facade and saw Yan Qing’s rotten heart.

Her willow-like eyebrows were tightly furrowed, and the hands hanging by her side were tightly clenched!

He was begging for death.

He had been begging for death from the start.

So he went to provoke Yan Jun..

He planted explosives.

He threatened her to steal some data, but he never took those data to heart!

He did this just to anger Yan Jun, just to beg for death... ..

But Yan Jun still had his back to him, and his clear and cold voice, with a hint of mockery, came with the wind.

“Do you think I’m like you and your mother, using murder to solve the problem? ”

Brutal and incompetent people used extreme methods to solve the problem.

And the smart and noble people had thousands of ways to solve the problem.

The gap between people was sometimes this big.

Yan Qing once again felt despised and looked down upon!

His hands that landed on the side of his body fiercely grabbed onto the grass under his body. His nails dug into the soil, but he did not feel any pain at all! ! !

"I lost! But how noble you won! Don't forget! Your mother is also a murderer! !" Yan Qing shouted with all his strength, almost using up all his strength!

"You have so much from the moment you were born! A noble identity, loving parents!

As for me I was born an illegitimate child that everyone hated My Mother didn't have a proper status until she died!

My father doted on you the most Even the woman I loved the most was married to you... ..

Yan Jun, what right do you have to doubt me! !"

Mournful wails resounded through the clouds.

The Sky that was still bright just now was filled with dark clouds in the blink of an eye.

### **Chapter 730: you coward I look down on you!**

After a few thunderbolts, fine raindrops slowly fell.

Yan Qing Lay on the ground like this, his eyes empty as he looked at the sky that was filled with dark clouds... ..

"Why, why is my fate so tragic and unfair... God, you are unfair! "

Interspersed with Yan Qing's painful wails was the icy cold wind and rain.

Xia Jinqi could no longer hold it in. She bit her lower lip lightly, her clear watery eyes slightly focused. She opened her mouth in shock and interrupted Yan Qing.

"Enough! ! "

Her voice was very loud. It was filled with anger and fury, and it burned up in an instant!

Everyone was stunned because of Xia Jinqi's sudden shout!

Even Yan Qing himself was petrified as he looked at Xia Jinqi.

He was slightly stiff. He did not know what Xia Jinqi meant... ..

At this moment, Xia Jinqi had already walked in front of him.

She looked down at him from above and scolded him rudely, "in this world, you are not the only one with a tragic fate! "

Yan Qing's eyes glazed over and he gritted his teeth.

Xia Jinqi did not back down at all. She had wanted to scold him for a long time!

"What's wrong with an illegitimate child? Illegitimate Child, aren't you still alive and well? ! Are you missing an arm or a leg? ! At least you can still breathe and see this world!

But what about Yan Qi He is so young, what did he do wrong But your mother took his life!"

Yan Qing's pupils suddenly constricted when he heard that... ..

Xia Jinqi became more and more agitated as she spoke, "didn't you say that Yan Qi gave you warmth? ! It's not like you don't know that he is afraid of water! But your mother lured him to the side of the pool and watched him suffer a heart attack. She did not save him and even pushed him into the pool!

"Yan Qing, you only know your pain. You know that you've lost your mother, but have you ever thought about it? "Back then, Yan Jun's mother also lost her beloved son!

"You say that this world is unfair. You say that you don't have everything that Yan Jun has. Then, did Yan Qi have everything that you have now? " ..!

"What right do you have to take away Yan Qi's young life? ! "

Every word turned into an invisible hand that ruthlessly gripped Yan Qing's throat!

He clenched his fists tightly and suddenly felt that he couldn't breathe!

Yan Qi... ..

He still remembered that year during the mid-autumn Festival, Yan Youcheng had gone out of town and had not returned.

Yan Jun had also just been born not long ago. Their family of four had a peaceful and beautiful feud.

Yan Qing secretly hid outside the door and watched their happy and happy appearance. He did not know how happy he was... ..

At that time, no one noticed him hiding behind the door alone.

Only Yan Qi.

He saw him and even secretly brought mooncakes and toys to him.

"Nuo, this is my favorite mooncake. Let's eat it together! "

"I really like this ultraman too, but I'll give it to you now! That way, you won't be lonely anymore! "

That year during the mid-autumn festival, he really wasn't lonely anymore.

The mooncake that Yan Qi brought was Wu Ren's. He still remembered it even now.

It was very sweet.

Very sweet.

Recalling the past, Yan Qing's Crimson eyes suddenly became Pale red.

"Brother Yan Qi, I'm sorry... " he suddenly sighed and looked at the dark clouds in the sky with sparkling eyes.

Back then, in their eyes, there was no seniority.

He only knew that this boy, who was slightly taller than him, took care of him like a brother.

And at this moment, Xia Jinqi was already in tears!

Even she, an outsider, felt injustice for Yan Qi, why couldn't he put himself in his shoes!

“Have you ever thought about how much pain you're in now, how much pain Ji Xinyu was in back then!

You only know how to blame yourself, you only know how to blame others for your mistakes!

Yan Qing, you coward I despise you!”
