

Trick Me 761

Chapter 761: doesn't have to be so torturous... ..

Alright, it wasn't just her face that was blushing now.

Xia Jinqi held her breath. Like a cooked shrimp, she was blushing from head to toe!

She really wanted to deny it!

But she just couldn't deny it... ..

Every time they were done, she would be the one who was exhausted. He would carry her to the bathroom.

In her daze, she was also at his mercy. He should have been the one who took the bath for her.

Xia Jinqi really wanted to explode on the spot!

He actually said such a thunderous thing so easily!

She wanted to refute him, but his deep black eyes pressed down again. "You don't want to admit your mistake?"

Xia Jinqi swallowed her throat and said with determination, "fine, I'll wash! Who's afraid of WHO? !"

After saying that, she trotted to the bathroom to drain the water!

Yan Jun was naturally very satisfied with the results of his provocation. He swaggered into the bathroom.

Ever since she was pregnant, she had endured for so long. It was not easy for them to get back together, and the children were not around. How could he be bound by such a small wound on his hand?

Today was a good day... ..

Xia Jinqi wanted to cry but no tears came out when she was running the water in the bathroom!

Although they were an old married couple and had two children already!

She would still feel shy if she had to bathe him... ..

If she had known earlier, she would not have been so impulsive. She should have rejected him directly!

Just as she was thinking, that fellow had already walked in with a smile on his face.

"Help me take off my clothes." He said righteously! ! !

Xia Jinqi suddenly had an illusion... .. could it be that this fellow had wanted to trick her from the start ?
?

With this thought in mind, Xia Jinqi looked at him suspiciously. Even if it was a trick, in his current state, he shouldn't be able to do anything.

Thus, she walked over and helped him unbutton his shirt.

He was the kind of thin person who looked thin and had muscles taken off!

Even though she had seen him countless times, Xia Jinqi still lowered her eyes in embarrassment and didn't dare to look at him anymore.

It wasn't enough to take off his shirt. The big boss continued, "and his pants."

Boom! Boom!

Xia Jinqi felt as if countless fireworks had exploded in her head, causing her to be dazzled!

She gritted her teeth, and with trembling hands, she helped him loosen his belt... ..

But this time, she only took off half of it, and the string in her brain was completely broken!

Turning her back, she lowered her voice and almost broke down. "Do it yourself!"

It couldn't be that torturous... ..

Actually, Yan Jun himself wasn't much better than her.

Long ago, when he was unconsciously teased by her weak little hands, his breathing unconsciously became heavier... ..

At this moment, how could he still hold it in? He directly removed the cast on his right hand, which was not fractured, and pulled her into his embrace.

Xia Jinqi was slightly stunned. "Your hand..."

Before she could ask him anything, her lips were sealed by his cold and thin lips.

"UGH..." the rest of her words could only be swallowed back into her stomach.

The dry wood and raging fire were still lit up by a little bit.

The long-lost indulgence ignited the romance in the room.

What made Xia Jinqi miscalculate was that a certain someone could be a beast even with just one hand... ..

She didn't know if he had really held it in for long enough, but this was the first time Xia Jinqi had seen him so crazily insatiable. Time and time again, from the bathroom to the bedroom, he refused to let her go no matter what.

It was a long night.

When it was almost dawn, Xia Jinqi was exhausted. Even her begging voice was tinged with sobs.

Yan Jun finally let her go. He leaned over and kissed her forehead, then hugged her in his arms. With a hoarse and magnetic voice, he said, "make it up tomorrow night."

Chapter 762: uninvited guests

The next day, Xia Jinqi naturally could not get out of bed.

Yan Jun, who was satisfied, was incomparably radiant. Not only did he wake up early, but he also went to visit the two children.

In the words of the servants who had witnessed everything at that time, they had never seen the young master so happy. He was just short of humming a tune!

A little later, Yan Jun went to the company. A lot of things that had been accumulated in this little time still needed to be dealt with one by one.

Especially the cases that had been handled by Yan Qing, they all needed to be sorted out again.

Yan Sheng stayed behind and oversaw the repair of half of the Yan family's bombed-out compound.

In the beginning, Yan Jun meant to find a new place. After all, this place was blown up beyond recognition. But Yan Youcheng refused to agree no matter what. He said that the Dragon's vein of the Yan family was here and he would not go anywhere.

Seeing that Yan Youcheng's body was not as good as before, Yan Jun naturally could not brush off his meaning and could only reluctantly agree to it.

Fortunately, the remaining half of the courtyard has been reconnected with water, electricity and coal, and can still be used.

"..."

When Xia Jinqi woke up, the sun was already very high in the sky.

As soon as she got up, her whole body ached, and she couldn't help but grimace.

When she looked back, there was only an empty space beside her.

Xia Jinqi sat alone for a while more before she got out of bed to freshen up.

First, she went to Ji Xinyu's place, but she couldn't find her. After asking the maid, she found out that Ji Xinyu had taken the children outside to bask in the sun.

Xia Jinqi followed after her. She was in a good mood, but unexpectedly, she heard a familiar voice from afar.

"This child is so obedient! She looks so much like Xiao Qi... this is the first time you've seen GRANDPA, right?"

...

Looking closely, she realized that Xia Jitian was holding Xiao puff and talking to Ji Xinyu.

Xia Chuanxu, the third brother, also came. He was holding Xiao Yuhan with a gentle smile on his face.

This was originally nothing, but when Xia Jinqi saw Xia Jitian, she thought of her mother, who was lying alone at the bottom of the Alps. Her heart was instantly annoyed.

She quickly walked over. She wanted to snatch Xiao puff back, but seeing that Xiao puff was having a good time with her grandfather, she couldn't bear to do so.

When everyone saw that Xia Jinqi had come, they all smiled. No one could refuse her.

Xia Jitian played the role of a loving father. He looked at Xia Jinqi affectionately. "Xiao Qi, you're here? Why didn't you tell daddy when you came back? I didn't even know about the children's full-moon Banquet!"

Indeed.

Her grandfather didn't attend the children's full-moon banquet. Many people were already wondering if the two families were having a bad time.

However, Xia Jinqi could not care less. She just did not want to see him.

Now that he asked, she only replied coldly, "I forgot."

Her stiff reply instantly lowered the atmosphere to freezing point.

Xia Jitian's expression changed slightly, but he soon smiled again. "You guys just came back, so there must be a lot of things. It's normal for you to forget!"

Xia Chuanxu comforted Xiao Yuhan while looking at his father's compromise. His brows furrowed slightly.

Even Ji Xinyu could tell that Xia Jinqi's attitude was not right. She did not know about the conflict between Xia Jinqi and Xia Jitian. However, since the Xia family had come personally, they must have come to see Jinqi and the children. She seemed a little redundant here.

Hence, she stood up and smiled. "Jinqi, have a good chat with father and brother. I still have some matters to attend to, so I'll go back first."

Chapter 763: saving the world in her previous life. Only in this life could she meet the one in ten thousand, Yan Jun.

Xia Jinqi nodded. She knew what Ji Xinyu meant.

She wanted her family to get together.

However, she didn't know that Xia Jinqi actually didn't want to see Xia Jitian at all, so how could she get together with him?

After Ji Xinyu left, Xia Chuanxu spoke to break the awkward moment. "Little Qi, I didn't expect you to be the first of the four siblings to have both children. Third Brother is really happy for you!"

The Xia family was originally fine in Xia Jitian's generation, but now, Xia Chuanxu's generation appeared to be lacking in manpower.

Xia Mingzhu's eldest sister, Xia Mingzhu, divorced after half a year of marriage. She didn't have any children, Xia Tianjiao was gone, and Xia Chuanxu didn't have a family yet. Xia Jinqi was the only one who had two children.

Therefore, when Xia Jitian saw Yu Han and Xiao puff, he couldn't be happier.

Xia Jinqi had a good impression of this third brother, so she smiled. "third brother likes children so much. Hurry up and start a family and have a few more children."

"Me?" Xia Chuanxu was stunned. Before he could recover, he received a disdainful look from Xia Jitian. "I've arranged so many blind dates for you, and you're not interested in any of them? I really don't know when I'LL BE ABLE TO SETTLE DOWN!"

Xia Jinqi knew a little about this matter.

Which child of the Xia family was not a chess piece that Xia Jitian used to win over power?

Xia Mingzhu's marriage was arranged by her parents.

Originally, the other party was also considered a reputable family, but she couldn't help it that her son was a bastard. When he was drunk, he would abuse her.

After being married for only half a year, Xia Mingzhu went home in a hubbub. Then, they divorced.

Xia Jinqi also listened to her parents' arrangements. However, she might have saved the world in her previous life. In this life, she could only meet Yan Jun, who was one in ten thousand.

Xia Chuanxu was an exception. Now that he had his own career, he was even more unwilling to be manipulated by his parents.

The more Xia Jitian pushed him, the more he looked down on him.

Which blind date wasn't ruined by him It almost made him on the matchmaker's blacklist.

In this way, Xia Jitian fortunately didn't force him. He simply focused on his own politics.

If Xia Jinqi had not mentioned him, Xia Jitian would not have bothered to say a word about him... ..

In the end, Xia Chuanxu said, "they are all vulgar and unsightly."

The Xia family was like the sun in the sky. Many people wanted to curry favor with him, the young master of the Xia family.

However, those flattering faces were almost the same. It was disgusting to look at them.

Xia Jinqi did not look at Xia Jitian. Instead, she focused on chatting with Xia Chuanxu. "Third Brother has such high standards? In all these years, have you not met anyone you like?"

Out of the four siblings, only Xia Jinqi and Xia Chuanxu could have a few words.

"Gold is easy to get, but knowing is hard to get. I'm not in a hurry," Xia Chuanxu said slowly as he pinched Yu Han's fair little face. "Right, little nephew?"

"Eh..." Xiao Yuhan moved his mouth as a response.

He was, after all, a biological uncle. He had to give some face!

Xia Jitian, who was beside him, was already sweating. You're not in a hurry to find a wife, I'm in a hurry to hold a grandson!

However, when Xia Jitian turned around to look at Xia Jinqi, his eyes were filled with confusion.

Xiao Qi was deliberately avoiding his gaze and trying her best not to communicate with him. He could feel all of this.

He didn't blame her. He only blamed himself. As a father, he had never given her too much warmth and fatherly love since she was young.

Now that she knew about his background, it was only natural that she didn't want to see him.

At the very least, he was already very grateful that she hadn't completely deprived him of the right to see his grandson... ..

Chapter 764: what right do you have to mention her?

Xia Chuanxu could see the abnormal atmosphere between the two of them. After chatting for a while, he found an excuse to let the maid carry the child and follow him to the side.

The remaining father and daughter pair, Xia Jinqi and Xia Jitian, stared at each other, looking even weirder.

Taking a deep breath, it was Xia Jitian who spoke first.

"Xiao Qi, have you been to the Ji family?"

In the end, the conflict between the father and daughter had to start with the Ji family.

Even though this was also the beginning of Xia Jitian's sin.

Xia Jinqi didn't look at him, nor did she answer. She only looked down and played with a flower.

In her heart, he didn't even have the right to mention her mother!

But even if she didn't answer, Xia Jitian still knew everything that he needed to know.

He sat at the side. His usually straight back collapsed at this moment, looking very dejected. "Xiao Fu, she..."

"Don't call my mother by her name!" Xia Jinqi finally couldn't help but frown and cut him off.

Xia Jitian's body stiffened. He clenched his teeth tightly, and his eyes were a little warm.

"I just want to know if she's... still alive..."

Xia Jinqi didn't see his expression at this moment. Just hearing his voice made her feel disgusted. "She's dead! Are you happy now? She's no longer blocking your career and holding you back!"

“...”Xia Jitian originally still held the last glimmer of hope in his heart, thinking that Ji Xiaofu could survive.

Now that he heard Xia Jinqi say it herself, the amount of hope in his heart was now filled with disappointment.

He had originally thought that the heavens would give him a chance to make up for it... ..

“Then she...” Xia Jitian opened his mouth again. He wanted to know more about Ji Xiaofu, but the familiar information angered Xia Jinqi, who was already emotionally unstable.

She had personally seen the diary her mother left behind, and she had also personally seen her mother lying alone at the foot of the Snowy Mountain. How could she not be angry? How could she not be resentful?

“Shut up!” Xia Jinqi didn’t even want to hear him say another word related to her mother! “What right do you have to mention her? Back then, she came to Rao city alone. If it wasn’t for you... if it wasn’t for you...”

Xia Jinqi felt that she couldn’t even say the rest of the words!

Fan Jian... .. How could he do that ? !

Xia Jinqi held her breath in her chest. She gritted her teeth again and tried hard to suppress the anger in her heart.

“Xiao Qi, I don’t expect your forgiveness. I just want to know, did Xiao Fu return to the Ji family after that?”

Xia Jitian’s voice choked with sobs.

Now that he knew she was dead, he didn’t have much hope. The only thing he wanted to know was, when Xiao Fu left, was she in pain?

Was she buried in her hometown now?

He had once heard her say that it was a picturesque place with snow-capped mountains in the distance and snowflakes blooming everywhere nearby.

Xia Jinqi really wasn’t willing to tell him a single word. Just as she was about to scold him back, she raised her head and saw Xia Jitian’s tear-stained face.

In her memories, her father was always that cold, expressionless, and unwilling to speak.

He was a man of his word. He was inflexible and stubborn, and it was difficult for him to get close to him... ..

But this kind of person actually cried?

He cried like an abandoned child, helpless, sad, and desolate.

Xia Jinqi’s heart was suddenly gripped.

He... .. was he crying for her mother ? ?

After so many years, so his heart would know pain too?

Chapter 765: has been a year. This is the first time you've come to visit me

Xia Jinqi retracted her gaze. The emotions she had been excited about earlier had also calmed down.

“She has been sleeping in the beautiful mountain stream for a long time.” After a long while, she finally let out a sigh of relief.

“Is that so...” Xia Jitian wiped the tears from the corners of his eyes. Finally, there was a hint of a smile on his lips.

This is good, this is good... ..

Xia Jinqi did not plan to say anything more. She stood up and prepared to leave.

Before she left, she lowered her voice. “I was too excited just now. I’m sorry.”

She had almost forgotten that this person was still her father, the person who had given her life.

She could forgive others, so why couldn't she take a step back when it came to her own family?

Xia Jitian had never thought that Xia Jinqi would acknowledge him as her father after learning about his background. He had come personally this time because he wanted to see how Yan Youcheng was doing and also to see if she was doing well.

She actually said sorry to him... ..

The tears that she had managed to stop with much difficulty started to flow again.

Xia Jitian was so happy that he almost cried. “It’s okay, it’s okay. Xiao Qi, I’m already very happy that you can tell me these things. You don’t have to say sorry to me. It’s father who has let you down...”

“...”Xia Jinqi stopped in her tracks, her eyes very dark.

Did he also say sorry to his mother before?

Seeing that Xia Jinqi had not left, Xia Jitian carefully and tentatively asked her, “Xiao Qi, tonight... can you come home tonight? Our family has not been reunited for a long time, so we just came back for a meal...”

His tone was full of pleading, without the slightest hint of being the next president.

It was as if in front of Xia Jinqi, he would always be the pitiful father who had done something wrong and wanted his daughter to forgive him.

In the past, he had missed too much for his own career. Now, he only wanted to do his best to make up for it.

Xia Jinqi really wanted to leave just like that, without looking back. It was best if she never saw him again in her entire life!

But... ..

Her feet seemed to have taken root, and she couldn't move a single step.

Her heart felt like it was being pressed down by a huge rock. It was stuffy, and she couldn't breathe.

Xia Jitian waited for a long time, but he still didn't get an answer from her. Presumably, she wouldn't be willing either. Xia Jitian laughed and laughed again "It's okay if you're busy. You're alone with your two children now, and you can't get away. Another day... Another Day, we can get together again..."

Tonight was Xia Jitian's birthday.

Although he had sent out invitations and invited friends from all over the world to get together, what he wanted to see the most was a family reunion.

Xia Jinqi's tightly clenched hands finally slowly loosened.

She sighed softly, as if she had done a lot of mental work. "I'll go."

Even if it wasn't to return to the Xia family, she still wanted to see if huo ting was alright.

Xia Jitian was slightly stunned. It was a long while before he came back to his senses. His face immediately revealed a delighted smile. "Good, good. It's good that you're back."

Just as Xia Jitian was overwhelmed with joy, Xia Jinqi's mocking words reached his ears again.

"This is the first time you've come to visit me after I married into the Yan family for a year."

After saying this, Xia Jinqi left.

This time, she really didn't turn her head and didn't look at Xia Jitian again.

Only Xia Jitian was left, standing on the spot with tears streaming down his face.

Xiao Qi.

It's daddy who has let you down... ..

..

In the afternoon, Yan Jun brought back a stylist and makeup artist, preparing to pick up Xia Jinqi to attend Xia Jitian's birthday banquet.

Chapter 766: tells me, do you want it?

As soon as he entered the house, he looked around but could not find anyone.

He went to the baby's room. The two children were sleeping peacefully again. The nanny and maid were standing by the side, saying that they had not seen the young Madam.

Only then did Yan Jun furrow his brows. He picked up his phone and dialed her number.

“Du... Du...”

No one picked up the first time.

Yan Jun’s heart was lifted and very quickly, he dialed a second time.

“Du... Du... Hello?”

He finally picked up!

Yan Jun heard her confused tone, and his brows furrowed even more. “where are you?”

“Me? I’m...” when Xia Jinqi completely came back to her senses, she looked around. “I’m on the roof. You’re back?”

She subconsciously looked towards the main door, and sure enough, there were a few cars parked there.

“En, stay there and don’t move. I’ll come up.” With that, she hung up the phone.

Xia Jinqi sheepishly took back her phone, and her gaze shifted to a pile of ruins not far away.

Ever since she met Xia Jitian, she had been feeling depressed.

After coaxing the children to sleep soundly, she went to the roof.

Standing here and looking at the open sky, it seemed like her state of mind could be opened up a little...

...

Looking at it this way, she even forgot about the time.

After standing for a short while, the sound of an elevator opening came from behind her, followed by the sound of steady footsteps.

Xia Jinqi subconsciously turned her head, and her eyes met his imposing figure.

The black and white suit complemented his extraordinary spirit.

“You’re back so early?” Xia Jinqi asked subconsciously. When she sent him a wechat message in the afternoon, he was still busy.

She thought that he would come back later, but he came back before the sun set.

Yan Jun didn’t answer her. Instead, he walked over quickly and broke up with her. He pulled her into his arms.

He used a lot of force, as if he couldn’t control it easily.

Xia Jinqi hit his firm chest and took a few seconds to come back to her senses. She asked him in confusion, “WHAT’S WRONG?”

“... Nothing.” Yan Jun took a deep breath and suppressed the emptiness in his heart. Only then did he slowly let go of her ...

It was almost a habit. He was afraid that one day, she would suddenly disappear like this.

Xia Jinqi did not know what he was worried about, but seeing his handsome face and peaceful expression, she did not continue to ask. It did not seem like something had happened.

Instead, it was Yan Jun who swept his gaze around and looked at her. "What are you doing here?"

"relaxing." Xia Jinqi tried her best to force a smile, but she found that she was really a little powerless.

Seeing that she didn't intend to talk about it in detail, Yan Jun looked away and saw a pile of ruins not far ahead.

His black eyes darkened slightly, and a certain awe-inspiring aura slowly overflowed.

"Do you want to build a paradise there that belongs to you?" He suddenly asked.

Xia Jinqi didn't have time to be disappointed. She followed his line of sight and didn't quite understand what he said. "What Paradise? Didn't you say that you want to repair the villa?"

Yan Sheng was in charge of the repairs. He had previously said that he wanted to repair the villa for Yu Han and Yu Sheng.

Xia Jinqi did not object. After all, this was the Yan family's land. They could repair it however they wanted.

Yan Jun chuckled. "when they grow up and live alone, it will be twenty years later. Before that, do you want a paradise?"

"Paradise? An Amusement Park?" Xia Jinqi continued to frown as her gaze fell on the pile of ruins.

Yan Jun kept her in suspense and did not explain the details to her. Instead, he asked directly, "tell me, do you want it?"

Xia Jinqi tilted her head and sized him up for a moment. Looking at the reflection of her in his dark eyes, her mood inexplicably improved. "I want it."

She smiled and answered.

Chapter 767: profound expression

Yan Jun's lips curled up when he saw that she had finally revealed a smile.

His right hand wrapped around her slender waist and pulled her into his embrace. He lowered his head, and his eyes that were as deep as the sea locked tightly onto her picturesque face.

"You're not expressing yourself?" His voice was charming, and it sounded like an electric current had passed through one's heart, numbing and numbing.

Xia Jinqi laughed helplessly. "What? ! You're obviously the one who asked me if I wanted it!"

However, he turned a deaf ear to it and insisted on this expression.

Xia Jinqi could not take it anymore as she was being stared at by his burning gaze. She gave up and said, "alright."

As she mumbled, she stood on her tiptoes and kissed the side of his handsome face. It was a profound 'gesture'.

Initially, he wanted to tease her, but when he hugged her soft body and looked at her clear eyes and heard her crisp laughter, the little flame in his eyes began to jump again.

"Ah Jin..." his voice was a little hoarse. He leaned over slightly and was about to kiss her pink lips.

However, Xia Jinqi tilted her head and avoided him. Then, she smiled and poked his chest. "Stop Fooling around! WE'RE ON THE ROOFTOP!"

Yan Jun raised his eyebrows. Was He fooling around?

That was true. He just wanted to fool around with her.

Pursing his lips, he smiled mischievously and leaned over again to kiss her lips.

She avoided him again. She laughed so hard that she was almost out of breath.

He also laughed. If she avoided him, he would chase after her. They were having a lot of fun.

Just as he was about to succeed, Yan Jun's phone rang. Xia Jinqi took the opportunity to slip out of his embrace nimbly and smiled as she gestured for him to pick up the call.

Yan Jun was helpless. However, when he picked up the call, his tone was filled with unsatisfied anger. "What's the matter?!"

The person on the other end of the phone seemed to be frightened and couldn't even speak coherently. "president... President Yan... it's almost time. Do you still need to do Madam's styling?"

"..."Yan Jun's eyes darkened. It was as if he had just remembered that they still had to attend the Xia family's dinner party. "come down immediately."

After saying that, he walked over and held Xia Jinqi's hand. The two of them headed downstairs together.

When she saw the makeup artist, Xia Jinqi was still a little puzzled. "It's just a family banquet. Is there a need to be so grand?"

"The guests are all outstanding figures in the military, political, and business fields. On the surface, it's just a birthday banquet, but in fact, it involves a lot of benefits," Yan Jun's cold and thin voice sounded.

He and Xia Jinqi represented the harmony between the Yan and Xia families, so they naturally had to dress up and attend.

"... Oh."Xia Jinqi nodded wearily. Actually, she wanted to sleep at home. Last night, she hadn't slept well .. Yes, she didn't get enough sleep!

However, when she heard the words 'birthday banquet', she felt particularly awkward. The way she looked at Yan Jun was also very unfriendly. "speaking of which, you even held a birthday banquet for you XI."

When Yan Jun, who was about to change his clothes, heard this, his footsteps instantly froze.

He turned his head to look at her. Instead of being angry, he smiled. Moreover, his smile was extremely dangerous. "As expected, you're still jealous."

"I'M NOT!" Xia Jinqi turned her head and replied in a huff.

How could she be jealous like this!

It was just a temporary measure, alright!

But... Xia Jinqi helplessly rubbed her chest. It was still a little stuffy here ...

He hadn't even held a birthday party for her... ..

Yan Jun gave Xia Jinqi a meaningful glance before heading to the cloakroom.

After he left, the makeup artist started to apply makeup on Xia Jinqi. "Young Madam, what kind of makeup do you like?"

"A little lighter, a little more refreshing will do." Xia Jinqi looked at herself in the mirror.

Chapter 768: was attacked on the road and suffered heavy casualties

However, the makeup artist was in a difficult position. "This... why don't we make it a little more exquisite? Director Yan is saying that tonight's banquet will be very grand. Moreover, this will be the first time young Madam will appear in public after giving birth."

This banquet was different from Yu Hanyusheng's full moon banquet last time.

The people who came last time were mainly relatives and friends of the Yan family. This banquet involved multiple interests and the people who came were all influential people of Rao city.

Whether Xia Jinqi and Yan Jun attended or not, their appearance would have a far-reaching impact.

After being reminded by the makeup artist, Xia Jinqi nodded. "Alright."

She was Xia Jitian's daughter, so she more or less knew about such matters.

If she and Yan Jun did not perform well at the banquet and were seen by outsiders, they would probably think about it again and think that the Yan and Xia families were on bad terms, and the fence-sitter would turn to his family at this time.

Thinking of this, Xia Jinqi could not help but feel lucky.

Fortunately, she and Yan Jun were truly in love. Otherwise, acting as a fake husband and wife would really be a headache.

The makeup artist was very fast, and Xia Jinqi's skin was good. The foundation makeup was easily applied, and it didn't take long.

Yan Jun quickly finished changing his clothes and came out. Seeing that Xia Jinqi wasn't done yet, he said, "I'll go check on the children first."

"okay," Xia Jinqi replied and turned to focus on her makeup.

They were going to attend a dinner party tonight, so they definitely couldn't bring the children with them. When they came back, they might also be asleep.

As the makeup artist helped Xia Jinqi fix her makeup, she said enviously, "Young Madam is really lucky. I've been in the upper-class circle for many years, and I've never seen someone who cares about the family like President Yan."

What she meant was that she was praising Yan Jun for having children in his heart.

Which of the other rich people who were government officials didn't mess around outside even after they got married?

In this era, a good man like President Yan was even harder to find than an extinct dinosaur.

Xia Jinqi nodded her head in approval, and a happy smile appeared in her eyes. "I think so too."

An hour later.

In the black car.

Xia Jinqi was a little sleepy, so she leaned against the back seat and took a nap.

Yan Jun sat beside her. Seeing her head tilt slightly, he reached out his hand and pulled her over to lean against him.

This was not enough. He held her hand again and placed it on his lips to gently kiss her. Only then did he feel at ease.

Wang Mang, who had just been discharged from the hospital, was still sitting in the front passenger seat. He glanced behind the rearview mirror and happened to see this intimate scene. He immediately averted his eyes and looked ahead awkwardly.

He had been fed dog food by Yan Jun and Xia Jinqi for the past year... ..

It made his heart waver a little. How about... .. find a woman and get married ??

Just as he was thinking, his phone vibrated.

Wang Mang picked it up and took a look. His gaze became solemn.

He turned to look at Yan Jun behind him. "Huo Ting was attacked on the way here. He suffered heavy casualties."

The moment he heard the news, Yan Jun subconsciously looked at Xia Jinqi.

Seeing that she was still in a deep sleep and probably didn't hear it, his dark eyes darkened just now as he looked at Wang Mang. "How's Huo Ting?"

"He took a detour through the small path, but I'm afraid he won't be able to come to tonight's banquet."

"Send reinforcements immediately." Yan Jun made a prompt decision. The smile on his lips was cold and bloodthirsty. "someone must be trying to break the cooperation between these three families."

Wang Mang immediately made a call and gave the order.

If any of the three families, Yan, Xia, or huo, were to have an accident, the iron triangle would be broken, and there would no longer be a situation where they could cover the sky with one hand.

Chapter 769:

Especially since Xia Jitian was about to participate in the presidential election, if huo ting was brought down at this time, then another force that was trying to ensure Xia Jitian's rise to the top would be broken.

Similarly, if Xia Jitian could not take the presidency, the first thing the new regime would do was to remove huo ting from his position and suppress Yan Jun at the same time.

Xia Jitian and Huo Ting also needed Yan Jun's financial support at the same time. The three of them were indispensable.

Just as Wang Mang hung up the phone, Xia Jinqi woke up in a daze.

"Where are we?" She asked instinctively.

Only then did Yan Jun come back to his senses. The moment his eyes met hers, his expression softened. "We're almost there."

Xia Jinqi nodded. After sitting up straight, she looked out the window and didn't find anything Amiss.

Wang Mang was also smart. As soon as he saw Yan Jun's expression, he knew that he didn't want Xia Jinqi to know about this.

That's right. Huo Ting still didn't know the exact situation. Even if he told Xia Jinqi, she could only be anxious.

Rather than that, it would be better to find out the exact situation at Huo Ting's side later before telling her.

The atmosphere in the car became a little oppressive for a moment.

Fortunately, they arrived at the Xia residence very quickly.

The Xia residence tonight could be said to be bustling.

The streets of Yanbian were filled with luxury cars. One after another, there was no end to them.

From Afar, Xia Jinqi could see her home that she had lived in for more than twenty years. At this moment, it was bustling with noise and excitement.

She finally knew why Yan Jun said they needed to dress up and attend the event.

When she got out of the car, Xia Jinqi glanced at her surroundings that were filled with excitement. She could not help but wonder, “didn’t they say that the higher the rank, the more we need to avoid suspicion? Why is it so grand?”

In her memory, the Xia family had never been so lively before. Xia Jitian usually avoided suspicion and did not dare to do things in such a high-profile manner.

Yan Jun also got out of the car. He raised his left arm slightly and gestured for Xia Jinqi to hold his arm. “I’m afraid the other family is even more grand than him. The election is about to start. WHO Doesn’t want to get more votes for themselves?”

Xia Jinqi took the opportunity to hold his arm and nodded as well. “So this is a covert campaign to get more votes for themselves.”

Seeing that she was able to make sense of it with a single point, a hint of admiration surfaced in Yan Jun’s eyes once again. He then said, “canvassing for votes is not like what you see on TV. It’s not like you can just shout your policies and manifesto loudly with a loudspeaker in the city center.”

Votes were something that had to be bought with real money and silver.

Xia Jinqi was unwilling to delve into the darkness of the matter, so she changed the topic and looked around. “I wonder if Huo Ting is here...”

Hearing this, Yan Jun’s gaze deepened. “He should be here soon. Let’s go in first.”

“okay.” Xia Jinqi then held his arm and walked towards the Xia family home under the crowd’s escort.

Along the way, almost all of them looked familiar.

Quite a few people took the initiative to come forward and Greet Yan Jun. Xia Jinqi was smiling at the side with rare patience.

Even though she was not very keen on political affairs, she could see that the group of important people who controlled and managed Rao city had all come tonight.

She had to make use of this political marriage.

After taking a few steps in, Xia Mingzhu walked over with a fake smile.

“fourth sister is here. We haven’t seen each other for a long time. Come and let big sister take a look!”

Xia Jinqi looked up at this big sister who was smiling with a hidden knife in her smile and smiled politely. “Big sister, how have you been?”

At this time, Yan Jun was talking to the people beside him and didn’t notice them. Xia Mingzhu took this opportunity to walk over and pull Xia Jinqi’s hand. On the surface, she was smiling warmly, but in fact, she lowered her voice and sneered “YOU’RE SO LUCKY! Even the explosion couldn’t kill you...”

Chapter 770: you're not young anymore, why don't you consider starting a family again?

Xia Jinqi immediately reacted. A smile appeared on her face as she replied, "I'm really sorry to disappoint you. Next time, I'll definitely try my best to die for you to see."

Xia Jinqi's words, which were equally infuriating, came out of Xia Jinqi's mouth.

"SHARP-TONGUED!" Xia Mingzhu's expression couldn't hold it in anymore. She wanted to teach Xia Jinqi a lesson when someone walked over and waved at her. "Mingzhu, the relationship between you two sisters is really good. It's been a long time, right?"

Xia Jinqi turned around and saw chief Wang's wife. She had seen her a few times when she was young, so she could recognize her.

Before she could speak, Xia Mingzhu, who was beside her, responded with a smile on her face. "Yes, Madam Wang. Fourth sister and I have always had the best relationship. Ever since she got married, I've been a lot more lonely."

"..."Xia Jinqi almost vomited when she heard that. The best relationship?

Excuse me?

Don't you have to blush when you lie?

Without waiting for Xia Jinqi to refute, Madam Wang sized up Xia Mingzhu in detail and said earnestly, "Mingzhu, you're not young anymore. Why don't you consider starting a family again?"

The Moment Madam Wang said that, Xia Jinqi immediately saw that Xia Mingzhu had become as ugly as a pig's liver!

HAHAHA!

After Xia Mingzhu's divorce, she had been especially sensitive about this matter. For a period of time, no one in the Xia family dared to mention the word marriage at home!

Now that Madam Wang said that, Xia Mingzhu's heart was about to explode with anger, right?

However, she had to protect her face. She pretended to be very obedient and nodded her head forcefully in agreement. "I... Will think about it again."

The few words that she had squeezed out with great difficulty seemed to have changed their meaning.

Xia Jinqi saw that it was fun, but she couldn't hold it in. She smiled and agreed with Mrs. Wang. "Yes, big sister, you're not young anymore. It's not a good thing for you to keep hanging around like this!"

Xia Mingzhu's expression became even more unpleasant!

Mrs. Wang looked at Xia Jinqi with eyes full of praise. "little four is still sensible. You should think more about your big sister. If you have any good candidates, introduce them to her more often."

“HAHAHA! Okay, okay!” Xia Jinqi was about to burst into tears from laughing. who asked Xia Mingzhu to like acting so much?

It was better now. It would be more fun if she suppressed her internal injuries.

Madam Wang exchanged a few more pleasantries and then went to the side with chief Wang to exchange pleasantries.

Xia Mingzhu put away the fake smile on her face and squeezed Xia Jinqi’s hand with force. Her eyes revealed a fierce light. “Shut up! Believe it or not, I’ll blow you up again!”

Hearing this, Xia Jinqi’s smile froze on her face. She raised her eyes to look at Xia Mingzhu in disbelief. “What did you say?”

What do you mean, I’ll blow you up again?

Meeting Xia Jinqi’s astonished gaze, Xia Mingzhu once again became complacent. She narrowed her eyes and approached Xia Jinqi. “I heard that you let that trash go?”

“What do you mean exactly?” Xia Jinqi frowned. An unrealistic thought suddenly popped up in her mind.

Could it be that Xia Mingzhu was behind the Yan family’s explosion?

But from Yan Qing’s tone, everything was his arrangement and plan. How could it have anything to do with Xia Mingzhu?

“Hmph, what a fool.” Xia Mingzhu curled her lips contemptuously. When she thought of Yan Qing, her eyes were filled with disgust “Do you think that with that trash, he can find the three Li brothers? If it wasn’t for me pulling strings, he wouldn’t even know about this person!”

“...”

“and those ten tons of explosives. Without my signature to clear the customs, how could they secretly transport such a large amount of explosives?”
