

Trick Me 771

Chapter 771: the mastermind

Xia Jinqi felt someone hit her head with a wooden stick!

She suddenly came to her senses amidst the dull pain.

Indeed, explosives were not something that ordinary people could get their hands on.

Moreover, it was such a large quantity.

“So you are the mastermind.” Xia Jinqi narrowed her eyes and carefully sized up the woman in front of her.

Zhou Lingfang had a belly full of bad ideas, and Xia Mingzhu had instigated him. It would be strange if Yan Qing did not fall into it!

She wondered how Yan Qing could change so quickly and become so ruthless with his temperament... ..

“What do you want?”

Xia Mingzhu’s eyes obviously evaded Xia Jinqi’s question for a moment. Then, with a gloomy face, she whispered in Xia Jinqi’s ear, “of course, I want to avenge my poor second sister...”

Second sister?

Xia Tianjiao.

Xia Jinqi’s hands hanging by her side suddenly tightened. Her beautiful eyes narrowed, and she panicked for a moment.

She hadn’t mentioned this name for a long time, and she had almost forgotten it.

That time, Xia Tianjiao had caught her and was ready to die with her.

Later, Yan Jun rushed over and, in a fit of rage, threw her into the sea to feed the sharks.

She only found out about these things after she woke up.

Xia Mingzhu looked at Xia Jinqi’s dejected expression with satisfaction, and she lowered her voice again “I know that you’re not mother’s biological child. You were born by a wild woman outside father’s home! You were never my biological sister to begin with, and now you’ve even killed my biological sister. How do you think mother will hate you?”

“...”Xia Jinqi gritted her teeth, unable to say a single word.

Xia Mingzhu’s words continued.

“She can’t wait to drink your blood and eat your flesh!”

Her teasing and hateful voice forced Xia Jinqi’s small face to lose all color.

At this moment, Yan Jun ended the conversation on the other side. When he turned around to look at Xia Jinqi, he realized that she was already chatting with Xia Mingzhu.

His sharp gaze landed on her pale little face. Yan Jun instinctively walked over and wrapped his arm around Xia Jinqi's shoulder, protecting her in his embrace. "What's wrong?"

Xia Jinqi slowly raised her eyes. Opposite her, Xia Mingzhu had already smiled and said, "it's nothing. The two sisters are catching up on old times. Dad has been waiting for you inside for half a day. COME IN QUICKLY!"

After saying that, she turned around and disappeared into the crowd.

Yan Jun naturally wouldn't forget what kind of character Xia Mingzhu was. However, seeing Xia Jinqi's Pale face, he knew that she must have said something to Xia Jinqi just now.

He furrowed his brows and looked into her eyes. "Are you alright?"

Xia Jinqi took a deep breath and slowly shook her head, but she didn't say anything.

She let go of her tightly clenched hand and realized that her palm was filled with nail marks that she had made herself.

How could she bear Hong Xianglin's hatred... ..

Yan Jun wanted to ask her in detail when he saw her dazed look, but there were too many people around and it was indeed not a good place to talk.

Soon, many people came, and Wen Jing was among them.

When she came in, she saw Xia Jinqi, who was stunning, and smiled as she went up to greet her. "Xiao Qi! YOU'RE SO BEAUTIFUL!"

Xia Jinqi came back to her senses and looked at Wen Jing, who was dressed sexily in front of her. She smiled back and said, "thank you. You're also very beautiful."

Most people might think that this was business bragging, but in fact, both of them thought each other was good and spoke the truth.

However, Xia Mingzhu, who had slipped into the crowd early in the morning, turned her head at this moment. Her vicious gaze never left Xia Jinqi's face.

"With you around, third brother's cooperation with Yan Jun will not end. Xiao Si, don't blame me for being ruthless."

Chapter 772: Zhang Mingzhu, you know that I never leave useless people behind

After saying that, a man carrying a tray and wearing a waiter's clothes quietly stood behind Xia Mingzhu.

"Mr. Lu wants to see you."

His voice was very low, guaranteed that only he and Xia Mingzhu could hear it.

When Xia Mingzhu heard these three words, her face slightly paused, and she immediately said, “bring me there.”

Then, the waiter turned around and walked into the villa.

Xia Mingzhu followed closely behind.

It was only about 20 meters away. In a corner of the banquet, a figure came into view.

The man had a slender figure and wore a dark blue suit. His body was slightly tilted as he leaned against the table that was filled with champagne cakes.

He did not turn around. His gaze seemed to be focused on a certain spot in front of him.

Xia Mingzhu only saw that he was holding a wine glass in his right hand. His left hand was propped on the table that was covered with a white tablecloth. On his well-defined ring finger was a sparkling Sapphire tail ring.

Very few people used Sapphire to make love vows in marriage.

“Mr. Lu, you were looking for me?” Xia Mingzhu’s tone was humble and low to the point of dust.

When the man heard her, he did not speak quickly. Instead, he slowly turned the champagne glass in his right hand.

After a long time, the man finally opened his mouth, and a low and oppressive voice came slowly, “Huo Ting ran away?”

Xia Mingzhu felt the cold anger in the man’s words, and her forehead was quickly covered with beads of sweat. She answered in fear and trepidation, “he hid in the guards, luckily... he escaped.”

Initially, she had already ordered people to make careful arrangements. When they found out that Huo Ting would set off from that section of road, along those roads, she had made arrangements one by one.

However, who knew that Huo Ting was so calculative? He did not sit in his special bulletproof car. Instead, he hid in the last guard car, catching them off guard... ..

Letting Huo Ting escape would not only alert the enemy, but also not get any benefits. Xia Mingzhu knew from the start that Mr. Lu would be unhappy.

However, she did not expect him to come personally... ..

Most of the people here were her father’s henchmen. If they were to discover Mr. Lu’s true intentions, it would probably be disadvantageous to Mr. Lu.

However, Xia Mingzhu did not have the time to worry about this because Mr. Lu was already angry.

“The ten tons of explosives I gave you not only did not hurt Yan jun in the slightest, but instead, you lost Yan Qing as a chess piece. You were so careless about Huo Ting’s matter. Mingzhu, you know that I have never kept useless people...”

The words were so cold that it was suffocating, causing Xia Mingzhu’s chest to freeze and cold sweat to drip down.

“Mr. Lu, please give Mingzhu another chance! ”

She knew too well that Mr. Lu was different from Yan Jun..

No matter how cold-blooded Yan Jun was, he would not kill people casually.

But Mr. Lu would.

On the surface, he was the owner of the same political power as Xia Jitian, but in reality, he was extremely cold and heartless. Taking a person’s life was like child’s play in his eyes.

And the reason why she abandoned her father and turned to Mr. Lu was because she was unwilling.

All these years, she had worked so hard to share her father’s worries, but her father planned to leave everything to his third brother, Xia Chuanxu!

The reason was only because he was the only son of the Xia family!

She was unwilling, so she wanted to use Mr. Lu’s power to bring down Xia Chuanxu!

And the first knife was to start with Yan Qing, wanting to destroy the Yan family!

Who knew that Yan Qing was so useless, and this sneak attack on Huo Ting failed again... ..

Mr. Lu fell silent.

His right wrist moved slightly, shaking the light-colored Champagne, circle after circle.

The Aura that enveloped Xia Mingzhu suddenly filled with the threat of death.

“One last time. ”

Chapter 773: was very good in that aspect

The ending sound was loud and resounding in Xia Mingzhu’s ears.

She immediately relaxed. “Thank you, Mr. Lu! Mingzhu will definitely not let you down this time! ”

In the darkness, she only saw Mr. Lu’s lips curling coldly, and then he lightly pecked at the liquid in the cup.

“The three Li brothers have fallen into huo ting’s hands. Think of a way to shut them up forever. ”

When Xia Mingzhu heard these words, she was still a little stunned. She thought that Mr. Lu would let her continue to deal with Yan Jun, but who would have thought that he would only let her kill him to silence him?

However, the three Li brothers had been contacted by Yan Qing back then. They did not even know of Xia Mingzhu’s existence, let alone Mr. Lu.

Could it be that they knew some secrets or secrets about Mr. Lu?

Xia Mingzhu was deep in thought for a moment, and Mr. Lu was already getting impatient from waiting. "You'd better not speculate too much about my thoughts."

Xia Mingzhu was shocked and quickly recovered. "Don't worry, Mr. Lu."

With her current status, it was not difficult for her to find someone from the military district to do something.

After hearing her answer, Mr. Lu said, "you can go."

Xia Mingzhu turned around and left as instructed.

If she stayed one more minute with Mr. Lu, it would feel like she would lose ten years of her life.

This man was temperamental. He really killed without batting an eye.

In his eyes, death was as simple as eating a meal.

Even though he was so dangerous, Xia Mingzhu still approached him for the sake of power, as well as...
... The fatal temptation emanating from him !!

The more dangerous and fatal a man was, the more powerful he was. How could he not attract a lot of moths to the flame?

"..."

Back at the banquet venue, Xia Mingzhu was still in shock!

Just then, two perverted men walked over. They were staring at the woman in front of them, rubbing their fists and discussing, "Do you see that woman in front of you? She's really a fairy from the nine heavens, but she's only So-so, right?"

"I see, she's really beautiful! Brother, to tell you the truth, I've never seen such a beautiful woman in my life!" Another person echoed.

"I just don't know which family's young miss is from. If I can get her back, I'll be satisfied for the rest of my life!"

These comments made Xia Mingzhu feel a little nauseous. However, out of curiosity, she still followed their line of sight.

As a woman, she could not help but feel a little curious. What kind of woman could make a man lose control with just a glance?

In the end, with just a glance, Xia Mingzhu gritted her teeth so hard that they almost shattered!!!

The most eye-catching person in the crowd, other than her fourth sister, Xia Jinqi, who else could it be?

Xia Jinqi was wearing a moon-white evening gown with slanted shoulders. Her dark brown hair was slanted to the side, revealing her slender and beautiful neck. The side of her face was even more exquisite and beautiful!

Xia Mingzhu looked angrily at the woman in the distance who was more beautiful, younger, and happier than she was. For a moment, jealousy arose in her heart.

She turned around and looked at the two men beside her. Only then did she remember that two days ago, when she was arranging the banquet list, two people had been added to the list.

They were said to be newbies who had been promoted from Earth State, so it was probably the two of them.

They had just come to Rao city, so it was normal that they did not know Xia Jinqi.

Who knew that the two of them were so lustful? They were simply intoxicated!

However, this was also good. If more people coveted Xia Jinqi, wouldn't they have more people to help her deal with this fourth sister who didn't know how high the sky was and how high the earth was?

She immediately walked over and smiled as she answered the two wretched men's doubts. "She's just the mistress of a high-ranking official. I heard that she's been with several men before. Her Kung Fu is amazing in that area."

Chapter 774: Don't make a scene that everyone knows

The two of them turned around and saw that it was Xia Mingzhu. They smiled awkwardly and said, "Minister Xia..."

Xia Mingzhu glanced at them and said with a disdainful smile, "don't make a scene that everyone knows."

After saying that, she left with a cold smile.

These words were clearly inciting them to help the villain.

When the two perverted men heard this, they looked at each other again. "I've long heard that Minister Xia is considerate to his subordinates. I didn't expect..."

"Hehe, now you know Minister Xia, right? She's a mistress anyway. It shouldn't be a problem to play with her, right?"

The other man glanced at Xia Jinqi's left hand with sharp eyes. A sparkling diamond ring came into his sight. He thought to himself, "Oh no, this is a married woman!"

"What's there to be afraid of when you get married? A young woman is even more tasteful!"

...

When Xia Mingzhu left, she heard the foul language of the two people. The smile on her face was even more sinister.

In such an occasion, Yan Jun couldn't always protect Xia Jinqi's side.

It seemed that someone would take care of that little slut without her help.

At this moment, Xia Jinqi was chatting with Wen Jing. She did not notice the danger hidden behind her. She looked at Yan Jun, who was surrounded by a group of people in the distance. He was always paying attention to him, but she forgot to pay attention to her side.

Wen Jing saw that she and Yan Jun had been separated for only a few minutes, but they had already peeked at each other a few times. She could not help but tease her, "just a few minutes apart and you're already sick of lovesickness?"

It was rare for Xia Jinqi to not refute. Instead, she retracted her gaze and looked at Wen Jing. "Let's not talk about him. Let's talk about you. How have you been recently?"

"Me? En, it's a long story... Let's go to the back. It's quieter there. We can talk while we talk!" Wen Jing held two glasses of champagne, handed one to Xia Jinqi, and held one for herself ...

"Sure." Xia Jinqi nodded. This was the home she had grown up in. She was very familiar with it, so she was not afraid at all.

The two of them walked deeper into the house. There were fewer and fewer people, and the surroundings became quieter and quieter.

"When I started my business, it was difficult. My family did not support me, so I went to attract investment myself. My parents went to recruit my old uncles and whatnot, and no one dared to help," Wen Jing said with difficulty.

In fact, even though she was born with a silver spoon in her mouth, she had a lot of money, but she also had to endure a lot.

If it was a child from an ordinary family who succeeded in starting their business, everyone would praise them. If they accidentally failed, they would only say a few words of encouragement, saying that it was already good enough for them to get to this stage.

But for a child like her, there were thousands of eyes staring at her since she was young.

If she didn't do anything, people would say that she was a good-for-nothing. If she really did it and didn't achieve anything, people would say that she was an incompetent good-for-nothing.

Therefore, from the very beginning, Wen Jing was determined to make a career out of it!

But later, when her parents forced her to marry, she didn't agree, so her parents cut off her financial chain.

She started off like an ordinary person, but there were countless pairs of eyes staring at her, waiting to see her make a fool of herself.

Xia Jinqi didn't know about this. If she had known earlier, she would have sponsored Wen Jing... ... Anyway, Lego had so much money at that time. Didn't she also use it to help Yan Jun ? ?

However... ... Xia Jinqi coughed lightly. Wen Jing still didn't know about her relationship with Lego, so it was better not to publicize it ...

“What about now? You still don’t want to get married?” Xia Jinqi asked tentatively. She completely didn’t notice that when she and Wen Jing walked to a quiet corner, the two previous wretched men also followed.

Chapter 775: would definitely have an extraordinary taste!

Apart from that, Mr. Lu, who was hiding in the darkness, also put down his wine glass and followed with great interest.

No one else noticed anything else.

With such a lively and Glamorous Xia family dinner, to be honest, who would notice the filth hidden in a dark corner?

Wen Jing, who was completely unaware of this, took a sip of Champagne and was silent for a while before asking Xia Jinqi, “Xiao Qi, is marriage really that good?”

“Uh...” This question still stumped Xia Jinqi. She hesitated for a long time, but she could not think of a suitable answer.

Strictly speaking, she felt that it was good.

Marrying Yan Jun was the wisest and most decisive decision she had ever made in her life!

However, she did not know if it was possible to use it on Wen Jing. “Jing ‘er, in all these years, have you never met a man that you’ve fallen in love with?”

Marriage could not be mentioned lightly. In that case, they could only talk about love first.

Wen Jing froze slightly and then smiled sheepishly. “Does it count if you had a crush on a chemistry teacher in junior high?”

Xia Jinqi, “...”

Just as the two of them were talking, a voice suddenly interrupted them from behind. The laughter was extremely wretched.

“AIYO, so you’re still a bad student? You like teachers?”

“You might as well like me!”

Xia Jinqi and Wen Jing frowned at the same time and looked behind them. They saw two greasy bald men in their forties rubbing their fists and palms at them, their faces filled with disgust.

“Who are you people?” Xia Jinqi snapped at them and glared at them angrily.

How could there be people who didn’t know the immensity of Heaven and earth and dared to be presumptuous in the Xia family?

“US?” The two wretched men looked at each other and began to laugh loudly. “We are the people who can make you comfortable!”

After saying that, they began to communicate internally.

“I want this one in a white dress! She’s so damn beautiful!”

“Then I want this one with short hair. One look and you can tell she’s a strong woman. With a belt, she’ll definitely have an extraordinary taste!”

These two people were indeed extremely lecherous. They had only just come up from Di Prefecture and were completely unfamiliar with Rao City, not to mention Xia Jinqi, who was already married.

In addition, Xia Mingzhu had intentionally or unintentionally fanned the flames, making these two people think that it was director Xia’s acquiescence.

Since director Xia didn’t say anything, it meant that the two women in front of them were just insignificant characters. In a moment of lecherous courage, they followed.

They thought that with Director Xia’s protection, they could really do whatever they wanted.

Xia Jinqi had already looked around. All the guards that should have been there were gone?

Logically speaking, the Xia Family should have arranged several times more bodyguards for such a big occasion. Why was there suddenly no one?

Could it be that someone arranged this?

“Who are you people? How did you come to this banquet?” Xia Jinqi remembered that tonight, only those who had a name card could come in.

All those who could come in had extraordinary statuses. They were definitely one of the military, political, and business figures.

Before the two wretched men could speak, Wen Jing, who was beside them, exploded, “I don’t care who they are. How dare they flirt with us so brazenly? They’re really courting death!”

Wen Jing had a fiery temper. How could she calm down? She immediately wanted to go up and beat up the two men.

However, when she stretched out her hand, one of the men grabbed her wrist and pulled her forcefully into his embrace. He even started to flirt with her up and down.

“HOW SPICY! How dare you show off your mediocre martial arts in front of this Lord?”

Chapter 776: As long as you promise me, I’m willing to pay TEN TIMES HIS PRICE!

“Wen Jing!” Xia Jinqi frowned. Instinctively, she wanted to go up and save her, but she was stopped by another man. “little beauty, you’re my...”

Xia Jinqi narrowed her eyes. Her eyes were filled with a cold killing intent. Suddenly, they were cold to the bone!

“If you don’t want to die, get lost right now!”

The bald man's face suddenly stiffened. He didn't expect that a smelly girl's eyes would be so fierce!

It made him, a man who had been through a lot, feel inferior!

But since he had done it, he naturally couldn't back out.

He glanced at the girl's figure again, and the bald man couldn't help but swallow his saliva. "How much did the high official who supported you give you? As long as you promise me, I'm willing to pay TEN TIMES HIS PRICE! What do you think?"

Xia Jinqi's brows twitched. What did this person mean?

The high official who supported her?

"Humph, since you came to my father's birthday party, you don't even know me?"

Xia Jinqi clenched her fists tightly. She had no chance of winning against these two men, and at this moment, she couldn't call anyone over loudly.

Wen Jing was already trapped. If she shouted and attracted the crowd over, her predicament would naturally be resolved, but Wen Jing's reputation... ..

She hadn't even married yet, and she was already being teased. In the future, she was afraid... .. And Xia Jinqi herself. She was Yan Jun's wife. If everyone saw her being teased in public, then Yan Jun would definitely become the laughingstock of everyone in the future ...

With her scream, not only did she destroy Wen Jing, but she also destroyed herself and Yan Jun..

But if she didn't scream, she would have to watch her and Wen Jing being destroyed.

A dilemma.

The person who created all of this was really ruthless. He probably already expected this, right?

But if she didn't call for help, how was she going to get out of this predicament?

Xia Jinqi thought for a moment and decided to use her identity to scare these people!

The bald man immediately sneered, thinking that Xia Jinqi was joking. "Your father? A lowly mistress, what kind of father can she have?"

"You!" Xia Jinqi said angrily. Wen Jing, who was beside her, had already been dragged to the grass by another person. "Let go of me! !"

"Jing 'er!" Xia Jinqi couldn't care less. She bypassed the man and ran towards Wen Jing. "Let go of her!"

Unfortunately, she had only taken two steps when the bald man grabbed her hand with a lewd smile.

"Why are you in such a hurry? I'm here to accompany you now!"

As he said that, he leaned his head over and his greasy mouth moved towards XIA JINQI's face!

Xia Jinqi's gaze was cold. Her entire body seemed to have been frozen by ICE, and she exuded a cold and desolate aura!

This glance immediately caused the bald man's entire body to stiffen!

However, at this moment, Xia Jinqi exerted force with both her hands. She wanted to push him away completely, but she suddenly felt a gust of wind pass by her side. Then, she heard a miserable cry, "AH! !"

She focused her gaze and looked over again. The bald man who was still holding her hand earlier had already been kicked three meters away. He was hugging his stomach with both hands, and his face was writhing in pain.

The incident seemed to have happened in an instant. Xia Jinqi did not have the time to be surprised. When she looked back to see who had saved her, she saw that the man had already flown to Wen Jing's side. He grabbed the collar of the man who was taking off her shirt and sent him flying with a punch!

His hand speed was so fast that Xia Jinqi could only see an afterimage. The wretched man had already been knocked to the ground!

In a second, he had taken care of two wretched men!

Xia Jinqi did not look at his face carefully. She quickly went over to help Wen Jing up and helped her pull up her shirt. "Are you okay, Jing 'er?"

Chapter 777: why aren't you afraid at all?

Wen Jing seemed to have been scared silly. Her expression was a little absent-minded, and she immediately pounced into Xia Jinqi's arms.

At the same time, the man who had rushed out to rescue the two of them was still standing in front of Xia Jinqi. He said to the two wretched men, "you really have eyes but don't recognize Mount Tai. You even dare to flirt with the fourth young mistress of the Xia family?"

One of the two wretched men held his stomach, and the other covered the corner of his mouth. They were both scared silly.

"The fourth young mistress of the Xia family? Could it be... could it be the one who married Yan Jun?"

"That's impossible. How could Minister Xia Lie to us? Didn't she say that she was just a mistress who was willing to marry anyone?"

Hearing this, Xia Jinqi suddenly came to a realization.

Her Beautiful Eyes had long frozen into ice. "Xia Mingzhu sent you here?"

"..."

"..."

The two wretched men stopped at the same time and looked at each other in disbelief... ..

Could it be that this was really Xia Jitian's fourth daughter, Xia Jinqi?

Xia Jinqi didn't waste any more time with them. She took out her phone and called someone over.

When a team of bodyguards arrived, they saw Xia Jinqi squatting on the ground with Wen Jing in her arms. There were three men standing beside her. Seeing that the situation was not looking good, they immediately apologized, "I'm sorry, Fourth Miss, we're late!"

Xia Jinqi did not blame them. She guessed that Xia Mingzhu had sent them away in advance.

She patted Wen Jing's back gently. She could easily feel Wen Jing's gently trembling shoulders. Her heart ached. Her cold gaze swept across the two wretched men in front of her as she said coldly, "arrest them."

When the two wretched men who were being stared at by Xia Jinqi saw this, they swallowed their saliva at the same time.

It was over.

This was really Xia Jitian's fourth daughter!

It was rumored that even the cold-faced Yama King, Yan Jun, doted on her, not to mention that she had given birth to a pair of Dragon and Phoenix twins for Yan Jun. If Yan Jun were to find out that they had molested his wife, then... .. Even if they had ten lives, it would not be enough to compensate them!!

She immediately knelt down in front of Xia Jinqi and begged for mercy. "Miss Xia, no, Mrs. Yan, we were blind to not recognize you! I beg you to be magnanimous and let us go..."

As she spoke, she began to slap herself, one slap after another, without stopping.

"Mrs. Yan, please let us go. We won't dare to do it again. I Kowtow to this miss..."

For a moment, the sound of slapping faces began to echo.

Xia Jinqi didn't want to make a big deal out of this, nor did she want to see these two eyesores. She shouted sternly, "What are you still standing there for?!"

The bodyguards immediately made their move. Without any hesitation, they carried the two men down.

When the surroundings quieted down, Xia Jinqi gently patted Wen Jing's back and comforted her. "It's okay, Jing'er. It's okay."

After a while, Wen Jing finally withdrew from Xia Jinqi's embrace. Her eyes were red like a rabbit's as she looked at Xia Jinqi curiously. "Xiao Qi, why aren't you afraid at all?"

They had all experienced such things at the same time. Why did she feel that Xiao Qi was very calm and not afraid at all?

Xia Jinqi wiped the corner of her eyes. As a girl, how could she not be afraid of such things?

However, she smiled slightly. "speaking of which, I have to thank my sisters for training my ability to resist blows since I was young. After experiencing so much, I won't be afraid anymore."

Wen Jing saw that although she said it lightly, it was actually full of scars. She couldn't help but hug her again.

Chapter 778: For the sake of her man's face

Xia Jinqi only remembered the man who had saved her and Wen Jing when she asked someone to take Wen Jing upstairs to touch up her makeup.

To be honest, she didn't see the man's face clearly just now. She only knew that his movements were very fast, like lightning.

"I'm really grateful for what happened just now. May I know your name, Sir?" Xia Jinqi thanked him as she turned her head.

"Lu Yiming," a slightly hoarse voice came over.

Xia Jinqi is thinking of this person is friendly, she only asked his last name, but he also reported the name.

Full of curiosity about what kind of person this is, but her heart is slightly stifled.

This man... ..

Very handsome on the outside.

But under the light gray bangs, a pair of slender peach eyes are like a Dead Sea, depressing, lifeless.

Xia Jinqi clenched her teeth and tried to suppress the discomfort in her heart. She smiled and said, "Mr. Lu is also here for my father's birthday party?"

"Yes." Lu Yiming also smiled, but his words were short. "I just happened to pass by here."

"Oh... thank you so much!" Xia Jinqi moved her eyes away without batting an eyelid and said, "I'll have to trouble you to keep what happened just now a secret, Mr. Lu."

It was better to keep it a secret. She didn't want to cause trouble for herself.

Lu Yiming could roughly guess what Xia Jinqi was thinking.

He had followed her all the way here and witnessed the whole process of the incident.

The reason why Xia Jinqi had been holding back and not shouting was probably because she wanted to save her man's face?

Having a wife like this was a blessing that Yan Jun had cultivated over several lifetimes.

However, Lu Yiming did not say it out loud. He just nodded and said, "I'm not a talkative person."

This was true. He had always been a man of few words.

Only then did Xia Jinqi nod in satisfaction. A smile appeared on her face. "I don't know if Jing'er is doing well. I'll go take a look at her."

After saying that, she prepared to leave.

This man called Lu Yiming gave her a very bad feeling.

Although he was also talking to her and even smiling, Xia Jinqi could not feel any light or warmth. His entire person was like a soulless doll. His entire body was filled with a strange aura of death. It made people instinctively want to escape.

However, when she turned around, she was pulled back by the man.

“Miss Xia, are you avoiding me?”

Xia Jinqi stopped in her tracks. She didn't expect this person to be so observant that he could actually sense her intentions.

Back then, she smiled sheepishly to resolve the awkwardness. “How could it be? Mr. Lu, you're thinking too much. I'm just worried about my friend.”

After saying that, she lowered her head to look at her right hand that was being grabbed by Lu Yiming.

Lu Yiming also noticed it and withdrew his left hand. “sorry for offending you.”

Xia Jinqi didn't expect him to apologize to her for this. She remembered that he had saved her just now and quickly shook her head with a smile. “It's okay, it's okay. Mr. Lu, you don't have to take it to heart.”

Lu Yiming seemed to be affected by Xia Jinqi and smiled. “since you're worried about your friend, you can go first. However, you have to treat me to a drink later.”

“okay, no problem.” Xia Jinqi couldn't care less about whether he drank or not. There was plenty of alcohol here, so he could drink as much as he wanted!

In short, let's drink first!

She immediately turned around and left quickly.

This time, Lu Yiming didn't stop her. He simply stood where he was and secretly looked at her back.

Seeing that she was in danger just now and was still trying her best to protect Yan Jun's so-called dignity as a man, Lu Yiming knew how much this woman loved Yan Jun..

Chapter 779: destroy her?

With this woman around, the collaboration between Yan Jun and the Xia family was unbreakable.

It was a troublesome existence.

Or, destroy her?

However, when he saw how fierce she was when she was in danger just now, he felt that it was a pity.

He suddenly felt that Xia Mingzhu, who only knew how to act impulsively, was not even half as good as her.

If he could take this woman for his own use, that would be great.

And what he liked to do the most was to destroy a person's will, extinguish a person's hope, and then throw her into hell completely, never to be reincarnated.

?

When Xia Jinqi went back to see Wen Jing, she had already touched up her makeup. Her face was radiant, and she had returned to her previous beauty.

However, her eyes were a little dispirited, and her entire person was also a little dispirited.

Seeing that Xia Jinqi had come, she sighed. "Xiao Qi, was my performance too useless just now?"

She didn't know what had happened to her, but she lost her mind in a moment of panic, as if she couldn't do anything. She was very useless.

"It's not that it's useless, it's just a normal performance." Xia Jinqi brought her a cup of hot water. Thinking of the two wretched men just now, she couldn't help but think of her good elder sister.

The moment she returned, Xia Mingzhu came up to provoke her. Now, she was even brazenly setting her up at home.

"Sigh..." Wen Jing took the cup of water and took a small SIP. Only then did she suddenly realize that she was actually this fragile sometimes.

On the contrary, Xiao Qi, who usually appeared to be unconcerned about anything, was actually so calm and composed when she encountered danger.

She recalled Xiao Qi's answer when she asked why Xiao Qi wasn't afraid.

Also, the two wretched men mentioned Xia Mingzhu... ..

She really did not know what kind of Life Xiao Qi had been living all these years... ..

However, one thing was for sure. She must have experienced a lot of hardships, or else she would not have such a strong personality.

"Xiao Qi, your big sister, what do you plan to do?" Wen Jing looked at Xia Jinqi worriedly. She knew that Xia Jinqi had a kind heart and did not like to make enemies with her family, but this Xia Mingzhu was too much!

If someone had not happened to pass by just now, the consequences... .. She simply did not dare to think about it !!

"... " Xia Jinqi hesitated for a moment, and it was only for a short while that instantly made Wen Jing even more worried. "You won't be soft-hearted again, right?"

Facing Wen Jing's shock, Xia Jinqi could roughly guess what she was thinking.

She immediately curled her lips and smiled coldly. "Don't worry, I won't be like before."

Especially after knowing that Xia Mingzhu had hidden behind the scenes and arranged everything!

Seeing this, Wen Jing finally breathed a sigh of relief. She patted Xia Jinqi's shoulder. "Yan Jun has given a lot of benefits to the Xia family. You have long repaid what you owe them! Moreover, other than bullying you, they don't seem to have given you much happiness, right?"

"But Xia Tianjiao's death..." Xia Jinqi still couldn't pass this hurdle.

Who knew that when Wen Jing heard this name, she immediately became furious. "You still want to mention her? She wanted to die, but she dragged you along. It's not like you intentionally killed someone. Why are you blamed for everything? They are moral kidnappers!"

"Is that so..." Xia Jinqi frowned and thought in the direction Wen Jing said.

Indeed.

It was Xia Tianjiao who had committed many evil deeds. Later on, she couldn't take the blow and wanted to jump into the sea. She even wanted to drag her along.

If it was not for Yan Jun's timely arrival, she and the child would have been in trouble.

In the end, she was the real victim.

Xia Mingzhu blamed everything on her.

Chapter 780: was it amazing just because she married a powerful man?

"Of course it's like that! This is what it means to drag someone down with you even before you die! Xiao Qi, if you continue to blame yourself, you'll be playing right into their hands. Think about how Xia Mingzhu treated you?"

Just as Wen Jing finished speaking, the voice of a servant came from outside the door.

"eldest miss."

Hearing this, Wen Jing immediately shut her mouth and turned to look at Xia Jinqi.

Xia Jinqi naturally knew that she was calling Xia Mingzhu. When she looked towards the door, she indeed saw Xia Mingzhu walk in with a sarcastic smile on her face.

She first glanced at Xia Jinqi and Wen Jing in the room. When she saw that Xia Jinqi was completely fine, she was initially a little disappointed. However, when she remembered that Xia Jinqi seemed to be in danger in the backyard, she even called her bodyguards over. She felt a wave of PRIDE IN HER HEART!

"fourth sister, I heard that you were a little frightened? How is it? Are you alright?" Her tone was extremely smug and she did not try to hide it at all.

Wen Jing was angry when she heard that. She was the one who had created everything in the first place. Now, she actually had the cheek to come and say these hypocritical words?

HOW SHAMELESS!

She and Xiao Qi were both born from the same father. How could there be such a BIG DIFFERENCE BETWEEN THEM! ! !

Xia Jinqi turned around and looked at Wen Jing. Seeing that she was so angry that she was about to vomit blood, she hurriedly said, "you can leave first."

"But..." Wen Jing hesitated for a moment. She was afraid that if she left, Xia Jinqi would be bullied again.

However, Xia Jinqi gave her a reassuring look. "Don't worry. I'm no longer the useless trash I used to be."

Wen Jing was still a little suspicious, but Xia Jinqi's appearance didn't seem to be fake.

In addition, Xia Jinqi's appearance in the face of danger didn't have anything to do with useless trash... ..

Thinking of this, Wen Jing nodded and silently stood up.

When she passed by Xia Mingzhu, she fiercely glared at Xia Mingzhu. "If you dare to bully little Qi again, I absolutely won't let you off!"

Xia Mingzhu raised her eyebrows and didn't answer. Instead, she looked at Xia Jinqi and continued to ridicule her. "I'm not saying this, fourth sister, if you want to make friends, you'd better find something decent. What's the Wen family? They don't even have the right to carry my father's shoes!"

The Wen family's starting point was indeed not high.

In the early years, she heard that it was just a small company. Later on, she did not know how she got rich and got a little money.

Officials had always looked down on those who went into business. She did not know who was the one who spoiled Xia Mingzhu's thoughts.

It was fine if she said that it was others, but she mentioned Xia Jinqi's very precious friend!

"Shut up!" Xia Jinqi suddenly stood up, and her cold eyes locked onto Xia Mingzhu!

Xia Mingzhu had never seen this fourth sister speak so harshly. She was momentarily stunned.

However, she quickly thought that she had seen wrongly. How could the idiot fourth miss of the Xia family change her personality?

Even if she had a bit of momentum, it was probably because Yan Jun was spoiled, right?

Just because she married a man with power and influence, was she that amazing?

A smug smile appeared on her face once again. Xia Mingzhu slowly walked to Xia Jinqi and began to sprinkle salt into her heart bit by bit.

"Am I wrong? A bastard child born to a wild woman like you would only be able to make such a friend. They are all the same as you, despicable bastards!"

Xia Mingzhu's every word was said extremely slowly. She wanted to say it slowly, slowly chipping away at the last bit of dignity of this idiot fourth sister!
