

## Trick Me 781

### Chapter 781: a Deep Love that was entrusted to the wrong person!

In the past, when Xia Mingzhu thought that Xia Jinqi was her sister, she did not show any mercy to her.

Now that she knew that she was not born of Hong Xianglin, it became even worse!

She had wanted to say these words since a long time ago But because Yan Qing had not made a move yet, she did not want to expose herself!

But now that Yan Qing had failed, and even caused her to be punished by Mr. Lu, the unwillingness and anger in her heart had nowhere to vent!

Now that she saw Xia Jinqi, wasn't she a ready-made punching bag that could be rubbed and flattened by her?

However, what she didn't know was that the current Xia Jinqi was no longer the Xia Jinqi of the past!

At the moment when she said 'the bastard child of a wild woman', Xia Jinqi had already rushed forward and raised her hand lightly. With A 'PA!' , It fell!

Xia Mingzhu's face was slapped to the side. At that moment, she didn't even recover her senses. This ten-thousand-year-old trash actually dared to hit her? ! !

Xia Jinqi stood in front of her and coldly looked at the fear that suddenly appeared on her face. A trace of coldness flashed in her eyes. "Watch your mouth!"

Xia Mingzhu, who had recovered from her shock, immediately stopped the fear in her eyes. She bared her teeth and pounced at Xia Jinqi like she had gone mad!

"You slut! You actually dare to hit me!"

Without giving her a chance to counterattack, Xia Jinqi grabbed her collar again and pressed down on her raised right hand, slamming her into the cabinet!

"Don't think that I don't know that those two people were your subordinates tonight! Without your permission, they dared to act recklessly in the Xia family? !" Xia Jinqi narrowed her eyes and stared at her coldly, a cold smile curling up on HER BEAUTIFUL LIPS!

Twenty years of forbearance had not only failed to exchange for the kindness of her family, but she had instead been repeatedly persecuted by them!

Only now did Xia Jinqi realize that her deep love had been entrusted to the wrong person!

This was not her family, and she disdained such a family!

Xia Mingzhu's face turned pale for a moment, but she quickly recovered.

Since she dared to do it, she was not afraid of being discovered by Xia Jinqi.

“So what if I am? Who told you to be so eager to show off? Your beauty is overwhelming! It’s your fault that you have such beauty!” Xia Mingzhu gritted her teeth as she stared at Xia Jinqi’s face, her eyes almost burning!

Ever since she was young Ever since she was young, she had been jealous of HER FOURTH SISTER’S FACE!

A seductive beauty that could bring disaster to the country A character that could topple cities!

How could this face not belong to her? ! !

They shared the same father and mother. How could she be born with an ordinary appearance and be inferior to her second sister?

Later, she began to intentionally or unintentionally bully her fourth sister. At the same time, she encouraged her second sister to bully her fourth sister as well.

Seeing that little girl trembling in the corner, her heart seemed to feel better!

Until now, she also knew that her fourth sister and she had the same father and different mother. Not only did the jealousy in her heart not decrease, it was even better than before!

Especially after knowing that Xia Jinqi had both children, she became even more jealous.

Her own marriage had failed, she was abused, she was beaten half to death, and she didn’t have a single child.

But Xia Jinqi had everything that she wanted... ..

When she thought of this, she felt extremely angry in the bottom of her heart. She used all her strength to push Xia Jinqi away!

Unfortunately, she was at a complete disadvantage now, so it wasn’t good for her to use her strength. In addition, her struggle had also angered Xia Jinqi!

She used even more strength to push Xia Mingzhu back. At the same time, there were two sounds of “Bang!” And “AH!” .

Xia Mingzhu’s back slammed into the cabinet again. The pain was suffocating!

“Is this the reason why you bullied me since I was young?”

The cold questioning was bone-piercing!

### **Chapter 782: come and save me!**

“So what if I am?” Xia Mingzhu laughed maniacally. Even today, she still thought of herself as her superior elder sister! “Fortunately, let me tell you, second sister was also instigated by me to bully you!”

“...”Xia Jinqi froze in place for a moment. Her clear eyes were like an earthquake, constantly shaking!

She thought that second sister just didn’t like her.

So, all of this was Xia Mingzhu's credit?

Seeing Xia Jinqi's green and white face, Xia Mingzhu became even more proud and simply told her everything.

"that idiot, I only needed to say a few words and she had already caused you trouble for more than 20 years! Do you know why she suddenly became interested in Yan Qing? That was also instigated by me!

"I told her that as long as she can get rid of Yan Qing, you have to respectfully call her Auntie "Haha, and that time when she took you away, did you think that with her brain, she would think of tying you up on a boat?

"I provided the location and helped her find the person. I was afraid that I would spend all my efforts trying to get her to die together with you. Who knew that she was so stupid and died. Not only did she not hurt you and your child, she even made Yan Jun protect you! "

Xia Jinqi was shocked when she heard that!

She did not expect that everything that Xia Tianjiao did was instigated by Xia Mingzhu!

She hid it so deeply that not only did she easily control Xia Tianjiao, she even instigated Yan Qing to create an opportunity for the two of them.

And this opportunity, without exception, was all directed at Xia Jinqi!

Suppressing the anger that was rolling in her chest, Xia Jinqi used more strength and slammed Xia Mingzhu into the cabinet again. "Do you hate me so much? Just because of this face? "

When she asked this question, Xia Jinqi's beautiful face was expressionless. It was as cold as an ice sculpture in a world of ice and snow, and her entire body was emitting a cold aura!

There were two kinds of consciousness hidden in her body.

An ordinary person, Xia Jinqi, and the leader of Lego, Xia Jinqi.

Just like the time when she went to Las Vegas to Amaze Yan Jun, she was usually a docile kitten, lazy and cute. However, once she got on the gambling table and entered Lego, she immediately transformed into a big bad wolf, and her combat value was off the charts!

Back then, Xia Jinqi had also been troubled. After all, how could a person have two kinds of consciousness?

She had once thought that she was suffering from insomnia and some kind of schizophrenia.

It was not until she went to the Ji family that she found out that the other kind of consciousness, which was off the charts, was secretly instilled into her by Ji Heng's grandfather who found a psychotherapist.

When she heard this news, she had resisted it, feeling that she could not control her life... ..

But it was not until now that she realized how prescient Ji Heng's grandfather was!

A good-for-nothing could only be bullied by others. Now, she needed to become stronger and protect everything she wanted to protect!

For example, at this moment, Xia Mingzhu's words had completely infuriated her!

This was also the first time Xia Mingzhu had seen Xia Jinqi so valiant. Her heart slightly shrank and she instinctively wanted to escape. However, the jealousy in her heart forced her to face Xia Jinqi directly!

"Not just this face, but everything you have, and the love father now has for you..."

Before Xia Mingzhu could finish her sentence, she was interrupted by an angry shout from the door.

"What are you two doing?!"

Xia Jinqi and Xia Mingzhu looked at the door at the same time. The former frowned, while the latter smiled coldly.

"Mom! Come and save me! Little four has gone crazy. It's not enough that she killed second sister, but now she wants to kill me!"

### **Chapter 783: how else could she escape?**

The person who came was Hong Xianglin.

She was not Xia Jinqi's biological mother, but in the past 20 years, Xia Jinqi had really treated her as her biological mother.

Therefore, when Hong Xianglin stared at Xia Jinqi with bloodshot eyes, Xia Jinqi's hands lost their strength... ..

She took two steps back and stood rooted to the ground. She did not dare to look at Hong Xianglin directly, nor did she turn around to escape.

How else could she escape?

What she had to face, she had to face eventually.

Xia Mingzhu had lost her restraints and regained her freedom.

She turned her wrist with great pride and glanced at Xia Jinqi. Then, she walked to Hong Xianglin's side and handed her red-hot hand to Hong Xianglin.

"Mom, look! Fourth SISTER PINCHED ME!"

Hong Xianglin lowered her head to take a look. The anger in her eyes grew even more. She stared at Xia Jinqi without any reason. "YOU'RE A disaster! Why don't you go die! It's not enough to harm one of my daughters, and now you want to harm another one? Do I owe you?!"

"..."Xia Jinqi chose to remain silent. She actually wanted to open her mouth to explain, but when she opened her mouth, she suddenly realized that she didn't know how to address her.

Logically speaking, the kindness of raising children was the same as the kindness of giving birth. She should call Hong Xianglin 'mom'.

However, looking at the current situation, Hong Xianglin probably wouldn't care either. In addition, Xia Mingzhu was also fanning the flames by the side.

Xia Jinqi bit her lower lip slightly and hesitated.

Seeing her like this, Xia Mingzhu became even more complacent and continued to fan the flames for Hong Xianglin. "Mom, she definitely came back this time to perform well in front of dad. She wants to drive me away too..."

"Mingzhu, don't be afraid! With mom here, she definitely won't dare to touch you! Let's go, I'll bring you to your dad and let him take a good look. This is his good illegitimate daughter! !"

As she said this, she pulled Xia Mingzhu and was about to walk out the door.

At this moment, Xia Jinqi's heart turned slightly cold. She suddenly understood Yan Qing a little.

As expected, the feeling of being called an illegitimate child was really bad.

And she and Yan Qing didn't have a choice.

Even if they didn't do anything wrong, from the moment they were born, they were labeled as such. They would never be able to change.

She had only been called an illegitimate daughter for half a year, but she was already so repressed. One could imagine how troubled and dark Yan Qing was during those thirty years.

Repressing it for a long time required a moment of eruption... .. whether it was success or failure, perhaps she did it just to make her heart feel better ...

Thinking of this, Xia Jinqi returned to her previous indifference. She glanced at the mother and daughter indifferently and said coolly, "there's no need. I'll leave now."

After she finished speaking, she left first.

The moment she brushed past them, Xia Jinqi even glanced sideways at Xia Mingzhu.

Her disdainful gaze was malicious and cold.

Xia Mingzhu was stared at until her entire body trembled. Her soul seemed to be frightened, and the temperature in her palms quickly retreated. It was frighteningly cold.

She had never known that the fourth sister who was weak and useless in her impression, who would not say a word even if she was bullied, would suddenly become a different person?

Even her gaze seemed to contain killing intent!

Hong Xianglin did not chase after Xia Jinqi. She could feel Xia Mingzhu's cold hands and hurriedly asked worriedly, "are you alright? My poor child..."

Hearing this, Xia Mingzhu came back to her senses and nodded pretentiously. "Mom, if you had come a little later just now, I might have..."

**Chapter 784: scheming and shrewdness, just how deep is it?**

Speaking up to this point, Xia Mingzhu sniffled a few more times and started to pretend to cry. "I might have been strangled to death by fourth sister... mom... "

All these years, she had followed Xia Jitian in the officialdom. Xia Mingzhu had not learned anything else, but she had learned a lot about the art of controlling people and how to control people's hearts.

She knew too well the darkness in Hong Xianglin's heart. She also knew that she had been holding a grudge for the death of her second daughter. She also knew that she was jealous of her father's deep affection for Xia Jinqi's mother. She had even been deceived by her father and mistakenly thought that Xia Jinqi was really her daughter!

This was too complicated. Even she herself was unwilling to understand it, let alone Hong Xianglin, who was the person involved?

It was all because of Xia Mingzhu's words that she transferred all the hatred onto Xia Jinqi.

"Mingzhu, Mommy's good daughter. Mommy will definitely not let you get hurt! Don't worry, Mommy has plenty of ways to deal with her!"

As expected, Hong Xianglin hugged Xia Mingzhu and sobbed. At the same time, her hatred for Xia Jinqi deepened.

When Xia Mingzhu heard this, a sinister smile finally appeared on her face.

"..."

Xia Jinqi was still a little out of it when she came down from upstairs.

She felt that her worldview was about to be overturned when she came back tonight.

So many things had happened before. Xia Tianjiao, Yan Qing, each of them had brought her and Yan Jun such a great disaster and pain.

She thought that she had already overcome all of this. She thought that everything was over.

Who knew that Xia Mingzhu would suddenly jump out and say that she was the one who instigated all of this?

It was simply a blow to her head!

Just how deep was Xia Mingzhu's scheming?

As Xia Jinqi walked, she unconsciously clenched her fists by her side!

She had not forgotten what Xia Mingzhu had said earlier. 'Do you believe that I won't blow you up again?'

The threatening tone and ferocious face appeared so vividly in her mind... ..

Xia Jinqi furrowed her thin brows. She was afraid that the two children would be hurt again. It was time for her to look for Yan Jun to discuss countermeasures.

Just like that, when she walked into the banquet, Yan Jun was nowhere to be found, but a person walked towards her.

“Miss Xia, where did you go? Did you forget that we had an appointment just now? Are you going to treat me to a drink?” The faint mocking intent disappeared in an instant.

Xia Jinqi subconsciously raised her eyes, but they met Lu Yiming’s deep, dead-water-like eyes. They were terrifyingly pure black.

She was shocked, and only then did she remember the existence of this person. Her face subconsciously revealed a polite smile. “It’s Mr. Lu... I’m sorry, I was delayed by something just now.”

With that, she lowered her gaze and tried her best to avoid eye contact with him.

Coincidentally, a waiter with a plate passed by. Xia Jinqi picked up two glasses of wine from the plate and handed one to Lu Yiming. Then, she clinked glasses with him.

“Then, I’ll drink this first as a toast. Thank you, Mr. Lu, for seeing injustice just now and drawing your sword to help.” After she finished speaking, she took the lead to finish the champagne without caring about anything else.

Lu Yiming silently sized up Xia Jinqi’s bold actions. He also very readily finished the liquid in the glass.

However, after he finished drinking, he took the initiative to invite Xia Jinqi to drink a second glass. “This glass, I propose a toast to Miss Xia’s calmness in the face of danger. A woman is not inferior to a man.”

Xia Jinqi glanced at the Wine Cup in her hand that was full again and silently cursed in her heart. This kind of business bragging and even bringing along a small cup of wine gave people a feeling of corruption and decadence... ..

Seeing that Xia Jinqi hadn’t drunk for a long time, Lu Yiming asked curiously, “why aren’t you drinking?”

“...” Xia Jinqi was thinking of an excuse to decline when a familiar warm voice came from behind, breaking the awkward situation.

### **Chapter 785: The 782nd could not be divorced, so he could only be widowed**

“My wife is not good at drinking. I’ll drink this cup for her.”

It was elegant and Ethereal, as if it was clear and moist.

With such a voice, who else could it be other than Yan Jun?

Xia Jinqi did not even need to turn her head, and her lips curled into a smile.

Then, the Wine Cup in her hand was taken away, and her waist was gently buckled by a warm big palm.

When Yan Jun walked over, he had already heard the conversation between the two.

It seemed that something had happened. Lu Yiming had saved Xia Jinqi, and Xia Jinqi was thanking him.

Since that was the case, he didn't have the urge to pour this cup of wine on Lu Yiming's face. Instead, he took the initiative to take the cup of wine for Xia Jinqi.

The moment he raised his head and drank the wine, his large palm had already grabbed her waist, pressing her entire body against him, silently declaring his sovereignty.

The Moment Yan Jun put down the Wine Cup, Xia Jinqi's smiling gaze was already looking at him.

They silently looked at each other, and both of them smiled warmly.

They didn't need to speak too much to understand each other's intentions.

At this moment, Lu Yiming, who was standing opposite the two of them, was looking at the deep affection and bond between the two of them without blinking.

His right hand began to turn the Wine Cup habitually, but in his heart, he began to think, what should I do to break up the two of them?

Since ancient times, wasn't deep love always let down?

What were the necessary conditions to break up a marriage?

Misunderstanding A third party?

Or... ... One of them died ? ?

Thinking of this, Lu Yiming pursed his lips slightly and drank the glass of sake.

If he couldn't get a divorce, then he could only lose his wife.

As expected, he preferred this straightforward way of handling things.

The only problem was, which one of them would die?

This was a difficult problem... ...

Lu Yiming's eyes flickered as he subconsciously looked at Xia Jinqi's delicate face.

In just the blink of an eye, Yan Jun sensed an ominous aura.

He narrowed his long and narrow eyes and looked at Lu Yiming. "I wonder how Mr. Lu and my wife got to know each other?"

The question was neither fast nor slow. It seemed peaceful, cold and aloof, but it was overbearing and full of a kind of oppression.

Lu Yiming was a person that Yan Jun was familiar with.

He was the target of those people who were trying to promote Xia Jitian's regime.

In other words, he and Xia Jitian were competitors. Then with Yan Jun, it was either you die or I die.

When a new regime was established, it would wipe out all the forces other than his own regime. This was a kind of security mechanism and also to avoid a counterattack.

If Xia Jitian took over, Lu Yiming could not be saved.

If Lu Yiming took over, the Xia family would not be able to keep it.

If the Xia family could not keep it, Yan Jun and Huo Ting would be affected.

The Iron Triangle could not be touched.

It was just that he did not know why Lu Yiming would come to Xia Jitian's birthday party under such circumstances?

When Lu Yiming heard this, he shifted his gaze from Xia Jinqi's face to Yan Jun's dark eyes.

"It's nothing. It's just a coincidence." He did not say it too clearly. After glancing at Yan Jun indifferently, he looked at Xia Jinqi again "I'm honored by what happened just now. Thank you, Miss Xia, for letting me spend a happy and wonderful twenty minutes."

Unpredictable and ambiguous words slowly flowed out of Lu Yiming's lips.

The corner of his mouth always held a smile. It was so dark that it was suffocating.

He and Yan Jun were completely different types.

Although Yan Jun was so cold, the coldness he emitted was so cold that it could push people thousands of miles away. However, Lu Yiming... ..

Beside him, he could only feel the aura of death that was constantly emitting and diffusing.

**Chapter 786: No. 783 fool, there's no need to explain. I believe you**

Xia Jinqi instinctively frowned because of his deliberately ambiguous tone.

She wanted to refute him, but Lu Yiming left with a smile, just like when he came, like a ghost.

Xia Jinqi gritted her teeth in anger. She felt as if she had been tricked?

When she looked at Yan Jun again, Xia Jinqi opened her mouth to explain to him, "actually, just now, we..."

"SHH." Before she could finish, Yan Jun's warm fingertips had already placed on Xia Jinqi's lips, indicating that she didn't need to say too much.

His eyes were clear, like the vast ocean, encompassing everything.

"silly, there's no need to explain. I believe in you."

Xia Jinqi's heart was filled with joy. Just as she was about to praise him, she heard him say again, "after all, I have a lot of confidence in myself."

"... " the little bit of emotion in Xia Jinqi's heart disappeared in an instant. She lightly hit his chest and pouted. "Do you have to be so narcissistic?!"

However, Yan Jun smiled and grabbed her hand, pressing it against his heart. He said seriously, "it also has confidence in you."

Xia Jinqi felt his strong and powerful heartbeat under her palm. That beautiful vibration shook her heart and mind... ..

Unconditional Trust, unmoved by anyone's words.

Was this the promise he had made to her?

When she realized this, Xia Jinqi suddenly felt a wave of heat surge into her mind, burning her to the point that she felt dizzy. She instantly forgot about the north, south, east, and West. She only wanted to forever indulge in the beautiful world he had promised her.

Yan Jun saw her blushing face and slightly dazed eyes. It was an indescribable temptation and invitation.

He immediately possessed her and pecked her Cherry Lips.

They were still in the middle of a banquet, so he knew how to control the severity of the situation. Otherwise, his little wife would be so embarrassed that she would hide somewhere.

And the truth was as he expected. Xia Jinqi was shocked by his sudden action. She hurriedly covered her lips and glared at him. "What are you doing... This is outside..."

The perpetrator did not answer her. Instead, he smiled and raised his eyebrows at her.

Xia Jinqi did not understand what he meant. Just as she was about to look at the place where he was gesturing, she heard noises from all directions. All of a sudden, they surged toward her.

"Wow... they're so sweet! They're really the GOLDEN COUPLE OF RAO CITY! They're a perfect match!"

"Yeah, yeah, they've already given birth, but they still have such a good relationship! It's really enviable..."

"Right, I heard that they gave birth to a pair of Dragon and Phoenix twins? Why didn't they bring them over?"

"The children are still too young, right? In any case, they're really a pair blessed by the heavens..."

Everyone was talking about the sweet couple with relish, except for Fan Yufei, who was hiding in the crowd and was still indignant.

Her father was also supporting Xia Jitian's camp, so it was normal for him to be invited today.

As for herself, if she did not know that Yan Jun would come, she would not have come to the Xia family!

Initially, when Xia Jinqi was not around, she had secretly hidden in the crowd and admired Yan Jun, who was like a banished immortal. She was already very satisfied.

But now that Xia Jinqi was here and saw how Yan Jun pampered her, Fan Yufei's heart began to stir again.

She also wanted to get that pampering, and she also wanted to be Yan Jun's one and only... ..

Such an outstanding and perfect man, why did God choose to give him to Xia Jinqi?

As she was filled with resentment, a murmur suddenly sounded by her ear, giving Fan Yufei a fright.

“Do you also admire President Yan?”

The voice was a little hoarse, but it could be heard that it was a woman’s voice.

### **Chapter 787: She wanted to let Xia Jinqi have a taste of this pain... ..**

Fan Yufei instinctively looked back, only to see a man with his head lowered, dressed in a waiter’s uniform.

However, Fan Yufei quickly snapped back to her senses. This should be a woman wearing a waiter’s uniform, right?

She even had her head lowered, pretending to be mysterious, almost causing her heart to stop!

“Who are you?” She could not help but raise her voice and rebuke him back. Fan Yufei’s temper was not something that could be easily suppressed.

The waiter did not seem to expect Fan Yufei to be so direct with her words. He quickly looked around, afraid that Fan Yufei’s voice would attract unwanted attention.

However, seeing that everyone’s attention was still on Yan Jun and Xia Jinqi, no one had the extra time to pay attention to what was happening in the corner.

Hence, they heaved a sigh of relief and turned around. They took off their blue masks and faced Fan Yufei.

“Miss Fan, you haven’t forgotten me, have you?”

“... you... what happened to your face?” Fan Yufei was at a loss for words. Her eyes were wide open, but there was a faint sense of fear in her eyes.

The woman in front of her was you Xi.

However, you Xi, who used to be young and beautiful, had disappeared. Now, standing in front of her was a you Xi whose half of her face had been destroyed.

The ugly and hideous Burns covered the entire left side of you Xi’s face. At a glance, she looked as terrifying as a devil.

You Xi could see the fear in Fan Yufei’s eyes. She sneered and said, “can’t you tell? You were burned. I happened to be present when the Yan family exploded.”

The explosion did not kill her, but the fire after the explosion destroyed her face!

Speaking of the explosion at the Yan family, Fan Yufei could not help but think of the grand birthday banquet that Yan Jun had held for you Xi... ..

The explosion happened after the birthday banquet. When she saw the news, she also felt it was strange, but she did not think much about it later. After all, a person like you Xi had never been in her eyes before.

In addition to Xia Jinqi bringing the twins back forcefully, she did not have the courage to appear in front of Yan Jun..

Initially, all of this was about to fade away, but who knew that tonight... ..

It turned out that once jealousy and desire took root in the bottom of one's heart, as long as there was the slightest movement, it would immediately be revived.

"Didn't Yan Jun throw a birthday party for you? Why would you..." when she asked this question, Fan Yufei's tone was still filled with jealousy.

The man she had spent so much effort to get close to actually threw a birthday party for a woman like you Xi?

Just thinking about it made people gnash their teeth in hatred!

"HMPH, what birthday party? It's just a use!" You Xi quietly hid to treat her injuries. She had also investigated a lot of things!

"Use?" Fan Yufei repeated. She did not quite understand you Xi's meaning.

You Xi only glanced at her. It was obvious that she did not want to explain anything to her. She only turned to look at Xia Jinqi, who was the most resplendent among the crowd. She said coldly, "she has taken over your beloved Yan Jun all by herself. Do you want to completely overthrow that woman?"

Fan Yufei followed her gaze and immediately felt hatred. "Of course I want to! I WANT TO DREAM ABOUT IT!"

If Xia Jinqi was gone, would Yan Jun be willing to take a look at her?

It was all that woman's fault for giving birth to such a bewitching and beautiful face!

You Xi understood and smiled coldly. She reached out and caressed her face. From time to time, she would feel a piercing pain from there!

She wanted to let Xia Jinqi have a taste of this pain... ..

### **Chapter 788: A mere illegitimate daughter dared to be so arrogant**

"But, how do we do it?" After a long while, Fan Yufei turned back to look at you Xi.

"It's very simple. You just need to..." You Xi whispered into Fan Yufei's ear.

After hearing this, Fan Yufei was shocked again. "What? Xia Jinqi is Xia Jitian's illegitimate daughter?"

“Keep your voice down.” You Xi looked at her with disgust. She did not have a good impression of this brainless young lady from a wealthy family. However, she happened to see her gnashing her teeth as she stared at Xia Jinqi today, so she planned to use her.

She did not want the secret that she had pretended to be a waiter to eavesdrop on to be wasted by this fool!

Fan Yufei was on the verge of excitement. When she heard such news, it was as if an atomic bomb had exploded. She did not notice that you Xi was being so disrespectful to her!

“Is what you said true? Is Xia Jinqi really an illegitimate daughter?”

“Of course it’s true! Not only that, she also caused the death of her second sister, Xia Tianjiao!” You Xi added. As the corners of her lips curled up into a cold smile, she accidentally pulled on her wound, causing another wave of piercing pain!

Not only did she grit her teeth, her face was pale from the pain!

It was not in vain that she had bribed the steward of the Xia family to sneak in. Not only did she eavesdrop on the secret that Xia Jinqi was an illegitimate daughter, but she also heard from Xia Mingzhu that even Xia Tianjiao had died at Xia Jinqi’s hands... ..

Such heavy news was worth her sneaking in!

Fan Yufei was so shocked by the news that she swallowed her saliva. When she looked at Xia Jinqi again, the disdain in her eyes deepened “I was wondering why the Xia family suddenly lost a daughter. So that’s why. Xia Jinqi hid herself well. She looked so kind on the surface, but she was actually so vicious in her heart. She didn’t even let her second sister off. How dare a mere illegitimate daughter be so arrogant? She’s not even worthy of a single finger from Yan Jun!”

Hearing Fan Yufei’s words, you Xi knew that she had said enough.

“Now, it’s up to you.” Putting on her mask again, you Xi quietly left the crowd and hid in the darkness.

How could she stand in the spotlight with her current appearance?

Everything she had was ruined, and she wanted to recover everything from Xia Jinqi bit by bit!

After you Xi left, Fan Yufei took a deep breath and walked towards Yan Jun and Xia Jinqi.

“...”

Xia Jinqi, who did not know that you Xi was also injured in the explosion, had just met director Wang with Yan Jun. . During the break, she mentioned Xia Mingzhu’s matter to Yan Jun. .

“Yan Qing’s ten tons of explosives were given by Xia Mingzhu. In fact, Yan Qing is not as bad as you think. He was just used.” Xia Jinqi held Yan Jun’s arm and lowered her voice.

Hearing this, Yan Jun raised his eyebrows slightly, but there wasn’t much surprise in his eyes. Instead, he was as calm as a deep pool, unperturbed.

Xia Jinqi saw that there wasn't much expression on his handsome face, so she subconsciously asked back, "don't tell me you already knew?"

Only then did Yan Jun look back at her and calmly explained, "it's obvious. Yan Qing doesn't have the ability to get ten tons of explosives, and transporting such a large amount of explosives requires a customs clearance document."

Actually, when Xia Mingzhu and Yan Qing were having an affair, Yan Jun already knew.

When Yan Qing first joined the company and Wantonly Stole the company's talents and sectors, Yan Jun had already sent people to watch his every move.

Naturally, he knew about the matter between him and Xia Mingzhu.

The reason why he did not say it was because there was no evidence, and even if he said it, it would not be able to do anything to Xia Mingzhu.

### **Chapter 789: seeing his beloved woman jealous of him, he suddenly became a little addicted**

Yan Jun was still waiting, waiting for Xia Mingzhu to give herself away.

Wasn't she impatiently showing off her glorious battle results to Xia Jinqi?

Otherwise, Xia Jinqi wouldn't have suddenly mentioned this matter to him.

Thinking of this, Yan Jun's lips curled into a smile again, and his dark eyes fell on his wife's face. "Did she look for you?"

Xia Jinqi bit her lower lip slightly, looked at Yan Jun from the corner of her eyes for a moment, and then let out a long sigh as if admitting defeat. "You won. I didn't think so much."

The older the ginger, the spicier it was!

She didn't expect that she didn't notice anything that he had seen through long ago?

Xia Jinqi suddenly felt a little discouraged. She felt that she was really far from that... .. compared to the black-bellied Fox beside her.. ...

Yan Jun passed her a glass of red wine with a smile on his face. "It seems like it's true that you've been stupid for three years after being pregnant."

"..."Xia Jinqi choked. She took the red wine glass from Yan Jun's hand and downed it in one gulp.

Just as she was feeling angry, she completely forgot that this was the third glass of wine that she had drunk tonight.

Xia Jinqi put down the glass of wine and said, "she confessed everything to me. She said that she didn't need to hide anything from me until now, and she even said..."

Before she could finish speaking, she was interrupted by Fan Yufei who had suddenly walked over.

"President Yan, how are you..."

When Fan Yufei looked at Yan Jun, her gaze was filled with undisguised admiration and admiration.

When Xia Jinqi saw that it was fan Yufei who had come, she did not continue the topic she had just discussed. She only looked at her with great interest before turning to look at Yan Jun..

An outstanding man would always attract countless flies. Oh Pooh, if he said the wrong thing, it would attract countless admirers. This was unavoidable.

Fortunately, with you Xi as a foreshadowing, Xia Jinqi's temperament had long been tempered. It was not uncommon for such things to happen in front of her.

As expected, people needed to experience more to be able to handle things without being alarmed... ..

Yan Jun swept a glance at the person who had arrived. His expression did not change, but he still replied indifferently, "hello. "

If it was any other woman, he would definitely not even glance at her. However, when he had been in a car accident, Fan Yufei happened to pass by and called 120 in advance.

Later, the doctor who performed the CT scan on Yan Jun also said that the time of delivery was very timely. If it was any later and the blood clots in the brain could not be expelled, it was very likely to block the nerve tissue and cause Amnesia or dysfunction All of these were possible.

Based on this, Yan Jun later sent many gifts to the fan family.

If Fan Yufei knew that in a sense, it was because of her timely appearance that Yan Jun was able to avoid the possibility of Amnesia, she would probably regret it so much... ..

Fate was truly a magical thing.

When Fan Yufei saw that Yan Jun not only glanced at her but also responded to her, she immediately blushed a little. She blinked her large innocent eyes and asked in a low voice, "are your injuries healed?"

After such a long time, as long as it wasn't a dead person, the injuries would be healed, right. Xia Jinqi silently cursed by the side.

Actually, Fan Yufei said this to remind Yan Jun that it was her appearance that saved Yan Jun's life back then.

She wanted Yan Jun to remember her kindness for saving his life.

Yan Jun looked with interest at his wife beside him, whose face was Ashen. He could not help but curl his lips. "Miss Fan, I miss you so much. Your injuries have already healed. "

It was not that he could not see through Fan Yufei's intentions. It was just that when he saw the woman he loved jealous of him, he suddenly felt a little addicted.

He liked to see her act like a child for him.

**Chapter 790: we are still a family**

However, my wife still needs to be hurt by me.

Yan Jun subconsciously wrapped his arms around Xia Jinqi's waist.

Xia Jinqi instinctively wanted to break free from this sudden intimacy. who asked him to whisper to Fan Yufei?

However, the moment she moved, she immediately gave up this thought because..

He was hugging her with his left hand.

Even though she had recovered well and the cast had been removed, she still needed to take care of it.

If she were to struggle, he would definitely not cry out in pain. Instead, he would use even more force to hold her down.

Thinking of this, Xia Jinqi sighed again. A man so domineering that no one could resist him... ..

When Fan Yufei saw Yan Jun's actions, she could not help but bite her lower lip tightly.

Her Heart was burning with jealousy, but she cleverly did not show it. Instead, she slowly walked forward and held Xia Jinqi's hand intimately. She said with a pained expression, "Xiao Qi, are you blaming me too?"

" ... " Xia Jinqi did not expect her to suddenly come and touch her. Almost subconsciously, she withdrew her hand and frowned slightly. "Miss Fan, are you drunk? We are not familiar with each other, why would I blame you?"

If she had known earlier that this woman was troublesome, she would not have thought that there would be so many scenes!

Xia Jinqi did not have a good impression of Fan Yufei when she recalled the photo of Fan Yufei standing naked in front of Yan Jun and being secretly taken.

How could someone who could reach that stage be an ordinary person?

Fan Yufei looked at Xia Jinqi who avoided her in such a disgusted manner and secretly laughed in her heart. However, her face was pitifully red and she almost cried "Look, you still said that you did not blame me, but you are actually blaming me... ". "We were university classmates, but I did not even know that so many things had happened to you and did not visit you. You must be having a hard time these days. " ? After all.. .. You and your brothers and sisters aren't on good terms."

"then you really misunderstood. I'm doing very well. " Xia Jinqi laughed coldly, her eyes clear and cold.

"Sigh... don't lie to me, Xiao Qi. You and them aren't blood-related siblings, how can they treat you well?" Fan Yufei sighed lightly, her expression was very painful, but the words she said were like a huge rock entering the sea, instantly setting off a storm !!!

Everyone present held their breath!

Under Yan Jun's slightly lowered eyelids, his eyes flickered.

He still took a sip of red wine, remaining calm and composed.

At this moment, Xia Jinqi was frowning as she looked at Fan Yufei, as if she had received a heavy blow!

Not Related by blood... ... could it be that Fan Yufei knew her identity ? ?

But other than the Yan family knowing about this matter, they did not publicize it to the public!

Was it Xia Mingzhu?

That's not right... ... No matter how bad Xia Mingzhu was, she did not dare to challenge her father's authority at this time ! !

If others knew that Xia Jinqi was an illegitimate daughter, then Xia Jitian's personal problems would definitely be involved.

Especially in this sensitive period of the presidential election, if it was revealed that Xia Jitian had a problem with his character and discipline, how would he be able to convince the public?

This matter could not be Xia Mingzhu.

Other than this, Xia Jinqi temporarily did not think of anyone with a more motive. She gritted her teeth lightly and without thinking, she began to protect Xia Jitian's dignity.

"I'm afraid that miss fan is really drunk. Even if my brothers and sisters treat me worse than my biological siblings, we are still a family." Xia Jinqi secretly scanned the people around her and calmly lied.

Sure enough, when the people around her heard this, they let out a sigh of relief.
