

Trick Me 791

Chapter 791: the Fourth Young Lady who fell from the Godly detective

It turned out that it was only because the sisters were not on good terms that they became enemies with their relatives.

Fan Yufei's words just now had almost made them think that Xia Jinqi was not born by Xia Jitian!

At this juncture, Xia Chuanxu also walked over and stood in front of Xia Jinqi, accompanying her to confirm what she had just said "Yes, Miss Fan is right. We siblings really don't get together too often. Especially after fourth sister got married, you've been spending all your time with your husband and raising children. Could it be that you've forgotten about your brothers and sisters?"

As he said this, Xia Chuanxu smiled and reached out to touch Xia Jinqi's head. He had the demeanor of a good brother.

Xia Jinqi knew that Xia Chuanxu was helping her, so she smiled and said, "third brother is right. I'll definitely come back often in the future."

"Mm, this is my good sister." Xia Chuanxu's eyes were full of affection. When he looked at Xia Jinqi, he became gentler.

When the people around saw this, they basically took a pill to calm their hearts.

Look at how close the siblings were. It didn't seem like they were at odds at all.

Hence, people began to cast glances at Fan Yufei. "where did this person come from to say that the siblings were on bad terms? Isn't that pretty good?"

"I think that some people are just jealous and can't stand seeing the other person's good looks!"

"that's right, they're not afraid of being laughed at!"

Hearing the criticism and contempt from the people around her, Fan Yufei felt even more indignant.

Today, she had to expose the true identity of Xia Jinqi, this illegitimate daughter!

Immediately, Fan Yufei shook her head and sighed. She looked at Xia Jinqi with great pity. "No matter how good you are, you're not related by blood, are you? You... you're actually uncle Xia's illegitimate daughter..."

As she spoke, she actually started to cry. It made people think that her heart ached for Xia Jinqi!

Those who were watching the show were all dumbfounded. No one said a word. They were all stunned by the sudden news.

For a moment, the entire banquet venue was dead silent.

Xia Jitian, who had just arrived, also stiffened at that moment. Cold sweat dripped down his back.

How did this matter get known by others?

He... ..

He had always been careful to protect Xiao Qi's identity. He even begged Hong Xianglin to keep it a secret for him and never mention it again. How did someone find out about it?

Xia Mingzhu, who had followed closely behind, was also surprised when she saw this. However, she soon began to gloat over Xia Jinqi's misfortune.

Initially, she was already very unhappy that she had been pretending to treat Xia Jinqi as her biological sister for the sake of her father's official position. Now that she had been exposed, she couldn't be bothered to pretend to be a soulless biological sister anymore.

Xia Mingzhu looked at Xia Jinqi with great interest. She wanted to see how embarrassed this fourth young miss, who was adored by everyone, would be after she fell from the altar?

There was also Yan Jun. he had such a noble identity. The Crown Prince of the Yan family was actually connected to an illegitimate daughter through marriage. Would he still be able to maintain his reputation?

Xia Chuanxu's expression was also not very good. His gaze fell on Xia Jinqi, afraid that she would collapse.

However, to his surprise, Xia Jinqi seemed to be very calm. In the face of the surrounding doubts, she was still unperturbed.

Just like when the Yan family had chosen her as their daughter-in-law, she was also like this. She was so calm that people admired her.

As the focus of attention, Xia Jinqi did not break down and cry loudly. She also did not feel inferior because of her status. Her gaze calmly fell on Fan Yufei.

Chapter 792: Who says that fourth brother isn't my daughter? !!

The reason why Fan Yufei said these words was because she had two intentions.

First, to hinder Xia Jitian's career.

Second, to embarrass Xia Jinqi in public.

And she didn't even glance in Xia Jitian's direction from the beginning. It was obvious that the target of her revenge was Xia Jinqi.

Xia Jinqi herself knew that if she panicked at this moment, it would be exactly what Fan Yufei wanted.

But her identity was indeed an illegitimate daughter, and there was no way to change it.

How could she turn the tables?

Although she did not want to acknowledge Xia Jitian as her father, she also did not want to see his future ruined because of her.

As she bit her lips lightly, her beautiful brows furrowed tightly.

“Miss Fan is already so drunk that she’s unconscious?” Xia Jinqi slowly opened her mouth, but she could not think of a better solution for the time being. She could only throw out a smoke bomb to confuse the crowd.

As expected, the surrounding people turned to look at Fan Yufei, wondering if she was drunk and talking nonsense, right?

How could Fan Yufei bear such suspicion? She immediately said excitedly, “I’M NOT DRUNK! Don’t change the topic! Just tell me if you dare to admit that you are an illegitimate daughter in front of everyone!”

The heated words were directed at Xia Jinqi, not taking a step back.

Because of Fan Yufei’s words, everyone’s gaze shifted to Xia Jinqi.

Seeing that Xia Jinqi was being forced by everyone, Yan Jun’s expression darkened. Just as he was about to put down his wine glass and step out, he was stopped by Xia Jinqi’s small movements.

She reached out and tugged at his sleeve, indicating that he should not step out.

Yan Jun’s movement immediately stopped. Just as he was about to look at Xia Jinqi, he heard Xia Jitian speak from behind him.

“You don’t have to force little Qi. I will explain this matter.” Xia Jitian had long wiped the sweat from his forehead. He walked up to Xia Jinqi as a father!

At that moment, Xia Jinqi was truly a little surprised.

She stopped Yan Jun because she wanted to resolve it herself. Who knew that not only did Xia Jitian take the initiative to speak, but he also stood in front of her, blocking all the false and suspicious gazes for her.

At that moment, Xia Jinqi slightly raised her eyes and looked at the back view that was so familiar that it could not be any more familiar. Her eyes reddened slightly.

Was this the love of a father?

Fan Yufei saw that even Xia Jitian had stood out and she more or less understood in her heart. It seemed that the information that you XI provided was true.

So she calmly waited for Xia Jitian to admit all of this and then Stab Xia Jinqi in the pain. Let’s see how glorious she could still be!

Xia Jitian glanced at the girl who was showing off in front of him. His brows were tightly furrowed and a majestic aura suddenly rose.

“actually, I...”

“Who said that fourth brother isn’t my daughter? !”

A sentence came from the sky and completely interrupted Xia Jitian’s steps.

He had originally planned to accept reality and announce the truth, but who knew that he would be interrupted by Hong Xianglin who came after him.

Everyone was stunned again, and they hurriedly looked at Hong Xianglin who was wearing a dark purple gown.

Even Xia Jinqi hesitated for a moment before she dared to turn her head.

Then, she saw Hong Xianglin walking toward her step by step with a motherly smile on her face.

That was the smile that she had longed for for twenty years... ..

Hong Xianglin stood in front of Xia Jinqi in front of everyone's eyes and gently hugged her. Then, she announced loudly to everyone around her, "this is the good daughter that I've carried for ten months. Don't tell me I'm mistaken?"

When she said this, she was stunning again! ! !

Chapter 793: was clearly her biological mother!

Xia Jinqi was petrified on the spot.

In her memory, Hong Xianglin had never hugged her so gently before... ..

Even though she now knew that she was not her biological mother, she had relied on this mother for the past twenty years.

However, so many things had happened after that. She thought that Hong Xianglin had hated her to death long ago. She did not expect that not only did she not kick her while she was down, she even came back to redeem her identity?

While she was puzzled, Hong Xianglin lowered her voice again and whispered into her ear in a voice that only the two of them could hear, "cooperate, or else your father's career will be ruined."

Her extremely cold voice sent chills down people's spines.

Xia Jinqi suddenly understood.

So she was willing to do all this for Xia Jitian.

That was true. Even though Xia Jinqi didn't care about whether she had an illegitimate daughter or not, this matter had a great impact on Xia Jitian.

At worst, Xia Jitian's career would be ruined. At worst, all of his comrades who stood on the same side as Xia Jitian would either defect or be completely wiped out.

Hong Xianglin had been a high-ranking official's wife for so many years. It wasn't that she didn't understand the logic behind this.

Therefore, in the face of major events, she chose to protect Xia Jinqi and also chose to endure Xia Jitian's betrayal and concealment.

Since Hong Xianglin was so cooperative, Xia Jinqi naturally had to show her so-called 'sincerity' .

"Mom, I've made you worry. " She closed her eyes, and a string of sparkling tears slid down her cheek.

This was not because she was moved by Hong Xianglin, but because Xia Jitian had stood in front of her to protect her... ..

When the surrounding people looked at her, they seemed to understand a little.

"How does this look like a stepmother? It's clearly her biological mother! "

"Yes, Mrs. Xia said it herself. She was pregnant for ten months. How could there be a mistake? "

"What's wrong with Miss Fan? Can't she be cured of her jealousy? I can introduce you to an ophthalmology hospital! "

Fan Yufei had thought that she had the victory in her hands and was prepared to wait for a good show. Who would have thought that there would be such a sudden turn of events?

She did not know what Hong Xianglin was up to. She could accept her husband's child with another woman. Could it be that she was sick?

Fan Yufei was still angry and unwilling to let Xia Jinqi go. She turned to look at Xia Mingzhu and pointed her index finger at her "Xia Mingzhu, tell me! Did you and Xia Jinqi get into an argument in the room just now? You said that she was not your biological sister! She was also the culprit that killed Xia Tianjiao! Is that right? "

The moment she said that, the onlookers looked at Xia Mingzhu and Xia Jinqi. They all gasped.

What happened tonight One bombshell after another.

They knew that the Xia family had lost a daughter and committed suicide by throwing herself into a lake. She had acted out a marriage with Yan Qing and was dumped by Yan Qing on the spot.

How could they face such a mess? Suicide could be considered a relief.

Why did they say that it was related to Xia Jinqi now?

There were so many rich and powerful family stories, one after another.

The Yan family's uncle and nephew were in chaos, and then the Xia sisters killed each other. It was an eye-opener!

Many people were eager to hear the rest of the story!

After Fan Yufei said those words, Xia Jinqi immediately understood.

It turned out that Fan Yufei had eavesdropped on her conversation with Xia Mingzhu.

No wonder she blurted out that she was an illegitimate daughter.

Chapter 794: -all in one's glory, all in one's loss

As for Xia Mingzhu, who was personally named by Fan Yufei, she did not forget to take a look at her father and mother before she became the focus of everyone's attention.

Even though her father had chosen her third brother as the successor, her mother naturally loved her youngest son more.

It was her parents who abandoned her first before she turned to Mr. Lu.

However, her luck was too bad. She ran into a wall with Mr. Lu twice, and in the end, Mr. Lu gave her an ultimatum.

She did not want to abandon her parents and die at Mr. Lu's hands.

The best way was to do both. No matter which side suffered a crushing defeat in the future, she still had a way out.

Therefore, in the current situation, she should stand on the same side as her parents, even if... .. doing that was equivalent to protecting Xia Jinqi ...

After thinking this through, Xia Mingzhu slowly walked up to fan Yufei on her stilettos.

She was much taller than Fan Yufei, so she naturally lowered her body to look at her, her eyes filled with contempt "Young Lady, did you hear wrong My second sister committed suicide. What does it have to do with my fourth sister "Also, I accidentally lost my fourth sister's favorite hand-drawn book. It's okay for her to say a few words, but why do you hear so many things coming out of nowhere? "

As she finished speaking, she saw Fan Yufei's face turn Ashen as she stared at her in disbelief!

Xia Mingzhu had seen too many of such childish tricks, so she didn't want to play with her at all.

She directly turned around and walked to Xia Jinqi and Hong Xianglin's side. She even took the initiative to pull Xia Jinqi's hand and sighed. "fourth sister, it's not that I want to criticize you, but why have you been making so many scoundrels in university all these years? Look at how angry our mother is. "

On the surface, these words were meant to help Xia Jinqi, but Xia Jinqi could also hear the hidden meaning. She was pointing at the Mulberry Tree and scolding the locust tree, mirroring Wen Jing.

She immediately gritted her teeth and Xia Jinqi looked at her coldly. "Big sister is right. "

Under such circumstances, even Hong Xianglin and Xia Mingzhu could cooperate, so she was naturally no exception.

Even if she was an illegitimate child, she was still the daughter of the Xia family. She understood the principle of both glory and loss.

When Xia Jitian saw the rare harmony in this family, he was moved to tears. He took three steps and two steps, pulling the three mother and daughter into his arms. He choked with sobs. "Good, good. This is my good wife, good daughter! "

Xia Chuanxu, who was beside him, walked over when he saw this. "Dad, there's still me. "

“Hahaha, there’s still my good son!” Xia Jitian laughed out loud. The whole family was gathered together and they were having a good time. In the eyes of others, they were the role models of the family!

Many people wiped away their tears in envy. Who cared about what Fan Yufei said just now?

Speaking of which, these people all hoped that Xia Jitian’s family would be happy.

They were all Xia Jitian’s henchmen, comrades, and comrades. Naturally, they did not want to see Xia Jitian get into a scandal.

Fan Yufei was jealous and had learned a few tricks, but she was still too inexperienced. How would she know the stakes involved?

So when everyone came back to their senses, they began to blame Fan Yufei one after another.

“She and he Meimei are a family. You little girl don’t know anything. Why are you standing out and spouting nonsense?”

“I think she doesn’t know so much even as a little child. Was it her father, Fan Teng, who instigated her?”

“Didn’t her Father Support Councilman Xia? Why would he do such a thing? Could it be that he switched sides at the last minute?”

“It’s possible. Her father is always a fence-sitter who goes where the wind blows!”

Chapter 795: father-in-law, why don’t you give me a favor?

Faced with so many people’s accusations, Fan Yufei immediately panicked.

She thought that she had the victory in her hands, but she did not expect... .. Was it you Xi who lied to her ?

This detestable woman!

Fan Yufei subconsciously began to search for you XI’S FIGURE IN THE BANQUET!

And how could you XI, who was hiding in the dark and had already observed the entire situation, be discovered by her?

She pulled up her mask and lowered her head. Taking advantage of the night, she quietly left.

Damn Xia Jinqi, you dodged once again!

Just as he went to the bathroom, he saw that his daughter was being criticized by thousands of people. Fan Teng was also stunned. He hurriedly went forward to ask what happened, but in the end, he was scolded.

“Fan Teng, you still have the face to ask what happened? Weren’t you the one who instigated your daughter to frame Senator Xia’s family? What kind of intentions do you have?”

“She has raised her daughter for more than 20 years. If she’s not biological, then she’s not biological?”

“seriously! What a waste of time! She’s playing us like a fiddle!”

Fan Teng was confused and finally understood the whole story. He was so scared that he couldn’t even stand properly. He even dragged Fan Yufei to apologize to Xia Jitian.

“Damn girl! Are you out of your mind? How dare you say anything? Hurry up and apologize to your Uncle Xia!”

Fan Yufei was being held by her father. This was the first time in her life that she had been scolded like this. She was humiliated in front of everyone and her tears fell like beans.

“Uncle Xia...”

Before she could say the words “I’m sorry”, she was stopped by Xia Jitian. “Don’t, my Xia family can’t take it.”

It was a simple sentence, but it also made it clear that Xia Jitian was not willing to forgive them.

Fan Teng was so frightened that his legs trembled. Seeing that he was about to kneel down, Fan Yufei could not help but start crying. “It wasn’t me, it was... someone told me to say that...”

Since it was irreversible, she could only shift the blame.

Fan Yufei was not familiar with you XI, so she did not intend to hide anything for her. She wanted to say it right away.

However, she did not get what she wanted this time because Yan Jun, who had been watching the show from the side, suddenly opened his mouth.

“father-in-law, why don’t you do me a favor? Miss Fan once saved me.”

Yan Jun’s eyes swept over Fan Yufei. Since she said that someone had asked her to say this, and this person was not fan Teng, then it was very necessary for him to bring her back for interrogation.

Such a brazen attempt to harm his wife, he wanted to see which one of them was blind.

Xia Jitian fell silent when he heard that.

The Xia family was indeed in the wrong in today’s matter. However, due to his status, he could only point it out.

As a leader, he naturally could not do anything to a little girl in public. At most, he could only scold her a little.

Now that Yan Jun was willing to step out and take over the responsibility, not only could this matter end peacefully, but he could also do Yan Jun a favor. He was happy to see that.

He immediately said, “mm, I’ll leave it to you.”

Since Yan Jun was willing to call him father-in-law, he naturally had to put on some airs as a father-in-law.

“thank you, father-in-law.” Yan Jun’s lips were curled into a smile. His deep black eyes were so ethereal that no one could guess his intentions.

Fan Yufei was originally trembling from her father’s scolding, but now that she was suddenly taken by Yan Jun, she could not help but feel elated... ..

Fan Teng was not the least bit happy. Instead, he frequently wiped the cold sweat from his forehead.

Chapter 796: United Against the outside world

In view of the fact that his daughter had drugged Yan Jun in the past, he already had a grudge against Yan Jun. now that she had fallen into his hands, it would not be so easy to escape.

Xia Jinqi naturally did not miss the infatuated look on Fan Yufei’s face when she looked at Yan Jun..

She frowned slightly and turned her head to look at Yan Jun in puzzlement.

He took the initiative to leave Fan Yufei. Was He planning to do something?

Xia chuanxu retracted his gaze from the fan father and daughter and turned to look at his eldest sister, Xia Mingzhu.

“I didn’t expect eldest sister to help fourth sister. ”

“But she’s just an outsider. Do you think you can bully my Xia family? Please understand that I’m not helping her. I’m helping our Xia family.” Xia Mingzhu laughed coldly. While protecting the Xia family, she was also protecting herself.

Who cared who Xia Jinqi was born to? Xia Mingzhu didn’t care about these things. She only cared about her career.

Xia Chuanxu naturally could see through this. He just said it on purpose to test eldest sister’s sincerity.

Xia Jitian also quietly approached Hong Xianglin and smiled unnaturally. “Hong Xianglin, thank you. ”

Hong Xianglin glanced at him with a cold expression. “No matter what, she’s still your daughter. It’s not up to an outsider to humiliate her! ”

In the first half of his life, Xia Jitian was the one who had bullied Hong Xianglin. In the second half of his life, Xia Jitian’s attitude had reversed.

Hong Xianglin did not want a divorce either. She knew very well that as long as Xia Jitian was her husband, she would not make things difficult for her husband in politics.

Even if she had to bear the humiliation.

She was different from the fiery-tempered long Qingxin back then.

Long Qingxin immediately made a scene when she found out that Yan Youcheng had cheated on her and then divorced him. There was no room for negotiation at all.

Not to mention that she had to endure it and even put that illegitimate child under her name... ..

..

Facing the same thing, people with different life experiences would make different choices.

It had nothing to do with love or fate, nor did it have anything to do with right or wrong. It was just that their starting point was different.

Why not try to think about it from another angle? Perhaps it was another vast world.

Su Zhishui.

Yan Jun turned his head and swept his gaze across the entire Xia family. There was a hint of obscurity in his black eyes.

He had actually already noticed it.

The Xia family and the Yan family were completely different.

Although both seemed prosperous, they were actually falling apart. Their descendants were fighting each other and scheming against each other.

However, the Yan family was a true life and death hatred. Regardless of whether it was inside or outside, they had to fight to the death.

However, when the Xia family encountered something, they could at least face the outside world in unison.

This did not mean that Xia Mingzhu and Hong Xianglin had good hearts. It was just that their performance made people feel that they more or less still cared about this family, no matter what it was for.

Yan Jun also sighed with a rare feeling. There was actually some loneliness in his eyes.

The moment he lowered his eyes, Xia Jinqi's gaze also looked at him.

She did not miss the flash of grief that Yan Jun felt. She sighed again in her heart. *noVe.lb*)1n

It seemed that Yan Youcheng's model not only hurt Yan Qing, but also hurt Yan Jun's heart.

Speaking of this, Xia Jinqi could not help but turn around to look at Xia Mingzhu and Xia Chuanxu.

Would the two of them fight to the death?

And Xia Jinqi herself, would she also fight with Xia Mingzhu to the point that both sides would be injured?

After Fan Yufei's matter was settled, the banquet was almost done.

Xia Jinqi wanted to leave, but Xia Jitian stopped her. "Xiao Qi, it's not easy for you to come back. Why don't you stay for one night before leaving?"

Chapter 797: Huo Ting, was in trouble

“No, the children are still waiting for me at home,” Xia Jinqi said as she glanced at Xia Mingzhu.

She didn’t have many lives to let Xia Mingzhu get into trouble.

At this moment, Yan Jun put his arm around Xia Jinqi’s shoulder and said without hesitation, “it’s getting late. Let’s go first.”

With his words, it was impossible for Xia Jitian to keep Xiao Qi.

He smiled and walked the couple to the door, which made Xia Mingzhu Jealous.

Her father had never been so polite to her!

Seeing her angry look, Hong Xianglin quickly patted her hand and comforted her, “she’s in the middle of the day now. It’s normal for your father to be nice to her. After a while, when her arrogance has subsided, we’ll deal with her again!”

Hearing that, Xia Mingzhu finally gave up. She withdrew her jealous gaze and turned to pull Hong Xianglin. “Mom, do you have any good ideas?”

“I’ve investigated her whereabouts and found that there’s always a nanny car to pick her up. This car doesn’t belong to Yan Jun, nor does it belong to the Xia family. Guess whose car it is?” Hong Xianglin narrowed her eyes and sneered, as if she had caught Xia Jinqi’s Fox tail.

“whose car is it?” Xia Mingzhu’s face was full of curiosity. She didn’t know what her mother had found out that she was so sure of victory.

“I found that the car has been quietly entering and leaving Chang Yandao’s villa.”

“Chang Yandao? The Mafia boss that people call Master Chang Qidao?” Xia Mingzhu was shocked She had always been thinking of how to get others to mess with Xia Jinqi. She had never thought of sending people to follow Xia Jinqi, because she knew that with Yan Jun’s protection, even if she followed, she wouldn’t be able to find anything. She didn’t expect her mother to act faster than her? “Rumor has it that Chang Qiye is a mass murderer and a good woman. Could it be that fourth brother...”

“No matter what relationship she has with Chang Yandao, since she has something to do with Chang Yandao, there must be something wrong!” Hong Xianglin frowned with hatred. “Wait until your father’s election is over, then we’ll settle the score with her!”

Xia Mingzhu had yet to nod when Xia Chuanxu walked over with a dark face. “Mom, you should stop now. Little Qi is still dad’s daughter. As a stepmother, how can you be so vicious?”

Hong Xianglin was caught off guard by her son’s scolding and immediately flew into a rage out of humiliation. “You traitor, you actually helped an outsider to teach your mom a lesson!”

“Xiao Qi hasn’t bothered you since she was young. Now that she’s married, it should be enough.” After saying this, Xia Chuanxu flicked his sleeves and left.

“You, you, you... you’re really infuriating me to death!” Hong Xianglin hurriedly patted her chest as her blood pressure rose ...

Xia Mingzhu narrowed her eyes and sized up the back view of her third brother.

The little boy who only knew how to follow behind her and ask for candy had grown up and become difficult to deal with.

This was her strongest opponent in her career. If she didn't take down Xia Jinqi, she wouldn't be able to stop third brother and Yan Jun from working together.

“...”

Xia Jinqi and Yan Jun walked all the way to the door.

Just as they were about to leave, Xia Jinqi remembered the two perverted men who had flirted with her and Wen Jing. She wanted to tell the bodyguards to deal with them, but she was two steps late.

Yan Jun went out first, and Wang Mang, who was in a hurry, greeted him. “Second Young Master, why did you only come out?”

Yan Jun raised his eyebrows slightly and asked him if something had happened with his eyes.

Wang Mang could not hide his words. The first time he saw Xia Jinqi, he said without any scruples, “something happened to Huo Ting!”

As soon as he said that, Xia Jinqi came out of the door with a surprised look. “What happened to Huo Ting?”

Chapter 798: must ensure her safety!

Wang Mang froze and his expression froze. He had deliberately looked at his sister-in-law and said that he did not follow her. Why did he suddenly appear in the blink of an eye?

Yan Jun glanced at him coldly. He knew that paper could not cover fire. Since Xia Jinqi had heard it, he could only tell her.

“Huo Ting's motorcade was attacked on the way here,” Yan Jun said. His voice was lowered, and his handsome face was somewhat tense.

Xia Jinqi's heart skipped a beat. No wonder she couldn't find Huo Ting!

“How is he now?” Xia Jinqi suppressed all the worry in her heart and asked hurriedly.

Yan Jun looked at Wang Mang again. Only then did Wang Mang say, “he had already escaped, but he was caught up later. The two sides exchanged fire and caused quite a commotion. The police also moved out, but Huo Ting disappeared.”

Hearing this, Yan Jun's black eyes darkened. Just as he was about to raise his lips and ask what 'disappeared' meant, Xia Jinqi, who was beside him, was already one step ahead of him. She grabbed Wang Mang's arm and asked anxiously, “disappeared? What do you mean? !”

Xia Jinqi was flustered and couldn't care less.

She owed Huo Ting to begin with, and in addition to the deep friendship they had when they were young, Huo Ting was even more important to her than Xia Chuanxu.

He was an existence that surpassed family ties.

Wang Mang didn't expect Xia Jinqi to rush over so excitedly. His body swayed for a moment, and it took him a lot of effort to stabilize himself.

"We don't know the exact situation yet. We only know that it happened in the university town. We're doing our best to find it."

After listening to Wang Mang's explanation, Xia Jinqi couldn't sit still any longer. She immediately frowned and turned to look at Yan Jun. Her gaze was somewhat cold. "Why didn't you tell me earlier?"

"I was afraid you'd be worried," Yan Jun's reply was very simple.

At this moment, she was in a fit of anger. No matter how much she explained, it would be futile.

Moreover, he was indeed the one who hid it from her.

Xia Jinqi didn't wait for an answer. Her expression became even colder. She took a deep breath. "I want to..."

Before she could finish her words, Yan Jun had already given an answer. "Go."

"?" Xia Jinqi looked into Yan Jun's deep black eyes in surprise. She didn't expect him to have seen through her thoughts, and... .. He agreed so readily ...

Yan Jun knew that she wanted to find Huo Ting personally.

Based on her personality, she definitely wouldn't sit around like this.

Moreover, if the honest people couldn't find huo ting, maybe lego could think of something.

The most important thing now was to find Huo Ting first and ensure his safety.

He reached out to pull her over and planted a kiss on her smooth forehead. "Be careful."

Slightly Biting Her Pink Lips, Xia Jinqi looked up at him again. "You too."

With that, she turned around and got into the second black car at an extremely fast speed.

Wang Mang only turned around to look at Yan Jun with a dumbfounded expression when the car disappeared from sight.

At that moment, Yan Jun had already retracted his gaze and bent down to get into the car.

Wang Mang followed and sat directly beside Yan Jun..

His eyes flickered for a long time before he could not help but ask, "second young master, aren't you worried at all when sister-in-law goes like this?"

Wang Mang Knew Xia Jinqi's identity, and he also knew that Lego was under her jurisdiction. Therefore, the worry he was asking now was that Yan Jun wasn't worried when Xia Jinqi was so worried about Huo Ting?

However, he didn't dare to ask directly for fear of being beaten up.

He didn't know that what Yan Jun was worried about was Xia Jinqi's safety. "Send someone to follow her. Make sure she's safe!"

"..."Wang Mang knew that Yan Jun wasn't on the same channel as him when he heard this.

After thinking about it, he felt that it was true. If Yan Jun himself wasn't worried, why should he be worried?

After all, this was a matter of life and death.

Chapter 799: The man who hid his achievements and fame

In fact, Yan Jun, who was pretending to be calm, was not without the slightest bit of jealousy.

He knew the importance of Huo Ting to her, and he also knew that she only had feelings for Huo Ting as a brother and sister.

However, when she got into the car just now, she was so determined that she did not even think of letting him go with her.

It was one thing to be sensible, but it was another thing to actually do it.

The Sour feeling in the bottom of his heart made his handsome face tense up, and the air pressure around him was also somewhat low.

Wang Mang, who was sitting beside him, suddenly shivered for no reason. Suddenly, he felt a little cold?

Rubbing his arms, Wang Mang secretly glanced at a certain someone beside him who was emitting a chill. He gently moved his hands and feet toward the window.

Although his body was as strong as an ox, he could not stay so close to an iceberg for a long time. Even if he did not catch a cold, he would still get rheumatism!

Wang Mang thought to himself. This master, on the surface, he appeared to be not worried, but in the bottom of his heart, he was like a cat scratching?

"..."

Xia Jinqi first contacted Ling Yue. After changing into men's clothes, she led a group of people toward the university town.

However, what Xia Jinqi didn't expect was that she only told Ling Yue to send some people over. In the end, Ling Yue called Chang Qiye over.

When Chang Qiye moved, half of Rao city's underworld was alarmed.

For a moment, everyone was in a panic. They each covered their own bases, afraid that Chang Qiye was going to their territory.

Terrifying.

This was the first time Xia Jinqi felt how powerful Chang Qiye was.

Ling Yue saw her twitching face and smiled. "Miss, you don't have to be like this. Think about it. For so many years, the casinos in Macau have been under Chang Qiye's protection. If he wasn't ruthless, how could he suppress those local tyrants and let Lego prosper for so many years?"

That was true.

Ever since they were young, they had only taught us to develop morally, intellectually, physically, and artistically. However, they had never taught us that once we stepped into society, only by taking in both black and white would we be able to become the leader.

This was not something that an ordinary person could do, so only a few people could stand at the peak.

What these people had experienced was not something that an ordinary person could imagine.

As for Xia Jinqi, she thought that she was standing on the shoulders of giants.

"Chang Qiye is so powerful. Why is his position in Lego not important?" Xia Jinqi asked again.

At this time, she had already changed into men's clothes. She wore a hat and a mask and a voice changer. She sat beside Ling Yue, looking like a big shot.

Ling Yue also felt very uncomfortable at first, but she slowly got used to it. "Well... Chang Qiye has his ways, but his brain... well, how should I put it? He's not very suitable to be a leader, right? Moreover, he came from the underworld, so the elders are more wary of him."

Hearing this, Xia Jinqi almost understood.

As the saying goes, a single move can affect the whole body.

If Master Chang Qi's position in Lego was too high, others might think that Lego was a black market. At that time, not only would it be difficult to cooperate with the white market, but it would also be difficult to transfer funds.

Moreover, since ancient times, people who hid their achievements and fame did not want to leave any bad comments for future generations.

Lego was even more taboo on this point.

Xia Jinqi smiled in understanding, her watery eyes filled with clarity.

Seeing the smile in her eyes, Ling Yue could not help but feel touched. "Miss, it's great that you can come back."

After experiencing so many things before, and after Lego was taken over by Ji Yunjing, Ling Yue thought that Miss would completely ignore Lego's matters in the future.

Because of this, she was disappointed for a long time.

Chapter 800: made her stronger!

"Yes, it's good to be back." Xia Jinqi looked back at her and said with a smile, "you still call me Miss?"

“Uh... ” only then did Ling Yue come back to her senses and hurriedly changed her words. “Lord leader! ”
” ... ” Xia Jinqi’s face stiffened. She was not used to Ling Yue’s nickname. “You should call me... summer, or young master. ”

“Okay, Honorable Young Master! ” Ling Yue could not help but say a few words cheekily.

She truly admired Xia Jinqi. She was so young and a girl. During Ji Yunjing’s absence, she supported the entire Lego!

It was a great honor to be able to fight side by side with her again!

Xia Jinqi was amused by her. Her previous nervousness about Huo Ting had finally been somewhat relieved.

She turned her eyes to look at the dark night outside the car window, and the thoughts in her heart became even more firm!

In the past, she didn’t think Lego was that important. Instead, she felt that she had been forced to become the leader.

But now... ..

She had too many people to protect, so... .. She wanted to make herself stronger ! !

Lego was left to her by Ji Heng’s grandfather. She would definitely not let him down!

Ling Yue sat at the side and inadvertently looked up. She saw the determination in Xia Jinqi’s eyes and could not help but feel a wave of worship!

“...”

It was night.

A group of cars quietly stopped outside the university town.

Xia Jinqi got out of the car and met up with Master Chang Qi, who was in the car in front.

Ever since Xia Jinqi had earned so much money for Lego, Master Chang Qi had completely approved of Xia Jinqi.

In any case, he, master Chang Qi, was a straightforward person. If he could make money for the group, he would acknowledge him!

He didn’t care if the boss was a man or a woman, tall or short, fat or thin!

When he saw Xia Jinqi, he immediately greeted respectfully, “young master. ”

Xia Jinqi nodded. After taking a few steps forward, she saw that the area ahead was surrounded by a police cordon. There were many police cars parked around the area, and there were also police officers patrolling the area.

At least three cars were destroyed at the scene, and they were still smoking.

The shop on the side of the road was also affected. Many windows and windows were smashed, and the shop was also damaged to varying degrees.

Chang Qiye took a look from afar and didn't want to get close. "PULL THE BRAKE! There are so many police here, what's the point of investigating!"

Sure enough, thieves were afraid of the police.

Xia Jinqi didn't make things difficult for him. "Wait for me here."

After saying that, she walked towards the pile of police with Ling Yue.

Chang Qiye wanted to hold her back, but then he thought that since this guy's identity was so mysterious, he might have an identity in Bai Dao, so he let her be.

He was also happy to idle, standing on the street side while shaking his legs and smoking a cigarette, the whole bandit leader.

Smoking just two, Chang Qi ye saw the front of the police to stop Xia Jinqi, he immediately spit a mouthful-pui Still trying to be cool, but we got stopped!

Have not finished scolding, see a pile of police to Xia Jinqi is nodding and bowing, respectfully put into the person!

Chang Qi Ye's mouth is open like an "o" , is that so?

This kid has some ability!

"..."

Ling Yue, who was beside Xia Jinqi, had the same expression as master Chang Qi. She originally thought that it would be more difficult to enter the scene in front of the policemen.

Who knew that Xia Jinqi would directly reveal XIA JITIAN's identity... ..

She said that she was sent by Xia Jitian to understand the situation and brought out the token. These policemen were not blind and no one dared to offend Xia Jitian.
