

## Trick Me 801

### Chapter 801: the difference between a person and a person

It was natural to let them pass.

Not only did they let them pass, but there were also people following Xia Jinqi and explaining the situation at the scene.

“We pulled up the surveillance footage at the scene and discovered that when chief Huo and his group passed by, the motorcade that had been prepared in advance rushed out at this moment. It was these three cars that were burned. Each car was loaded with explosives. This was practically a suicide raid.”

Xia Jinqi looked at the three cars up close. The interior was charred and emitted waves of stench.

Xia Jinqi unconsciously frowned and asked again, “how are the casualties?”

“Six bodies were found at the scene. Three were burned. The rest are chief Huo’s men.”

Hearing this, Xia Jinqi’s heart tightened again.

If Huo Ting had not run away, he would have been one of the bodies lying here tonight.

“which direction did chief Huo leave from?” Xia Jinqi asked again.

This time, the policeman in charge of the commentary was in a dilemma. “almost all the cars at the scene were burned. There were no other cars found under the surveillance cameras. We speculate that chief Huo left on foot. This place is close to the subway.”

“Now there are no valuable clues left behind? For example, the identity of the person who ambushed us?” Xia Jinqi suppressed the rising flames in her heart and tried her best to make her words sound more peaceful.

“This... our colleagues from the forensics department are already here. As soon as they find any valuable clues, they will immediately report it,” a very official answer was given ...

Xia Jinqi frowned as she looked at the three charred cars and did not continue to ask.

The cars were burnt to such a state, and there were no fingerprints. The other party probably wanted to use this method to destroy the evidence, right?

In order to prevent herself from being found out, she actually sent her subordinates to their deaths  
HOW RUTHLESS!

Xia Jinqi gritted her teeth. She couldn’t agree to such an action.

Without any more value, Xia Jinqi didn’t continue to stay.

After a simple look at the scene, she left with Ling Yue.

Back at Master Chang Qi’s place, Xia Jinqi took out her phone and flipped through the map.

Master Chang Qi saw that Xia Jinqi seemed to be in deep thought, so he didn't dare to go up and ask. He could only ask Ling Yue with a laugh, "what's the situation?"

"He said that he might have left by the subway. There's a subway nearby." Ling Yue did not know much, and she was also waiting for Xia Jinqi to make a decision.

Unexpectedly, when Master Chang Qi heard this, he broke down again. "PULL THE SWITCH! How are we going to find him if we take the subway?"

As soon as he finished speaking, Xia Jinqi, who had been thinking, said, "No, he won't leave by the subway."

"Why?" Master Chang Qi and Ling Yue asked in unison.

"There are many people on the subway. When Huo Ting left, there were still people chasing after him. He will definitely go to a quiet place." As she said this, Xia Jinqi enlarged the map on her phone screen and quickly circled a quiet corner nearby.

When Master Chang Qi heard Xia Jinqi's words, he had a different idea. "only a fool would not take the subway! There are so many people. Isn't it just right to be a cover?"

Hearing this, Xia Jinqi turned around and glanced at him. Her willow-like eyebrows suddenly furrowed, and the air around her was filled with an extremely displeased coldness. "I don't want to hear you say bad things about huo ting a second time."

This was the difference between a person and a person.

As long as a desperado could survive, he would do anything.

However, as a soldier, even in such a dangerous time, Huo Ting would definitely put the safety of the people first!

Xia Jinqi would never allow anyone to insult huo ting like this!

## **Chapter 802: was chopped into potato chips**

"..." Master Chang Qi's heart skipped a beat. Hearing the slight anger in Xia Jinqi's tone, he immediately became serious. "Then where are we going to find them? This city is so big. If we continue to search, won't it be like looking for a needle in a haystack?"

Xia Jinqi finally came back to her senses. She handed the map to Master Chang Qi and pointed at one of the areas. "Go here."

Master Chang Qi casually glanced at it and suddenly thought of an old acquaintance. "Isn't this pheasant's territory? Go and ask him. Maybe we can get some information."

"Rooster?" Xia Jinqi's brows twitched. She asked again, "is it reliable?"

"people aren't reliable, but information is." Chang Qiye nodded with certainty.

Those of them who were involved in the underworld all had their own turf.

As the saying goes, occupying a mountain was the king.

During the day, the city was very beautiful and peaceful. Everything was quiet. However, at night, the local tyrants began to move out.

They fought for territory, stole people, drew hatred, and all sorts of gang fights. They simply flew into the air.

In order to prevent enemies or people snatching territory from sneaking up on them in the middle of the night, there would basically be people standing guard at every opening. It was commonly known as night patrol.

Pheasant definitely had people patrolling the night. Perhaps they would know something.

Xia Jinqi heard that the news was reliable, so she immediately prepared to look for pheasant. "If that's the case, then what are you waiting for? You Know Pheasant, right? LEAD THE WAY! "

This time, master Chang Qi's expression was a little strange. "Cough, cough, cough! Two days ago, I just snatched one of his openings and killed two of his brothers. If I were to pay him a visit now... " he was afraid that he would be chopped into potato chips.

He was so straightforward just now. Why did he mention a pheasant? Wasn't he going to face the gun himself!

Xia Jinqi's footsteps slowed down slightly, and her eyes darkened slightly. She turned to look at Master Chang Qi. Just one look from him immediately made Master Chang Qi feel a little embarrassed. He said repeatedly, "forget it, I'll go all out. At worst, I'll just return the bet to him! "

Seeing this, Xia Jinqi nodded in satisfaction.

She had been by Yan Jun's side for so long. She hadn't learned anything else, but she had been scaring people for a long time.

Speaking of Yan Jun... ... She knew that this trip would definitely be extremely dangerous. Even if something happened to Huo Ting, she did not dare to bring Yan Jun along to take the risk ...

The children still needed someone to take care of them.

In the darkness of the night, a group of people quickly got into the car and headed towards the entrance of the pheasant.

..

At the same time, Yan Jun brought Fan Yufei to a nightclub under the Yan Corporation.

They did not return to the Yan family because what they were going to do next was a little bloody. He did not want to let such a bloody thing pollute the paradise that he had promised Xia Jinqi.

When Fan Yufei was brought in, she saw all kinds of people coming and going in the nightclub. It looked very lively.

She thought that Yan Jun had brought her here to play. After all, wasn't a place like this just for entertainment?

After all, if Yan Jun really wanted to do something to her, he should have brought her to the public security bureau or some unfinished building or basement or something... ..

So when she was sent into a luxurious private room and forced to sit in front of Yan Jun, her eyes were filled with curiosity and a little excitement.

Very soon, someone brought a glass of wine and placed it in front of her.

Just as Fan Yufei was confused, the noble man sitting deep in the Leather Sofa in front of her finally opened his mouth.

"drink up. "

Those two words were cold and the tone of his voice did not fluctuate at all. It was so indifferent that it made people fear him.

Fan Yufei thought that it was just an ordinary glass of wine, so she reached out to take it. "thank you, President Yan... "

But before her hand touched the glass of wine, the person beside her who was carrying the wine threw a small black pill into it. Fan Yufei did not know what it was exactly.

### **Chapter 803: was because I love you too much**

She only saw the waiter throw something into it.

The hand that was stretched out froze in mid-air.

Fan Yufei's eyes trembled as she looked at Yan Jun in fear. "what... What is this thing? "

Yan Jun's cold gaze landed on her face as his thin lips curled up. "A return of favors. "

"..."Fan Yufei did not understand. Could it be that the thing that the waiter threw in was a good thing?

But even faster, Yan Jun spoke to dispel her naive thoughts. "I remember that you drugged me once and saved me once. I should repay you properly. "

Just as he finished his sentence, the waiter threw another pill into it.

"Ding Dong! " The sound of the Pill Stung Fan Yufei's eardrums.

She looked at Yan Jun in horror and asked, "is this... is this Cuiqing medicine? "

The last time she drugged Yan Jun, it was the same medicine. Since Yan Jun had brought up the past, could it be that he had drugged her as well?

Yan Jun's expression was already very bad. The moment he heard Fan Yufei say those three words, his face turned Ashen.

When the waiter saw this, he stepped forward and gave Fan Yufei a slap. "PA!"

This slap made her fall to the ground.

Fan Yufei did not understand what had happened and could only hurriedly cover her face. Her eyes were filled with tears of terror.

She was almost scared silly and had no idea what Yan Jun meant.

The attendant was kind enough to explain to her "How dare you mention such dirty words in front of my master? This medicine is crippling. Some people drink it until they are blind, some drink it until they are deaf and mute, and some drink it until they are paralyzed. It all depends on your own life."

"Yan Jun, you... why are you doing this to me? I, I even saved your life back then!" Fan Yufei cried out as she crawled over and hugged Yan Jun's leg, pleading bitterly ...

Yan Jun did not kick her away. He calmly leaned over, picked up the glass of wine from the table, and handed it to Fan Yufei. "This is a thank you gift."

Since she had repeatedly brought up the matter of saving his life, he had to thank her even more.

Back then, not only Yan Jun, but even Ji Xinyu had stepped forward to thank Fan Yufei for a lot of benefits.

But after so long, she was still using this incident as a threat. It was as if she could rely on Yan Jun for the rest of her life just by saving him once.

Yan Jun hated such behavior the most.

Back when Fan Yufei drugged Yan Jun, Yan Jun did not pursue the matter on account of her father. Now was a good opportunity to clear up the past.

Fan Yufei did not accept it. Tears streamed down her face as she fell to the ground. "I don't want... I don't want this gift..."

She shook her head desperately as she stared at the glass of wine in horror. Every cell in her body was strongly resisting it!

CRIPPLING... .. She did not want to be crippled. She was still so young and had such a wonderful time. How could she be crippled??

She looked at Yan Jun with tears in her eyes. "You know that I like you. I would do anything for you. I... I drugged you back then. It was only because I loved you too much..."

"Is that so?" Yan Jun was cold as he continued to pass the wine to her and placed it close to her lips. "You would do anything for me? For example, drink this glass of wine."

Fan Yufei froze as she bit her lower lip so hard that it almost broke. Fear rose in her heart. "You can't... Yan Jun, you can't do this..."

As she cried and shook her head, Fan Yufei was almost exhausted. "Why do I love you so much? Why don't you ever look me in the eye? Instead, you have a soft spot for Xia Jinqi's illegitimate daughter..."

## Chapter 804: CALL OUT YOUR PHEASANT'S HEAD!

It would have been better if she had not mentioned this. The Moment Xia Jinqi was mentioned, Yan Jun's originally dark eyes instantly sank to the bottom of the valley!

He suddenly leaned forward and grabbed Fan Yufei's chin, asking sternly, "who told you that she was an illegitimate daughter? ! "

"I..." Fan Yufei had never seen such a gloomy and terrifying Yan Jun. her mind instantly went blank and she could only answer subconsciously, "It was you Xi. You Xi told me. "

The moment he heard this name, Yan Jun's phoenix-like eyes narrowed.

You Xi This woman was still alive?

He Flung Fan Yufei's face away and Yan Jun slammed the glass of wine onto the table, "how did you meet her and how did she tell you all these things? Tell me clearly, one word at a time! "

Fan Yufei fell to the ground again and her heart was still filled with fear. It was only when she saw Yan Jun take away the glass of wine that her panic lessened.

She spoke in a hoarse voice and told him everything that happened when she met you Xi. She did not hide anything.

After hearing that, Yan Jun smiled coldly.

So it was you Xi.

This woman had worked by his side for so many years. He did not expect her to be such a troublesome person.

She did not die in the ruins of the explosion. She was only disfigured and survived?

She even knew how to hide and stir up trouble in the dark.

Ever since he got married, he rarely bothered about these things. So these people did not take him seriously, right? ! !

"It was you Xi who made me do it..." Fan Yufei cried and tried to climb over to hug Yan Jun's leg.

Yan Jun snapped back to his senses and kicked away the disgusting thing beside his leg. He then stood up and picked up a Napkin to carefully wipe his well-defined hands.

"This is the last time. If you do it again, I will not forgive you!" Throwing away the Napkin that he had wiped his hands with, Yan Jun walked away with a cold face.

Fan Yufei wanted to chase after him, "Yan Jun!" But she was held back by two waiters.

The door of the private room was closed again, blocking all the sounds coming from behind.

Yan Jun took a few steps outside, and his assistant followed him and reported the latest news about Xia Jinqi.

“Young Master, Young Madam has been to the scene. She’s heading towards Shanji’s territory now.”

“still no news about Huo Ting?” Yan Jun asked with a frown.

“No.” The assistant shook his head.

There was a moment of dead silence in the air.

After a moment, Yan Jun said, “find someone to tell Shanji to cooperate with Xia Jinqi.”

“Yes, young master.”

“Also, find you Xi for me.”

When the assistant heard you Xi’s name, he was also surprised. However, seeing that Yan Jun was not in a good mood at the moment, he did not ask further and only nodded. “Then what should we do with this Fan Yufei?”

Thinking of that woman, Yan Jun frowned in disgust. “throw her back.”

“Yes.” Only then did the assistant leave.

Yan Jun walked out of the nightclub.

The Sky Tonight was exceptionally dark. There was not even a hint of moonlight.

He did not know how Xia Jinqi was doing.

?`?

In an area eight kilometers away from the university town.

Xia Jinqi and Master Chang Qi had just arrived at the entrance of the mountain chicken. Before they could even say a word, they were surrounded by a group of gangsters with Mace in their hands.

One of them seemed to be the leader. He carried the Mace on his shoulder and glared fiercely at Master Chang Qi. “there is a path to heaven, but you don’t want to take it. There is no door to hell, so you barged in! Chang Qigou, you just snatched my brother’s entrance yesterday, and now you’re here to die?”

Chang Qiye, who was in the underworld, was most particular about his face!

How could he endure being scolded in public?

He immediately pulled out his gun and pointed it at the head of the guy who came to provoke him.

“Stop Your F \* Cking nonsense! CALL OUT YOUR PHEASANT HEAD!”

### **Chapter 805: came out?**

Xia Jinqi didn’t need to move. There were at least ten bodyguards protecting her.

She listened to the nicknames that the two sides had given each other and felt helpless.

Chang Qi.

Pheasant head.

.. Very... ... Very unique ...

Just as Chang Qi finished shouting, there was an echo from the other side.

“Chang Qi, why aren’t you looking after the house in the middle of the night? Why are you running around on your grandfather’s territory? Are you courting death! ” This voice didn’t sound very steady, as if it was between a male voice and a female voice. It sounded indescribably delicate.

Xia Jinqi looked in the direction of the voice and saw a ruffian-like youth walking out. He was wearing a black t-shirt, and on his exposed arms was a leopard tattoo.

Upon seeing this person, Xia Jinqi knew why he was called mountain chicken.

He was very thin, neither tall nor short, and his shoulders weren’t wide, making his head seem a little big.

Mountain chicken... ... was very presentable ...

This was the first time since Xia Jinqi took charge of Lego that she had come into contact with anyone other than Chang Qiye.

After pheasant finished teasing Master Chang Qi, he shifted his gaze to Xia Jinqi. “Oh, you brought a teenager with you? Dog Chang Qi, when did your taste change? Have you come out of the closet? ”

His gaze moved back and forth between Xia Jinqi and Master Chang Qi. It was very evil, and it made Xia Jinqi feel disgusted.

Before she could speak, master Chang Qi shouted, “how dare you! This is my young master. You Better Watch your mouth, or else you won’t even know how you died! ”

“Young Master? ” Pheasant restrained himself a little and looked at Xia Jinqi with a more serious gaze.

Pheasant understood who master Chang Qi worked for.

Since Master Chang Qi had admitted so generously, wasn’t he telling him that this weirdly dressed youth in front of him was Lego’s boss?

“What are you doing here? ” Pheasant was the first to ask. He looked so calm on the surface, but in fact, he was already starting to feel uneasy in his heart.

Damn it.

He was wondering why Chang Qigou would come to court death so late at night. So it turned out that he had called his big brother here?

LEGO’s boss had personally come out of the mountain. Could it be that he wanted to court death for a little pheasant like him?

Xia Jinqi did not hold back and said directly, “you should know that there was a car accident at the university city tonight, right? I want to ask you, did you see any suspicious people running out of the university city and passing through your territory?”

According to Chang Qiye, pheasant’s underground people were like beggars’gang disciples. There were spies everywhere. Asking them was much faster than finding the surveillance cameras one by one!

When pheasant heard that they were not here to destroy his lair, he immediately heaved a sigh of relief. Then, he thought about it and realized that they had something to ask of him.

That would make things easier.

Immediately, pheasant put on an arrogant front. He coughed and cleared his throat. “So you’re here to buy information! Let’s not talk about this for now! Chang Qigou stole my territory and killed my brother. You have to give me an explanation for this, right?”

These words made Chang Qiye feel a little uncomfortable.

He turned around and glanced at Xia Jinqi with an unfriendly expression.

He did not care about the relationship between her and Huo Ting. It could be seen from her swift and decisive behavior that she might sell him to pheasant head to vent her anger for the sake of getting information about Huo Ting!

If she was really so heartless, then he would also... ..

Before Master Chang Qi could finish thinking, Xia Jinqi had already opened her mouth.

“This is a world where the strong prey on the weak. Your people can’t win, you lost your bet, you lost your face, and you still want to explain yourself?”

### **Chapter 807: Kneel 20 meters away!**

Xia Jinqi frowned and stared at everyone in front of her!

This was the first time she had participated in such a fight on the Dao!

It felt like a world of difference from the relatively quiet and peaceful world she had been in during the day!

The people here were willing to sacrifice their lives for their big brother and their own club!

Even Xia Jinqi unconsciously clenched her teeth. Her heart rate suddenly increased, and it was like beating a drum!

“PLOP! PLOP!”

In comparison, master Chang Qiye was much more relaxed.

He turned his neck without changing his expression. “Kacha!”

Then, he clenched his fist. “CREAK!”

Just these two sounds were enough to make the timid people unable to stand still!

Master Chang Qiye looked at the pheasant people with great interest. His eyes were filled with complete contempt, as if he was looking at a bunch of miscellaneous bugs. He could finish them all with one finger!

Pheasant’s subordinates finally couldn’t stand such provocation. They all took a deep breath, and fierce expressions appeared on their faces. They were about to rush over and attack!

Life and death were on the verge of breaking out!

However, at this critical moment, pheasant suddenly knelt down in front of Xia Jinqi!!!

That ‘plop’ sound was especially crisp!

Everyone was stunned. It was as if time had stopped at this moment!

One of pheasant's underlings had already leaned forward, unable to retract his body. At this moment, when he saw his big brother actually kneeling down, he was immediately scared silly. He loosened his grip and the mace fell to the ground. "Bang!" It hit the instep of his foot. It was so painful that it exploded!

However, he did not have the time to care about his own foot, because pheasant started crying loudly at this moment. "So it's Young Master Yan's benefactor! Pheasant had eyes but failed to recognize Mount Tai, offending his benefactor! !"

Xia Jinqi, "..."

After blinking her eyes twice with great effort, Xia Jinqi was sure that she had not seen wrongly, and that she was not imagining things.

The person kneeling in front of her was indeed pheasant!

He was clearly so arrogant just a moment ago, but now... .. He had actually knelt down? ?

This sudden turn of events happened a little too quickly, didn't it?

Xia Jinqi recovered from her shock and immediately frowned. She hurriedly asked, "are you talking about Yan Jun? !"

There weren't many people with the surname Yan to begin with, and in Rao city, there was only Yan Jun's family!

How did he know Shanji?

Master Chang Qi, who was at the side, was also dumbfounded. He didn't look at Shanji. His gaze fell on Xia Jinqi in complete disbelief, and he forcefully swallowed his throat!

Just what kind of background did this guy have?

It was fine if the people from the police station nodded and bowed to her... ..

A local hooligan like Lianshan Chicken, oh no, this kind of strong-willed man from the underworld actually knelt down to her just like that? ! !

And it was the hair No Hesitation Hesitation!

In addition... .. Where was the battle that was supposed to be on the verge of breaking out? Where was the battle that was supposed to be resolved with fists? ?

**PULL THE BRAKE!**

Only then did Shanshan chicken burst into tears and Snot, "it's exactly young master Yan! You saved young Master Yan, it's the same as saving me, Shanshan Chicken! "

After he finished speaking, he fiercely glared at his underlings who had unknowingly raised their weapons high and shouted loudly "All of you, take a good look! This young master in front of you is our benefactor from now on! NO ONE IS ALLOWED TO BE IMPUDENT! If you meet him outside, you'll have to kneel twenty meters away! "

The underlings didn't understand the severity of the situation and immediately knelt in front of Xia Jinqi without saying a word. "Benefactor! !"

Xia Jinqi, "..."

Someone explain to her what was going on... In front of her ? ?

### **Chapter 808: she could not trust others, but she would definitely trust him!**

However, there was one thing that was very clear. Pheasant had suddenly changed his attitude because of Yan Jun..

Xia Jinqi suddenly remembered that someone had indeed said something to pheasant's ear, and pheasant's expression changed.

It should be Yan Jun helping her.

When she thought of this, Xia Jinqi's eyes could not help but soften a little. She looked at pheasant and his underlings. "All of you, get up first."

What era was this? They would kneel down at any time, making people feel uncomfortable.

Only then did pheasant stand up with his underlings. Wiping away his tears, he said, "benefactor, are you going to ask about the whereabouts of the Group of people that just came?"

"Yes!" Xia Jinqi became serious again. She could ask Yan Jun about pheasant in the future, but the one who was pressing at the moment was huo ting.

"They came half an hour ago. I know where they are. I'LL BRING BENEFACITOR!" Pheasant volunteered, changing his arrogance from before.

Before Xia Jinqi could respond, master Chang Qi, who was beside her, coughed heavily. "There's no need. Just tell us the direction! You Kid, you're full of tricks. Who knows what you're going to do next?"

"You! I can't be bothered to argue with you, Chang Qigou!" Pheasant glared at him and turned back to look at Xia Jinqi. "Benefactor, i..."

"No need to say more. I believe you. LEAD THE WAY!" Xia Jinqi made a prompt decision. She would never doubt the person she was using.

Since it was Yan Jun who was helping her, it meant that pheasant was someone she could trust.

She could not trust pheasant, but she definitely trusted Yan Jun..

"Young Master, aren't you being a little too hasty?" Master Chang Qi held his head. He and pheasant did not get along!

The pheasant snorted and quickly went in front of Xia Jinqi to flatter her. "benefactor, go this way. This way is a shortcut!"

“...”Master Chang Qi saw that the situation wasn’t right. This was his family’s young master. Why did this pheasant head come to curry favor with him?

If this continued, the pheasant head’s limelight would almost surpass his!

Thus, master Chang Qi also quickly followed up to express his loyalty. “young master, don’t worry! With me, Chang Qi, around, I absolutely won’t let you hurt a single hair on your head! ”

The pheasant head wasn’t willing to be outdone. “benefactor, don’t worry! Even if I, pheasant, don’t want this wretched life, I still want to ensure your safety! ”

Xia Jinqi, ”...”

Why did she feel like she had become a popular person?

“...”

The group of people took advantage of the night and quickly shuttled through the streets of the border city.

Every section of the road, one of pheasant’s subordinates would come over to report the latest news.

After about ten minutes, pheasant suddenly pulled Xia Jinqi back, his expression somewhat grim. “Benefactor! They’re right in front. For security, I’ll go and scout the way first. You’ll follow right behind! ”

Master Chang Qi also nodded. “Young Master, you stay here. We’ll go first! ”

Xia Jinqi knew what they meant.

There was a group of people in front who had retreated from the gunfight in university city. However, it was so dark that it was difficult to see their shadows, let alone see their faces. Moreover, Pheasant’s subordinates didn’t know Huo Ting They couldn’t be sure if the person in front was huο ting, which was why they were so cautious.

They were all experienced and skilled people, so it was understandable for them to go and investigate the situation first. However... .. She wasn’t used to the feeling of others charging forward and taking advantage of the situation ...

Moreover, what if that person was Huo Ting? As her childhood friend, how could she not hesitate?

Just as Xia Jinqi was deep in thought, a gunshot rang out in front of her!

Then, as if there was a chain reaction, dense gunshots came from all directions!

“Bang Bang Bang! ”

### **Chapter 809: don’t run alone, follow me!**

Xia Jinqi’s heart felt as if it was gripped by an invisible hand!

She didn't have time to think. She snatched the gun from Chang Qi's hand and took the lead to run in the direction where the gunshots came from! ! !

She had been bullied since she was young, and the person who stood up for her without hesitation was huo ting!

This time, it was her turn to protect him!

Even if the road ahead was unknown, she had to take a gamble!

Chang Qi came back to his senses and saw that his hand was empty. He then saw that Xia Jinqi had already run away and immediately shouted, "PROTECT THE EMPEROR! PROTECT THE EMPEROR! QUICKLY PROTECT THE EMPEROR!"

The group of people behind him instantly swarmed forward and chased after Xia Jinqi!

"Bang Bang Bang!"

There was another wave of dense gunshots in front of her, and Xia Jinqi's blood pressure rose rapidly.

Even though she was holding a gun in her hand, she had never fired a gun before, and she had never experienced such an actual battle!

Her lower lip was bitten until it was a little torn, and blood flowed out. The pain made Xia Jinqi more or less calm down.

Before she could go up, pheasant and Master Chang Qi had already caught up, protecting Xia Jinqi from both sides.

"Another group of people have arrived. It looks like they're here to silence us. They're on the right front. Chang Qi, I'll attack the right in a while. You protect your benefactor and enter through the alley on the left!"

Pheasant had spies here, and this was his territory. He was very familiar with the terrain here, so his judgment was very referential.

It was rare that Master Chang Qi did not bicker with him this time. Instead, he nodded and cooperated. "young master, don't run alone. Follow me! This bullet doesn't have eyes. If it hurts you..."

As soon as he finished speaking, the other party threw a grenade at him. The crisp sound of it landing on the ground instantly made everyone tense up!

No one said anything. They just got up and ran!

Xia Jinqi only felt that she had never run so fast in her entire life!

In the blink of an eye, she arrived at the entrance of the alley on the left. Before she could regain her senses, a violent explosion was heard!

"Damn it! Why do these guys have grenades? Isn't that controlled by the military? !" Master Chang Qi cursed. He reached out and wiped his head, shaking off the dust and dirt from the explosion.

Xia Jinqi's heart skipped a beat. Controlled by the military... .. Then the people who came.. ...

Pheasant couldn't care less. "fortunately, it's not a biological grenade. Otherwise, we'd all be finished. Benefactor, the person you're looking for should be in the uncompleted building at the end of this street. You go first, I'LL HOLD THEM BACK! "

After saying that, pheasant quickly got up and ran in another direction. A few more shots were fired.

Xia Jinqi's eyes were dark. She took a deep look at pheasant before turning around and running towards the uncompleted building!

Chang Qiye followed closely behind. He had come here with blood on his hands, so it was normal for him to face a hail of bullets. He just went on stage and DID IT WITHOUT FEAR!

On the other hand, this young master of his seemed to have a small frame and wasn't very tall. His small hands were fair and tender. How old did he look? He shouldn't have experienced this before, right?

Other Kids would probably pee in their pants, but she was quite calm.

It really made people admire her.

Chang Qiye laughed heartily. As expected of the leader of Lego!

Forget it, forget it. He was completely convinced. Just acknowledge her as the young Master!

Xia Jinqi ran to the bottom of the unfinished building and was about to rush up.

However, Master Chang Qi pulled her back. After shaking his head slightly, he brought her along along the wall of the corridor and walked up bit by bit.

### **Chapter 810: They were obviously merciful soldiers**

Both of them held their breaths. Neither of them dared to make a sound, for fear of attracting more enemies.

Most importantly, they still didn't know whether Huo Ting was hiding in this dilapidated building.

When they reached the entrance of the second floor, Master Chang Qi glanced at the bodyguard behind Xia Jinqi. That person immediately made a meeting. He quickened his pace and took the lead to go upstairs.

The building was dark, and the lights were not turned on. No one knew what was hidden inside. Master Chang Qi would never let Xia Jinqi take such a risk.

Xia Jinqi also knew that this was a tactic, so she obediently stood where she was and waited.

However, she waited for half a minute. The bodyguard who went up disappeared without a trace, and there was no sound. The air was filled with a deathly silence!

Master Chang Qi seemed to have noticed something strange as well. He first brought two people and went upstairs in disgrace.

Xia Jinqi also followed. However, the two of them had only taken a few steps when they were immediately frozen in place by a low roar from the darkness. "Stop! If you take another step, I'll kill you!"

At that moment, Xia Jinqi felt as if her brain had not given the order at all. Her legs were already firmly fixed in place.

A strong desire to survive... .. was faster than her instinctive reaction ...

Chang Qiye was also frozen in place because not only did he hear the threat, he also felt a gun pressed against his forehead.

At that moment, two words popped up in Chang Qiye's head.

The switch was pulled.

How could one see clearly in the darkness that it was a gun This was Chang Qiye's many years of experience after being struck by a gun.

Guns were different from other things. From the moment they were created, they carried the aura of death.

However, he was an experienced person after all. In such a situation, he was not so scared that he could not speak. Instead, he teased him "brother, please don't be rash. We don't have any ill intentions. We just came by to see if there are any old friends of our young master..."

"Old Friends?" A voice sounded in the dark. Chang Qiye could not tell if it was an enemy or a friend, so he deliberately threw out the bait.

"Huo Ting," Xia Jinqi said in a low voice. She had probably guessed the identities of these people.

The group of people that they had met downstairs earlier, regardless of whether they were friend or foe, would engage in a firefight whenever they met. They were vicious and merciless.

But this group of people did not. They clearly had a compassionate heart.

If a person with a gun did not kill, what else could he be if not a soldier?

Sure enough, the moment Xia Jinqi said that name, someone from the other party turned on a flashlight and flashed it at Xia Jinqi and Master Chang Qi's faces.

"How do we know if you're here to assassinate chief huo?" The person holding the flashlight asked.

Seeing this, Chang Qiye seemed to have understood something. He was finally less nervous. He even reached out and wiped his face. "Are you F \* Cking stupid? If we wanted to kill you, we would have done it long ago! My brothers are all downstairs. Should I call them up for you to take a look?"

Chang Qiye felt very aggrieved.

It was not easy to find them after they had fought their way out of the hail of bullets. When they saw each other, they did not give each other a warm hug. Then, they cried out in gratitude. In the end, when they came up with a gun pointed at their heads, they were almost scared to death!

This was simply too much... ..

After scolding them, he felt relieved. However, that person used all his strength to prod his gun and threatened, “shut up!”

Xia Jinqi did not have the mood to cause a Ruckus with them. She said, “I was sent by Yan Jun. where is Huo Ting?”

After hearing Xia Jinqi’s words, there seemed to be some movement in the room as well. The sound of footsteps could be heard.
