

## Trick Me 811

### Chapter 811: she had never seen Huo Ting look so weak!

Xia Jinqi recognized him at a glance. He was Huo Ting's adjutant!

On the day of the Yan family's explosion, Huo Ting had brought him to the Yan family!

She was overjoyed and asked, "where's Huo Ting?"

This adjutant was equivalent to Huo Ting's security guard. He had never left Huo Ting's side!

Since he was here, it meant that Huo Ting was also here!

The adjutant glanced at Xia Jinqi. Seeing that she was dressed in men's clothing and that her voice was also male, he felt alarmed.

"Who are you?"

"I..." Xia Jinqi hesitated for a moment. Her current identity was the leader of Lego, and Master Chang Qi was still here. She couldn't expose her identity.

However, if she didn't say that she was Xia Jinqi, how could Huo Ting recognize her?

After thinking for a moment, he said, "I'm Xia Tian."

After saying that, he added, "Yan Jun sent me."

This adjutant knew the relationship between Huo Ting and Yan Jun very well.

The adjutant turned around and glanced at the bodyguards behind Xia Jinqi. One of the bodyguards automatically went forward and took out a token belonging to the Yan family. Only then did the adjutant wave his hand and ask his subordinates to put away their guns. "They're friends."

With that, he looked at Xia Jinqi. "The chief is inside, but the situation is a little..."

Before the adjutant could finish his words, Xia Jinqi had already darted into the room behind him!

It was not a spacious room. The windows were still made of cement. There was not even fast glass. The cold night wind blew into the room.

Huo Ting was sitting on the ground under this window. His back was against the wall. His eyes were tightly shut, and his face was as pale as paper!

He HAD FALLEN INTO A COMA!

There was a small lamp beside him. The light was not strong, so she could only see three people standing beside him.

Xia Jinqi did not look carefully. She moved her feet and rushed to Huo Ting. "Huo Ting!"

She let out a loud cry, and her eyes turned red instantly!

She had never seen huo ting look so weak!

“What happened to him? !”

Someone beside her came forward and said, “he was seriously injured. He lost too much blood and fainted.”

“Then what are we waiting for? Let’s go! Go to the hospital!” Xia Jinqi held back her grief and tried to help Huo Ting.

“No, there are too many people outside. We are too few.” The adjutant came over to stop her. His expression was very ugly.

He was also worried about the safety of the chief. However, since they broke out of the encirclement, there were only five or six people left. The other party had sent at least thirty or forty people. If they went out now, it would be no different from sending themselves to their deaths.

Therefore, they could only hide for now.

Xia Jinqi glanced at the adjutant. She did not stop moving. She had already helped Huo Ting up with one of his arms on her shoulder. “I have many people with me. We can definitely break out of the encirclement!”

After saying those firm words, Xia Jinqi carried huo ting and walked out with great difficulty!

Huo Ting was originally tall and big. In addition to his many years of unremitting physical training, the muscles on his body were even firmer!

Now that he was pressing on Xia Jinqi’s thin and small body, the strong contrast and contrast were highlighted, almost crushing her body.

When the adjutant heard this, he also became excited. “Then what are you waiting for? HURRY UP AND LEAVE!”

The three people in the room looked at each other and didn’t say anything. They immediately went forward to support Huo Ting’s other arm, and the group of people began to move downstairs.

When the person got closer, Xia Jinqi was shocked to find that the person was actually Li Jie!

When she turned around, Li Kui and Li Hao were also following behind!

She was inexplicably shocked. Why were these three people following Huo Ting?

Didn’t they say that they were dangerous people... ..

## **Chapter 812: little girl, you’re here... ..**

However, under such circumstances, Xia Jinqi did not have the extra time to think about anything else. She supported Huo Ting’s body with all her might while cheering him on by his ear. “Er Huo! HANG IN THERE!”

The Moment Huo Ting, who was originally unconscious, heard the words 'er Huo', his valiant eyebrows twitched slightly.

In this world, there was only one person who would call him that.

It was... .. Did the Little Girl Come Oh?

She actually came to such a dangerous place?

Very soon, they arrived downstairs. The gunshots around them became more and more concentrated, continuously pressing towards them.

When Master Chang Qi saw that the situation was not good, he hurriedly urged Xia Jinqi to leave first. "Young Master, I'm afraid that pheasant's side can't hold on any longer. Hurry up and leave, I'll take the rear!"

Xia Jinqi nodded and helped huoting to leave first. "YOU HAVE TO BE CAREFUL!"

When Master Chang Qi heard this, his fierce face was momentarily stunned.

In such a critical situation, young master could still care about him... .. He didn't expect that this young master was so loyal!!

It was much better than those cowards who only cared about sending their subordinates to their deaths just to escape for their own lives!

With her loyalty, master Chang Qi made up his mind!

He would definitely protect this young master!

He immediately turned around and called out to his brothers, "all of you, put on 120,000% of your energy. You must send the young master away safely!"

"Yes!" The people below responded. They immediately spread out in formation and blocked the people who were chasing them from behind.

The people sent by Yan Jun followed closely around Xia Jinqi. Both sides were split into two teams at once.

Master Chang Qi was in charge of taking the rear while Xia Jinqi was in charge of bringing huoting away.

Originally, they had moved fast enough. Master Chang Qi had already used his energy to suppress the people behind them. However, a group of people suddenly appeared from nowhere in front of them and blocked Xia Jinqi and the others' path!

The other party came menacingly. They opened fire as soon as they came forward. They did not care who the people in front were. In any case, it was a sudden and fierce attack.

The bodyguards immediately stood in front of Xia Jinqi. Li Jie flashed and took out two guns from his body. He fired left and right. With a burst of firing, a group of people immediately fell in front of him!

Xia Jinqi did not have time to click her tongue. After Li Jie left, Huo Ting's whole body was almost pressed on her body. It was so heavy that it almost bent her ridge back. Her legs were also somewhat strained, and she was about to lose her balance.

But even so, she still clenched her teeth and struggled to drag Huo Ting forward!

Here only she does not know how to use a gun, she held Huo Ting, can let the people around a fighting force!

Besides... ..

She will never let go of Huo Ting!

“Erho, hang on, we'll be home soon!”

She gritted her teeth. She was encouraging Huo Ting as well as herself!

She did not know whether it was the loud noise or the words 'er Huo' that struck her heart, but huoting actually woke up.

Even if he did wake up, he was still in a half-asleep state due to excessive blood loss... “Er Huo...”

He opened his eyes to look at the person who had been supporting him, but he could not see clearly.

He only knew that this person was about the same height as the girl, and he was also called 'Er Huo' ... “Er Huo...”

“Girl, you're here...” he was in a daze as the corners of his lips curled up into a weak smile.

“Yes! It's me!” Xia Jinqi answered in surprise. Huo Ting woke up. “Don't sleep. Talk to me. We'll go to the hospital right away...”

In fact, even after she had said so much, Huo Ting had only heard a few words.

His consciousness was blurry, and he was incredibly weak.

“Why? Why did you come...” he murmured again, his brows furrowed.

### **Chapter 813: would make his heart ache**

It was so dangerous here.

Why did his girl come... ..

What if she was injured?

His heart would ache.

“because you are Erhuo!” Xia Jinqi gritted her teeth, trying hard not to cry.

However, hearing his weak voice, which sounded like a wisp of smoke that would be blown away by the wind in the next second, how could she calm down!

His body was getting heavier and heavier, pressing down on her knees so hard that she was about to fall down!

Just as she was about to fall down, Xia Jinqi felt the figure in front of her sway, and a powerful aura of a king rushed over. Then, Huo Ting's body was lifted up!

Xia Jinqi's shoulders lightened, and she stood up easily once again!

She subconsciously looked to see who was helping huo ting up, but she saw that the person was the same as her. He wore a hat and a mask, and his head was slightly lowered. She could not tell who it was at all.

A person dressed like this most likely did not want others to see his true identity.

Looking at the extraordinary temperament on his body, as well as a familiar aura that could not be more familiar... ..

Xia Jinqi did not give up. She wanted to look at that person, but an explosion came from ahead. Then, someone surrounded her and sent her to the car that happened to be coming. "Let's go!"

The gunshots in front continued, but Xia Jinqi couldn't care less. She sent Huo Ting into the car, but the gun didn't let go. She turned around and was ready to save Chang Qiye.

Unexpectedly, when she turned around, the man who had helped Huo Ting just now pressed down her hand that was holding the gun and stuffed her back into the car. Then, he slammed the car door shut.

Xia Jinqi's pupils constricted. She subconsciously wanted to open the car door, but she heard a click. The car door was locked.

She slapped the car window anxiously. "Wait! Let me out of the car! I WANT TO GET OUT!"

However, the driver did not listen at all. He stepped on the accelerator and sped away in the blink of an eye!

The remaining man wearing a black cap raised his chin slightly and looked at the car that was driving away with a deep gaze.

The bodyguard behind him quickly approached. "Second Young Master, the other party is armed with heavy weapons."

This was the Yan family's bodyguard. They only protected the Yan family members.

And the person in front of them was their most respected second young master of the Yan family, Yan Jun!

At that time, the streetlights on the street were already in tatters. The light bulbs even fell out, pulling on the firing line and the zero line.

As the night wind blew, it alternated between brightness and darkness. The colorful shadows that were projected swayed in his deep black eyes, giving off a cold and threatening feeling.

"leave him alive."

His thin lips lifted slightly, and the three words that were as cold as an ice cellar slowly flowed out.

“Yes!” The bodyguard immediately nodded and immediately joined the battle.

“...”

Xia Jinqi slapped the car window but to no avail. Her gaze fell on the driver in the front row again. “STOP THE CAR! Let me out!”

She had already recognized who the person was. Did he want to be like last time, after sending her away, face the rain of bullets alone?!

The driver did not slow down at all. He looked straight ahead at full speed.

With Xia Jinqi’s current attire, the people of the Yan family could not recognize her at all. Naturally, they would not reply.

In addition, this was an order personally given by second young master. He had to send these two people away safely. Unless he died, the CAR would never stop!

Seeing that the driver was indifferent, Xia Jinqi could only grit her teeth helplessly.

She clenched her fists slightly and realized that her hands were wet... ..

She hurriedly lowered her head to look and shockingly found that her hands were already covered in blood.

She instinctively looked back and noticed that Huo Ting’s army pine green uniform seemed to be darker than usual?

#### **Chapter 814: In even if she died, she had to try her best to remember her voice, Smile, and appearance**

It was so deep that it was a little murky.

Xia Jinqi seemed to have understood something. Her fingertips trembled slightly as she touched Huo Ting’s military uniform.

Sure enough, a sticky and moist sensation instantly assaulted her.

She had been carrying him the entire time just now, and the situation was so chaotic that she didn’t have time to notice these details.

Now that she looked, she realized that his entire body was soaked in blood... ..

The color of the Pine Tree Green military uniform was originally dark. It was soaked in blood, so it was impossible to see clearly in the hazy night sky!

It was only at this moment, under the illumination of the light in the car, that Xia Jinqi saw clearly that not only was huoting covered in blood, but even the seat he was leaning against was also stained with blood.

“Erhuo, are you asleep again... ” Xia Jinqi’s teeth were trembling, and her gaze was blurry as she looked at the pale-faced huo ting.

She called out to him, but there was no response.

She reached out to push him again, but there was still no response.

Xia Jinqi’s heart was suddenly lifted, and she was so anxious that she almost cried. “Erhuo! DON’T SLEEP! Wake up! ”

She raised her voice and Patted Huo Ting’s face hard. Her clear applause echoed in the not-so-spacious car.

The driver in the front row took a look in the rearview mirror and found that huo ting’s condition did not seem too good. He stepped on the accelerator again. He had to rush to the hospital as soon as possible!

Huo Ting was very tired. He was really very tired.

When they set off tonight, he did not sit in his transfer car. Instead, he blended in with the guards. He could be considered to have escaped a disaster.

However, a few waves of people came later. Everyone’s target was huo ting. It was inevitable that he would be seriously injured.

In addition, he had lost too much blood, causing him to lose consciousness, and his body’s functions were all reduced.

He really wanted to fall asleep... ..

However, he seemed to hear someone calling his name all the time. He was very anxious, and he even started to cry.

The sound of crying was so sorrowful that he felt his heart ache when he heard it.

There was a suffocating palpitation and reluctance to part.

He began to want to see who was crying next to him. He really wanted to comfort her and tell her not to cry anymore.

Then, he slapped his face. It was a little dull and dull.

He finally opened his eyes.

Xia Jinqi was overjoyed. She almost immediately took off her mask and looked at Huo Ting. “Er Huo, it’s me! Don’t sleep, talk to me... ”

The Moment Xia Jinqi spoke, the car that was steadily moving forward shook!

The driver in front also swallowed hard and quickly steadied the steering wheel!

This, this, this... .. Weren’t two men getting into the car ? ?

Why was there a woman’s voice?

The driver did not dare to look back at all. He only tensed up and continued driving.

“...”

“Girl...” Huo Ting recognized her at a glance. A glimmer of light finally appeared in his listless eyes.

Even so, Xia Jinqi still smiled through her tears. “It’s good that you’re awake. It’s good that you’re awake. I thought you...” speaking up to this point, Xia Jinqi quickly changed the topic. “Do you have any pain? Are Your hands and feet okay?”

She wanted to confirm if his perception was normal or if he had suffered a fracture or a dislocation or a bullet before, so as to prevent secondary injuries.

“I’m fine.” Huo Ting opened his mouth, but in fact, he couldn’t feel anything at all.

His whole body was numb, and it was hard for him to even move his fingers. However, his consciousness was still there, so he could look at her twice more.

Even if he died, he had to try his best to remember her voice, Smile, and appearance. This way, even if he went to the Kingdom of Heaven in his dream, it would be beautiful, right. ...

### **Chapter 815: Call Me Big Brother**

Xia Jinqi gritted her teeth, and ripples appeared in her eyes.

She knew that he didn’t want her to worry. After losing so much blood, would he be alright?

However, she didn’t expose him. Instead, she smiled and chatted with him. “Do you still remember when we were young and you brought me to fly a kite? It was the time when you personally made me a kite!”

After they grew up, they met again. Xia Jinqi was already married, so she couldn’t hang out with him for a long time like when they were young. Therefore, there didn’t seem to be anything else she could say.

That period of childhood was also the most beautiful memory for Xia Jinqi when she was young.

But wasn’t it the same for Huo Ting?

As he listened to her words, his mind began to automatically recall the past.

“The frame of the Kite I used was crooked, and it wasn’t symmetrical from left to right. I couldn’t fly in the sky no matter what...” his Pale lips twitched slightly, and he actually said so many words in one breath.

Every time he thought of his youth, he would unconsciously smile.

In fact, he had always thought that if he hadn’t been so rebellious during puberty, if he had been obedient and didn’t let his grandfather get angry, then his grandfather wouldn’t have thrown him into the military camp, and he wouldn’t have been separated from the girl for so many years... ...

If all of this hadn't happened, he would have been able to grow up with her. From Primary School to university, he wouldn't have missed out on every single scene in her life.

If... .. If there really was a if in this world, that would have been great ...

"after that, I went to buy two kites. Mine are swallows, and yours are dragons." Xia Jinqi continued the topic. Although there were tears at the corners of her eyes, she was still trying her best to attract huoting's attention.

His current condition was very bad. Once he lost consciousness and fainted, it was very likely that he would stop breathing in his sleep.

She could only keep talking to him to keep him awake.

"..."Huo Ting did not answer. He only smiled. He seemed to remember that it was a sunny afternoon, cloudless.

On the hillside full of grass, two children were running happily.

There was a golden dragon and a small swallow in the sky.

At that time, she did not have a good life in the Xia family. When his family had just moved next door to the Xia family, he first saw her. She was extremely shy and shy. She hid behind the door and did not dare to look at him.

Later, it was his grandfather who taught him. "little sister is shy. Give the present to little sister."

He did as he was told and handed over a lollipop that was bigger than the heads of the two little guys. "Here! This is for you!"

At such a young age, he was already a little overbearing.

The little girl was a little shy, but when she saw the super big lollipop that he handed over, she was instantly attracted to it.

"What a big lollipop... can I eat it?" The little girl was finally willing to walk out from behind the door and looked at him with a face full of curiosity ...

"Of course you can eat it! Come here, I'll teach you!" He took the initiative to hold his sister's hand and then pulled her to sit on the grass to open the Super Big Candy.

After the exquisite candy wrapper was torn open, there was a big spherical box inside.

The little girl watched with relish, and the Little Huo Ting began to show off. He took the ball and walked around in front of the little girl, showing off. "Do you want to know what's inside?"

"Yes!" The little girl nodded without hesitation.

"Then call me big brother and I'll open it for you!"

"... Big Brother."The little girl blinked her big watery eyes and looked at him ...

He suddenly felt so happy to have such a cute sister.

## Chapter 816: girl, in the next life, you must wait for me

Without saying anything, he directly opened the big box and revealed a pile of lollipops inside. There were a total of ten lollipops, and he put them all into the pockets of her little clothes.

Unfortunately, she was just a small one, and her clothes were also small. The pockets were also small, so he could only put the rest of the lollipops into her hoodie.

After the success, he even patted her head and lectured seriously, “you can only eat one a day. After you eat it, remember to brush your teeth. Otherwise, there will be little bugs crawling into your mouth!”

The girl covered her mouth in fear and remembered her brother’s words in fear — you must brush your teeth after eating candy!

Seeing this, grandfather huo slapped his grandson’s head and scolded, “why didn’t I see you brush your teeth properly?!”

“OUCH!” Huo Ting hugged his head and wailed, “GRANDPA, can you not interrupt me! I’m trying to establish my authority as an elder brother in front of my sister!”

“Do you think you’re the only one who knows authority? If you dare to bully Xiao Qi in the future, I’ll break your legs!”

“Aiya, okay, okay, I got it. I’ll take good care of her. I won’t let anyone bully her!”

“You’re not allowed to bully her yourself!”

“...”

The old and young were having fun. The little girl stood at the side and looked at them, giggling.

The sunlight that day was really nice. It fell on the little girl’s round little face, looking so sparkling and resplendent... ..

Recalling those scenes, Huo Ting suddenly felt very satisfied.

Enough, that was enough.

Even if he had to die in such a dream, he was willing.

His tired eyes began to close quietly again, but the corners of Huo Ting’s lips curled into a satisfied smile.

At least, he had had those few years.

His life was not a wasted trip to this world.

Seeing that he was about to fall asleep again, Xia Jinqi hurriedly called out to him, “Erhuo, don’t sleep. Wake up, I still have a lot to tell you, don’t sleep!”

Huo Ting was about to fall asleep, but after being shaken by her, he forced his eyes open again. “Girl, let me sleep for a while, I’m tired...”

“No, you can’t sleep. Listen to me once, just once! DON’T SLEEP!” Xia Jinqi didn’t know what to do. She turned back to look at the driver’s seat. “Are we not there yet? !”

She almost roared out loud. How could they still not reach the hospital after driving for so long!

“We’re almost there. It’s right in front!” The driver was also shocked. He didn’t dare to drive too fast as they had entered a busy part of the city.

Xia Jinqi heard this and quickly looked at Huo Ting. “Did you hear that? We’re going to the hospital right now. Erhuo, hold on for a while...”

Huo Ting looked at her crying little face and felt a dull pain in his heart.

He wanted to reach out and wipe the tears off her face, but he realized that he couldn’t even lift his hand.

He just looked at her quietly and smiled. “Girl, in the next life, you must wait for me...”

If only there was a next life.

He would be a good person and watch over her as she grew up. He would never leave her side.

“What nonsense! You’ll be fine. We’re at the hospital, we’re at the hospital!” Xia Jinqi was so scared by his appearance that her heart stopped. The moment a light flashed in the corner of her eyes, she subconsciously looked up.

It was the hospital!

They had already arrived!

Huo Ting did not hear what she said clearly. He still maintained his smile. At the last moment when his consciousness disappeared, he deeply engraved her appearance into his mind.

Perhaps, this was the last time he would see her.

Girl, promise me that you’ll be fine... ..

### **Chapter 817: blood-related brother!**

The car had yet to stop when a doctor and nurse had already prepared a surgical cart at the entrance of the emergency medical corridor.

Xia Jinqi turned around and looked at Huo Ting with joy. “We’re at the hospital, Er Huo, we...”

She was only halfway through her sentence because when Xia Jinqi turned around, Huo Ting had already closed his eyes and did not react at all.

...

At that moment, Xia Jinqi was enveloped by a deep sense of fear.

She was practically petrified on the spot. The persistence in her eyes was instantly shattered.

“Erhuo... ” she sobbed and stretched out her hand to check if he was still breathing.

In just a moment, the doctors and nurses rushed over. The car door was opened and a group of people worked together to bring huò tǐng away.

Xia Jinqi quickly came back to her senses and quickly followed after him. At this moment, the color on her face had completely disappeared, and her chin was trembling slightly. She held the hand of the surgical cart tightly!

The passage to the operating theater suddenly became long.

It seemed that she could not reach the end no matter how hard she tried... ..

To her, Huo Ting was her blood-related brother!

His existence was millions of times more important than the Xia family... ..

But now, she seemed to be on the verge of losing her family, but she could do nothing. She was powerless!

Just like the last time when Yan Qing forced her to abdicate, she could only watch as her child was taken as a hostage. There was nothing she could do... ..

Xia Jinqi gritted her teeth and her eyes turned red.

For the first time, she felt that she was so weak that she could do nothing and could not control anything.

She did not even know where Yan Jun was or if he was safe when she sent Huo Ting to the hospital!

Suddenly, self-reproach and self-denial attacked her. Xia Jinqi almost could not breathe.

At this moment, Huo Ting was sent into the operating theater.

The moment the blue operating door closed, she was blocked outside.

Her surroundings suddenly became empty.

There was no dying Huo Ting, no doctors or nurses walking around. She was the only one standing alone on the spot.

Xia Jinqi tried her best to breathe. She forced herself to calm down, took out her phone, and tried to contact Yan Jun... ..

Only at this moment did she realize that her hands were shaking very badly, and they were very cold.

Her heart was shrouded in great panic.

She was afraid, afraid that either one of these two people would get into trouble... ..

She held her breath and quickly called Yan Jun’s phone.

“beep... beep... ” no one answered ...

Xia Jinqi’s face turned even paler.

She called Wang Mang, but no one answered.

In the end, she could only call Ji Xinyu. "Du... Hello? Jinqi?" This time, the call was quickly picked up ...

Hearing this voice, Xia Jinqi hurriedly asked, "mom, is Yan Jun at home? Do you know where he went?"

She was thinking, what If... .. What if the man who went to save her and Huo Ting today was not Yan Jun ? ?

As long as there was a one in ten thousand chance, she could not give up!

And this time, the heavens seemed to have heard Xia Jinqi's prayers. After she asked, Ji Xinyu indeed answered, "He's at home. Just now, he was playing with XIAO PUFF!"

" ... " the blood in Xia Jinqi's body seemed to be frozen at this moment. She asked carefully, afraid that if she raised her voice a little, she would break everything in front of her. "really? Yan Jun is really at home?"

"Really! Why would I lie to you? You Child... How about this? I'm going to see Xiao puff. I'll send a video to your wechat in a while."

#### **Chapter 818: a man is not guilty of a crime, but a treasure is.**

Ji Xinyu's voice sounded very ordinary, not at all like something had happened.

Xia Jinqi nodded anxiously. "sorry to trouble you, mother."

"You child, there's no need to be so polite." After saying that, Ji Xinyu hung up the phone.

Xia Jinqi was left standing alone on the empty walkway. Her bloodstained hands were gripping her phone tightly. Her eyes were dull, and she didn't even dare to breathe loudly. She just stood rooted to the ground, waiting for Ji Xinyu's wechat.

In just a few short minutes, to the current Xia Jinqi, it seemed to be even longer than a few centuries!

The anxiety in her heart was finally interrupted in the next second.

"Ding..."

Wechat came.

Ji Xinyu indeed sent a video.

Xia Jinqi shook her hand and clicked on it... ..

"Ba..." in the video, Xiao puff was lying on her back on the bed. Her small hands and feet were still kicking cutely. She smacked her small mouth and made some incomprehensible sounds.

Yan Jun was holding her small hand and changing her clothes. The smile on his face was warm and charming.

The video only lasted for a few seconds, but in an instant, it warmed Xia Jinqi's heart.

“Ding...”

Another message.

Xia Jinqi quickly logged out of the video and only saw a message from Ji Xinyu.

[ Jun ‘er knows how to take care of children! Don’t worry! ]

After that, she sent another video of Xiao Yuhan taking a shower.

Xia Jinqi held her phone and watched the two videos over and over again. When she knew that the three of them were fine, she finally felt like she could breathe.

It was so good. Yan Jun was fine, he was at home... ..

Her heart was filled with joy and luck, so Xia Jinqi didn’t have any extra time to think about it. The man who came to save them tonight was clearly so familiar... ..

..

At this moment, in the Yan family’s courtyard.

In the huge room, only Ji Xinyu and the two nannies were taking care of Yu Han and Xiao puff. Yan Jun wasn’t there at all.

She looked at Yu Han and then looked at Xiao puff. The two little fellows didn’t sleep at this late hour. They whimpered and cried as if they could sense something.

She sighed softly and put her phone away.

The two videos just now were recorded by Yan Jun in advance and sent to her. He also told her that if Xia Jinqi called to ask her about Yan Jun’s whereabouts, she should reply to her like this.

Ji Xinyu did not know what Yan Jun and Xia Jinqi were doing outside or what they were going through. She only knew that since her son had said so, she should do it.

Young people had the things and space that young people needed to do. Moreover, Ji Xinyu knew in her heart that her son and daughter-in-law were not ordinary people. They could not live like ordinary people.

An ordinary man would not be guilty of anything, but possessing wealth would be a sin.

The end point that many people worked hard to reach in their lives was not even as good as the beginning point when they were born.

To enjoy something extraordinary, one had to pay an extraordinary price.

“...”

After a while, the nurse walked over and saw Xia Jinqi. Seeing that she was covered in blood, she hurriedly asked, “are you injured too? Come over and take care of it.”

Xia Jinqi came back to her senses and hurriedly shook her head. “It’s not my blood...”

“Oh. ” The nurse nodded and prepared to leave.

Xia Jinqi stopped her. “nurse, how’s it going in there? My brother is in there. ”

The nurse looked her up and down before saying, “the patient has lost too much blood. There’s not enough blood in the blood bank, so we’re transferring it elsewhere. ”

“Take Mine! I have type O blood just like him! ” Xia Jinqi suddenly became excited and grabbed the nurse’s hand.

### **Chapter 819: I miss you too**

When she was young, she also went to Huo Ting’s physical examination. When the two children were examined, they found that they were of the same blood type. At that time, she was extremely excited and felt that this was a blessing from heaven!

She did not expect that it would really come in Handy one day!

The nurse immediately said, “come with me. ” As she spoke, she led Xia Jinqi to the blood drawing room.

After drawing 400cc in one breath, Xia Jinqi began to feel a little dizzy.

However, she remembered that the nurse said that Huo Ting had lost too much blood, so she said, “draw more. I’m fine. ”

The nurse saw that her face was getting paler and Paler, but she did not dare to take more. Otherwise, if she saved one, the other one would probably fall down.

“You don’t look too good. 400 CC is already the critical value. You should rest first. Don’t worry, we will definitely do our best. ” After saying that, the nurse quickly sent the blood over. The other nurse arranged for her to lie down on the bed to rest She also brought bread and milk over.

Xia Jinqi did not eat. She was so tired that she did not have much strength.

It would be good if she could be of some use... ..

Huo Ting had been protecting and taking care of her since she was young. Now, she could finally do something that she could do for Huo Ting.

She hoped that Huo Ting would wake up well... ..

After lying down for a while, her tensed emotions finally eased up.

It was only then that Xia Jinqi remembered the man who had saved her and Huo Ting at the critical moment.

That body size and aura were clearly so similar to Yan Jun. It could even be said that he was Yan Jun..

However, when she called home, Ji Xinyu said that Yan Jun was at home and there was a video.

The more Xia Jinqi thought about it, the more she felt that something was wrong. She called Yan Jun again.

If he was at home, why didn't he pick up her call just now?

Du... Du..

The few seconds when the call wasn't picked up, to Xia Jinqi, it was like a cruel death sentence.

Fortunately, on the fourth ring, the call was picked up.

"Hello? "

A warm, low, and familiar voice reached her ear, as usual.

Xia Jinqi was so excited that her heart almost jumped out!

"Yan Jun! Where are you? "

"I'm at home. "

When she heard these three words, Xia Jinqi's beating heart finally returned to her stomach.

She curled her lips slightly, and her eyes were sparkling. "I miss you. "

"I miss you too. Go home soon. " His voice came again, like pearls falling onto a jade plate, crisp and pleasant to the ear.

"Okay. " Xia Jinqi hung up the phone in peace.

Knowing that he was safe, she was relieved... ..

..

Below the unfinished building eight kilometers outside university city.

When Xia Jinqi left, the continuous gunshots had completely disappeared. At this moment, it was so quiet that it was as if one could hear the sound of a ferry setting sail in the distance... ..

The night wind blew very quickly.

Under the BROKEN STREET LAMP, the dim yellow light illuminated the few people who had collapsed on the ground.

Yan Jun, who was dressed in a black suit, had already taken off his hat and mask at this moment.

There was a splash of blood on his cold face, but it did not affect his stunning handsomeness in the slightest. Instead, in the deep dark night, it added a bit of a flirtatious air.

He seemed to be very tired and did not even have the strength to sit up. He could only lie on the ground.

He held an AK47 in his left hand and a phone in his right hand, gently pressing it against his ear.

"I'm at home. "

"I miss you too. Go home soon. "

He lied without changing his expression. His dark eyes looked at the bright moon in the sky.

The dark clouds that filled the sky before he came had disappeared at some point.

The cold moonlight pierced through the thin layer of clouds and fell on Yan Jun's resolute handsome face.

### **Chapter 820: when did second young master learn how to lie?**

When the line was busy hanging up, he pursed his lips and slowly put down his phone.

Wang Mang was also extremely tired. He lay beside him, exhausted, and heard the entire contents of his phone call.

He could not help but laugh out loud. "When did second young master learn how to lie?"

"Just now," Yan Jun replied him. His tone was already very different from before, and he sounded very tired.

His phoenix-like eyes were lazily half-closed, enjoying the silence at this moment.

How could he bear to let her get hurt? How could he bear to let her be sad.

Therefore, before he came, he had already recorded the video and instructed his mother.

He had arranged everything.

Previously, when the Yan family exploded, Huo Ting had successfully helped him transfer his two children and mother. He remembered this favor in his heart.

On the way to the Xia family, when he heard that Huo Ting was in danger on the road, Yan Jun immediately sent people over to support him.

The reason why he was able to attend the birthday party with peace of mind was because at that time, the news was that Huo Ting was already safe and was preparing to withdraw.

But who knew that when he and Xia Jinqi came out of the Xia family home, he heard from Wang Mang that they had lost contact with Huo Ting.

Later on, Xia Jinqi took the initiative to go over, but Yan Jun did not stop her.

Yan Jun understood what Huo Ting meant to her.

Even though he was a little jealous, he still agreed.

When he finished dealing with Fan Yufei's matter, he could no longer sit still.

At that time, there was new news. Yan Jun did not expect that the other party would be so vicious, sending people one after another, determined to take Huo Ting's life.

He arranged his house and rushed over.

He was the same as Xia Jinqi. On the surface, they were both people of status. Moreover, they were so close to Xia Jitian. If they were recognized as gangsters in the middle of the night, they would probably be in the headlines for the next week.

Therefore, disguises were necessary.

He pretended to deceive others because he did not want his identity to be exposed and attract more trouble.

And he pretended to deceive Xia Jinqi because he did not want her to worry.

Huo Ting alone was enough to worry her... .. If she knew that he was the one who helped her this time, she would definitely have a hard time eating and sleeping ...

If that was the case, he was willing to deal with it quietly.

This was also a debt he owed Huo Ting... .. It could be considered as paying it all off ...

Wang Mang didn't know what Yan Jun was doing anyway, but since he couldn't figure it out, he didn't try to guess.

Tonight's fight was very enjoyable. He felt that all the muscles and bones in his body were alive and kicking!

"Sigh, I didn't expect that kid Li Jie could really fight. He knocked down more than ten of them by himself, right?" Wang Mang looked at Li Jie, who was treating his wound silently not far away, and said with admiration.

When he first heard the legend of Li Jie, he had always thought that it was a legend that was out of reach.

He didn't expect that this time, he had opened his eyes.

In the battle just now, just Li Jie alone was enough to kill in all directions, shocking the entire scene!

Yan Jun had almost rested. Hearing Wang Mang's words, he stood up and narrowed his eyes to look in Li Jie's direction.

Perhaps he had sensed something, Li Jie's bandaging stopped, and he turned his eyes to look in Yan Jun's direction.

In the darkness, the gazes of the two experts suddenly collided!

The injury on Yan Jun's left hand was still faintly aching.

He had originally recovered well, but after the fierce battle just now, he seemed to have been injured.

However, Yan Jun's expression did not change. Even if he were to remove his entire arm, he would definitely not frown at all!

His gaze was like a hook. He looked straight at Li Jie for a moment, then stood up and walked towards him with his slender legs.
