

## Trick Me 851

### Chapter 851: meeting Lu Yiming by chance

Xia Jinqi had been to this place a few times. She had only come here when she was young in order to match Xia Jitian's fatherly image and appear in public with him.

When she went up, someone recognized her as Xia Jitian's daughter and politely invited her up.

Today was not a weekend. Xia Mingzhu still had to obediently stay at her job.

In the end, before she reached Xia Mingzhu's office, Xia Jinqi saw a familiar man walking out of Xia Mingzhu's office from afar.

That man walked to the left when he left, and Xia Jinqi came up from the right, so that person did not notice Xia Jinqi.

However... Xia Jinqi looked at that person carefully. Why did she feel that he looked a little like Lu Yiming ? ?

Why would Lu Yiming come to find Xia Mingzhu?

Xia Jinqi was filled with doubt. She frowned slightly, but she still knocked on Xia Mingzhu's office door. When she realized that the door was not closed, she pushed it open and entered.

The moment she entered, she saw Xia Mingzhu quickly turn around and wipe the corner of her eyes with a tissue.

Xia Jinqi was even more surprised. Xia Mingzhu was... .. crying ? ?

In her memory, Xia Mingzhu was the strongest of the four siblings. Not to mention crying, she didn't even feel disappointed!

Why did Lu Yiming come and say something to her?

Xia Jinqi was still puzzled when Xia Mingzhu composed herself. Seeing that it was Xia Jinqi, she immediately scolded, "What are you doing here? !"

Her attitude was very bad. It could even be said to be bad.

Seeing her like this, Xia Jinqi didn't have the mood to sympathize with her anymore. She directly laid out her cards. "I don't care what you're doing behind my back. Xia Mingzhu, you'd better not have any more IDEAS ABOUT HUO TING!"

Xia Mingzhu didn't expect Xia Jinqi to find out about her so quickly?

She was indeed the one who had ordered people to do what Huo Ting did. Unfortunately, that kid was lucky. So many people were sent out, but they weren't able to kill him!

He was even saved by some Lego people who suddenly appeared!

With this thought in her mind, Xia Mingzhu naturally wouldn't admit it on the surface. "My good sister, why can't I understand what you're saying? What's wrong with Huo Ting?"

This was the government building. There might be ears behind the walls at any time. Xia Mingzhu wouldn't be stupid enough to ruin her future.

Therefore, even if she and Xia Jinqi were the only two people in the office, some words still needed to be said carefully.

Seeing Xia Mingzhu act like this, Xia Jinqi felt nauseous.

She lowered her voice and stared at Xia Mingzhu. "We both know what I'm talking about. Don't think that only you can do something behind my back."

"You..." Xia Mingzhu's voice trembled, and she looked at Xia Jinqi in surprise. "What do you want to do?"

"Heh. You'll know what I want to do very soon. You'd better not forget that the position you're sitting in now was given by the Xia family." Xia Jinqi had already caught Xia Mingzhu's braid, so she naturally had more confidence when she spoke.

However, Xia Mingzhu didn't understand what she meant. Her voice was even sharper. "Don't put on an act here! With my current status and identity, what can you do to me?"

"I can't do anything to you. However... .. Some time ago, a friend of mine happened to see you go to a nightclub to buy ducks and even brought them back to your villa to spend the night "... tell me, if I report to the disciplinary committee with my real name, what will they do to you?" Xia Jinqi narrowed her eyes. Her voice was cold, like a frozen river in winter, cold to the bone.

These were Xia Mingzhu's private matters, and Xia Jinqi didn't want to reveal them at first.

However, she had been so arrogant over and over again, so Xia Jinqi had ling yue investigate Xia Mingzhu's dirt.

### **Chapter 852: when you harmed me, did you ever think that you were my big sister?**

Naturally, Xia Mingzhu was clean and even had a clean reputation. She was highly praised by the people below her.

However, Ling Yue took a different path. She specialized in 'evil ways'. Very soon, she found a nightclub that Xia Mingzhu liked to go to recently. She also found the duck that Xia Mingzhu had ordered.

She then took some information about Xia Mingzhu from the duck and everything went according to plan.

Xia Mingzhu froze on the spot.

She was almost scared out of her wits!

Didn't she hide that matter well How did this idiot find out?

“what... What did you say? I don’t understand!” Xia Mingzhu’s face was pale, but she still refused to admit it ...

Once this matter was exposed, it would be a matter of style!

Not to mention what the Discipline Inspection Commission would do to her, even her current position would definitely be lost!

Xia Jinqi didn’t expect her to speak normally. She only said coldly, “you’ll understand soon enough. ”

With that, she turned around and prepared to leave.

Xia Mingzhu finally couldn’t hold it in anymore and grabbed Xia Jinqi. “What do you want to do? ! ”

“I’ve been a little bored recently. I’m going to the disciplinary committee to have a heart-to-heart talk. ”

“You! You’re crazy! I’m your big sister!” Xia Mingzhu pulled Xia Jinqi back and quickly walked over to close the door. Only then did she lower her voice and shout at Xia Jinqi.

” ... ” Xia Jinqi smiled coldly. Her Eyes were full of mockery. “Now you know you’re my big sister? When you harmed me, did you ever think that you were my big sister? ”

Now that Xia Mingzhu was being held against, she didn’t dare to provoke Xia Jinqi, so she could only play the family card with her “Good sister, you used to be a big sister and a bastard. Aren’t you fine now “Father and mother also said that we are both daughters of the Xia family. We will rise and fall together. If you report me, destroying me is secondary. How can you let father lose face “there are only 12 days until the party’s first selection. Aren’t you trying to kill father? ”

These few words raised the sibling rivalry to the point where father and daughter would kill each other.

It had to be said that Xia Mingzhu’s tongue was really like a tongue that could not be broken.

As expected, she was someone who had been in the officialdom for many years and was very tactful.

Xia Jinqi’s heart trembled slightly. When she looked at Xia Mingzhu again, her gaze was even colder. She was sure that she could use her father as a shield, right?

However, this was completely useless to Xia Jinqi.

“Don’t use father to pressure me. If you dare to touch Huo Ting again, I will keep my word!” After saying that, she directly flung Xia Mingzhu’s hand away forcefully.

Her touch made people feel very uncomfortable!

Xia Mingzhu was prepared to persuade her, but seeing that Xia Jinqi still had this attitude, she immediately felt a little unhappy and mocked Xia Jinqi “You keep saying Huo Ting and huo ting. Don’t tell me you have feelings for that kid? ” Speaking of which, that kid even lived next door to us for a few years. I heard from mom that when you see that kid, you go crazy and follow him around to behave atrociously. Don’t tell me you like him?”

Xia Jinqi’s face darkened.

Seeing this, Xia Mingzhu thought that she had stepped on Xia Jinqi's little tail, so she put in more effort to threaten Xia Jinqi. "What do you think Yan Jun will do if he finds out that you have such deep feelings for Huo Ting?"

Will he kill you or Huo Ting?

"Rumor has it that the cold-faced King of Hell is decisive and never shows mercy.

### **Chapter 853: If you dare to report me..**

Xia Jinqi had never seen Yan Jun's furious look before.

The most serious one was when Xia Jinqi escaped from the wedding. Yan Jun drove his car to chase after her. After catching up with her, he sped up and slammed his car into her.

At that time, Xia Jinqi was indeed shocked by him. This was the first time she had experienced his cold-faced hades' methods!

But after that, there was no more.

Although she was occasionally angry and jealous, she was no longer as crazy as before.

Now that she thought about it, after getting married, Yan Jun had really changed a lot... ..

Therefore, when Xia Mingzhu mentioned these things, Xia Jinqi didn't take them seriously at all.

"You don't need to worry about our matters! You'd better mind your own business first!" Xia Jinqi's sharp eyes swept her face deeply before she turned around and walked towards the door.

Seeing that Xia Jinqi was about to leave, Xia Mingzhu's heart jumped, and she hurriedly threatened, "if you dare to report me, father and mother won't let you off!"

"Is that so?" Xia Jinqi raised her eyebrows slightly, and a cold smile appeared on her lips. "Then let's try and see who father won't let off."

With that, Xia Jinqi didn't stay any longer and left.

After she left, the originally arrogant Xia Mingzhu's legs trembled, and she hurriedly sat down at the office desk at the side.

She stretched out her hand and pinched her temples, looking very tired.

Recently, she had been pushed too hard by Lu Yiming, and she had failed again and again. She felt depressed, so she went to the nightclub.

Later, the nightclub's boss personally picked a first-class duck for her in order to please her. She saw that the young man was quite handsome, so she accepted it.

She didn't expect that Xia Jinqi's friend would actually see it? ! !

What a mistake! ! !

No, she couldn't just sit there and wait for death... ..

She had to think of a way to counterattack!

Xia Mingzhu gritted her teeth. When she thought of Lu Yiming's dissatisfaction with her, her heart became even angrier.

Lu Yiming, just wait and see This time, I will definitely succeed!

?`?`

Xia Jinqi came down from upstairs and ran into Xia Jitian, who had just returned from his inspection.

At that time, Xia Jitian was wearing a gray suit and walking in front of a group of people. With his head held high and his chest puffed out, he really looked like a leader.

When she was young, Xia Jinqi admired Xia Jitian very much. She felt that her father was so tall and majestic.

But now... ..

She almost didn't want to see him anymore.

She was about to turn around and leave, but she was discovered by a sharp-eyed uncle and forcefully called her back. "Eh? Isn't that Xiao Qi? Chairman, look, isn't that Xiao Qi?"

Xia Jitian looked up and saw that it was indeed his daughter. He also called out, "Xiao Qi?"

Xia Jinqi stood there with her scalp tingling. She turned around awkwardly and called out stiffly, "Dad, uncle, uncle."

Uncle Shi smiled as he sized Xia Jinqi up. He then said flatteringly, "Xiao Qi, you're here to look for the chairman, right? You two can have a chat, we'll be leaving first!"

After saying that, he left with the Group of people.

Only Xia Jitian and his secretary were left standing in front of Xia Jinqi.

"Xiao Qi, why didn't you tell us you were coming? Come, let's go to the office to talk." Xia Jitian was a little excited and took the initiative to hold Xia Jinqi's hand.

After all, Xia Jinqi had distanced herself from him since that incident. She usually didn't want to talk much, let alone come here to look for him.

In fact, he didn't know that Xia Jinqi was originally here to look for Xia Mingzhu. It was just that she was unlucky and happened to bump into him when she went downstairs.

The secretary was still present, so Xia Jinqi couldn't refute Xia Jitian's face, so she could only let him hold her hand.

**Chapter 854: was not as good as... .. Come and work by daddy's side ? ?**

After entering the office, the secretary brought some high-quality tea leaves to Xia Jinqi. Then, with great discernment, she turned around and left, closing the door behind her.

Xia Jitian sat opposite Xia Jinqi, appearing somewhat restrained. "Daddy only prepared tea leaves here. There aren't any coffee drinks that you young people like..."

Xia Jinqi could see that he was carefully fawning over her. She sighed inwardly, picked up the tea leaves, and took small sips. "It's quite delicious."

Hearing this, Xia Jitian revealed a smile. "Little Qi, did you come to find daddy for something?"

"..." Xia Jinqi paused for a moment. Indeed, she didn't have anything to do, but since they had bumped into each other, she might as well mention what happened just now. "I went to see big sister just now and found that Lu Yiming just happened to come out of her office. Are they partners?"

"Not really partners. I just have some work to hand over recently." Xia Jitian didn't seem surprised. His attitude was very casual and normal.

Xia Jinqi frowned slightly when she heard that.

That's true.

Lu Yiming and Xia Mingzhu weren't idiots. If they didn't have a job as an excuse, they wouldn't have dared to meet in public like this.

However, Xia Jinqi always felt that there was something between Xia Mingzhu and Lu Yiming.

Otherwise, Xia Mingzhu wouldn't have secretly wiped her tears after Lu Yiming left.

And her father, Xia Jitian, didn't seem to realize that there was an unusual relationship between the two of them.

Other than that, Xia Jinqi didn't know anything about Lu Yiming.

Since she had the opportunity today, she might as well ask him about it.

"Then, what's Lu Yiming's position?"

It was rare for Xia Jitian to see Xia Jinqi take the initiative to ask him about something. This could be considered an opportunity to get closer to the father-daughter relationship, so he explained everything to her in detail.

"He was promoted from the Discipline Inspection Commission. What exactly did he do in the early years? He was sealed in the Ministry of National Defense and didn't even know about my rank."

"So high-level?" This was a little out of Xia Jinqi's expectations. If even Xia Jitian didn't have the authority to know about it, what exactly did Lu Yiming do?

Also, when she heard that he was from the Discipline Inspection Commission, she couldn't help but shudder.

Xia Jinqi suddenly thought of Lu Yiming's eyes, which were as calm as still water. They were so indifferent, as if they treated human lives like grass, not worth mentioning.

“sort of. He’s the next president that the left advocates. He has a lot of prestige, ” Xia Jitian said and stopped to take a sip of tea.

Xia Jinqi had just graduated not long ago. After that, she had been following Yan Jun, so she didn’t know much about political matters. Now that she heard Xia Jitian mention it, she was also interested in this left-wing, so she hurriedly asked, “left-wing? Dad, what about you? Are you from the right-wing? ”

Xia Jinqi was able to infer three things from one example. Since there was a leftist, then there should be a rightist.

Sure enough, Xia Jinqi put down her teacup and nodded directly. “Let me give you an example. In the huge corruption case that was solved two years ago, the leftists advocate severe punishment, and all were shot to death. The rightists, on the other hand, recommend sentencing. They advocate that the criminals actively cooperate to recover the stolen money and be given a lighter sentence. ”

“The leftists are more violent, and the rightists are more humane. ” Xia Jinqi understood the reason. Then, she thought about the aura that Lu yiming emitted, and she also felt that it was true.

“That’s more or less what I mean. ” Xia Jitian saw that Xia Jinqi’s reaction was so quick, and her ability to distinguish things was also extraordinary. He suddenly looked at her in a New Light.

He even began to have thoughts of poaching her. “Little Qi, it’s been a while since you graduated, right? Now that you have a child, why don’t you... come work for Daddy? ”

#### **Chapter 855: was afraid that she had lived too long**

Xia Jinqi was still thinking about the struggle between the left and right factions, and at the same time, put Huo Ting into the right faction, when she heard Xia Jitian’s words.

The tea that she had just drunk almost choked in her throat.

“Cough, cough, cough! ” She coughed subconsciously.

Xia Jitian hurriedly asked, “are you alright? Child, you don’t even know how to drink water slowly! ”

Xia Jinqi shook her head as she rejected Xia Jitian’s suggestion. “There’s no need. I’m not interested in politics. ”

She was the leader of Lego. Although she wasn’t on the same team as Chang Qiye and the others, she was more or less on the same team. How could she work in a government department?

She probably felt that her life was a little too long... ..

“You can cultivate your interest. Your eldest sister and third brother are by my side. Xiao Qi, if you can come, the three of you can be together and take care of each other. ” Xia Jitian was really tempted. The more he spoke, the more enthusiastic he became.

He had only given his eldest daughter and third son all the conveniences he had. He always felt that he owed the younger daughter something.

Moreover, he now had a whole new level of respect for his youngest daughter. If he could nurture her well, coupled with Yan Jun's powerful backing, she might be able to surpass Mingzhu and Chuanxu in the future. He, Xia Jitian, could be considered to have a successor.

"Take care of each other..." Xia Jinqi repeated. Her jade-like face was ice-cold as she retorted, "are they fighting each other?"

She had already married far away, and Xia Mingzhu still had to go through so much trouble to harm her. If she really ran to Xia Jitian's side, wouldn't Xia Mingzhu put in even more effort to kill her?

When Xia Jitian heard this, he immediately put on a straight face. "Xiao Qi, no matter what, she's still your big sister. Although she has a bad temper, but..."

"She sent people to kill Huo Ting." Xia Jinqi didn't want to continue to play Tai Chi. If some words were not put on the table, it would be impossible to explain clearly in her lifetime.

"What?" Xia Jitian was stunned and looked at Xia Jinqi in disbelief. "that was done by your big sister?"

The incident of Huo Ting being in danger the night before yesterday had long spread in Rao city. It made everyone anxious, and even Xia Jitian had a headache because of it.

After all, Huo Ting was also one of the leading figures of the right. In other words, Huo Ting's support was very beneficial to Xia Jitian.

If something happened to Huo Ting, the military region would be in turmoil. If the new leader was from the left, then Xia Jitian's presidency would be in danger.

However, he would never have thought that this matter was actually done by his daughter?

Xia Jinqi didn't say much. After all, there was still no concrete evidence. However, there was one point that she still had to make clear "Huo Ting is like a brother to me. I don't care what big sister wants to do. If she dares to continue to attack Huo Ting, I will not be lenient!"

"..."Xia Jitian was stunned.

Xia Mingzhu's assassination of Huo Ting was enough to shock Xia Jitian.

Now, he even saw his usually weak little daughter say such firm words with an extraordinary momentum!

He suddenly had a misconception

The Lost Pearl of the vast sea.

How did he not realize that such a temperament was hidden in his fourth brother?

Not Paying attention to Xia Jitian's extremely surprised expression, Xia Jinqi put down her teacup and stood up to leave.

She had already said what she needed to say, and it was about time to make an appointment with Xiao ran.

By the time Xia Jitian came back to his senses, Xia Jinqi had long disappeared from his sight.

After letting out a long sigh of regret, Xia Jitian called his secretary in. "Go and find out what Ming Zhu has been doing recently."

### **Chapter 856: shows respect to Miss Xia**

Just as Xia Jinqi walked out of the City Hall, she was stopped by a flat voice.

"Miss Xia, we meet again."

A familiar sound, a familiar tone.

Xia Jinqi immediately froze on the spot and turned her head to look behind her.

The first thing she saw was Lu Yiming's fair and handsome face.

"Mr. Lu, what a coincidence." Xia Jinqi greeted him politely. The corners of her lips curled up slightly, but her gaze was somewhat evasive.

Didn't Lu Yiming leave early in the morning?

Why was he leaning against the entrance of the municipal administration building And from the way he looked, it seemed like he was deliberately waiting for her?

Could it be... .. He saw me at the entrance of Xia Mingzhu's office earlier, right ? ?

Sure enough, Xia Jinqi had just finished imagining it when Lu Yiming walked over with a smile. "What a coincidence. When I went downstairs, I just happened to hear someone mention that Miss Xia is here. She deliberately waited for you here."

Xia Jinqi didn't seem to suspect him and asked with a smile, "is that so? Mr. Lu, is there something you want to see me about?"

"Last time, Miss Xia treated me to a drink, and we returned the favor. This time, I'll treat Miss Xia to a meal?" Lu Yiming said to himself. He looked at his watch again. "It just happens to be meal time. What would Miss Xia like to eat? Chinese or Western food?"

He spoke neither too fast nor too slowly. He had a calm and composed feeling, as if he had everything under control silently.

Xia Jinqi was naturally not interested in having a meal with him, so she said, "I'm sorry, I have an appointment with a friend."

As she said this, Xia Jinqi paused again. She saw the ring on Lu Yiming's left ring finger. "If you have time, Mr. Lu, please spend more time with your wife."

Sensing the gaze of the woman in front of him, Lu Yiming also lowered his head to look at his left hand. His expression was slightly stiff. After a moment of silence, he took off the ring and put it into his pocket.

After doing this series of actions, Lu Yiming smiled and looked at Xia Jinqi. "Is this okay?"

Xia Jinqi, "..."

What did this man mean?

Putting away the wedding ring and inviting her to dinner?

“Mr. Lu, what does this mean?” Xia Jinqi narrowed her eyes and looked at him coldly.

“It’s to show my respect to Miss Xia.” Lu Yiming was still talking and laughing as if he didn’t realize how ridiculous his behavior was just now.

Xia Jinqi couldn’t figure out what Lu Yiming was trying to do, and she didn’t want to waste time with him here either. She directly rejected him coldly, “I have something to do, so I’ll leave first.”

Just as she was about to turn around and leave, Lu Yiming’s voice came again.

“Miss Xia, don’t you want to know what I talked about with your big sister?”

The last part of his voice was raised, and it kept people’s appetite hanging for no reason. There was also some inexplicable gloating.

Xia Jinqi’s footsteps paused slightly.

When she saw Lu Yiming earlier, he had indeed discovered her existence.

This man was unfathomable, and he exuded danger from head to toe.

What exactly was he trying to do?

She paused for half a second, and Lu Yiming had already walked up to Xia Jinqi from behind. He continued to invite her, “then, Miss Xia, are you willing to have lunch with me now?”

The vigilance in Xia Jinqi’s eyes doubled.

The man’s smile was full of hypocrisy. She could feel that he had been deliberately approaching her.

After a moment of stalemate, people came out of the building behind them one after another. Their curious gazes fell on the two of them.

Xia Jinqi stared at Lu Yiming for a moment and suddenly chuckled. “since Mr. Lu insists, shall we go?”

If you don’t go into the Tiger’s den, you won’t get the Tiger’s son.

She wanted to see what kind of trick he was playing.

### **Chapter 857: the fragrance of flowers had a hint of fishiness**

Initially, Xia Jinqi had been rejecting the offer, but she suddenly agreed with a smile. This really surprised Lu Yiming.

But that was only for a moment.

Soon, he came back to his senses and opened the car door for Xia Jinqi. When he saw her get into the car, he walked around the front of the car and went to the other side.

The moment he got into the car, Xia Jinqi smelled a faint Gardenia Fragrance in the car.

It didn't seem like perfume. It was very fresh.

There was a little bit of fishy smell in the flower fragrance.

When she looked closely, she realized that there was a small Gardenia on the front of the car.

Sensing Xia Jinqi's gaze, Lu Yiming looked at the Gardenia and smiled. "I saw it by the roadside. It's very beautiful, isn't it?"

"Are you going to fold it and bring it back because of the beauty of the flowers?" Xia Jinqi stared at the bouquet of flowers and raised her thin eyebrows slightly.

The petals of this Gardenia looked a little red.

Most of the Gardenia that she saw on a daily basis were white.

Could it be that there were Red Gardenia?

And this red... .. was very flirtatious ...

It was abnormally red.

It didn't look like paint, but rather... .. Human Blood ? ?

Lu Yiming's gaze lingered on the Gardenias for a long time. His gaze was no longer just looking at a bunch of flowers, but more like he was admiring a work of art. There was a sense of pride and pride.

"The flowers are blooming beautifully. If I don't fold them, I'll bring them with me. How can I admire them all the time?" Lu Yiming smiled slightly, stepped on the accelerator, and drove the car onto the street.

Xia Jinqi didn't dare to agree. "What's the difference between this and strangling life?"

"This isn't killing. This is to realize their value. This is the purpose of their existence."

"..."Xia Jinqi didn't say anything else. She just felt uncomfortable listening to Lu Yiming's words.

The people of the left really had strange temperaments.

After going around almost half the city, they finally found a Western restaurant that Lu Yiming was satisfied with.

When they entered, someone brought Lu Yiming to the private room. When they were ordering, Lu Yiming also very gentlemanly helped Xia Jinqi introduce the dishes. "The FOIE Gras here is very famous."

However, Xia Jinqi said to the waiter, "come and have a salad. I'm trying to lose weight."

Actually, she was quite hungry, but when she looked at Lu Yiming, she felt that she could not eat.

She could just order a random dish.

After meeting Xiao Ran Wenjing and the others, it would not be too late to eat.

When the waiter heard this, he looked at Lu Yiming with an awkward expression. He did not know what to do.

Lu Yiming only smiled and did not deliberately make things difficult for Xia Jinqi. He only continued to order his favorite food and ordered a bottle of expensive red wine before the waiter left.

While waiting for the dishes to be served, Xia Jinqi went straight to the point and asked, "I heard that you and Xia Mingzhu have a job handover?"

"Yes. But they are all simple jobs." Lu Yiming nodded and said in a relaxed tone, "for example, writing documents and submitting some reports."

This document, of course, included how to move ten tons of explosives in front of everyone and... ... Take out military supplies and sell them privately ...

Xia Jinqi did not understand the profound meaning of this, so when Lu Yiming said these things in such a calm tone, she did not take it to heart.

"really? Such a simple job, I don't know why Xia Mingzhu was scared to tears," Xia Jinqi replied without batting an eyelid. Her watery eyes were clear and bright, and the faint dimples on her cheeks were faintly discernible.

Who Was Xia Mingzhu To be scared to tears, it could be seen that Lu Yiming must have said something extraordinary.

Xia Jinqi naturally did not expect Lu Yiming to tell her anything. She just wanted to see some clues from the subtle expression on his face.

### **Chapter 858: expressed a good impression of her**

However, to her surprise, Lu Yiming actually opened his mouth. "actually, it's nothing much. It's just that some time ago, when I was doing the logistics statistics, I discovered that the ten tons of explosives that were originally sent weren't stored in the warehouse. No matter how hard I tried, I couldn't find anything. It's infuriating."

"..."Xia Jinqi was silent for a moment.

Those ten tons of explosives were moved away by Xia Mingzhu just like that?

And because of that, Lu Yiming gave Xia Mingzhu a good scolding?

Was that why Xia Mingzhu cried?

From the literal point of view, it seemed like everything was logical... ...

However, Xia Jinqi's sixth sense told her that things would not be so simple.

She had some doubts in her heart, but on the surface, Xia Jinqi still went along with him. "It's really infuriating. With so much explosives, if it were to flow into the black market, I wonder how big of a disaster it would cause."

With a faint sigh, Xia Jinqi quietly mentioned the 'black market'. After that, she had been paying attention to Lu Yiming's expression.

If he and Xia Mingzhu were in cahoots and were both selling military supplies, there would be some ripples when he heard this word.

However, what disappointed Xia Jinqi was that after Lu Yiming heard her words, his expression did not change at all. His gaze was also as calm as a walking corpse.

He even took the initiative to open the red wine and poured it for Xia Jinqi. "Yes, that's why I was in such a hurry. In a moment of impatience, I scolded her a few times. At that time, it didn't seem like much. After I left, did she still cry?"

As he asked, he raised his eyes to look at Xia Jinqi.

"I've never seen her cry since I was young. I thought that her relationship with you, Mr. Lu, was extraordinary..." Xia Jinqi was also playing Tai Chi with Lu Yiming, waiting for him to spit out more information.

Just like how he took the initiative to mention ten tons of explosives in order to cover up his lie.

This thing was actually very sensitive, and most people wouldn't even mention it. Xia Jinqi had experienced it before, and only then did she know that ten tons of explosives could be transported by a truck. It wasn't as much as she had imagined, and it wasn't that difficult.

Therefore, Xia Jinqi guessed that Lu Yiming had some kind of connection with the ten tons of explosives, but in fact, it had nothing to do with whether he reprimanded Xia Mingzhu or not.

Xia Jinqi even felt that Lu Yiming should have a cooperative relationship with Xia Mingzhu.

Otherwise, as Xia Jitian's daughter, Xia Mingzhu was also a rightist, so why would she attack Huo Ting?

The person who wanted to kill Huo Ting must be a leftist.

Then the answer to the question was obvious.

Either Xia Mingzhu had turned to the leftist herself.

Or Xia Mingzhu had been forced by the leftists.

Coincidentally, at this time, Lu Yiming, the left, had frequent contact with Xia Mingzhu... ..

Lu Yiming maintained his smile. No matter what Xia Jinqi said, it didn't seem important to him, nor could it threaten him in the slightest.

"In terms of relationship, at most, it's only because she's Miss Xia's sister, so I was a little more polite to her," Lu Yiming said casually. This was the most heartfelt sentence he had said today.

That idiot Xia Mingzhu gave her two chances, but both times she failed.

Based on this kind of performance, Lu Yiming could have ended her a long time ago.

However, because she was Xia Jinqi's elder sister, in a sense, she still had some value that could be used, so he made an exception and gave her a third chance.

When Xia Jinqi heard Lu Yiming's words, her clear eyes narrowed, and her face was a little stiff.

This Lu Yiming seemed to have been vaguely expressing his good impression and care for her.

What on Earth did he want to do?

### **Chapter 859: Mr. Yan's foresight was a little too worldly**

While he was deep in thought, the waiter had already started serving the dishes.

Xia Jinqi was a vegetable salad. It was very simple, but the dishes were very exquisite.

Lu Yiming, who was opposite her, was much richer.

Foie Gras, Marseille fish soup, saffron chicken, and a plate of medium-rare steak. After it was cut open, it was still bleeding profusely.

Xia Jinqi felt a wave of nausea when she saw it. She couldn't even eat the salad.

Lu Yiming, on the other hand, was eating like a fish in water, enjoying himself.

While Lu Yiming was eating, he glanced at the motionless Xia Jinqi and thought of the weight loss she had mentioned before. He couldn't help but size up Xia Jinqi's figure.

"In my opinion, Miss Xia looks a little thin like this. You don't have to lose weight at all."

Xia Jinqi, "..."

Even if she didn't lose weight, she had to have an appetite!

How could she eat when she was covered in blood?

Lu Yiming saw that she didn't speak, so he said to himself, "Mr. Yan's vision is too worldly. Actually, women just need to feel a little fleshy."

He thought that Xia Jinqi was losing weight to please Yan Jun..

Little did he know that Yan Jun had spent a lot of effort to make Xia Jinqi fatter... "...".

"..." Xia Jinqi took a fork and fiercely ate the vegetable salad in front of her. She sneered, "Mr. Lu, you're worrying too much. I just lost my appetite!"

Seeing Xia Jinqi like this, Lu Yiming suddenly laughed, looking very relaxed.

The rest of the meal was peaceful.

Lu Yiming had been looking for someone to talk to, but they were all unimportant greetings and inexplicable friendliness.

Xia Jinqi didn't find any really valuable clues, but fortunately, the meal was peaceful. After the meal, she wanted to leave, so Lu Yiming didn't force her to stay.

So until now, Xia Jinqi still couldn't see through what this person was planning.

It was as if his real intention was just to treat her to a meal... ..

Of course.

After Xia Jinqi left, Lu Yiming put down the fork in his hand and wiped the corner of his mouth with the Napkin on the table.

His movements were slow and well-mannered. One look and one could tell that he had been educated in standard table manners.

At that time, someone came to report the situation to him.

"Mr. Lu, Huo Ting has woken up. The three Li brothers are always by his side."

Lu Yiming finished wiping the corner of his mouth and began to wipe his fingers, one by one, very carefully.

"those three wild dogs, have they learned how to find their master?" The ice-cold Mockery and ridicule were full of contempt.

"Mr. Lu, the three Li brothers are so close to Huo Ting. Will they tell him what happened back then?"

"So what if they tell him?" Lu Yiming threw away the Napkin that was crumpled into a ball and curled his lips contemptuously. "Can he still find out about what happened decades ago?"

"This... I'm just worried that they will ruin the road that you worked so hard to pave."

Hearing this, Lu Yiming finally frowned and began to be a little serious.

With the upcoming election, even he had to be more careful.

Previously, when Xia Mingzhu sent people to assassinate Huo Ting, he also inserted his own people in the process. He wanted to kill the three Li brothers, but he didn't expect all of them to return in defeat.

Huo Ting indeed had some strength.

It was said that later, the bodyguards of the Yan family also joined in, allowing Huo Ting to successfully escape.

If the Golden Triangle of the Yan, Xia, and huo families was not broken, it would be very difficult for him to carry out his plan.

After pondering for a moment, Lu Yiming stood up and tidied up his suit.

"contact the hub of these three families, but it's only Xia Jinqi. Keep an eye on her."

**Chapter 860: that stubborn and cute girl, was finally willing to pay attention to him!**

At the same time.

In the president's Office of the Yan Corporation's building.

Fang Shaoan deliberately wore a pink suit jacket today and had his hair done in an amazing way. He was in high spirits as he took three identification documents to ask Yan Jun for credit.

"PA!" He threw the documents on Yan Jun's desk and Fang Shaoan sat down casually. He crossed his legs and looked like he was asking for praise.

"Here's the new identity you want. The birth certificate, the vaccination record, the driver's license, and the social security number are all here."

Yan Jun looked up from the pile of documents and glanced at Fang Shaoan. Then he picked up one of the documents and looked through it casually.

Zhuge Wentao also picked up the documents and found that it was just as Fang Shaoan said. He had gotten all the information of a person's life.

And these three new identities would be used to whitewash the three Li brothers.

"How did you do it?" Zhuge Wentao couldn't help but be a little curious. There were specialties in the industry. He was good at numbers and financial management, while Fang Shaoan was good at these things.

Hearing Zhuge Wentao's surprised tone, Fang Shaoan became even more proud. "using a loophole in the post office system to create an identity out of thin air is like playing a game to me!"

"Not bad." Yan Jun also spoke, which could be considered as acknowledging Fang Shaoan's ability.

The people from the Security Department were indeed good.

"Hehe..." Fang Shaoan smiled smugly. The feeling of being recognized was really not bad! "Now you finally feel that I don't only know how to eat, drink, and have fun? This young master is also a capable person!"

Zhuge Wentao and Yan Jun acted as if they did not hear it and began to talk about other things.

"These three subsidiary companies have been losing money for three years in a row. There's not much meaning in keeping them. I think it's better to cut them off." Zhuge Wentao suggested.

Yan Jun furrowed his brows slightly and had another opinion. "keep them for now."

.. Fang Shaoan's eyes twitched as he looked at these two arrogant fellows. He puffed his lips in anger and sat down heavily on the side. Bored, he started scrolling through his phone!

He had been hanging around the company for the past two days, watching over the people below him as they produced these three certificates. It wasn't until an hour ago that he rushed over after he received the certificates.

Seeing that Zhuge Wentao was also here, he had thought that he could show off properly, but these two fellows actually didn't give him any face!

He grabbed his Coffee Cup and sipped it while flipping through his social media APP.

He scrolled through Weibo and opened wechat.

He didn't have much expectations, but when he opened it, he saw a message from the dialog box at the top!!!

The Red Number 1 instantly touched Fang Shaoan's heart!

He opened the dialog box with a trembling finger, and the first thing he saw was Zuo Xiaoran's familiar profile picture, as well as the two words she sent last night, [ good night ]

Fang Shaoan felt as if he was struck by lightning... ..

His entire body went numb.

His right hand that was holding the Cup of coffee was also trembling slightly. He had completely forgotten that he wanted to drink coffee.

The dark brown liquid poured onto the table just like that, and Fang Shaoan did not notice it at all... ..

All he could think about was that Zuo Xiaoran had actually replied to his message!

That stubborn and cute girl, was she finally willing to pay attention to him? !!!

And she even said good night to him... .. Sob SOB SOB ! He had waited for a long time and finally waited for today !!!

"Hualala..." the sound attracted the attention of Yan Jun and Zhuge Wentao.

Both of them turned their heads at the same time and looked at Fang Shaoan as if they were looking at a fool.
