

Trick Me 891

Chapter 891: Not to mention his back hurt

His warm and big palm intentionally or unintentionally slid across her delicate skin, bringing with it a different kind of touch. Xia Jinqi hurriedly grabbed her clothes and covered herself up. She stared at him with a guarded expression. "I'll wear it myself!"

She finally understood. No matter how refined, how abstinent, and how noble a man he looked on the surface, it would only take an instant for him to change!

She really wanted to appeal to the majority of her female compatriots. Under any circumstances, please don't let down your guard and properly protect yourself!

Seeing the woman in his arms acting like a frightened little bird, Yan Jun's heart was somewhat regretful.

He shouldn't have been so indulgent and scared her.

"Alright, I won't touch you." He gave his guarantee and reached out to take the clothes in her hands.

Xia Jinqi refused to let go and continued to look at him sternly.

He had said the same thing during the halftime break last night. In the end, in the latter half of the night... .. Forget it. His back hurt ...

"Then wear it." Yan Jun wasn't in a hurry. In any case, he had thousands of ways to make her let go obediently.

In such matters, he had a gender advantage.

"..."Xia Jinqi choked. She wanted to wear it herself, but he kept staring at her. How could she wear it herself?

Seeing that she did not move, Yan Jun said again, "If you don't wear it, do you want me to carry you down like this?"

"..."why did she feel like she was being eaten to death?

Xia Jinqi's eyes were often filled with tears. She reluctantly shook her hands and opened the clothes. Just as she was about to put them on, he snatched them away.

"Hey you..." Xia Jinqi jumped in fright, thinking that he was going to do something again. However, when she looked closely, she realized that he was very focused on helping her put on the clothes.

From the inside out, his movements were a little clumsy, and he was especially slow.

Xia Jinqi didn't struggle anymore. She only stammered a few words to urge him, "can you hurry up..."

"This is the first time you're putting on clothes for a woman, so please understand." It was a blatant reason... .. But he said it in a serious manner ...

In fact, if he didn't take advantage of her while she was putting on her clothes, she would definitely believe that he was inexperienced.

But... .. He was so close, and the speed of his hands was as slow as a snail. Yet, there was a faint smile in his deep, starry eyes ...

With just one look, it was obvious that he did it on purpose... ..

Xia Jinqi couldn't hold it in any longer. She had already brushed her delicate skin with his fingertips. "You..."

Before she could finish her sentence, Yan Jun's actions had already ended. "I'm dressed. "

"..."The little flame in Xia Jinqi's heart hadn't even started to jump, but he had completely snuffed it out just like that.

After she was dressed, he didn't let her go. Instead, he carried her to the bathroom.

Her legs were really weak, and Xia Jinqi was happy to enjoy his full service.

However, after washing up, he still had no intention of letting her go. He carried her downstairs again... ..

Xia Jinqi was a little anxious. "Put me down. I'll go down myself. "

"Aren't you weak?" He lowered his eyes and looked at her, asking seriously.

"...@#% !!"Xia Jinqi held her forehead. Sometimes, she even doubted if he did it on purpose ! !

And the facts proved that Yan Jun did it on purpose.

Seeing the shy look on her face when she reached out to cover her face, he finally couldn't help but curve his eyebrows, and a gentle smile appeared on his lips.

He liked to pamper her like this.

Walking all the way downstairs, Xia Jinqi unsurprisingly received a lot of curious and ambiguous gazes from the servants.

Her cold and aloof character had completely collapsed.

They wouldn't think that she and Yan Jun had nothing to do all day, so they were indulging themselves at home, right? ? ?

Chapter 892: had a sense of crisis

Xia Jinqi suddenly had a sense of crisis.

When they arrived at the dining room, the servants had already prepared breakfast.

It was both western and Chinese, and it was very nutritious.

These were all orders from Yan Jun. he asked the chef to make more varieties in different ways so that Xia Jinqi's appetite would be better and she could eat more.

After giving birth, she had not gained any weight, which made Yan Jun very concerned.

Xia Jinqi was placed on the chair by Yan Jun. when she saw so much delicious food, her appetite immediately increased. After all, after the fierce battle last night, our reserves had been emptied.

Yan Jun personally scooped porridge for her and added, "to replenish your strength. "

When the surrounding servants heard this, they couldn't help but cover their faces and snicker.

Xia Jinqi felt her head explode. She really wanted to throw the man beside her out!

However, even though she thought about it, she really didn't have much strength left. She could only drink the porridge bowl that he passed to her.

Halfway through eating, the nanny carried Xiao Yuhan down.

"Young Master has woken up and has been crying. I can't pacify him. " The nanny was so anxious that her forehead was covered in sweat. No matter how she tried to pacify him, she couldn't do it. She could only come to Xia Jinqi for help.

"Let me take a look. " Xia Jinqi stretched out her hand towards Xiao Yuhan. The nanny immediately placed the child into her arms.

"Sob, SOB, SOB... " the little guy was still moaning. There were still traces of tears on his long eyelashes. It could be seen how sad he had been crying just now.

Xia Jinqi's heart ached. She helped him wipe the tears from the corners of his eyes and coaxed gently, "what's wrong? Be Good, don't cry. Do you want to eat with mommy? "

Xiao Yuhan pursed his lips. As expected, he didn't cry anymore. He just sobbed and lay in Mommy's arms. He felt wronged.

Seeing this, Yan Jun frowned slightly. He looked at the nanny with a hint of displeasure in his eyes. "What happened? "

It was rare for Yu Han to cry like this. Moreover, he was still his son after all. Yan Jun was an extremely protective person, so his tone was naturally not good.

When the nanny heard this, cold sweat dripped down her back. Her voice trembled. "Young Master, I don't know what happened to young master. Little Miss is sleeping well. Young master has been crying ever since he woke up... "

Xia Jinqi touched Yu Han's forehead and found that his body temperature was normal. Moreover, he didn't cry anymore. It seemed that he was fine, so she said, "you can go down first. I'll take him. "

The nanny felt as if she had been pardoned. She didn't even have time to wipe the sweat off her forehead. She quickly turned around and left, afraid that Yan Jun's anger would burn her... ..

Seeing the nanny running away, Xia Jinqi looked at Yan Jun with a smile. "You scared her. Yu Han is fine. He doesn't cry anymore."

Yan Jun frowned. He took Yu Han's round body from Xia Jinqi's arms and checked it carefully. After making sure that there was nothing wrong, he relaxed his brows.

Xia Jinqi was about to say something, but she heard him speak in a deep voice. He ordered the servant behind him, "call the doctor over."

"Yes, young master." The Servant replied and left.

Xia Jinqi, however, had a helpless look on her face. "You're too nervous. How can a child not cry and make a scene?"

As she spoke, she dipped a spoon into a little porridge and brought it to Yu Han's mouth.

Yu Han opened his mouth without thinking and took a sip of the porridge. He smacked his lips and stared at Xia Jinqi's spoon, as if thinking about what it was. Why did it taste different from the usual milk?

Yan Jun skillfully extended his finger to wipe away the remaining saliva on Yu Han's mouth. His tone was serious as he said, "I'll be relieved after I check it."

Chapter 893: we will all get better and better, won't we?

Seeing this scene, Xia Jinqi's nose immediately turned sour. Her eyes were warm and her head was also warm.

"You will definitely be a good father," she suddenly said. Her voice was already choked with sobs.

Yan Jun being so nervous about Yu Han made Xia Jinqi feel a little emotional.

She had never really enjoyed her father's love since she was young. She was really a little sensitive.

Even though she had a good life after she grew up and had a group of like-minded friends, a husband who loved her, and cute children, the scars buried deep in the bottom of her heart were like the darkness hidden under the light.

The words she accidentally heard and the scene she accidentally saw could easily evoke her grief.

Realizing that she had lost her composure, Xia Jinqi quickly turned her head back and used food to hide her emotions.

Even so, Yan Jun still detected something fishy.

He raised his eyes to look at her, not missing the sobs in her voice. His brows furrowed slightly.

"You'll be a good mommy too." He looked deeply at her, his tone firm and gentle.

With that, he stopped looking at Xia Jinqi and carried Yu Han to the bathroom. "I'll bring Yu Han to wipe his face."

He knew the pain and stubbornness in her heart.

At this moment, she probably didn't want anyone to see her so vulnerable side.

It was necessary to leave her alone.

In fact, at this moment, Xia Jinqi was biting her teeth lightly. Her Red Eyes had already condensed into a clear spring.

Yan Jun really understood her... .. He knew that she had never had the love of a father or a mother since she was young, and that the past had already happened. No matter what, it could not be undone ...

That was why he said that she would definitely be a good mother.

Yes, she had never received the love of a mother, but she had the opportunity to learn how to be a good mother.

Thinking of this, Xia Jinqi's tightly clenched teeth finally relaxed.

She took a deep breath, lowered her head, and continued to eat the porridge as if nothing had happened.

However, no one saw that the moment she lowered her head, crystal-clear tears fell into the porridge bowl.

It happened in that instant, and in the blink of an eye, the tears disappeared.

Xia Jinqi took the bowl of porridge and drank it in one gulp.

At that time, her expression was as calm as usual, and she quickly adjusted her state of mind.

“...”

Have you ever had such a scar in your heart?

Unable to heal, hiding in a dark corner.

It doesn't affect your normal life, nor does it affect your interpersonal relationships.

It will only be suddenly torn apart in certain situations, and then, blood will flow.

Maybe it was seeing two young lovers hugging each other at the subway entrance.

Perhaps it was seeing a child holding an extremely large colored cotton candy in his hand in a lively alley.

Perhaps it was just a casual remark from a close friend or relative that you've grown up... ..

When this moment happens, please don't blame yourself or feel inferior.

You just need to calm down and give yourself a hug. Tell yourself that it will pass, that everything will pass.

We'll all get better and better, won't we?

Su Zhishui.

When Yan Jun returned once again, he indeed saw a gentle smile on Xia Jinqi's face.

"Why are you gone for so long? Little Kitten, come over and let Mommy take a look..." Xia Jinqi looked at Yu Han with a smile.

"Ah..." Yu Han seemed to be in a good mood. He took the initiative to stretch out his two short arms, wanting to hug him.

Yan Jun handed Yu Han over. His eyes were filled with admiration as he answered her question, "the little guy refused to leave in front of the mirror."

He knew that she was a woman with a strong heart who was good at self-healing.

Chapter 894: Is so reluctant to part with me?

Hearing this, Xia Jinqi went to tease Yu Han again. "Is that so? Could it be that you're too handsome?"

"Hehe..." Yu Han smiled very bashfully. His big eyes were clear as if he could understand everything.

Xia Jinqi hugged him and sat him on her lap. He could not sit steadily either, so he could only drag the back of his neck and waist while holding his small hand and making 'hello' gestures.

Yu Han was also very cooperative. He kept giggling and did not look sick at all.

Yan Jun sat at the side and looked at the mother and son with a soft and doting gaze.

"I've already ordered people to find you a place to live. When you go there, be careful and take care of yourself." Before they left, Yan Jun couldn't help but NAG a few words.

If Fang Shaoan heard this, he would probably be angry and cry again.

Every time he was ordered by Yan Jun to do something, he would be glared at fiercely and leave!

When he saw Xia Jinqi leave, she was so attentive and considerate... ... comparing people was really infuriating !!

"En, don't worry. I'm not a child. Moreover, grandfather Ji and cousin are going as well. No one can bully me." Xia Jinqi said proudly. She was going out with her family. In addition, Macau had Lego's largest casino. That place was completely her territory. If she went, wouldn't she be able to do whatever she wanted?

Yan Jun thought about it. Initially, he wanted Xia Jinqi to go to Macau for the same reason.

One Country, two systems. No matter how long Lu Yiming's hand was, it could not reach Macau.

In addition, that was Lego's territory. Xia Jinqi could receive the strictest protection there.

Yu Han looked at Xia Jinqi and then at Yan Jun. his little head tilted and his smile disappeared. He pursed his lips and looked like he was about to cry.

Xia Jinqi was stunned and quickly coaxed him. "What's wrong? Don't cry..."

“Wa, Wa, Wa...” The little guy did not give her face at all. He burst into tears in a loud voice that could be heard throughout the hall.

Xia Jinqi panicked. She thought that he was uncomfortable sitting there, so she quickly picked him up and patted his back. “Okay, okay, don’t cry anymore...”

“Wah...” the more she cried, the louder she became.

Just as Xia Jinqi was in a mess, Yan Jun came over and coaxed her, “Mommy won’t leave, don’t cry.”

Miraculously, Yu Han stopped crying. He opened his teary eyes and looked back at Yan Jun, sobbing in grievance.

The corner of Xia Jinqi’s eyes twitched violently. “His brain is indeed the same as yours...”

They were just chatting, but who knew that this little guy would notice the sadness of parting?

What an exceptionally sensitive little fellow!

“Of course. This is my son.” Yan Jun raised his chin proudly with an arrogant look on his face.

Xia Jinqi felt both angry and amused at the same time. She stuffed Yu Han into his arms and said, “alright, alright, alright. Hold your son!”

Her arms and waist were so sore... ..

Yan Jun took over Yu Han and turned around to frown slightly. He looked at Xia Jinqi with his black eyes filled with tenderness. “Does it still hurt?”

Xia Jinqi’s ears instantly turned red. She nodded her head and mumbled, “en...”

As she spoke, she looked up at Yan Jun. “why don’t you leave tomorrow?”

Yan Jun didn’t expect her to ask this question. His heart felt stifled, but there was also some bitterness mixed in.

However, he didn’t show it. Instead, he smiled wickedly. “Are you so reluctant to part with me?”

Sure enough, when he asked this question, Xia Jinqi immediately retracted her heart and said disdainfully, “how narcissistic!”

Chapter 895: finally made up her mind to take this step

After the meal, a specialist doctor came to check on Yu Han’s body and said that everything was normal. Only then did Yan Jun and Xia Jinqi feel relieved.

Later, Xia Jinqi went to see Qi Maolin and gave him a call.

When she came out of Qi Maolin’s house, she received a call from Zuo Xiaoran.

“Xiao Qi, are you free now? I have something to ask you.”

Xia Jinqi looked at the time. It was still early, so she agreed. "I'm free. Where are you? I'll go look for you."

"I'm at the Western restaurant we used to go to at the back of the school."

"En, okay. I'll be there right away." Xia Jinqi hung up the phone, but her eyebrows were slightly furrowed.

Why did Xiao ran's tone sound like she was not particularly happy?

At that time, she did not think too much about it, so she went straight over.

In the restaurant, Zuo Xiaoran did not call for anything. There was only a cup of warm water in front of her, which was already cold. She sat by the window, holding the cup in a daze.

It had only been two days since they last met, but she had already looked much more haggard.

"Xiaoran?" Xia Jinqi walked over and called her twice. She seemed to have just come back to her senses and forced a smile. "You're here."

"What's wrong?" Xia Jinqi asked worriedly.

She had known Zuo Xiaoran for so many years, but she had never seen her in such a daze.

Zuo Xiaoran held the cup in her arms and was about to speak when the shop assistant came over. "May I ask what miss would like to drink?"

"White Water is fine," Xia Jinqi answered anxiously, her entire attention on Zuo Xiaoran.

The shop assistant nodded and walked away. Zuo Xiaoran hesitated for a moment before asking, "Xiaoqi, you... do you know Fang Shaoan's ex-girlfriend?"

"..." Xia Jinqi instinctively frowned. When she looked at Zuo Xiaoran again, her gaze seemed to have some understanding. "I know."

Zuo Xiaoran had only heard about it from Fang Shaoan's mother. She was very curious, but she could not ask Fang Shaoan. After thinking about it, she decided to ask Xia Jinqi first. Perhaps she would know?

"Is she... okay?"

After hesitating for a moment, Zuo Xiaoran did not know how to ask. When the words were on the tip of her tongue, they became so polite.

Seeing her like this, Xia Jinqi sighed in her heart and didn't hide it. "Her name is Julie. She met Fang Shaoan when he went to Las Vegas. But that was three years ago. Fang Shaoan has completely let it go."

"I heard that Fang Shaoan once lost half of his family's assets for her?" Zuo Xiaoran asked again.

"Yes." Xia Jinqi nodded and frowned even more. "Who told you?"

Since Zuo Xiaoran came to ask her, it meant that Fang Shaoan definitely didn't tell her.

“Fang Shaoan’s mother came to see me two nights ago. It was the night we drank together.” Zuo Xiaoran lowered her eyes. When she said these words, her face was a little Pale. The hand holding the cup of water tightened.

Xia Jinqi listened quietly. She did not expect Fang Shaoan’s mother to act so quickly... ..

Moreover, from Xiao ran’s expression, she must have been bullied.

“What did she say to you?” Xia Jinqi asked.

“She spent a lot of money on me to let me leave her son,” Zuo Xiaoran said with a choked voice, looking very wronged.

But even so, she didn’t cry. Her Pale face only looked a little miserable.

Xia Jinqi frowned when she heard that. She leaned over and held Zuo Xiaoran’s cold hand. “Are you okay, Xiaoran?”

Zuo Xiaoran shook her head and said with a bitter smile, “I finally made up my mind to take this step.”

Chapter 896: untying the bell and replacing it with the person who tied the bell

Speaking up to this point, Zuo Xiaoran paused for a moment and adjusted her breathing. She raised her head again and looked at Xia Jinqi. “But, Xiao Qi, do you know? Some roads are destined not to be suitable for people like me to walk.”

“...”Xia Jinqi didn’t know what to say either.

Fang Shaoan’s mother had already appeared. This matter must have caused quite a stir.

After thinking for a while, Xia Jinqi asked, “Does Fang Shaoan know?”

Zuo Xiaoran continued to shake her head. She wasn’t the kind of person who would complain.

Seeing her like this, Xia Jinqi also felt depressed. “maybe you should tell him that these things shouldn’t be borne by you alone.”

“Sigh, forget it.” Zuo Xiaoran let out a long sigh and raised her head slightly to look at the ceiling.

Xia Jinqi knew that she just didn’t want her tears to fall.

She immediately stood up and hugged her. Xia Jinqi asked, “then what do you plan to do?”

“I don’t know.” Zuo Xiaoran shook her head continuously. She didn’t know what to do either... ..

Jiang Xueqian’s threat was still ringing in her ears. She still didn’t know why her father had secretly gone to work behind her back. To be honest, the past two days had been very tiring for her.

She really had no other choice, so she thought of talking to Xia Jinqi.

She also knew that Xiao Qi had two children, so she must be very busy. However, other than Xiao Qi, she didn’t know who else to talk to.

If she told Wen Jing, Wen Jing would definitely go to Jiang Xueqian in a rage to settle the score.

However, she did not want to blow this matter up.

Xia Jinqi could only accompany her in silence. Tonight, she was going to Macau with GRANDPA JI. However, Xiao ran was in such a state that she could not leave without worry.

“Xiao Ran, why don’t you go to Macau with me? Just think of it as going out to relax. There are so many things that I can’t think of. Maybe I’ll suddenly see the light and be able to move on?”

She wanted to take Xiao ran out for a walk. If she was trapped in that situation forever, there might not be any turning point. Instead, it would make Xiao ran even more depressed.

“But I still have work to do.” Zuo Xiaoran refused. She still had work and her parents. How could she just leave like that?

Speaking up to this point, Zuo Xiaoran asked Xia Jinqi, “are you going to Macau?”

“Yes, I’m leaving tonight. But seeing you so sad, I’m also worried...” Xia Jinqi sighed and suggested, “why don’t we get Fang Shaoan to come over and accompany you?”

The person responsible for solving the problem still needed to be the one responsible.

Xiao ran’s knot in her heart was probably only Fang Shaoan’s ability to solve.

“Don’t tell him. I want to be alone.” Zuo Xiaoran rejected him without thinking. She had yet to figure out what to do, and seeing him would only add to her worries.

Moreover... .. perhaps it was not appropriate to think about this now, but knowing that he had once loved a woman so madly, she still did not feel good ...

“Alright...” Xia Jinqi gave up and continued to accompany her for a while.

After that, the two of them still ordered food. Even though they did not eat much, the atmosphere was somewhat depressing.

When they finally parted ways, Zuo Xiaoran picked up the phone and ran away in a hurry.

Xia Jinqi originally wanted to chat with her for a while more, but she missed it just like that.

After she was done outside, Xia Jinqi returned to the Yan family. From Afar, she saw a few cars parked in the courtyard.

They looked familiar, and there were even bodyguards standing beside them. Xia Jinqi quickly recognized that they were the Xia family’s cars.

Could it be that her father was here?

But this license plate didn’t seem to be her father’s car.

Chapter 897: menstruation

She walked into the hall suspiciously. From Afar, she could hear Xia Mingzhu's unbridled laughter. It was so piercing that it made one's eardrums hurt.

Xia Jinqi instinctively frowned. Why was she here?

The deeper she went, the clearer the conversation became.

"Look at this little girl. She looks almost exactly like fourth sister. In the future, she will definitely be a great beauty!"

When Xia Jinqi heard this, she unconsciously quickened her pace.

Why did Xia Mingzhu come to see Xiao puff?

Moreover, when she heard Xia Mingzhu's words, Xia Jinqi couldn't help but recall that she was jealous of her looks before... ..

This time, she couldn't be playing some trick, right?

When Xia Jinqi walked over quickly, Ji Xinyu was hugging Xiao puff and teaching her to wave at Xia Mingzhu. "Xiao Puff, look, this is menstruation..."

She didn't know if Ji Xinyu did it on purpose, but the three words 'menstruation' seemed to have raised the volume.

Then, the servants in the room couldn't help but laugh.

Even Xia Jinqi's expression was a little stiff.

Xia Mingzhu was immediately unhappy. Her face fell and she began to speak harshly. "Aunty, you have many children and grandchildren now. Your life is pretty good."

"It's alright," Ji Xinyu replied indifferently. She obviously didn't like Xia Mingzhu either, but since she was from the Xia family, she had no choice but to receive her.

When Xia Jinqi heard her tone, she knew that Ji Xinyu had called Xia Mingzhu aunt on purpose.

Although she had to admit that Xiao puff should have called Xia Mingzhu aunt, when she said it like that, coupled with Xia Mingzhu's pig liver-like expression, it was quite interesting.

Xia Mingzhu snorted coldly and added, "speaking of which, if it wasn't for my father's warning in the military district, aunt, you should be in jail right now, right? After all... you're a murderer."

"..." Ji Xinyu's body froze, and her face turned pale.

Xia Jinqi couldn't stand it anymore. She stood out to protect Ji Xinyu behind her and looked coldly at Xia Mingzhu. "What are you doing here?"

Seeing that Xia Jinqi had returned, Xia Mingzhu stood up proudly. "Of course I'm here to see you. I'm also here to see your son and daughter. Father doesn't have the time. As a big sister, I should be more concerned about you."

Her words were so dignified that it made one feel nauseous.

"I can't accept your concern. You're not welcome here." Xia Jinqi's expression did not change as she ordered Xia Mingzhu to leave.

However, Xia Mingzhu ignored her. Instead, she stared at Ji Xinyu, who was behind Xia Jinqi, and smiled sinisterly. "fourth sister, you've only been married for a short while, and you're already protecting your mother-in-law? But that's true. You mother-in-law and daughter-in-law are both murderers, birds of a feather!"

Ji Xinyu's face turned even paler. Even though she gritted her teeth and didn't say anything, her trembling body still made Xia Jinqi feel the pain in her heart.

That incident had always been a scar on Ji Xinyu's heart, but now that it seemed to have calmed down, Xia Mingzhu brought it up again!

"Did you come here today to find trouble on purpose?" Xia Jinqi frowned and looked coldly at Xia Mingzhu.

"I just told the truth. Why? You can kill people, but I can't?" Xia Mingzhu was originally unwilling to come, but her father insisted that she come to see Xia Jinqi.

However, when she saw the two children as soon as she entered, the jealousy in her heart began to burn.

"Is that so? Then I should casually talk about your matter." Xia Jinqi sneered and turned to walk out of the door.

Chapter 898: I just happen to have something to report

Xia Jinqi left decisively without any hesitation.

And the words she said before she left hit Xia Mingzhu's Achilles'heel.

"Xia Jinqi! STOP RIGHT THERE!" Xia Mingzhu's expression instantly changed. With a loud roar, she chased after Xia Jinqi.

The two of them came and left quickly. Ji Xinyu, who was still holding Xiao puff, stared blankly at the backs of the two sisters as they left. She had yet to react. What was going on?

Xiao puff sucked on her little finger. Her big eyes were sparkling as she looked in the direction where Xia Jinqi had left.

Xia Jinqi did not stop. She walked straight to her car.

The moment she opened the car door, Xia Mingzhu caught up to her. "What did you mean just now? About my matter... didn't you promise not to say anything?"

"I promised you that day, but I didn't promise you today." Xia Jinqi's voice was clear and clear.

After saying that, she pulled Xia Mingzhu's hand away from the car door and got into the car resolutely.

Xia Mingzhu panicked and hurriedly asked, "where are you going?"

“where do you think I’m going?” Xia Jinqi sneered. There was not a trace of expression on her beautiful little face, as if it was carved out of ice and snow. Her entire body was exuding a cold and ruthless aura.

She stepped on the gas pedal and did not continue to tangle with Xia Mingzhu.

Initially, Xia Jinqi only let Xia Mingzhu off temporarily because of Xia Jitian. However, who asked her to not change her character and still dare to come and find trouble?

Not only did she bully Ji Xinyu, who had treated her so well, but she also had plans for Xiao puff. She was simply courting death.

Xia Jinqi was about to leave for Macau. She did not want Xia Mingzhu to come looking for trouble with Ji Xinyu every now and then.

Rather than that, she might as well use a ruthless move so that Xia Mingzhu would not have the opportunity to stir up trouble for a short period of time!

Xia Mingzhu had wanted to boast just now, but she did not expect Xia Jinqi to be so swift and decisive. She was at her wit’s end when Xia Jinqi suddenly flared up!

She hurriedly turned around and prepared to get into her car, but the bodyguard beside her stood rooted to the ground. He didn’t know how to move, so Xia Mingzhu shouted angrily, “what are you still standing there for?”

The bodyguard was stunned and quickly went forward to open the car door for her.

As soon as she got into the car, Xia Mingzhu gritted her teeth and said, “chase after her!”

“Yes, minister.” The driver nodded and quickly drove the car out.

Xia Jinqi wasn’t slow, but she could still occasionally see Xia Mingzhu’s car through the rearview mirror.

She couldn’t help but curl her pink lips.

If a tiger doesn’t show its might, do you really think I’m a sick cat?

The car drove straight to the government building.

They ran into an uncle and greeted Xia Jinqi enthusiastically, “Xiao Qi, are you here to see your father again?”

Other than Xia Jinqi being Xia Jitian’s daughter, her relationship with Yan Jun was also one of the reasons why these uncles took good care of her.

“No.” Xia Jinqi shook her head. “Is Minister Lu Yiming here?”

“Oh, you’re looking for him. Yes, I just saw him go upstairs. He should be in his office,” the uncle replied and suddenly asked curiously, “you’re looking for him?”

After all, everyone in this building knew about the relationship between Lu Yiming and Xia Jitian.

It was a little surprising that Xia Jinqi had come to look for him by name at this time.

“Yes. I heard that he was promoted to a cadre in the Discipline Inspection Commission. I just happen to have something to report.” Xia Jinqi’s eyes were smiling as she told him the purpose of her visit with great interest.

Chapter 899: is already giving me face

When he heard that Xia Jinqi had come to report this personally, Uncle Lu’s eyes widened. “This... Does your father know?”

“He...”

Before Xia Jinqi could finish her sentence, the sound of extremely fast footsteps could be heard from afar.

When he turned around, he saw that Xia Mingzhu had already run over.

He couldn’t care less. Xia Jinqi directly pulled Uncle Lu and ran towards the elevator. “Uncle, since you’re so curious, let’s go up together!”

“Ah? This, this...” uncle’s Chubby face was full of surprise. Before he could react, the elevator door had already closed.

At the same time, Xia Mingzhu just happened to walk to the elevator door. She hurriedly pressed the button to go up, only to find that the elevator had already gone up.

She pressed it hard a few more times, and in the end, she slapped the wall hard. gritting her teeth, she said, “Damn you, Xia Jinqi!”

After waiting for a while, another elevator came down.

Before the people inside came out, Xia Mingzhu rushed in again!

The people inside were all shocked. Before they could see who it was, they scolded, “who is it! Such poor quality! Don’t you know how to climb the stairs in the elevator?”

Xia Mingzhu’s face was very ugly. She raised her eyes and glared at the person. The people beside her immediately scrambled out of the elevator and kept apologizing, “Director Xia, I’m sorry, I’m sorry...”

Xia Mingzhu didn’t say anything. The elevator had already gone up.

At the same time, Xia Jinqi had already knocked on Lu Yiming’s office door.

Lu Yiming sat at a huge desk. In front of him were two middle-aged men in uniforms. They should be his subordinates.

Xia Jinqi didn’t care whether they were discussing something or not. She walked straight over and said with a smile, “Mr. Lu, I didn’t disturb you, did I?”

Uncle Shi was already feeling a little guilty. He knew Lu Yiming’s methods.

Lu Yiming was only transitioning to the position of minister. There was internal news saying that he would be promoted to a member of parliament soon. When that time came, he would only be one step away from Xia Jitian. Most people were afraid of him.

Especially since they were on the left and right sides. There was nothing to say anyway, let alone forcefully breaking into someone's office... ..

Uncle extended his hand to wipe the sweat off his forehead. At this moment, he couldn't leave even if he wanted to, so he could only follow Xia Jinqi.

Meanwhile, Lu Yiming, who was still holding the Aurora pen in his hand, easily looked past the shoulders of the two people sitting in front of him to look at Xia Jinqi.

A hint of surprise flashed across his deep black eyes, but he quickly regained his calm.

"Miss Xia, you have already given me face by gracing me with your presence. Why would you disturb me?" Lu Yiming slightly curled his lips and spoke in a neither too fast nor too slow tone, his tone as smooth as usual.

After he said this, he averted his gaze and looked back at the two subordinates in front of him, indicating for them to leave first.

The two subordinates understood and immediately stood up to leave, but they were stopped by Xia Jinqi. "Don't be in a hurry to leave. I just happen to need the two of you to be my witnesses."

The two of them were immediately stunned. When they looked at Lu Yiming again, they found that Lu Yiming had been looking at Xia Jinqi.

When the uncle next to him heard this, he immediately understood why this girl had insisted on pulling him up.

It turned out that she was looking for witnesses.

But what exactly was she going to report?

Not only did she come personally to look for Lu Yiming, but she also needed so many witnesses?

Did her father know about this? ! !

Xia Jinqi completely didn't notice that her uncle, who was already sweating profusely and had the corners of his eyes twitching, was looking at Lu Yiming's slightly furrowed brows with interest.

Chapter 900: eldest niece, what are you trying to do? !

She had met him several times, and every time, he always acted like a modest and polite noble. No matter what he did or said, there was no flaw.

This time, she finally saw a slight fluctuation in his emotions.

It was not bad. With emotions, she could confirm that he was still alive. Otherwise, that stagnant aura that had not moved for ten thousand years would really make people feel that he was a walking corpse.

"I heard that Mr. Lu is a member of the Discipline Inspection Commission?" Xia Jinqi asked half-jokingly and half seriously.

The Discipline Inspection Commission was a very sensitive term, especially when the left and right factions were fighting to the death.

Xia Jinqi's brazen question immediately made Lu Yiming's two subordinates' faces turn black.

Uncle's cold sweat flowed down again... ..

Niece, what are you trying to do? ! ! !

Even Lu Yiming's eyes darkened. The Gaze he looked at Xia Jinqi with was a few degrees colder. "What does Miss Xia mean?"

"Don't be nervous!" Xia Jinqi felt a murderous aura and hurriedly stopped him. "I just know a little secret and wanted to report it..."

Hearing this, the murderous aura hidden in Lu Yiming's body disappeared. He raised his eyebrows and became interested. "Oh? Miss Xia, what do you want to report?"

"I want to report the Minister of politics, Xia Mingzhu, for her improper behavior!"

As soon as he said this, the room fell into a dead silence.

Everyone was surprised. Did they hear something wrong?

Xia Jinqi was here to report her sister?

Was there a mistake?

At that moment, no one spoke. The quiet Xia Jinqi could almost hear her own breathing... ..

Lu Yiming was stunned for a moment. Then, he narrowed his eyes and sized up Xia Jinqi, trying to figure out the true meaning behind her words.

In that Split Second, Xia Mingzhu had already rushed in. She shouted at Xia Jinqi, "Xia Jinqi! What nonsense are you talking about! Come home with me!"

Then, everyone turned their attention to Xia Mingzhu, who had just rushed in with a slightly panicked expression.

Speak of the devil, and he will arrive.

He will arrive, but the key point was that she was so anxious to take Xia Jinqi away. Then, could what Xia Jinqi said just now be true?

No one spoke, including uncle. All of them looked at the two sisters in confusion.

Since Xia Jinqi dared to openly come here today, she didn't have any fear. So when Xia Mingzhu rushed over, she even said mockingly, "you're in such a hurry to chase me here because you're afraid that I'll expose your scandal, right?"

"You! You shut up!" Xia Mingzhu shouted, so anxious that her eyes almost popped out!

After shouting, Xia Mingzhu remembered where she was and her identity... ..

She immediately rolled her eyes and pretended that she had just quarreled with Xia Jinqi. Xia Jinqi was so angry that she came over and rambled on. "Didn't I just say a few words to you? Alright, alright, alright. I'll apologize to you, alright?"

It had to be said that Xia Mingzhu's reaction was very quick. When she said this, even uncle could not help but think, could it be that the two sisters had quarreled?

Lu Yiming's expression also changed a little, but his gaze was always following Xia Jinqi.

What was this woman trying to do?

Xia Jinqi saw that everyone's attitude had changed because of Xia Mingzhu's words, so she was too lazy to explain. She took out a stack of photos from her bag and threw them on Lu Yiming's desk. "This is evidence."
