

Trick Me 901

Chapter 901: this was the first time in his life that he had been threatened like this!

Lu Yiming lowered his eyes and looked at the scattered photos. His eyes were as dark as ink.

Xia Mingzhu didn't have time to stop him. She could only actively look at the photos... ..

Uncle Shi couldn't help but approach her curiously.

In the photos, Xia Mingzhu was sitting with a strong man in a nightclub.

The man's hand had already reached into Xia Mingzhu's clothes. Xia Mingzhu was still smiling charmingly... ..

Moreover, it could be seen that the person who took the photos was also very skilled. In such a dimly lit private room, the faces of the men and women were taken so clearly that it was like a close-up.

Xia Mingzhu's face instantly turned pale. Her eyes constantly flickered and she began to rack her brains to justify herself. "No, this isn't me... This is a composite photo! Xia Jinqi, I'm your biological sister. Why did you hurt me like this?"

It was not easy for her to rely on her father's identity to become the minister. Now that the photo was exposed, she had nothing left!

Xia Jinqi's clear eyes were filled with coldness. She quietly looked into Xia Mingzhu's burning eyes.

It was as if she was saying to her, but also to herself, "I gave you a chance."

After saying that, Xia Jinqi turned her head back and slightly bent over. Her hands were propped on the desk as she stared at Lu Yiming and enunciated each word clearly "I suddenly remembered that recently, Xia Mingzhu and Mr. Lu seem to have some work-related interactions "In private, the two of you should have a good relationship, right "I've always heard that the discipline inspection commission is the most impartial and strict, but Mr. Lu has been so slow to express his stance. Could it be that he's trying to protect her?"

Her voice was clear and her eyes were smiling as she said these words unhurriedly.

The moment her words fell, Lu Yiming, who had originally had nothing to do with it, suddenly tightened the lines of his jaw. At the same time, he raised his eyes. His gloomy and gloomy gaze was filled with waves of coldness. Like a sharp knife that had been unsheathed, he lunged at Xia Jinqi!

This was the first time in his life that he had been threatened like this!

Good, very good... ..

Xia Jinqi, you are indeed brave and resourceful!

When she met Lu Yiming's gloomy gaze, Xia Jinqi suddenly felt a sense of relief.

The last few times, she had been led by the nose by this person. This time, she had finally turned the tables!

Actually, if she wanted to report Xia Mingzhu, she had 10,000 ways, but she had come to find Lu Yiming.

First, Xia Mingzhu had a close relationship with Lu Yiming in private.

Second, Lu Yiming was a member of the Discipline Inspection Commission, and Xia Jinqi had brought witnesses today. If Lu Yiming wanted to bend the law for personal gain, he would be digging his own grave. *n//OveL&In*

Lu Yiming only had two choices when it came to this difficult problem.

First, investigate it to the end impartially. This way, Xia Mingzhu would have to go to jail. Moreover, with Xia Jitian around, Xia Mingzhu would not be in any big trouble. However, this would at least make Xia Mingzhu behave for a period of time, so that she would not stir up trouble everywhere.

Second, protect Xia Mingzhu and do something to her. In this way, Lu Yiming's career would definitely be affected.

Xia Jinqi's decision was actually killing two birds with one stone. No matter what the result was, she would be the one who would benefit in the end.

Lu Yiming quickly saw through Xia Jinqi's thoughts.

After a moment of contemplation, he had long put away the anger hidden in the bottom of his heart. After returning to his usual calm, he stretched out his finger and put away the photos on the table one by one.

"Miss Xia, don't worry. I, Lu, will naturally not let you down. "

His tone had already returned to his usual Languid Self. There was not a single trace of sternness in it, and he was gentle and elegant.

Chapter 902: the sting of a wasp's tail is the most poisonous to a woman's heart.

However, Xia Jinqi frowned when she heard this.

Although he spoke in such a slow and polite manner, it still made people feel uncomfortable.

Moreover, the meaning of his words... .. was that he was planning to abandon the car to protect the handsome man ? ?

Xia Jinqi had guessed everything, but this was the only thing that she had not guessed.

To Lu Yiming, Xia Mingzhu's existence was like a bee that suddenly flew in front of him and buzzed. She was not even comparable to a chess piece.

When he was bored, he would play with her. It was dispensable.

The only thing was that he used her to get close to Xia Jinqi.

In addition, Xia Mingzhu had been by his side for so long and had achieved nothing.

She should have thrown it away a long time ago.

Perhaps he should thank Xia Jinqi for giving him an opportunity to crush this bee.

Xia Mingzhu was frightened by the determination in Lu Yiming's eyes. "Mr. Lu, this photo is a composite! You Know Me. How could I do such a thing?"

"I'm sorry, Director Xia. We don't seem to be that close." As expected, Lu Yiming quickly drew a line between them. He said seriously, "as for the authenticity of this photo, we will find a technician to verify it."

He didn't show any mercy at all.

Xia Mingzhu froze on the spot... .. She had done a lot of things for Lu Yiming recently. No matter what, she was still his subordinate. At such a critical moment, he actually completely ignored her??

In the midst of shock, Lu Yiming's two subordinates had already recovered from their shock. One on the left and one on the right, they were holding Xia Mingzhu, preparing to take her away. *n//OveL&In*

"Mr. Lu, you're ruthless." Xia Mingzhu bit her lower lip. The Gaze she looked at Lu Yiming with was a little hollow.

Lu Yiming did not even look at her. He said coldly, "take her away."

"Yes." The two subordinates nodded in unison. Then, they dragged Xia Mingzhu out.

Xia Mingzhu walked halfway and turned back to look at Xia Jinqi. She sneered, "Do you think you can defeat me like this? Xia Jinqi, just you wait. I'LL BE OUT SOON!"

Xia Jinqi did not answer. She just watched her leave quietly.

At this moment, she seemed to understand Yan Jun's heart.

When Yan Qing had done something to hurt him, was he in the same state of mind as she was now?

They were originally from the same root, so why was there a need to be in such a hurry.

Uncle saw a good show, and his entire body was drenched.

He took the handkerchief to wipe the sweat from his forehead, then shook his hand to twist the handkerchief. The sound of dripping water could be heard.

He swallowed hard and asked in a trembling voice, "Xiao Qi, what... What are you doing?"

"fulfilling the duty of supervision that a citizen should have!" Xia Jinqi turned to look at him and said very easily.

"..."uncle was speechless.

If that photo was real, Xia Mingzhu was courting death.

One could forgive the sins of the heavens, but one could not live with the sins of one's own.

But anyone could have reported it, so why did it have to be Xia Jinqi?

The two sisters, what words could not be properly spoken Why did it have to be like this... ..

Although uncle thought so in his heart, he did not dare to say a word on the surface.

This girl even dared to report her elder sister, what else could she not do?

Xia Jinqi looked at uncle's gaze and smiled in understanding. "Uncle, do you think I'm cruel and merciless?"

"..."

"Haven't you heard of a saying? The sting of a wasp's tail is the most poisonous to a woman's heart." Xia Jinqi continued to smile. Her calm demeanor made it seem like she wasn't talking about herself, but about someone else.

Chapter 903: liked to chase after other people's wives in public

Uncle continued to wipe his sweat... ..

It was already scary enough for the Xia family to have Xia Mingzhu, and now there was Xia Jinqi... ..

He really wanted to interview Xia Jitian properly. How did he give birth to these two daughters?

Without looking at uncle again, Xia Jinqi didn't even care about Lu Yiming's expression behind her. She stopped smiling and left in a carefree manner.

Uncle didn't follow her. Instead, he turned around and exchanged a few polite words with Lu Yiming. "This child was spoiled by her father. What happened just now..."

"I will handle it fairly." Lu Yiming did not waste any more time with him. His eyes were filled with greed as he looked in the direction where Xia Jinqi had left.

He only hesitated for a moment before he followed after her.

Uncle was left in a daze. Although he did not understand what Lu Yiming meant, he immediately called Xia Jitian and told him everything that had happened just now.

No matter what, Xia Mingzhu was also the daughter of the Xia family. She could not really go to jail, right? n/-OvE11n

When Xia Jinqi was waiting for the elevator, Lu Yiming caught up.

"Miss Xia, why are you in such a hurry to leave?"

Xia Jinqi frowned and looked at him, thinking that he was doing it for the matter just now. "Mr. Lu, do you have any other advice?"

At this moment, the elevator arrived. The moment the door opened, Lu Yiming took the lead and walked in. He then invited Xia Jinqi, "come in and let's talk about it."

Xia Jinqi naturally didn't move. Coincidentally, the elevator beside her also arrived. She didn't hesitate for even half a second and turned around to go to another elevator.

Lu Yiming, "..."

The moment the elevator closed, Lu Yiming suddenly curved his lips into a smile.

His smile was unusually cold and evil.

The glint in his eyes was like a ferocious beast. He was determined to get his prey.

The Elevator Xia Jinqi was in stopped on the eighth floor. When she went out, she saw Lu Yiming waiting for her outside without any surprise.

"Miss Xia sure has a personality." Lu Yiming took the initiative to walk over and talk to her. He was still very polite, but it made her feel inexplicably disgusted.

Xia Jinqi avoided him and walked out. Her tone was stiff. "You're not bad either!"

Lu Yiming was still smiling. He seemed to find it interesting to tease his prey like this.

He chased Xia Jinqi all the way to the city hall. Before he could say anything, Xia Jinqi suddenly stopped in front of him.

When he looked up curiously, he happened to see Yan Jun leaning against the Black Maserati.

"Yan Jun!" The woman in front of him suddenly called out excitedly and ran forward.

Lu Yiming's eyebrows moved slightly, and his heart suddenly felt empty.

"Why are you here?" Xia Jinqi naturally smiled and held Yan Jun's arm as she asked.

Yan Jun was still leaning against the side of the car. When he saw her running towards him, his thin lips curled up into an arc, and he doted on her endlessly. "I'm here to pick you up."

Previously, after Xia Jinqi and Xia Mingzhu left, Ji Xinyu felt that something wasn't right no matter how she thought about it, so she called Yan Jun..

"Then let's go!" Xia Jinqi wanted to leave quickly. After all, there was an annoying person behind her.

Unfortunately, Lu Yiming didn't seem to have any intention of retreating. He glanced at Yan Jun and said, "Mr. Yan seems to be quite relaxed recently?"

"Not bad." Yan Jun glanced at him. His deep eyes were filled with cold anger. "Mr. Lu has a lot of fun. He likes to chase other people's wives in public."

As soon as he said this, a smell of gunpowder immediately came out.

Chapter 904: A little revenge

In an instant, the wind blew and the clouds surged!

It was as if the color of the world had changed at this moment... ..

Xia Jinqi sensed the unusual aura between the two of them and immediately broke out in cold sweat.

Just when she thought that the situation was about to develop in an uncontrollable direction, Lu Yiming took the lead to avert his gaze from Yan Jun and turned to look at Xia Jinqi.

“You misunderstood. Miss Xia left her lipstick in my office and specially came over to return it to her.”

These words were clearly meant for Yan Jun..

After saying that, she even spread out her palm. There was really a small lipstick on it.

Moreover, Xia Jinqi quickly recognized it. It was indeed hers.

She thought that it should have fallen out accidentally when she was holding the photo just now. She didn't even realize it herself.

But she didn't reach out to take it.

She didn't want the thing that Lu Yiming had taken.

So when Yan Jun looked at Xia Jinqi, she quickly narrowed her eyes. “I'm sorry, this isn't mine.”

After lying to Xia Jinqi, Xia Jinqi turned around and got into Yan Jun's car without stopping.

Seeing this, Lu Yiming's hand, which was holding the lipstick, obviously froze for a moment.

Yan Jun closed the car door for Xia Jinqi, but he was not in a hurry to get into the car. Instead, he looked at Lu Yiming thoughtfully for a moment, and then said elegantly, “Mr. Lu, didn't you realize that you look very ugly?”

The Faint Mockery was filled with hostility.

Lu Yiming's face darkened. The politeness and politeness that he had shown Xia Jinqi just now had long disappeared. What was left was a death-like indifference and contempt for life.

He stared at Yan Jun for a moment and lowered his voice. “Just for a woman, the Yan family is willing to risk their entire family's life to protect a family that is destined to fail. Is it worth it?”

Lu Yiming's words had a hidden meaning. He implied that Yan Jun was risking his life to support Xia Jitian for Xia Jinqi.

“Who will win and who will lose? Who can say for sure until the last moment?” Yan Jun smiled coldly. His dark eyes were deep.

“Then let's wait and see.” Lu Yiming smiled wantonly, showing his evil charm and arrogance.

All the way until now, the things he wanted had never been snatched away from his hands... ..

Whether it was power, money, or... .. Women ...

Yan Jun's thin lips curved slightly, but he didn't say anything more. He turned around the front of the car and got into the car.

When they drove away, Xia Jinqi glanced out of the car window.

She found Lu Yiming still standing there for a long time, looking in the direction they had left with a faint smile... ..

Xia Jinqi subconsciously shivered. She reached out and rubbed her arms, suddenly feeling a little cold.

Yan Jun noticed her movements and looked back at her. "Are you cold?"

"A little..." Xia Jinqi frowned and temporarily suppressed the uneasiness in her heart. She asked, "did mom tell you that I came to talk about the city hall?"

"Yes." Yan Jun nodded and took the opportunity to turn the steering wheel to the left. He frowned slightly and stared ahead.

Xia Jinqi guessed it with one guess. Only Ji Xinyu knew that she was here.

The car quickly turned straight and entered a straight road. Yan Jun's deep voice was heard again. "Are you looking for Lu Yiming?"

"Isn't he from the Discipline Inspection Commission? I reported Xia Mingzhu to him." Xia Jinqi recalled the scene just now and couldn't help but curve her Red Lips. "Xia Mingzhu seems to be with him. It just so happens that they'll have a taste of what it's like to kill each other."

Back then, Xia Mingzhu had lured Yan Qing into doing so many things, causing the Yan family to be restless.

Now, Xia Jinqi was just taking a small revenge.

Chapter 905: I've never seen you with short hair before

"You've done well," Yan Jun praised her with a smile. She was very good at killing two birds with one stone.

Yan Jun was very clear about the relationship between Xia Mingzhu and Lu Yiming.

However, he didn't explain it to Xia Jinqi. He just pretended that he didn't know anything about it.

He was going to send her away tonight. If she knew about it again, she would probably feel uneasy even if she left.

Rather than that, Yan Jun would rather choose not to tell her anything. He would just treat it as if she was taking the children out for a vacation. It would be relaxing.

By the time she returned, he had already conquered a beautiful landscape for her.

Xia Jinqi did not know what Yan Jun was thinking. As she listened to his praise, a smile naturally appeared on her small face.

She turned her body sideways and stared tirelessly at the side of his face.

Since when did everything she did, whether it was right or wrong, as long as he affirmed it and praised it, she seemed to have gained the whole world.

Yan Jun occasionally turned his head, and he could meet her watery eyes that contained a faint smile.

They looked at each other and smiled. Thousands of words were exchanged in the lingering sorrow of their eyes.

Night fell.

On the helipad in the backyard of the Yan family, a military helicopter quietly stopped.

Yan Jun wanted to quietly send Xia Jinqi away, so he did not plan to let her take the passenger plane. Instead, he used Fang Shaoan's technology to erase the flight route and send Xia Jinqi away in the dark.

Aunt Chen had already brought the sleeping Yu Han and Xiao puff onto the plane. Ji Xinyu was worried, so she went on the plane and told Aunt Chen a lot of things.

Even though Yan Jun had already arranged for a nanny in Macau, it was still not as good as his own grandmother.

After Ji Heng and Ji Yunjing arrived, they chatted with Yan Jun for a while before getting on the plane.

Xia Jinqi did not move for a long time. Her luggage had already been escorted onto the plane, but her heart was still with Yan Jun..

Her expression was a little sorrowful. She had already thought about it, but in the end, the atmosphere of parting still made her nose ache.

She tugged at his sleeve. Her movements were very small, but she did not say a word.

Yan Jun turned around and sighed. He gently pulled her into his arms and coaxed her gently, "be good."

At first, she could still hold it in, but when he comforted her like this, Xia Jinqi's eyes turned red and she almost burst into tears.

Since when did she become so pretentious?

It was just a short period of time apart. It wasn't a life and death parting.

She tugged at the Hem of his shirt and gritted her teeth tightly, afraid that she would burst into tears.

Yan Jun gently stroked her smooth hair and suddenly said, "I've never seen you with short hair."

"..." Xia Jinqi finally stopped crying and replied in a whimsical manner, "didn't you see me when I was pretending to be a man?"

Yan Jun, "..."

Thinking back to her rough male voice after she used the voice changer, even Yan Jun almost choked. n.-o--v(-e(/l--b)-l/.n

"That's different." After a long time, he said with a dry cough.

After saying that, Yan Jun looked up and saw Ji Xinyu alighting from the plane.

It was about time.

He let go of Xia Jinqi and looked deeply into her watery eyes. "Go. It's time."

Xia Jinqi had already adjusted her state of mind. When she raised her eyes to look at him, she was already smiling like a flower. "En, I'm leaving."

Yan Jun nodded. There was a hint of reluctance in his dark eyes.

After taking one last look at him, Xia Jinqi turned around. However, before she could take a step forward, a force suddenly came from her hand and pulled her back.

Chapter 906: what did you do to my daughter?

Before she could see his face clearly, a passionate kiss had already been planted.

She raised her head and took it. The moment she closed her eyes, crystal-clear tears flowed down her cheeks.

The short kiss was quickly released.

Xia Jinqi did not look at him again. She turned around and left decisively.

She was afraid that if she took another look, she might think of ways to stay behind.

Yan Jun stood still the whole time, watching her leave. He watched the helicopter slowly rise into the air and finally disappear into the deep darkness... ..

Ji Xinyu walked over from the side and followed Yan Jun's line of sight. "Go back, son. The wind is strong here."

Hearing this, Yan Jun came back to his senses.

"Mom, don't tell anyone about Jin Qi and the children leaving."

"Don't worry, mom won't be bothered." Ji Xinyu smiled, her face looking much more relaxed.

Yan Jun frowned and sized her up for a moment, but he couldn't figure out what was going on. Just as he was about to ask, Wang Mang walked over from afar.

Ji Xinyu saw it too. "You guys chat. Mom will go back first."

After saying that, she walked away.

When Wang Mang walked to Yan Jun's side, he did not notice Ji Xinyu. He directly opened his mouth and said the latest news "There's news from Xia Chuanxu's side. He said that the higher-ups have sent a document and will promote Lu Yiming as a member of Parliament tomorrow. In addition, our testing company in Europe has just completed a round of financing of ten million US dollars. Although the amount is not large, but..."

"Jin Qi has left," Yan Jun suddenly said, directly interrupting Wang Mang's report.

Obviously, he was not interested in the data at all.

Wang Mang paused. It was rare to see Yan Jun so sentimental. "Didn't you say that it would be safer for sister-in-law to go to Macau?"

He had already left, and he was still reminiscing?

Yan Jun turned back to look at him indifferently, and his expression quickly returned to normal. "Pay close attention to Lu Yiming's movements, especially not letting him know where Jin Qi is going."

"Don't worry, I've already arranged everything according to your instructions," Wang Mang said confidently.

Only then did Yan Jun nod his head and walk towards the direction of the villa.

Wang Mang followed by his side and talked about the matters of the Arqi island. Yan Jun's interest was waned.

Seeing him like this, Wang Mang also knew that he probably didn't have the mood to care about these things tonight, so he didn't say anything more and left early.

However, he wasn't in a hurry to go home. Instead, he went downstairs of the municipal building and did some random tricks in the dark.

Early the next morning

As usual, Lu Yiming got up early for breakfast and listened to the latest news about the Yan family.

"everything was normal last night. Xia Jinqi and Yan Jun went back to the Yan family, but they haven't left yet."

Lu Yiming didn't say anything and enjoyed the bread on his plate.

He was the only one at the seven-meter-long dining table. Even so, he didn't feel lonely at all.

After breakfast, he went to work at the municipal administration building on time.

When he passed downstairs, he happened to see Xia Jinqi's car parked by the side.

He raised his eyebrows. Xia Jinqi was here again?

Lu Yiming's thoughts only flashed for a moment before he went straight upstairs.

On this day, he subconsciously paid attention to his surroundings, hoping to meet Xia Jinqi.

Unfortunately, he didn't meet Xia Jinqi. Instead, he met Xia Jitian's gloomy face. *nope.* (In

"Lu Yiming! What did you do to my daughter?" There were no outsiders around, so Xia Jitian didn't hold back at all.

He knew that Xia Mingzhu was taken away yesterday, but after searching for a day, he still couldn't find where Xia Mingzhu was taken to? ! !

Chapter 907: was very important to the big BOSS

Xia Jitian didn't put on airs anymore, so Lu Yiming naturally didn't need to hide it. He raised his eyebrows without any courtesy, "chairman, you have to make things clear. You have so many daughters, which one are you asking?"

"You!" Xia Jitian was so angry that his head hurt. He simply made it clear, "where is Mingzhu now?"

"Oh, you are asking Minister Xia..." Lu Yiming thought about it for a while, and even deliberately kept him in suspense. In the end, he said, "the chairman also knows that the disciplinary committee never announces things to the public."

"..." Xia Jitian stared at him. He was very unhappy, but he could not find any words to refute him.

This was originally a mutual restraint mechanism to prevent someone from monopolizing power.

After Xia Mingzhu entered the discipline inspection commission, who knew what kind of inhuman treatment she would receive!

Especially since Lu Yiming was personally responsible for it... ..

"Don't worry, the chairman. This matter was personally reported by your fourth daughter, Xia Jinqi. I will definitely put in more effort." After choking, Lu Yiming swaggered past Xia Jitian, feeling very pleased with himself.

Look, he didn't even need to make a move, but Xia Jitian's heart was already in a mess.

He couldn't help but take out the small lipstick he picked up yesterday from the pocket of his suit. Lu Yiming brought it to the tip of his nose and sniffed it.

The smell of fruit. He liked it.

"..."

Fang Shaoan had been very free recently, so he came to take advantage of Yan Jun's lunch.

Who knew that this guy would actually soak in the office and eat work meals... ..

Moreover, while eating work meals, he was also talking about using the car to mess with Lu Yiming. Fang Shaoan felt awkward listening to it.

"You said that Lu Yiming would believe that sister-in-law is wandering around the municipal building just because a car is parked downstairs?" Fang Shaoan winked and asked. He was actually too embarrassed to say it out loud. Even he couldn't fool such a low-level trick... ..

Not to mention him, even a three-year-old child would be a little hesitant if he did not see Lu Yiming in person, right?

Lu Yiming could even run for president. His brain must be a little different from ordinary people. How could he not see through him?

Yan Jun glanced at him and did not say anything, but his eyes were still a little... .. Yes, contempt ...

When Fang Shaoan saw him like this, he knew that Lu Yiming was not willing to explain himself, so he went to look at Wang Mang. "Tell me, how does this work?"

“actually, it’s nothing. The bodyguard forgot to drive the car back at that time, so he just played along. He lied to him every day. Since his sister-in-law is gone, he will find out sooner or later.” Wang Mang did not expect to lie to Lu Yiming for long.

However, he would secretly drive the car away every night and then park it back every morning. Moreover, the location of the car was different every time. Anyone who saw it would guess it, right?

Fang Shaoan heard it and felt that it made sense, “even so, doesn’t he know how to adjust the surveillance cameras?”

” ... ” Wang Mang paused, put his hands together and prayed, “God bless him not to think of adjusting the surveillance cameras too early.”

Fang Shaoan’s eyes twitched, “so people with high Iq can be so stupid when they do things?”

“It’s not that... it’s just that you know the principle of darkness under the light, right? Second Young Master Yan is taking advantage of Lu Yiming’s self-righteousness,” Wang Mang explained casually and started eating again ...

Wang Mang was enjoying the work meal that Fang Shaoan didn’t like.

The main meal of the Halibut.

It was served with tomato sauce and lobster cream.

There was even a slice of sweet potato cake on the bottom. ~~noVe/lb/1n~~

As he ate, he sighed in his heart.

It was very important to the big BOSS, and the work meal could also give the impression of top-notch cooking... ..

Chapter 908: She definitely doesn’t like you!

“Oh...” Fang Shaoan nodded and understood a little.

When he turned back, he saw that Wang Mang had already started to bury his head in his food, but Fang Shaoan had lost his appetite. He put down the Spoon and leaned on the SOFA, looking like a corpse.

The two people in front of him suddenly became quiet. Yan Jun was still not used to it, so he looked up at Fang Shaoan. “How are you and Zuo Xiaoran?”

Looking at his depressed face, he must have a knot in his heart. Otherwise, why would he come to his place to make a living.

Moreover, he didn’t need to think to know who this knot was.

“It’s not bad... I just feel that she doesn’t seem to be very enthusiastic.” Fang Shaoan held his Chin and frowned as he recalled the events of the past two days. “She seems to be quite busy and doesn’t have time to come out.”

He had asked her out twice, but she said that she didn't have time... ..

However, at least it was better than ignoring him and treating him like air.

Before Yan Jun could speak, Wang Mang, who had stuffed a mouthful of fish meat into his mouth, interrupted, "she must not like you! And it's not good for her to reject you, so she said that she doesn't have time!"

" ... " Fang Shaoan froze for a moment, and his face instantly collapsed. "Eat your fish!"

Wang Mang was yelled at, and he lowered his head to continue eating, feeling very depressed.

The girls he had asked out didn't come out with all sorts of reasons at first, but later, didn't they all say that it was because they didn't like him?

Could it be that there was another reason?

Fang Shaoan didn't think so. "She seems to have something on her mind."

Yan Jun saw his depressed look and sighed softly before saying, "I heard Jin Qi say that Zuo Xiaoran likes you, but..."

"But because I'm a playboy, she's hesitant!" Fang Shaoan tactfully took over Yan Jun's words and said with a grievance "You also know that in the past six months, I haven't even gone to a nightclub, let alone a woman. I've never been this obedient in my f * cking life."

These were not the rules that Zuo Xiaoran had proposed to him, but he had voluntarily kept himself clean.

Or rather, right now, he was only thinking about Zuo Xiaoran, a woman, so how could he care about others?

It wasn't like he hadn't done something like squatting downstairs in the middle of the night, so how could he have time to go to a nightclub?

He almost forgot about the life he had before... ..

Because of this, he lost a lot of friends, even though they were just good friends... ..

"If that's the case, Zuo Xiaoran saved thousands of young girls from being poisoned by you. It's simply a meritorious deed..." Wang Mang listened as he ate, and he couldn't help but express his opinion again.

Fang Shaoan heard this and took a deep breath to keep himself sane. "Shut up!"

Yan Jun curled his lips and gave a faint smile.

Wang Mang's words made a lot of sense.

When Fang Shaoan heard Yan Jun's smile, he was even more displeased. "Second Young Master Yan, YOU'RE NOT LOYAL! Back when you were courting sister-in-law, I gave you so many tricks. Now it's my turn. It's fine if you don't help, but you're still mocking me here?"

.. It would have been better if he didn't say this. The moment he opened his mouth, he was immediately glared at by Yan Jun..

Back then, Yan Jun had been chasing his wife for a long time, and Fang Shaoan had mocked him countless times!

Now, the tables had turned!

Fang Shaoan shrunk his neck from the glare. He coughed lightly and admitted defeat, "alright, alright, let's not talk about the past anymore! Then, you must be experienced now, right? It's time for you to give me some pointers, right? "

To be honest, Fang Shaoan's previous proud experiences were almost all spent money.

Everyone knew that he was rich. In fact, no matter what lousy tricks he used, he would follow him.

Chapter 909: was a kiss on the wall

When it came to relationships, Fang Shaoan had never been in love before.

Didn't Julie Fail the last time... ..

In this regard, Yan Jun was ahead of the game. He got married, fell in love, and had a baby in one go He was definitely qualified to be his life mentor!

Yan Jun thought for a moment and said, "you are boiling a frog in warm water. "

"Ah? " Fang Shaoan was confused. He didn't understand what Yan Jun meant.

Wang Mang couldn't stand it anymore. He put down his fork again and said, "It means that if you want to chase a girl, you have to end it quickly! A man is not bad, but a woman doesn't love him, understand? Just press him against the wall and kiss him. I guarantee that she will blush and her heart will beat faster. She will love you to death! "

"... "

Wang Mang was definitely the type who would either not speak or would not stop until he was shocked to death... ..

Fang Shaoan tried to digest Wang Mang's words and then swallowed hard. "Are you sure? "

"If you don't believe me, you can ask Second Young Master! " Wang Mang cleverly shifted his gaze to Yan Jun..

Fang Shaoan also turned his head and looked at Yan Jun. "really? "

Yan Jun,"..."

He silently recalled the past between him and Xia Jinqi.

EMMM... ..

In any case, Xia Jinqi was pregnant after two months of marriage.

It was simple and crude.

Unlike Fang Shaoan, who was still not officially together after seven months.

Thinking of this, Yan Jun coughed lightly. His right hand, which was propped up on the Armrest of the SOFA, touched his forehead in a disguised manner.

He didn't think of it before, but now that he thought about it, his actions were like a tiger.

Fang Shaoan saw Yan Jun like this and knew that he had tacitly agreed!

But... .. But he and Zuo Xiaoran had shared a bed and a pillow a long time ago ! !

And... .. thinking of that time, Fang Shaoan was filled with anger for no reason ! !

When that girl woke up in the morning, not only did she not cry like other girls, she even looked down on him as if he was sick... ..

Really, she had completely smashed his dignity as a male onto the ground and rubbed it ! !

Thinking of this, Fang Shaoan froze again, and a bold thought popped up in his head.

Could it be... .. He was drunk that night, so he had carelessly settled the matter ? ?

And then that girl started to look down on him?

Thinking of this possibility, Fang Shaoan's face instantly turned the color of a pig's liver.

Fall If he had known earlier, he wouldn't have drunk so much!

It seemed like he had to find an opportunity to prove to her his true strength!

Yan Jun didn't know that Fang Shaoan had taken advantage of his drunkenness to eat Zuo Xiaoran clean a long time ago. Now, seeing that his expression was getting uglier and uglier, he frowned. "What are you planning to do?"

"NOTHING!" Fang Shaoan stood up and grabbed the teacup on the table. He downed it in one gulp and said heroically, "I still have something to do. I'll leave first! !"

With a loud roar, Fang Shaoan took the suit jacket that was placed on the Sofa and rushed out of the door without looking back.

Wang Mang had just finished eating the flounder. Before he could swallow it, he was shocked by Fang Shaoan's hasty actions and choked.

After he finally managed to swallow the fish meat in his mouth with much difficulty, he asked Yan Jun embarrassedly, "could he... have listened to my advice and decided to do something inappropriate for children?"

Yan Jun turned back to look at him with a smile in his eyes. "where did you learn it?"

“Hehe, when I was recuperating in the hospital, I was bored and watched a lot of soap operas...” Wang Mang scratched his head and chuckled.

Chapter 910: whether it was life or death, king or bandit.

After laughing, Yan Jun looked out of the window.

The Sun was shining brightly in the middle of summer, and the sky was exceptionally blue.

I wonder what the weather is like in Macau today.

Ah Jin and the children, are they used to the weather there... ..

After a moment of silence, Yan Jun withdrew his heart. No matter how beautiful the scenery was, it would not make him immerse himself in it.

“The real war has just begun.” With a soft murmur, Yan Jun stood up and walked towards his desk.

Wang Mang immediately understood that the war that Yan Jun was talking about was the ownership of Rao city.

He also frowned and walked over. “second young master, if it really came to a desperate situation, would you... use your army?”

The army on Arqi island was still under Wang Mang’s control for the time being.

He was still in charge of buying new arms. With such a huge amount of military supplies, he was completely capable of taking down a city.

Although Yan Jun only said it was just a precaution, Wang Mang still felt that this was a once in a lifetime opportunity.

Hearing this, Yan Jun raised his eyes. His deep and cold gaze swept across Wang Mang’s hesitant face.

“I will,” he gave an absolute answer.

This was the meaning of the army’s existence.

Wang Mang was stunned for a moment, but he quickly regained his senses. His gaze unswervingly looked into Yan Jun’s black eyes. “Second Young Master, no matter what decision you make in the future, I, Wang Mang, will follow you!”

After he finished speaking, Wang Mang secretly added in his heart, regardless of whether it was life or death; whether it was a king or a bandit.

Yan Jun’s starry eyes narrowed slightly. After a moment, he revealed his face. “find a quiet place and ask Huo Ting out. There are some things that I still need his help with.”

“Okay!” Wang Mang nodded and immediately turned around to get ready.

After he left, a secretary came in to clean up the plates on the guest’s coffee table.

Occasionally, he would inadvertently glance at Yan Jun and see what he was looking at. His thin lips curled up slightly and his smile was very gentle. noVe/LB-1n

The secretary's hand trembled and he almost lost his grip on the plate.

Director Yan usually did not smile, and he was especially serious. The people in the underground secretly called him cold-faced Yama... ..

However, at this moment, he was as happy as a child who had gotten candy.

As for Yan Jun... ..

He did not notice the secretary's Gaze. All his attention was placed on the two photo frames in front of him.

One was a wedding photo of him and Xia Jinqi.

The other was a 100-day photo of Yu Han and Xiao puff.

Two minutes later, Yan Jun shifted his gaze to the computer screen.

On it was a secret email from the city hall.

When a person had people and things that he wanted to protect, he would become stronger than before!

..

After Fang Shaoan left Yan Jun's place, he drove straight to the mall where Zuo Xiaoran usually worked.

Previously, he had used Yan Jun's car to go there once, so he could recognize the road.

But when he went all the way there, he found that there were two other unfamiliar girls working in the shop.

"excuse me, did Zuo Xiaoran not go to work today?" Fang Shaoan asked one of the girls, his eyes unconsciously looking around.

"Xiaoran? She has already taken three days off." The girl was a little surprised. She looked up and down at Fang Shaoan. Seeing that he was dressed unruly, her gaze became a little strange.

Fang Shaoan did not have time to care about these things. He anxiously asked, "not going to work for three days? Then do you know what she did?"

"I don't know." The girl shook her head. "I heard that something happened at home."

"something happened at home?" Fang Shaoan was shocked. When he contacted Zuo Xiaoran last night, the girl said that she was too tired from work and wanted to rest earlier?
