

Trick Me 931

Chapter 931: In the miss was requested to be unopened

Tonight in Rao city, it was a rare hot and stuffy night since autumn.

Ever since Xia Jinqi left with the children, the entire house had suddenly become empty.

Yan Jun was busy at the company during the day, so time passed quickly.

At night, it was more difficult to endure.

In the huge villa, he was the only one.

It wasn't that he had never lived this kind of life before. It should be said that for a long time in the past, he lived alone.

It was just that after tasting the warmth of having a family lover, he couldn't give it up no matter what.

Sometimes, he would flip through the books left behind by Xia Jinqi in the study room and look at the paintings she had drawn when she was young.

Sometimes, he would go to the changing room and look at the clothes that Xia Jinqi used to like to wear, the jewelry that she liked, the bags that she liked... ..

Sometimes, he would also play with Yu Han and Xiao puff's favorite toys in the children's room.

However, the remaining time was still difficult to pass, so Yan Jun would call Fang Shaoan over to work with him most of the time.

Although this also attracted a lot of complaints from Fang Shaoan, after all, he and Zuo Xiaoran were having a sweet time right now. He even squeezed out such a precious time at night for Yan Jun... ..

It could be seen that he was a loyal person, right?

As Yan Jun was flipping through the documents in the study, Fang Shaoan was eating a bowl of noodles by the side. He was sipping on the noodles, and it was really exciting.

The secretary received the news from Macau and quickly walked in. He lowered his voice and said, "young master, there's news from Macau. It's about Madam."

Yan Jun's eyebrows moved slightly. "read it."

"Madam went to a nightclub in the city tonight. She injured a local well-known local boss and... smashed the nightclub." The secretary read the message on the tablet ...

The more he read, the more beads of sweat formed on his forehead.

"..."Fang Shaoan had just fed a mouthful of noodles to Yan Jun. when he heard this, he even forgot to chew and hurriedly looked at Yan Jun..

The latter was still calm and composed.

The secretary saw that Yan Jun did not have any reaction and sighed to himself. He adjusted his state of mind and prepared to continue reading.

“still...”

However, when his gaze swept to the row of words at the back, the secretary’s last sentence was suddenly stuck in his throat. The sweat on his forehead flowed like a waterfall.

Yan Jun waited for a while, but did not get the rest. His brows furrowed even more tightly, and his voice was cold. “continue.”

The secretary was frightened to the point of trembling. As he wiped his sweat, he said in a trembling voice, “you... you even pointed at the young lady, indicating that she had never opened her cherry before...”

“PFFT!!” Fang Shaoan spat out a mouthful of blood!!!

Yan Jun had just finished reading a document and was ready to sign it.

Holding onto the MONTBLANC fountain pen, he had just written half of the word ‘Yan’. When he heard this, even though he could not remain calm, his hand trembled, and the signature area on the white background immediately drew a long black line.

The signature was destroyed.

The secretary immediately shut his mouth.

The atmosphere in the room was like a mountain stream slowly flowing clear spring. In an instant, it was frozen into ice, and the cold air that could not be covered by it gushed out... ..

After about three seconds, Fang Shaoan, who had come back to his senses, began to burst out with a terrifying laughter that was like a pig being slaughtered!

“HAHAHAHAHA! SISTER-IN-LAW HAHAHAHA! You even specified that you want someone who has never opened a bud before Hahahaha! Awesome! Awesome! I, Fang Shaoan, am completely in awe of you!! Hahahaha!!”

The laughter was so demonic that even the sturdy walls of the villa could not stand it. At a certain moment, with a crack, a crack appeared.

Chapter 932: 10,000 I don’t believe it

In the distant Macao.

Xia Jinqi, who had just taken a shower and came out with a dry towel to dry her short hair, sneezed. “Ah Qiu!”

“strange, is the water too cold? Or is someone scolding me...”

As she muttered, she walked to the bed in the bedroom and sat down.

In front of her was an enlarged crib. Yu Han and Xiao puff were sleeping soundly.

The light in the room was very dim. Afraid that it would disturb their rest, Xia Jinqi only turned on the bedside lamp on the right.

With the soft light, her gaze never left the two cute children.

Until..

The phone that she had casually thrown on the big bed began to buzz.

Xia Jinqi subconsciously took it. When she saw the name displayed on it, her first reaction was to be slightly stunned. Then, she quickly picked up the phone.

“Hello?”

“It’s me.” Her deep and magnetic voice was like the sound of her wrist lightly tapping on a drum, hitting the depths of her heart.

Xia Jinqi’s pink lips curled up almost instantly. “I know.”

This morning, Ji Yunjing had given her a new phone and phone card. She had not had the time to tell Yan Jun, but she did not expect him to already know her number.

But thinking about it, it made sense. What could she hide from him?

Sometimes, this man was so powerful that it was suffocating.

Yan Jun’s voice came again. “Are the Children Asleep?”

“Yes.” Xia Jinqi’s gentle gaze fell on Xiao puff, who was kicking the quilt. The moment she helped her pull up the quilt, she asked again, “is Rao Cheng hot?”

“It’s okay,” Yan Jun answered and turned to look out of the window where the wind was blowing.

Fang Shaoan had just left, and he was the only one left in the big room.

“Did you go to the nightclub tonight?” He suddenly asked.

Xia Jinqi didn’t understand and answered honestly, “Yes, cousin brought me there.”

After she finished speaking, Xia Jinqi realized that the last sentence she added had a sense of shirking responsibility... ..

“Have you been drinking?” He asked again.

“No!” Xia Jinqi answered firmly. She hadn’t been drinking recently!

Yan Jun raised his eyebrows when he heard that. She hadn’t been drinking?

So all those things were done when she was sober?

“I heard that you smashed someone’s shop?”

Xia Jinqi,“...”

The towel that was used to dry her short hair was finally put down. Xia Jinqi's face was a little stiff.

Why did she feel like she was being interrogated?

"You even called her 'Miss' ? "

"..."Xia Jinqi stuck out her tongue. She already knew about this?

"You still have to be unopened? HM?" Her ending voice rose, and there was an inexplicable danger... ..

When Xia Jinqi heard Yan Jun's words, she heard a loud rumble. It was no different from thunder!

Can only explain with an embarrassed smile, "No no, that is the cousin called! "

"really?" The clear voice came, as if filled with 10,000 I do not believe... .. n-/σ/-σ--e(-I))b)-I()n

"... It wasn't really me!"

She's innocent!

That's what my cousin called me!

And they say to be pure, where does it say to be unopened?

Who told on you It's so fucking unprofessional! ! !

Xia Jinqi was so anxious that she almost jumped on the spot! ! !

You can't wash it off... ..

"trust me... even if I want a virgin, there's nothing I can do... "

Covering her face!

There was really nothing she could do!

On the other end of the phone, Yan Jun's thin lips had curled up. These words were true.

He got up and walked to the window.

At some point in time, a light drizzle floated in the night sky.

Chapter 933: I want to see you

The stuffiness just now instantly disappeared.

"Did you cut your hair short?" He suddenly asked.

Xia Jinqi was still brainstorming about how to muddle through, but unexpectedly, Yan Jun's next sentence had already changed its style.

His tone was gentle, and even carried the tone of a chuckle just now.

So he asked that question just now just to tease her!

In an instant, she relaxed.

Her right hand flicked the silver short hair that was flashing with the light of a shooting star, and she nodded. "Yes, I cut it."

Hearing her soft voice, Yan Jun looked at the dark eyes in the distant night sky. For a moment, his gaze was incomparably deep. "I want to see it."

Xia Jinqi was playing with the strands of hair on her forehead. Her scallion-like fingertips were twirling them in circles. When she heard Yan Jun's words, her small face instantly turned hot.

"Wait a moment!"

After saying that, she threw her phone aside and quickly ran to the bathroom next door to get her hair done.

Her heart was so tired. She originally wanted to take a shower and sleep lazily.

Who knew that Yan Jun could still call in the middle of the night? Moreover... ..

Well, in any case, a woman should look good for herself!

Xia Jinqi ran too fast and forgot to hang up the phone. Therefore, Yan Jun, who was far away in Rao city, not only heard the sound of hurried footsteps, but also heard the sound of a hair dryer.

After realizing what she was doing, his cold face suddenly broke into a smile. It was ethereal, noble, and handsome.

The waiting time was always long, but it also filled people with hope.

Yan Jun did not hang up the phone on his own initiative. Instead, he turned on the speakerphone and put the phone on the table behind him. He turned around and sat back in front of the desk, continuing to flip through the unfinished documents.

He had already cleaned up the mess that Yan Qing had left behind.

Not only had he cleaned up the mess, but he had also saved the few companies that were on the verge of death previously. Moreover, he had successfully achieved a profit in a short period of time.

The Yan family, which was previously filled with devastation, had basically been brought back to life in the short month that he had taken over.

After resolving the internal problems of the group, he would have more energy to welcome the violent storm that was about to change in Rao city.

On the other side, Xia Jinqi quickly dried her hair and chose a more attractive set of pajamas before returning to her room to find her phone.

When she saw it, she realized that she had actually forgotten to hang up?

Not only did she not hang up, but Yan Jun also did not hang up... ..

"Are you still there?" She asked in a probing whisper.

Initially, she had thought that Yan Jun had forgotten to hang up just like her. She guessed that he probably did not know what he was doing at the moment, so Xia Jinqi thought that he would not answer so quickly.

Who knew that the moment she asked, Yan Jun's voice immediately came from the other side.

"I'm here. Are you ready?"

"En!" Xia Jinqi could not help but smile and asked, "do you want to start a video call? Or send you a photo?"

Just as she finished asking, the call was hung up.

Before Xia Jinqi could react, a video invitation appeared on her phone screen.

She opened it a little nervously.

This was the first time she had played a video with Yan Jun... ..

The connection was quickly connected.

The screen was split into two. n/.0vE1b1n

Yan Jun was shown on the left, and she was shown on the right.

Xia Jinqi anxiously looked at the screen that belonged to Yan Jun and realized that he was still in the study at this late hour?

Moreover, he was wearing a white shirt. He had obviously been working all this time and didn't even have time to change into his home clothes.

He immediately frowned and asked, "are you busy today too?"

"I'm fine." Yan Jun quietly put the document in his hand to the side. His dark black eyes were staring at his little wife on the screen.

Chapter 934: feeling of first love

Four days had passed.

It was as if a lifetime had passed.

In her memory, her long, silky hair no longer existed.

Instead, it was replaced by short, valiant silver hair.

The male makeup of the day had also been completely removed, revealing her originally exquisite facial features.

Under the soft light, her silver hair shone like the milky way, and her pair of beautiful eyes were filled with watery light, decorated with a little bit of uneasiness. She looked at herself timidly and hopefully.

The round collar of her pajamas revealed her exquisite and charming collarbone... ..

Perhaps it was the night breeze that blew over, gently caressing her 3,000 silver strands. That elegant arc, every one of them tickled his heart.

Yan Jun was a little stunned.

His black eyes deepened bit by bit... ..

Xia Jinqi waited for a long time, but Yan Jun didn't say anything. She touched her hair uneasily, blinked her big watery eyes, and asked him, "how is it? Is it very strange? "

As she said this, she pulled out a small piece of bangs and looked at it in front of her.

The fire tree's silver flower-like color was inexplicably a little high-profile... ..

She didn't like it at first, but the stylist said that it would change her previous image more, so she reluctantly accepted it.

However, at this moment, it was the first time she appeared in front of him in this way. Her heart was still a little antsy.

Yan Jun came back to his senses and raised his Thin Lips. "It's very nice. "

After receiving his affirmation, Xia Jinqi immediately felt like a child who had received a candy. All her nervousness and uneasiness were cast aside, and she turned to look at him with a smile. "really? I was afraid that you wouldn't like it... "

"I like it, " he replied rather quickly. His deep eyes, which were flickering with flames, were shining brightly.

"..."Xia Jinqi was a little embarrassed by what he said, and her face flushed slightly.

If it was in the past, he would definitely not be so cooperative... .. At the very least, he would have to be sour before she would be willing to give up ... noVe(lb)In

After getting married, bit by bit, not only did she change, he had also changed quite a bit.

It was a little like... .. The feeling of first love ...

Other people would fall in love before getting married, but they were the opposite. They would get married first before falling in love.

"You miss your children, right? " Xia Jinqi hurriedly averted her fiery gaze and walked to the side of the children's bed. She focused the camera on Yu Han and Xiao puff. "Let me show you. "

The two fair and tender little fellows were growing up while sleeping soundly. How could they have the time to care about what their parents were doing... ..

Yan Jun lowered his eyes and looked at the pair of children who were sleeping next to each other. His originally empty heart was instantly filled.

"It's been hard on you, " he suddenly opened his mouth and asked, "is everything okay? "

Hearing this, the smile on Xia Jinqi's lips stiffened. She then turned around and sat on the edge of the bed. "I encountered a difficult problem..."

"Tell me about it."

Xia Jinqi sighed softly and told Yan Jun about the 32 glasses of wine.

Don't look at how arrogant she was in the nightclub. In fact, she had yet to think of a way to muddle through this problem.

On the other side, Yan Jun only took a second to give her the answer. "just don't drink it."

"Don't drink it? But cousin said that you must drink it..." Xia Jinqi frowned and sighed softly. She also told him about how she met Ye Qinghuan.

Yan Jun pondered for a moment. "When you go to meet the 32 people in charge, bring this woman with you."

"Oh... bring her??" Xia Jinqi became more and more confused ...

When she disguised as a man, she was not good at interacting with women. For this reason, she deliberately left Ye Qinghuan with Ji Yunjing. Why did Yan Jun let her bring Ye Qinghuan?

What was the deeper meaning?

Chapter 935: ah Jin, I only have one you

"En. Bring her along." Yan Jun nodded. His thin lips curled into a faint smile, causing Xia Jinqi to feel extremely uncomfortable... ..

"Why?" She pressed on.

"with her around, you can..."

At this moment, Yu Han, who was lying in the crib, squirmed a little. He turned sideways and hugged Xiao Puff, who was beside him, before continuing to snore and fall asleep.

Xiao puff also leaned closer to her brother's side. Her small mouth smacked as she pulled out a smile.

The night outside the window was deep and silent.

After Xia Jinqi heard Yan Jun's words, she suddenly felt enlightened. "It's that simple?"

"It's that simple." Yan Jun's tone was calm, but it was filled with a certainty that could not be denied.

Xia Jinqi immediately smiled and at the same time, she idolized her husband. "As expected of big BOSS Yan! Listening to Jun's words is better than studying for ten years!"

Hearing her fawning words, Yan Jun's lips curled into a smile. "Be careful."

"Don't worry... cousin and grandfather are very protective of me." When Xia Jinqi said these things, she was a little smug ...

In the past, she had always heard that some family's child was spoiled by their family members... .. She had envied that 'other family's child' for more than twenty years. Now, she finally had a chance to taste what it was like to be spoiled ! !

Yan Jun naturally knew that Ji Heng and Ji Yunjing would not treat her unfairly, but there were some things that had to be said first. "there are some things that can only be said to the best of your abilities. When you encounter a life-threatening matter, it's best to protect your life. "

"Isn't that cowardice? " Xia Jinqi frowned.

Didn't the world that Ji Yunjing spoke of come first in terms of loyalty?

Yan Jun stared at her for a moment. When he spoke again, his tone was slightly solemn. "Lego can have many leaders, but ah Jin, I only have you. "

"..."

Xia Jinqi's heart warmed.

She looked at him seriously. After a long while, she nodded. "I understand. "

She had to fight for a piece of the sky, and at the same time, she had to protect her own life.

It was really a technical job... ..

After that, the two chatted for a while more before they hung up.

Xia Jinqi lay on the bed, tossing and turning, unable to fall asleep.

Recently she has been away from Yan Jun, she has started to recognize the bed.

But it will not be like before, all night long sleep, dawdle dozens of minutes, also slowly fell asleep.

—

The next day.

When Ji Yunjing woke up, the sky was already completely bright.

Subconsciously moved his left hand, sharp pain, suddenly came.

Slightly frowned, Ji Yunjing rolled out of bed.

As soon as he moved, the towel fell from his forehead.

Pupils slightly deep, the right hand picked up a towel pinch, has been semi-dry state.

He did not remember getting up last night to pick up the towel... ..

While he was deep in thought, the corner of his eye happened to glance at the white paper on the bedside table under the Water Cup.

There seemed to be words written on it.

He took it over and took a look. Only then did he realize that the handwriting was exquisite.

[sir, the Porridge is ready. Remember to eat some when you wake up. Thank you for saving me last night. Qing Huan will remember your kindness for the rest of his life. I wish you a speedy recovery.]

After reading it, Ji Yunjing got up and walked downstairs to the kitchen.

There was indeed steaming white porridge in the electric rice cooker.

He scooped some out and tasted it.

It was tasteless, but it was not terrible.

He had not been back to his residence for a long time. He had asked someone to clean it a few days ago and put some food in it. He did not expect it to come in handy.

However, what Ji Yunjing did not expect was that last night... .. That girl did not leave ? ?

The Porridge was still boiling hot. It was cooked just right. Apparently, she had just left.

Chapter 936: was he addicted to flirting with girls?

He vaguely remembered that someone had been taking care of him last night.

Was it her?

There was a slight fluctuation in her expression, but there was not the slightest hint of alarm in her eyes.

Ji Yunjing slowly drank the porridge, and his stomach quickly warmed up.

Halfway through eating, there was a sudden knock on the door.

Ji Yunjing got up and went to open the door.

“cousin, good morning!” Xia Jinqi greeted him with a smile, and took the opportunity to look behind Ji Yunjing.

“Why are you so early?” Ji Yunjing was a little surprised. Previously, he was supposed to pick her up, so why did she come here by herself today?

“The early bird catches the worm...” Xia Jinqi chuckled and followed Ji Yunjing in. They searched the huge living room but could not find ye Qinghuan.

Instinctively, she looked up at the second floor. Xia Jinqi thought to herself, could he still be sleeping upstairs?

As she was thinking, she saw Ji Yunjing walking towards the dining table and eating porridge?

“cousin, how’s your injury?” Xia Jinqi walked to sit across from him and asked.

“It’s nothing serious,” Ji Yunjing answered concisely. Only then did she ask, “have you eaten breakfast?”

“Yes,” Xia Jinqi answered. She looked at the bowl of white porridge in front of Ji Yunjing and couldn’t help but wonder, “you’re up so early to cook?”

"I didn't do it."

"Then who did?" Just as she asked, Xia Jinqi blinked her eyes. She remembered something and asked again, "it's Qinghuan? Where is she?"

This time, Ji Yunjing didn't deny it. She just leisurely drank the porridge and answered, "she left."

"Left?" Xia Jinqi was surprised. "Why did she leave?"

She came so early just to see Ye Qinghuan... ..

The method that Yan Jun taught her last night, she had to bring Ye Qinghuan with her.

In Ji Yunjing's opinion, Ye Qinghuan's existence was not important in the first place.

Or to put it another way, meeting her last night was purely an accident.

It was normal for a young lady who was taken away to spend the night, but to leave early the next morning was a rule in the industry.

Moreover, Ji Yunjing's actions last night were extraordinary. He spent 10,000 yuan just by waving his hand. He could be considered a more generous guest, and Ye Qinghuan knew more about rules.

If she had not left, Ji Yunjing would have found it strange.

He just did not expect Xia Jinqi to have such a big reaction.

"If you don't leave, do you think I will have to support her?" Ji Yunjing answered lazily. He knew that his little cousin was very unfamiliar with these things, so it was normal that she did not know.

"..." Xia Jinqi reached out and touched her forehead.

She had calculated everything, but why had she not calculated this?

It was such a good idea. Without Ye Qinghuan, it would not be fun.

After taking a deep breath and stabilizing her emotions, Xia Jinqi asked, "do you have her contact information?"

"No." Ji Yunjing shook his head.

In a business where both goods and silver were sold, unless a b * Stard really liked a mung bean, who would leave such a thing behind?

Xia Jinqi continued to hold her forehead. After pondering for a moment, she turned back to look at Ji Yunjing. "In that case, we can only go to the nightclub last night."

This time, it was Ji Yunjing's turn to raise his eyebrows.

He sized her up from head to toe. He was getting more and more familiar with disguising as a man, so he couldn't help but ask, "are you addicted to flirting with girls?"

"JUST LAUGH!" Xia Jinqi really wanted to roll her eyes at him!

It was obvious that she didn't get a girl last night. Instead, she gave him a girl for the whole night. In the end, when she came in the morning, well, the girl ran away.

Now that she didn't know the girl's contact information, she could only go to the nightclub to look for her.

No matter what, she was a person who came from there.

Chapter 937: was the real new world

Ji Yunjing saw Xia Jinqi's serious look and became more serious. "Are you really going?"

"Yes!" Xia Jinqi nodded.

"Then let's go." Ji Yunjing put down the porridge bowl, went upstairs to change his clothes, and took Xia Jinqi to the nightclub.

When they got in the car, Xia Jinqi thought of last night's Canlie and couldn't help but ask, "do you want to bring more people today?"

After all, it was easier to do things with more people.

"No need." Ji Yunjing shook his head and smiled mysteriously. "You made a name for yourself last night."

"Ah?" Xia Jinqi turned around in surprise. "What do you mean by making a name for yourself?"

Ji Yunjing kept her guessing and continued to smile. "You'll find out later."

"..."

"..."

Half an hour later.

Two black cars stopped at the spot where Xia Jinqi got off last night.

The bodyguards who accompanied her went forward to open the car door, and Xia Jinqi got off immediately.

Standing at the intersection of the street, she looked at the desolate and desolate street and suddenly felt a little suspicious. "Is this where we came last night?"

"Yes." Ji Yunjing nodded. Looking at Xia Jinqi's expression, the corners of her lips curled up slightly. "Isn't it very different?"

"It feels completely different." Xia Jinqi narrowed her eyes and looked carefully. She found that the corner of the street and the shop were still familiar.

However, when she came last night, the sky was already dark. The lights on the roadside and the colorful lights hanging on the signboards of the nightclub were flashing, almost dazzling people's eyes.

At that time, there were a lot of people coming and going on the street, and it was very lively.

That kind of atmosphere would be inexplicably exciting and impulsive when one was in it.

But now... ..

The bright sunlight shone on this place, as if everything was exposed.

There were no neon lights, no beauties of all kinds with voluptuous figures, no luxury cars chasing each other, and even more so, no surging crowds.

The words “paradise” on the nightclub’s signboard were particularly abrupt. Without the halo to set off the contrast, it looked simply vulgar and unbearable.

A lot of trash was even thrown on the ground.

Cigarette butts, wine bottles, and even “small umbrellas” were there.

It was a shocking sight to behold.

The tall buildings in the distance were still as resplendent as ever. Bathed in the sunlight, they shone with golden light and were incomparably dazzling.

Without comparison, there would be no harm.

Ji Yunjing had already taken the lead and walked into the nightclub.

“This is the true new world. The ugliness of human nature, the unbearably dirty after chasing after indulgence and excitement,” Ji Yunjing said slowly. Every word he said was filled with shock when Xia Jinqi heard it.

She took a step forward and followed behind him. Her hands that hung by her side had already secretly clenched tightly.

It was not that she had never been to a KTV before. In the past, when she was having fun with Ran Wenjing and the others, she would sing Karaoke until dawn.

However, the chaotic scene before her eyes was something she had never seen before.

Obviously, their traditional sense of ‘play’ and ‘Hi’ was completely different from this place.

She walked all the way inside.

Xia Jinqi still remembered that when she walked past the corridor that was filled with private rooms last night, her ears were filled with music all day long. In front of her eyes were flickering multicolored lights.

Guests came and went, and waiters kept shuttling back and forth with wine in their hands. n/)OvelB1n

But now... ..

There was no heart-stirring music, no lights, and the surroundings were quiet and desolate.

A few waiters on the morning shift were cleaning the corridor. Occasionally, there would be a few private rooms with their doors open. Xia Jinqi casually looked inside and could see many men and women lying haphazardly inside.

None of them were sober, and none of them were neatly dressed.

Chapter 938: kept silent. What was she up to?

The air was even filled with the strong smell of smoke, alcohol, and the smell of happy Ai.

Xia Jinqi frowned. Her stomach was churning and she felt nauseous.

Ji Yunjing turned back to look at her. He frowned slightly and asked worriedly, "are you alright? If you can't take it, go out first. I'll go in and look for someone."

Although Ye Qinghuan had run away, his mother sang and Lili were still there.

If Ji Yunjing had guessed correctly, Lili was a professional, so she should still be here.

"I'll go with you." Xia Jinqi shook her head. She bit her teeth and walked forward resolutely.

She was not born to be a princess who was raised in a secluded room and did not know the world. She still had a lot to learn to face.

If she retreated and did not dare to move forward, what future would there be?

Ji Yunjing saw her frown and her extremely determined and brave expression. He curled his lips. "Let's go."

When they reached the entrance of the dance floor, they were greeted by a group of people tidying up the tables and chairs that Ji Yunjing and Ji Yunjing had used last night.

Probably hearing the footsteps of Xia Jinqi and the others, a man smoking a cigar suddenly turned around and looked at them.

The man was about forty years old. He had a buzz cut and was thin and lean. His eyes were very sharp.

He stepped on the chair that was lying on the ground and bent down. His right elbow rested on his bent right knee. He took a deep puff of his cigar and looked at the leader, Ji Yunjing, playfully.

"You guys still dare to come back after ruining my place?"

"Boss Qian, how have you been?" Ji Yunjing directly ignored boss Qian's question. After greeting him, he turned his body to the side and gave way to Xia Jinqi, who was following behind him.

Xia Jinqi was originally a lot shorter than him, and she was walking behind him. From boss Qian's angle, it was impossible to see her clearly.

At this moment, after Ji Yunjing gave way, he saw the silver-haired youth coming against the light. His figure was thin and petite, but he had an extraordinary temperament.

Boss Qian's buttocks tightened, and the arrogance he had earlier instantly faded.

Based on the news that Ji Yunjing had spread last night, boss Qian already knew that this silver-haired youth was the leader of Lego, Xia Tian.

It was also because of this that even if his territory had been destroyed and he had a grudge against brother Kang, he did not send out the world of martial arts to kill him. Instead, he swallowed his anger.

Otherwise, if someone in his territory destroyed his territory, it would be strange if he did not capture him and beat him up until his intestines flowed all over the ground!

But... ...

Who asked him to be the boss of Lego? He had a bunch of people under him. He could crush him with just a flick of his little finger.

Xia Jinqi did not expect Ji Yunjing to move aside after saying that one sentence and let her face this character who only knew the name 'boss Qian' alone.

What should she say?

While Xia Jinqi was deep in thought about her opening speech, boss Qian could no longer hold himself back.

His original smoking posture swayed, and he could only stand up straight. The cigar on his right index and middle fingers was only half-lit before he threw it on the ground and stamped it out.

Although his face was still expressionless, his eyes were suddenly filled with panic.

Lego kid... ... Why didn't he say anything ? ?

What was he trying to do by remaining silent?

He came to his door so early in the morning. Could it be that he brought his brothers to cause trouble again?

Beads of sweat began to fall from his forehead.

Boss Qian swallowed hard. He didn't know what kind of trick this kid would play, and he didn't dare to say anything first.

Thus, the two sides were in a stalemate.

The atmosphere was very strange.

Chapter 939: overpowered him in terms of imposing manner

Xia Jinqi only felt a little embarrassed and didn't know what to say. Who knew that she had hit the nail on the head? The other party couldn't figure out her temperament, so naturally, he didn't dare to make a move rashly.

She stood on the spot for a moment and thought for a moment before walking towards boss Qian.

The distance between them was a little far, so it was difficult for her to speak.

Unexpectedly, just as she took a step forward, boss Qian immediately took a step back. His eyes were filled with vigilance.

Xia Jinqi frowned and took another step forward. Boss Qian took another step back... ..

The scene quickly changed dramatically.

At first, Xia Jinqi thought that boss Qian was a difficult person to deal with, but now it seemed that she had crushed him in terms of momentum.

In that case, she would speak first as a sign of respect.

“Boss Qian seems to have a grudge against last night?” Xia Jinqi asked tentatively.

” ... ” when boss Qian heard this, his expression immediately changed. “Young Master Xia destroyed my business indiscriminately and hurt my customers. What else do you want?”

Xia Jinqi glanced at the mess behind boss Qian and said faintly, “I’ll compensate you for last night’s loss according to the price. On account of my reputation, let’s forget about the past. How about it?”

In fact, Xia Jinqi knew that she was a newcomer. How could she have any reputation?

When she said ‘reputation’ , she was referring to Lego.

Boss Qian was not a fool. When he heard Xia Jinqi’s words, he immediately understood.

If he still remembered what happened yesterday, he would be making things difficult for Lego.

What a joke... .. How would he dare to offend people from Lego ? ?

There were all sorts of people who came and went to his place. Many of them also came and went to the casino. If he angered Xia Tian, he would probably never have to work in this place again.

One had to be sensible in order to live a long life.

Moreover, he had never thought of making things difficult for Xia Tian. It was just that he saw that the person in front of him was a young boy and couldn’t bring himself to act tough.

Now that Xia Jinqi had taken the initiative to give him a way out, how could he not know what was good for him?

He immediately smiled and said, “young Master Xia, what are you saying? You came all the way here. It’s my fault for not treating you well!”

As they chatted and laughed, boss Qian took the initiative to step forward and extended his hand to Xia Jinqi in a friendly manner.

Ji Yunjing, who was watching the show from the side, also sneered when he saw this.

This boss Qian was too unprincipled.

Xia Jinqi lowered her head and looked at boss Qian’s extended hand. Her eyes flickered slightly. She turned sideways to avoid it and did not shake boss Qian’s hand.

“Boss Qian is too polite. I came here today because I want to meet mother sang and a miss called Lili,” Xia Jinqi said slowly. She put one hand in her trouser pocket in a handsome manner and looked around.

Boss Qian retracted his hand resentfully and heaved a sigh of relief. n.-Ov**ELb**In

Fortunately, she wasn't here to cause trouble for him... ..

“someone, go look for these two people,” boss Qian looked behind him and ordered.

“Yes, boss.” Someone immediately nodded and left.

Seeing this, Xia Jinqi took the opportunity to say politely, “thank you for your trouble, boss Qian.”

“You're too kind.” Boss Qian smiled and invited Xia Jinqi to the private room next door. “It'll take some time to find them. Young Master Xia, why don't you sit down and have a chat?”

Xia Jinqi calmly turned around and glanced at Ji Yunjing. Seeing that he didn't say anything else, she agreed to go to the private room.

She didn't say much when boss Qian's men brought Lili over. “Mother Sang left last night, but Lili is here.”

When Lili followed them into the room, she was yawning nonstop. With her messy hair, she walked in.

Chapter 940: she was too young

Her clothes were also loose and baggy, which was different from last night.

She didn't even wear shoes and walked in barefoot.

Judging from her appearance, she must have slept in a private room next to this one last night.

As for the clothes she was wearing, she guessed that it belonged to a male customer.

The rich customers here would go upstairs to get a suite, while the poor ones would directly stay in the private room.

Moreover, these people were all having fun, so there was nothing to hide when they gathered together.

Lili only went to bed when the sky was almost bright. She was actually very unhappy that she was woken up so early by the boss's people.

However, when she walked closer and saw the two handsome men from last night, she woke up a little.

“Eh? Why are you two here?”

Ji Yunjing didn't say anything, as if he had given all the power to Xia Jinqi.

Xia Jinqi didn't hold back and asked directly, “are you familiar with Ye Qinghuan?”

“I'm alright...” Lili rubbed her swollen temple and replied. She looked around but didn't see Ye Qinghuan. She immediately became anxious. “Didn't you guys leave with her last night?”

“She left early this morning,” Ji Yunjing suddenly said.

Lili was relieved. "I thought what happened to her... I don't know if she was lucky or unlucky. Her family was in trouble and she had no choice but to do this line of work. Who knew that you guys would fall for her on the first day?"

Lili's tone was a little self-deprecating.

When she said the words 'doing this line of work', her eyes seemed to contain crystal tears.

Xia Jinqi frowned slightly. "In trouble? What happened to her family?"

Hearing Xia Jinqi's question, Lili sighed in her heart. She casually picked up the cigarette and lighter on the table and started smoking.

She took a deep look at Xia Jinqi and recalled that last night, Xia Jinqi did not hesitate to fight with brother Kang for Ye Qinghuan. Now, she specially came to find her to ask about Qing Huan. Could it be that she had taken a liking to that little girl?

If that was really the case, it would be that girl's fortune.

Moreover, very few people would be curious about the past of young ladies like them.

Most people only knew that they were doing dirty work and selling their bodies to earn money.

But who knew what kind of inhuman treatment they had experienced before becoming a lady?

They only sighed at the unruly fate of being forced into prostitution.

Whatever. Since they were awake, they could chat with them.

After playfully blowing out smoke rings, Lili Slowly said, "she's my cousin's classmate. I heard that her parents divorced when she was very young, and mom remarried her and her younger brother.

Her stepfather was also a gambler and borrowed a lot of high interest. He was chased after and had one of his arms cut off. Now, he's lying in the hospital.

The high interest was just a reminder. He went to their house every day to make trouble and even threatened her. If she still didn't pay up, he would sell her and her brother.

The little girl was so scared that she had no choice but to come out and earn money to pay off her debts. She was too young and didn't know how to do anything. This was the only thing she could do. "money comes quickly and doesn't delay the day's school.

"This is the way of the world. Some people are born with a silver spoon in their mouth, while others are lowly to the dust."

Lili's expression was full of sarcasm as she told these things.

However, Xia Jinqi didn't hate her. On the contrary, she only felt that Lili was someone with a story.

Moreover, Her story must not be luckier than Ye Qinghuan's.
