

Trick Me 961

Chapter 961: don't you want to atone for your sins?

"Qing 'er, are you willing to take over the Black Tortoise position and do your part to protect the Yan family?" Yan Youcheng looked at Yan Qing and asked solemnly.

Yan Qing had never thought that the matter his father had mentioned just now would be entrusted to him, but he actually mentioned this?

His heart paused slightly and he looked straight into his father's eyes. Suddenly, he felt a stifling feeling.

He always complained that his father had given everything to Yan Jun. Who would have thought that when he had committed such a big mistake, not only did his father not blame him, but he even left the Black Tortoise pavilion for him... ..

Yan Qing also understood the simple narration.

To put it simply, the Black Turtle Pavilion was actually to protect the existence of the Yan family.

To hand the Black Turtle Pavilion to him, in a sense, was to hand over the safety of the Yan family and Yan Jun's safety to him.

Yan Qing gritted his teeth, feeling a surge of bitterness in the bottom of his heart.

It turned out that his father's love had always been by his side, never disappearing... ..

Taking a deep breath, Yan Qing smiled with relief, "Dad, it's better to hand the Black Turtle Pavilion to Yan Jun. He will do very well."

He refused.

This result was something that Yan Youcheng had never expected. His face was full of shock. "Why?"

Yan Jun raised his eyes at the same time and looked at Yan Qing with a frown.

This answer was also out of his expectations.

If it was the previous Yan Qing, he would definitely agree without hesitation.

"I, don't have the qualifications." Yan Qing shook his head and smiled bitterly.

He was just a sinner, how could he be competent?

Moreover, Yan Jun would not agree.

Yan Youcheng frowned when he heard this, and his tone became more severe. "Don't you want to atone for your sins? Qing 'er, the Black Tortoise pavilion is not an idle task. All the things that Jun 'er can not do in the open, must be done by the Black Tortoise Pavilion!"

As he spoke, his gaze fell on Yan Jun..

“I heard that the investigator from the Bureau of Industry and Commerce has gone to the company to collect evidence this afternoon? Lu Yiming has acted so quickly. Who knows, he might be able to stop our family’s stocks tomorrow! ”

Yan Jun’s expression was still indifferent. He had long known that Lu Yiming would have such thoughts.

However, now was not the time for him, Lu Yiming, to cover the sky with one hand. With Xia Jitian and Xia Chuanxu around, he believed that the Stock Exchange would not be able to cause any big trouble.

As for the Ministry of Industry and Commerce... ..

Heh.

The annual tax paid by the Yan Corporation was ten times the total tax paid by all the enterprises in Rao city!

If they were really willing to part with the big fat sheep of the Yan Corporation, they would just let them investigate.

Yan Jun also knew that the reason why his grandfather mentioned this at this time was to let him work together with Yan Qing.

To him, seeing his son and grandson working together was also a great comfort, right?

Yan Qing knew that his father wanted to help him fight, but he had hurt Yan Jun more than once, so how could he still hope to gain Yan Jun’s trust?

This was no different from a fool’s dream.

“Dad, don’t say anymore. I can’t be qualified for the Black Tortoise pavilion. ” After saying that, he stood up and looked at Yan Jun apologetically, “the Yan family is in imminent danger now, everything depends on you. ”

After saying that, he turned around and was about to leave.

Yan Youcheng anxiously called out to him, “Qing ‘Er! Aren’t you a member of the Yan family? ! ”

Yan Qing stopped in his tracks when he heard the sound, his eyes slightly moved, and the bitter smile on his lips became more and more obvious.

Of course he was, but... ..

Yan Jun carefully sized up the father and son before him, and then looked at the desolation and sadness in Yan Qing’s eyes. It would be a lie to say that he was not surprised, but this did not dilute the dark and terrifying sharpness in his Phoenix Eyes.

His thin lips suddenly curled into a playful smile. “Grandfather, I promise you. ”

Chapter 962: I will cripple you with my own hands

“What?” Yan Youcheng was stunned for a moment, but when he regained his senses, he was extremely excited. “Are you serious?”

“Yes.” Yan Jun nodded, stood up and walked to Yan Qing, his eyes extremely sinister. “If you play another dirty trick, I will cripple you with my own hands.”

That bloodthirsty voice, when heard in his ears, was even colder than the falling snow outside the Winter House.

Yan Qing’s heart tightened, his lips slightly opened, but he could not say a single word. He just stared blankly at Yan Jun’s back as he turned and left... ..

“How could it be...” Yan Qing did not mind Yan Jun’s harsh words. On the contrary, he knew that what Yan Jun said meant that he had agreed to hand over the safety of the entire Yan family to him!

But based on Yan Jun’s personality, How could it be?

Yan Youcheng’s eyes were also red and his throat was a little choked up.

He knew that the reason why Jun’er agreed was only because of his face.

Jun’Er had always been a filial child... ..

Even he, as a grandfather, was ashamed of his inferiority.

Sighing, Yan Youcheng also stood up and patted Yan Qing on the shoulder. He said earnestly, “Qing ‘er, don’t let down those who believe in you.”

“...”Yan Qing’s heart trembled.

Those who believe in him.

In other words, Yan Jun... .. was also trying to believe in a sinner like him ? ?

Raising his eyes to look in the direction of the second floor, Yan Qing was stunned for a long time. Finally, at a certain moment, he smiled in relief.

Xiao Qi, now I somewhat understand why you fell in love with him.

He is indeed a man worthy of your deep love.

—

Macau.

Xia Jinqi and ye qinghuan cultivate the feelings of the afternoon, the most prosperous several areas have visited once.

When I got home, I was exhausted.

After taking a bath and coaxing Yu Han and Xiao puff to sleep, Xia Jinqi lay on the soft bed and stared blankly at the ceiling.

It’s exciting to think that she’s going to Lego’s casino tomorrow... ..

When I get excited, I can't sleep.

I don't know what Yan Jun is doing now.

Look at the time. It's not too late. I think he's working?

Xia Jinqi thought about it and took out her phone to call Yan Jun..

She didn't say much on the phone call in the afternoon. She felt like she wasn't done yet.

She missed his voice a little.

Unexpectedly, she only heard him say, "I'm sorry, the subscriber you're calling is not in the service area."
"

"En?" Xia Jinqi raised her eyebrows, thinking that there was no signal. She took her phone and saw that the signal was full.

She dialed again but still couldn't get through.

She sat up in a hurry and changed Ji Xinyu's number again. It was the same situation.

Thinking that there was something wrong with her phone, Xia Jinqi lifted the blanket and got out of bed. She then used the landline downstairs to call again.

The result was still the same.

Xia Jinqi then realized that something was wrong and dialed Ji Yunjing's number again.

This time, it was answered very quickly.

"Xiao Qi? Why are you still awake?"

"cousin, I tried calling the Yan family several times but couldn't get through. Could something have happened?" Xia Jinqi asked anxiously.

On the other end of the line, Ji Yunjing was disinfecting his injured arm. He had just used tweezers to add a cotton ball dipped in alcohol when he heard Xia Jinqi's words.

He froze for a moment, but he quickly came to his senses and found an excuse to prevaricate. "Maybe the signal on both sides is a little delayed. This kind of thing often happens. It'll be fine in two days."

"SIGNAL DELAYED?" Xia Jinqi frowned and repeated doubtfully.

Chapter 963: the actions of a real man!

"Okay." Ji Yunjing nodded with certainty. Without giving Xia Jinqi time to react, he changed the topic.

"You should rest early. I'll take you to the casino tomorrow afternoon."

When she heard about the casino, Xia Jinqi instinctively frowned. "Didn't you say that you want to see the 32 people in charge first?"

“First, familiarize yourself with the environment so that you won’t be stumped at the dinner,” Ji Yunjing added while wiping the alcohol cotton ball over her wound.

“okay...” Xia Jinqi replied. “cousin, rest early too.”

“See you tomorrow.”

Xia Jinqi hung up after a few words.

She was extremely nervous at the thought of going to the casino. Her attention was completely focused on why she could not get through to Yan Jun’s phone.

..

At noon the next day.

Ji Yunjing returned and went to see Ji Heng first.

These few days, Xia Jinqi was not the only one who was busy familiarizing herself with everything in Macau. Ji Heng was also extremely busy.

The foundation of the Ji family had moved out of Berlin. There were many channels for cooperation and some old friends that they had not seen for many years. Ji Heng had to deal with them one by one.

Fortunately, there was still some free time today.

As soon as Ji Yunjing entered the door, he mentioned the situation of the Yan family to Ji Heng, and at the same time, he also mentioned that Yan Jun was willing to accept Yan Qing.

Finally, he could not help but ask, “Yan Qing is such a cruel and merciless person, but Yan Jun still forgives him. Isn’t that the benevolence of a woman?”

According to Ji Yunjing’s temper, he would just go up and stab him twice.

Ji Heng was also a little stunned. “He really entrusted Yan Qing with a heavy responsibility?”

“I heard that he handed the black turtle pavilion to Yan Qing.” When Ji Yunjing mentioned this, his brows were knitted tightly together.

Ji Yunjing was not the only one. Everyone who knew about this matter was basically shocked to the point that their jaws dropped... ..

Using a person who had once tried to kill him, Yan Jun’s method made many people puzzled.

Even old master Ji Heng pondered for a long time before he understood the deep meaning behind it. He smiled approvingly and said, “this is what a real man should do!”

“...”What?

Ji Yunjing was a little confused. He did not know what the old master meant. n.-o..17)(e)(l)-b-/1)/n

Ji Heng saw that he did not speak for a long time, so he asked, “Yunjing, do you also think that Yan Jun’s actions are like a fly biting a Bodhisattva? Did he misjudge the wrong person?”

“Yes.” Ji Yunjing nodded. “Yan Jun has never lacked capable people around him. Why is there a need to use a person who not only has a criminal record, but also has always been at odds with himself?”

“You’re right. There has never been a lack of capable people in this world. “. “But the Yan family is different from other families. Of course, the Black Tortoise Pavilion is best left to the people of the family. “. As for Yan Qing, it was precisely because he had done so many wrong things that Yan Jun could have chased him out of the Yan family. To put it bluntly, even if he wanted to let him die at the scene of the explosion, it wouldn’t be an issue. However, not only did Yan Jun not take his life, he even entrusted him with an important task. If it were you, what would you have done?”

Ji Yunjing answered without hesitation, “I wouldn’t hesitate to do anything.”

“That’s right.” The smile on Ji Heng’s face did not disappear. Just thinking about how exquisite Yan Jun was in thinking about these things, he could not help but exclaim in admiration.

This kid not only had the appearance of an emperor, he also had the talent of an emperor and the ability to control people.

Ji Yunjing was suddenly stunned.

Ji Heng’s laughter did not stop. He was more and more fond of this kid, Yan Jun. “It’s rare to see through people. He has a good sense of propriety. Not only did he appease Yan Youcheng, but he also gave Yan Qing a favor. The hearts of all people were subdued by him. Such a person, why worry about not succeeding?”

Chapter 964: I want to make a trip back to Rao city tomorrow

“think about it. The external enemies are getting stronger day by day. It’s very likely that the Yan family will be destroyed at any time. At this time, we must first settle down in the inner residence so that we won’t HAVE ANY WORRIES!”

” ... ” after hearing Ji Heng’s words, Ji Yunjing suddenly understood. Then, he thought of Xia Jinqi, who had been sent away early in the morning. He sighed and said, “she is indeed meticulous and thoughtful.”

As he spoke, Xia Jinqi walked down from upstairs and asked in puzzlement, “who doesn’t have worries?”

Ji Yunjing and Ji Heng looked at each other. They immediately understood and changed the topic.

“It’s nothing. Grandfather and I are discussing how to let you pass tonight’s test,” Ji Yunjing said without changing her expression. She got up and looked out of the window where the sun was shining brightly.

Little did she know that Xia Jinqi had noticed something fishy when he inadvertently avoided her gaze.

The last time she went downstairs, she heard what her cousin and grandfather were talking about. When she came, they stopped talking.

When she asked them, she was always avoided and changed the topic.

Xia Jinqi frowned slightly and looked at Ji Heng's grandfather. However, she saw that Ji Heng's grandfather also lowered his eyes and deliberately avoided looking at her.

It seemed that they were hiding something from her.

Since they refused to tell her, Xia Jinqi also knew that she wouldn't be able to get anything out of him no matter how much she asked. Therefore, she simply pretended that she didn't find anything out and walked over with a smile. "Don't worry, I have my own ways."

When Ji Heng's grandfather heard this, he looked at Xia Jinqi and said domineeringly, "there's no need to feel too much pressure. Little Qi, don't worry. So what if my Ji Heng's granddaughter is seen through by them? Can she still rebel against the heavens?"

"..."Xia Jinqi was stunned. She was supposed to be touched, but she felt that something was wrong.

Previously, Ji Yunjing had said that she had to dress up as a man, or else she would not be able to convince the public. That was why she had neatly cut her short hair and put on a man's outfit, so that her grandfather would be at ease.

Why did her grandfather say that even if she did not wear a man's outfit, it would not be a problem? n..o..v)(e)(l)-b-/1)/n

Xia Jinqi frowned. She looked up at Ji Yunjing and was about to ask something when Ji Yunjing immediately changed the topic. "AHEM! It's about time. Xiao Qi, let's go!"

As she spoke, she pulled Xia Jinqi out of the door without any explanation.

After getting into the car, Xia Jinqi fastened her seatbelt and said, "cousin, I want to go back to Rao city tomorrow."

When Ji Yunjing heard this, his pupils constricted and he gulped. Then, he asked as if nothing had happened, "why do you want to go back?"

Even though he tried his best to keep his voice calm, Xia Jinqi could still hear the caution in his voice.

"I want to go back and take a look. I'll go back for a day and come back that night," Xia Jinqi said slowly as she quietly observed Ji Yunjing's expression.

"..."sure enough, Ji Yunjing froze for a moment, and the color drained from his handsome face.

Xia Jinqi felt that there must be something she didn't know, so she asked again, "what's wrong, cousin? Why do you look so Pale? Don't you want me to go back?"

"This..." Ji Yunjing quickly came back to his senses. He coughed and said, "you're still not familiar with Macao. If we go back now, the progress will be slowed down again."

After finding the topic, Ji Yunjing adjusted his thoughts and teased Xia Jinqi, "don't tell me you miss the one at home?"

Xia Jinqi obviously knew that he was talking about Yan Jun, so she casually mentioned, "I tried calling him last night, but I couldn't get through. I'm worried that something happened."

Chapter 965: What exactly was hiding from her?

“What else can happen to the mighty King of Hell? It’s already good enough that he didn’t let anyone else get into trouble. It’s normal that the call can’t get through, but you’re not in Rao city right now. Just wait a little longer, the call will get through in two days,” Ji Yunjing said. He felt as if beads of sweat were dripping down his forehead.

Fortunately, he was driving, so he didn’t have to look at Xia Jinqi. Otherwise, he would have definitely been discovered immediately by her evasive gaze.

In fact, the meticulous Xia Jinqi was already beginning to suspect something... ..

In the past, it wasn’t so troublesome for her to receive an international call. However, it was only from Macau to Rao city. Why couldn’t she get through?

There was also GRANDPA’s contradictory words, and cousin deliberately changed the topic... ..

What were they hiding from her?

Xia Jinqi was silent as she thought about this question along the way.

Ji Yunjing saw that she didn’t ask any more questions, so he didn’t dare to start the topic. Otherwise, she would think of something and he would be left speechless!

Sigh, I hope that the matter with Rao city will end soon. **no ve(Lb-In**

If this dragged on, Xia Jinqi would find out sooner or later.

Half an hour later, Ji Yunjing brought Xia Jinqi to a casino under Lego, Grand Entertainment City of Pujing.

It was a magnificent high-rise building, and the crowd below it was bustling with activity. There were countless people entering and leaving grand entertainment city.

As Xia Jinqi narrowed her eyes and sized up the high-rise building, Ji Yunjing happened to pick up a call and went to the side.

After looking around Grand Entertainment City, Xia Jinqi’s gaze was suddenly attracted by a sign at the entrance of grand entertainment city.

She took a few steps forward and saw the words written on the sign: No dogs or people with the Surname Bai are allowed to enter.

The corner of Xia Jinqi’s eyes twitched. There really was such a sign?

It was really a little... .. She didn’t know whether to laugh or cry ...

Decades had passed, but Ji Heng’s grandfather was still stubbornly unwilling to remove this sign. It was likely that Bai Jiutian had really won a lot of money from this place back then!

He was so angry that the old man held a grudge for decades... .. Haha, it was inexplicably a little cute ! !

As she looked around, a childish voice rang in her ears. "Mommy, why is this place called the Grand Entertainment City of the Portuguese capital? It also uses Macau dollars."

Soon, a gentle and pleasant voice answered him, "because this was once a Portuguese colony."

Xia Jinqi looked sideways and saw a mother and child talking.

The child looked to be about three or four years old. He was a very handsome little boy. He wore a white t-shirt with a checkered shirt and black jeans. He frowned like a little adult and had a curious look on his face.

Mommy was very young. She looked to be about twenty years old. She was very beautiful and gentle. She was almost stunning. Even Xia Jinqi could not help but praise her.

Their conversation continued.

"when did it become a colony?" The child had a strong thirst for knowledge and had to get to the bottom of it.

"In 1553, the Portuguese obtained the right of abode in Macao. On December 1, 1887, Portugal and the Qing government signed the draft convention of the China-Portugal Conference and the Treaty of Amity and Commerce between China and Portugal. Through the formalities of diplomatic documents, they officially occupied Macao and made it a colony.

On December 20, 1999, the Chinese government resumed the exercise of sovereignty over Macao. After more than 400 years of European civilization, the blending and coexistence of eastern and Western cultures has made Macao a unique city, leaving behind a large number of historical and cultural relics."The voice was gentle, like a gurgling spring, refreshing.

The little boy nodded very seriously, as if he understood his mother's words. Then he tilted his head and looked at the words on the sign, frowning. "Then why is it written that Bai and the dog are not allowed in here?"

Chapter 966: Mommy, why are you so afraid of Daddy!

"..."the woman seemed to be in a bit of a dilemma and didn't know how to answer this question.

When Xia Jinqi heard this, she suddenly felt a little curious. This child was so young, but he could already read?

Or did he hear it from his mommy?

Just as she was puzzled, the little boy asked again, "does mommy have a grudge against them?"

"... this..." Just as she was getting to the main point, Ji Yunjing came back at this time.

"It's all arranged. Let's go in."

"En..." Xia Jinqi nodded absent-mindedly. Her attention was still on the mother and son.

She wanted to hear what they had to say, but a group of people happened to pass by, blocking Xia Jinqi's line of sight.

She hadn't moved for a long time, which made Ji Yunjing curious. "What's wrong?"

"Nothing." Xia Jinqi turned her head and shook her head with a smile. Then, she followed Ji Yunjing into the casino.

She didn't know that the beautiful woman standing in front of the sign was Bai Jiutian's descendant, Bai Ran.

The little boy was Bai Ran's son, Quan Che.

Bai Ran had come here to catch the traitor hiding behind the Ji family.

She was the granddaughter of the Gambling Saint and had inherited all his skills. She had wanted to experience the atmosphere of a luxurious casino... ..

When she arrived, she realized that there was really such a sign at the entrance of the Casino... ..

"Looks like what Grandpa said is true." Bai Ran chuckled as she looked at the huge grand entertainment city in the capital.

Che Er rolled her big black and white eyes and chuckled. "Mommy, isn't the name on your ID Jiang Yuexi? No one will know if we go in."

Bai Ran pinched her son's nose in amusement. "That won't do either! You're still so young. If your daddy finds out that I brought you to the Casino, I'LL BE IN BIG TROUBLE!"

"Mommy, why are you so afraid of Daddy!" Che Er pouted in disappointment. He really wanted to go in and have some fun.

Knowing that her son was trying to goad her, Bai Ran smiled even more helplessly. "You're not even 21 yet. You can't go in. And even if you grow up, Mommy doesn't want to see you become a player at the poker table."

"Why?" Che Er tilted her head and asked, puzzled.

Even though her son was still young, when these questions were brought up, Bai Ran still looked down at him with utmost seriousness. "Che Er, remember, before you live your life to a higher realm, you must never touch gambling. Don't let your life become a waste."

Che Er blinked her big eyes and looked at her mother with a half-understanding look. Then, she looked at the big entertainment city that many people were going in and out of. She nodded heavily. "Che Er knows, Mommy."

He was still young and could not understand the meaning behind her words.

However, he knew that mommy was very serious when she said these things to him.

When they went out, daddy had said that he would listen to mommy obediently. He would.

Tian Tian obediently reached out and hugged her mother's neck. Che Er smiled sweetly. "Mommy, Che Er is hungry. Shall we go eat?"

"okay, let's go eat egg tarts and pork chop buns?" Bai Ran hugged his small body in satisfaction and turned around to walk in the opposite direction from da Yu city.

"..."

Those under the age of 21 were not allowed to enter the casino.

Although Xia Jinqi's actual age had already reached that age, after she put on the men's clothing, her body was smaller and she looked like an underage boy. The moment she entered the door, she was stopped by the security guard.

"Please show me your valid identification card." The Security Guard's attitude was still good. He wore a complete set of uniform and a brand-new white glove on his hand.

Chapter 967: If I don't open a back door, how can you come in so easily?

Xia Jinqi raised her eyebrows slightly. Before she could speak, Ji Yunjing, who was beside her, shouted coldly, "how dare you! How dare the Chairman Stop You?"

The Security Guard was stunned. When he saw that the person who spoke was actually Ji Yunjing, his face instantly turned pale. He didn't even dare to look at Xia Jinqi anymore. He immediately lowered his head in fear. "I didn't know that the chairman had graced US WITH HIS PRESENCE!"

"It's fine," Xia Jinqi said indifferently. She continued to act as a patient with facial paralysis and walked past the Security Guard to enter the casino.

The security guard was so scared that his legs were trembling. He stood there in a daze for a long time, not daring to go forward... ..

After walking for a distance, Xia Jinqi asked Ji Yunjing awkwardly, "didn't you say that you wouldn't expose your identity and come to take a look secretly?"

However, as soon as she entered the door, she blew up her own house and even called her chairman... She was sweating profusely. She inexplicably remembered that when she entered the first year of university, the chairman of the student union had given her a love letter ...

At that time, she was scared silly. Before she could decide whether she should accept the love letter, she was seen by Yan Qing who happened to pass by.

Then, the senior was scared away... ..

Was this considered a relationship that ended in failure?

Ji Yunjing turned around and sized up Xia Jinqi. Without changing his expression, he said, "If I don't open a back door, can you come in easily?"

That gaze seemed to be displeased that Xia Jinqi looked too young.

Xia Jinqi held her forehead. “weren’t you the one who said that I was only 17 years old? You had to say that I was some genius youth... I’m afraid you don’t know that I’m a well-known waste in the Xia family.”

“If you were 1.8 meters tall, I would even tell you that you’re 40 years old.” Ji Yunjing’s rare reply made the corner of Xia Jinqi’s mouth twitch.

She took a few more steps forward until she heard a noise in front of her, which attracted Xia Jinqi’s attention.

With just a glance, Xia Jinqi was shocked by the luxurious scene in front of her... ..

Countless huge lamp posts that required four adults to surround each other supported the seven-meter-tall ceiling.

The hanging crystal chandeliers were grand and exquisite, emitting orange lights that illuminated everything in a dazzling manner... ..

The slot machines with colorful lights were placed on the thick carpet, and almost every machine was full!

This scene was many times bigger than the CASINOS IN LAS VEGAS!

Noticing Xia Jinqi’s surprised gaze, Ji Yunjing smiled and introduced to her, “in front of this is the lowest-grade slot machine. BACCARAT, sieve, Pai Gow, Roulette, Sangong, blackjack is at the back.”

As he spoke, he led Xia Jinqi inside.

“There are so many people, is there anyone who cheats?” Xia Jinqi asked casually.

Along the way, she saw many people who had lost badly, and many who had won money, their faces flushed.

Ji Yunjing was not worried at all. She only raised her head slightly, motioning for Xia Jinqi to look up.

She looked up at the ceiling in confusion. At first, she was habitually attracted by the huge chandeliers.

However, since Ji Yunjing deliberately let her look, it was definitely not to let her look at these chandeliers.

Since she was not looking at these chandeliers, what else could she look at?

Just as she was puzzled, Xia Jinqi’s pupils suddenly constricted. Taking a closer look, she realized that the ceiling was filled with cameras of all sizes!

Ji Yunjing’s explanation immediately reached her ears. “The moment you walked into the casino, you had already been read by these hundreds and thousands of cameras.”

“What data?” Xia Jinqi frowned.

Chapter 968: was really rude!

“The latest AI can instantly identify your identity, your assets, personal credit records, and social security records through face recognition and big data retrieval. “Our staff will automatically build a behavior simulation tree that belongs to you based on this information. We will analyze whether you like to play slot machines or BACCARAT, when you will enter the personal consumption climax, and how much money you can afford to lose.”

Xia Jinqi wasn't particularly surprised when she heard this, because these things were also available in Las Vegas Casinos, but the scale was too small.

But there was one thing. “Can you tell that I'm Xia Jinqi?”

“Don't worry, I've already arranged it,” Ji Yunjing replied.

Hearing this, Xia Jinqi heaved a sigh of relief.

Walking to the 21 o'clock table, Xia Jinqi wasn't surprised to see a middle-aged man whose hair was about to fall out. He was sitting at the table with a worried look on his face. Soon, a waiter came in front of him and handed him a restaurant coupon that wasn't small in value “Sir, this is a restaurant coupon given to you. You can use it up to 0 yuan, but you must use it within an hour.”

The middle-aged man took the coupon and looked at the gambling table with some hesitation. Then, he stood up and left decisively.

Xia Jinqi frowned as she watched. Ji Yunjing then explained “This is a way to keep the customers. Behind the Casino is a restaurant, a shopping mall, and a large open-air swimming pool. After they are full, they can return to the gambling table and lose more money.”

The casino was also business-minded. Naturally, they had to think of ways to make money.

As Xia Jinqi had experience in this area before, she could quickly understand Ji Yunjing's simple explanation.

Although there were so many items in the Casino, the basic rules of each game were to set the gambler's return as a negative number and the casino's return as a positive number.

The gambler's winning rate was set at less than 50% and the casino's winning rate was set at more than 50% . In other words, the casino's winning rate was greater than the Gambler's winning rate.

This kind of game rule was calculated by probability experts and verified by many years of practice.

The casino's winning rate was based on the rules of the game.

Without waiting for Xia Jinqi to make a full circle around the casino, a short and fat middle-aged man passed through the crowd and quickly ran toward her.

“Chairman! Chairman!” The man seemed to be very tired from running, and his fat body made him very tired.

Just as Xia Jinqi frowned, Ji Yunjing introduced, “this is the general manager of Grand Entertainment City in Portuguese capital, Zhao Bao. Everyone calls him chief Zhao Bao.”

As soon as he finished speaking, Zhao Bao had already arrived in front of Xia Jinqi. He was running a little out of breath, and he was holding a handkerchief in his hand, constantly wiping the sweat on his forehead.

“Chairman, why didn’t you inform me that you were coming? Look, I didn’t come out to welcome you either. It’s really rude of me!”

Xia Jinqi saw that his attitude was quite good, so she said, “it’s just a walk. There’s no need to be nervous, head guard Zhao.”

Only then did Zhao Bao let out a sigh of relief. “I see. It’s the chairman’s first time here, so she’s definitely not familiar with this place. Why don’t you let me lead the way for the chairman?”

Over the past year, everyone at Lego knew about the new leader. Although she was young, she was very capable. She was also the successor appointed by old Master Ji. However, she had always been in Rao city, so she was very mysterious. She wore a mask whenever she went out. No one knew her true appearance.

If it weren’t for the recent release of photos and the fact that Ji Yunjing was personally accompanying her, Zhao Bao still didn’t know that their chairman was really a young kid.

Chapter 969: couldn’t possibly... .. have some unspeakable secrets, right ? ?

It just so happened that today was the first time he met the chairman, so he naturally had to suck up to him.

After all, whether or not his future days would be good depended on this kid’s words!

Xia Jinqi’s brows twitched slightly, but she didn’t refuse. “then I’ll have to trouble chief Zhao.”

“Chairman, you’re too polite. To be able to serve the chairman, that’s the honor of looking for someone!” Zhao Bao chuckled, and his small eyes that were narrowed into slits sparkled.

The chairman knew his nickname the moment he arrived. He must have investigated him a long time ago?

It seemed that this was a smart kid. He had to serve him more carefully.

After that, Zhao Bao led Xia Jinqi around the casino as if he was a leader inspecting his work.

However, Zhao Bao’s words were only one-sided. Most of them were flattery and flattery.

She had visited many casinos in Las Vegas and studied many of them. In fact, there were similar things in Macau.

After one round, Xia Jinqi was not interested.

Zhao Bao could clearly see that Xia Jinqi’s mind was not there. He thought that Xia Jinqi was tired, so he took the initiative to suggest, “chairman, are you tired from walking? There’s an open-air swimming pool

at the back, and there's the most luxurious presidential suite upstairs. Do you want to take a break? "

Xia Jinqi did not want to take a break. She glanced at Zhao Bao and said coldly, "take me to see the vault. "

The most important place in every casino was not the seemingly prosperous place, but the small vault hidden behind the huge prosperity.

After walking around for a while, Zhao Bao did not take the initiative to bring Xia Jinqi to the treasury. It was obvious that he wanted to hide something.

Ji Yunjing did not expect Xia Jinqi to be so direct. However, on second thought, this casino belonged to Xia Jinqi. Sooner or later, she would have to go to the treasury.

On the other hand, why did Zhao Bao's face suddenly turn Pale?

Ji Yunjing sneered and forced him to ask, "chief Zhao hasn't spoken for a long time. Don't you want the chairman to go to the Treasury? "

This threat scared Zhao Bao so much that he wiped his forehead and smiled embarrassedly. "Manager Ji, how could I dare not let the chairman go to the Treasury? I'll make the arrangements right now! "

After saying that, he was about to make the first move, but Ji Yunjing grabbed his collar and pulled him back.

Seeing this, Xia Jinqi seemed to have understood something. She curved her lips into a faint smile and walked over to Zhao Bao. She frowned and sized him up. "Head Guard Zhao has repeatedly declined. Don't tell me... you have some unspeakable reason? "

Her cold tone was dignified without anger, and it carried a heavy killing intent!

The sweat on Zhao Bao's forehead was even more urgent, and his throat was about to cramp. "No... No! How could it be... it's just... It's just... "

"Just what? ! " Xia Jinqi suddenly raised her voice and shouted.

If a tiger didn't show its might, did it think she was a sick cat? !

Zhao Bao's anus tightened, and he didn't dare to hide it anymore. "It's just that the chairman came so suddenly, and the people under him weren't prepared. They made a mess everywhere, afraid that it would be an eyesore for you... "

These words didn't have the slightest bit of confidence.

Ji Yunjing looked at Xia Jinqi's imposing manner from the side, then looked at Zhao Bao's forehead full of sweat, shaking his head and trying to smooth things over "Zhao Bao, stop talking nonsense. If I were you, I would quickly bring the chairman over. Don't think that our chairman doesn't know what your subordinates are up to. "

The Ji family was on top. With Lego's management, all the casinos in Macau were obedient. No one dared to cause trouble.

Chapter 970: why don't you look at the money when you come to the Casino?

The reason why Zhao Bao was so afraid of Xia Jinqi going to the Treasury was probably because he was afraid that Xia Jinqi would happen to see him when his men were trying to get money, right?

Hearing Ji Yunjing's words, Zhao Bao immediately scrambled to lead the way.

As Ji Yunjing walked forward, he looked at Xia Jinqi in a new light. "You're very bold. The first thing you want to do is to look at the treasury."

"Why don't you look at the money when you come to the Casino?" Xia Jinqi smiled faintly. Her clear eyes were full of shrewdness.

That night, when she spoke to Yan Jun, she had mentioned that she might come to the casino. At that time, Yan Jun had told her that she could just take a quick look at the exterior of the Casino. The money vault was the most important thing.

As the leader of Lego, she had to understand the operation of the casino and understand all the procedures. Only then would she not be easily fooled by her subordinates.

After chatting for a while, Xia Jinqi and Ji Yunjing were brought to a corner of the Casino.

Outside the corner, there were two uniformed security guards. On the door inside, it read, "important work area, no unauthorized personnel."

Zhao Bao skillfully pushed open the door and respectfully invited Xia Jinqi in.

"chairman, this is the money vault," Zhao Bao said as he walked to one side and pointed at the coins that were sent down from the conveyor belt on one side of the wall. He explained, "this is the cash that came in from the casino outside. All of it is counted here."

Xia Jinqi glanced at the room she was in, and she couldn't hide the amazement in her eyes... ..

This was an extravagant scene that she had never seen before.

More than 300 square meters of underground space was filled with paper money... .. And the conveyor belt beside it was still continuously transporting all kinds of banknotes ...

There were specialized staff members who took out the money and sorted it out.

The money was packed in baskets one by one and then put into the carts one by one.

When the carts were full, someone would be in charge of bringing the carts to the innermost special workshop.

Zhao Bao seemed to have noticed Xia Jinqi's slight frown and immediately explained obsequiously, "this is the final gathering place for all the banknotes."

"Open the door." Xia Jinqi didn't hesitate at all.

Zhao Bao coughed dryly and continued to wipe the sweat off his forehead. Then, he took out the key and opened the door.

As soon as the door was opened, Xia Jinqi walked in first.

Zhao Bao stood at the back, trembling. He twisted the sweat on his handkerchief and kept swallowing his saliva.

God bless, God bless... ..

Don't LET ANYTHING GO WRONG!

Ji Yunjing patted his shoulder and followed him in.

It was unknown if Zhao Bao was lucky this time. When Xia Jinqi went in, the staff responsible for counting money and keeping accounts were all working in an orderly manner. For the time being, no one had tampered with them.

Of course, if they wanted to tamper with them and record fewer accounts, brazenly taking cash was just a matter of using their brains.

This room was filled with cash, and those who were in charge of managing the cash and not trying to get money from it were all fools.

These people did not know Xia Jinqi. When they suddenly saw her enter, they were all stunned. They stopped what they were doing and looked at her.

Someone was just about to ask when they saw Ji Yunjing walk in again.

They all knew Ji Yunjing's identity, and when they saw him with the silver-haired youth, they had a rough idea.

Later, Zhao Bao walked in as well. Seeing the situation, he immediately introduced Xia Jinqi to everyone. "This is our President Xia. He's here today to express his condolences to everyone!"
