

Trick Me 971

Chapter 971: where did the remaining 100 million go?

When the staff members heard this, they looked at each other and bowed their heads respectfully. They said in unison, "Hello, Chairman!"

Fortunately, the news that Ji Yunjing had spread, coupled with the news that Xia Jinqi was in the nightclub, had spread quickly. The people under them had long been in awe of her.

During this period of time, everyone had been more restrained. They had also guessed that Xia Jinqi would come to inspect the work in the next few days.

"En. Thank you for your hard work." Xia Jinqi nodded and glanced indifferently at the room full of cash.

When she was in Las Vegas, she had mostly observed the management of the place. She had never come to the money vault directly like today.

Speaking of which, this was the first time Xia Jinqi had seen such a large amount of cash piled up together. It was resplendent and dazzling.

In the past, the money was only the numbers on the bank card. It was the first time she had seen so much cash.

There were 23 other casinos like this that belonged to Lego.

Zhao Bao saw Xia Jinqi's silence and waved his hand to let his men continue working. He continued to follow behind Xia Jinqi and flatter her.

"Chairman, there are people here to keep accounts every day. Every morning, there is a bank transport car to escort them. Most of them are deposited into the bank, and a small portion is taken to maintain the casino's operations."

On the surface, Zhao Bao's words sounded impeccable. He thought that Xia Jinqi was just a young boy who could easily get away with some one-sided things. Unfortunately, Xia Jinqi had already learned a lot from Ji Yunjing. When she heard Zhao Bao say this, she only sneered in her heart.

"Is that so?" Xia Jinqi asked without batting an eyelid. She stopped in her tracks and turned to look at Zhao Bao. Her Gaze was very sharp.

"..." Zhao Bao was shocked. He wiped his sweat as he forced himself to nod. "Yes, yes..."

She had long noticed that Zhao Bao was hiding something. Xia Jinqi leaned against the shelf where the cash was placed. She randomly took out a stack and began to play with it.

"Last year, the 24 casinos earned a total of 500 billion US dollars. Whether the figures are true or false, who swallowed how much and who hid how much, I can let it go," Xia Jinqi said slowly as she lowered her head to dock the Hong Kong dollars in her hand. Her tone slowly sank to the bottom "But last month, chief Zhao's monthly net profit of 1 billion US dollars was only reported at 900 million US dollars. Where did the remaining 100 million go?"

Her voice was neither hot nor cold, but it was powerful without anger!

When Zhao Bao heard this, his legs were already weak, and the sweat on his forehead was like a waterfall. His lips were pale, and his teeth were trembling. For a moment, he didn't know what to say...

...

He hid 100 million US dollars in cash in his villa in the suburbs.

But he had done this so secretly, and the accounts were perfect. How could it be discovered?

"This... this..." he stammered, unable to tell the whole story ...

Ji Yunjing walked over and kindly reminded Zhao Bao, "head guard Zhao, our Ji family has never mistreated you in all these years. It's really unfair for you to swallow so much."

In fact, how much cash they earned every day depended on the casino. It was also a rule of the trade for Zhao Bao to get some skin from it. The higher-ups also turned a blind eye to it.

Otherwise, who would do their best to manage the Casino?

However, they had always been in the minority. However, in the past year, after Xia Jinqi took over, she didn't bother with them. One by one, they became bolder, and the amount of money they embezzled became more and more.

Chapter 972: use some tricks

This time, Zhao Bao was also unlucky. Ji Yunjing happened to find out about it. In addition, he was a timid person, so Ji Yunjing suggested that Xia Jinqi cut him to make an example of him.

"I... I..." Zhao Bao's eyes spun rapidly. He racked his brain to think of a way to get past it, but it happened too suddenly. He couldn't think of any good excuse at the moment !!

Who would have known that the Brat who was still wet behind the ears was actually so smart?

Didn't they say that he was only 17 years old, naive, and obsessed with beauty?

How... .. How could he be more powerful than Ji Heng ? ?

Xia Jinqi waited for a while, but she didn't see Zhao Bao take the initiative to say anything. It seemed that he wouldn't be obedient without using some tricks.

Thinking of this, Xia Jinqi put the banknotes back on the shelf and walked out of the door. "Kill him."

Those two cold words were emotionless, clean and crisp.

These words were clearly giving orders to Ji Yunjing.

The Moment Ji Yunjing heard these words, he took out his pistol and pressed it directly against Zhao Bao's head.

This series of events happened too quickly, so fast that Zhao Bao had no time to think. With a thud, he knelt on the ground and begged for mercy hysterically, "Chairman! Chairman, LISTEN TO ME! I swallowed the money, it's in my villa in the suburbs!

I didn't touch a single cent, I'll return it right now I'll return it right now!

I... I was also possessed by the devil to do such a thing, I definitely didn't think of betraying the Ji family! Chairman! Please spare my life!"

Seeing this, Ji Yunjing squatted down in amusement and lifted Zhao Bao's chin with his pistol. "I forgot to tell you, our chairman is a rapist and a criminal. You'd better not make her angry..."

"..."Xia Jinqi glanced at Ji Yunjing. Back then, she was just joking. How could she have known that her cousin would remember it?

No matter what, the most important thing was that her intimidation had played a certain role. Zhao Bao was so scared that he almost peed his pants. Now, even if she asked him what the Password of his bank card was, he would have to say it word for word.

Although she was laughing in her heart, her face was tense. Xia Jinqi looked down at Zhao Bao who was kneeling on the ground with an expressionless face and said slowly, "besides you, who else is greedy? Tell me exactly how much they are greedy."

"This..." Zhao Bao was a little speechless. Wasn't the chairman asking him to betray his companions... .
...

As he hesitated, Ji Yunjing exerted more force on the muzzle of his gun and raised Zhao Bao's head higher. "Say it!"

"I'll say it, I'll say it..." Zhao Bao's body trembled. He was afraid that Ji Yunjing would do it for real. With this shot, the bullet would definitely pierce through the back of his chin and make his brain explode!

Compared to his own life, the friendship between his companions was too pale.

"Bao Haisong, Xie Zusan, Yang Zhanglin... they, they all swallowed 100 million US dollars." Zhao Bao counted the names of the people, and they were already trembling beyond belief ...

Xia Jinqi listened carefully, and human faces kept appearing in her mind.

These days, Ji Yunjing sent her photos of the 32 managers, and she memorized many of them day and night. Xia Jinqi memorized their names, ages, family backgrounds, and personalities, and even how many years they had taken over the casino.

However, there was still a gap between the photos and the real people.

When she first saw Zhao Bao, her first reaction was that she didn't recognize him.

After memorizing the names, Xia Jinqi's slender eyebrows suddenly furrowed. "Each of you swallowed 100 million? What a coincidence! Or did you guys already come to an agreement?"

Chapter 973: I'll cooperate with you in everything!

Since Zhao Bao had already opened his mouth, there was nothing to hide. There was no difference between saying one sentence and saying ten sentences.

His lips trembled as he said, “we... the four of us discussed it. Since you’re new here, chairman, you won’t care much about us anyway, so we’ll each try to swallow a little first...”

At the end of his sentence, Zhao Bao let out a long sigh. He looked like he had nothing left to live for. The facts proved how stupid they were.

They had thought that the person who came was a bronze-level expert, but who knew that he was a king.

It was their fault to swallow the money, so they could only admit it even if they were caught.

Ji Yunjing frowned when he heard this. He turned back to look at Xia Jinqi, wanting to see how she would deal with Zhao Bao.

However, Xia Jinqi didn’t mention punishment. Instead, she raised her eyebrows and asked Zhao Bao, “besides swallowing the money, what else did you prepare for a new kid like me?”

“They... they said that they would make things difficult for the chairman at tonight’s banquet...”

Hearing this, the smile on Xia Jinqi’s lips deepened.

She didn’t guess wrong. None of the thirty-two people were convinced by her from the bottom of their hearts.

It seemed that tonight’s banquet was a Hongmen banquet.

Ji Yunjing only found out that Zhao Bao had secretly stolen the money, but he didn’t expect that they still had the guts to get together long ago to make things difficult for Xia Jinqi?

If Xia Jinqi hadn’t tricked them today, they would have been at their mercy tonight.

“How is it difficult?!” Ji Yunjing looked fierce as he grabbed Zhao Bao’s collar and shouted.

Zhao Bao’s entire body trembled as cold sweat dripped down his body. His hand, which was wiping off his sweat, was also trembling non-stop.

Previously, he had only said that he had hidden some money, but he was just greedy. If he were to say that they were planning to trick the chairman, that would be disloyal!

It wasn’t that he didn’t know about the Ji family’s methods... ..

Seeing that Zhao Bao hadn’t spoken for a long time and Ji Yunjing was about to make a move, Xia Jinqi gave him a look, telling him not to act rashly.

Ji Yunjing frowned and released his hand. Then, he heard Xia Jinqi’s unhurried voice, “chief Zhao, you know the rules of Lego. In order to protect the interests of the entire group, anyone who has selfish motives will die.”

Zhao Bao's body, which was originally trembling, fell to the side in fright when he heard Xia Jinqi's words. His eyes were empty. "Chairman, please spare me... spare me..."

Zhao Bao knew that Xia Jinqi was not trying to scare him.

Lego people had always been ruthless and had strict rules. Otherwise, it was impossible for them to maintain a high degree of mystery after so many years. It was impossible for the outside world to dig out too much information.

"I can spare you too." Xia Jinqi curved her lips into a smile. Her eyes flickered with a faint light. "As long as you're willing to cooperate."

Hearing Xia Jinqi say that she could spare him, Zhao Bao didn't even have to think. He immediately nodded like a chicken cutting rice. "I'll cooperate! Chairman, I'll cooperate with you in everything!" n--

"Get up first." Xia Jinqi saw that he was still kneeling on the ground and looked awkward.

When Zhao Bao heard this, he immediately stood up with a trembling hand on the cabinet at the side.

When he stood up, Xia Jinqi asked, "how are you going to deal with me?"

"They said that chairman, you're just a child. As long as everyone works together at the Dinner Party and doesn't give you a way out and doesn't follow your wishes, you'll be pushed out..." Zhao Bao didn't keep a single word and confessed.

This concerned his own life, so what could he not say?

When Xia Jinqi heard this, she felt that it made some sense.

Chapter 974: was just about to begin

On the surface, those old men were subservient, but no one knew what they were up to behind the scenes.

They were all around 40-60 years old, and they were all proud bosses. How could they be willing to submit to a youngster?

Before Xia Jinqi could speak, Ji Yunjing snorted coldly. "You talk about unity. I think it was you guys who took the lead and gathered together, right?"

"..."Zhao Bao didn't say anything and continued to wipe his sweat.

Xia Jinqi even suspected how much water he had to drink in a day. He had been sweating all the way.

Just as she was puzzled, a thought suddenly flashed through her mind. Xia Jinqi looked up at Ji Yunjing. "cousin, are they considered the leaders?"

"More or less. They are older and earn more. They are more representative," Ji Yunjing replied. It was probably because of this that they dared to secretly take money from them.

As for the rest, they had yet to find out who took how much.

If these four people were not found out, the others would probably try to imitate them.

Xia Jinqi did not have any ideas at first, but when she heard this, she smiled. "Tonight's banquet will be held as scheduled."

"Ah?" Zhao Bao was stunned. He did not understand what Xia Jinqi meant. "But chairman, they deliberately want to make things difficult for you..."

"I have my own plans." Xia Jinqi interrupted Zhao Bao's hesitation. A trace of coldness appeared on the corner of her lips. "Head Guard Zhao, you did a good job. The past debts will be written off. If you dare to reveal the information, then the past debts and the future debts will be settled together!"

"Chairman, don't worry. I will definitely make up for my mistakes!" Zhao Bao quickly promised.

"When you go back, tell them..."

Xia Jinqi lowered her voice as she spoke. The staff outside who were still counting money couldn't hear a single word.

Ji Yunjing was a little surprised at first, but soon after he understood Xia Jinqi's intentions, he couldn't help but smile in praise.

This sister of his really had a lot of wicked ideas, and they all didn't follow the usual pattern.

After Xia Jinqi finished speaking, she turned around and walked out of the door.

From now on, the good show was just about to begin.

Originally, she didn't know how to deal with these old fellows. Now, it seemed that they had already prepared to deal with her, so she didn't need to be polite!

As she accompanied Xia Jinqi out, Ji Yunjing pursed his lips and smiled. "What? Have you aroused your desire to win or lose?"

The current Xiao Qi had a firm expression, filled with the aura of a winner and courage. She was completely different from the previous Xiao Qi who had been worried about drinking.

Xia Jinqi turned around to look at him, her red lips moving. "Cousin, if I pass tonight's test, will I be able to get the recognition of these old men?"

"More or less." Ji Yunjing nodded. Tonight could indeed be considered a Hongmen banquet.

If she could pass, it would naturally be for the best.

If she couldn't pass... Ji Heng's grandfather would personally appear ...

Those old men wouldn't be able to turn the sky upside down.

However, Ji Yunjing didn't tell Xia Jinqi about this. He wanted to see how far she would go if she were to face it alone.

"That's great." Xia Jinqi was a little excited.

In other words, as long as she obtained the approval of those old men, she would be able to complete her mission in Macau after tonight and return to Rao city as soon as possible!

Ji Yunjing did not know what Xia Jinqi was thinking, but seeing her bright smile, he thought that her fighting spirit had been ignited. "Will your method really work?"

"You'll know tonight." Xia Jinqi kept him in suspense as a sly smile flashed across her watery eyes. "I'll go to your place first and pick up Qing Huan."

Chapter 975: The big shot is coming!

After sending Xia Jinqi away with great difficulty, Zhao Bao finally let out a sigh of relief. With one hand on the table, he barely steadied himself.

He stared blankly at the direction where Xia Jinqi had left and touched his cold neck. "I thought he was an ignorant youth. Who knew he was even more resolute and decisive than Ji Heng..."

"..."

Night soon fell.

Lido hotel.

The usual bustling scene of people coming and going was completely gone.

Tonight, Lido was deserted. There was not a single guest from outside.

The new waiter had never seen such a scene. He scratched the back of his head and wondered, "why is there not a single guest tonight?"

The lobby manager walked over and slapped the back of the waiter's head, making him dizzy. "Are you hiding here and slacking off? Hurry up and help spread the red carpet! The BIG SHOT IS COMING SOON!"

"

The waiter covered his head and asked with tears in his eyes, "what big shot? He even wants to spread the red carpet?"

"Don't you know that Third Master Xie booked our casino today? ! I heard that all the casino bosses are coming, and the bosses' bosses are coming too!" The lobby manager scolded him in disappointment ...

Such an important matter had been arranged long ago, but this kid actually didn't know anything?

He was like a hothead It made people want to beat him up just by looking at him!

"No wonder I saw that there wasn't a single customer today, but the decorations were even more exquisite than before!" The underling sighed. He had been working in Macau for two years, and he only heard the customers who came to eat occasionally mention a few things about the casino He still had some yearning in his heart.

After all, many people got rich overnight there. He had worked hard for a month, and he only got two thousand yuan. He didn't know when he would be able to make it.

When he heard that the big shots of the casino were coming, he instantly became much more energetic.

The lobby manager had lost his patience. He slapped him again and shouted, "HURRY UP AND GO!"

"Okay."

The underling covered his head and ran out of the room.

The thick red carpet needed the help of three men to move it. n)/OvEℓ&1n

It was placed at the entrance of the lobby and pushed out forcefully. The red carpet rolled away like this.

Not long after, all kinds of luxury cars arrived one after another.

Lincoln, Bentley, Lamborghini, Bugatti, Ferrari, all kinds of luxury cars filled the parking lot. Those who did not know better would think that there was a car exhibition here.

Every person who got out of the car had two to three bodyguards behind them. Each of them walked with an imposing manner.

The little brother was so frightened by this powerful aura that he did not even dare to raise his head. His calves and stomach were inexplicably trembling.

These... .. were the big shots who created the legend of Macau's gambling industry with an annual income of 500 billion ...

The lobby manager nudged him and said proudly, "kid, have you seen the world? These people are only in charge of managing the casino. I heard that their boss is coming tonight. That's the true beauty of Heaven!"

"The bosses' bosses really want to see the beauty..." the underling looked at the big shots who had already walked upstairs with great strides with envy in his eyes.

If one could walk to their height in life, then one would have no regrets even in death... ..

In his fantasy, the lobby manager gave him a fierce kick. "You? Hurry up and go to the kitchen to help! If the bosses are unhappy, they can kill you!"

His little brother was in pain from the kick. He did not dare to have any new thoughts and ran to the kitchen!

Chapter 976: no one had ever seen his true face

Seeing that he had run away, the lobby manager even muttered a few words, "at such a young age, you don't know how to work hard. All you know is how to get rich overnight and covet other people's luxurious lives. Sooner or later, something will happen!"

Upstairs.

In the 400-square-meter lobby, there was only a huge round table in the center.

The tall spotlights focused all the light on this table that was filled with a heavy sense of history.

It was selected from the top east African Purple Light Sandalwood and carefully carved by a famous artist. It took seven years to build.

Under the dragon-shaped carving, the unpredictable black patterns were like famous mountains and rivers, like flowing clouds and flowing water, surpassing jade and jade, making even the impressionist masters feel inferior.

At a national auction earlier, a 2.4-meter round table made of Purple Sandalwood was auctioned off for a sky-high price of 68.88 million, and the huge round table in front of them, which could accommodate 40 people eating at the same time, was undoubtedly worth hundreds of millions.

32 highly respected casino managers were neatly divided into two batches and seated.

In the middle was the main seat, and on the left and right sides were 16 people.

On the left and right sides were the upper and lower seats. On the upper side were 12 people, and these were the people who ran the casino.

From the top down, they were arranged according to their status and the specifications to manage the size of the casino.

The last four people on the left and right sides were not in charge of the casino's business. They were in charge of security, which was to guard the casino.

Those who did not care about their lives and dared to cause trouble in the casino would be dealt with by them.

Therefore, they were the most unclean. If they were represented by their colors, they were the darkest.

The higher they went, the cleaner they were, and the whiter they were.

The first seat was reserved for Xia Jinqi. She was the cleanest and had no criminal record at all. No matter how the police investigated, they would not be able to find her.

After waiting for about three minutes, some people began to become restless.

The first seat on the right was occupied by a tall and thin man. His face was slightly sunken and looked like a skull. It was quite scary.

He impatiently raised his hand and placed it on the table. His tone was sarcastic. "I say, shouldn't the chairman be the first to come to a banquet? There are so many of us here. Are we waiting for him alone?"

Zhao Bao sat at the first seat on the left. When he heard this, he raised his eyes and glanced at Bao Haisong, who was speaking in front of him. He did not say a word.

Xie Zusan and Yang Zhanglin sat at the second seat on the left and right respectively.

They had long discussed in secret that they were here today to show Xia Jinqi their might. Now that they heard Bao Haisong's words, they looked at each other. After exchanging glances, they began to act in a carefree manner.

“The chairman has a lot of face! He has been in power for more than a year, right? He is really mysterious. None of us here have seen his true face, right?” Xie Zusan glanced at the people at the round table. He leaned back on the chair, his right hand had short hair, and on his thumb was a priceless emerald thumb ring. Under the illumination of the light pillar, it refracted a faint green light, deep and mysterious.

Xie Zusan said that he had bought it from an antique shop, but Xie Zusan had always been very precious.

In fact, everyone knew that the Xie family’s ancestors were Feng Shui Masters, and Xunlong’s cave exploration skill was very good. In the early years, they showed people the Feng Shui to choose a cemetery, and in their later years, they started to dig up the graves of their ancestors.

Many of the graves of the princes and nobles in the mainland had been dug up by their ancestors, and they made a fortune.

However, their families gradually declined and fought for several years before they hid in Macau and washed their hands.

Most of the emeralds were plucked from the hands of an ancestor who had been buried in the ground for a long time.

Chapter 977: didn’t want to wait. Was He trying to rebel?

Everyone present looked down on him. They felt that his ancestors had done some wicked things and were full of Yin Energy. Sooner or later, he would be punished.

In the end, he managed to make a name for himself after working for a few years. Not only was the management of the Casino well-organized, but his performance was also thriving.

In addition, he already had some money and was generous with his spending. He had also won a lot of people’s hearts. Now, his status was only second to Zhao Bao and Bao Haisong.

He had some prestige and spoke ill of the chairman in front of everyone. Many of the people under him began to whisper among themselves.

Sitting to the left of Bao Haisong was a refined man wearing glasses. His skin was well-maintained and he looked to be in his thirties or forties. He was refined and cultured.

He was the person with the lowest status in the group of four. His name was Yang Zhanglin.

His family background was average. The reason why he was able to sit in his current position was because of his unchanging smile and extremely crafty way of doing things.

He glanced at the people below indifferently and smiled as he played a neutral role. “Xie Lao San, the chairman is the chairman after all. Even if he wants us to wait for the whole night, we shouldn’t have any complaints.”

The seemingly conciliatory words instantly made the people below feel a little uncomfortable.

Wait for an entire night If they really waited for an entire night, everyone here would probably collapse.

When Bao Haisong heard this, he shook his head “Chang Lin, if you say this, I won’t agree. We have been working hard for the club for so many years to manage the casino and send large amounts of funds to Rao city. Even if we don’t have any merits, we still have to work hard, right? If the chairman does this, he doesn’t treat us as human beings. He’s obviously toying with us!”

After he finished speaking, he went to look at Zhao Bao.

The four of them had discussed this beforehand. Tonight, only Zhao Bao remained silent.

How would they know that not only had Zhao Bao seen Xia Jinqi’s true colors, but he had also been directly incited by Xia Jinqi to betray him.

He was now a spy.

“COUGH COUGH! You guys, stop talking. Hasn’t it only been five minutes? Maybe the chairman got stuck in traffic on the road.” Zhao Bao wanted to help Xia Jinqi, but he couldn’t go too far and let the remaining three sense it.

It was a little difficult to control the situation.

“Humph! If we’re stuck in traffic for an entire night, do we really have to wait here for an entire night?” Xie Zusan and the other two Ruffians hummed, their gangster-like temperament suddenly appearing.

The four people upstream spoke in a reasonable manner. The twenty or so people below who didn’t dare to make a sound appeared calm on the surface, but in the dark, they were already sitting on pins and needles.

Why did they say that the new chairman was a difficult person to get along with?

In this strange atmosphere, a thin man in a black leather jacket at the end of the left curved his lips and threw the teacup in his hand away.

The crisp sound of a ceramic falling to the ground spread through the slightly empty space.

“Chairman, even if you want us to wait here for the whole night, so what? Are you trying to rebel if you don’t want to wait?” He asked coldly, full of killing intent!

The four people at the top immediately shut their mouths and didn’t dare to make a sound. They looked away awkwardly.

At this moment, Xia Jinqi, who was watching the scene downstairs through the surveillance cameras upstairs, raised her eyebrows with great interest. “This person is Chang Qi’s brother, Chang an?”

Chang Qi had completely acknowledged Xia Jinqi. The entire Chang family was convinced by Xia Jinqi, probably because of what he had said.

Chapter 978: she didn’t have to be afraid of anything, because he was there

Chang an was even more so. It was really rare to be able to stand up for Xia Jinqi in the midst of the voices that despised Xia Jinqi.

“En.” Ji Yunjing glanced at the surveillance footage and nodded slightly.

“You just said that their positions are divided according to seniority from top to bottom. Chang an sits at the end. Why is it that when he opens his mouth, no one above dares to speak?” Xia Jinqi raised her thin eyebrows and looked at the expressions on everyone’s faces with interest.

The 32 people had different expressions. They were simply colorful.

Speaking of this, even Ji Yunjing could not help but laugh “Chang an represents the deepest darkness. All dirty and shameful matters belong to him. “although he doesn’t care about business, no one can withstand his ruthlessness. “Xie Zusan and the others are not afraid of the police or the government. They are only afraid of this Cheetah who has been lurking in the darkness all year round. “because you don’t know when he will really jump up and bite your throat. ”

Ji Yunjing said this calmly, but ye Qinghuan, who had been standing behind her, shivered when she heard it. Her delicate little face instantly lost all color... ..

She secretly looked at Xia Jinqi and then looked at Ji Yunjing, clenching her teeth tightly.

So they were from the gang?

No Wonder Ji Yunjing made her sign the confidentiality agreement... ..

Xia Jinqi didn’t notice the change in Ye Qinghuan’s expression. She only focused on the monitor and quickly came to her senses. “So this is also a balance? The upstream controls the downstream, and the downstream controls the upstream. ”

“That’s right. Look at this round table. It encloses everyone inside, forming a guard to keep everyone in check, preventing one from dominating. ” Ji Yunjing pointed at the huge round table.

“What about me? Will I be kept in check by them as well?” Xia Jinqi narrowed her eyes and began to think consciously.

She would also be sitting inside the round table. n/-0vεℓB1n

A huge round table was connected from head to tail. She could not find the starting point, nor could she find the main point.

“This will depend on your ability. ” Ji Yunjing said this. After all, he had never sat in that position before, so he did not understand these things.

He could only help Xia Jinqi up to this point.

The rest of the road could only be taken by her alone.

“It’s almost time. You should go in, ” Ji Yunjing turned around and reminded Xia Jinqi.

“Okay. ” Xia Jinqi nodded. Before she left, she thought of something and confirmed with Ji Yunjing, “is everything ready? ”

“It’s all here, ” Ji Yunjing picked up the tablet and signaled.

The three of them went downstairs.

The door to the hall was closed. Xia Jinqi stood behind the closed door and pretended to be calm as she took a deep breath.

Ji Yunjing saw that she was a little confused, so he patted her shoulder. "You can only become a real leader of Lego if you walk through this door."

Xia Jinqi took another deep breath and managed to calm herself down.

At this moment, her heart was beating like a drum, and she was so nervous that her palms were sweating. She had never been this afraid before when she married Lord Yama... ..

She suddenly thought of Yan Jun, and the image of his handsome and extraordinary appearance immediately appeared in front of her eyes.

He had always been a wise and astute existence. Even if a huge matter was placed in front of him, he would still be able to face it calmly and make the right decision in an extremely short amount of time.

If he were here by her side today, he would definitely smile and encourage her. There was nothing to be afraid of, just go in!

Thinking of his warm and doting smile, Xia Jinqi suddenly felt a burst of courage in the bottom of her heart, as if she wasn't afraid of anything anymore... ..

That's right, she didn't have to be afraid of anything, because he was here.

As she thought of this, the corners of Xia Jinqi's mouth curled into a confident smile. She stretched out her hand and pushed open the two dragon doors in front of her.

Chapter 979: made its debut

A bright light shone through the gap between the door and her body.

A brand-new world that only she could face opened up!

The 32 people sitting at the round table in the hall heard the noise and all looked toward the entrance.

A few people in the back row were blocked. They anxiously poked their heads out and almost stood up to take a look.

It was rumored that the young genius who took over Lego at such a young age wanted to take a look and see what kind of talent this kid had to lead these old seniors!

The first to walk in was a youth with short silver hair that was extremely dazzling.

On one of his exposed earlobes was a sapphire that emitted a faint glow.

The black suit jacket covered her body, making her petite frame look even more attractive. n-/OVeLb1n

The youth's appearance was also not ordinary. He was fair and clean, and his facial features were exquisite. In particular, his slightly narrowed eyes were clear in black and white, but also seemed to contain a hidden sharpness.

Just this first glance gave people the impression that he was indeed not an ordinary youth.

And the second glance... ..

Everyone saw a beautiful woman walk in behind Xia Jinqi. Following that, everyone's hearts were raised!

They were here today to discuss official business. Why did the chairman bring a woman?

Was it because they were new here and didn't know the rules Or was the chairman himself such a ridiculous person?

Everyone held their breath in their hearts and began to be dissatisfied with Xia Jinqi.

And this matter was something that Bao Haisong, Yang Zhanglin, and Xie Zusan were delighted to see!

They were still worried about how to take down this kid, but who knew that he would come to deliver his head on his own accord.

He actually brought a woman to such a formal and serious occasion. He must be too arrogant and ignorant!

Bao Haisong snorted coldly and exchanged glances with Xie Zusan. The two of them had a smug smile on their lips. They thought that they would definitely win tonight, and they were all feeling smug.

Only Zhao Bao who knew the inside story.

He quietly continued to wipe his forehead with a handkerchief.

In any case, he had seen how ruthless this youth was.

On the contrary, it was the ignorant people sitting next to him who would see if they could still laugh in a while!

Xia Jinqi's gaze seemed to inadvertently sweep across the crowd, sneering in her heart.

She had only brought ye Qinghuan over, but the people below had already shown such expressions.

Yan Jun's guess was indeed correct.

Xia Jinqi had already raised her hand when her eyelids drooped slightly.

In a split second, 32 bodyguards dressed in black immediately filed in!

They were very fast, and after they entered, they split up.

In three seconds, a bodyguard stood behind each manager, and each of them was armed with a gun.

Everyone sitting at the round table immediately panicked. They looked left and right, not knowing why they were so terrified.

None of the lower-level people sitting below dared to speak. All of them were silent, waiting to see how the situation would develop.

At this time, Xia Jinqi walked over with satisfaction. The corners of her lips curled up slightly, and she greeted everyone as if nothing had happened.

“there was a bit of traffic on the road, so I’m late.”

She didn’t even say a word of apology. The one who was confident was that she was late.

When Xie Zusan heard this, he narrowed his eyes and looked at Zhao Bao.

In his hand, he was fiddling with the emeralds thumb ring as he spun it round and round.

Zhao Bao felt guilty under his gaze. Cold sweat was dripping down his face, but he could only pretend that he didn’t know anything and continued to wipe his sweat.

Chapter 980: I was indeed being a bit of a jerk.

However, I was cursing in my heart. Chairman, Oh chairman, you said that it’s not good for you to come up with some excuse, but you want to come up with the same excuse as me Aren’t you trying to scam me! !

This was just eye contact, while on the other side, Bao Haisong had already started a war of words “Chairman, what is the meaning of this It’s fine if you want us to wait here for such a long time, but you want us to bring a woman with us Forgive my words, in all these years, we have never dared to bring a woman with us on such an occasion “Also, what is the meaning of this room full of people “Does the chairman want to kill all of us old guys? “No! ”

Yang Zhanglin remained silent in the face of Bao Haisong’s fierce words. no

He did not intend to speak because he could not understand the thoughts of the chairman, let alone his temperament. Therefore, he needed a pathfinder to test out what kind of person the chairman was.

Bao Haisong, who had always thought that he was the boss of Macau’s casino industry, was the most suitable for such a role.

Xia Jinqi had yet to take her seat when she heard Bao Haisong’s words. She raised her eyebrows slightly and smiled evilly. “So, boss Bao, are you expressing your dissatisfaction with me? ”

Her voice was exceptionally clear and crisp, with a hint of undertone in it.

Everyone present only thought that she was a youth who was changing his voice and did not suspect Shangxin at all.

However, the rise of the last syllable of her words made many people sweat.

Bao Haisong was not afraid of her and continued to enjoy his mouth. “I, Bao, don’t dare! It’s just that at such a young age, the chairman even copied others to smash nightclubs and snatch women. I think this person is the woman that I snatched back that night, right? ”

As he said that, he glanced at Ye Qinghuan, who was dressed in a red dress with slanted shoulders.

Ye Qinghuan sensed the countless gazes directed at her. She clenched her teeth tightly and did not say a word.

When she entered, Ji Yunjing had told her that no matter what happened, she only needed to go in and be a vase.

Every word that Bao Haisong said contained mockery and contempt towards Xia Jinqi.

If Xia Jinqi had not already known of Bao Haisong's intentions, Xia Jinqi reckoned that she would have been put in a difficult position by these words.

However... ..

Xia Jinqi nodded with a smile. Her brows were slightly furrowed, as if she was seriously considering Bao Haisong's words. At the same time, she also reflected on herself. "En, what you said makes some sense. I did indeed act a little scoundrel. "

" ... " Zhao Bao continued to wipe the sweat that was flowing down his forehead. In his heart, he silently chanted, "Amitabha, Amitabha... ". ...

Bao Haisong, on the other hand, did not notice anything. He thought that what he said Made Sense. In addition, his age was already there. If Xia Jinqi really calculated it, she would still have to call him uncle!

He was just a little Brat, and he actually dared to play with a big knife in front of Second Master Guan. Was He courting death?

While she was feeling pleased with herself, Xia Jinqi suddenly smiled and turned around to look at the other people on the round table. "Do you all think so too? "

The other people on the table were all stared at by Xia Jinqi. Many of them wanted to open their mouths at first, but in the end, they were all stared at by this murderous gaze until their backs turned cold.

None of them dared to make a sound. All of them had their faces taut, and they had their tails between their legs!

They did not have the power and status that Bao Haisong had, not to mention... ..

Everyone noticed that the bodyguards standing behind them had already secured their pistols.

At this moment, whoever spoke first would die first.
