

Trick Me 981

Chapter 981: cutting the grass to its roots to prevent the spring wind from blowing again

Seeing that no one was making a sound, Bao Haisong was stunned at first. Then, he flung his robe casually and sneered with all kinds of disdain and ridicule. "They are all cowards! What can they do with guns? I don't believe that anyone can openly kill people here today!"

The reason why Bao Haisong would say such words was mainly because he knew that even if Xia Jinqi brought people here, it was only to scare them.

Everyone here held important positions. How could she, the chairman, Kill Them just like that?

However, the moment Bao Haisong finished speaking, Xia Jinqi had already turned her head to look at the bodyguard standing behind Bao Haisong.

The bodyguard immediately understood and took two steps forward, aiming a spear at Bao Haisong's head.

A cold and stiff feeling came from the back of his head, instantly causing Bao Haisong's body to freeze, and the blood color on his face began to slowly dissipate.

Fear finally appeared in the bottom of his heart.

Only then did Bao Haisong panic. He slanted his eyes to look at Xia Jinqi, because at this moment, he didn't even dare to move his head. "Chairman, what do you mean by this? Do you really want to kill me?!"

The people below were all dumbfounded.

This is... .. Is it really going to happen??

Xie Zusan and Yang Zhanglin looked at each other. Neither of them moved.

Both of them were scheming. Just now, Bao Haisong had said so many desperate words, but he didn't even stop them.

Now that Bao Haisong was detained, all of them chose to remain silent.

Everyone was waiting to see if Xia Jinqi's shot could go down.

If it could go down and Bao Haisong died, Xie Zusan and Yang Zhanglin could split up the casino that Bao Haisong was supposed to manage.

If they couldn't go down, it would prove that the new chairman was just trying to scare them. Then, there was really nothing to be afraid of.

As for Zhao Bao, he had already begun to twist the soaked handkerchief. Accompanying a gentleman was like accompanying a tiger. These people would continue to court death!

Xia Jinqi didn't miss the ulterior motives of Xie Zusan and Yang Zhanglin, but she didn't expose them. Instead, she continued to mediate with Bao Haisong.

"Boss Bao, do you think that I don't dare to kill you? You hold an important position. If I kill you, no one will manage the casino? No one under me dares to be loyal anymore?" Xia Jinqi raised her eyebrows and guessed everything that Bao Haisong was thinking.

"..." Bao Haisong didn't say a word because this was indeed what he was thinking. Moreover, the gun barrel behind his head was real.

He didn't want to die yet.

However, before he could answer, Xia Jinqi continued, "but have you ever thought about how I can stand on my own two feet if I don't kill you? I reckon that everyone below me will think that I'm a paper tiger..."

After mocking him, she continued, "if you die, I can give your casino to boss Xie and boss Yang. Aren't you two good friends? You should be able to rest assured if you let them manage it, right?"

"Oh, that's right. Grandfather once taught me to cut the weeds and remove the roots to prevent the spring breeze from blowing again. I won't let go of any of your family members and grandchildren."

After saying that, Xia Jinqi moved around the large round table again.

It was the first time she had said such harsh words, and her palms were so nervous that they were sweating.

However, she still had to continue speaking. Her clear voice was incessant and full of dignity. "seeing that I'm young and you're all seniors, don't tell me that you want to secretly form a gang for personal gain and separate yourself from Lego?"

His ethereal voice actually echoed in this large hall.

Bao Haisong was truly anxious now. He didn't expect this young youth to be so ruthless!

Chapter 982: are you a devil?

Cold sweat trickled down his forehead. He hurriedly looked at Xie Zusan and Zhao Bao, signaling them to think of a solution!

The two people on the opposite side looked at each other, and Xie Zusan said, "the chairman misunderstood. Boss Bao is always like this. He is straightforward and says whatever comes to his mind. Over the years, he has contributed a lot to the club. Even if he hasn't contributed much, he has worked hard."

"Yes, yes." Bao Haisong also spoke up for Bao Haisong. "boss Bao has always been an example among us."

"In that case, I should actually kill the chicken to warn the monkeys and let boss Bao set an example for all of you, HMM?" Xia Jinqi happened to walk behind Yang Zhanglin. She deliberately stopped and

patted Yang Zhanglin's shoulder with one hand. She bent down slightly and asked him.. "Isn't that right, boss Yang?"

Yang Zhanglin, who had always tried to protect himself, was also dragged into the water by Xia Jinqi at this moment. His eyes did not change, and even the smile on his lips did not change. He only answered Xia Jinqi's question.. "Chairman, you are young and promising. You still have a long way to go in the future. I believe that you will not leave behind any bad deeds in your own life, and you will not let your subordinates think that you are a murderous devil, right, chairman?"

Xia Jinqi heard each and every word, and the smile in her eyes was even more playful.

No Wonder Ji Yunjing told her that Yang Zhanglin was a well-known jade-faced Fox.

He was clever in handling matters and was good at mediating between them. He could not offend anyone, and he could also make his words sound extremely pleasant. It was as if he was really putting himself in everyone's shoes.

He truly regarded speaking as an art.

"A demon who kills without batting an eye..." Xia Jinqi grasped his words and asked in return, "is this how you all see me?"

The volume of the last sentence increased by quite a bit. She was asking Yang Zhanglin as well as everyone present.

Yang Zhanglin froze for a moment. Before he could think of a way to continue, Bao Haisong on the other side could no longer keep his cool.

He stretched his neck and straightened it, giving off a heroic and heroic spirit. "You're the devil! I only said two sentences to you, and you want to kill my entire family? What's the difference between you and a tyrant? Lego doesn't need a leader like you!"

He didn't believe that this kid would really dare to do anything to him? ! !

Didn't Yang Zhanglin just say that if she really shot him, it would be equivalent to smearing his reputation?

Once Bao Haisong said this, the entire hall fell into complete silence.

No one dared to say another word. They even took careful breaths, afraid that Xia Jinqi would catch them red-handed.

"Oh? So boss Bao thought that it was only because he said a few words to me?" Xia Jinqi smiled faintly Returning to the main seat, she took a tablet from Ye Qinghuan's hands and casually threw it on the table. She changed her calm demeanor from before and shouted in a dark and angry voice, "I didn't care about you all for a year. All of you have wings and are about to fly, right? !"

The sudden anger made everyone in the hall gasp... ..

Many people in the lower row stared at the tablet that Xia Jinqi had thrown out just now, wanting to see what was on it clearly.

Yang Zhanglin, Zhao Bao, Xie Zusan, and Bao Haisong were the closest to it. They almost looked down and saw the image on the tablet.

The screen was cut into four parts, and each part was a separate small surveillance camera.

As for the surveillance camera, it was all the locations where these four people hid 100 MILLION USD!

Chapter 983: Soaking in a pig cage

Everyone broke out in cold sweat and gritted their teeth... ..

The things they had done in secret had actually been discovered by this youth?

Xia Jinqi glanced at the four people's livid expressions and finally sat down at the seat that had been reserved for her a long time ago.

"Tell me, what do the four respected seniors intend to do when each of them stole 100 million US dollars?"

Their tone was neither hot nor cold, but it contained the tranquility before the storm... ..

A low pressure instantly enveloped everyone present!

People began to gossip below, "after swallowing so much money, boss Bao still has the face to make a Ruckus here? ?"

"He's usually the most sanctimonious person, but I didn't expect him to be so sneaky behind our backs!"

"That's right, the other three aren't good people either! If we pay less, they would immediately catch us and not let us go. I didn't expect them to play such tricks themselves now!"

When Chang an heard that everyone was ready to defect, he took the opportunity to push the boat forward. "No wonder the chairman came late just now. So he went to investigate the evidence of their corruption?"

Everyone came to a sudden realization. "So that's how it is... then we were wrong about the chairman..."

"I was wondering why the chairman brought so many people. So he was angered by the four of them!"

Chang an smiled coldly and said, "not only did he steal the money, he was also disrespectful to the chairman. If we were to go back a few decades, we would lose our heads."

In this era, the rule of law was becoming more and more perfect. Even the gangsters were talking about rules and humanity.

One had to know that Lego was able to gain a foothold in Macau by relying on thunderous means. They fought their way out to get to where they were today.

When Chang An said this, the people below echoed, “that’s right. After swallowing so much money, if it were in the past, they would have been drowned in a pig cage!”

“They still dare to speak so arrogantly and slander the chairman. It’s simply disrespectful!”

Most of these people had been bullied by the four people from upstream for many years and had been swallowing their anger. Now that they had finally found an opportunity, why didn’t they take the opportunity to retaliate?

They also added insult to injury.

“boss Bao isn’t wronged at all. The chairman didn’t do anything wrong either! Kill Them!”

“Kill Them!”

“Kill Them!”

No one knew who was the first to open their mouths. In short, it quickly became the trend.

This time, Bao Haisong was completely dumbfounded... ..

The fear in his heart accumulated bit by bit. His previously determined eyes also began to panic.

The situation was obviously very favorable for him from the beginning. How could it be that in the blink of an eye, with just a few words from this kid, the wind blew towards her and he became the wrong person?

Yang Zhanglin and Xie Zusan’s expressions were as ugly as pig liver. They had thought that heaven and earth knew about the money they had taken together, but who knew that it would be discovered so quickly.

Meanwhile, Zhao Bao was frantically wiping his sweat while desperately lowering his eyes, not daring to look anyone in the eye!

He had reported all the places where the other three people had hidden their money to Xia Jinqi. He only hoped that after the incident was exposed, she would spare his life... ..

However, this kind of betrayal of a comrade was indeed very heart-wrenching.

In fact, he was the one who suffered the most.

Xia Jinqi looked at the scene that she had created with a few words. The smile on her lips did not loosen. She raised her hand slightly to control the excited emotions of the people below.

Chapter 984: What happened that night in

After hesitating for a moment, she turned her gaze to Zhao Bao.

“chief Zhao, you go first. What are you planning to do by hiding this money?” The words that were not angry but powerful suddenly jumped out and grabbed chief Zhao’s and the other three’s throats.

Everyone’s expressions were extremely unsightly, and they all fell silent at the same time.

Only Zhao Bao, who was called out by Xia Jinqi, randomly wiped the sweat on his forehead and stammered, "i. . . Chairman, I was the one who had evil thoughts about that money..."

Such an honest answer immediately attracted the attention of the other three people.

They didn't know that Xia Jinqi had long made an agreement with Zhao Bao to take the lead in admitting his mistake.

The three people thought that Zhao Bao had been scared out of his wits, and all of them began to fear Xia Jinqi's methods.

Xia Jinqi was very satisfied with his answer and asked again, "what crime should I commit for concealing the club's money?"

"Bury... alive." The sweat on Zhao Bao's forehead fell even more urgently ...

This was Lego's rule. When they had been nominated as the top managers of the Casino, everyone had signed a life and death contract. If anyone dared to have evil thoughts, they would be buried alive.

As soon as Zhao Bao said this, he swallowed hard at Bao Haisong.

These past few years had indeed been too comfortable. It was so comfortable that he had forgotten the rule he had set.

"Boss Xie?" Xia Jinqi averted her gaze and looked at Xie Zusan again.

Xie Zusan clenched his teeth so tightly that blue veins seemed to be popping out of his forehead.

In the face of Xia Jinqi's question, he could only answer, "bury him alive."

Xia Jinqi nodded and looked at Yang Zhanglin. "Boss Yang?"

"Bury Him alive." Yang Zhanglin didn't hesitate, but his expression was still very ugly.

Satisfied with the three people's answers, Xia Jinqi finally turned her gaze to Bao Haisong.

"boss Bao, do you still think that I don't dare to kill you?" Xia Jinqi asked coldly as her red lips parted slightly.

Bao Haisong still had some backbone. Even though he knew that he was exposed and had no confidence, he still hardened his bones and didn't say a word.

Seeing this, the bodyguard behind him directly poked Bao Haisong's head with the barrel of his gun, making Bao Haisong feel as if he was beating a drum. After hesitating for a moment, he still opened his mouth "even if we were in the wrong, what about you? Addicted to women and bloodthirsty and cruel, what right do you have to sit here?"

Xia Jinqi had long known that he would ask this question, so she waved her hand and let ye Qinghuan walk over. "Qinghuan, tell them what happened that night."

Ye Qinghuan obediently went forward. First, she looked at everyone present before she slowly opened her mouth and recalled what happened that night. "That night, it was brother Kang who wanted to force me. Mr. Xia saw injustice and saved me."

Once she finished speaking, there was silence again.

“nothing else to say?” Xia Jinqi raised her eyebrows and waited for about a minute. After making sure that no one spoke again, she said, “since that’s the case, drag them all down and bury them alive.”

Her tone was neither salty nor indifferent, but in an instant, it determined the life and death of the four people!

When the bodyguards heard this, they immediately went forward and dragged the four people out of the door.

When Zhao Bao saw this, he revealed a terrified expression. Without saying a word, he immediately knelt in front of Xia Jinqi and begged for mercy “Chairman I know I was wrong I will return all that money to you I will definitely do my best to work for the club in the future. I won’t dare to do it again. I beg you to be magnanimous and let me off this time I have eighty mothers on top and a babbling child on the bottom. I really can’t die!”

Zhao Bao’s cries were deep and heart-wrenching. It was impossible to tell that he was acting.

Chapter 985: She had at least won tonight

The bodyguards’ movements stopped because of this.

Zhao Bao quickly raised his head and looked at Xie Zusan and Yang Zhanglin with his eyes. A wise man would not be at a disadvantage in front of him!

Xie Zusan and Yang Zhanglin looked at each other again. Both of them understood that Zhao Bao was asking them to surrender first to save their lives... ..

They originally thought that the chairman was just trying to scare them, but who knew that it was for real!

A man can bend and bend. Xie Zusan gritted his teeth and knelt down as well. “Chairman, it was my mistake that caused me to do such an unsightly thing. Please forgive me, chairman!”

Yang Zhanglin naturally also admitted his mistake. “Chairman, I beg you to spare us this time.”

Three out of the four people knelt, and they all surrendered.

However, Xia Jinqi did not make a sound. Instead, she raised her eyes to look at Bao Haisong, who stood at the side and refused to make a statement.

It was very obvious that Xia Jinqi was waiting for him to speak.

Seeing this, Zhao Bao rolled his eyes and reached out to touch Xie Zusan. The two of them gave Yang Zhanglin a look.

Yang Zhanglin was beside Bao Haisong and immediately understood. He reached out and tugged at Bao Haisong’s pants, indicating for him to kneel down.

Bao Haisong originally still had a breath left in his chest, but it was just death!

But when he turned around, he actually knelt on the ground... ..

When the four of them were united, he could still fight. Now that he was the only one left, he was undoubtedly using an egg to strike a stone.

He gritted his teeth. Even though Bao Haisong was still unwilling, he still bent his knees and lowered his head to admit his mistake. "Chairman, I was wrong... I beg for your forgiveness. "

At this point, Xia Jinqi finally let out a long sigh of relief.

She glanced at Bao Haisong and knew that he was not completely subservient. It was already good enough to make him bow his head and admit his mistake.

No matter what, she had won tonight.

Xia Jinqi looked back at Zhao Bao who was kneeling at the side. She still admired him a little.

It was fortunate that he had agreed to cooperate. Otherwise, the situation tonight would not have been under her control.

The hall that had suddenly quieted down became a little strange.

Everyone's gaze fell on Xia Jinqi, waiting for her to make a decision.

Should they bury these four people alive, or should they be given a lighter sentence?

Naturally, Xia Jinqi couldn't forgive them quickly. That would seem too deliberate.

She didn't speak all this while, and the atmosphere froze. The four people on the ground didn't dare to get up.

She was waiting, waiting for the people below to be willing to plead for these four people. This could be considered as giving her a way out.

About ten minutes had passed. The four kneeling people on the ground were already in a terrible state. Their knees were in pain, but they didn't dare to Moan or complain.

Finally, someone whispered, "chairman, why don't we give them another chance? "

Then, someone slowly echoed, "yes, chairman, why don't we wait until we find a successor before punishing them? "

"over the years, the four of them have indeed contributed a lot to the society. "

"Let them off this time. "

These people were all more shrewd than monkeys.

They hoped that these four people would be properly punished, but who knew that Xia Jinqi would be so ruthless that she would be buried alive.

When it came to matters like being greedy for money, it could be big or small.

If Xia Jinqi insisted on investigating all the way, each and every one of them would be implicated.

After so many years, who wouldn't take advantage of the money tree?

This was like a big tree. After it was uprooted, who knew how much soil would be taken out.

Chapter 986: She was recognized?

They were not stupid. They were afraid that the flames of war would spread to them, so the best way was to minimize this matter.

Gradually, more and more people pleaded for mercy. Only when she became the target of everyone's expectations did Xia Jinqi say, "since everyone is pleading for you, I'll let you off this time."

When the four kneeling people heard this, they immediately thanked Xia Jinqi as if they had been saved. "Thank you, president, thank you..."

"If there's a next time, I won't let you off lightly!" Xia Jinqi added, scaring the four of them so much that their bodies trembled and their faces turned Pale.

After a moment of silence, Xia Jinqi said, "all of you, get up."

The few of them took advantage of the situation and sat back in their original seats.

All of them had ugly expressions on their faces.

Not only were they suppressed, but they also embarrassed themselves in public. The arrogance they had before instantly faded. All of them hung their heads like eggplants that had been hit by frost.

The people below began to sigh with emotion at Xia Jinqi's magnanimity.

"I think our chairman is pretty good. Not only did he clearly distinguish between rewards and punishments, but he also took our opinions very seriously."

"actually, we don't ask for much. As long as the chairman can be more understanding and listen to us, it will be fine."

"En, I also think that this chairman is not bad..."

Almost everyone was in agreement with Xia Jinqi's actions.

And this was the effect that Xia Jinqi wanted.

She curled her lips slightly and waved her hand, telling the bodyguards to leave. Then, she called for the waiter. "serve the dishes."

After that, a long line of food delivery came up. In front of everyone, there were plates and red wine.

In the middle of the table, there were four large wine decanters. Inside, there was an intoxicating red liquid. There was quite a lot of it.

Xia Jinqi frowned as she watched. She was going to finish all of this by herself in a while... ..

Even though she refused in her heart, Xia Jinqi still stood up, raised her wine glass high, and toasted everyone.

“speaking of which, this is the first time I’m officially meeting all of you. In the days to come, I’ll have to trouble all of you to guide me.”

“Chairman, you’re too polite. This is what we should do.”

“It’s our fortune to have such a good chairman like you!”

There were quite a few people who knew how to suck up to others. They had changed from talking nonsense just now to all kinds of support now.

It was not an exaggeration to say that they were fence-sitters, but Xia Jinqi did not care about this.

After she finished toasting everyone, she only took a small sip of wine and sat down.

After eating two mouthfuls of the dishes, someone brought the dishes in and removed the plates of the appetizers.

Originally, there was nothing strange about delivering a dish. However, when Xia Jinqi unintentionally looked up and saw a face in the delivery team, she suddenly stopped.

One of the waitresses who delivered the dishes had an extremely beautiful face. Even though she was wearing the waitresses’ clothes, it was still difficult to hide her extraordinary temperament and nobility.

This... Wasn’t this the woman Xia Jinqi saw at the gate of the Grand Entertainment City in the capital, the one who explained the colony to her son ? ?

She was an employee here?

However, Bai ran actually snuck in on purpose.

She couldn’t enter the casino, but she wanted to secretly inquire about Lego. no 1e(1b-1n

She only heard that an important person from lego would come to lido tonight to discuss matters, so she snuck in, hoping to get some information.

Who knew that just as she snuck in, she would be targeted by Xia Jinqi?

Bai ran hurriedly lowered her eyes and stopped looking at her.

Could it be... ... She was recognized ? ?

Chapter 987: A moment of love is worth a thousand gold coins

Xia Jinqi didn’t say anything. She just watched Bai ran leave with the team.

She curled her lips into a smile. She felt that she had been a little suspicious recently. She felt that everyone was suspicious.

As she sighed, Zhao Bao took the lead to come over and toast her.

“* * * , this first cup of wine is to toast your magnanimity and magnanimity!”

Xia Jinqi smiled and nodded. She drank the cup without changing her expression, but her heart began to lose its calm.

Was it starting just like that?

Sure enough, after she drank the cup of wine, Xie Zusan also stood up and held the cup in his hand. “* * * , this cup of wine is a toast to your everlasting foundation and the flourishing of sesame!”

So it turned out that everyone said a toast, and she drank it as if she accepted it.

Without hesitation, she raised her head and drank the cup.

At this moment, Ji Yunjing, who was watching the surveillance screen upstairs, was already frowning very tightly.

Including the First Cup that Xia Jinqi gave everyone, this was already the third cup.

If they drank another fourth cup, a certain someone would probably start to get drunk and go crazy... ..

Then wouldn't the perfect image that was painstakingly created just now be destroyed?

Ji Yunjing was so nervous that his palms started to sweat.

Even if Xia Jinqi really got drunk and went crazy, it wouldn't be a big deal. Ji Heng's grandfather could come and clean up the mess, but by then, Xia Jinqi's image would plummet... ..

At that time, Bao Haisong and the others would have to seize this opportunity to make things extremely complicated.

“Xiao Qi, what exactly are your plans... ” Ji Yunjing muttered, his gaze never leaving Xia Jinqi on the screen.

At this moment, it was Bao Haisong's turn to propose a toast.

He had made a lot of jokes just now, and his expression was extremely bad. However, if he did not behave himself, he would still be buried alive.

He could only brace himself to stand up, carry the wine, and bow to Xia Jinqi. “* * * , This Cup of wine is to toast you, Da Peng, for rising with the wind in one day, soaring up 90,000 miles! ”

Yang Zhanglin, who was standing behind Bao Haisong, had already thought of an excuse. He was prepared to stand up after Bao Haisong sat down, but who knew that after waiting for a long time, there was still no response.

He looked up and saw that Xia Jinqi's expression was cold. She did not even look at Bao Haisong. Instead, she waved at the woman in red behind her.

Ye Qinghuan stepped forward in confusion. As soon as she stood still, her hand was pulled. Then, her entire body spun and she fell into Xia Jinqi's embrace.

“Sir... ” Ye Qinghuan was shocked. She instinctively wanted to stand up, but Xia Jinqi held her down. “shh... don't move. ”

When she spoke, Xia Jinqi deliberately lowered her voice and pretended to be patient.

Fortunately, she had fought with Yan Jun countless times back then. Now that Xia Jinqi was doing it, she could do it with ease.

She did not even look at Bao Haisong. Instead, she reached out and caressed Ye Qinghuan's smooth and long hair. Her eyes were dark.

The scene was a little awkward. The people who were preparing to toast were also stunned.

Bao Haisong could not hold back his face. With a stiff expression, he repeated what he had just said, " * * , this cup of wine is to toast to you, Da Peng, for rising with the wind in one day and soaring up to 90,000 miles!"

This sentence finally made Xia Jinqi impatient.

I don't know what to do, I don't know what to do, I don't know what to do, I don't know what to do

Finished, and smiled close to Ye Qinghuan, whispered in her ear, "is it baby? "

Ye Qinghuan a shiver, small face pink, "Sir... "

Chapter 988: Who isn't a person with a bit of a temper?

In the eyes of others, all kinds of shyness and romantic feelings... ..

Bao Haisong was stunned.

Everyone knew what the good thing that Xia Jinqi was talking about meant, but... ..

Toasting had become a tradition, and it had never been broken in the past many years.

Now, this chairman was a maverick, but he didn't drink the wine that he toasted. What could he do?

The people below also had their mouths agape, their faces dumbfounded.

Even Ji Yunjing was dumbfounded.

So... .. This was the reason why Xia Jinqi brought ye Qinghuan along ? ?

Using infatuation with beauty to fool her?

This... .. Although there was nothing wrong with it, it still felt inappropriate ...

In his confusion, the Godly Assistant Zhao Bao came online again. He coughed lightly and looked at Bao Haisong from the side, his tone unfriendly. "Why did we toast the chairman and drink it? Boss Bao, I think you'd better forget it. Don't continue to make the chairman unhappy. "

When Bao Haisong heard this, the skin on the back of his head immediately tensed up.

He knew very well what the consequences would be if he offended the chairman.

It was not fun to bury him alive. It was more important to save his life.

With an awkward expression, Bao Haisong put down his wine cup and sat back down. He did not dare to say another word.

From this, everyone below suddenly had an epiphany.

So the chairman was not willing to drink because Bao Haisong's previous actions had made the chairman unhappy... ..

Thinking about it, it made sense. Bao Haisong had gone overboard before. who was not a person with a bit of a temper?

It was normal for the chairman not to drink his toast.

Ji Yunjing gave Xia Jinqi a thumbs up through the screen.

High.

Really High.

Not only did he want to bring ye Qinghuan to block the wine, he also knew how to use Bao Haisong's mistake to resolve his embarrassment.

However, before Ji Yunjing could heave a sigh of relief, Yang Zhanglin stood up again. This time, Ji Yunjing's heart was in his throat!

He skipped Bao Haisong, but there were still so many people behind him. What was Xia Jinqi going to do?

At this time, Yang Zhanglin had already stood up and said, "chairman, this toast is to you..."

Before he could finish his sentence, he was mercilessly interrupted by Xia Jinqi. "Alright, if you continue to say this sentence by sentence, how long do you have to say it? Keep it simple, there's no need to make it so complicated."

This time, it was Yang Zhanglin's turn to freeze on the spot.

Zhao Bao coughed forcefully again to excuse Xia Jinqi. "Zhanglin, why don't we just forget about the toast? The chairman isn't in a good mood tonight, why don't we... end it earlier tonight?"

The most important thing tonight was that every manager would toast to the chairman, and both parties would get to know each other and become familiar with each other.

Who would have thought that so many unpleasant things would happen in the past and disrupt this rhythm. n--Ovelb1n

Yang Zhanglin was the same as Bao Haisong. Both of them were guilty and knew that Xia Jinqi was in a fit of anger. Who would dare to pull the tiger's beard at this time?

Therefore, Yang Zhanglin could only sit down with his head lowered.

The people below did not dare to stand up again and continued to wait and see.

Zhao Bao, on the other hand, smiled at Xia Jinqi in an extremely obsequious manner. "Chairman, if you are tired, why don't you go back and rest earlier?"

"Didn't you say that rules can't be broken? There are still quite a number of people who haven't come to propose a toast." Xia Jinqi glanced at the people sitting at the back.

The moment she opened her mouth, the people below immediately felt that it wasn't that the chairman didn't want to drink their toast. It was just that he was annoyed by those people, so he wasn't in the mood.

In this way, they couldn't blame the chairman. If they wanted to blame someone, they could only blame those blind people for provoking the chairman.

Chapter 989: scared the baby to death... ..

Zhao Bao chuckled and said, "chairman's words are the rules! You see, it's already late. Do you want me to arrange a car to send you back?"

Since she had already said this, it was exactly what Xia Jinqi wanted. She pretended to decline a few sentences before getting up and leaving with Ye Qinghuan.

Just like when she came, it was soul-stirring. When she left, everyone let out a sigh of relief.

After Xia Jinqi left, Zhao Bao let out a long sigh of relief and wiped the sweat from his forehead.

Xie Zusan, who was the closest to him, could more or less sense something from his expression and questioned him in a weird manner "Chief Zhao, is this toast rule broken just because you say so? Why do I feel that you're acting weird tonight? Are you protecting the chairman everywhere?"

After hearing Xie Zusan's words, Yang Zhanglin and Bao Haisong also cast their gazes on Zhao Bao, their eyes filled with suspicion.

Zhao Bao's heart clenched. In order to avoid being seen through by them, it was worth shouting loudly and pretending to be angry "Xie Lao San, you still have the face to scold me? ! If it weren't for your bad idea to let us each swallow 100 million, would the three of us have been caught by the chairman ? Damn it, I've lost all my face in this lifetime ! Fortunately, the chairman was kind-hearted and was willing to let us go. If we don't send him off now, what if he thinks about this later and wants to settle the score later ? You can die if you want, but don't drag me along with you!"

With an angry roar, Zhao Bao also threw his cup, got up and left with a flick of his sleeve.

The remaining Xie Zusan had a livid face.

Actually, after thinking about it carefully, Zhao Bao's words seemed to make sense.

It was good that the chairman had left early. Accompanying a king was like accompanying a tiger. Who knew if she would suddenly get angry while eating?

On the other side, Zhao Bao walked out of the door quickly and turned around. His originally valiant and spirited aura disappeared in an instant.

His legs trembled and he almost fell to the ground.

Fortunately, the underlings behind him were quick enough to hold him. "boss? Are you okay?" n-

Zhao Bao swallowed his saliva and stood up with difficulty. "Go, go quickly!"

When his underlings saw that Zhao Bao was sweating profusely and his tone was firm, they immediately supported him and ran towards the parking lot outside without saying a word!

As Zhao Bao ran, his eyes were filled with tears as he recalled the scene just now... ..

Mommy!

I was scared to death... .. I've finally saved my old life ! !

In the hall, everyone else was still sitting on the spot, not knowing what to do.

On the contrary, Chang an took the lead and stood up. When he walked past Xie Zusan, he even snorted coldly "A good banquet was ruined by some rat feces! If not for the chairman's magnanimity, tonight's meal would have been someone's Guillotine!"

"You!" Bao Haisong slammed the table and stood up. Just as he was about to make a move, he was pressed down by Yang Zhanglin.

Bao Haisong turned his head and saw Yang Zhanglin shake his head slightly.

Only then did he put away his anger and sat back down.

Chang an continued to snort coldly and left with big strides.

The rest of the people also began to leave the banquet. When they left, many people were muttering.

Most of the content was that they despised Xie Zusan and the others.

In short, no one remembered that Xia Jinqi had broken the rule of not drinking. They only remembered the few who had made mistakes, as well as Xia Jinqi's magnanimity.

Not long after, everyone in the hall had left. Only Xie Zusan, Bao Haisong, and Yang Zhanglin were left.

They stared at each other for a long time before Bao Haisong nudged Yang Zhanglin. "Old Yang, you're so eloquent. Tell me! What's going on tonight? !"

Chapter 990: Living with your tail between your legs

Yang Zhanglin's eyes darkened. "The new chairman is not simple."

In just a few days, not only did they find out about the four of them concealing their money, but they also showed both kindness and power, firmly holding all the initiative in their hands.

“No matter how not simple she is, she’s still just a little kid. She does everything for novelty, but she can’t be steady.” Xie Zusan had never been optimistic about Xia Jinqi from the start. He didn’t know what the higher-ups meant by choosing a little doll as the chairman.

However, Yang Zhanglin shook his head and didn’t agree with Xie Zusan’s view. “If she really couldn’t be stabilized, she would have dragged us out and buried us alive just now.”

And in the end, not only did Xia Jinqi stabilize herself, but she also received everyone’s praise.

This wasn’t something that a little kid who was still wet behind the ears could do.

Thinking about the chairman’s thunderous methods just now, Bao Haisong let out a sigh of relief.

“Forget it, forget it. Speaking of which, this matter is indeed something that we didn’t do properly.”

Yang Zhanglin was a little surprised. The person who started the trouble was Bao Haisong. He was also the one who had always been stubborn and refused to lower his head. Why did he admit defeat now?

“Old Bao, are you afraid?” Yang Zhanglin could not help but laugh at him.

Bao Haisong was embarrassed for a moment, and then he sighed, “there were so many people there just now. Even if you’re afraid of death, you have to endure it! Now that there are only the three of us, there’s nothing to be ashamed of! It’s better to live than die. Moreover, it doesn’t feel good to be buried alive.”

When Xie Zusan heard that, he also fell into deep thought, “that’s true.”

“Alright, return all the money. From now on, keep your tail between your legs. Don’t play these petty tricks anymore.” Bao Haisong patted the back of his head and got up to leave.

Yang Zhanglin looked at his back and stood up as well. He had a smile on his face the whole time, but he didn’t say much.

Xie Zusan was the last to leave. His expression never eased up.

After everyone left, Ji Yunjing stared at the Empty Hall on the screen and couldn’t help but laugh.

“good girl. One strategy after another. It’s like a nine-in-one chain, scaring these people into shrinking their heads. They don’t even have the confidence to speak.”

With a smile, Ji Yunjing called Ji Heng and told him everything that happened tonight in detail, especially Xia Jinqi’s act of kindness and intimidation. Her words were full of emotion.

Ji Heng nodded his head repeatedly and praised Xia Jinqi.

“those people who don’t know what’s good for them should be treated like this!” Ji Heng laughed loudly, clearly in a good mood.

Although he felt that Xia Jinqi was being too lenient by doing this, if it were him, those people who had stolen the money would probably be resting in some back mountain by now.

However, it was better to let them go. He wanted them to remember the kindness of their new master so that they could be more loyal in the future.

Ji Yunjing nodded and ordered his men to pack up. Then, he turned around and walked downstairs.
“GRANDPA, I’ll hang up first.”

After saying that, he put away his phone.

He wanted to go directly to the parking lot, but when he walked halfway, he found Ye Qinghuan who was watching the entrance of the kitchen.

His eyebrows twitched. Why was she still here? What was she doing here?

Ji Yunjing walked over curiously and asked, “why are you here?”

Ye Qinghuan was shocked. When he turned around and saw Ji Yunjing, he calmed down. “Mr. Xia said he was hungry and was eating inside...”

“? ?” Ji Yunjing raised her eyebrows and walked into the kitchen.

As expected, she saw Xia Jinqi sitting in front of a small table, eating... .. Egg Fried Rice ? ? ?
