Chapter 381: Plan Before You Act

“There’s a reason why there are no immortal-foundation ascendants in the eastern continent and why the other continents aren’t willing to set foot here.”

Saintess Xia You finally spoke. She stood up and stared out the window, staring into the distance.

“The eastern continent... Is missing something...”

Speaking up to this point, Saintess Xia you left. She didn’t say anything more.

However, these words still shocked Lin Mo. he had received too much news, and it was shocking.

Was it really that difficult to ascend to the Immortal Foundation? What was missing in the eastern continent...

“Looks like I have to find an opportunity to ask Bai Luo.”

Although Lin Mo was curious, he couldn’t do anything. Bai Luo wasn’t from the eastern continent, she must know something.

“We’re friends, I believe her...”

With this thought in mind, Lin Mo summoned Tang Chen and returned Yue Xuan to the Purple Moon Palace. He then went to look for Lin Die and Yan Rong.

“Master.”

“Brother.”

Lin Die was very happy because Lin Mo was finally willing to visit her. Her small hands clung tightly to Lin Mo’s thigh and refused to let go.

“Eh, it’s been a while. Yan Rong, you’re at tier 27 of the Dragon Transformation Realm.”

Lin Mo was a little surprised. Yan Rong had an errand in the Purple Moon Palace, but it was usually very priority, and he had a lot of time to cultivate.

“Master, please forgive me. Let’s look at miss. Her improvement is even greater.”

Yan Rong smiled. Before Lin Mo came, he had been serving as Lin Die’s sparring partner.

However, he did not dare to let his guard down as a sparring partner.

Although he had benefited from it and had also cultivated the Taiyu spirit nurturing art, his battle prowess had also soared under rapid improvement.

However, Lin Die still relied on the powerful physique of an innate precious beast and the incomplete technique of an immemorial divine beast to cross seven ranks to fight with him with the strength of a tier 20 practitioner in the Dragon Transformation Realm.

Even under such a huge gap, Lin Die still did not lose much.

In the end, even when the two of them ran out of spiritual essence, Yan Rong was still unable to defeat Lin Die.

“Of course, I’m very powerful,” Lin Die said with a smug look on her face. She raised her little fist and grinned.

“Lil’ Die, you’re great. It just so happens that I have a lot of resources here. Yan Rong, you have a share too.” Lin Mo nodded with a smile.

“There’s no need, master. I have my own territory in the Purple Moon Palace and have planted a lot of spiritual herbs. There are a few spirit grade ones, which are enough for me to use.” Yan Rong waved his hand and refused.

He was Lin Mo’s subordinate. Jiang Xiyue did not mistreat him and gave him a lot of benefits.

Just the territory that only a Nirvana Realm warrior could occupy alone was enough to make many people envious.

“Why are you being so polite with me? Oh right, this is a spiritual sword of the 7th tier, spirit grade. I’m saving it for you.”

Lin Mo waved his hand and took out all the treasures from the system space.

A dazzling array of treasures filled the square where the two of them had just fought, causing the place to be filled with treasure lights.

“Wow, so many spirit stones, and they’re all middle-grade...”

Lin Die’s large eyes sparkled with little stars. She cried out loudly as she surrounded the mountain of spirit stones and said excitedly, “This is almost 100 million middle-grade spirit stones...”

“100 million... I don’t think so, but 80 to 90 million is about right.” Lin Mo scratched his head. Almost half of these were produced by Saintess Xia You...

“Yan Rong, take these and cultivate well. No matter what, remember that stability is the most important thing.”

Lin Mo instructed Yan Rong to take some cultivation resources and even selected a few sword techniques for him.

“Yes, thank you, Master.”

Yan Rong was extremely grateful. He held a pile of scrolls in his hands. They were all sword techniques and were very precious.

“Are you... wiping out some major faction in the Imperial City?”

Suddenly, a voice sounded from behind Lin Mo. it was somewhat shocked.

“Sister Xiyue.”

“Your Highness.”

Lin Die saw who it was and jogged over happily. Jiang Xiyue also took the opportunity to pick up Lin Die and fiercely rubbed her pink little face.

“You’re finally out of seclusion.”

A gentle smile appeared on Lin Mo’s face when he saw who it was.

“Yes, I’m out of seclusion. You’ve given me so many surprises...”

Jiang Xiyue put Lin Die down and walked over to hold Lin Mo’s hand. She used a little strength.

Feeling the warmth from Lin Mo’s palm, Lin Mo tightened his grip and pulled Jiang Xiyue towards him.

“Don’t be a bad child.” Jiang Xiyue glared at Lin Mo and stood side by side with him.

“What? I’m not a child.” Lin Die was unhappy and protested unhappily.

“You little brat, you’re not even one meter tall. If you’re not a child, then what are you?”

Lin Mo squatted down and rubbed Lin Die’s head hard, turning her beautiful hair into a bird’s nest.

“You guys... Are too much. You’re working together to bully me.”

Lin Die still wanted to resist, but Jiang Xiyue, who had joined later on, grabbed her and pinched her pink little face.

“Hmph, I’m ignoring you guys.”

After struggling to break free, Lin Die combed her hair with her hands, pouted, and ran to the other side to look for Yan Rong.

“Come and tell me what happened recently. You’ve been in seclusion for a long time, and you almost missed the preliminaries.”

After Lin Die ran to the side, Jiang Xiyue and Lin Mo tidied up the spirit stones and resources while asking.

“Too many things have happened. It just so happens that I need your help.”

While tidying up the resources, Lin Mo opened his mouth and spoke about the recent events, including the lesson he taught Zhao Ming, the roping in of the Saintess Xia you, and the news that the Blood Soul Flame was spying on Xiaodie.

“You’re really...”

Jiang Xiyue looked at Lin Mo and wanted to dig out his guts to see how he dared to offend the people of the Divine Secrets Sacred Land.

“But why do you want to be on good terms with the Crown Prince?” She didn’t understand this point.

Lin Mo had gotten quite a lot of good things for the crown prince. He even wanted to sell the broken nirvana fire stone to the crown prince.

“Didn’t I tell you? I have a treasure basin. It’s hard to explain. Just trust me.” Lin Mo was helpless. Jiang Xiyue wouldn’t believe him even if he told her about the system matter...

“Alright, then how are you going to deal with Saintess Xiyue and the Blood Soul Flame?”

Jiang Xiyue didn’t pester him. Instead, she asked Lin Mo what he was going to do next.

“I’ll listen to you. Do you want to stand on your own side or join Saintess Xiyue? I’ll follow you,” Lin Mo said with a smile.

Normally, he could help Jiang Xiyue make a decision if she disappeared.

However, Jiang Xiyue still had to come to such a big event. He only needed to follow her.

“Let’s wait and see. There’s no rush. I won’t agree or refuse,” Jiang Xiyue said after thinking for a moment.

Saintess Xiyue couldn’t be offended, but she had created the army because she wanted to rebel when the crown prince inherited the throne.

She did not want to live under someone else’s roof. This was the reason why she created the army.

“Continue. Blood Soul Flame, how are you going to solve it?” Jiang Xiyue asked again.

“We can’t rush that. The ten-thousand-year-old earth milk was not taken seriously by it. It can be seen how powerful the Blood Soul Flame is. The truth is to plan before you act...”

Lin Mo shook his head. He would not go to the crack where the Blood Soul Flame was before he became powerful.

At the very least, he had to find Bai Luo first. Only by working together would he have a chance of winning.

“Also, can you send someone you can trust to help me find a person called Bai Luo? The Blood Soul Flame has to consult her first...”

Chapter 382: Breakthrough In Seclusion

“It’s that girl you met in ancient flame city, is she really that capable enough to deal with the Blood Soul Flame?”

Jiang Xiyue looked doubtful. It was not that she did not want to believe Lin Mo’s judgment.

It was just that it was unbelievable. The Blood Soul Flame did not even care about the ten-thousand-year-old earth milk. Could Bai Luo really deal with it?

“She doesn’t belong to the eastern continent. She knows a lot and has many trump cards. It’s not wrong to look for her.”

Lin Mo smiled. He had nothing to hide from Jiang Xiyue.

“She’s from another continent!”

These words shocked Jiang Xiyue. To travel through the void for a long distance, one had to ascend to the Immortal Foundation.

Bai Luo clearly didn’t have the strength to do so. How did she get here?

“Her clan should be filled with experts. She must have been sent here by an Elder,” Lin Mo guessed.

This was probably the only reason.

“It’s possible. Just send an elder over. However, where is Bai Luo?” Jiang Xiyue asked.

“The Great Ancient Divine Empire and the Lujin divine dynasty might have something. I don’t know either. I need to find out more information...” Lin Mo felt ashamed.

Bai Luo had said that she had traveled all over the world. She might even have returned to the Yanhuang Divine Empire now.

“Be more reliable...”

Jiang Xiyue rolled her eyes. This was too wide. How long would it take to find her...

“With this, I can roughly sense Bai Luo’s direction...”

Lin Mo took out a jade pendant. It was given to him by the saintess Qing Xi. It had Bai Luo’s aura on it.

If they were in a divine dynasty, they might be able to sense the location...

“Alright, but your information is too little. We can only wait.”

After putting away the jade pendant, the two of them had almost gathered all of these treasures.

In total, there were more than 93 million middle-grade spirit stones. Jiang Xiyue had taken 70 million to cultivate her army.

As for cultivation resources, other than a few special ones that were left behind, most of the rest were taken by Lin Mo.

The God Devouring Body didn’t reject anything. After devouring these treasures, Lin Mo’s aura began to rise.

Gradually, a powerful aura spread out, and his realm also slowly rose.

Jiang Xiyue quietly sat cross-legged in the distance, observing Lin Mo and protecting him.

“The God Devouring Body. No wonder he could destroy my cultivation land. It’s just that... The Dragon Transformation Realm requires so many resources...”

She was a little worried that Lin Mo’s path of advancement in the future would be incomparably difficult.

He needed too many heavenly and earthly treasures. Perhaps, the eastern continent had to gather all the resources in order for Lin Mo to break through to the peak of the Nirvana Realm...

As for the Immortal Ascension platform, that was even more impossible. The amount of resources needed would increase exponentially unless they dug up the treasures left behind by the eastern continent in the ancient times. However, that was too unrealistic.

Perhaps this was the reason why Lin Mo was so casual. He couldn't ascend to the Immortal Ascension platform, so he could only go to other continents...

Thinking of this, Jiang Xiyue's eyes gradually became firm. She clenched her fists tightly and made up her mind.

"No matter what, I must let you go to other continents..."

Perhaps in the past, she wasn't qualified to say such things. But now that she had refined the True Dragon's Heart blood and the ten-thousand-year-old earth milk that Lin Mo had brought over.

She was just one step away from reaching the Nirvana Realm.

In terms of talent, she wasn't much weaker than Saintess Xia You. She also had the right to participate in the Immortal Ascension Stage.

"I won't let you stop."

Lin Mo continued to cultivate. After swallowing so many treasures, his aura started to decrease as soon as it started to increase.

His energy was insufficient, so Lin Mo quickly took out all the spirit stones and piled them up into a small mountain beside him.

Countless waves of pure spiritual energy surged and finally flowed into Lin Mo's Dantian.

The pile of Spirit Stones was withering at a speed visible to the naked eye. Soon, they couldn't hold on any longer and completely turned into ashes.

"Does he need so many?"

Jiang Xiyue was shocked. In less than an hour, Lin Mo had already devoured 20 million middle-grade spirit stones.

"Sister Xiyue, brother is so scary..."

Lin die and Yan Rong walked over, but the former jumped into Jiang Xiyue's arms in fear.

She was a rare innate beast, so she was very sensitive to danger.

A dangerous aura emanated from Lin Mo's body. If he got too close, his life force would be devoured.

"Something's wrong. Die, take out the Red Flame Dragon Lizard's inner core from your hand."

Jiang Xiyue said. Lin Mo's current situation was similar to the lack of spiritual essence during the breakthrough process.

If this continued, the breakthrough would fail at worst, and the spiritual essence that he had swallowed would dissipate. At worst, the spiritual essence would reverse, and he would go crazy.

“Here it is. Sister Xiyue, quickly go and help brother.” Lin Die took out a red inner core.

The fist-sized inner core, which was emitting special patterns, had just appeared when a dragon’s roar sounded in the air.

The inner core of the Scarlet Flame Dragon Lizard had a hint of spirituality. It didn’t want to be swallowed, so it tried to run away as soon as it appeared.

However, in the next moment, Jiang Xiyue’s eyes had turned into vertical pupils, and a faint dragon’s roar could be heard from her body.

“Roar...”

The inner core of the scarlet flame dragon lizard seemed to have let out a howl. It trembled slightly in Jiang Xiyue’s hands and didn’t dare to resist.

“Yan Rong, take Die away.”

Jiang Xiyue picked Xiaodie up from her arms, put her down, and walked forward with the inner core.

After advancing for a short while, she felt heavy footsteps.

Especially the spiritual energy in her Dantian, which seemed to be on the verge of breaking out of her body.

“With your cultivation method, who would dare to protect you in the future...” Jiang Xiyue gritted her teeth and said.

She held the Red Flame Lizard’s inner core and slightly activated it, releasing waves of pure energy.

In an instant, this energy was torn and directly entered Lin Mo’s Dantian.

Seeing that it was effective, Jiang Xiyue let out a sigh of relief. The true dragon power protected her body, preventing her spiritual Qi from being devoured by the God Devouring Body.

She walked to Lin Mo’s side and urged the inner core of the Red Flame Dragon Lizard to release the energy.

As soon as this energy appeared, the God Devouring Body absorbed it and didn’t let it go.

A suction force was emitted from the square. The Spiritual Qi of heaven and earth within hundreds of miles was drawn into Lin Mo’s body.

Time continued to pass while Lin Mo was in seclusion.

When seven days had passed, the Red Flame Dragon Lizard’s inner core in Jiang Xiyue’s hand had dried up and turned into powder.

However, what made her breathe out was that Lin Mo’s God Devouring Body finally stopped operating.

The moment Lin Mo opened his eyes, a powerful aura spread out.

Yan Rong and Lin Die, who were hundreds of miles away, sensed this aura and rushed over one after another.

“Congratulations, master, for breaking through to the 31st tier of the Dragon Transformation Realm.”

As Yan Rong said that, Lin Die hopped over and looked at Lin Mo with concern.

“Brother, are you alright?”

She did not understand what the God Devouring Body was. She only knew that Lin Mo’s cultivation these few days was terrifying. That power that could devour everything was too overbearing.

“Don’t worry, I’m fine.”

Lin Mo patted Lin Die’s little head, but he still felt a little regretful.

“It’s a pity. I thought I would have one red flame dragon lizard inner core left...”

With that inner core, it would be enough for Lin Die to cultivate to the 31st tier of the Dragon Transformation Realm.

However, it was a pity that Lin Mo had swallowed the inner core. He could only find another fire attribute cultivation treasure for Lin Die in the future.

Chapter 383: The Preliminaries Begin

“Alright, let’s not talk about this for now. There are still three hours before the capital’s Dao Conference preliminaries. It’ll be too late if we don’t go now.”

Jiang Xiyue said. This guy really knew how to get stuck. If they were any slower, they would be late.

“Uh... Sorry, sorry.”

Lin Mo smiled and did not dare to delay. The few of them activated the teleportation array together and teleported to Yue Xuan.

Following that, they hurriedly left the city. Along the way, there were still quite a few people who were rushing toward the depths of the forest.

These people were either participating in the competition or watching the battle.

Without exception, they were all here for the preliminaries.

“By the way, what’s the competition for the preliminaries?”

Lin Mo asked curiously. For these preliminaries, the second prince, seventh Prince, and fourth Prince were doing their best to prepare their magic artifacts to face it.

“After passing through a dangerous land, you can’t use a teleportation talisman. Otherwise, you’ll be eliminated.”

Jiang Xiyue said. This was the news she had received after she came out of seclusion. Other than using a teleportation talisman, any method was fine.

This was also the reason why the second prince was desperately searching for high-grade magic treasures.

If he wanted to not be eliminated, increasing his combat strength was the best choice.

“Isn’t that simple? With big brother and sister Xiyue, we can easily pass the round,” Lin Die said with a smirk.

Two peerless geniuses at level 31 of the transformation dragon realm with many tricks could probably kill a Nirvana Realm warrior together.

Although she was a burden in terms of realm, her combat strength was not weaker than Yan Rong’s.

“Don’t be careless. The danger zone is not that simple. Moreover, there are more rules.” Jiang Xiyue knocked Lin Die’s small head.

“Entering the danger zone is a random teleportation array. All the participants compete in it. When there are only 1,000 people left, the teleportation array will be activated and everyone will be teleported out. Regardless of whether these people have escaped from the danger zone or not, they will be considered to have passed the level.”

There was no doubt that this rule was to allow the participants to kill each other.

As long as they were able to eliminate the participants, they would be able to use all means at their disposal.

“When the time comes for a fight, you and Yan Rong will protect yourselves. Don’t casually make a move,” Lin Mo also said.

Perhaps there would be a sneak attack. After all, this was allowed by the rules.

“Alright. However, I have the sky fire armor, so it shouldn’t go that far...” Lin Die’s aura weakened a little.

However, she still said in a low voice. It was not easy to break through her defense with a spirit rank 9 defensive magic tool.

“Alright, alright, alright... I’ll hide behind.”

Looking at the scrutinizing gazes of Lin Mo and Jiang Xiyue, Lin Die was defeated and no longer dared to talk back.

“Yan Rong, remember to watch over Xiao Die, don’t let her mess around.”

Lin Mo was worried, so he instructed Yan Rong to protect Lin Die. If necessary, he could make a move.

He also gave Yan Rong the tier 9 spirit grade instantaneous shadow bow that he had won back from the auction, allowing him to make a move at the critical moment and kill anyone who tried to approach.

“I understand.” Yan Rong nodded.

In the boundless mountain range, mountains stood tall, and ancient trees rose up from the ground, piercing through the clouds.

They passed through the mountains and saw many beautiful scenery along the way. There was life everywhere.

“The smell of the primeval forest. There are few people and the air is much clearer,” Jiang Xiyue praised.

Although the Purple Moon Palace had such beautiful sceneries and even more spiritual energy, it was still in the royal palace. However, it was too big and seemed to be sparsely populated.

They met more and more people along the way. Soon, they saw buildings at the end of their line of sight.

Some of the high platforms had been temporarily built, and a powerful array formation enveloped the area.

“What a big move...” Seeing such a large array formation, Lin Mo gasped in surprise.

The array formation here was even higher in rank than Yue Xuan’s, and this was even a temporary array formation.

“So many people, are they all participants?” Lin Die frowned. There were too many people here.

“Of course there are. After all, the invitation letter had been issued two years ago. At that time, as long as one has a bit of talent, they would be given out...” Someone explained.

This was because some people felt that they were not talented enough and did not want to humiliate themselves. Otherwise, there would be even more people.

“Can this dangerous land accommodate so many people?” Lin Die asked again.

“Yes. This dangerous land was under the control of the royal family a long time ago. After so many years of exploration, they have basically figured out many dangers,” Jiang Xiyue said.

This was also the reason why the royal family decided to set the battlefield here.

“Hey, sister, you’re finally here. You’ve been in closed-door cultivation all this time. Even if I wanted to find you, I couldn’t.”

Lin Mo and the others had just arrived, but they had already attracted a lot of attention. The crown prince was the first to speak and walked over as if they were familiar with each other.

“Greetings, Your Highness.” Jiang Xiyue brought Lin Mo and bowed. When facing the crown prince, she didn’t forget to follow the proper etiquette.

“Brother Lin, you have been living in Purple Moon Palace for the past few days and have not received any guests. You are treating me as an outsider.” The crown prince looked at Lin Mo and ignored Jiang Xiyue. He helped Lin Mo up first.

“Sister, please rise. Blood is thicker than water. There is no need for such a big ceremony,” The crown prince said with a smile.

Compared to Lin Mo, the smile on Jiang Xiyue’s face was not as sincere.

“Thank You, Your Highness.” Jiang Xiyue stood up and glanced at Lin Mo before leading the others to their seats.

“You can’t blame me for this. He rushed here on his own accord.” Lin Mo curled his lips. The crown prince was still trying to drive a wedge between them at this time...

“I didn’t say anything. Why are you so nervous?” Jiang Xiyue covered her mouth and laughed.

“Dong!”

A loud sound was heard. On the stone platform at the very front, an old man lightly knocked on a gong.

“Time’s up. The preliminary selection has begun. Participants, please enter the arena within an hour.”

A team of cavalymen appeared and guarded the stone platform.

The old man came to the center of the stone platform, formed a spell, and activated the teleportation formation.

In the next moment, rays of light shot out in all directions and floated above the stone platform.

“This is an empty spirit talisman. If you fuse it into your body, you will be able to enter the teleportation array. If you die in the danger zone, you will be forcefully teleported out.”

“Although this will save your lives, those who die in battle will also be heavily injured and eliminated.”

“Now, participants, fuse an empty spirit talisman into your body and inject your spirit energy. You will be teleported into the danger zone.”

“Dong!”

After the old man finished speaking, he knocked on the gong and shouted, “The time starts now. Those who fail to enter within an hour will be eliminated.”

As soon as he finished speaking, many people flew up in all directions and grabbed the empty spirit talisman floating in the air.

In the next moment, as the space rippled, these people began to disappear and were teleported away.

“Let’s go as well, I can’t wait any longer.” Lin Die’s face was filled with excitement. She had been training all this time, but it had been hard on her.

Although Yan Rong had been her sparring partner, she didn’t want to be like this.

Although she was a rare innate beast, she was still a demonic beast. Deep within the bones of a demonic beast, the desire to fight had never dissipated.

“Don’t forget what you promised.”

Lin Mo helplessly reminded her. He was really afraid that this little girl wouldn’t be able to control her temper after entering...

“Got it.” Lin Die vaguely agreed. With a wave of her hand, she grabbed a few empty spirit talismans that were flying towards her.

The four of them held one each. Holding hands, they activated the talismans and in the next instant, they all disappeared...

Chapter 384: Swarms of insects

Lin Mo's figure had just disappeared when he felt a distortion in space. After a full 10 seconds, the feeling of being on solid ground finally appeared.

He opened his eyes, and the surrounding environment had already changed.

There were no mountains around him. Instead, there were stone walls on both sides, and they appeared in a deep canyon.

As the four of them were holding hands, they were not separated by the teleportation formation. However, they did not see anyone around them.

A chilly breeze blew over, causing the canyon to become a little more sinister.

"Chi Chi!"

At this moment, the sounds of insects could be heard from the surroundings, breaking the silence of the canyon.

Lin Mo looked at the surrounding scenery and was a little surprised. However, his soul energy did not sense anything unusual.

"Brother, there's danger here," Lin Mo said in a low voice. Her perception was the sharpest among the four of them.

"Buzz Buzz."

Just as Lin Mo finished speaking, black fog suddenly surged around them and spread out, lowering their line of sight to the lowest.

"Be careful, it's a poisonous bug."

Yan Rong suddenly said. He was the first to be attacked. A palm-sized bug rushed toward him. Fortunately, he noticed it early and shot it with the instant shadow bow.

"Damn it, it's poisonous."

His voice followed closely, alerting Lin Mo and Jiang Xiyue.

The two of them protected Lin Mo in the middle and stood in a triangle with Yan Rong, observing their surroundings.

"It's coming."

Lin Mo was also attacked. It was a red centipede that was two meters long. It flew out from the Black Fog and hissed.

“So disgusting...”

Lin Die shivered behind them. It was the first time she had seen a two-meter-long centipede. She felt nauseous.

“Yan Rong, take care of Xiaodie.”

A voice came from Jiang Xiyue’s side. She had rushed out. Perhaps she had sensed Jiang Xiyue’s powerful strength, but there were more bugs attacking her.

She had just left the team, but she had already taken away half of the bugs, half a meter tall toads, and three to four meters long spiders.

“Damn it, where did they teleport us to...”

Lin Mo cursed angrily. The Flames started to circulate, and the Vermillion Bird divine flame erupted without holding back.

The sounds of battle could be heard from Yan Rong and Xiao Die behind them, but the pressure wasn’t too great.

“This doesn’t look like a hive. Some of these bugs are natural enemies, so they can’t gather together.”

He was very surprised because there were too many types of bugs, and it was impossible to kill all of them.

“Lin Mo, don’t use the DAO fire. Quickly restrain your aura.”

While they were fighting, Jiang Xiyue suddenly shouted. Lin Mo was stunned for a moment and extinguished the vermilion bird divine flame.

However, he was still a step too late. The surrounding black fog had already dissipated because Lin Mo had used the Vermillion Bird Divine Flame.

Under the Black Fog, there was a dense swarm of bugs. They seemed to be risking their lives as they crazily charged at Lin Mo. .

“What the hell...”

Lin Mo shouted and took out the ancient sword of desolation. At this time, he could no longer hide his strength. If he was poisoned, the consequences would be unimaginable.

“Brother, they are coming for me.”

Lin Die said from behind. Then, she pointed in a direction and said, “There is a very annoying aura over there.”

Hearing this, Lin Mo’s expression turned cold. He told Lin die and Yan Rong to pay attention to their safety. He stepped on the Kylin steps and flew towards the direction that Lin die pointed.

“Boom!”

“Hiss!”

In the next moment, the ground cracked open, and a half-meter-wide giant python emerged from the ground. Its sharp fangs lowered the black saliva, corroding the spiritual energy.

“The black venom Python can actually cultivate to the 31st level of the Dragon Transformation Realm. It’s really rare...”

Lin Mo was shocked. The Black Venom Python wasn’t very powerful, and its innate bloodline wasn’t strong either. Normally, being able to cultivate to the 20th level of the dragon transformation realm was already the limit.

And the one in front of him had already exceeded the black venom Python’s growth limit.

“Looks like the answer is there...”

In the direction Lin Mo pointed, the black fog covered a hole. The Vermilion Bird Divine Flame burned the black fog, forcing it into it.

“Pu!”

The black venom Python’s eyes were scarlet red, and its sharp fangs spat out large amounts of black venom at Lin Mo. .

Seeing this, Lin Mo didn’t waste any time. The ancient desolate sword left his body, avoiding the venom. At the same time, the sword light slashed down, and the huge black venom Python fell to the ground.

“This place is a little different. The inner core of this black venomous python has already reached the level of a spirit rank 1.”

Lin Mo opened his mouth and rushed towards the entrance of the cave.

The instant he entered, a strong sense of dizziness spread out, causing Lin Mo to almost faint.

“What a strong poison...”

Even though he was protected by the spiritual energy, he was still able to activate the God Devouring Art. He had also been struck by this poison. This poison was very overbearing, and if an ordinary person were to enter, they would lose all their life force within a short moment, turning into a dried corpse.

With the sword radiance protecting his body, Lin Mo did not receive any attacks. The soul devouring art circulated even faster and devoured the poison within his body in just two to three seconds.

After solving the problem of the poison, Lin Mo stood up and walked deeper into the cave.

“This place is really strange. The Yin energy outside is so heavy, but it’s a little hot inside.”

As Lin Mo went deeper into the cave, he discovered that the fire elements in the cave were beginning to gather and increase in number.

This also made the cave seem desolate, devoid of life. There were dried up rocks everywhere.

Waves of pale yellow gas drifted out from the depths of the cave, bringing with it a pungent smell. It was a very unpleasant smell.

“It’s a little like sulfur. Could it be a volcano down here...”

Lin Mo felt as if he was descending deeper into the cave. After walking for about four to five hundred meters, a searing hot aura spread out, as if it was going to burn everyone who entered the cave.

“Chi Chi.”

The surrounding air started to ignite. Following that, he saw a scarlet beetle blocking his path.

Flames were burning on the beetle’s surface as it hissed at Lin Mo..

After entering for such a long time, he did not expect there to be a beetle here. This caused Lin Mo to be slightly shocked.

However, before he could speak, the beetle spoke first.

“Those who trespass here will be killed without mercy.”

As it spoke, the beetle opened its mouth and spat out a ball of azure flames. The surrounding space was distorted by the scorching flames.

Lin Mo raised his hand and used his dao fire to block the ball of flames.

“Since you can speak human language, your inner core should be of some value.”The desolation ancient sword appeared, and Lin Mo’s interest was piqued.

Although the grade of the beetle’s inner core was not very high, it was still not bad. It was just right for Lin Die to cultivate.

“Idiot, you and I are only at the same realm. How dare a mere human provoke us.”

The beetle roared angrily. However, before it could say anything, Lin Mo’s ancient desolate sword had already slashed over.

Clang

A metallic sound rang out. The beetle was repelled by Lin Mo’s sword, but it wasn’t injured.

“So Hard. What kind of bug are you?”Lin Mo said in surprise.

The beetle’s shell was very hard. With the support of spiritual energy, it was already considered not bad to be able to resist a spirit rank 9 magic tool.

“Human, if you retreat now, this Lord will still spare your life.”

The beetle spoke, its tone no longer filled with contempt from before. Instead, it was replaced with a heavy tone.

Although it had always lived here, it knew how powerful magic tools were. The ancient Desolation Sword’s sword Ray was extremely sharp. If it continued to fight, it would definitely lose.

“Retreat. It seems like you guys took the initiative to attack. Is it appropriate for me to retreat now?”

Lin Mo sneered. He still wanted to know what was inside. How could he retreat so easily.

Chapter 385: Soul Nurturing Stone

This beetle didn't seem to have learned any martial arts, and only knew some simple moves.

Its most powerful racial talent was its azure flames and hard carapace. None of these were able to cause any trouble to Lin Mo..

After a few rounds, Lin Mo split the beetle into two.

In the next moment, bright red blood flowed out, bringing with it a scorching temperature, and steam was still coming out from it.

"This inner core seems to be a little different..."

Looking at the inner core floating up from the beetle's body, Lin Mo kept it into the system space, intending to take a look at what kind of creature it was.

[divine flame bug's inner core. This type of bug has a powerful bloodline, and is born from absorbing innate spiritual energy. Its grade is spirit level rank 4.]

As the system's voice fell, Lin Mo was a little surprised.

A demonic beast at level 31 of the dragonification realm could actually reach spirit level rank four with its inner core.

"Absorbing innate spiritual energy. Doesn't that mean that this cave is very likely to have some kind of innate treasure..."

Lin Mo's interest was piqued. After bypassing the divine flame bug, he continued to advance deeper into the cave.

As he went deeper, the surrounding space gradually expanded. He didn't expect that there was such a cave underground.

This place was already extremely hot. The ground was emitting hot air, as if it would spontaneously combust at any moment.

"Roar..."

A roar came from afar. Following that, a deep red giant ape appeared. Its body was burning with flames. It was over a hundred feet tall and had a ferocious look on its face.

Its thick skin was surrounded by scarlet flames. This was definitely an extremely powerful ferocious beast.

Lin Mo was slightly surprised. He knew that they had arrived at the deepest part of this place. This giant ape should be the strongest expert in this place.

“You should be able to speak, right?” Lin Mo asked, wanting to find out the truth from this giant ape’s mouth.

“Die.”

However, just as Lin Mo finished speaking, the giant ape roared and charged towards him. Its huge fist enlarged in front of Lin Mo, and the terrifying power caused Lin Mo’s skin to feel a tingling pain.

“This ferocious beast is only one step away from reaching the Nirvana stage...”

Lin Mo was shocked. He started a huge battle with the huge ape. The battle between their physical bodies caused the earth to shake and the mountains to shake. The commotion caused by their exchange almost caused the entire place to collapse.

“It only knows some simple moves. It doesn’t know how to control a magic tool, doesn’t know martial arts, and doesn’t even have a cultivation technique...”

After a round of battle, Lin Mo crushed the huge ape. His palms threw out two flames. This was the condensation of the flames, exploding through the huge ape’s arms.

Then, his spiritual energy condensed into a huge hand and tightly grabbed onto the giant ape.

The giant ape roared incessantly. However, its arms were broken by Lin Mo and it lost 70-80% of its strength. There was no room for it to resist.

Although this giant ape was very strong and had the strength of a half-step nirvana stage, it was not a match for Lin Mo. Furthermore, it had not even learned any martial arts or cultivation techniques.

“How Strange, how did you grow to this stage without any cultivation techniques?”

Lin Mo asked. Logically speaking, if one did not learn any cultivation techniques, they would at most be able to step into the dragonification stage, stopping at more than ten stages.

However, this giant ape’s strength was already about to break through to Nirvana stage.

“You... how can you be so strong...” the giant ape roared, and after it could not break free, it said angrily.

“It’s not your turn to ask. First, tell me, what is this place and what is so mysterious about it?” Lin Mo asked. The most important thing was to ask what kind of supreme treasure was here.

The giant ape was still struggling and refused to answer. In the end, Lin Mo pressed the desolation ancient sword between its brows and asked again, “Answer my question. Otherwise, I don’t mind killing you and exploring on my own.”

“Roar.”

Suddenly, the giant ape’s body began to expand continuously. The palm condensed by spiritual power was broken, and its face was filled with fear.

“Self-destruct?”

Lin Mo frowned, and the ancient sword of desolation stabbed down, ending the giant ape’s life.

“Rumble.”

A violent explosion sounded, and the giant ape’s body exploded. Although Lin Mo had acted immediately, he was still a step too late.

Terrifying Flames engulfed the cave, and the area within was limited. If Lin Mo did not have the protection of the DAO Flame, he would have suffered serious injuries.

He did not expect the giant ape to be so decisive. It would rather die than reveal the truth to him.

“That’s not right. Its expression before it died shouldn’t have been voluntary. Could it have been controlled?” Lin Mo muttered to himself.

When he recalled the giant APE’s expression when it self-destructed, it was filled with fear. Self-destructing wasn’t its will.

“Eh, what’s That?”

While he was thinking, Lin Mo discovered something strange. The Giant Ape’s explosion had doubled the area.

At the same time, Lin Mo also discovered that there was something strange in the deepest part of the area. When he got closer, he realized that it was a stone carving.

“What Strange Runes.”

Looking at these runes, Lin Mo felt that it was very strange.

In his heart, he even had an impulse to charge forward and fuse his soul into it..

“So Strange.”

Lin Mo muttered to himself. Naturally, he wouldn’t be able to fuse his soul into it rashly. However, in this cave, this was the only thing that seemed to have some value...

“I’ll try to put it into the system space.”

He tried to activate the system space, but he didn’t expect that he would really be able to put the stone carvings into it.

At the same time, a notification came from the system space.

[the ancient stone carvings have existed for more than 145,000 years. It was carved from the soul nurturing stone. It contains innate spiritual energy and can nourish the soul. It will last for ten thousand years.]

[the remnant soul that was nurtured in it has already dissipated. Only a remnant consciousness was left. The moment it controlled the giant ape to self-destruct, it had already dissipated.]

“A single consciousness can control a half-step-to nirvana stage giant ape?”

Lin Mo was shocked. At the same time, he thought that perhaps the bugs in this entire area were controlled by this consciousness...

“It should be 145,000 years ago, when an ultimate expert died. The remnant soul hid in the soul nurturing stone, but it was ultimately unable to escape the wear and tear of time...”

After understanding the cause and effect, Lin Mo sighed.

A supreme expert had died, and his footprints had completely disappeared.

However, what he didn't expect was that this dangerous land had existed for 140,000 years.

In fact, that supreme expert had already existed before he came here, and its age was immeasurable...

“It's time to leave.”

After a simple inspection, Lin Mo chose to retreat. Jiang Xiyue and the others were still waiting outside.

As expected, when Lin Mo came out, the insects outside had already dispersed. Jiang Xiyue and the others stood guard at the entrance of the cave, waiting anxiously.

“Ah, brother is out.”

Lin Die was the first to sense Lin Mo's aura and said happily.

Jiang Xiyue stood up. Seeing that Lin Mo was fine, she heaved a sigh of relief and said, “What's in there? You've been gone for so long?”

“I think I know what's going on,” Lin Mo said.

He gave a rough description of the situation in the cave. The reason why the swarm of insects attacked them was probably because they had sensed Xiaodie's aura.

Their goal? Perhaps it was because Xiaodie's true form was the huancai fire demon, and the butterfly was also a type of insect. Therefore, they wanted to control it.

This was the control of the consciousness of the soul-retaining stone. For tens of thousands of years, it should have dissipated a long time ago. It could only act instinctively.

“Spirit nurturing stone. That's not bad. You can give it to an alchemist to refine a cauldron of spirit pills that nourish the soul,” Jiang Xiyue commented. She had already gained something as soon as she entered.

“What grade is this spirit nurturing stone?” Jiang Xiyue asked.

Chapter 386: I will give you the best

After hearing Jiang Xiyue's question, Lin Mo remembered that he hadn't checked the grade of the soul nurturing stone yet.

“It has been in storage for 140,000 years. I wonder how much innate spiritual energy is left. I hope its grade is too low.”

He sank his consciousness into the system space and was slightly surprised after checking it.

[soul nurturing stone, grade: Spirit Rank 6.]

Spirit rank 6. After such a long period of time, it was still able to reach spirit rank 6.

It was hard to imagine what grade such a large soul nurturing stone from 140,000 years ago was.

“It’s barely able to reach spirit rank 6. Unfortunately, the innate spiritual energy in its body has been drained too severely.”

Lin Mo took out the stone carvings and said helplessly.

The three of them looked over curiously. There were some symbols carved on the stone carvings that they couldn’t quite understand. However, they didn’t have any spirituality and had no practical use.

Only the material itself was the most precious. It could be sold for a good price.

“Keep it for now. None of us know how to refine pills.” Lin Mo kept the soul nurturing stone.

They should continue moving forward. Although this was a dangerous place, it was also a precious place for cultivation.

The four of them continued on their journey. Although they were hiding in the cave just now, they would be able to advance directly after the preliminaries were over.

However, Lin Mo and Jiang Xiyue naturally wouldn’t make such a choice.

How could they really grow up by hiding in a corner.

This dangerous place was very big, beyond their imagination. After walking for so long, they didn’t meet anyone else.

“Hey, stop. There’s a rich spiritual energy fluctuation on the left. There’s a spirit herb.”

On the way, Lin Die suddenly stopped. She looked to the left and sniffed with her little nose, nodding her head firmly.

“That’s great. A spirit herb that can grow in a danger zone must be extraordinary.”

Lin Mo immediately decided to turn around. The four of them came to a small pond in front of them, surrounded by a dense aura of death. There was no sign of life.

However, in the middle of the deathly aura, there were pale blue lotus flowers growing in the pond.

“It’s a blue lotus, a spirit level rank 5 spiritual herb. There’s actually one here...”

Jiang Xiyue exclaimed in surprise. The pond wasn’t big, only about ten meters wide. After careful counting, there were about seventeen blue lotuses.

The lotus flowers, which were the size of a bowl, swayed in the pond, emitting a sparkling radiance. Strands of life force were emitted from the pond.

However, as soon as this aura spread, it was corroded by the surrounding aura of death, cancelling each other out.

Yan Rong took the initiative to go forward, wanting to pick seventeen blue lotuses. This could be considered a great opportunity.

Moreover, the medicinal effects of the spirit herbs that grew in the danger zone were slightly stronger than ordinary spirit herbs. Regardless of whether it was auctioned or consumed by oneself, it was a good choice.

Suddenly, the sound of rushing wind came from a distance. An arrow with lightning was shot over, and its target was the back of Yan Rong's head.

Yan Rong's gaze turned cold. Holding the instant shadow bow in his hand, he turned around and shot out an arrow, blocking the lightning arrow.

"A spiritual grade ninth-grade bow-type magical artifact."

The person who attacked from behind appeared and cried out in surprise. There were more than ten of them, and the strongest one was at the thirty-first level of the dragon transformation realm.

He was the one who had spoken. He held a large lightning bow in his hand as he stared at Yan Rong's Instant Shadow Bow with great desire.

"What a good treasure. It's just a pity that I followed the wrong master."

He felt that these dozen of them could take down Lin Mo and the others.

A spiritual grade level 9 magic tool being controlled by a person at the 27th rank of the dragon transformation realm showed that the other two were not that strong.

Moreover, they suspected that Lin Mo and the others were here to participate in the primary selection. Why did they bring along a little girl.

"I've been underestimated..."

Jiang Xiyue sighed. She didn't usually show herself. In fact, the outside world had even thought that she was the eighth prince and not the princess.

"They're just a bunch of clowns..."

Lin Mo made his move, using his fingers as a sword as he slid down towards these people.

The expressions of these people changed drastically. The person in the lead held his longbow in an attempt to block the attack, but in the next moment, his lightning longbow was sent flying.

A sword ray flashed past, and the bodies of the people in front of him were separated on the spot.

This attack shocked everyone. They didn't use any martial arts or magic tools, but this simple sword Qi had actually killed the four of them...

"How can you be so powerful? Who Are You?"

These people did not know the identities of Lin Mo and Jiang Xiyue. If they knew, they would probably be scared out of their wits. How would they dare to stay.

“A team led by a level 31 dragon transformation realm cultivator does not find a place to hide and still dares to attack others...”

Jiang Xiyue said coldly and released her aura without holding back.

Following that, waves of dragon roars came from her mouth, shaking the world.

“This is true dragon’s might...”

Lin Mo was shocked. Jiang Xiyue had refined the true dragon’s heart blood, and her physical fitness had greatly increased. She had even comprehended dragon’s might from it...

“Leave the rest to me.”

Seeing that Jiang Xiyue had attacked and killed the person holding the Lightning Longbow, Lin Die couldn’t sit still.

As a demonic beast, the battle factor in her blood was released, and she charged out to fight the remaining people.

Lin Mo wasn’t worried about this.

At this moment, Lin die was holding a golden spear. The tip of the spear seemed to have a blazing sun on it, emitting a dazzling light.

“This is an earth-grade magic weapon spear. Where did she get it?” Jiang Xiyue looked at Lin Die, who was in the middle of a fierce battle, and was extremely envious.

In the next moment, she looked at Lin Mo with longing in her eyes and said, “You gave it to her?”

“Uh... I still don’t know what your main weapon is. Otherwise, I can get you one too...”

Lin Mo scratched his head. She had seen Jiang Xiyue use many weapons, but none of them were her main weapon.

“Spear. My major is spear,” Jiang Xiyue said as she looked at Lin Mo anxiously.

If Lin Mo could get an earth grade spear, she could even challenge the crown prince directly.

The reason why the crown prince was able to sit firmly at the top of the Yan Huang Roll of Fame was because he was able to delay the divine dynasty’s ancestral magic artifact and was chosen by the flame god Spear.

“If the flame god Spear had been given to me back then, wouldn’t the first place on the Yan Huang Roll of Fame have been Jiang Cheng? Was it because I wasn’t born of the Empress?”

Jiang Xiyue said indignantly. Thinking back on the past, her eyes were filled with unwillingness.

The Yan Huang Divine Dynasty had at most given her a cultivation technique and some resources. Strictly speaking, it wasn’t even as much as what Lin Mo had given her...

“Don’t feel wronged. I’ll definitely give you an earth-grade spear,” Lin Mo comforted her.

He did not expect the emperor to be so biased. No wonder Jiang Xiyue wanted to nurture an army to rebel...

“This blazing fire spirit fan is a half-step earth-grade magic tool. You can use it first.”

He took out the blazing fire spirit fan from before. He had planned to devour it directly. After all, he did not know how to use a fan-type magic tool.

But in the end, he had planned to keep it as the finale of an auction.

Now, he could use it to coax Jiang Xiyue...

“What About You?” Jiang Xiyue didn’t take it and looked at Lin Mo..

“I don’t know how to use it. I originally planned to auction it, but I’ll let you use it for now...”

Lin Mo smiled indifferently and stuffed the blazing fire spirit fan into Jiang Xiyue’s hands.

Looking at her aggrieved look from reminiscing about the past, Lin Mo reached out and pulled her into his arms. He said gently, “Give me time. I can give you the best of Everything You Want...”

Chapter 387: The Tianwu Clan

“That’s enough. You have to be considerate of your subordinates. Don’t show off in front of me...”

Seeing the two of them hugging each other, Yan Rong, who was plucking the Blue Lotus, couldn’t help but cry out.

This was a dangerous place. There were dangers everywhere. If they saw a treasure, they should just pluck it and leave.

“Let go of me...”

Jiang Xiyue complained. Just as she was feeling a little sad, Lin Mo lifted her up by the waist...

“Cough cough.”

Looking at Jiang Xiyue who had struggled free, Lin Mo coughed dryly. He looked at her nose, nose, and heart, and didn’t make a sound.

Not long after, Lin Die also eliminated those people. She held a few spatial bags, which were the treasures on these people’s bodies.

“It’s not much. A few tens of thousands of middle-grade spirit stones and three spirit rank 1 spirit herbs...”

She threw all the items out and said with a frown.

It was too shabby to have so few treasures with such a large group of people.

“This is a normal phenomenon. Do you think everyone is like that guy? He can get any kind of treasure.”

Jiang Xiyue checked and made sure that there was nothing valuable before she comforted them.

“Come and take a look. Are these the seeds of the Blue Lotus?” Yan Rong said as he plucked all seventeen blue lotuses.

Just as he was about to leave, he noticed something unusual.

Lin Mo and the others walked over and saw a blue crystal buried under the mud in the middle of the pond.

“No, it’s dangerous.”

No one had expected that the small pond, which had been extremely calm just a moment ago, would explode horribly with the appearance of this blue crystal.

Lin Mo and Jiang Xiyue were the first to react. The two of them grabbed Yan Rong and Lin Die and fled into the distance.

This place had become extremely dangerous. The dense aura of death in the surroundings erupted and surged towards them.

The place where the aura of life and death was originally balanced was instantly thrown into chaos.

“Roar!”

Jiang Xiyue let out a dragon’s roar as she hugged Lin Die. In a few flashes, they escaped from the range of the aura of death.

Lin Mo grabbed Yan Rong’s shoulder and spread his Kun Peng Wings. With a gentle flap, he followed them as if he was teleporting.

Amidst the terrifying explosions, the entire area was enveloped by the aura of death. The corpses of the group of people who were killed by Lin die quickly dried up and turned into ashes before dissipating.

Not to mention the flesh and bones, even the spiritual energy could not exist here and was devoured by the aura of death.

“That was close. As expected of a dangerous place...” Jiang Xiyue sighed. She had escaped with Lin Die. It was a close call.

The four of them stood in the air and looked down. They realized that there were runes condensing within the aura of death. It was becoming more and more terrifying. No wonder there wasn’t even any spiritual energy left.

When the explosion ended and everything calmed down, the area within a radius of ten Li had already become a death zone. Only the center had a bit of azure blue, which was where the life force was.

Life and death were still balanced, but they could no longer enter casually.

“It’s a bit like yin and yang, but it doesn’t seem like it. The life force is only a bit in the middle...”

Lin Mo said. They had been too slow just now, and hadn't been able to take the Azure Crystal away.

To be able to trigger such a large death zone, it was likely that the grade of the crystal wasn't low. It was at least at the 8th tier spirit grade, and they would definitely be able to make a huge profit if they auctioned it off.

"Haha, no wonder there was such a terrifying explosion. So it's because a supreme treasure has appeared." From behind, someone laughed lightly as they walked up.

This was a group of youths in their twenties. They were dressed in the attire of a sect or a holy land.

However, Lin Mo had never seen them before. He turned his gaze towards Jiang Xiyue.

However, Jiang Xiyue also frowned. She did not know who these people were or where they came from.

These people ignored Lin Mo and the others. Their eyes were burning as they looked at the Azure Crystal in the death zone.

Finally, when they withdrew their crystal, greed flashed in their eyes. However, they did not act rashly. Instead, they looked at Lin Mo and the other three.

"Hehe, I think the two of you should be Lin Mo and Jiang Xiyue, who are currently in the limelight, ranked eighth and sixth on the wind and cloud board."

The person standing at the front flashed and came in front of the two of them. He laughed lightly and said, "You guys also want that treasure. Why don't we join hands and take out the treasure?"

"Even Nirvana Team experts don't dare to say that they can enter this death zone. What can you do?" Asked Lin Mo.

"We are from the Tianwu clan of Great Yan Divine Empire. We have brought a formation with us this time. It is not a problem to resist the aura of death. We are still short of candidates to enter," Said the man with a smile.

What he implied was that he wanted Lin Mo and the others to go in and bring out the blue crystal.

"Tianwu clan, what's your relationship with the ancient martial arts clan?" Lin Mo suddenly asked.

"Oh, you actually know about our subordinate clans," That person said proudly, looking at Lin Mo with contempt.

In his opinion, the Yanhuang Divine Dynasty had a ban, and rogue cultivators basically had no way out.

On the so-called Yanhuang board of fame, only the number one crown prince, Jiang Cheng, had the strength.

Therefore, although the overall strength of the Yanhuang dynasty was the strongest among the four dynasties, it was only limited to the imperial family.

He could easily suppress an itinerant cultivator like Lin Mo with just one hand.

"Even the Prince of Great Yan Divine Empire doesn't dare to look down on me. You are just a nobody, where did you get your confidence from?" Said Lin Mo.

“What do you mean by this?” The man was taken aback, and his eyes were filled with a hint of anger.

“Nothing much. I just feel that this cooperation is unnecessary. You might as well say you want to rob us.” Lin Mo said, walking forward with an arrogant look in his eyes.

This kind of look was the same as this person’s gaze just now. It was disdainful and condescending...

“What did you say?” That person’s face darkened. He took out a long sword and prepared to make a move.

Seeing this, Lin Mo stopped Jiang Xiyue who was about to make a move. Among the people in front of him, only this young man was at tier 31 of the Dragon Transformation Realm. He really wanted to witness the strength of the younger generation of the Tianwu clan.

After exchanging blows, Lin Mo helplessly shook his head. This kind of strength was a little weak. If it was placed in the current ranking of the ranking board, it would only be in the top 20.

Although the exchange of blows caused a huge commotion, Lin Mo was able to suppress his opponent with just his fingers as a sword.

“You’re really weak. You shouldn’t be ranked in the Tianwu clan, right? How dare you be so arrogant with this bit of ability?”

After more than twenty moves, Lin Mo did not intend to continue fighting. With a palm strike, he chopped off the young man’s sword-wielding arm.

The young man spat out a mouthful of blood. He picked up the severed arm with his left hand and retreated to the back.

“Take out the formation, then go in and take out the treasure for me.” Lin Mo pointed at the death zone behind him.

“You... Aren’t you afraid of offending the Tianwu Clan?” The young man said angrily. It was already a humiliation to have one of his arms chopped off, and now he was being threatened.

“It doesn’t matter. So what if I offended them?” Lin Mo waved his hand, not caring at all.

“After you reattach the severed arm, go in. You asked for it.” Lin Mo continued. The other party had wanted them to enter the death zone from the start, so he would return the favor.

The young man’s face turned pale. He looked at the death zone, and a hint of fear flashed across his eyes.

When the broken arm was being fixed by the spirit herbs, he took out a formation with a trembling hand. It was a 3rd tier spirit realm defensive formation.

“Is there a formation that doesn’t need to be used against you?” Jiang Xiyue walked over and asked with a cold smile.

The Tianwu clan of Great Yan Divine Empire and Yanhuang Divine Empire were enemies to begin with, and both sides had a lot of grudges.

Chapter 388: How to Enter the Death Zone

She didn't like these people either. She had never thought that these people would be able to enter the preliminaries.

"It should only be the defensive formation." Lin Mo said.

Sooner or later, the energy of a defensive formation would run out.

This fellow shouldn't be that stupid. He knew that if he used a defensive formation to deal with Lin Mo, he would at most be able to act arrogantly during the duration of the formation.

"Forget it. Let's see if this spirit rank 3 formation can withstand the death zone." Lin Mo didn't think too much about it. At this moment, the young man had already entered half of the death zone.

The sound of corrosion continuously came from the light barrier of the defensive formation.

"He shouldn't be able to hold on for long. He won't be able to reach the deepest part of the death zone..." Lin Mo shook his head and said in a low voice.

"What did you say? Then why aren't you letting Liao Qing return? Are you trying to kill him?"

The other disciples of the Tianwu clan at the back spoke up one after another.

At this moment, they were extremely anxious. Liao Qing was the grandson of an elder, and his status was extremely high. They couldn't allow anything to happen to him.

"I'm just returning the favor."

Lin Mo said indifferently. He didn't care about Liao Qing's life or death. He had never been merciful to his enemies.

"Ah..."

A miserable cry sounded out. It came from the young man called Liao Qing.

The death aura in the death zone had eroded the formation. Liao Qing had no time to defend against it.

In other words, it was useless even if he tried to defend against it because the death aura had eroded the spiritual energy.

In less than ten seconds, Liao Qing had turned into a dried corpse with no vitality left. In the end, not even his bones were left, and ashes flew in the wind.

"What a terrifying death zone. That was close..."

Jiang Xiyue frowned. Fortunately, they ran fast. If they were really eroded, they wouldn't be able to resist for long.

"Swish..."

Suddenly, a pale golden longsword flew over and stabbed toward Jiang Xiyue's back, bringing up a gust of wind.

"Humph!"

Jiang Xiyue raised her hand, and dragon scales appeared on her palm, holding the pale golden longsword.

This was a spirit rank 7 magic tool. Such power was about to reach the attack of a Nirvana Realm powerhouse.

"Just arrived and you're already attacking?" Lin Mo's face was cold. With such arrogance, he wanted to kill the person without any grudges...

"You're really courting death." Lin Mo snorted coldly. The Ancient Sword of Desolation appeared and slashed towards the distance.

The sword light was formed and its speed was as fast as lightning. It slashed towards the group of people who had just attacked.

"Bang!"

Those people were startled and hurriedly blocked. In the end, they even threw out a spirit level talisman to block the sword light.

However, the first person who wanted to receive Lin Mo's sword light was a man. He was already injured and blood dripped from the corner of his mouth.

These people were dressed in the attire of the Tianwu clan's disciples. They should be nearby.

"Hmph, it's the Yanhuang Divine Empire. They sent our clan's disciples to scout the path and caused his death. Don't they want an explanation?" That group of people rushed over.

The injured youth opened his mouth, his gaze cold.

"You brought this upon yourself. If you dare to attack again, don't blame me for being merciless," Lin Mo said indifferently.

He didn't care why these people from the Tianwu clan would appear here. Right now, he only wanted to know how he could enter the death zone and take that crystal away.

At this moment, the death aura in the death zone had already fluctuated and was no longer calm.

This energy seemed to have a spirit as it crazily attacked the crystal in the middle, wanting to devour the aura of life.

"No, it's not devouring, it's destroying."

Lin Mo muttered to himself. The aura of death did not have a spirit, but it had an instinct to destroy everything.

This included the aura of life. Their previous judgment was also wrong. The real situation was that the death zone had surrounded the aura of life, wanting to destroy it.

“I’m afraid only an expert like elder Luo can face it. Let’s not think about it...” Jiang Xiyue shook her head.

Even an ordinary Nirvana Realm expert couldn’t negate such a death zone, let alone them, who were in the Dragon Transformation Realm.

“A spirit rank 6 defensive formation might be able to block it.” Lin Mo made a judgment.

A spirit rank 6 formation had equivalent power to a sixth sky Nirvana Realm expert. There weren’t many formations of this level in the entire eastern continent.

“You can even get your hands on such a formation?” Jiang Xiyue was shocked.

When she saw Lin Mo’s confident look, she really suspected that he could get his hands on it.

“Theoretically, it’s possible, but we need to make some preparations. Unfortunately, we don’t have a formation disk, and we don’t have enough spirit stones. It would be great if we could hold an auction in the danger zone.”

Lin Mo smiled. If he didn’t have a formation disk, he could find someone else to buy it. However, if he wanted to buy a defensive formation disk in the danger zone, the price wouldn’t be cheap.

After all, this thing was for life-saving purposes. There was no place to buy it even if he wanted to.

“If it’s a defensive formation plate, I have a third tier spirit grade one here. Elder Luo did me a favor and got it for us,” Jiang Xiyue said.

She took out a palm-sized jade plate with many complicated runes engraved on it.

“It’s a one-time use. The formation patterns can not be checked. It can only be activated.”

This was a small trick used by spirit array masters. This way, the formation patterns would not be exposed during the auction of the formation plate.

If anyone wanted to open it, they could destroy the formation plate at the very least. At the very worst, they could even self-destruct and take their lives.

However, this wasn’t an absolute. Even top spirit array masters could break through this kind of defense.

Of course, how could a spirit array master of this level be interested in such a low grade formation...

“Third rank spirit rank, let’s give it a try. There might be a chance.”

Lin Mo didn’t refuse and accepted the array disk. As for the members of the Tianwu clan, they couldn’t be bothered with them and turned around to leave.

“I hope we can get our hands on a sixth rank spirit rank defensive array formation. Otherwise, this treasure will be wasted.” Lin Die said regretfully.

The four of them left, and only after they disappeared into this area did the members of the Tianwu clan, who had been ignored all this time, curse angrily.

“Senior Brother Liao Hong, what should we do? Senior Brother Liao Qing was killed. How should we explain this?” A disciple asked.

The young man in the middle had a gloomy expression. He was in an extremely bad mood. When he received the message, he rushed over with his men.

He didn’t expect it to be too late. When he dared to come, his younger brother Liao Qing was already dead.

Moreover, he could sense an extremely terrifying aura from Lin Mo and Jiang Xiyue. He wasn’t a match for them at all.

“Bastards, Let’s go find senior brother Chen Wu. I don’t believe that we can’t deal with them.” Liao Hong cursed and left with his men.

Lin Mo didn’t know about this. The four of them were walking in a dangerous place.

With Lin Die’s exceptional senses, they didn’t encounter any danger. Instead, they picked quite a few spiritual herbs.

“There aren’t any that are spiritual rank 5 and above...”

Lin Mo was helpless. He needed to consume a large number of spiritual herbs above spiritual grade level 5. These spiritual herbs were still too few.

“We’ve already had a bumper harvest. We don’t have the ability to pick spiritual herbs of a higher grade...”

Jiang Xiyue smiled. Those of a higher grade were basically all grown in the territory of Nirvana Realm Demonic Beasts.

There was a price to pay for snatching food from the jaws of a tiger.

Unless there were enough benefits, they wouldn’t provoke Nirvana Realm demonic beasts.

“How many Spirit Stones does your devouring God body need to break through to Nirvana realm?”

Walking on the road, Jiang Xiyue suddenly thought of something and said.

At this moment, she already had the impulse to venture into dangerous places, just to find enough resources for Lin Mo...

Chapter 389: Long-distance Spatial Teleportation

“About... One billion middle-grade spirit stones...”

Lin Mo frowned and said. This amount was already considered small. After all, he was in the Nirvana Realm and had truly stepped into the Great Dao of Heaven and earth.

The amount of resources required to step into each great realm would increase exponentially.

“It’s already worth half of the Purple Moon Palace...”

Jiang Xiyue smiled bitterly. It was easier said than done to gather one billion middle-grade spirit stones...

“Don’t worry, I still have more than twenty drops of ten-thousand-year-old earth milk. It’s enough for me to break through.”

Lin Mo comforted her. He had to give Yan Rong a drop of ten-thousand-year-old earth milk, and Jiang Xiyue’s powerful subordinates would also have to share some.

He planned to auction off the rest to Bai Luo at a discounted price.

At that time, not only could he get a high-grade spirit stone, but he could also get a treasure with even better rebates.

If he could get more than twenty drops of heaven-grade treasure with rebates, he might be able to directly enter the Nirvana Realm...

“You’re thinking too much... Heaven-grade should be impossible.”

Lin Mo shook his head. At the very most, he would be at the 9th tier of the Earth grade. Even if he were to sell it at a discounted price, he would still be at this rank.

“If that’s the case, then what about your future cultivation?” Jiang Xiyue was still worried.

At this moment, she even regretted raising so many troops. She needed spirit stones everywhere. It was simply not enough...

“Let’s not chat for now. There is a hall ahead. I smell spiritual medicine. It is at least at the 7th tier of the spirit grade. There is more than one.”

At this moment, Lin Die opened her mouth and pointed at a hall at the end of her line of sight.

“However, it seems like there’s a Nirvana Realm Rank 1 demonic beast guarding the entrance of the palace.” Lin Die frowned.

“Let’s go. We have a full set of spiritual artifacts. Even Nirvana Realm cultivators don’t have as luxurious equipment as us. Why should we be afraid of a demonic beast?”

Jiang Xiyue was the first to speak. A spirit rank 7 item was worth the risk.

Moreover, she was thinking about Lin Mo’s resources. A spirit level rank 7 could be auctioned off with a lot of spirit stones.

The few of them arrived at the entrance of the palace. As soon as they arrived, they were attacked.

It was a grayish-black giant lizard. As soon as it noticed Lin Mo and the others, it went crazy and attacked continuously.

Some of the small hills in the surroundings were destroyed and the ground cracked. It was evident how powerful this Nirvana Realm beast was.

“Xiyue, we will be the main attacker. Xiaodie, you and Yan Rong will assist.”

Lin Mo said. As they were dealing with Nirvana realm demonic beasts, Lin Die lent the Sun Spear to Jiang Xiyue.

She herself used the blazing fire spirit fan and cooperated with Yan Rong using the instant shadow bow from a distance to interrupt the demonic beasts' attacks.

"Is this an earth grade spear? And it's the third tier of the Earth grade, no less. It's too strong..."

Jiang Xiyue couldn't put it down. With the Sun Spear in her hand, she could use the power of a true dragon to fight against the demonic beasts without being at a disadvantage.

"Don't worry, I'll get you a stronger one..."

Lin Mo smiled. He had already made up his mind. He would find an opportunity to take the flame divine spear away from the crown prince.

At that time, he would sell it to Bai Luo at a discounted price along with the ten-thousand-year-old earthly milk. The treasures he would get back would definitely be stronger...

"Okay, thank you!" Jiang Xiyue nodded with a smile.

"Hiss!"

The giant lizard was psychic and roared. Then, it spoke in human language, "Two human ants, you're courting death."

"Cloud Piercing Four Spirits!"

Lin Mo raised his hand, and without any concealment, a gigantic vermilion bird appeared behind him. As he formed a seal, the gigantic vermilion bird condensed the divine flames of the Vermillion Bird and charged towards the giant lizard.

"Dragon Emperor's Thorn!"

Lin Mo wasn't the only one who attacked. Jiang Xiyue also attacked. The power unleashed by an earth-grade magic tool was extremely terrifying, and it wasn't inferior to Lin Mo's Four Cloud Piercing Spirits.

The two powerful attacks landed at the same time, causing the giant lizard to let out a miserable shriek as fresh blood spurted out.

A terrifying shockwave spread out as Lin Mo and Jiang Xiyue were pushed back. Blood seeped out from the corners of their mouths as they suffered minor injuries.

At the center of the explosion, the Vermilion Bird Divine Flame was still burning.

As for the giant lizard, it was already completely dead. Its head had been blasted apart, and the upper half of its body had cracks on it.

A grayish-black inner core rolled out from the wound, emitting spiritual energy.

"It's a dark attribute inner core. It's not suitable for us to absorb it." Lin Mo picked up the inner core and shook his head.

Jiang Xiyue was currently suitable to absorb the inner core of a sub-dragon. No matter what attribute it was, Lin Mo and Lin Die had fire attributes.

As for Yan Rong, he had yet to start comprehending the Dao principles, so he didn't have much of a requirement for attributes.

"It's a level 3 spirit realm treasure. Sell it and you'll get a lot of spirit stones," Jiang Xiyue said and told Lin Mo to keep it.

"Hehe, let's go in and take a look. The fragrance of the spirit herbs is getting stronger and stronger," Lin die urged.

A Level 7 spirit realm treasure was rare even in dangerous places. It was tough to find.

The hall was dark and quiet. The four of them walked in slowly. Lin Mo took out the defensive formation that Jiang Xiyue had just given him in case anything happened.

However, it was a little unnecessary for them to do so.

They didn't find any danger at the end of the hall. The hall was very big and desolate. No one had been here for many years.

The giant lizard knew that there were spiritual herbs inside, but it didn't come in to pick them. It was a little strange.

"We're here. It's so gloomy here. Let's go quickly."

Lin Die said as she pointed ahead. There was an earth tomb there. There were some high-grade spirit herbs growing on it.

"It can't be, they're growing on the tomb..."

Everyone felt a wave of disgust. The growth of spirit herbs required a long process, and at the same time, it also required a huge amount of spirit energy.

And what these spirit herbs were absorbing, it was obvious...

"It's fine. We'll just sell them together." Lin Mo waved his hand. He didn't think so.

Although digging up people's graves was a little immoral, if they could obtain a spirit rank 7 spirit herb, it wasn't unacceptable.

"Stop..."

Just as Lin Mo was about to move forward and start picking, a loud shout was heard. At the same time, it was accompanied by an intense spatial fluctuation.

"Who is it?"

Jiang Xiyue instantly became alert. She held the sun spear in her hand and stared at a space behind her.

The voice came from there.

"Don't do it," Lin Mo hurriedly said and stopped Jiang Xiyue.

“It’s sister Bai Luo’s voice,” Lin Die said excitedly. They shared the same divine sense and had cultivated together, so they were very familiar with each other.

The space fluctuated and became unstable. Cracks appeared and gradually expanded.

When it was about the same size, a white figure flew out and passed through space, appearing in front of everyone.

“Phew, long distance teleportation is really uncomfortable...” Bai Luo complained as soon as he appeared.

“Eh, I smell the aura of a treasure. What good fortune did you obtain this time? Did you leave a portion for me?” Bai Luo suddenly looked at Lin Mo and sensed something.

“We had a deal. We’ll do it the old way. Hehe.” Bai Luo laughed and stared at Lin Mo.

This gaze made Jiang Xiyue feel a little uncomfortable and stared at Lin Mo.

“Of course, you’ll get a portion. I was worried about the auction.”

Lin Mo smiled and took out all of his recent gains. Of course, the most precious thing was the ten-thousand-year-old earth milk.

He took out 27 drops and wanted to auction them all to Bai Luo.

“Spirit rank 710,000 year Earth Milk, a total of 27 drops. Auctioned live, can you eat it?”

Lin Mo looked at Bai Luo with anticipation.

Chapter 390: The Monolith Forbidden Land

“What did you say?”

Bai Luo was slightly stunned by Lin Mo’s expression of anticipation. He looked at the many treasures that Lin Mo had taken out in disbelief.

His gaze was fixed on the 27 jade bottles at the very front.

“10,000 year Earth Milk, how did you find it?”

Bai Luo muttered as he took one of the jade bottles. After confirming everything, he had no choice but to believe this fact.

Lin Mo’s fortuitous encounter was truly good. An Earth rank 7 treasure was an extremely precious treasure even in other continents.

“This is also the reason why I asked you to come. The Blood Soul Flame gave it to me, and asked me to bring Xiao Die to look for it.”

Lin Mo didn't hide anything, and told her how he met the Blood Soul Flame and how he obtained the ten thousand year Earth Milk.

"No, the Blood Soul Flame doesn't have good intentions. It wants to devour Xiao Die," Bai Luo said after listening.

She explained the characteristics and effects of the Blood Soul Flame to everyone. It was similar to what Lin Mo had obtained previously.

Although the Blood Soul Flame had intelligence now, it could only reach this level of intelligence.

Only by devouring rare beasts and treasures that were born from the same innate state could it transform into a human form and give birth to intelligence that was no weaker than humans.

"It probably doesn't know about your relationship with Xiao Die. This is also your luck. Once it knows that you won't bring the radiant fire demon, it will directly devour you, not to mention giving you the ten thousand year Earth Milk."

Bai Luo was a little envious. This kind of opportunity wasn't something that could be found anytime.

"So, how much do you think I should set the price?" Lin Mo asked.

With so many Earth rank 7 treasures, Bai Luo probably didn't have enough spirit stones on her.

"Earth rank 7 treasures contain primal chaos energy and Mother Nature Essence. Although there's only a small amount, it's still worth quite a bit."

"If you were to auction it normally in the future, it would be around 200,000 high grade spirit stones per drop. However, this item is priceless."

Bai Luo estimated that anything that could be related to the primal chaos energy and the Mother Nature Energy would be extremely valuable.

"200,000 per drop? Even if I were to give you a discount, 27 drops would cost at least 3.7 million high-grade spirit stones, right? Do you have any?"

Lin Mo swallowed his saliva. He was a little nervous that he would be able to obtain such a huge sum of money in such a short period of time.

How many high-grade spirit stones did Bai Luo bring out this time...

"It's very obvious. I don't. I took out 100,000 high-grade spirit stones this time, and I used quite a lot of them." She spread out her hands.

Strictly speaking, she couldn't even afford a single drop, even if Lin Mo had given her a 30% discount.

"If you don't have any, you'd better devour these ten-thousand-year-old Earth Milk drops." Jiang Xiyue said.

At most, he would give Bai Luo a drop. The rest would be devoured by Lin mo. this way, he should be able to break through to Nirvana realm.

"It's fine. You can owe me first. I'm not worried that you'll go back on your words." Lin Mo waved his hand indifferently. With the system in hand, as long as he successfully auctioned it, there would be no loss.

"Humph, I never go back on my words. I'll give you a large-scale spiritual mine for these treasures."

Bai Luo snorted and took all the treasures on the ground.

"Where do you plan to get a large-scale spiritual mine?" Jiang Xiyue asked. Lin Mo needed cultivation resources now, so he couldn't wait for too long.

"There is a large-scale spiritual mine in the Yan Huang Dynasty. However, it is blocked by an ancient array formation, so no one can mine it.

"But I have a way. I can let you go directly to the center of the spiritual mine and cultivate there. It won't be a problem for you to break through to Nirvana Realm."

Bai Luo said confidently. A large-scale spirit mine could be worth more than three million high-grade spirit stones.

"You mean the Monolith Forbidden Land? Are you sure? There's a killing formation left behind from the ancient times guarding that place." Jiang Xiyue was shocked and very suspicious.

"The Monolith Forbidden Land? What kind of place is that?"

Yan Rong and Jiang Xiyue were both very shocked. On the contrary, Lin Mo and Lin Die looked confused.

After that, Jiang Xiyue explained, "The Monolith Forbidden Land can even be said to be the largest spirit mine in the eastern continent."

"There was once an expert at the ninth sky of the Nirvana Realm who wanted to barge in. In the end, he was heavily injured and returned. Not long after, he died."

"He left behind a message saying that it was a spirit mine in the Monolith Forbidden Ground. The spirit mine contained around four million pieces of high-grade spirit stones."

This was a shocking number. Back then, the people of the eastern continent believed that the secret of the Immortal Ascension platform was hidden there.

However, this was only a guess. Although many people believed it, they didn't dare to try it.

That place was the burial ground of a ninth sky expert of the Nirvana Realm. When a peak expert reached the end of their lifespan, they would head to the rock forbidden ground in an attempt to break the ancient formation.

However, without exception, none of these people were able to walk out alive.

"Are you really sure that you can break the formation?" Jiang Xiyue asked Bai Luo after she finished speaking.

She couldn't be careless about this matter. It was related to Lin Mo's life and death, so she had to figure it out.

"I can't break it. I just need to make a hole for you to go in," Bai Luo said.

She had gone to check it out before, but because she thought that she had enough spirit stones at that time, she couldn't be bothered to pay attention to this spirit mine.

As for what kind of inheritance the so-called ninth sky of Nirvana realm experts would leave behind if they died in it, she didn't care even more. She didn't lack martial arts and cultivation techniques.

"Then how do we get out later?" Lin Mo asked.

"More than four million high-grade spirit stones. It's not a simple breakthrough to the Nirvana Realm."

"What level is the cultivation technique derived from your God Devouring Body now?" Bai Luo asked.

During the process of growth, the God Devouring Body would constantly devour energy to perfect itself and form a supreme cultivation technique.

Lin Mo had devoured so many heavenly materials and earthly treasures, so his level must not be low.

"It should be around half-step to Earth rank. The level is very vague and not very certain," said Lin Mo. . The God Devouring technique was very magical and could evolve on its own. This was Lin Mo's favorite.

"After breaking through to Nirvana realm, the remaining spiritual energy will help you condense a cultivation technique rune. It will be of great benefit to your cultivation in the future."

Regarding the God Devouring Body, her family also had records. She had browsed through it when she was free and knew a little about it.

"What level can it be upgraded to?" Lin Mo's interest was piqued. A half-step to earth rank cultivation technique had already benefited him greatly. What if it was Earth rank?

"I don't know, but the cultivation of the god devouring body will be accompanied by danger. You have to be prepared." Bai Luo waved his hand and said.

"No problem, deal."

Lin Mo smiled and agreed to this method of payment.

At the same time, the system's notification finally sounded, causing Lin Mo to be filled with anticipation.

[Congratulations host for successfully auctioning the Earth rank 710,000 year Earth Milk]

[You have successfully triggered the 7,000 times auction return]

[Congratulations, host, for obtaining the Earth Grade 9 Chaos Spirit Water]

Chaos Spirit Water was a treasure that was born in a place with dense chaos energy, and was nourished by the chaos energy.

Such a treasure could only be found by chance, yet Lin Mo managed to obtain 27 drops in one go.

"Perfect, this time I've profited greatly." Lin Mo was pleasantly surprised. Bai Luo's arrival was too timely...
