

## Trillion Times 411

### Chapter 411 - Self-Destruction

"It's the head of the Peacock Spirit clan, Kong Xiu."

Someone exclaimed and pointed to a private room. The window was open and there was no cover.

People looked over and found that the person sitting inside was Kong Xiu of the peacock spirit clan.

"Second sky of the Nirvana stage. Is this the rebound he's been suppressing for so many years..."

Lin Mo frowned. He didn't have any feelings towards Kong Xiu. If he said that Kong Xiu was an ally, then it would ruin his plans.

If he said that it wasn't, then it was still alright. He had shown goodwill to him many times.

"Looks like he refined that piece of Nirvana Fire Stone and recovered his origin. After cultivating for a while, he easily broke through."

Lin Mo thought to himself. Kong Xiu had suppressed himself for so long. Second Sky of Nirvana realm might be the reason why he deliberately suppressed himself.

Otherwise, his realm would be at least at the third sky of the Nirvana realm.

"2.7 million." Saintess Xia you opened her mouth and made another bid.

"3 million."

Kong Xiu displayed a heroic spirit and raised the price by 300,000 at one go, raising the price to 3 million.

For a spirit rank rank 6 treasure, this was already very rare.

Moreover, the value of this soul nurturing stone wasn't worth 3 million. This made Lin Mo feel a little helpless and wanted to remind Kong Xiu.

However, he did not dare to act rashly. If he were to send a voice transmission, Saintess Xia you would probably be able to sense it.

"Three million two hundred thousand." Saintess Xia you raised the price again.

Spending more spirit stones was nothing to her. For the yin-yang Jade, he had brought enough spirit stones this time.

Jiang Xiyue's Purple Moon Palace had met with an accident. She had already predicted that Lin Mo would think of a way to get spirit stones, so she brought a lot.

The crown prince must have thought the same way. Everything was for the yin-yang Jade.

"3,200,000 going once."

"Is there anyone else who wants to bid?"

Lin Mo knocked on the auction hammer. It finally felt like an auction. The previous few times, he had bid at the reserve price, which made him feel a little awkward.

“3,200,000 going twice.”

“3,200,000 going three times. sold.”

He saw that Kong Xiu still had no intention of bidding, so he dropped the hammer and announced the result of the auction.

“Congratulations, Saintess Xia you, for successfully bidding for the soul nurturing stone.” Lin Mo lifted the soul nurturing stone and sent it to the door of the private room at the front.

Saintess Xia you opened the door and handed the spirit stone to Lin Mo, then looked at the runes on the soul nurturing stone.

Under Lin Mo’s gaze, the smile on Saintess Xia You’s face gradually disappeared, and she frowned.

In response to this, Lin Mo shrugged his shoulders. Sooner or later, they would be enemies, and if they were to be scammed, they would be scammed...

[ Congratulations, host, for successfully auctioning a spirit rank 6 soul nurturing stone ]

[ successfully triggered 1,500 times the auction profit ]

[ obtained a spirit rank 7 soul nurturing stone ]

A spirit rank 7 soul nurturing stone, and it was very big, but that was it. To Lin Mo, it wasn’t worth much.

However, he could bring it back to Jiang Xiyue. That old man called the medicine jar should be very skilled in alchemy.

He could ask him to refine spirit pills and then auction them off. The price should be pretty good.

After Kong Xiu and Saintess Xia You’s bidding, the atmosphere in the auction hall eased up a little. It was no longer as cold and cheerless as before.

“The next item up for auction is the sky umbrella. It’s a sixth level spirit rank magic tool. Its attribute is wood. Of course, it can also be used with the water attribute.”

That was all the introduction of the magic tool. The Sky umbrella didn’t have any special effects.

However, what made Lin Mo unsatisfied was that very few cultivators treated the umbrella as their own magic tool.

This was because the corresponding martial arts and magic tools were too few.

Therefore, when the sky umbrella appeared, the atmosphere became much quieter, and the desire for this magic tool was very small.

“Starting bid, 2 million.”

The extremely high starting bid made the sky umbrella even more undesired.

The auction hall fell into a long period of silence. No one was willing to bid. Lin Mo had set the starting price to be ridiculously high.

Time passed. Just like that, five minutes passed. Lin Mo was silent. The audience was also silent. Everyone in the private room was also silent.

In the end, someone in the hall couldn't help but say, "Field owner Lin, the sky umbrella has always been an unpopular item. You still set such a high price. I can only let it go."

"I'm sorry, the auction today will not be held. If we don't finish the auction, we will continue tomorrow night..."

Lin Mo said indifferently. Who cares? If his reputation was ruined, so be it. For Jiang Xiyue and for himself...

"You... aren't you ruining your reputation? If you do this, who will come to your auction in the future..."

That person said, not understanding why Lin Mo was like this.

They sympathized with Yue Xuan and Purple Moon Palace when they were attacked, but it shouldn't be to such an extent that they were lacking spirit stones.

"Your Highness, how much has father suppressed him? This Lin Mo doesn't even care about his reputation?" In the Crown Prince's private room, the second prince was somewhat stunned.

After Lin Mo's operation, Yue Xuan's reputation was very good. The endless treasures attracted many merchants who were willing to cooperate with Yue Xuan.

The spirit stones they earned during this period of time made them very envious, but they couldn't do anything about it.

If it weren't for the crown prince who benefited from Lin Mo's auction, he would have long stopped Yue Xuan from developing.

"The suppression is very strong. Father suspects that Jiang Xiyue is going to rebel because the Purple Moon Palace Treasury is empty..." the crown prince said.

"Empty?"

The second prince was shocked. They didn't know how many spirit stones Jiang Xiyue's Yue Xuan earned, but they had a rough idea.

It had been developing over the years. As Jiang Xiyue's operations continued to grow, there must be a few billion middle-grade spirit stones.

Jiang Xiyue had raised more than a dozen elders to guard Purple Moon Palace. He was also clear about this.

However, these people clearly could not digest a few billion middle-grade spirit stones.

"An army? Does she have a battle formation?" The second prince cried out in surprise.

"I don't know. After all, Yue Xuan's business is connected to the four great divine empires. Perhaps she really does have a battle formation..."

The crown prince shook his head. He had indeed underestimated Jiang Xiyue.

In the past, Jiang Xiyue had only displayed her talent to the outside world. However, he had not paid much attention to it. He had always been the number one on the ranking list.

It was not until this preliminary round that he realized that he had been wrong.

Now that he had a fair duel with Jiang Xiyue, he was not confident that he could win. There was even a high chance that he would lose...

"Forget it. Father will help me deal with her. The throne can only be mine."

The crown prince shook his head and did not continue the discussion. He looked at Lin Mo, who was still waiting for a bid, and said, "I bid two million."

The calm was broken, and the crown prince placed his bid. Although it was the starting price, it allowed the auction to proceed smoothly.

"Congratulations, Your Highness, for successfully bidding for the Sky Net Umbrella."

Lin Mo smiled faintly. He finally could not hold it in anymore. With the yin-yang Jade, he was not afraid that they would not bid.

[ congratulations, host, for successfully auctioning the spirit rank rank 6 Sky Net umbrella ]

[ triggered 2,000 times the auction profit ]

[ Congratulations, host, for obtaining the Spirit Rank 7 profound mysteries umbrella ]

Looking at this magical artifact, Lin Mo pondered for a moment before clenching his teeth and taking it out.

"The next auction item, the Spirit Rank 7 profound mysteries umbrella, starts at 5,000,000. Let the bidding begin."

Again?

Everyone was stunned, the corners of their mouths twitching. Where did this Lin Mo get so many unpopular spiritual artifacts.

Furthermore, the price was so expensive, who would want to buy it...

"Field owner Lin, if you do this, no one will be willing to participate in the next auction..."

Someone said unhappily. The starting price of five million was still such an unpopular spiritual artifact. Lin Mo was destroying his own reputation...

Who knew that just as that person finished speaking, Saintess Xia you stood up and said, "I bid five million..."

## Chapter 412: Yin-yang Jade Auction

Saintess Xia You's bid surprised everyone. Saintess Xia you used a sword, but she didn't have an umbrella with her.

"It's a little strange. Saintess Xia you and the Crown Prince's behavior is really abnormal."

In some private rooms, the clan leaders of various clans whispered.

The reason why so many people could gather at this auction was because Saintess Xia you had asked Lin Mo when the auction would be held.

Everyone felt that Lin Mo had found a treasure in the danger zone, but it wasn't suitable for him.

And Saintess Xia you just happened to need it, so Lin Mo agreed to the auction.

Right now, the crown prince and Saintess Xia you were both waiting for the treasure's finale to appear. For this reason, they didn't hesitate to spend a huge amount of spirit stones to purchase the auction items.

"Hehe, just do it. Let's leave the money and fight for the final treasure."

Some people immediately sneered and chose to stop. They just watched Lin Mo auction like this.

"Alright, Congratulations to Saintess Xia you for successfully auctioning this profound mysteries umbrella."

On the stage, Lin Mo smiled slightly. It was just a treasure. As long as he could successfully auction it, he would not lack anything.

Now, as long as the auction proceeded smoothly, he would be able to obtain a huge amount of spirit stones.

"The next item to be auctioned is the egg of the demonic beast fire plume bird. This kind of bird is extremely rare and will recognize its master as soon as it is born. Its loyalty level is very high."

"However, the growth of the fire plume bird requires a large amount of fire elemental energy. If there aren't any guests from a certain faction, I suggest not auctioning it off."

"The starting bid for a spirit level fifth rank fire plume bird egg is 1.5 million. Each increment must not be less than 100,000."

The last sentence was basically nonsense. Because of his extremely high starting bid, very few people were willing to bid.

"Hehe, a fire plume bird egg. interesting. I bid 1.5 million."

A light laugh sounded. It was the peacock spirit clan's clan leader, Kong Xiu. However, he did not know why this person wanted to auction the fire plume bird egg.

"Clan leader Kong Xiu has bid 1.5 million, is there anyone else bidding?"

Lin Mo knocked on the auction hammer.

The situation was very awkward, as no one was willing to pay attention to him. Seeing this, Lin Mo didn't waste any time. He dropped the auction hammer on the spot and the auction was completed.

[ congratulations host for successfully auctioning the spirit rank 5 fire plume bird egg ]

[ successfully triggered 3,000 times the profit from the auction ]

[ congratulations host for obtaining the spirit rank 6 Scarlet Flaming Eagle Egg ]

Looking at the rebate treasure, Lin Mo shook his head slightly. The Scarlet Flaming Eagle was similar to the fire plume bird, they were both ordinary demonic beasts.

However, due to the rapid growth rate of this type of demonic beast, its grade was so high.

"Who Cares, sell it."

Lin Mo gritted his teeth and immediately took out the Scarlet Flaming Eagle Egg. He knocked on the auction hammer and said, "Spirit rank 6 Scarlet Flaming Eagle Egg, the starting price is 2.5 million."

This time, even Kong Xiu did not bid anymore and chose to watch from the sidelines.

Finally, a lazy voice sounded. This surprised Lin Mo. it was the fourth Prince's voice.

Ever since this subordinate who had been brought into the danger zone had been killed by Lin Mo and the others and was still unconscious, he had already withdrawn from the fight for the throne.

It was not just him. The seventh prince was the same. The Holy Land that supported them had all defected, and all of them had defected to the Crown Prince and the second prince.

As for Jiang Xiyue, no one came over.

Obviously, they also knew that Jiang Xiyue was now targeted by the emperor. She probably had no hope of rising.

"The Scarlet Flame Eagle is not bad. It's easy to raise it. I'll take it. 2.6 million."

There was another bid. This was a common thing in the auction, but now it was very rare.

"This voice is from the White Tiger Marquis. hasn't he been in seclusion?"

Someone exclaimed. Ever since the White Tiger Marquis auctioned off the true dragon bloodline, he had been in seclusion and rarely appeared.

Who would have thought that he would appear now and even participate in the bidding.

"Since the White Tiger Marquis wants it, then it's not good for me to fight for it anymore. I'll give it to you," the fourth Prince said again and didn't say anything else.

"He's depressed. It seems like he's given up..."

Lin Mo muttered to himself. He could hear the helplessness and loneliness in the fourth Prince's voice.

This could be considered a good thing. The people who supported him had all defected, but they had also saved their lives.

However, Jiang Xiyue was different. Her threat was too great. The emperor might not allow Jiang Xiyue to live...

"2,600,000 three times, sold. Congratulations to the distinguished guest in private room No. 7 for winning the Scarlet Flame Eagle Egg."

Lin Mo dropped the hammer and completed the transaction with the White Tiger Marquis.

While handing over the spirit stones, the White Tiger Marquis' eyes flickered as he spoke slowly.

"Run..."

After saying this, the White Tiger Marquis left with the Scarlet Flaming Eagle Egg, not intending to participate in the remaining auction.

"What does this mean?"

Lin Mo was taken aback, not understanding what the White Tiger Marquis meant.

"Could it be that the emperor is still making a move?"

When this thought appeared, Lin Mo was instantly shocked. At this moment, in the Purple Moon Palace, an army was surrounding this place.

They had entered the territory of the Purple Moon Palace and were approaching the palace in the center.

Luo Haoyu, who was originally guarding the outer perimeter of the palace, instantly reacted and appeared outside the palace. He looked coldly at the soldiers in front of him and shouted, "What do you mean by setting up a battle formation here?"

"Brother Luo, long time no see. How have you been? How about we have a chat?"

In the army, an old man in golden armor walked out and flew into the sky. He looked at Luo Haoyu with a smile on his face.

"Heavenly King Wu..."

...

"Everyone, I originally planned to use the next item as the finale. However, I have brought it out in advance. If you are interested, you can participate in the auction."

Lin Mo smiled faintly, and a black and white jade the size of a thumb appeared in his hand.

As soon as this jade appeared, yin and yang qi surrounded Lin Mo's body, and precious light radiated in all directions.

"This is the yin-yang Jade, a Tier 3 earth grade treasure. Its effect is to balance the various types of energy within the body, and is extremely important for future cultivation."

“What, Tier 3 Earth Grade Treasure?”

“Did I hear wrongly? Do We really have a Tier 3 earth grade treasure in the eastern continent?”

“No Wonder Saintess Xia You is so excited. So it’s this item.”

The crowd instantly erupted. A Tier 3 earth grade treasure. This could be said to be the most precious treasure that had ever appeared in Yue Xuan.

“Brother Lin, there’s no need to introduce too much. Tell me the price.”

The private room at the front opened and Saintess Xia you walked out. Following that, a few people from the other private rooms also appeared.

Amidst the discussions of the people, Lin Mo was slightly surprised. The people who came were all important figures. The Southern King, the Northern King, the current head of the Heavenly King Manor, Jin Hai.

“Roar...”

Suddenly, a tiger’s roar was heard. A powerful energy fluctuation spread. In front of the auction stage, two men in night suits fell from the space.

Fresh blood flowed. The lives of these two people had been ended.

At this moment, the White Tiger Marquis, who had just left, appeared once again on the auction stage. He looked coldly at the crowd below.

“This is an auction. Follow the auction rules, or Die...”

The White Tiger Marquis said coldly. The Tiger’s Roar in his throat carried a faint dragon’s roar, shocking everyone.

“Hehe, White Tiger Marquis, what is your relationship with this Lin Mo? You are actually willing to stand up for him?”

At this time Zhennan Wang somewhat curiously asked.

### **Chapter 413: Barter**

From what he knew, the White Tiger Marquis was decisive and cold-blooded. Helping him would never happen to him.

“I owe you a favor, and now it’s time to pay it back,”the White Tiger Marquis said coldly.

The two of them had been waiting here for a long time. It seemed like they weren’t here to snatch the auction items, but to kill Lin Mo. .

“Senior, is this what you said about running away?”Lin Mo asked telepathically.

With the White Tiger Marquis around, he was not worried that his voice transmission would be intercepted.

“No...”

The White Tiger Marquis replied telepathically. Such an answer made Lin Mo feel as if he had fallen into an ice cave.

He was now almost certain that the Emperor had taken action. Jiang Xiyue was in danger, and not just her. Bai Luo, Lin Die, Yan Rong, and the others...

“We naturally understand the rules of the auction. However, brother Lin, how much do you intend to sell this yin-yang Jade for?”

Saintess Xiyue chuckled and asked for the starting price.

“The starting price is one billion middle-grade spirit stones.”

Lin Mo smiled and called out a high starting price.

“What? One billion? Are you kidding me?”

“Yeah, who could afford such a price? Even if they could, they wouldn’t buy it.”

The crowd discussed animatedly, not understanding why Lin Mo had set such a high starting price.

“Brother Lin, this joke isn’t funny.”

Saintess Xia you said. One billion middle-grade spirit stones, even if it was the sacred land of divine secrets, taking it out would still hurt one’s bones and tendons.

Moreover, the yin-yang Jade wasn’t worth such a price. Lin Mo was obviously making things difficult for everyone.

“Bartering is fine too, I don’t mind.” Lin Mo smiled. He naturally didn’t expect anyone to be able to take it out.

“Then what do you want, brother Lin?” Saintess Xia You’s expression softened as she asked.

“Simple. A large-scale spatial teleportation array with an array diagram and disk. Whoever takes it out will get the yin-yang Jade.”

Lin Mo waved the yin-yang jade in his hand. Danger was approaching, so he had to hurry.

“Also, the rules of the auction have to be changed. The yin-yang Jade will be auctioned off in one minute. I will destroy it on the spot.”

He gave an ultimatum. The crown prince’s expression was inexplicable as he looked at Lin Mo with a smile.

“Kid, do you know what you are talking about?” The northern King said coldly.

He was very tempted when he saw the treasure, but he did not expect Lin Mo to make things so difficult.

“The large-scale spatial teleportation array that matches the yin-yang Jade is at least a spirit rank 9. You want us to take it out in one minute? How is that possible?”

The Prince of Zhennan also said. This was too difficult. It was simply impossible to achieve.

“I didn’t say I wanted a spirit rank 9. The higher the rank, the better. But if it’s only a spirit rank 1, then I don’t mind.” Lin Mo spread out his hands.

Hearing this, the crown prince and Saintess Xia you were stunned at the same time. They didn’t understand what Lin Mo was doing.

“Super large-scale spatial teleportation array. I have it here. It’s a spirit rank 3. The array disk and the array diagram are in good condition.”

In the hall, a middle-aged man stood up, holding an array disk in his hand.

In the next moment, everyone’s gazes turned to him, staring fixedly at the array disk.

“Little friend, sell this array disk to me for 2,000,000 middle-grade spirit stones,” Prince Zhennan said immediately.

He appeared in front of this person in a flash, his gaze cold.

The middle-aged man’s excited heart instantly cooled down. Only now did he realize how naive he was.

Was an earth rank 3 treasure really something he could take away.

In comparison, he had earned quite a bit from 2,000,000 mid-grade spirit stones. Thus, he nodded his head.

“Lord Zhennan King, my formation can only teleport from here to outside the imperial city. The distance isn’t too far.”

Hearing this, Zhennan King looked at Lin Mo and saw that Lin Mo had nodded his head. Then, a smile finally appeared on his face.

After throwing the two million middle-grade spirit stones to the man, Zhennan King flew up to the auction stage and prepared to trade with Lin Mo. .

“Wait, I have a spirit rank 4.”

Right at this moment, Saintess Xia you opened her mouth and took out an array formation and an array plate, a spirit rank 4 teleportation array.

“This array formation doesn’t cover a large area, but it shouldn’t be a problem for it to teleport over a hundred people away. As for the distance, it can teleport over five thousand li away from the imperial city.”

She pointed at the teleportation array in her hand. This item was of great value and was extremely useful.

“Only these two? Do you have any more? I’ll tell you the truth. If you give me these two teleportation arrays together, I can exchange them for the yin-yang Jade,” Lin Mo said.

One teleportation array wasn't safe. If she gave them two together, she might be able to obtain a better teleportation array.

"Brother Lin, you're a little greedy."

Saintess Xia you said with a frown. Zhennan Wang obviously wanted the yin-yang Jade too, so how could she buy it from him.

"I still have seven space talismans here that can penetrate the battle formation. Brother Lin, you should want them."

At this time, Li Long walked out and stood with Saintess Xia you.

"Okay, deal. The yin-yang Jade is yours."

Lin Mo nodded. The space talismans were not bad, and he could bring a few more people out of here.

[ congratulations to host for successfully auctioning off the Earth rank 3 Ultimate Treasure, yin-yang Jade ]

[ although the auction had suffered a huge loss, this was due to the host changing the auction rules. As such, there was no compensation, triggering the 5,000 times auction return. ]

[ congratulations to host for obtaining the Earth rank 4 Ultimate Treasure, yin-yang Jade ]

The return was still the yin-yang Jade, but it was obviously much larger. What made Lin Mo feel regretful was that there was no compensation.

However, he couldn't be bothered to pay attention to this. The most important thing now was to escape.

At this moment, Huixiang and Tang Chen also appeared on the auction stage.

Tang Chen directly said to everyone in the hall, "The auction has reached the final stage. There's no need for all of you to participate anymore. You can leave now."

Under the question marks on everyone's faces in the hall, these people were chased out.

Before they left, some people even started to curse, saying that Yue Xuan was a rubbish place to chase away customers.

"Lin Mo, where's the next piece of yin-yang Jade, or are you going to renege on your promise?"

The crown prince hurriedly said at this moment. He wanted to buy a piece of Yin-yang jade from the Prince of Zhennan.

"Don't panic, the auction isn't over yet. The next item is a spirit rank 4 spatial teleportation array, along with a few talismans. The starting price is 100,000 mid-grade spirit stones."

Lin Mo laughed. He had Tang Chen Chase away the guests, leaving Zhennan Wang and the others behind. Naturally, his motive was to prevent these people from bidding.

“System, will I break the rules by doing this? Will you return the profits to me?” At this point, Lin Mo couldn’t make up his mind as he asked in his heart.

[ as long as the auctioneer isn’t someone arranged by the host, all methods can be used. However, host, please take note of the reputation of the auction house. ]

The system reminded him that there was no violation of the rules. It only wanted him to take note of his reputation.

“I’m about to lose my life. Who cares about reputation?”

Lin Mo curled his lips. As long as the system would return the profits, he was not afraid.

“Lin Mo, what exactly are you doing? After obtaining the spatial teleportation array, you want to sell it. Aren’t you planning to escape?”

The crown prince said coldly, “To tell you the truth, the Purple Moon Palace is already surrounded by battle formations. It’s too late for you to return with the teleportation array now.”

“I’ll give you a chance. Give me the yin-yang Jade. After you personally kill Jiang Xiyue, I’ll make you the number one official.”

He told this important piece of news to Lin Mo and once again extended an olive branch.

#### **Chapter 414: Earth Grade Spatial Teleportation Formation**

“There’s no need for that. This spatial teleportation formation, together with a spatial talisman, has a base price of 100,000 mid-grade spirit stones. Who Wants to bid?” Lin Mo roared.

“Fine, I’ll bid 100,000. Let’s see what you can do then.” The crown prince sneered as he tossed 100,000 mid-grade spirit stones to Lin Mo.

Seeing this, Lin Mo heaved a sigh of relief. The system notification sounded out as well, causing Lin Mo to finally relax.

[Congratulations host for successfully auctioning off a spirit rank 4 spatial teleportation formation and a spirit rank 6 spatial talisman.]

[This auction has suffered heavy losses. The system will compensate you, triggering a 30,000 rebate from the auction. ]

[Congratulations host for obtaining an Earth rank 1 spatial teleportation formation and an Earth rank 2 spatial talisman ]

An earth rank spatial teleportation formation and an Earth rank spatial talisman.

It was almost impossible to find such a formation in the eastern continent. It could only be seen in ancient times.

Lin Mo took a quick look. Once the teleportation formation was activated, it could pierce through the void and even take them across the entire Yanhuang Divine Empire.

“Hehe, we are already considered enemies. I have no need to keep my promise to my enemies.”

Lin Mo felt much more relaxed now that he had finally obtained the means to escape.

Looking at the crown prince who was waiting for the next piece of yin-yang jade, Lin Mo would rather not receive any rewards for the time being in order to disgust him.

“Jiang Cheng, right? I will come and take your life sooner or later.”

As he spoke, Lin Mo looked behind him. Tang Chen and Huixiang had already brought a few people to his back.

“Lord Lin Mo, these are the palace lord’s trusted aides. Can you really take them all?” Hui Xiang was a little nervous.

At this moment, the Prince of Zhennan and the Prince of Zhenbei had already locked their auras onto Lin Mo’s body. The terrifying pressure caused cracks to appear on the auction stage beneath Lin Mo’s feet.

“Junior, hand over the yin-yang Jade and surrender,” the Prince of Zhennan said.

The northern king nodded and said, “That’s right. Lord White Tiger, you’ve repaid your favor, right? Now, please come with us to capture the traitor.”

At this moment, a pale yellow treasure box appeared in Lin Mo’s hand, emitting a faint light.

“What a strange magic tool?” Saintess Xia You was shocked. She could tell that the treasure box in Lin Mo’s hand was not simple.

“Don’t resist. Come in.”

Lin Mo shouted coldly. This was the blueprint of the spatial magic tool that Lin Mo had obtained back then.

However, his skills weren’t good. Although he had refined it, its effects were greatly reduced. It could accommodate living beings, but it could only last for six hours.

Moreover, it was a one-time use item. After six hours, it would be completely destroyed.

It was perfect for escaping now.

After keeping Tang Chen and the others in the spatial treasure box, Lin Mo took out an earth grade tier 2 spatial talisman from the system space.

The expressions of the southern king and the northern king changed. They had thought that victory was within their grasp, but who would have thought that Lin Mo already had a spatial talisman in his hands.

“Everyone, farewell.”

Lin Mo’s words were left on the auction stage, and in the next moment, his figure disappeared.

It was only at this moment that the northern king and southern king's attacks arrived, shattering the auction stage.

As for Lin Mo's figure, he had long since disappeared.

In the endless void, Lin Mo flew towards the Purple Moon Palace at an extremely fast speed. In almost an instant, space split apart.

"Boom!"

"Hiss!"

As soon as he appeared, a terrifying explosion sounded. Apart from that, there was also the mournful roar of a beast.

Lin Mo looked around and his eyes were about to crack.

The original location of the Purple Moon Palace had long been razed to the ground. Jiang Xiyue and the others could not even be seen.

"Lin Mo, why are you here?"

At this moment, an exclamation was heard. It was Luo Haoyu. Lin Mo felt his wrist being grabbed by a pair of powerful hands and pulled up abruptly.

In the next moment, a violent explosion was heard from where he had just stood.

Thick smoke rose up. Amidst the flames of the explosion, a pitch-black Python flew out and gave pursuit relentlessly.

At the same time, Lin Mo felt a suction force. In the distance, there was a gorgeous figure wearing light purple armor. In her hand was Lin Die's radiant sun spear.

"Senior Qiluo... No, Xiyue?" Lin Mo asked.

Qiluo was currently activating a jade bottle, wanting to keep Lin Mo inside.

"Don't speak. Xiyue and the others are inside. Come in as well. Elder Luo and I will lead you out."

Her face was still a little pale. After ten thousand years of treatment with the earth milk, her injuries had completely healed.

However, the nine neonate's inner core had not been completely refined yet, so its combat strength was slightly weaker at this time.

Even so, she relied on the radiant sun spear and fought like a Valkyrie in the encirclement of more than ten Nirvana Realm powerhouses.

"There's no need. I can bring you all out and gather here with me."

Lin Mo hurriedly said. He took out an array disk which was the earth grade rank 1 spatial teleportation array that he had just obtained through the rebate.

"Stop him!"

An old man in golden armor had a sharp gaze. When he saw Lin Mo take out the teleportation array, he immediately shouted.

“Heavenly King Wu, who do you think I am?”

Luo Haoyu coldly shouted. The two of them erupted with terrifying battle shockwaves, which slightly shocked Lin Mo.

“Eighth sky of the Nirvana realm, elder Luo’s strength is actually so powerful.”

However, this also allowed Lin Mo to see the foundation of the imperial family. Even someone in the eighth sky of the Nirvana realm was unable to dominate the field...

The Martial Heavenly King in Golden Armor fought with Luo Haoyu to a standstill.

As for the other side, Qiluo had already gradually fallen into a disadvantageous position. Her old injuries had just recovered, and she had already experienced such a fierce battle. She was about to be unable to hold on any longer.

“Hold on for a while. It’ll be over soon.”

Lin Mo’s forehead was already covered in cold sweat. The amount of spiritual energy required to activate the teleportation formation was truly too much.

Fortunately, he had the God-Devouring Body and was able to devour the surrounding spiritual energy continuously. Otherwise, he really might not be able to hold on.

“Send out one person to kill him. You bunch of trash can’t even kill a woman,” Heavenly King Wu roared furiously.

More than ten fifth-sky Nirvana realm experts besieged Qiluo, but they still couldn’t kill her after fighting for so long.

“Heavenly King Wu, Qiluo has a half-step earth grade defensive magic weapon and a rank three earth grade magic weapon spear. It’s not easy to kill her.”

Some people said bitterly. It was disgraceful for more than ten people to besiege a woman who was seriously injured. Now that they couldn’t kill her, it was even more disgraceful.

“Cut the crap. Stop that kid quickly. Otherwise, all of you will receive your punishment.”

Heavenly King Wu roared. At this moment, his palm was slightly trembling.

If it were not for this attack, they would not even know that Jiang Xiyue had hidden so many trump cards.

Qiluo, who had outstanding combat strength, also had such a powerful spiritual artifact.

Luo Haoyu was the same. He had always said to the outside world that he was stuck at the peak of the seventh sky of the Nirvana realm and could not make any progress in his cultivation.

But now, he had already entered the eighth sky of the Nirvana realm and was even slightly stronger than him.

And now, this junior who suddenly appeared was also in control of such an exquisite teleportation formation. Once he activated it, he might really be able to escape.

“Junior, stop.”

At this moment, Lin Mo was still focused on activating the teleportation formation, but an old man had already walked towards him.

He stretched out a pair of skinny hands and grabbed at Lin Mo.

“Old man, don’t get in my way.”

Lin Mo cursed angrily. He was at a crucial moment right now. If they were to be disturbed, they might really have to stay here.

### **Chapter 415: The Moment of Life and Death**

The Kun Peng Wings spread out. Lin Mo could not be bothered to cover it up. He increased his speed and shook it off.

However, his body had only managed to move 400 to 500 meters when he crashed into a huge energy barrier.

“Bang.”

Although this was an energy barrier, it was like an iron wall. Even the formation that Lin Mo had activated almost lost its stability.

“This is a battle formation?”

Lin Mo was puzzled. No wonder Luo Haoyu and Qiluo didn’t escape. It turned out that this place had already been sealed off by the battle formation.

“Where are you going, Junior?” The old man caught up from behind.

Just as a pair of sharp claws were about to grab Lin Mo’s shoulder, a black figure appeared.

In the next moment, a pitch-black figure appeared and blocked Lin Mo. This was the origin soul puppet.

However, Lin Mo was unable to control his soul. He could only passively defend against one attack.

Soon after, the puppet fell. Lin Mo could only watch as the distance between him and the old man gradually closed.

“Just a little more...”

Lin Mo growled in a low voice. Just a little more. As long as he could hold on, he would be able to lead everyone and escape.

“Li Guangming, you’re already so big. Are you still bullying the younger generation?”

Luo Haoyu's voice rang out. He sensed that Lin Mo was in danger and appeared as if he had teleported. He slapped down with his palm and smashed the old man into meat paste.

"Elder Luo."

Lin Mo was shocked because there was a broken flag on Luo Haoyu's left shoulder. Blood was dripping.

In order to save him, Luo Haoyu was also injured by Heavenly King Wu.

"Qiluo, come here."

Luo Haoyu shouted. The teleportation formation had been activated and was running. They would be able to leave soon.

"Humph, you can't leave."

Heavenly King Wu came to the front and said coldly. However, he didn't stop the teleportation formation from running.

He turned around and rushed toward Qiluo.

Although the orders were to leave no one alive, the most important thing was still Jiang Xiyue. Moreover, Qiluo had an earth grade third rank magic weapon, the long spear.

This was even higher quality than the nation-guarding magic weapon, the flame god Spear. As long as it could be left alive, the battle prowess of the Yanhuang dynasty would be greatly increased.

"Lin Mo, wait for Qiluo to come over and activate the teleportation formation. Don't worry about me."

Seeing this, Luo Haoyu instructed and was about to make his move.

"No need. Leave it to me."

Lin Mo gritted his teeth and took the initiative to charge forward with the teleportation formation. At the same time, a jade the size of an infant's fist appeared in his hand.

Black and white, yin and yang qi filled the air. This was the yin-yang jade that was given back from the auction.

He used the vermilion bird technique's "Four Cloud Piercing Spirits" and injected the Vermilion Bird Divine Flame into it.

In an instant, the energy in the yin-yang jade started to become unstable.

Luo Haoyu's expression changed drastically. Even Heavenly King Wu in front was shocked. The energy in Lin Mo's hand was too terrifying.

"Explode!"

Lin Mo threw out the yin-yang jade in his hand. His target was right in front of Heavenly King Wu.

His figure also quickly caught up with Heavenly King Wu and smoothly regrouped with Qi Luo.

The teleportation formation was activated. Following a spatial fluctuation, the three people's figures disappeared.

"Rumble..."

The yin-yang energy was detonated. The yin-yang jade, a 4th tier earth grade treasure, contained a lot of energy.

When it exploded, it was equivalent to a seventh sky of Nirvana realm expert self-detonating. The power was obvious.

Even Heavenly King Wu didn't dare to take it head-on. He quickly tore open the space and escaped.

As for the fifth sky of Nirvana realm experts who were chasing after Qi Luo, they were already torn apart by the violent energy.

The army that formed a battle formation not far away also suffered heavy losses. The battle formation was broken, and more than half of the soldiers were killed or injured.

As the thick smoke dispersed, a huge crater with a diameter of 10,000 meters appeared in the Purple Moon Palace after the explosion.

Heavenly King Wu looked down with a gloomy expression. He had escaped. This encirclement had not achieved anything. On the contrary, they had suffered heavy losses.

"Bastard..."

He let out an indignant roar, but it was useless.

At this moment, Lin Mo, who had detonated the yin-yang jade, was also in a bad mood.

Although the explosion did not affect him, a wisp of Lin Mo's soul power was attached to the yin-yang Jade.

He needed to maintain the balance between yin and yang. Otherwise, before he could throw it out, it would explode in his hands.

And it was precisely because of this that his face turned pale. His soul had been injured, and he needed time to recover.

"Where are we going next?" Lin Mo clenched his teeth and asked.

"The rock forbidden ground. The most dangerous place is usually the safest place."

At this moment, Bai Luo and the others had been released by the damask. They felt like they had survived a disaster.

Bai Luo suggested that they go to the rock forbidden ground. She could break some of the formations there and use some higher-level formations to avoid many dangers.

"Sure. This formation is earth-grade. It won't be a problem even if we leave the Yanhuang Divine Empire."

Lin Mo smiled. Bai Luo and the others didn't ask why he had an earth-grade array formation.

Obviously, they knew that even if they asked, Lin Mo wouldn't tell them.

"You can break through the monolith forbidden ground? Are you serious?" Qiluo looked at Bai Luo in disbelief.

The purple armor on her body was given by Bai Luo, the Sun Spear was given by Lin Die, and the jade bottle that contained Jiang Xiyue and the others was also given by Bai Luo.

This girl's background was too mysterious. She had a lot of treasures, but she had never heard of this person before.

"It's okay to go in, but you can't touch any of the treasures inside."

Bai Luo spread her hands. It was okay to treat the inside as a shelter, but she did not have the ability to travel freely in the forbidden rock.

The earth level teleportation array was very fast. In less than ten minutes, they had arrived at the periphery of the forbidden rock.

At this moment, there were still some mercenary groups stationed there. They all wanted to enter to try their luck.

These were desperadoes who were willing to risk their lives for the treasures.

90% of the people who entered the monolith forbidden ground would die inside. However, the 10% who survived would usually be able to bring out many good items.

These good items were not cheap. Moreover, the Yanhuang Divine Empire was willing to pay a high price to purchase the treasures in the monolith forbidden ground.

This also caused quite a number of people to come here despite the danger.

"We're here. How do we enter?" Lin Mo asked.

Just getting close to this place made his hair stand on end. This was because there was a killing array here, and it was activated.

"Just stick these runes on it. As long as you don't touch anything, nothing will happen."

Bai Luo took out a few light green talisman papers from his storage ring. They were surrounded by the killing array's aura.

"This is... The dutian god-slaying array?"

Lin Mo and Lin Die cried out in surprise. They were very familiar with the aura on these talisman papers.

"That's right, the dutian god-slaying array. Ever since I got it, I've been trying to comprehend it. Although I'm not good at formations, the talismans are not bad. I can create talisman papers with similar effects."

Bai Luo smiled smugly. These talismans could only last for six hours. When the time was up, she would have to change them.

She generously took out a stack and gave each of them more than ten pieces.

“After we go in, we’ll find a safe place and cultivate there. We’ll recover from our injuries.”

In any case, they were probably wanted by now. If they went out, they would also be hunted down. It was better to hide first.

“Besides, it’s time for the three of us to break through to Nirvana realm...”

## **Chapter 416: Breakthrough One After Another**

Bai Luo’s words stunned everyone. After breaking through to the Nirvana realm, weren’t the treasures in the Rock Forbidden Ground untouchable?

Without the support of resources, it would be a little difficult to break through to the Nirvana Realm.

“You should have the resources on you, right?”

Bai Luo looked at Lin Mo. this fellow went out for a trip and definitely obtained treasures. However, he didn’t know how many there were.

“Don’t worry, it’s enough for the two of you to break through,” Lin Mo said with a smile.

As for what he needed to break through, he could only get rid of Bai Luo. He had to refine all of the spirit stones in the entire monolith forbidden ground.

“Follow me.”

Under the curious gazes of Luo Haoyu, Qiluo, and the others, everyone used their runes to enter the monolith forbidden ground.

Just as Bai Luo said, they didn’t trigger any formations, but they could sense the danger all the time.

“This place is so oppressive...”

Lin Die frowned. As an innate precious beast, it was very difficult for her to calm down in such a place.

The surroundings were filled with danger, and she instinctively wanted to escape, unwilling to stay.

Bai Luo had obviously been to the monolith forbidden ground before, so she was very familiar with the layout inside. Soon, she led the group to an empty place.

“Let’s stay here. It’s very safe. Without my talismans, we can only force our way in. Let’s rest and recuperate.”

After giving them some instructions, Lin Mo took out all the heavenly materials and earthly treasures he had obtained this time. Apart from that, he also had a lot of spirit stones.

These treasures were enough to support Jiang Xiyue and the others in their cultivation.

As for Bai Luo, she had enough cultivation resources on her own.

“Follow me.”

After settling everything, Bai Luo’s hand seals changed, opening a hole in the space and bringing Lin Mo in.

“Why do I feel like you’re going home here...”

Walking in the space passage, Lin Mo cursed in his heart.

He followed Bai Luo and came to the bottom of the monolith forbidden ground. Here, the spiritual energy of heaven and earth was abundant, and all kinds of runes flickered.

This was an independent space, as if it was a paradise.

Lin Mo’s heart was shocked, and he carefully examined his surroundings. This monolith forbidden ground was too extraordinary, but he didn’t know who had left it behind.

Bai Luo’s face was filled with joy. There were many treasures in this place, and she had made up her mind to plunder it.

“Cough cough, that, does this place have any treasures for me?” Lin Mo thickened his skin and reminded her.

There were too many treasures in this space, and he longed for them.

Bai Luo turned her head and glared at Lin Mo. her pearly white teeth clenched slightly, and finally, she revealed a helpless smile.

“Alright, we’ll split it equally, but we have to break the array first.”

She reminded Lin Mo that the treasures in this place could not be moved. With the protection of the powerful killing array, if he were to act rashly, it would probably affect his whole body.

“How do we break the array?” Lin Mo asked.

“Naturally, it’s the God-Devouring body. Therefore, only you can break the array here,” Bai Luo explained.

The killing array in this place was maintained by the abundant spiritual energy in the spirit mine. As long as the energy in the spirit mine was absorbed, it could be easily broken.

“It’s that simple?” Lin Mo was stunned.

There were many ways to absorb the energy in the spirit mine. Since ancient times, it was impossible for no one to discover it.

“Of course not. Without my help, even the God-Devouring Body wouldn’t be able to absorb it.”

Bai Luo shook her head. As long as she could enter this space, she would be able to break the formation.

However, she wasn’t the God-Devouring Body, so she couldn’t absorb that much energy. Thus, she could only rely on Lin Mo.

“This rock forbidden ground can only be considered a forbidden ground in the eastern continent. If it were in our continent, it would have been dug out long ago.”

Bai Luo curled her lips. The subclass she practiced had array formations and talismans, so she browsed through quite a number of killing array formations.

Only by learning by analogy could she rely on the dutian god-slaying array to roam freely in the monolith forbidden ground.

As most of the inheritances in the eastern continent were in the forbidden ground, this also caused the five of them to have seen high-level killing arrays. Even a ninth sky of the Nirvana Realm expert wouldn't be able to enter.

“Then I won't stand on ceremony. I'll start cultivating now.”

Lin Mo and Bai Luo said and sat cross-legged on the ground. They slightly revolved the god devouring art and started cultivating.

This place was a treasure land. The energy was too abundant. It could even be said that the spirit ore outside the monolith forbidden land was emitted by the energy here.

Bai Luo didn't disturb Lin Mo when she saw him cultivating in seclusion. The God-Devouring Body revolved at this moment and would absorb all the energy in the surroundings.

This place wasn't suitable for her to cultivate. She turned around and left, returning to where Jiang Xiyue and the others were.

At this time, Luo Haoyu had consumed a panacea and his injuries had healed. He left this place.

Jiang Xiyue still had some forces outside. He had to rush to rescue her. He couldn't let all his years of hard work be destroyed in one fell swoop.

“Elder Luo, it's best to be careful,” Jiang Xiyue said worriedly.

Bai Luo returned and started to cultivate with Jiang Xiyue. The others all chose to cultivate in seclusion, including Qi Luo.

She was still refining the nine-neonate inner core. Once she refined it, not only could she recover her strength, but her realm would also be improved.

Several days passed. The space where Lin Mo was now formed an energy vortex.

The energy in the space was constantly being absorbed.

All kinds of runes surrounded Lin Mo's body.

The God-Devouring Body domain spread out and circulated in it. Lin Mo benefited a lot as his body was refined again and again.

As time passed, the entire eastern continent was in an uproar. Every place was starting a war for cultivation resources.

However, the monolith forbidden land was exceptionally peaceful.

The old men had recovered from their injuries and had nothing to do. However, they didn't go out and waited for Jiang Xiyue and the others to come out of their closed-door cultivation.

At this moment, the outside world was already in an uproar. The second prince was the first to break through and within a month, he broke through to the Nirvana Realm.

The fourth prince and the seventh prince broke through one after another and were conferred the title of King along with the second prince.

As for crown prince Jiang Cheng, he was still in seclusion in the eastern palace. However, from the commotion that came from the palace, this breakthrough would be a transformation for the crown prince.

"He's too powerful. His highness the crown prince is indeed worthy of being the number one genius on the Board of Fame. The commotion of breaking through to the Nirvana Realm is actually so great."

"It's just a pity that the eighth princess and Lin Mo. just what happened a month ago?"

"Shut up. Do you want to bring disaster to your sect?"

Some passers-by discussed. A month ago.

People were still guessing who would be the top scorer at the Jingdou Dao Conference.

There were also quite a few people who believed in Lin Mo and Jiang Xiyue. This was because Jiang Xiyue had concealed herself very deeply. Her battle prowess was definitely not weak.

However, a sudden piece of news broke everyone's guesses.

The eighth princess had attempted a rebellion and had already stripped her of her identity as a princess. She had been demoted to a commoner and the Purple Moon Palace and Yue Xuan had been removed from the world.

The Punishment Hall's Luo Haoyu had rebelled and was sentenced by the Yanhuang Divine Empire. He had injured many members of the imperial family and was wanted.

Such news caused the people in the world to be unable to react in time. However, they had no choice but to accept this fact.

In the blink of an eye, another month passed. The seventh prince and the fourth prince's entourage exited seclusion one after another and broke through to the Nirvana Realm.

The two of them were conferred the title of nobility and were given land to assist the crown prince in the future.

However, the crown prince still did not make any movements. Instead, Li Long, who was staying in the imperial palace, exited seclusion.

He spent two and a half months before he finally broke through to the Nirvana Realm. On the day he exited seclusion, a strange phenomenon appeared in the sky and there was a golden elephant galloping.

All the holy places came to congratulate him. The Divine Secrets Holy Land had a top genius in addition to Saintess Xia You.

## **Chapter 417: Rolling Thunder**

As for the Saintess Xia You, who everyone had been longing for, there were rumors that she had traveled the world and was currently in the Lu Jin dynasty.

Soon, another half a month had passed. There were golden snakes coiled around the entire imperial palace with dragon claws on their abdomens and two bulges on their foreheads.

“This is the manifestation of a golden snake transforming into a dragon. Oh My God, this is too unbelievable.”

Everyone in the palace was shocked because this phenomenon was even more terrifying than when Li Long had broken through.

“But why would the crown prince have a phenomenon related to a true dragon?” Someone asked curiously.

“It is said that the White Tiger Lord took the initiative to offer the True Dragon bloodline that he auctioned at a high price to the crown prince.”

“There is one more thing. The Emperor said that the day the crown prince comes out of seclusion is the time to pass on the throne.”

“It’s unbelievable. The crown prince has the bloodline of a true dragon. His talent is probably comparable to Saintess Xiyou’s.”

“I don’t think so...”

Everyone looked at each other as they moved closer to the palace, wanting to observe the strange phenomenon of the Crown Prince’s breakthrough.

However, the strange phenomenon continued but the crown prince did not appear. No one could see him.

This strange phenomenon continued without weakening.

...

In the mysterious space of the Monolith Forbidden Ground.

Lin Mo sat cross-legged in the air. His body was surrounded by a dense heaven and earth energy. He had been in closed-door cultivation for three months, and he did not move at all.

During this period of time, qiluo had come to check on him. She had already refined the nine neonate inner core.

The water and fire energy was abundant, and in addition, Lin Mo had left a piece of yin-yang Jade for her to refine.

Now, her strength had already broken through, and just like Luo Haoyu, she had arrived at the eighth sky of the Nirvana stage.

A nine-infant inner core, a piece of yin-yang Jade, and a few drops of 10,000-year-old earth milk that Bai Luo had given her had improved her strength qualitatively.

“The legendary god-devouring body is indeed terrifying to cultivate...”

Qi Luo muttered to herself. The energy that Lin Mo had absorbed in the past three months could even allow an ordinary person to cultivate to the fifth sky of the Nirvana realm.

However, this was far from enough for Lin Mo. he was still cultivating.

“It seems that there won’t be any results today...”

Qi Luo shook her head. Just as she was about to leave, she realized that Thunder was rumbling above the rock forbidden ground.

An unparalleled and terrifying heavenly might spread, startling everyone.

She was shocked and quickly turned around to leave. She came to the place where Jiang Xiyue and Bai Luo were cultivating.

“Medicine Pot, you’re very knowledgeable. What’s going on?” Qi Luo asked as soon as she arrived.

“Don’t ask me. I’m afraid Miss Bai Luo will have to answer this question.” Medicine pot spread his hands helplessly.

He also wanted to know what had happened in the sky above the monolith forbidden ground, but it was clearly beyond his knowledge.

“Roar...”

A Loud Dragon’s roar sounded. Jiang Xiyue’s body erupted with golden light, and a golden dragon emerged from her body.

The Golden Dragon pierced through the array formation of the Monolith Forbidden Ground and soared into the sky.

Even Jiang Xiyue was taken away, leaving the monolith forbidden ground and flying deep into the sky.

“This is bad. The palace master will be recognized.”

One of the elders was shocked. It wasn’t that there were no people outside the monolith forbidden ground. Once Jiang Xiyue appeared, their hiding place would be exposed.

“It doesn’t matter. It’s only a matter of time before they’re exposed...”

At this moment, Bai Luo, who had been closing his eyes, opened his eyes and looked at Jiang Xiyue in the sky with interest.

“Eh? Miss Bai Luo, why didn’t you have any strange phenomenon when you broke through?” An old man asked.

Bai Luo’s aura was stable. She had already broken through to the Nirvana realm, but no strange phenomenon occurred.

One must know that in the past few months, even when the fourth Prince and the seventh Prince’s hanger-on broke through, some strange phenomenon occurred.

However, Bai Luo didn’t have any strange phenomenon at all. Was it because her talent wasn’t good enough?

Obviously not. Bai Luo’s talent was unfathomable. Everyone once suspected that she wasn’t weaker than Saintess Xia you.

“Don’t worry about the reason for the cultivation technique.”

Bai Luo smiled faintly and said, “Pack up and get ready to run. This place has been exposed.”

She threw out a few spiritual artifacts and put away some of the weaker people before handing them over to qiluo.

“Senior qiluo, I’ll have to trouble you to protect Xiyue. The rest of you, let me go and move the Treasury.”

In fact, without Bai Luo’s reminder, everyone knew that the Treasury here could move.

That was because the heavenly lightning didn’t strike Jiang Xiyue. Instead, it struck the monolith forbidden ground.

This terrifying killing array was broken just like that, and everyone was shocked.

The array was broken. It wasn’t just them. The mercenaries who were preparing to explore the periphery of the monolith forbidden ground were all dumbfounded.

“Is this... God’s eye opening? The array of the Monolith Forbidden Ground was broken?”

“No, that person looks familiar. I think I’ve seen him somewhere before,” someone pointed at Jiang Xiyue in the sky and said.

“Nonsense, that’s Jiang Xiyue, the eighth princess of the Yanhuang dynasty. The bounty is ten million middle-grade spiritual stones...”

Someone Roared and rushed forward, wanting to be the first to capture Jiang Xiyue.

That person was a Nirvana realm expert, and he was confident that he could take down Jiang Xiyue.

However, before he got close, a jade-white palm slammed down, and Qiluo appeared and killed him with one palm.

“Xiyue, is this your anomaly?” Qiluo asked curiously.

She knew that Jiang Xiyue had obtained the true dragon's heart blood, and she was very envious at that time.

Now that Jiang Xiyue had broken through to the Nirvana realm, she didn't expect the anomaly to be so terrifying, and there was actually Heavenly Thunder.

"No... It's mine."

A low voice sounded. Lin Mo's figure appeared in front of Jiang Xiyue.

"Lin Mo?" Jiang Xiyue's face lit up. Lin Mo had also come out of seclusion and broken through to the Nirvana stage.

"Aunty, take Xiyue down. There are many treasures. Bai Luo and the others are too busy."

Lin Mo said, looking at the Heavenly Thunder in the sky with a deep gaze.

"The god devouring art broke through the shackles and became a heaven rank cultivation technique. The commotion it attracted was actually the heavenly lightning. Can I consider lightning for my next attribute?"

He fell into deep thought. He could have broken through to the Nirvana realm a long time ago.

However, the absorption and devouring of the God devouring body did not stop. He could not control it.

The symbols of the god devouring art kept condensing until it advanced to the first rank of the heaven rank. Only then did it stop.

With the support of the heaven rank cultivation technique, his control over the soul devouring body increased by a few folds.

The reason why this heavenly tribulation appeared could be said to be due to the advancement of the Soul Devouring Art.

However, he had to ask Bai Luo about this reason before he could find out.

"Hey, don't just stand there like a fool. Quickly come down and get the treasure."

Just as Lin Mo was deep in thought, Bai Luo's voice sounded out, asking Lin Mo to hurry down.

"Why is this heavenly lightning not descending?" Lin Mo was stunned. He had already made preparations and was planning to receive the heavenly lightning.

However, the heavenly lightning only appeared for a moment and didn't seem to have any intention of descending.

"It's still not the time. An expert has arrived. Quickly come and help."

Bai Luo shouted, asking Lin Mo to go down and help collect the treasures.

Without having the time to ask further, Lin Mo flew down. During this period of time, those who tried to stop him were all killed by him. The ancient desolate sword was unsheathed, killing without a trace.

In the space where he had just started cultivating, all kinds of treasures were displayed, without the protection of the formation.

“Just as I expected, it’s great. We agreed that we would split it equally.”

Bai Luo rubbed his hands. There were more than ten earth grade treasures in this place, and it took a lot of effort to move them away.

“Stop!”

Suddenly, a low shout sounded. In the sky above the boulder forbidden ground, an old man wearing golden armor appeared through a crack.

“It’s Heavenly King Wu...”

Qi Luo frowned. This guy was here. He was so fast...

“I’ll go block him. You guys keep collecting. Kill whoever dares to stop us.” Qi Luo took out her sun spear.

She put on her purple armor and flew up to confront Heavenly King Wu.

“Qiluo, your strength?” Heavenly King Wu was shocked.

He thought he could take down these people without any hindrance when he saw Luo Haoyu was not here.

However, Qiluo recovered from her injuries after three months and even broke through to the eighth sky of the Nirvana stage.

“Thanks to you guys.” Qiluo snorted and attacked Heavenly King Wu with her sun spear.

The two of them started a fierce battle. Although Qiluo had just broken through, she had the advantage in weapons and could not separate herself from Heavenly King Wu.

Below them, many mercenaries barged in, but they were all killed by Lin Mo and the others.

“Palace master, there are more and more people. I’m afraid it’s too late to take all of them away.”

The pot of medicine said. They did not feel any pressure at the moment, but Heavenly King Wu could not come alone. Soon, reinforcements from the dynasty would arrive.

“Lin Mo, forget about the damaged treasures. Let’s pack them up and take them away.”

Bai Luo said. She knew that Lin Mo had the means to forcefully take away the treasure, just like how the two of them had taken away the unicorn’s skeleton back then.

“Leave it to me...”

Lin Mo nodded. He knew that he couldn’t wait any longer. He activated the system space and in the next moment, the treasure in the space quickly rose up from the ground.

Some spirit herbs were uprooted and stored into the system space.

However, there were also some precious ores that were broken and destroyed because they were taken out so rudely.

Lin Mo's heart ached when he saw this. These were all treasures...

"Keep it well and run quickly."

In less than a minute, the place was emptied. The people outside looked at it with bloodshot eyes.

Even so, they didn't dare to go forward. With so many Nirvana realm experts guarding, no one dared to be presumptuous.

"Aunt, let's go quickly."

Lin Mo and the others flew into the sky. The strange phenomenon in the sky had already disappeared. They gathered together and were all put into the spatial magic tool by the qiluo.

"You can't leave." Heavenly King Wu snorted.

His eyes were blood red. Naturally, he saw that so many treasures in the rock forbidden ground had been taken away.

These treasures were more valuable than the national treasury of the Yanhuang Divine Dynasty.

No matter what, they must not let them take them away.

"This is not up to you."

Qiluo smiled and took out a space talisman. She injected spiritual energy into it and activated it.

"Earth Grade Talisman?"

Heavenly King Wu was shocked. He wanted to stop her, but there was nothing he could do. Qiluo's figure had already disappeared.

This was the second Earth grade second grade talisman that Lin Mo had obtained through the auction. It was just the right time to use it.

Outside the rock forbidden ground, only heavenly king Wu was left roaring angrily.

The few of them escaped. The speed of an eighth sky of nirvana realm cultivator was extremely fast. Qi Luo led the group and finally arrived at the territory of the Qinghuai Holy Land.

"How could this be..."

Yan Rong looked ahead in disbelief. This was the mountain gate of the Qinghuai Holy Land, but now it had been razed to the ground.

"Look at the energy fluctuations. It happened a month ago," Qiluo said.

The Qinghuai Holy Land had been destroyed. The forces related to Jiang Xiyue might have been almost wiped out by now...

“Let’s take a look at the Purple Cloud Holy Land,”Jiang Xiyue said. She was heartbroken. One holy land had been destroyed...

There were two holy lands supporting her. They only hoped that the Purple Cloud Holy Land could survive...

However, when they arrived at the Purple Clouds Holy Land, they only found the place in a mess.

All kinds of buildings and formations had been destroyed.

Broken Blades and broken limbs were scattered on the ground. At this moment, the place was still in a sea of fire.

“Bai Luo, I know that your identity is not ordinary. Do you have a battle formation?”Jiang Xiyue asked Bai Luo while enduring the pain in her heart.

She had three armies in her hands, but without the support of a battle formation, she could only be considered a pile of loose sand.

Facing a true expert, it was only a matter of time before she was massacred.

“Battle formation, ah, there are two of them, but their grades are not that good. You have to ask someone else.”

Bai Luo took out two thick books that recorded two battle formations.

“Spirit rank rank 4 defensive battle formation, glazed light formation.”

“Spirit rank rank five offensive battle formation, three-phase killing formation.”

The rarity of battle formations in the eastern continent was comparable to Earth rank magic treasures. Even in the divine dynasty, they were quite precious.

“If the flame divine army formed the three-phase killing formation, it would be able to block a seventh sky of Nirvana realm expert.”

“As for the glazed light formation, it was formed by 200,000 red armored soldiers. Even if I wanted to break through the defense, it would take me two hours.”

Qiluo evaluated. Such a battle formation was already good enough. This was the prerequisite for the overall strength of the army.

“As for the purple spirit guards, they need a stronger battle formation. The Yanhuang Dynasty has a grand elder at the ninth sky of the Nirvana realm.”

“I owe you again...”Lin Mo was helpless. Every time at a critical moment, it seemed like Bai Luo was helping him.

“Hehe, it’s alright. The three of you can join my family. This request isn’t too much, right?”Bai Luo rubbed his hands.

Lin Mo who had the god devouring body, Lin Die who was an innate beast, and Jiang Xiyue who had refined the true dragon’s heart blood.

In her eyes, the potential of these three people was even higher than Saintess xiyue.

If she could get these three people to join her family, then her trip to the east continent could be said to be a great profit.

"I'll listen to you, brother," Lin Die said in a low voice.

"Got it. I'll listen to you every day. Can you be more assertive?" Bai Luo pulled Lin die over and pinched her pink little face.

"If we can really go to the southern continent, I'm willing to join." Jiang Xiyue nodded.

In fact, she had been willing to join since Bai Luo saved her aunt Qiluo. As long as Bai Luo asked, she would not refuse.

"Great, then I'll give you this battle formation, Haha." Bai Luo clapped her hands. One of them had already agreed, so the remaining two would not be a problem.

"Cough Cough, Lin Mo, let me tell you, the women of our Bai family do not marry out. It's impossible for you to marry out. Marry in." Her eyes were crafty as she looked at Lin Mo, as if her plot had succeeded.

The corners of Lin Mo's mouth twitched. What was this...

"Then what if I'm stronger than the Bai Family?" Lin Mo suddenly asked.

"You?" Bai Luo looked at Lin Mo with disdain. She didn't even dare to say such big words.

"If you really can surpass the Bai family, not to mention marrying her, even if you hook up with me, it wouldn't be a problem for me to make you fly together with me." Bai Luo Snickered. She didn't believe that Lin Mo could do it.

"Brother, what do you mean by two lovers? Xiaodie also wants one." Lin Die came over curiously. She didn't understand what she was saying.

"Ouch... It Hurts!"

Lin Die held her head and found that it was Jiang Xiyue who had always doted on her. She pouted and looked like she was about to cry.

"You're still young. Don't ask around," Jiang Xiyue said with a red face.

They were supposed to be discussing the battle formation. Why were they talking about this...

"Humph, you're all bullying me..."

Lin Die covered her head and ran to Yan Rong, crying. Then, she asked in a low voice, "What's a two-way street?"

Seeing that Yan Rong also raised his hand and was about to hit her, Lin Die quickly begged for mercy and ran to the side.

"Hey, don't hit me. I Won't ask anymore, okay..."

## Chapter 419: The Bai Family

“Wait... Forgive me for being presumptuous, but I’ve never heard of such a large family before, right?”

Qiluo interrupted everyone. She had heard of all the families in the eastern continent, but none of the top powers had a Bai family name.

“Ahem, let me introduce myself. I’m from the myriad soul tomb in the Southern Heavenly Domain, a disciple of the Bai family.”

“The reason I came to the eastern continent is to snatch opportunities from you and recruit a few juniors with shocking talent and potential...”

Bai Luo coughed dryly. This was the first time she had publicly revealed her identity.

Coming from another continent, this news was like a bombshell, exploding in everyone’s hearts.

“The southern continent? You... Have seen a true immortal-foundation ascendant?”

Qiluo was shocked. This was too unbelievable. Everyone said that the eastern continent was weak, but she had never seen anyone from outside the eastern continent.

This also explained why Bai Luo was so knowledgeable and could understand many killing formations by analogy.

She had a deep background and had seen many profound formations. Her horizons were much higher than theirs.

“Don’t worry. Your palace lord won’t suffer any losses if he joins our Bai clan,” Bai Luo comforted her.

The problem that had troubled her for so long was finally solved. After all this time, the prerequisite for Lin Mo to join the Bai family was Jiang Xiyue...

Now that Lin Mo was here, didn’t Lin Die come along as well? Hehe.

“Let’s not talk about this for now. I’ll make a copy of the battle formation. Maybe I’ll be able to find a better battle formation.”

Lin Mo interrupted everyone. He had memorized both battle formations and planned to auction them off.

No matter what the outcome of the auction was, they would be able to get better battle formations. This way, they would have more confidence.

“Whatever. What are we going to do next? Rebel?” Bai Luo said excitedly.

She was happy to join in on the fun.

“Not rebel. We are going to choose a place to build the Purple Moon Palace and declare war on the Yanhuang Divine Empire.”

Jiang Xiyue said as she recalled this plan countless times in her mind.

Now, it was time to launch the attack. The army, battle formation, and resources were all fully prepared.

Right now, she still had two peak experts at the eighth sky of the Nirvana Realm by her side. Although they were not as powerful as the Yanhuang Divine Empire in terms of foundation, they would not be defeated so easily.

“Then I’ll leave it to you. I’ll Take one earth grade spatial talisman and I’ll leave the rest to you.”

Lin Mo said. It would be more beneficial for him if they split up.

At the same time, he also took out some of the gains from the rock forbidden ground. Most of them were spirit stones.

These were the foundations of Jiang Xiyue’s new faction.

“As expected of the rock forbidden ground. A total of 500 million middle-grade spirit stones.” Damask was speechless. This was only a portion.

“I’ll take my leave first.”

Lin Mo waved his hand, and he went on his way alone. He put on his bamboo hat and went deep into the forest.

During this period of time, he would pass by some small cities and enter them.

“System, if I auction off a treasure and then snatch it away, will you give me a rebate?” Lin Mo asked.

The battle formation was very precious, and it was a strategic resource. He really didn’t want to sell it.

“No, please take note of your reputation, host.”

As expected, after getting the answer that he had guessed long ago, Lin Mo felt a little helpless.

“Oh right, I think I can make a trip to Great Yan Divine Empire...”

While walking on the road, Lin Mo recalled a good friend he had made in the past. He couldn’t be considered as a good friend, but could only be considered as an acquaintance.

The fifth prince of the Great Yan Divine Empire, Zhen Gu, had once traveled together with him.

He couldn’t sense this person, so perhaps selling the battle formation to him was a good choice.

“I can make a trip. Even if the other party wants to force me to stay, I can still use talismans to escape.”

After making his decision, Lin Mo spent half a month traversing mountains and rivers, passing through the Yanhuang Divine Empire, and entering the Great Yan Divine Empire.

However, on the way to the imperial city of Great Yan Divine Empire, he sensed an acquaintance, and this aura was very familiar.

“It’s that young man from the Heavenly Martial Clan...”

Lin Mo pondered for a moment, and finally understood. This person had also participated in the Dao Conference of the capital city of Yanhuang Divine Empire.

However, he had been eliminated by Lin Mo. If it were not for the protection of the Void Spirit Talisman, he would have already died.

“The Heavenly Martial Clan is really generous. They must have given him quite a number of spirit herbs, and he awakened so quickly.”

Lin Mo said with a smile, and flew in that direction, because he vaguely heard the word ‘treasure’.

“That person’s name is Liao Qing, right?” Lin Mo muttered to himself.

“Who are you? We are disciples of the Heavenly Martial Clan. We are cultivating here and are not to be disturbed.”

“Although you are in the Nirvana Realm, our clan elders are nearby. You can’t afford to offend them.”

In the forest, Lin Mo had just approached when he was warned by others. Some disciples of the Heavenly Martial Clan saw him.

Lin Mo did not pay any attention to them. He turned his gaze over and found another familiar face. Besides Liao Qing, there was another person named Liao Hong.

These two people had some grudges with Lin Mo, but their strength had not yet broken through. At this moment, they were searching for some treasures.

“It seems that I have unintentionally intruded into the territory of the Heavenly Martial Clan...” He murmured to himself, but still did not pay any attention to these people.

Such an attitude made these people very angry. Some of them were stunned. There was actually someone in Great Yan Divine Empire who didn’t know that this was the territory of the Tianwu Clan?

These people were very angry. They felt that Lin Mo was looking down on them, and was deliberately looking for trouble.

At this moment, Liao Qing and Liao Hong had also noticed this place. When they saw Lin Mo wearing a black robe and a bamboo hat, they also felt a sense of familiarity.

“This senior, this is the territory of our Tianwu Clan. If you accidentally barge in here, please leave.” Liao Hong stepped forward and cupped his fists as he said.

He had heard Lin Mo’s whisper just now. Regardless of whether it was true or not, they were still not a match for someone in the Nirvana Realm.

Therefore, they could only use their status and background to suppress the other party.

“Senior Brother Liao Hong, why are you being so polite with him? Bring senior brother Chen Wu here and teach him a lesson.” Some of the Tianwu Clan’s disciples said.

“Oh, Chen Wu, who is he? Can you tell us a thing or two about him?” Lin Mo’s interest was piqued.

“You don’t know?” These people were stunned.

In the Great Yan Divine Empire, there were still people who didn’t know about Chen Wu. He was the number one genius of Great Yan dynasty.

“I just entered Great Yan dynasty three days ago. I was on my way to the Imperial City to look for fifth Prince Zhen Gu, and I passed by here,” said Lin Mo honestly.

This was the truth. He was going to look for Zhen Gu and auction off the battle formation to him.

Upon hearing this, Liao Hong frowned. He looked at Lin Mo and thought for a long time before he finally spoke.

“His Highness the fifth Prince, accompanied by senior brother Chen Wu, has gone to the Yanhuang Divine Empire to visit the Purple Moon Palace, an emerging power.”

When this sudden news spread out, even Lin Mo was a little surprised.

“Purple Moon Palace, wait, tell me in detail, what happened during this period of time?” Lin Mo frowned.

It seemed that during the time he was traveling, the Yanhuang Divine Empire was in turmoil.

“Sigh, if I had known earlier, I would have used the teleportation array to come here...”

Lin Mo was helpless. Earlier, in order to avoid trouble, he had flown all the way here by himself. Now, the news was blocked and he did not know anything.

“Senior still doesn’t know?” Liao Hong was stunned. He immediately thought that this person had just come out of seclusion not long ago...

Thinking of this, Liao Hong and Liao Qing told Lin Mo the news that they knew.

## **Chapter 420: Please Continue To Call Me Senior**

It turned out that after Lin Mo left, Jiang Xiyue spent five days to choose a place to build the Purple Moon Palace.

She established her own sect and revealed her trump card at the same time. Three powerful armies formed a battle formation and pushed back the Yanhuang dynasty’s army.

Even Heavenly King Wu personally led his troops but was unable to take them down. He was severely injured and escaped.

At this point, Purple Moon Palace had become famous with a single battle. The palace master, Jiang Xiyue, and the Vice Palace Master, Lin Mo, were two forces formed by two juniors, and they had declared war on the Yanhuang Divine Empire.

Such a major event had naturally shocked the entire eastern land. Many forces had entered the Yanhuang Divine Empire, wanting to find out what was going on.

“Is Great Yan Divine Empire supporting Purple Moon Palace when Zhen Gu went to visit them?” Asked Lin Mo curiously.

Wasn't the Great Yan Divine Empire always neutral? Why did they suddenly declare their side as soon as the war started?

"I heard so. Our Tianwu clan supports the fifth Prince Zhen Gu to become the new emperor, but there is great resistance."

"Perhaps the fifth prince also wants an ally, that's why he went to visit them."

After listening to Liao Hong and Liao Qing's explanation, Lin Mo finally understood the current situation. However, he could no longer continue to visit the Great Yan Divine Empire.

"By the way, I have two treasures that I would like to auction. Would you like to participate in the auction?" Lin Mo looked at the few people from the Heavenly Martial clan.

They looked at each other, wondering what this senior was trying to do.

He had trespassed into the territory of the Heavenly Martial clan by mistake, and did not know anything about it. And now, he was going to auction the treasures?

"Er... If senior wants to sell the treasures, I can bring you to the Heavenly Martial Clan. There will be a specialized appraiser to help you appraise them," said Liao Qing in a low voice.

"Cough cough... You've called me senior so many times. I feel very comfortable listening to it. If these two treasures are auctioned together, I'll let you take advantage of it."

Lin Mo said with a dry cough. He and these people were clearly of the same generation.

There was even some enmity between them. Now that they were actually called senior, it made him feel curious.

"May I ask, senior, what kind of treasure is it?" Liao Hong raised his head and asked.

"Spirit grade tier four defensive battle formation, glazed light formation."

"Spirit grade tier five offensive battle formation, three phases killing formation."

"This was originally a treasure that I planned to sell to fifth prince Zhen Gu. Now, I'll give this credit to you."

"The starting price is 100,000 middle-grade spirit stones. If any of you want to make a contribution, make your bids."

Lin Mo said with a smile. The Purple Moon Palace had been established, and the war had already been declared. He couldn't waste any more time.

He had to go back early and give the battle formation that was returned from the auction to the army to train.

Otherwise, when the ninth sky experts of the Nirvana Realm appeared, the three armies of Purple Moon Palace wouldn't be able to stop them at all.

"What?"

Liao Qing was stunned for a moment and looked at Lin Mo in disbelief.

These were two battle formations?

What kind of joke was this? How could they encounter such a strategic treasure?

"If it doesn't work, you guys can open it and take a look." Lin Mo shrugged nonchalantly and threw the two battle formations he had copied out.

Liao Qing and Liao Hong stretched out their trembling hands and carefully flipped through them.

Although they weren't able to understand it, they understood that this battle formation was real. The complicated runes recorded within were definitely the legendary battle formation.

"This..."

The two of them breathed heavily. The value of the battle formation was immeasurable. Once it appeared in the world, it would definitely cause a commotion.

And it was this kind of treasure that appeared in front of them, causing them to be at a loss.

"Bid! Don't tell me you guys don't want it?" Lin Mo urged.

Hearing this, Liao Hong laughed dryly and respectfully handed the battle formation back. He said, "Senior, don't joke anymore. It's better for you to follow us back to the Heavenly Martial Clan."

"That's right, senior. We'll bring you to see the elders. The elders will definitely give you a satisfactory price."

Liao Qing also agreed. The price of the battle formation was too precious. They simply couldn't afford it.

As for the so-called starting bid of 100,000, they even thought that Lin Mo was trying to trick them.

"I'm not joking. Quickly make a bid, or else the auction will fail." Lin Mo said unhappily.

He was in a hurry to return, and the two of them didn't dare to take it...

"Then... I'll bid 6.8 million?"

Liao Hong said carefully. He raised the starting bid of 100,000 to 6.8 million, causing Lin Mo's hands to tremble in anger.

"Senior, this is all the spirit stones I have on me," Liao Hong said hurriedly. He said that if Lin Mo felt that it wasn't enough, he could go to the Heavenly Martial clan...

"6.8 million. If no one bids, then do I have a deal?" Lin Mo asked Liao Qing symbolically.

However, Liao Qing didn't say a word. He shook his head, indicating that he didn't have that many spirit stones.

"Alright, deal. Congratulations, you have obtained these two battle formations."

Lin Mo smiled and took the spirit stones from Liao Hong's hands, placing the two battle formations in his hands.

“This?”

Liao Hong was dumbfounded. He really obtained them?

He couldn't believe it. Why did this happen? Who was this senior?

“Senior, please leave your name. We will remember it.” Liao Hong hurriedly said when he saw that Lin Mo was about to leave.

Hearing this, Lin Mo suddenly stopped. He turned his head and forced a smile as he said, “To be honest, I'm afraid you don't want to know who I am.”

However, this was clearly taken as Lin Mo's excuse by Liao Hong. He spoke righteously.

“Senior sent the battle formation at a time like this. Such a great favor. If I can't say senior's name, the fifth prince will probably blame me.”

Right now, he had already taken Lin Mo as an old senior who had lived in the deep mountains for a long time. His young voice might be the effect of a panacea.

Such an expert would definitely have a reputation left behind in the past. The fifth prince would definitely be able to find out about it.

“Alright, since you want to know who I am, then I'll satisfy you.”

Lin Mo laughed loudly and became playful. Calling his enemy a senior, he did not know how the two of them would feel next.

“Senior, please speak.”

Liao Qing and Liao Hong's faces were filled with anticipation.

The other Tianwu clan disciples were also very expectant. They looked at Lin Mo, wanting to know what kind of senior expert he was.

Seeing this, Lin Mo reached out his hand and slowly took off the bamboo hat on his head.

What was presented before everyone was a young and handsome face. To Liao Qing, this face was extremely familiar.

It was so familiar that he gritted his teeth, wishing that he could make a move right away.

“Lin Mo, why is it you?” Liao Qing's face darkened, and he felt a little crazed. Where was the senior that he had promised?

Why was it this fellow? What was going on?

“Hahaha, your expressions are really rich. Do you still call me senior? Continue calling me that from now on.”

Lin Mo threw away his bamboo hat and burst into laughter. On the other hand, Liao Qing and Liao Hong felt as though they had eaten a dead fly.

They had actually called Lin Mo senior so many times...

“You... Why are you toying with us?” Liao Qing’s eyes were spitting fire as he spoke furiously.

If not for the fact that he was still rational, he would have rushed up and fought to the death with Lin Mo.

“Be reasonable. I have never considered myself to be a senior. It was you guys who took the initiative to call me. Moreover, it was you guys who made me reveal my identity.”

Lin Mo spread his hands. This could not be blamed on him.

The smile on his face did not diminish. It made Liao Qing and Liao Hong’s teeth itch. They wanted to fight several times.

However, when they thought of Lin Mo’s Nirvana realm strength, they felt bitter in their hearts.

The gap between them had already widened, and it would only grow bigger and bigger.

“Don’t be dejected. As a senior, you can call me if you have any trouble in the future. Haha...”
