

Trillion Times 451

Chapter 451: Discussion

Saintess Xia you was shocked because even the Divine Secrets Holy Land didn't have the Luck Dao grass. It was obvious how rich the Hidden Ghost Sect's foundation was.

As long as one sat cross-legged next to the luck dao grass and cultivated, one's comprehension of the dao principles would be even more thorough.

One's speed would also be much faster. It was a rare treasure in the world.

"Brother Lin, you should be able to keep your promise, right?" Saintess Xiyou said.

According to the agreement, Lin Mo would only take the Earth grade second rank magic tool long sword, the scroll containing the Lightning Dao principles.

The rest of the treasures belonged to Saintess Xiyou.

"I will naturally do what I promised." Lin Mo sighed and didn't break the agreement.

Without Saintess xiyou, he wouldn't have these gains.

Hearing this, Saintess Xia you nodded and smiled, "Brother Lin, you have contributed a lot. How about this, I will give you a blue sea and an ice crystal ginseng."

She also made some concessions and gave Lin Mo some benefits.

When she saw the fate grass, she was really worried that Lin Mo would fight over it. When the time came, she would destroy this precious spiritual grass.

"Thank you, but I have a better suggestion."

Lin Mo suddenly thought of something and shook his head.

"Please speak, brother Lin."

Saintess Xia you waved her hand and walked towards the fate grass. She dug out this precious spiritual grass along with the soil and placed it in a jade box.

After putting it away, she heaved a sigh of relief. The value of this fate grass was no less than the two scrolls.

"This scroll containing the Lightning Dao law will be used for the auction. When the time comes, Saintess, please come and participate."

As soon as these words were said, Holy Maiden Xia you was shocked as she looked at Lin Mo..

"Brother Lin, aren't you being a little too arrogant? The laws of lightning aren't that easy to comprehend."

"Moreover, you've only just started. Giving up such an opportunity just for Spirit Stones?"

In her opinion, Lin Mo's actions were a little foolish.

Although the advancement of one's realm was important, the comprehension of the laws of lightning was even more important.

This was related to one's foundation, the foundation of one's cultivation, and the key to the strength of a Nirvana stage fighter.

Lin Mo's action was because he thought that his talent was so great that he could comprehend it in a short period of time?

"Naturally, there are requirements. Saintess, hear me out." Lin Mo waved his hand.

He stated his requirements, wanting Saintess Xia you to bring the luck grass and other spirit herbs to auction.

"Impossible." Saintess Xia you shook her head, rejecting Lin Mo's request.

It was impossible to auction off the luck grass. There might only be one of such rare treasures in the eastern continent.

It was too difficult to find it. Once it appeared, all the powers in the eastern continent would go crazy.

"Even if there's a disturbance, it'll be in the Purple Moon Palace. Saintess, don't worry."

"As for the Luck Grass, you can bid for it. Just give me a commission for how much you bid."

"The same goes for the other spirit herbs. How about it?"

Seeing that Saintess Xia You was still hesitating, Lin Mo continued to increase his bargaining chip, willing to sell the Earth rank 2 long sword he was about to obtain.

"Of course, whether or not you can get it depends on saintess. I can give you a 20% discount."

Lin Mo smiled. With so many benefits being given out, Saintess Xia you would definitely not lose out.

However, seeing that the other party was still hesitating, Lin Mo frowned. Could it be that the value of this luck grass was even higher than he had imagined?

"Do you know why I Killed Elder Gui?" Lin Mo asked again.

"Why?" Saintess Xia you asked cautiously.

Seeing this, Lin Mo didn't say anything. Instead, he walked around the small courtyard and kept the treasures that belonged to him.

It was the same for Saintess Xia you. Both sides were at each other's places, and they were worried that the treasures would be damaged during the battle.

"Speak."

After collecting the treasures, Saintess Xia you asked.

Lin Mo pulled apart the distance. After hesitating for a moment, he took out the green destiny jade that he had obtained previously.

This was an earth rank rank 5 supreme treasure. In terms of value, it wasn't inferior to the fate grass.

Of course, it was comparable to this young luck grass.

"This is the legendary Green Nether Jade?" Saintess Xia you was shocked.

Seeing this treasure, she immediately thought of many things. Ji Zixiao's soul was missing, and there were also countless souls that had appeared from the ghost realm.

"Is it a soul sacrificial array?" She guessed. Everything made sense.

Elder GUI had discovered the green nether jade and wanted to refine it to break through.

Unfortunately, the Qingming jade required a large amount of soul energy to break through. Hence, he set up a formation related to the soul.

After Elder Gui was killed by Lin Mo, the formation was broken and his soul returned. The Qingming Jade also fell into his hands...

"As long as the Holy Maiden agrees, this will be the final auction item."

Lin Mo smiled. He didn't believe that the other party wouldn't be moved by this. The Qingming jade contained a large amount of energy.

The Immortal Ascension platform was a great help that couldn't be missed.

"Can you tell me your purpose?"

Saintess Xia you asked. The Green Nether Jade's restrictions were ineffective against the devouring divine body. Lin Mo could completely devour it himself.

There was no need to auction it. This was a doubtful point...

"Secret. Saintess, do you agree?"

Lin Mo asked again. This was already the last trump card he could take out.

If it was a bit more precious, then it would be the incomplete technique of an archaic divine beast...

"Alright, I agree. I just wonder when brother Lin plans to hold the auction?"

Saintess Xia you asked and agreed to Lin Mo's request.

"Depending on the situation, at least two months, at most half a year."

After Lin Mo finished speaking, he didn't stay at this place and planned to leave.

Before he left, Saintess Xia you reminded Lin Mo that the spirit herbs here were bred from the Ghost Territory and contained Special Ghost Qi. If brought out, it would grow in large quantities and require a ninth sky of Nirvana realm expert to nourish it with his own blood essence.

“Within ten days, if you don’t use your blood essence to nourish them, the spirit herbs will be exhausted.”

Lin Mo whispered. This also indirectly indicated why the secret ghost sect didn’t move the nurturing location.

With this layer of restriction, Lin Mo didn’t dare to stay too long. He returned as quickly as possible and finally arrived at the Purple Moon Palace on the ninth day.

“Aunt, please.”

Lin Mo handed the spirit herbs he obtained to qiluo.

This was the first time Qi Luo had seen such a situation, and she was in a difficult position.

“Miss Bai Luo said that within half a year, there might be some unforeseen circumstances that could happen at any time. She wanted me to maintain my peak at all times...”

They firmly believed Bai Luo’s words because she came from the southern continent and had an immortal foundation expert.

“Is that so...” Lin mo frowned. was there not enough time... .

“You refined it, right? You just happen to have the devouring God body, so try to break through to the fourth sky of the Nirvana realm.”

Qiluo advised him to let Lin Mo devour it himself and not auction it off...

“Sigh, if I had known earlier, I would have sold it to Saintess Xia you in advance...”

Lin Mo was helpless. The spiritual energy obtained from devouring spirit herbs was far inferior to the equivalent spirit stones. If he had known earlier, he wouldn’t have accepted the gift from Saintess Xia You...

He found a secret chamber and began his seclusion in the Purple Moon Palace.

In the secret chamber, there were over ten million middle-grade spirit stones and two precious spirit herbs.

“It just so happens that I’ve devoured some useless treasures.”

Lin Mo muttered as he activated the god Devouring Art. A black hole spread out, and spiritual energy continuously gathered around Lin Mo’s body.

At the same time, his aura continued to rise.

Chapter 452: The appearance of the Heavenly Tribulation

During this period of time, there were a few times when he ran out of spirit stones. Qi Luo, who was standing guard outside, sensed it and sent him spirit stones in a timely manner.

This time, Lin Mo had used up a lot of treasures. He had used up 800 million middle-grade spirit stones and nearly 100 spirit herbs.

This time, he had emptied the Purple Moon Palace's collection. Jiang Xiyue and Bai Luo exited their cultivation and shook their heads helplessly.

Under Bai Luo's arrangements, the three armies had all restarted their cultivation, which had consumed a huge amount of energy.

There were even some people who had fallen behind in their cultivation realms because they didn't have enough spirit stones. For a time, they were filled with complaints.

Even the strongest purple spirit guards had some opinions about Bai Luo.

Right now, the strongest trump card of the Purple Moon Palace, other than the Qiluo, was the purple spirit guards. However, their self-destructive cultivation had weakened the purple spirit guards' combat strength.

And now, Lin Mo had used up all the spirit stones he had been cultivating.

"This guy has been cultivating for three months and devoured so many spirit stones..."

Bai Luo had also heard about the opinions of the three armies. She felt helpless.

"Has he not woken up yet? There are no more spirit stones for him to devour..." Qi Luo said worriedly.

Bai Luo did not answer. Instead, she looked at the sky with a solemn expression. "Wake up all the people cultivating in the Purple Moon Palace. The chaos that you have been concerned about is here."

As soon as she finished speaking, the first person to make a move was the underground secret chamber.

Lin Mo's figure was bathed in lightning and flames. He used his devouring power to harmonize and perfectly merge the two daos.

His aura had also reached the fifth sky of the Nirvana stage, crossing two realms in one go.

However, what greeted him was not the cheers of the crowd.

A terrifying heavenly lightning struck down without any warning and ruthlessly struck Lin Mo's body.

In just an instant, dark clouds covered the sky, and bolts of lightning as thick as a bucket spread across the clouds.

Everyone in Purple Moon Palace was shocked. This kind of destructive fluctuation was too terrifying.

"Miss Bai Luo... what is that?" Qiluo's body trembled as she looked at the Thunderclouds in the sky.

This kind of heavenly power seemed to be able to destroy everything. Under the Heavenly Lightning, everything was like an ant.

"The thing that the eastern continent has lacked since ancient times, the Heavenly Tribulation!"

Bai Luo was solemn. This familiar aura made her feel uneasy. She muttered, "Every time a cultivator breaks through, they are competing with the heavens. How can they not endure the heavenly punishment?"

She looked at everyone in purple moon palace and slowly said, "This is only the beginning. The shackles have disappeared, and the heavenly punishment has appeared

"The heavenly tribulation that you lack when you break through will come for you

"This is also why I told you to focus on your foundation and sever your cultivation base to cultivate again."

This was because this was the only way to increase your battle prowess when you were at a low realm. Only then would you be able to withstand the heavenly tribulation perfectly.

If you couldn't withstand it, then you would have to die. There was no other way...

"Miss Bai, I'm sorry... We..."

Some of the commanders of the three armies were filled with guilt. Earlier, they had been displeased with Bai Luo because he had severed their cultivation.

However, only now did they realize that he was really helping them cultivate...

"Don't worry. The first ones whom the heavenly tribulation finds are those with extraordinary talents. Those with unique constitutions and unique living beings are the first to suffer."

"You still have time to cultivate. Let's wait for this fellow to Get You Spirit Stones."

Bai Luo didn't mind. Although these soldiers were complaining, they were all following orders, which made her very satisfied.

In the sky above the Purple Moon Palace, Thunder rumbled and heavenly might spread. Lin Mo frowned.

He had also heard the conversation between Bai Luo and the others.

The doubts in his heart were solved. He finally understood the reason why Luo had always paid attention to the foundation.

"This lightning tribulation is a little too strong..."

Lin Mo said bitterly. There was heavenly lightning in this world, and he had never heard of it before.

"Kacha!"

A bolt of lightning flashed and exploded in the air, illuminating the entire sky.

Heavy rain poured down, and black clouds covered the city. It seemed very oppressive, as if the end of the world had arrived. Lightning flashed and thunder rumbled from time to time, and it was very terrifying.

"Hey, why aren't you leaving? Are you planning to destroy the Purple Moon Palace?"

Bai Luo shouted from below, telling Lin Mo to leave as soon as possible.

If not, when the heavenly lightning strikes down, the Purple Moon Palace would no longer exist. Although it could be defended against, it was equivalent to interfering with the heavenly punishment.

The consequences would be very severe. Those who interfered would suffer the same heavenly punishment.

Upon hearing this, Lin Mo hurriedly left the place and flew towards the depths of the mountain range, standing on top of a mountain peak.

He looked up at the sky alone, watching as the heavenly tribulation continued to condense.

The dark clouds gradually pressed down. He was already prepared to face the heavenly tribulation head-on.

At the same time, he also wanted to use the heavenly lightning to temper his body, making his foundation more solid and more condensed.

“Rumble.”

The sound of Thunder rang out, and the wild beasts in the mountain range galloped. Sensing that the atmosphere wasn't right, they scattered and fled in all directions.

The huge towering trees swayed in the violent winds, and the grass and trees churned as they were swept up.

Some of the large trees collapsed, especially near Lin Mo's side. The violent winds howled, lightning flashed, and thunder rumbled, and the earth trembled.

This was the might of the heavens, and the wrath of the heavens. Lin Mo's robes fluttered in the violent winds as he stood on the mountain peak. His expression was calm, without the slightest ripple.

“Is it here...”

The dark clouds were less than a hundred meters away from Lin Mo. a bolt of lightning struck down and spread out in all directions, ruthlessly striking towards Lin Mo. .

Lin Mo did not act rashly. He even restrained his spiritual energy and used his physical body to withstand this attack.

His physical body had undergone constant re-cultivation and the destruction of his devouring God body had long reached the peak.

This bolt of lightning did not succeed and was easily blocked by Lin Mo. .

And under the tempering of the lightning, his body had become a little stronger. It was only a little bit, but it was very rare.

“Chi!”

Lightning arcs flashed, and another bolt of lightning struck down. The power was even greater, and the mountain under Lin Mo's feet instantly shattered.

Even he himself couldn't withstand it. Bloody marks appeared, and blood seeped out from the corner of his mouth.

His body smashed heavily into the ground, creating many cracks, and fresh blood flowed out from the wounds.

This was a true Lightning Dao law, a heavenly might that contained the most powerful lightning.

"Rumble."

Large amounts of lightning descended, smashing heavily onto Lin Mo's body. At this moment, he didn't dare to be careless, and circulated his spiritual power.

He blocked all of these attacks, not a single lightning bolt striking his body.

The surroundings of the ground turned into fine powder, and the strength of the heavenly lightning increased once again. If this continued, Lin Mo wouldn't be able to easily deal with it.

"It should be because the heavenly tribulations of the previous few great realms have come together. That's why they are so powerful."

He said in a low voice. It was too dangerous. Even he felt the pressure. How would the others deal with it?

The eastern continent had experienced a lapse in generations, and the inheritances and information had been cut off.

The Heavenly Tribulation had not appeared, and now it had appeared once again. It really was as the saying went, chaos had begun.

Half of the eastern continent's cultivators would probably die under the heavenly tribulation.

The calm had been broken, and now the heavenly tribulation was even more terrifying.

Lin Mo did not obediently submit. The Kun Peng spread its wings and flew up, being struck by bolts of lightning.

His body was dripping with blood as he stood in mid-air. The God Devouring Art activated the god devouring body, devouring the surrounding lightning.

At this moment, his understanding of the laws of lightning became more and more proficient. He walked under the heavenly tribulation with ease.

But this moment will not last long, the heavenly tribulation riot, will descend the most terrible heavenly thunder.

Chapter 453: The First Heavenly Tribulation of the eastern continent

This was especially the case for him. This was the first time that the accumulated heavenly tribulation had completely descended, like a flood breaking through a dam...

Lin Mo took a deep breath and resisted the heavenly lightning with great difficulty. He had already begun to use the heaven-cleaving sword qi.

Lightning and flames howled and helped him resist.

“Break!”

He shouted and the ancient desolate sword slashed down with all its might, splitting apart the lightning in front of him.

However, in the next moment, a red light appeared and a demonic lightning appeared. It was red in color and extremely fast.

In an instant, it struck Lin Mo’s back. The Kun Peng’s wings were shattered and blood splattered everywhere.

“What is this?”

Lin Mo was shocked. This lightning was too fast and seemed to have intelligence. It knew to attack the Kun Peng’s wings first.

“The temperature has changed.”

He raised his head and looked up. The sky was abnormal. The clouds were no longer black, but blue and red.

Gradually, icicles fell, bringing with them cold air. They hit the god devouring body’s domain, causing Lin Mo to be on the verge of collapse.

Apart from that, there were flames spreading out from the red clouds. Huge fire snakes drilled out, spitting out flames and burning everything.

“It can’t be...”

Lin Mo was stunned. He was already stunned.

The Heavenly Tribulation wasn’t just heavenly lightning. There was also ice and flames. Could there be other things?

In his confusion, he had no choice but to give it his all. Fortunately, he had the divine devouring body, so he could keep up with the consumption of spiritual energy.

After a fierce battle, the ancient sword of the desolation cut off those fire snakes. The blue and red clouds were once again covered by lightning.

However, the power of the Heavenly Lightning had also increased, and it was extremely terrifying.

He didn’t dare to be careless. The Kun Peng’s wings were once again brewed, and in the end, he even used the Kirin steps and the cloud piercing four break.

This was a test of life and death. If it was an ordinary person, they would have long been reduced to ashes. Any of these heavenly lightning bolts could kill a seventh sky of Nirvana realm expert.

Lin Mo stood unmoving under the sky, standing tall and firm.

However, this didn't last long. His body was full of lightning, which was all devoured by the devouring God body.

It was very risky because if this continued, Lin Mo would explode and die.

Even the devouring God body would need some time to refine after devouring so much energy.

However, he didn't have the mood to cultivate in seclusion. He could only guide the Lightning to refine his body again and again.

"Thousands of lightning bolts temper my body. Bathing in the heavenly lightning will allow me to become the strongest physical body..."

Lin Mo faced the heavenly tribulation head-on, exhausting his strength. At the same time, he also comprehended more and more Lightning Dao laws.

In the end, his entire body was covered in injuries. He was on the verge of dying from the heavenly lightning bolts.

His entire body was charred black, and some of his flesh had already fallen off.

However, at this moment, his eyes were emitting a bright light. A powerful wave of essence energy and spirit was being emitted, and the power within his body was erupting.

It was just like refining a weapon, using a fire to refine, cleanse, and remove impurities, leaving behind only the essence.

This was the true strength of a physical body. After being tempered over and over again, the soul and physical body underwent a metamorphosis.

Lin Mo's body was slightly itchy, and golden light erupted from his body. His old skin peeled off, and a brand new skin appeared.

His eyes were shining brightly, and his soul power had also increased.

At this moment, his physical body had been strengthened, even more thoroughly than when he had used the true Phoenix Nirvana cultivation method. This was the true nirvana.

At the last moment, the heavenly tribulation dissipated. Because he knew that he couldn't do anything to Lin Mo, he no longer sent down the divine punishment.

"I... Successfully passed the Heavenly Tribulation?"

Lin Mo whispered. The thunder clouds had already dispersed, and his current realm had also reached the fifth sky of the Nirvana realm.

Moreover, he was at the peak of this realm. After refining some spirit stones, he would be able to break through to the sixth sky.

Recalling the experience just now, he had fought his way back from the gates of hell more than once. Although he had broken his bones and broken his meridians many times, he still managed to survive tenaciously...

“But... why did the heavenly tribulation appear, and the first person it found was me?”

Lin Mo felt helpless. He returned to the Purple Moon Palace and reported to everyone that he was safe.

“Lin Mo. .”

A sweet fragrance assailed her nostrils. Jiang Xiyue was extremely worried. She came to Lin Mo’s side and only felt relieved when she saw that he was fine.

Lin Mo wrapped his arms around Jiang Xiyue’s waist. Being missed so much made his heart feel very warm.

“Just now, that mountain range was too terrifying. We all thought that you...”

Jiang Xiyue was smiling, but her tears were wet. This was the first heavenly tribulation in the eastern continent, and it was bound to be extremely terrifying.

When she heard from Bai Luo that Lin Mo was doomed, she couldn’t accept it and felt sad.

However, when Lin Mo appeared again, his hope was ignited, and he was finally relieved.

“Alright, don’t be so sad.”

Bai Luo and the others watched helplessly. They were also worried about Lin Mo’s tribulation. It was good that he could come back safely.

“When I broke through to the spirit gathering realm and the Dragon Transformation Realm, I also passed the Heavenly Tribulation. However, I only passed a Hundred Heavenly Thunders.”

“I didn’t expect you to add fire and ice to the heavenly tribulation...”

This surprised her. Perhaps it was because Lin Mo had devoured the god body, so the heavenly tribulation came to her first.

This special physique would attract the jealousy of the heaven, and even the heaven would be destroyed.

“I hope that our tribulation won’t be so terrifying...”

Qiluo was a little worried as she looked at the three armies of Purple Moon Palace.

This was the foundation of their foundation. If they suffered heavy casualties in the heavenly tribulation, the losses would outweigh the gains.

“Don’t worry. They are all ordinary cultivators and don’t have any special physiques. The heavenly tribulation won’t be so ridiculous.”

Bai Luo comforted her. What she had to worry about were people like Jiang Xiyue, Lin Die, and Saintess Xia you.

They were either gifted or had special physiques. Regardless of whether they were in the innate or acquired realm, they would face an even stronger heavenly tribulation.

“Go and cultivate. During this period of time, the heavenly tribulation will appear one after another in the eastern continent.”

Jiang Xiyue ordered everyone in the Purple Moon Palace to seize the time to cultivate.

Then, she looked at Lin Mo and said, “Oh right, you’ve squandered all the resources of the Purple Moon Palace. There are no more spirit stones left.”

Now, if he wanted to earn spirit stones, he would have to rely on Lin Mo to auction off the treasures on him.

“Alright, let Yue Xuan release the news. The grand finale this time is the Earth rank fifth level Green Destiny Jade.”

Lin Mo said. It had been so long since he had promised Saintess Xia you to auction off the jade. It was time to cash it in.

“Earth Rank Fifth Level Green Destiny Jade?”

Jiang Xiyue and the others were all stunned. They looked at Lin Mo suspiciously.

“Why are you all looking at me like that?”

Lin Mo felt a little uncomfortable being looked at like that. He scratched his head.

Qiluo said first, “Don’t you want to directly absorb the Qingming Jade? The spiritual energy contained in it is equivalent to billions of middle-grade spiritual stones.”

If she had known that Lin Mo had the Qingming Jade, she wouldn’t have mobilized so many spiritual stones from the Purple Moon Palace...

“Ahem, this was promised to Saintess Xiyou for the auction. There’s no need to use it.”

Lin Mo coughed dryly. However, he had been in seclusion for three months. He did not know if Saintess Xia you had changed her mind halfway through...

“Then it’s up to you.”

Jiang Xiyue nodded and did not ask any more questions. She turned around and continued to cultivate.

Meanwhile, Bai Luo continued to guide the three armies in their cultivation. He tried his best to let each and every one of them pass the heavenly tribulation smoothly.

At the same time, a piece of news spread wildly in the eastern continent.

The great chaos had begun. To everyone’s surprise, the Divine Armament Holy Land’s prophecy was wrong. The imperial family of the Yanhuang dynasty was not the origin of the great chaos.

The true origin was the Purple Moon Palace...

Chapter 454: The Gathering of the heroes

“Sigh, look at what you’ve done. That’s your daughter too. Why are you so biased?”

At this moment, in the imperial palace at the center of the Yanhuang dynasty, the person sitting on the throne was not wearing a yellow robe.

On the contrary, the person kneeling below was the person wearing the yellow robe.

“Retired Emperor, please calm down. No one expected things to develop to this extent.”

Below the throne, Jiang long stood up and said.

The old man above snorted and glared at Jiang long below.

“You were part of it. The punishment hall was handed over to you to manage, but such a thing happened. You Can’t absolve yourself of responsibility.”

At this moment, Crown Prince Jiang Cheng stood up, knelt on the ground, and kowtowed before saying.

“Grandfather, you can’t blame father entirely for this matter. It’s all because of that Jiang Xiyue. She has long had the intention to rebel.”

“Otherwise, why would she secretly raise three armies? It’s my fault for not being able to capture her during the Battle of the Purple Moon Palace.”

Hearing this, the Retired Emperor became even angrier. He snorted coldly and stopped speaking.

...

Divine Armament Sacred Land!

“Saintess, the Green Nether Jade is very helpful to your cultivation. Will Lin Mo really sell it to you?”

In the center of the sacred land, in a grand hall, a few elders sat opposite each other and discussed.

At the side, Saintess Xia you was still sitting. She frowned and fell into deep thought.

“The physique of the god-devouring body is special. It requires a huge amount of middle-grade spirit stones to advance. I think that as long as we offer a high price, he will sell it.”

An elder said. There were many records regarding the devourer body in the Divine Secrets Sacred Land.

“Not necessarily. What if that Lin Mo wants to eat dirt, and his goal is the fate grass?”

There were still people who maintained their objections, not believing in Lin Mo’s character.

Seeing all of this, Saintess Xia you rubbed her forehead, feeling a little tired...

The other factions were the same. They were discussing what had happened in the Purple Moon Palace.

Lin Mo had passed the Heavenly Tribulation and was about to hold an auction in a month’s time. The grand finale was the Earth rank 5 Supreme Treasure, the Green Nether Jade.

All the factions in the eastern continent were invited to participate.

Even some small and medium-sized factions were able to compete for treasures. From the Spirit Rank 1 to the spirit rank 9, there were auctions.

In addition to the people wanting to know more about the heavenly tribulation, the Purple Moon Palace was filled with people during this month.

As there were too many people coming, even hailing city couldn't accommodate them, so they could only go to another city.

After the arrangements, the auction was held in five cities at the same time, which dispersed the crowd.

Moreover, the auction was brought forward, with some small and medium-sized auctions being held first, so that these people wouldn't have to wait around.

At first, there were still people who doubted whether Lin Mo could take out the green nether jade. However, when Lin Mo took it out, the doubts disappeared.

More and more people wanted to participate in the auction. In the end, the number of people who signed up could fill up the entire hailing city.

Helpless, Lin Mo could only hold a few auctions one after another, taking out some treasures.

At the same time, he raised the threshold for the final auction.

In the end, only by taking out 20 million middle-grade spirit stones to prove that he had the financial means to participate in the final auction would he be able to participate.

But even so, there were still more than a thousand people who had provided proof. Lin Mo was dumbstruck.

If not for the bad timing, he would have even wanted to make a trip to some of the forbidden areas to get more supreme treasures.

"This is like licking blood from the tip of a knife..."

In the Purple Moon Palace, Jiang Xiyue was in her room, sorting out the various news that had come in recently.

Meanwhile, Lin Mo was sitting leisurely at the side, watching Jiang Xiyue reading and admiring the beautiful scenery.

"It's alright. I've been earning a lot of spirit stones recently. I still have a lot of treasures on me that I haven't taken out yet."

Lin Mo smiled. There had been auctions every day for the past half a month, and there were even people who sent in bids.

The system had returned a lot of treasures, filling up the Purple Moon Palace's treasury.

During this period of time, Lin Mo had also taken out enough treasures to support the final auction.

“Rumble...”

At this moment, thunder rumbled again in the sky above the Purple Moon Palace.

Lin Mo and Jiang Xiyue looked out of the window and saw a figure wearing armor flying down from the clouds.

There were some injuries on his body, but his aura was more condensed.

“He’s the seventh commander of the Purple Spirit Guard, second sky of the Nirvana realm. His name is ruofeng, and he was the first one to follow me.”

Jiang Xiyue looked at that person and smiled. He had been a commander since the Purple Spirit Guard was founded. His talent was average, but his will was strong and he trained hard.

Lin Mo nodded and smiled, “Including him, all the commanders of the purple spirit guard have successfully transcended the heavenly tribulation. More than half of the soldiers have also transcended the heavenly tribulation.”

This was also something that many people were talking about now.

There were even rumors that if they wanted to transcend the heavenly tribulation, they would have to join the Purple Moon Palace.

In the past half a month, as the spirit stones they obtained increased, the purple spirit guards successfully cultivated and began transcending the heavenly tribulation one after another.

Of course, it wasn’t just the Purple Moon Palace. In hailing city not too far away, the Sun didn’t shine for half a month.

Most of the people who came here wanted to transcend the heavenly tribulation and raise their strength.

And this place was relatively close to the Purple Moon Palace, so the restrictions were very small. If one were to intentionally attract the heavenly tribulation, they would be able to attract it.

However, a lot of people had died under the heavenly tribulation in the past few days.

Even the Purple Moon Palace had suffered tragedies. No matter how much Bai Luo taught them, nearly a hundred people had died under the heavenly tribulation.

Cultivators fought with the heavens to begin with, so it was inevitable that they would die.

“Why are you still here? It’s time to host the auction.”

Jiang Xiyue looked at the scroll and squinted at Lin Mo. .

“I won’t go today. My former subordinates have been brought here. Duanmu Jia and Huixiang will take care of everything...”

Lin Mo leaned on Jiang Xiyue’s legs and closed his eyes.

“Aren’t you afraid of being seen...”

Jiang Xiyue pushed Lin Mo away, trying to push him away, but she couldn't.

"No one will come in," Lin Mo said lazily.

Only Bai Luo and the others could enter Jiang Xiyue's room. Unless there was something important, they would not come in and disturb her...

"I'm afraid that won't do. Take a look for yourself."

Jiang Xiyue chuckled and handed over a scroll.

On the scroll, there was a golden imprint. The words 'Sacred Land of Divine Secrets' appeared before Lin Mo's eyes.

He took it and looked at it reluctantly.

"First Elder, second elder, third elder and Saintess of the Sacred Land of divine secrets are here to greet you. We have to welcome you personally."

Jiang Xiyue smiled. Not only that, Bai Luo and Qiluo had to come as well.

As one of the top forces in the eastern continent, the three elders had already given them enough face by coming. It was inevitable that they would welcome you personally.

"Get up. Aunt and Miss Bai Luo are still waiting."

Jiang Xiyue said gently. She tidied up the documents on the table and walked out of the room with Lin Mo. .

As soon as they walked out of the door, Qiluo and Bai Luo came. They had been waiting for a long time, and the people from the Sacred Land of Divine Secrets had arrived.

"The Sacred Land of divine secrets came half a month in advance. It caused quite a stir."

Qiluo smiled. She had also passed the heavenly tribulation in the past half a month. It was very terrifying and caused a great commotion.

Some people even thought that she would die under the heavenly tribulation.

Chapter 455: There is hope to ascend to immortality

However, in the end, Qiluo still survived the heavenly tribulation with great difficulty. Moreover, under the tempering of the heavenly tribulation, she laid a foundation and her battle prowess increased.

This was also the reason why the three elders of the Divine Secrets Sacred Land had come.

They had not yet transcended the heavenly tribulation. They wanted to ask Qiluo how she felt when transcending the heavenly tribulation, and they were willing to pay spirit stones for this.

Outside the Purple Moon Palace, the palace-guarding formation was activated, and a spatial passage appeared. Four figures walked out from it.

Many people around were shocked to see such a grand scene.

“That’s the Purple Moon Palace’s Palace Master and Vice Palace Master. What kind of people are they that deserve to be personally welcomed by these two important figures?”

“Not only that, that senior seems to be the one who transcended the tribulation not long ago, a peak expert at the ninth sky of the Nirvana realm.”

Many people cried out in surprise as they paid attention to the Purple Moon Palace.

In the space, Saintess Xia you was the first to walk out, followed by three old men. Their auras were terrifying as they emitted a faint pressure.

Seeing this, Qi Luo didn’t make any movements. She simply glanced at the three people.

In an instant, the pressure in the air dissipated just like that.

The three of them widened their eyes and looked at qiluo in disbelief.

“What’s Wrong?”

Saintess Xiyu smiled and looked at Jiang Xiyue and Lin mo. “I didn’t expect that I would become a guest in the Purple Moon Palace on my second visit...”

She sighed. She recalled that she had come to help Jiang Cheng deal with the Purple Moon Palace on his first visit.

“Saintess Xiyu, Welcome to the Purple Moon Palace as a guest. Please come in.”

Lin Mo nodded and made an inviting gesture, inviting the four people into the Purple Moon Palace.

The people outside were stunned speechless.

“I’m here to ask what happened when brother Lin transcended the heavenly tribulation?”

After taking a seat in the main hall, Saintess Xia you went straight to the point and asked Lin Mo. .

No matter what, Lin Mo was the first person in the eastern continent to transcend the heavenly tribulation, so there was bound to be something different.

This was the result of the Divine Secrets Holy Land’s calculations through generations of inheritance.

The first person to pass the heavenly tribulation would receive huge benefits, and there was a high possibility that they would ascend to the immortal stage.

However, Lin Mo obviously didn’t do so now. It was just that his strength had increased. His current realm was already the same as hers, at the fifth sky of the Nirvana stage.

Moreover, after passing the heavenly tribulation, his combat strength was very strong. Perhaps, he had already surpassed her...

“The first heavenly tribulation was extremely terrifying, and I nearly died in it. I guess it’s my bad luck.”

Lin Mo sighed. He wasn’t lying. The heavenly tribulation was like a flood bursting through a dam. He had really nearly died.

“Then, Your Excellency qiluo, what did you experience when transcending the Heavenly Tribulation?”

The three elders of the Divine Secrets Sacred Land couldn’t help but look at qiluo, wanting to ask for some useful information.

“Oh right, I heard that Purple Moon Palace is short of Spirit Stones recently. I have brought some gifts with me this time. I hope you don’t mind.”

Saintess Xia you handed over an interspatial ring as a gift.

Naturally, Lin Mo didn’t stand on ceremony. He took it and examined it, feeling shocked.

10 million middle-grade spirit stones, three spirit rank 9 spiritual artifacts, as well as many spirit herbs and materials.

Among the spiritual artifacts, one of them was the cauldron. Luo Haoyu’s spiritual artifact was the cauldron, and if he auctioned it off, he could return the benefits to earth-grade spiritual artifacts.

“That’s great, elder Luo’s spiritual artifact is also here.”

Lin Mo was delighted. Once Luo Haoyu broke through, the Purple Moon Palace’s strength would increase by a large margin.

“The few of you can stay in the Purple Moon Palace for a while. If you have time, you can go to hailing city to participate in the auction.”

After arranging for Saintess Xia you and the others, Lin Mo continued to arrange for the rest of the guests.

As for qiluo, she discussed dao with the three elders of the Sacred Land of divine secrets. Both sides benefited greatly and went into seclusion one after another.

About five or six days later, three thunderclouds appeared on a mountain peak not far from Purple Moon Palace. Lightning and thunder interweaved.

Under the bombardment of the Thunder, three extremely powerful figures were in a sorry state.

These three people were the three elders of the Divine Secrets Holy Land. Everyone in hailing city was paying close attention to them.

This was the second time after the heavenly tribulation that a ninth sky of the Nirvana realm expert had transcended the tribulation.

Moreover, the scene of three people transcending the tribulation at once was even more spectacular, attracting countless people to watch.

Finally, the three elders bathed in the lightning and descended. Their essence, energy, and spirit had reached the peak. When their auras condensed, they were extremely powerful.

“Haha, I Feel Like My realm has increased by a huge margin...”

An elder laughed loudly. It had been a long time since they had felt such a feeling of increasing strength.

Moreover, most importantly, they felt that there was room for improvement.

This meant that there was a chance of ascending to immortality...

“How many years has it been? This old man finally feels an increase in strength. That’s Great.”

At this moment, the three of them seemed to have received a new lease of life and saw Hope.

“Congratulations to the three seniors for transcending the heavenly tribulation. However, please withdraw your pressure. Hailing city is unable to withstand it.”

Lin Mo flew over at this moment and reminded the three of them to withdraw their supreme aura.

The Purple Moon Palace had a formation protecting them, but the formation of hailing city could not withstand a ninth sky of Nirvana realm expert.

Moreover, it was three of the strongest experts who had survived the heavenly tribulation.

“Vice Palace Master Lin, I’m sorry. I was too proud.”The three of them looked at Lin Mo, who was unaffected by their pressure. They were shocked, but at the same time, they withdrew their auras.

After the terrifying aura disappeared, hailing city regained its calm. However, the entire city was in an uproar.

When Lin Mo returned to hailing city, everyone was discussing. Was this a ninth sky of Nirvana realm expert.

Even such a terrifying heavenly tribulation wasn’t able to kill these three people. They were too powerful.

“Master, the people from the Yanhuang Divine Dynasty have come to the Moon selection. It’s the tenth princess and retired emperor Jiang Feng.”

Duanmu Jia, who had just returned to Yue Xuan, appeared in front of Lin Mo. . She was wearing a light green dress.

Ever since the incident, their days in ancient flame city hadn’t been easy. They were suppressed everywhere.

Fortunately, after the Purple Moon Palace stabilized, Lin Mo sent people to bring Duanmu Jia, Miao Qing, and the Su family over.

Now, the Su family had completely merged with Yue Xuan and developed together.

“Retired Emperor?”Lin Mo was stunned. The retired emperor of the Yanhuang Divine dynasty was a bit important.

“That’s right. Retired Emperor brought the tenth princess here and wants to see you and the palace master,”Duanmu Jia said.

The retired emperor was an expert of the Ninth Heaven of Nirvana realm. She did not dare to neglect him, and was now staying in the guest room of Yue Xuan.

“No, I don’t want to see him. Arrange an auction tonight, and you will host it.”

Lin Mo said, “Are you only thinking about making up for it now? Why did you leave so early?”.

Not only did he not want to see him, but also because of the tenth princess, who had a good relationship with Jiang Xiyue, he even wanted to chase her away.

The Bustle in hailing city continued. Not only did the people from Yanhuang dynasty come, but also Great Yan dynasty.

Zhen Gu, who was conferred the title of crown prince, and Zhen Wu de, a ninth sky of Nirvana realm expert whom he had met last time, came together.

Lin Mo and Jiang Xiyue came out to welcome them, and invited them to stay in Purple Moon Palace.

“Brother Lin, you really surprised me. There are so many good things here.”

When Zhen Gu saw Lin Mo, he was very familiar with him. He was very surprised to hear that there would be an auction held by Lin Mo Tonight.

Chapter 456: Gilded Golden Tripod

“Brother Lin, what’s the finale tonight? Can you tell us in advance?”

Zhen gu raised his glass to Lin Mo and asked if there were any earth grade treasures for auction. If there were, he would definitely make a move.

“Haha, Let’s Keep This a secret for now. You can just wait for tonight.”

Lin Mo laughed loudly and didn’t reveal anything. In the end, he only said that there were earth grade treasures.

Night gradually descended and the Yue Xuan auction officially began.

However, the host tonight wasn’t Huixiang or Duanmu Jia, but Lin Mo. .

“Welcome to the Yue Xuan auction. There are a total of ten treasures in this auction. Nine of them are spirit rank rank 9, and the finale is Earth Rank 1.”

Lin Mo stood on the stage and said with a smile.

“It really is the auction personally hosted by the Vice Palace Master. The earth rank treasures are finally about to be seen again.”

“Haha, this Young Master didn’t come to the wrong place. I’ve just arrived today and I’ve already encountered such a good thing.”

The hall was filled with people. All of them were extremely excited, and all of the private rooms were filled up as well.

“Alright, I won’t say any more nonsense. Let’s invite the first item up for auction, the spirit grade ninth grade magic tool, the Xuanling Cauldron.”

Lin Mo chuckled lightly and took out a light blue cauldron from the system space.

“This item originally came from the Sacred Land of divine secrets. This visit to the Purple Moon Palace has given me a generous gift. Therefore, the auction will begin today.”

“Although the magic artifact is a rare item, its effects are extremely good. It is a treasure that is treasured by the sacred land of divine secrets. Its value goes without saying.”

As he spoke, Lin Mo knocked down the auction hammer.

“The starting price of the Xuanling Cauldron is eight million. Each increment must not be less than five hundred thousand. The auction will begin.”

As soon as he finished speaking, the hall became lively, and the shouts continued one after another.

“I bid nine million.”

“Ten million.”

“...”

Under normal circumstances, a ninth-grade spirit-grade magic artifact would sell for around fifteen million, far inferior to an earth-grade magic artifact.

However, there were many people who came today, and everyone wanted a good magic artifact.

The shouts continued for three minutes, and the ones who were still bidding were the holy sons of the two holy lands of the Lu Jin dynasty.

The others all gave up because the price was too expensive.

“18 million!”

The appearance of such a high price surprised everyone.

The holy son of the other Holy Land was also silent. 18 million was too expensive. It was a bit too much of a loss to buy a ninth-level spiritual artifact.

“Forget it. If you want it, I’ll give it to you.”

The holy son said coldly and gave up on this competition.

“Alright, Congratulations to this guest for buying the Xuanling Cauldron at 18 million.”

Lin Mo knocked the auction hammer and announced the auction results.

[congratulations to host for successfully auctioning the spirit rank 9 Xuanling Cauldron]

[successfully triggered 4,000 times the auction profit]

[congratulations to host for obtaining the Earth Rank 1 golden cauldron]

It was only Earth Rank 1, which was not bad. After Luo Haoyu broke out of seclusion, he would be able to use an earth rank magic tool.

“The second item is a spirit rank 9 magic tool, Ghost Flash Dagger.”

“This is also a treasure from the Holy Land of Shenji. The effect is very good. If you all want it, don’t miss it.”

As soon as Lin Mo finished speaking, someone impatiently asked for the price. Ghost Flash Dagger was more versatile, and more people wanted it.

“Ghost Flash Dagger, the starting price is 8,000,000 mid-grade spirit stones. Each increment must not be less than 500,000.”

The hammer fell, and the bidding sounds could be heard. Many people rushed to bid.

“12,000,000.”

In the private room at the front, a familiar voice sounded, which surprised Lin Mo..

It was the voice of the tenth princess of the Yanhuang dynasty. She had also come to the auction.

“I can’t see through her aura. It seems that the retired emperor is also inside.”

Lin Mo looked at the Retired Emperor in the private room. Strictly speaking, he was Jiang Xiyue’s grandfather.

He should have gone to pay his respects and called her grandfather...

Unfortunately, Jiang Xiyue had already broken away from them. From the moment the Purple Moon Palace in the imperial palace was attacked, she was only an enemy.

“13 million.”

In the private room on the other side, there were also people bidding for the Ghost Flash Dagger.

“15 million.”

Suddenly, a low and hoarse voice came from a corner of the hall.

After releasing their spiritual power, everyone heard the voice.

“Who is that? He shouldn’t be sitting there, right?”

“Why do you care so much? Who knows, he might be some hermit powerhouse with a solitary personality.”

Many people were discussing, but they were quickly covered by the shouting of the price.

Perhaps the tenth princess was following orders and was not stingy in raising the price.

“16 million.”

“20 million.”

The hoarse voice sounded again, pushing the price to 20 million.

Such a price was equivalent to a superior force’s monthly income.

Even in the current hailing city, the annual tax was only 20 million.

“This guest bids 20 million. Is there anyone who bids higher?”

Lin Mo knocked the hammer down and said, “20 million going once.”

The tenth princess fell into silence. She was probably struggling with her thoughts and didn’t want to give up on the ghost flash dagger. However, the price was too expensive.

“20 million going twice,” Lin Mo said again.

Seeing that he was about to drop the hammer for the third time, the tenth Princess’s voice finally came from the private room.

“21 million.”

The hammer that was about to drop came to an abrupt stop. Lin Mo revealed a smile. 21 million. He was very satisfied with this price.

“25 million.”

The hoarse voice came again, and everyone in the room was stunned, somewhat dazed.

Just who was this person? He was actually willing to spend 25 million to buy a spiritual artifact.

“25 million going once. Is there anyone else willing to bid?”

Lin Mo grinned. He couldn’t see through this person either, but this person really had a lot of spirit stones.

25 million? He was going to bid just like that?

The tenth princess obviously gave up and didn’t raise the bid. After Lin Mo dropped his hammer three times, he announced the result of the auction.

“Wait a moment.”

Just as he was about to take out the next item, the person who had called out the bid earlier had already stood up.

“What’s the matter, customer?” Lin Mo asked.

The person stood up and staggered towards the auction stage. As he walked, he said, “I want to do the transaction on the spot and plan to leave.”

Hearing this, Lin Mo nodded and took out the ghost flash dagger that he had just kept. He said, “Of course. Please take out your spirit stones and check if the ghost flash dagger is real.”

That person walked up to the auction stage and took out a cloth bag that was filled with spirit stones.

Lin Mo didn't suspect him. He handed the ghost flash dagger to the person and took the spirit stones at the same time.

After checking, Lin Mo confirmed that there was no mistake. That person also waved the ghost flash dagger a few times and didn't say a word.

Suddenly, Lin Mo felt an extremely dense killing intent lock onto him.

A chill surged from the bottom of his heart. He subconsciously raised his head and saw that person suddenly turn around. A cold light flashed and the ghost flash dagger suddenly stabbed towards Lin Mo's glabella.

"Be careful."

A few exclamations sounded from within the private rooms. Those experts also realized that something was wrong and warned him.

Someone wanted to make a move, but it was already too late.

Everyone could only watch as the ghost flash dagger stabbed towards Lin Mo's glabella, unable to do anything...

Chapter 457: Primordial Bone tempering pill

"Hidden Ghost sect."

Facing the attack, Lin Mo quickly identified the opponent's identity. This was because his spiritual energy contained the ghostly aura of the ghost domain.

The ghost flash dagger stabbed over. Under everyone's gaze, Lin Mo smiled slightly and raised his finger, easily catching the ghost flash dagger's attack.

The sharp cold light slashed across Lin Mo's finger, leaving no trace.

"How is this possible?"

The person who attacked was shocked. The sharpness of a spirit rank 9 magic tool could only be blocked by a ninth level Nirvana stage genius.

But how could Lin Mo easily receive it.

He didn't even use his spiritual energy and used his pure physical strength to block it.

"Heavenly tribulation body tempering. The Vice Palace Master's physical body is already at the peak of the Nirvana realm..."

In a few private rooms, powerful existences appeared one after another. They were extremely shocked.

They were worried too much. The current Lin Mo's combat strength was close to the eighth sky of the Nirvana realm.

In addition to the fact that he controlled the Kun Peng Wings, there were only a few people who could kill him...

Looking at the person in front of him, Lin Mo raised his hand and spiritual energy erupted. Flames and lightning struck out at the same time.

A powerful force exploded, piercing through this person's dantian, and his cultivation continued to leak out.

"No..."

A hoarse and painful roar sounded, and in the next moment, Lin Mo had already smashed his head open, and his soul was scattered.

Lin Mo didn't find any useful information on him.

Other than thirty million middle-grade spirit stones, there was nothing else of value.

"Using a seventh sky of Nirvana realm expert to assassinate the Hidden Ghost Sect, just how powerful is the hidden ghost sect..."

Lin Mo muttered. This assassination was very sudden, and it also made him alert.

He originally thought that with so many supreme experts around, no one would dare to cause trouble here, but he didn't expect the hidden ghost sect to be so crazy.

"There's a small incident, so the auction continues. His bid doesn't count. The previous customer, your bid of 21,000,000, does it still count?"

Lin Mo looked at the Yan Huang Dynasty's private room and asked.

The system hadn't given him the rebate yet. Because he had killed the person who had bid for the ghost flash dagger, it could be considered as taking back the auction item. Thus, he didn't give him the rebate.

After a while, the tenth Princess's voice rang out. The bid still counted.

[congratulations, host, for successfully auctioning the spirit rank rank 9 magic tool, Ghost Flash Dagger]

[successfully triggered 3,000 times the rebate from the auction]

"Congratulations, host, you have obtained the Earth Rank 1 Ghost Cry Dagger."

After the tenth princess agreed, the system's return was also given out. He was very satisfied with the Earth Rank 1 magic weapon.

"Sorry for making a fool of myself. The auction continues. The next item is also a magic weapon, spirit rank 9."

Lin Mo smiled. Under everyone's gaze, another magic weapon appeared. It was a large bone blade.

Among magical artifacts, sabers, Swords, and spears were all very popular types.

The moment this large saber appeared, everyone's eyes lit up. None of the items in tonight's auction were ordinary.

“Spirit Bone Saber, spirit rank 9. The starting bid is 8,000,000 mid-grade spirit stones.”

Shouts of bids rang out one after another, and the price of the spirit bone saber instantly rose. Very quickly, it reached 15,000,000 spirit stones.

Everyone in the hall sighed.

Although this auction was full of treasures, it didn't seem to have anything to do with them.

Because those forces in the private room were all very powerful, they didn't hesitate to increase the price, and soon, they were left behind.

They could only watch others bidding. The final price was fixed at twenty million, and it was bought by Zhen Gu of Great Yan dynasty.

“Congratulations to this guest, for successfully buying this auction item.”

Lin Mo dropped the hammer, and the system's voice rang out at the same time.

[congratulations to host for successfully auctioning a spirit grade ninth tier magical item, bone saber]

[successfully triggered a 1,000 times profit return from the auction]

[congratulations to host for obtaining a half-step earth grade magical item, Bone Saber]

The profit return this time made Lin Mo feel helpless. It was too low. He was only half-step earth grade, and had not even broken through the earth grade.

“I thought I would be able to obtain a better treasure. What a pity.”

Lin Mo sighed and continued to host the auction. However, his luck was very good after that.

After a few consecutive auctions, he had obtained Earth rank treasures. The most precious thing was a stalk of spirit herb, which was worth 10,000 times the rebate.

Giving him an earth rank 3 spirit herb was considered a pleasant surprise.

However, what made him helpless was that it would be great if the last item could be triggered 10,000 times.

“What a pity. Next is the finale...”

Lin Mo knocked down the auction hammer, ending the second to last item. The people in the auction hall also perked up.

Even the people in the private room also perked up. All of them stared at Lin Mo, preparing to participate in the final competition.

“Earth Rank Rank 1 spirit pill, chaos bone tempering pill. It can lead the Great Dao to temper one's body and solidify one's foundation. Furthermore, it has another effect, and that is to resist the heavenly might of the Lightning Path.”

This was the rebate from the system auction. He had obtained it before, but at that time, he didn't understand why it could only block the heavenly might of the lightning path.

Only after the heavenly tribulation appeared did he understand. However, Bai Luo said that it wasn't allowed to be used.

Although this spirit pill could resist the heavenly might of the Lightning Dao, it also had side effects.

That was, without the heavenly tribulation tempering the body, although it was dangerous, it was also a great opportunity. Not many people were willing to let it go.

In the past, the heavenly tribulation was not visible, so the value of this spirit pill was not much.

But now, it was different. Under the Heavenly Tribulation, the eastern continent cultivators would suffer heavy casualties.

Those who were unwilling to die would also cut down their cultivation realms and use it to withstand the heavenly tribulation.

However, if they wanted to cultivate back, it would be even more difficult.

"That's right, it's the sunlight that you all guessed. The primordial bone tempering pill can help you pass the heavenly tribulation smoothly."

"However, without the step of tempering your body through the heavenly tribulation, it will have a certain impact on your cultivation and battle prowess in the future."

The side effects that Lin Mo spoke of were nothing in the eyes of these people.

As long as they could successfully pass the heavenly tribulation and save their lives, that would be the best.

"Primordial bone tempering pill, the starting bid is twenty million middle-tier spirit stones. Each increment must be no less than one million."

As the hammer descended, the crowd below snapped back to their senses and started bidding like crazy.

If it weren't for the fact that someone had attacked Lin Mo and was easily killed, they would have rushed forward to fight for the pill.

"I bid thirty million."

At this moment, Zhen Gu made his move. His talent was average and he had no confidence in transcending the heavenly tribulation. Now that he had the help of the Spirit Pill, he didn't want to miss it.

"35 million."

On the other side, the tenth princess of the Yanhuang Divine dynasty also made a bid. It was the first time they had seen a spirit pill that could help one transcend the heavenly tribulation.

Hence, they all wanted to get it. The voices of the bidders suppressed one another.

On the contrary, no one made a bid in the private room where Saintess Xia you was at the very front. From the beginning to the end, there was silence.

Although the primordial bone tempering pill was good, its flaws were also obvious. Saintess Xia you could rely on her own strength to overcome the heavenly tribulation, so there was no need to lose an opportunity.

“Sixty million.”

Soon, the price of the auction was raised to sixty million by Zhen Gu. Moreover, he was still increasing the price, unwilling to give in.

“63 million.”

“65 million.”

In the end, only the two of them were bidding. The others were just spectators and could only watch.

After a round of fighting, Zhen Gu had no choice but to give up.

Because the tenth princess had already bid 75 million, it was not worth it to continue fighting...

Chapter 458: Profound Mysteries Building Foundation Pill

“Congratulations to this guest for winning the primordial bone tempering pill.”

Lin Mo did not mind who won it. He would definitely take revenge on the Yanhuang dynasty, but he was not in a hurry.

Furthermore, he was a guest now. He could not act like he was chasing away a guest.

[congratulations, host, for successfully auctioning the primordial bone tempering pill]

[you have successfully triggered the 7,000 times auction return]

[Congratulations, host, for obtaining the earth grade third level profound assimilation foundation pill]

Lin Mo looked at the effects of this spiritual pill and realized that it was an advanced version of the primordial bone tempering pill.

Its effect was still to ward off the heavenly tribulation. However, this spiritual pill could intercept the power of the heavenly lightning and help the user cleanse their bones and marrow.

Although it wasn't as effective as the heavenly tribulation, it didn't pose any danger. As long as one consumed it, one would be able to survive the heavenly tribulation and temper their body.

“It's not very effective. However, I can find an opportunity for Zhen Gu to give it to him.”

Lin Mo shook his head. He had earned a lot of spirit stones from this auction, which could be used for the cultivation of the three armies of Purple Moon Palace.

When everything was settled, it was already late at night. Lin Mo was alone on the streets of Hailing City, planning to return to Purple Moon Palace.

At this moment, his spiritual sense suddenly sensed something unusual.

“The surroundings are a little too quiet...”

Lin Mo muttered to himself. Hailing city should be extremely lively, but he felt a sinister feeling in the surroundings.

“Who is it? Come out!”

He said coldly as he took out the ancient desolation sword. He looked around vigilantly.

One had to know that he had just been assassinated during the auction. Now that such a strange thing had happened, he had reason to suspect that it was the same people who had attacked him.

“Someone from the Secret Ghost Sect?”

Lin Mo continued to speak, but there was no one around him. There wasn't even a sound. It was extremely quiet.

“Crack.”

Suddenly, like the sound of glass shattering, the space around Lin Mo shattered, and his figure appeared in the wild.

This was a forest, not hailing city at all.

Behind him, Zhen Gu and a young man walked out. Lin Mo sensed the aura and confirmed his identity. This was the person who had bought the immortal spring back then.

“Zhen Wu de, Zhen Gu's ancestor, a ninth sky of the Nirvana realm expert.”

Lin Mo thought to himself. It seemed like this person had taken the immortal spring and his lifespan had been reset, so he could maintain his youthful appearance.

“Greetings, senior.” Lin Mo cupped his fists and bowed.

He didn't sense any malice from the other party. Perhaps, this was the person who had pulled him out of that illusionary space just now.

“Haha, a Hero is born from a youth. The Vice Palace Master was able to discover the thousand illusion mirror image of the hidden ghost sect at such a young age.”

Zhen Wude Laughed Out Loud and praised without holding back.

“Senior, you flatter me.” Lin Mo bowed humbly. He put away the ancient sword of desolation and restrained his aura.

With this person around, the person hiding in the dark wouldn't dare to make a move anymore.

Zhen Wude Stared at Lin Mo who had retracted his aura and sighed in his heart. Without a doubt, this was a young genius.

In terms of who in the eastern continent would be able to stabilize their immortal foundation, he had two choices in his heart.

One of them was the well-known Saintess Xia you, this monstrous genius of the divine secrets sacred land that was hard to come by in ten thousand years.

As for the other person, that was Lin Mo..

Although he had the divine devouring body, he didn't doubt Lin Mo's ability to ascend to immortality.

In his heart, he believed that if Lin Mo could be the first to transcend the heavenly tribulation, he would definitely be able to break through to the immortal-foundation realm with his divine devouring body.

"Brother Lin, it's best if you don't go out for the time being. People from the secret ghost sect appear and disappear unpredictably. I Won't rest until I kill you."Zhen Gu spoke.

Not far away, streams of light flew over. It was the Holy Maiden Xia you and the three elders from the Divine Secrets Sacred Land.

Apart from them, there was also the retired emperor of the Yanhuang Divine Dynasty who flew over with the tenth princess.

One after another, many experts sensed the commotion and rushed over. There were many experts from the seventh and eighth heavens who were rarely seen.

There were even quite a few experts from the ninth heavens. The lineup was terrifying.

The damask arrived late and was somewhat anxious. After seeing that Lin Mo was fine, the worry on her face disappeared.

After checking Lin Mo carefully and confirming that he was not injured, she heaved a sigh of relief.

"Aunty, I'll be fine. Don't worry,"Lin Mo said with a smile.

He did not know when he had been tricked, but he had unknowingly been lured into the mountains by the secret ghost sect.

"It's good that you're fine. If anything happens to you, Xiyue will do this..."

Qiluo was still feeling a lingering fear. The Secret Ghost sect actually dared to make a move at this time.

She held Lin Mo's hand and said, "Let's go back to Purple Moon Palace. The few of you, don't leave my sight during this period of time."

The Secret Ghost Sect was hidden in the dark, so it was not easy to catch them. Qiluo could only pay attention at all times.

"Hehe..."

A contemptuous laugh came from the dark. It was obvious that it was the person who had just planned to kill Lin Mo..

This must be a ninth sky of the Nirvana realm. His concealment method was extremely strong, and so many ninth sky of the Nirvana realm present could not discover it.

Of course, it was also possible that someone had discovered it, but didn't expose it...

“Only a ninth sky of the Nirvana realm is willing to protect you, and you will undoubtedly die. Our Secret Ghost Sect’s assassination target has never failed...”

The person in the dark said coldly.

Although there were many people present, and there was a group of ninth sky of the Nirvana realm experts.

But the one who was truly willing to risk his life to protect Lin Mo was only Qiluo. The others, especially that retired emperor of the Yanhuang Divine Dynasty.

Lin Mo would have to thank him if he didn’t want to add insult to injury.

Lin Mo wasn’t afraid of such a threat. However, this time, he had a new understanding of the ninth sky of the Nirvana realm.

This kind of control over the power of space combined with martial arts had actually caused him to only notice the abnormality after a long time.

“Senior, you were the one who made a move earlier, right?” Lin Mo looked at Zhen Wu de.

This was because the first to arrive were zhen gu and Zhen Wu de.

After the other party nodded his head, Lin Mo took out a jade box and delivered it over. On the way over, he opened it.

In an instant, a fragrant smell assailed everyone’s nostrils. This fragrance reverberated throughout the entire mountain range, intoxicating everyone.

Many people widened their eyes as they looked at the Spirit Pill in the Jade Box.

This kind of Aura was at least at Earth rank 3. wasn’t its value a little too high.

“Thank you for saving us, senior. This is a thank you gift. Please accept it.”

Lin Mo handed over the jade box and said again, “This is the advanced version of the primordial bone tempering pill, the third level Earth rank profound assimilation foundation pill. The two effects are the same, but the latter can intercept the heavenly tribulation energy and temper the body of the user.”

“Although the effect is not as good as facing the heavenly tribulation directly, there is no danger.”

He had planned to save this spiritual pill for the last auction. When that time came, a pile of earth grade auction items would be enough to be recorded in history.

However, now that he had been saved, he did owe a favor, whether or not qiluo could make it.

Now that he had used this spiritual pill to repay the favor, it was just right.

Zhen Wude took the spiritual pill and checked it carefully with his spiritual sense. Finally, he nodded in satisfaction.

“Great! I didn’t expect such a mysterious spiritual pill to exist in this world. Vice Palace Master, you are really amazing. You even got such a spiritual pill.”

Zhen Wude laughed in satisfaction. He had earned a rank three Earth realm spiritual pill with just a casual attack.

Chapter 459: Purple Moon Palace's Second Ninth Sky

"Brother Lin, did you give this to me? Thank you so much."

Zhen Gu was straightforward and laughed out loud. He had competed with the tenth princess because he didn't have the confidence to face the heavenly tribulation.

His talent was average, and he usually cultivated to refine heavenly materials and earthly treasures.

Needless to say, his foundation would be shattered by the heavenly tribulation.

Now that he could obtain such a spirit pill, he could safely face the heavenly tribulation and cultivate in the Nirvana realm.

As for Immortal Foundation, that was not something he should consider. It was something that geniuses like Lin Moxia, Saintess you, and Chen Wu would fight for.

"Haha, aren't We Friends? It's only right for us to help each other." Lin Mo laughed out loud, indicating that he would give priority to selling good things to Zhen Gu in the future.

This made the others a little jealous. They all knew that Lin Mo had a lot of treasures on him, and Great Yan dynasty had really gained a huge advantage this time.

"HMPH, are you trying to buy people's hearts? Don't even think about it. You're just a junior, yet you want to invite an ultimate expert of the ninth layer?"

Someone sneered in the dark. It was not the voice from before, but someone else's. Moreover, Lin Mo was sure that it was one of the people around him.

"Who is it? If you have the guts, then attack. What's the point of provoking me behind my back?"

Qiluo said angrily and stared at the surroundings. This person had used a magic artifact to hide himself so that no one could detect him.

"The Hidden Ghost sect has already joined forces with the Yanhuang Divine Dynasty. I'm afraid that you, a ninth-heaven cultivator, won't be able to flatten the Purple Moon Palace."

Another voice came from the dark. It was actually a public announcement of his plan.

"The Yanhuang Dynasty?" Qiluo's face turned cold as she looked to the other side.

The tenth princess and the Retired Emperor, Jiang Feng, were there. The tenth princess turned pale when Qiluo stared at her like that.

Even Jiang Feng was the same. Qiluo had just broken through to the ninth firmament not long ago, but he had been in this realm for more than a hundred years.

However, he still felt uncertain when Qiluo stared at him. He felt that he was no match for her.

“How is this possible? After passing the heavenly tribulation, his combat strength has increased so much?” Jiang Feng was shocked.

“Aunty, don’t do anything...”

Lin Mo pulled qiluo back. He was really worried that Qiluo would bring up the past.

“I know what to do. Those who came to participate in the auction are all guests...” qiluo gritted her teeth and said.

Back then, she was injured and her Dantian was damaged. She thought that she would be crippled for life. If Lin Mo did not bring a supreme treasure to save her...

Later on, she had been hunted down. Lin Mo had still brought a teleportation array to save her. She had long hated the Yanhuang Divine dynasty.

If Yue Xuan had not run the auction house and established the Chamber of Commerce, she would have taken action long ago.

“Qiluo, I watched you grow up back then. You Don’t even believe me?”

Jiang Feng tried to salvage the situation. He looked at qiluo with a complicated expression.

The younger generation from back then had grown up to surpass him.

“Cut the crap. Our family was blind when we married Qiluo into the royal family.”

Qiluo cursed. They had agreed to have Jiang Xiyue compete fairly with the crown prince.

In the end, if Jiang Xiyue hadn’t sensed that something was wrong and secretly raised an army, they would still be hunted down.

“Sir, we are guests. Please don’t cause trouble in hailing city. Otherwise, the Yanhuang dynasty will really be blacklisted.”

Lin Mo said coldly. It didn’t matter if the secret ghost sect was trying to sow discord or if it was true.

The Yanhuang dynasty was an enemy to begin with. It wouldn’t be surprising if they joined forces.

“Forget it, Lin Mo, let’s go. There’s no need to talk to such people.”

Qiluo pulled Lin Mo up, tore open space, and returned to Purple Moon Palace. She did not want to continue arguing.

On the other side, Jiang Xiyue and the others were all present. The purple spirit guards were already on guard.

The purple spirit guards had all successfully transcended the tribulations, and their combat strength had increased greatly. Once the four spirits battle formation was activated again, it would be extremely terrifying.

“Don’t go out during this period of time. Elder Luo is about to come out of seclusion. Let’s wait for him to come out before leaving,” Qiluo said.

She couldn’t be in two places at once. On one hand, she had to guard the Purple Moon Palace to prevent people from sneaking in.

On the other hand, she had to keep an eye on hailing city to prevent any accidents from happening to Lin Mo. .

“Elder Luo is going to break through so soon?” Lin Mo was pleasantly surprised. This was big news. He thought elder Luo would be in seclusion for several years this time.

“After all, there are so many spirit stones supporting him. It’s normal for him to break through faster,” Jiang Xiyue said with a smile.

Before the last auction began, Lin Mo had been resting in the Purple Moon Palace.

During this time, Zhen Gu and Saintess Xia you would visit occasionally.

Even the tenth princess of the Yanhuang dynasty had come. When she saw Jiang Xiyue, the two of them chatted for a while.

The tenth princess was ordered to come. She wanted Jiang Xiyue to go back. As long as she was willing, she could become the new Empress when she went back.

“Empress, alas, I yearned for it when I was young...”

In the room, Jiang Xiyue was nestled in Lin Mo’s arms, feeling a little emotional.

When the tenth princess went back to report, the answer she received was naturally not good. She did not want to go back.

This promise came a little too late. What was the point of saying all this now.

“How do you want to develop the Purple Moon Palace? Are we still going to attack the Yanhuang Dynasty?” Lin Morou said softly.

Lin Mo gently brushed Jiang Xiyue’s long hair and hugged her tightly.

Jiang Xiyue might be conflicted right now about attacking her former home. On one hand, it was hatred. On the other hand, it was family love.

“I don’t know. I’m so conflicted.”

Jiang Xiyue hugged Lin Mo tightly and enjoyed a moment of peace.

“I’m the Palace Master. I have to be responsible for the soldiers of the three armies. I have to be responsible for the elders who came with me. The Purple Moon Palace has to develop.”

“But do I really have to raise my gun to father? Will people say that I am unfilial...”

She spoke softly. This conflict had troubled her for a long time.

Without territory, there would be less taxes, which meant that there was a lack of resources. These were necessary for a large force.

“Let’s see what they will do. If they truly repent, we will not fight anymore. Leave the resource issue to me.”

Lin Mo patted Jiang Xiyue’s back and comforted her, hoping that the Yanhuang dynasty wouldn’t be ungrateful.

If they really wanted to fight, then don’t blame him for being merciless.

Although they wouldn’t go as far as to destroy the Yanhuang dynasty, it wasn’t impossible for the Purple Moon Palace to have one more subordinate force...

The Purple Moon Palace welcomed another wave of calm.

Of course, this meant that no one was looking for trouble, and no one showed any hostility.

In the past few days, the Lu Jin dynasty and the great ancient God dynasty had also sent people over with many spirit stones and treasures to choose the auction.

Of course, the first thing these two forces did when they arrived was to look for the qiluo and ask about the essentials of transcending the Heavenly Tribulation.

After receiving a satisfactory answer, they went to the mountain range and triggered the heavenly tribulation.

This kind of terrifying fluctuation caused the people of hailing city to discuss animatedly.

However, this was only the beginning. On the same day, the sky above the Purple Moon Palace was covered with dark clouds as snake-shaped lightning bolts streaked across the sky.

The dark clouds pressed down on the city. Amidst the Lightning and thunder, many people from the Purple Moon Palace were a little nervous.

Lin Mo and Jiang Xiyue were especially anxious as they looked at the horizon.

In a secret chamber of the Purple Moon Palace, a figure suddenly opened his eyes, and a bright light flashed.

He flew into the sky and instantly flew into the clouds.

He opened his arms and allowed the heavenly lightning to strike down and explode on his body.

In hailing city, some people had solemn expressions. The second ninth sky of the Nirvana stage of the Purple Moon Palace had appeared...

Chapter 460: The Auction Recorded in the History Books

Luo Haoyu did not undergo the tribulation in the sky above Purple Moon Palace. Instead, he entered the mountain range and engaged in a fierce battle with the heavenly lightning.

An hour later, he appeared in the sky above the mountain range, bathed in the lightning and howled towards the sky.

His aura was even more condensed, and his combat strength was even stronger than the Qi Luo. After all, he did not rely on the spiritual pills to directly increase his cultivation.

“Congratulations, Elder Luo.”

Lin Mo and the others came to welcome him. When they saw that Luo Haoyu had successfully transcended the tribulation, they were ecstatic.

From today onwards, Purple Moon Palace had two Ninth Sky Nirvana Realm cultivators and three armies. They had completely stabilized their footing.

“Congratulations, fellow Daoist, you’ve successfully transcended the tribulation.”

From afar, someone flew over and cupped his fists to congratulate him.

Luo Haoyu returned the greetings one by one. Seeing this, Lin Mo also took out the gilt golden cauldron that he had obtained from the auction earlier.

“Elder Luo, this is an earth grade tier one magic tool. The Gilded Golden Cauldron is perfect for you.”

Under everyone’s envious gazes, Luo Haoyu took the gilded golden cauldron and planted a soul imprint on it. He was very satisfied.

“Haha, Thank You, vice palace master.”

Luo Haoyu laughed loudly. The others were also extremely envious.

Earth grade magic tools were incomparably precious, but the Purple Moon Palace’s higher-ups seemed to have one in their possession.

Last time, they had seen a little girl with an earth-grade magic artifact in her body, which was of an even higher grade.

Where exactly did Lin Mo get this magic artifact? Even if he frequented forbidden areas, he had obtained too many treasures...

“Elder Luo came out of seclusion at the right time. There will be an auction that will go down in history tomorrow, and Elder Luo will be needed to oversee it.”

Lin Mo smiled and said. Qi Luo would oversee the Purple Moon Palace and guard the Treasury together with the purple spirit guards. They would not leave unless it was absolutely necessary.

As for the hailing city’s Yue Xuan, Luo Haoyu would be needed to oversee it.

“To be able to oversee such an auction, this old man is more than happy to do so.” Luo Haoyu smiled and nodded. He returned to the Purple Moon Palace with Lin Mo and the others.

“Palace Head, you and Miss Bai Luo should also undergo the tribulation as soon as possible. Bathing in the heavenly tribulation is akin to being reborn.”

In the Purple Moon Palace, Luo Haoyu said and told them how he felt when he was going through the heavenly tribulation.

After a short conversation, Bai Luo came to the conclusion that it was not the time to go through the heavenly tribulation yet.

“Let’s forget about Xiyue and me. Lil’ Die, you guys who are going through the heavenly tribulation, don’t get too close.”

Bai Luo said. Lin Die was an innate rare beast, just like the God Devouring Body, it could easily trigger the jealousy of the heavens.

Once someone who had transcended the heavenly tribulation appeared in front of her, heaven would soon sense it and send down a divine punishment.

A guard reported that various forces had come to pay a visit to Luo Haoyu and Qi Luo, the two experts of the ninth layer.

Lin Mo and Jiang Xiyue benefited from the visit. As they were the palace master and Vice Palace Master, they were sitting at the same table with a group of supreme experts.

They toasted each other and greeted Luo Haoyu. At the same time, they also asked about some news about the auction tomorrow.

“What? Vice Palace Master, are you serious? There’s a lucky grass auction?”

Zhen Wu De of Great Yan Divine Empire was the first to be unable to sit still. The lucky grass was a rare treasure that was blessed by the heavens.

“Of course, but the lucky grass is extremely precious. It’s none of my business if any of you can get it.”

Lin Mo raised his cup, his eyes slightly shifting as he glanced at Saintess Xia you. Seeing this, she raised her cup to him.

The fate grass had been decided internally and was auctioned by Saintess Xia you. She claimed that Lin Mo had found it in the forbidden area.

Both parties would benefit from it, so they naturally wouldn’t expose anything.

The gathering continued until late at night. Many people wanted to befriend Lin Mo. . Some even planned to send the pearl of the family over to be Lin Mo’s concubine. However, Jiang Xiyue rejected them and rejected them.

“Vice palace master, we’ll see you at the auction tomorrow. We’re looking forward to it.”

Before they left, these people said one after another. They couldn’t wait to participate in the auction tomorrow.

After preparing for the entire night, Lin Mo and Jiang Xiyue took stock of the auction items.

In the end, they decided to divide the auction into three grades. This way, the people in the hall wouldn't become spectators.

"Did you rob the Forbidden Area? So many?"

In the room, Jiang Xiyue looked at the list with her mouth agape. She called Bai Luo and the others over to check, and they were all shocked speechless.

"Tell me the truth. Do you have any special methods to break into the forbidden area?" Bai Luo said unhappily.

Lin Mo must be hiding something, which Luo Haoyu and Qiluo agreed with.

Even if the two of them went to the forbidden area together, they didn't dare to say that they would be able to bring out so many treasures.

Moreover, Lin Mo's strength was only at the third sky of the Nirvana Realm.

"Ahem, I said I was lucky, do you believe me?" Lin Mo coughed dryly and chuckled.

"Nonsense, who would believe you?"

This time, Jiang Xiyue didn't believe Lin Mo either. She stared at him, not believing that a person's luck could be this good.

"Alright, let's discuss how to hold the auction..."

Qiluo advised. There were so many treasures. It was enough for these people to auction, but if they put them all together, it would take an entire day.

"That's simple. We'll rent two auctions in Hailing city. Duanmu Jia and Huixiang will host them."

Lin Mo said. He had already made plans, but he needed everyone to distribute the treasures.

He got a few elders to bring Duanmu Jia to preside over the auction. The treasures being auctioned would range from spirit rank 1 to spirit rank 5.

He would provide the weaker people with treasures so that they wouldn't have to return empty-handed.

As for Huixiang, she would bring the treasures from spirit rank 5 to spirit rank 9 to the auction. The finale would be a half-step Earth rank treasure.

In the end, Lin Mo would personally preside over the auction at Yue Xuan, auctioning the treasures that were half-step Earth rank and above. The finale would be the Green Nether Jade.

This way, Yue Xuan wouldn't be overcrowded.

"That's not a bad idea. However, I have to participate in the auction as well. There are some treasures that are beneficial to our cultivation, so we can buy them."

Bai Luo said as he exchanged glances with Lin Mo..

The two of them recalled the past, and they worked together to raise the bid, scamming the spirit stones from the opposing factions...

However, they didn't need to resort to such methods anymore. This was because they didn't need to raise the bid, and they could raise it to the highest possible price...

After organizing the treasures for the entire night, Lin Mo took a short break, and it was already the afternoon of the second day.

He and Luo Haoyu arrived at Yue Xuan, and the place was already filled to the brim with people.

Although there were two stages of the auction, Yue Xuan was still packed with people, and it was completely packed.

There were many people who didn't come for the auction, but to take a look at the Green Nether Jade.

"Welcome to the Moon Pavilion Auction."

Lin Mo stood on the auction stage, looking down at the crowd below, feeling a little helpless.

Actually, only these people in the private room were participating in the bidding.

The rest of the people were just spectators. Perhaps some of them had the strength to participate, but most of them were still competing for the top-notch strength.

"There are a total of 57 items in this auction, all of them are half-step earth rank and above."

"If you wish to auction off low-level items, you can head to the other two locations."

After exchanging pleasantries, no one walked around. They were all waiting to observe this grand auction.

"Let the auction begin. Please welcome the first item."

Lin Mo knocked on the auction hammer for the first time and took out an ice-blue ginseng from the system space.

"Half-step Earth rank, ice snow spirit ginseng. This is the advanced version of the ice crystal ginseng. Its medicinal effects are stronger and gentler."

"Starting bid, 12,000,000 medium grade spirit stones..."
