

Triplets On SM 741

Chapter 741-However, this was extremely painful for Joelle to watch!

Joelle had scanned Molly from head to toe the minute Molly showed up.

When Joelle realized that Molly was looking way better than her, to the point where she was almost breathtaking, Joelle was livid!

'This b*tch! Doesn't she know that my family is the highlight of this banquet?!' 'Why is she dressed so beautifully? She just wants the attention!' Obviously, Joelle could only keep these thoughts in her head.

She still remained a friendly smile as she greeted Molly, "I didn't expect you to come, Miss May. Welcome!"

"Miss May?"

Mr. Herring Sr. looked over and stared at Molly. He then looked at Sean and immediately connected the dots.

He did not back down and asked, "Sean, Miss Molly is..."

Sean had never planned to hide Molly's identity, so he introduced her with a calm expression. ' Mr. Herring Sr., this is Molly May, the daughter of the May family. She's also my... fiancée.'

'Fiancée?' Joelle's jaw was almost on the ground when she heard Sean!

Ricky and Alice were shocked as well. They did not expect Sean to announce Molly's identity so directly!

However, they were not against it. After all, Molly was going to be one of them sooner or later.

But, the guests immediately looked at Molly as soon as they heard that she was Sean's fiancée!

There were countless pairs of eyes that were fixated on Molly.

Some of them were curious. 'Who is this Miss May and what power does she have to get a man like Sean Anderson?!' Some of them were spiteful. 'She took Sean Anderson away from us!' Some of them were envious. They just thought, 'This woman is so lucky! Not only is she beautiful, but she also has a nice body. And, she actually managed to get Sean's profound love!' Sean was the man of every woman's dream!

'But now, Sean had just announced to the world that this woman is his fiancée.' 'Sigh, I'm so, so jealous.' 'Ah, I feel so bitter!' On the other hand, Molly was oblivious to their opinions and judgments about her.

However, it did not matter as she did not care about what they thought.

Since Sean had already made her identity public in front of so many people, she would not embarrass him.

So, she smiled and greeted Mr. Herring Sr. "It's a pleasure to meet you, Mr. Herring Sr. I'm really sorry for not bringing you a present on our first meeting."

"Hello, hello! Bah, forget about the presents! I'm just happy that you came tonight."

Mr. Herring Sr. guffawed as he looked at Molly intensely.

'This girl is prettier than my granddaughter!

'That's an undeniable fact!

'No wonder Sean would choose a woman like her!' Bring me somewhere so we can have a rest,' Sean said to Molly after greeting the elders.

He was just worried that Molly was embarrassed as she was observed like an object in an unfamiliar place.

That was why he wanted to take her somewhere quiet, so she could have a break.

At the same time, Molly did not want to stand around aimlessly too. So, she took Sean to a quiet place and sat down with him.

However, although they were taking a break, there were many people who came up to them to try to get closer to Sean.

Chapter 742-It was just impossible for Molly to stand next to Sean without getting judged by other people.

So, all the people who attended the banquet looked at her without even hiding it.

However, Molly could not care less about them. She just stood there, unbothered by their opinions of her.

She would lean beside Sean's ear to talk and chuckle with him from time to time. Their sweet interaction had made many guests envious.

Joelle, who was standing close by, saw them too. She got so furious that she almost had bloodshot eyes.

'Molly May!' 'Who is she to be here? Who is she to be standing next to Sean? She came from such a cheap family, and she doesn't deserve to be loved by Sean!' Joelle thought to herself as her face twisted in an ugly way from all the jealousy and bitterness that she was feeling.

"Joelle, are you okay?" Mr. Herring Sr. approached Joelle from behind while holding his cane. He could not help but feel worried after seeing the look on Joelle's face.

'Grandpa.' Joelle recollected herself and swept away all the sorrow on her face. Then, she forced a smile and said to her grandfather, "I'm fine. Grandpa, why aren't you resting? A lot of people came today, so I'll entertain them for you. IV Mr. Herring Sr. shook his head, it's too boring to just sit there. I want to walk around."

After that, he looked at his granddaughter with gratitude and said emotionally in his throaty voice, "You're all grown up, and you can handle things on your own now. I'm very thankful for this. I wonder what kind of person will marry you and be your husband."

Joelle smiled, but she did not say anything.

Mr. Herring Sr. looked over to Sean. He thought about something as he said to Joelle again, "Joelle, you're not that young anymore. You're a clever girl. You should know that it takes two to make a relationship work.

"Now that Sean is already with somebody else, you should just give up on him! You have a lot to offer. I'm sure you'll meet somebody better."

"Grandpa..."

Joelle felt a little upset when she heard what Mr. Herring Sr. said.

Before Molly appeared, her grandfather wanted her to be with Sean!

However, Alice started to treat her differently after Sean got together with Molly, and her grandpa told her to move on too.

'No way!

'Why should I? Why can a woman like Molly be together with Sean, but I can't? How is she better than me?' "Joelle, listen to me."

Even though Mr. Herring Sr. was already old, he was still a very reasonable man. Of course, he knew that Joelle was in love with Sean, but some things were just destined to be. Being persistent would not change anything.

He slowly took a few steps forward and tried to convince Joelle. "There are so many outstanding and wealthy men in this banquet tonight for you to choose from. Just tell me if you see anyone that you're interested in. I can pull some strings and get you two together. However, you should move on from Sean now, or you'll get hurt.

"Just listen to me, my dear child."

The old man's wrinkled face was full of concern.

Joelle just stood there without saying anything.

She felt wronged and thought to herself, 'It's not that easy to give up on the person I love!' Besides, Sean was the best man she had ever met. There was no way that she could find someone better.

However, Joelle did not want her grandfather to be too worried about her.

So, after deliberating about it, she chose to comfort her grandfather and said, "Don't worry, grandpa. I know what to do. I'm not going to bother Sean anymore now that he's already in love with someone else."

Chapter 743-"After all, feelings can't be forced upon." Joelle smiled as though she had really figured it out.

Seeing that his granddaughter was sensible, Mr. Herring Sr. nodded satisfyingly and said, "I'm glad you have figured it out!"

After that, Mr. Herring Sr. walked away with his cane and said nothing.

Unbeknownst to Mr. Herring Sr., Joelle glared at Molly again as soon as he started walking away. Joelle's glares were so sharp that they seemed to be able to sprout spikes!

'Give up? There's no way I'm willing to give up.

'Molly, aren't you really good at seducing Sean?

Td like to see it. Will Sean still choose you if your reputation is ruined!' Joelle thought.

"Achoo! Achoo!"

Molly pulled a piece of tissue and covered her mouth and nose as she sneezed twice. Then, she heaved a sigh of relief.

"You have a cold?" Sean asked. He looked at Molly worriedly, and there was an invisible tension in his voice.

'It's nothing. It's just that my nose is itchy. Or, maybe someone is cursing me." Molly said with a smile. Molly did not notice at all that Joelle's glare could kill her from not far away.

Molly sat for a while. Suddenly she felt like using the washroom. So, she got up and said, "I'm going to the washroom for a while. Wait for me here."

After Molly finished speaking, she held her evening gown and walked toward the washroom.

Sean did not think much about it when he looked at Molly's back as she walked away. He sat there quietly, waiting for her to return.

At that time, many people came forward to greet Sean. However, they were all dismissed with a wave from his hand.

At the same time, Molly stood in front of the mirror and washed her hands when she came out of the washroom. After she dried her hands, she took out the small pouch she was carrying and planned to reapply her lipstick.

Molly was focusing on reapplying her lipstick, and she did not notice a woman approaching her from behind.

‘Oops!’ Suddenly, a woman deliberately bumped into Molly’s back. Molly was caught off guard, and she leaned forward. The lipstick rubbed onto her cheeks, forming a thick and ugly red mark.

‘I’m sorry, miss. I didn’t mean to.’ A voice of a woman apologizing came from behind.

Molly looked at herself in the mirror and frowned.

‘My makeup is ruined!’ Molly thought.

Since that woman did not do it on purpose, Molly told her that it was okay. Molly then took a tissue to wipe her cheeks and then touched up her makeup again.

Unexpectedly, a sarcastic sneer suddenly sounded from the side. “Ms.

May, you really do pay attention to your image. Presumably, you must have used your outward appearance to seduce Mr. Anderson, right?

As soon as Molly heard those words, her eyebrows frowned again.

Looking at the mirror’s reflection, Molly noticed that the woman talking was the same woman who had just bumped into her.

‘What the heck? Did she bump into me earlier on purpose?’ Molly thought.

“Miss, do we know each other?” Molly turned around immediately and asked angrily.

The woman standing in front of Molly was wearing a yellow evening dress with curly hair draped over her white shoulders. She looked stunning, but it was a pity that her makeup was too heavy. Her whole body seemed to have a non-mainstream cheap feeling.

Coupled with those contemptuous eyes and arrogant attitude, it was evident that the woman was here to cause trouble!

When the woman saw Molly turning around, she sneered and bluntly said, ‘ Ms. May, you may not know me, but I know you!’

“You are Molly May, and you have three children, who are Alex, Ben, and Claudia, right?”

The woman’s tone was very contemptuous and sharp. She obviously had done some background checks on Molly in advance.

Molly narrowed her beautiful eyes and cautiously asked, “Who are you?”

Chapter 744-Who am I? It doesn’t matter who I am. What matters is that I didn’t expect a cheap woman like you to be with Sean.”

The woman did not say much and directly exposed her ugly side. She looked at Molly with contempt in her eyes.

Molly did not know who the woman was at all. Molly became angry because she was being scolded inexplicably. Molly then coldly said, “Miss, we don’t know each other. Please don’t make a scene here!”

At that moment, a few socialites walked toward the washroom.

When the woman saw someone coming, she immediately raised her voice and said, “Ms. May, I’m not looking for trouble. I’m just telling the truth. A woman like you is not worthy of being with Sean! You have three children, and you are not innocent anymore. I feel really sick for you!”

The socialites who came toward them were stunned as soon as those words were out.

They had met Molly earlier, and they knew that she was Sean’s girlfriend.

The socialites thought, ‘That woman said Molly had given birth to three children?’

‘Is that a joke?’

‘Sean found a woman who had given birth to children to be his fiancée?’ At that moment, everyone was dumbfounded.

“Are you done?” Molly asked.

Just when the few people were surprised, Molly finally got angry.

‘I just want to go to the washroom, and I’m being picked on by a woman who appeared out of nowhere. Who did I provoke this time?’ Molly thought.

Molly immediately looked cold and warned the woman in yellow in front of her, “Miss, I don’t even know you.

What are you trying to do by exposing my private affairs inexplicably?

“So, what if I have given birth to children? Did that get in your way? The person I’m with is Sean, not you.

Sean didn’t say anything, and you don’t have the right to talk about it!

“Since you think you are such a good person, go and tell the same thing to Sean. I’d like to see if Sean will blame you or me.”

The woman in yellow was shocked on the spot! She did not expect the soft and weak Molly to have such audacity!

The woman in yellow twitched her lips a few times, and she could not refute it for a while.

Seeing that the woman was so frightened, Molly could not help but sneer, ‘What’s wrong? Cat caught your tongue?’

Immediately, Molly had no interest to pay attention to that woman, so she walked past her.

Several women were still stunned in place. They only came back to their senses after Molly walked away.

In the next second, the socialites immediately approached the woman in yellow and asked, “Hey, is what you said just now true? Did Ms. May really give birth to children before this?”

The woman in yellow nodded again and again. She said, “It’s true. That woman gave birth to three children five years ago. I don’t understand why Mr. Anderson would fall head over heels for her!”

“My goodness.”

The socialites were stunned.

It did not take long for the news to spread at the banquet like wildfire.

Wherever Molly went, she could hear someone mocking her.

“Look, that woman is a mother of three, and she became Mr. Anderson’s girlfriend. I don’t know how she is so lucky!”

“She’s a mother? And, of three children? Oh, dear. How could Mr. Anderson fall in love with someone like her?”

“She looks so young, and she doesn’t look like a mother. Could it be that she tricked Mr. Anderson?”

“Who knows?”

Molly could hear all kinds of gossip.

Naturally, the gossip would also reach Sean’s ears.

Sean frowned, and his expression turned gloomy and cold!

‘Who spread the news about Molly being a mother of three around?’

‘And, how did everyone know about it in a blink of an eye?’ Sean thought.

‘Sean, should I head home?’ Molly asked uneasily after thinking about it.

Chapter 745-Molly did not feel ashamed at all about her giving birth to children before. After all, the three little ones were her pride!

But, Molly did not want Sean to be affected nor did she want Sean to endure the cold glares.

All Molly wanted to do right now was to walk away.

However, Sean refused to let go of Molly’s hand.

Sean's eyes were deep, and they constantly exuded his noble temperament. He then firmly said, "What are you so afraid of? Just stay by my side. I'd like to see what else they dare to say!"

'Sean... Don't... I don't want people to laugh at you," said Molly as she softened her voice.

"Nonsense. How can you be a joke?" Sean interrupted Molly.

Sean looked at Molly's watery eyes seriously and said, "Listen to me and stay by my side. You are the woman I chose to be with, even if you have ten children. No one else would have the right to mind if I didn't."

After all, Molly's three children were all his in the first place!

Naturally, Sean wanted to protect his woman. He wanted Molly to stay by his side instead of running away.

As soon as Sean's words came out, the sun illuminated Molly's heart.

Molly did not expect Sean to disregard others' thoughts at all, and he only wanted to keep Molly by his side.

Molly suddenly felt that there was nothing to be afraid of. She smiled and said, "Okay, then I'll stay by your side."

"Good," Sean replied quietly. He held Molly's hand tightly, as he was reluctant to let go.

Meanwhile, on the other side of the banquet, the woman who was arguing with Molly in the washroom ran to Joelle.

"Joelle, I did as you told me to. I have exposed all the things about Molly being a mother. Now everyone should know that Molly is not a decent woman!" The woman smiled proudly after she said that.

Joelle nodded with satisfaction after hearing that. Then, she said, "Well done. A woman like Molly is not worthy of Sean at all. I'd like to see how she has the face to stay here!"

After Joelle finished speaking, she looked at Molly.

To Joelle's surprise, Molly did not panic at all. She was still standing beside Sean, chatting and laughing with him. It was as though she was not affected at all.

Joelle's expression changed instantly!

'What happened?

'Is Molly that shameless? Why didn't she leave after being mocked by others?' Joelle thought.

Joelle suddenly became even angrier. With those fierce eyes, she wished she could tear Molly apart!

Concurrently, Sharon, who was not far away, had the same thought as Joelle. They both wished that Molly would die.

Sharon was wearing a pale pink evening gown. Standing in the crowd, her eyes kept peeking at Sean and Molly.

Seeing that Sean and Molly were so sweet and lovely together, Sharon felt so angry that she could gulp a whole glass of red wine!

'That w*nch!' Sharon cursed at Molly fiercely in her heart. Then, Sharon silently walked behind Joelle and called out, "Ms. Herring."

Joelle was stunned for a moment, and when she looked back, she saw Sharon. Joelle could not help but be surprised. "Ms. Newman?"

Joelle and Sharon had met a few times before, but they did not know each other well. However, they were still able to call each other's names.

Sharon smiled at Joelle and then bluntly said, "Ms. Herring, it looks like your plan was in vain."

"Excuse me?" Joelle was taken aback.

"You were the one who spread the news about Molly being a mother, right?" Sharon asked indifferently

Chapter 746-her being a mother at the banquet. Ms. Herring, you are far more ruthless than you look.

"But don't worry, I'm not here to expose you. On the contrary, I'm on your side."

Joelle's eyes darkened as soon as she heard what Sharon said.

'I don't get why would Sharon want to talk to me. Could it be that...' Joelle thought.

Joelle suddenly took a few steps toward Sharon and softly asked, "You hate Molly too?"

"To tell you the truth, I hate her very much," Sharon said bluntly.

Joelle's eyes lit up, and they met with Sharon's. The two were like two lonely drifters in the sea and became accomplices when they finally met.

However, Joelle did not trust Sharon completely. Joelle then cautiously said, "Ms. Newman, be careful with your words. The consequences will be severe if Sean finds out about our thoughts."

"Naturally," said Sharon.

Sharon had already thought about that before approaching Joelle. Sharon gently turned the bracelet on her wrist as she smiled and said, If you don't mind, we can be friends, Ms. Herring. Maybe there will be a time for US to help each other in the future."

Sharon's smile was gorgeous, and her words had a deeper meaning.

Joelle naturally understood what Sharon meant.

Both of them hated Molly very much. From that moment on, they could help one another in dealing with Molly, and they may be able to do that with lesser effort.

"Sure," said Joelle.

After thinking for a few seconds, Joelle nodded in agreement.

'The more the ally, the merrier,' Joelle thought.

Joelle smiled. Then, she stretched out her slender right hand and said, "It's a pleasure to work with you."

"The pleasure is mine," said Sharon, holding Joelle's hand.

Molly and Sean entertained the guests, and they had no idea that Joelle and Sharon were working together.

At that time, Sean brought Molly to his mother and greeted her. Mom."

"Mrs. Anderson,' Molly greeted softly. She subconsciously pinched the corner of her dress, feeling a little restrained.

After all, Molly had some unpleasant encounters with Mrs. Anderson. Molly was worried that the other party would not be pleased with her.

However, to Molly's surprise, Alice smiled and praised, ' Ms. May, you look gorgeous today.' Molly was stunned for a moment, wondering if she had heard it wrong.

But, before Molly could react, Alice continued, "Ms. May, you were living abroad a few years ago, right?"

Molly was a little surprised by Alice's gentleness. Molly then nodded and said, "Yes."

"And, you raised your children all by yourself?" Alice asked with concern.

Molly frowned a little. She did not understand why Alice would suddenly ask about that. But, Molly nodded obediently and replied, "Yes, I have been abroad for the past few years. And, thanks to the help and support of my friends, my children were able to grow up strong and healthy."

"That must be very hard for you!" said Alice.

Alice sighed and put on a smile. She said, "I have met your children, Ms. May. You did a great job raising them to be sensible."

Chapter 747-"Not at all. Thank you for the compliment," said Molly as she smiled.

Molly was still confused and had no idea why Alice suddenly cared about her children.

Other than that, it was rare for the two of them to converse calmly. Molly could not help but feel a little excited.

Molly was a little too happy. She could not help but drink a few more glasses of wine at the banquet and felt a little dizzy.

The sky was already dark when Sean sent Molly home. Brycen could not help but nag at Molly when he saw that she was drunk. "Why is she so drunk? Don't you know how to stop her?"

Sean was speechless. He wanted to stop Molly, but she was smiling at the banquet and said to him, "Sean, is it okay if I just take a sip?"

Seeing that Molly was happy, Sean could not bear to stop her. So, he allowed her to drink a glass of red wine.

Unfortunately, Molly's alcohol tolerance was very low, and that glass of red wine had made her dizzy.

Sean thought of that and apologized helplessly. "Sorry, it won't happen again."

After a pause, Sean whispered to Molly, "Molly, I'll go home now."

"Mmm... Sean? You are going back already?" Molly was dizzy. She looked at Sean with her squinted eyes.

Seeing that Sean was about to leave, Molly immediately broke free from Brycen's arms and stumbled. She walked to Sean's side and said, "Let's go. I'll go home with you and give you your treatment! With a great doctor like me around, I guarantee that you will be alive and kicking tomorrow!"

"Pfft!" Tony almost burst out laughing.

Sean and Brycen were silent for two seconds. Instantly, Sean smiled and said, "No, you're drunk. Go and rest. I'll see you tomorrow."

"I don't wanna. I wanna go back with you. I'll go home after I give you the treatment, okay? Listen to me, Sean. Let me treat you!" Molly said childishly.

Molly had no idea how charming and funny she looked at the moment.

Brycen helplessly facepalmed. He stepped forward to hold Molly and said, ' Okay, that's enough, Molly. I'll take you inside.'

“Go away. Who are you?” Molly asked.

Molly was utterly stunned. She felt that the world was spinning and was about to faint.

But strange enough, Molly could still tell where Sean stood. She smiled at him and said, “Let’s go. Take me to your house. I want to treat you!”

After Molly finished speaking, she pushed Sean directly and limped to the villa next door.

“Hey, hey!” said Brycen.

Brycen could not stop Molly and was helpless about it. So, he reminded Sean, “Bring Molly back home later, or I’ll have to deal with you.”

“Leave it to me,” Sean replied calmly.

After that, Sean let Molly push him back to the villa and went upstairs.

“Boss, d-do you still need me?” Tony asked as he blushed and felt a little embarrassed when he saw the two returning to the room.

Sean nodded slightly and instructed, “Don’t go to sleep yet. I’ll call you later to send her back home.”

“Huh? Oh!” Tony nodded.

Tony nodded, but in his heart, he thought, ‘The way the boss said it was a little too decent, right?’

‘He even wants to send Ms. May home?’

■Just as I thought, the boss's tolerance is extraordinary!' Tony hurriedly turned around and closed the door on his way out!

"Huh? Where's my medicine box?" Molly asked.

At that time, Molly was dazedly looking for something in the room, and she muttered, "Why is my medicine box missing?"

Chapter 748-"Nevermind then, rn give you a massage first, Sean," Molly said.

After that, Molly walked wobbly over and placed her hands on Sean's wheelchair. She slowly squatted before him and touched Sean's slender legs with her fingertips.

The weight of Molly pressing on him was neither light nor heavy, but the meridian points she pressed on were precise. It was obvious that her medical skills had formed a muscle memory.

However, Molly felt a little dizzy after pressing it a few times.

Molly looked up at Sean and found that he seemed to have split images, and he turned into two at one moment and three at another.

"Huh? Why are there three of you, Sean? Are you doing a magic trick?" Molly asked in a daze. Her eyes were rolling as if she would faint at any time.

Sean helplessly said, seeing that Molly was really drunk, "Molly, wake up. You should go back to rest!"

Unexpectedly, Molly shook her head and muttered, "I don't wanna.

"I wanna be with you. I'm not going anywhere. 1-1 wanna hug you."

After Molly finished speaking, she behaved like a child and sat on Sean's lap as soon as she took a step.

Then, she buried her head in Sean's arms.

At the same time, Molly tightened her hands and hugged the man tightly.

Sean frowned. His current pose was not comfortable, and he felt like he was being partially restrained. He was almost out of breath.

'Molly, Molly!' Sean groaned helplessly.

"What?" Molly came back to her senses and let go of Sean's body. Her eyes met with his impeccable handsome eyebrows.

Molly thought to herself, 'This man is so charming. His facial features are as perfect as a carved sculpture. He has a wide forehead and a high nose bridge. His skin is so good that you can't even see the pores, and his lips look very pink and soft.' Molly looked at Sean and was lost in a daze. She could not help but close her eyes and pressed her lips against his.

Sean's eyes widened, and his face was full of surprise.

'What is this woman doing?' Sean thought.

Sean hurriedly stretched out his hand to push Molly away. However, as soon as his hand touched Molly's shoulder, he was hugged even tighter.

Molly kissed roughly as if she could not wait to devour Sean on the spot!

Sean's expression became long. He thought, 'Does this woman know that she is playing with fire?' Obviously, Molly had no idea what she was doing.

Molly only felt that Sean's lips were like jelly, which was soft and comfortable. So, no matter what, she refused to let go of Sean.

Sean tried his best to control his sanity. But, he was still no match for Molly's ignorant attack.

In the end, Sean simply stopped resisting. He clasped the back of Molly's head with both hands and kissed her deeply.

The kiss was deep and lingering.

Molly gradually lost her dominance. She felt that she was being powerfully apprehended by a beast.

At the same time, Molly felt a hand gently sliding into her lower back.

!!!

That strange touch made Molly suddenly sober up.

Molly suddenly widened her eyes. She looked blankly at Sean and confusedly said, "Sean, w-what's the matter with you?"

"What's wrong with me?" Sean asked.

Sean almost laughed because of Molly. He thought, 'This woman is really something. She managed to arouse me but innocently asked what's the matter with me?' Sean smirked and said in a bewitching tone, "If you don't get up, I'll probably have to..."

Hearing that, Molly looked down and found that she was sitting on Sean's lap!

Chapter 749-Molly's face immediately blushed, and she hurriedly jumped off Sean!

"S-Sorry..." Molly apologized softly as if she had done something wrong.

Her face and ears were still blushed.

Sean noticed the blush on Molly's face. He could not help chuckling and joked, "You're sorry? That's all?"

Molly was enthusiastic and proactive earlier, and Sean was so close to losing control of himself.

"1-1..."

Molly was so nervous that she stuttered even more when she spoke. She did not know how to explain herself for a while, and her face was blushing badly.

At the same time, Molly had come back to her senses.

When Molly thought of what she had done to Sean earlier, she wanted to find a hole and bury herself badly.

Seeing that Molly was very shy, Sean could not bear to tease her any longer. He smiled and softly said, "It's okay. It's normal since you are my girlfriend, after all.

"It's getting late. Let me take you back home."

As Sean said that, he pushed his wheelchair and lead Molly downstairs.

Molly stopped Sean and said, "No, I can go back by myself. You are already exhausted today, so you should go ahead and rest. I'll ask Tony to send me back."

"O-Okay, get some rest when you reach home. Don't stay up late again." Sean reminded Molly with his deep voice.

Molly felt warm in her heart. She smiled and said, "Okay, I'll do as you say."

Molly turned around and went back to her home.

When Molly got home, Brycen had not slept yet. He was relieved when he saw his sister come back safe and sound. He said, "It looks like Sean is a decent gentleman after all. He didn't take advantage of others."

"Brycen, what are you talking about?" Molly groaned. She did not bother to pay attention to Brycen and went upstairs.

"I was worried about you, okay? You are heartless. I didn't sleep just to wait for you to come home, and you don't feel sorry for me at all!" Brycen muttered arrogantly and went back to his room.

Molly was lying on her bed at night, tossing and turning around.

Molly kept recalling what she had done to Sean earlier tonight. She felt that her cheeks and ears were hot, and her heartbeat was beating faster.

'If I wasn't drunk earlier, I would never have acted so proactively toward Sean in my entire life!' Thinking of that, Molly subconsciously touched her lips with her fingers.

Molly's lips were a little frayed because of the intense kiss. When she smiled, there was a slight pain.

However, Molly felt sweetness more than pain.

Molly closed her eyes contentedly, covered her head with the quilt, and fell asleep with peace of mind.

The following day, the sun was already high in the sky when Molly woke up.

Molly stretched as she woke up, feeling refreshed!

“Mommy, Mommy! Come down for breakfast.”

Suddenly, a few baby voices came from outside the door. The three little ones came to call her for breakfast.”

‘Coming,’ Molly said.

Molly hurriedly took a shower and then went downstairs to eat with the three little ones.

At that time, the sun just came in from the window and fell on Molly’s beautiful black hair. It was as if a gentle warm light was plated on her body.

“Mommy, you looked very beautiful today.” Ben glanced at Molly and could not help but praise her.

“Really?” Molly raised her hand and touched her cheek.

“Yes, Mommy. You’re like a fairy. The most beautiful fairy.” Claudia also praised Molly.

Chapter 750-pocket.

Molly took it out and looked at it. Her eyes widened in surprise. She slid to answer, and her voice could not hide her joy. “Dr. Scott!”

The person who called was Molly’s mentor, who taught her medical skills during her years abroad.

The name of Molly’s mentor was Jadon Scott, who was in his sixties. He was a member of a well-known family who practiced medicine in Norlon. His family’s medical skills could be said to be flawless and of greatness. Tens of thousands of ancient medicinal tomes and prescriptions were treasured by his family, which were invaluable. No money in the world could buy these rare and priceless Norlonian treasures!

Molly's ability and achievements today were all her mentor's careful teaching. Therefore, she showed great respect to her mentor on the phone.

"Is that you, Molly?"

At that moment, an old and kind voice sounded from the other end of the phone.

"Yes, it's me, Dr. Scott." Even though they were on the phone, Molly could feel the majestic presence of her mentor's high reputation. She immediately obediently greeted, "Dr. Scott, how have you been lately?"

Dr. Scott laughed. He nodded and said, "I'm fine. I can hear from your voice that you haven't changed at all.

How have you been since you returned to Norlon? Why didn't you give me a call?"

"I'm sorry, Dr. Scott. I've been busy with various things since I returned to Norlon. I'm sorry that I forgot to give you a call. But, I still occasionally think of the days when I was your student abroad. Those days seemed like they were just yesterday," Molly apologized. She felt a little guilty for not contacting her mentor for so long.

Naturally, Dr. Scott did not blame Molly. Instead, he laughed heartily, "It's okay. As long as you are doing well!

I'm calling you now mainly because of one thing. I want to ask you a favor. But, do you have time for it?"

"What is it? Please tell me." Molly asked.

Molly and Dr. Scott were very close. There was no need to fiddle between them. So, he said, "Molly, I've been working on research about cells recently. However, we don't have enough professionals in the institute lately.

If you are free, I hope you can come over and help. But, I won't take your time if you are busy."

Dr. Scott's words were sensible.

Molly had always known that Dr. Scott had been working on cell research for the past few years, and his research and development had entered a crucial stage. It would affect the research progress if Dr. Scott did not have enough manpower at that stage.

In addition to being a mentor to Molly, his kindness could not be forgotten. Naturally, Molly could not refuse Dr. Scott's request.

Molly accepted Dr. Scott's request without hesitation. She said, "Sure, I can come over to you anytime as long as you need it!"

It was a good time because Benjamin's research project was about to be completed, and Molly would not get in the way if she had gone and helped Dr. Scott's research.

"Okay, good to hear that!"

Seeing that Molly agreed to help, Dr. Scott stroked his gray beard with relief and hung up the phone. After that, he texted the address of his research institute to Molly. He also mentioned that, if possible, he hoped to set a day to meet with Molly.

"Mommy, who called you just now?"

After Molly hung up the phone, the three little ones next to her asked with bright, watery eyes.

"It's Grandpa Jadon," Molly smiled and said softly.
