

Triumph 101

[Chapter 101](#)

"Yes, it's Red Dust."

Naomi spoke smugly.

Angelica obviously did not believe it. She glanced at Naomi meaningfully and said, "I went to the jewelry exhibition. Star of Cullinan and Red Dust was bought by a mysterious rich man. But now, you're telling me that Skylar gave you Red Dust. Is Could it be that he is the mysterious rich man?"

Star of Cullinan and Red Dust together totaled more than 130 million dollars. Angelica didn't believe Skylar would be that rich.

"That's right. My brother is the mysterious rich man!" Naomi said.

"Take it out and show us."

With that, Angelica extended her hand to Naomi, with the look of waiting to see a good show.

"How can I carry such an expensive necklace around with me?"

After Naomi said that, Angelica immediately laughed out loud. "You are really good at bragging. If I am as shameless as you, I'd say my husband bought me Star of Cullinan!"

"You... You're the shameless one!"

Naomi was speechless.

"Let's go, Naomi. Just ignore them."

Skylar waved his hand, gesturing for Naomi to follow.

Naomi also did not want to argue with Angelica again. So she followed Hattie and headed for Garden No. 1.

However, what they didn't expect was that Clarissa's family, unexpectedly, also followed then.

"Garden No. 1? No way. Nathaniel, your son has been missing for six years become crazy? You even dare to view the ninety-million-dollar villa? This is too much to brag about."

Clarissa's family was shocked by Skylar's confidence.

Skylar didn't care what they thought and said directly to Nathaniel, "Dad, let's go in and take a look. If

you and Mom like it, it's yours."

Naomi cast a glance at Clarissa and the others. Then, she pulled Nathaniel and Winona and followed Skylar.

"Hmph! I'd like to see how they're going to end up!"

Clarissa crossed her hands in front of her chest and leaned toward the boulder at the door, ready to wait for a long time.

Angelica and Harlan also waited to see Nathaniel and his family being humiliated.

However, only after waiting for a while, Skylar came out with Nathaniel and the others.

Clarissa and her family thought Skylar and his family should try to find faults in this villa so that they could justify not buying it.

But before they could say anything, Naomi said excitedly, "This villa is just like my dream house. Every detail is perfect!"

Nathaniel and Winona had never seen such a good house in their lives. So they had no objections. They were only worried about the price.

"Skylar, it's such a waste to give us such an expensive house to live in!"

Skylar's parents spoke worriedly.

As soon as Clarissa and the others heard this, they thought Skylar and his family were going to start making excuses. Clarissa and the others were about to sneer when Skylar suddenly said, "They all seem to like it, so I'll take this house!"

Then, he said to Hattie beside him, "How much is the total price? I'll pay you now, and let my sister go back to the sales office with you to get the contract and invoice."

Hattie was confused and subconsciously asked, "Sir, the total price of this villa is 96 million dollars. Do you want to reconsider it? Also, our company has cooperation with banks. It's easy for you to do loans. Do you need..."

"No, give me your company's public account number."

Skylar waved his hand.

[Chapter 102](#)

Hattie hurriedly checked the bank account number saved in her phone.

Skylar took a picture of it directly with his phone and sent it to Dianne.

In less than two minutes, Hattie received an incoming message from the finance department.

Minus the two million dollars just now, the total was 94 million dollars, not a penny less!

Hattie looked at the various congratulatory messages in the company group and felt as if she was dreaming.

She had sold the most expensive villa of the company without even trying hard to persuade Skylar. Not only that, but Skylar also bought the house with full payment!

It was unbelievable!

"The money has been paid. Naomi, hurry up and follow this young lady to sign the contract!"

Skylar paid the money without saying a word. Nathaniel hurriedly reminded Naomi.

Naomi followed Hattie back to the sales office whereas Clarissa and others were completely stunned.

Angelica looked at Naomi's back and stomped her feet with jealousy.

Skylar had just bought a 90-million-dollar villa.

And the house was under Naomi's name.

Angelica also wanted to have a brother like this.

Meanwhile, Clarissa and Harlan felt embarrassed being glanced at by Nathaniel and the others.

Skylar didn't bother with them and discussed with Nathaniel and Winona about going furniture shopping later.

Clarissa's family hurriedly left.

After spending the afternoon getting the villa almost set up, Skylar left to pick up Lola from the kindergarten.

By the time he got to the door, kindergarten students were just about to be dismissed.

When Lola saw him, she immediately started shouting "Daddy, Daddy" from a long distance, afraid that others did not know she had a father.

The moment Lola jumped into his arms, Skylar felt warmth in his heart.

"Good girl!"

Skylar gave Lola a kiss on her cheek and continued, "Let's go and pick up Mommy from work."

"Yes. But I want to eat the dinner you cook tonight."

Lola gulped, making Skylar laugh.

"Okay, I will cook something delicious for you when we get home."

More than half an hour later.

Skylar carried Lola to Kareem Fashion.

Just a short time after exiting the elevator, Lola suddenly clutched Skylar's neck and closed her eyes, not daring to look ahead.

"Daddy, I'm scared!"

"What's wrong, Lola?"

Skylar immediately asked nervously.

"That guy in front is a bad guy!"

Lola said with anger and fear.

Skylar immediately looked up. He then saw a man in his thirties, wearing a gray suit and walking out of Yulia's office.

As the man walked past them, the man in the suit turned to look at Lola and Skylar meaningfully.

Skylar instantly recognized that the man in the suit was Yulia's second uncle's son, the future head of the Sue family, Calvert Sue.

The Sue family had four sons and a daughter. Yulia's father was the youngest son, and the heir of the family, Calvert, was the eldest grandson, although he was the child of the second family.

Yulia's position in the family was very different from that of Calvert.

But what Lola did not know was that Calvert was the only member in the entire Sue family that treated

Yulia nicely.

Not only did he take the time to check on Yulia, but he even reached out to help Yulia.

Without his persuasion, Madam Sue would have thrown Yulia out of the house long ago. If that happened, Yulia would not be able to stay in the family business and hold the position of CEO.

[Chapter 103](#)

But it was normal for Lola to misunderstand Calvert. Every time after seeing Calvert, Yulia always looked unhappy.

Over time, Lola felt that it was Calvert who had bullied her mother and that Calvert was a bad guy.

When she entered Yulia's office, Lola hurriedly jumped off Skylar's body and ran to Yulia, saying especially seriously, "Mom, don't be afraid,. Daddy is here. We won't let that bad guy bully you!"

"Bad guy?"

Yulia first froze and then laughed. "Lola, you are a good child who knows manners. From now on, you can't call Uncle Calvert a bad guy!"

"He's a bad guy! Every time he comes, he makes you sad for a long time! Lola hates him!"

Lola shouted as she hugged Yulia regardless.

Yulia's heart was suddenly warmed, and she hugged Lola tightly in her arms.

The fact that such a young child cared about her made Yulia feel that all the aggravation she had suffered was worth it.

Looking at the scene in front of him, Skylar felt happy.

After a long while, he slowly said, "Yulia and Lola, let's go home!"

Hearing what he said, Yulia felt warmth in her heart again.

Let's go home.

These words said by Skylar seemed to carry some kind of magic, making her feel more at ease than ever.

"Daddy, can you carry me and Mommy?"

Lola suddenly looked up and asked.

Skylar blushed and said, "Yes, I can, but..."

"Then, you should carry us! At the end of class today, Isabella said her father can pick her and her mother up in one go, and I said my father can too. But she said I was bragging... Daddy, pick up mommy to prove me right!"

Lola looked at Skylar with anticipation.

Yulia felt helpless.

Lola always embarrassed Yulia.

Skylar smiled brightly.

At that moment, he simply did not look at Yulia's face and said to Lola, "Okay, in order to prove that you aren't bragging, I will bear with it for a while!"

With that, he took two steps forward, squatted down, and wrapped his arms around Yulia and Lola, picking them all up.

"Lola, Daddy can do more than pick you and Mommy up. I can walk for a distance."

Skylar said while carrying the two women toward the elevator.

They were in the company.

Yulia's face turned red, and she hurriedly hit Skylar's chest. "Put me down now!"

"This is so much fun! You are the most awesome dad in the world!"

Skylar laughed and walked all the way to the elevator before putting them down.

Back home.

Yulia took Lola to do the craft work assigned by her teacher whereas Skylar was busy in the kitchen.

More than half an hour later, four dishes and one soup were served on the table.

Just like last time, Skylar cooked a home-cooked meal of meat and vegetables. Lola liked the dishes so much that she ate intently, not even bothering to talk.

This saved Yulia a lot of worry.

As a direct result, Lola overate.

"You are such a good cook. I will have to exercise longer later."

Yulia gave Skylar a scornful look.

[Chapter 104](#)

Skylar didn't argue and said cheerfully, "Well, it's my fault. I'll try to cook it less delicious next time."

"No, I have gotten used to those delicacies. You have to be responsible for that!"

Yulia blurted out.

"Okay!"

Skylar smiled.

Yulia immediately felt that she had fallen into the trap again.

She had set herself up this time.

"I... I'll do the dishes..."

"I will do it with you!"

Looking at Yulia's flushing face, Skylar didn't dare to be too over, so they cleaned up the dishes and went to the kitchen.

Later, they accompanied Lola to do her craft work.

When it was time to go to bed, Lola suddenly said to Yulia, "Mommy, you sleep in the middle today!"

"What?"

Yulia was instantly dumbfounded.

Initially, letting Skylar into the bedroom and sleeping in the same bed had pushed her limits.

But at least, Lola was between them, so the feeling of sleeping with Skylar was not so strong.

Now that Lola had offered to let Yulia sleep in the middle, didn't that mean that she and Skylar were going to be intimate?

"Mommy, sleep in the middle so you can be hugged by both of us, and you won't be sad!"

Lola said seriously.

Yulia's heart trembled, and for a moment she could not bear to refuse her daughter's kindness.

Without waiting for her reaction, Lola pulled Yulia directly to the middle and laid her down. Lola then directed Skylar to assume the same position as usual, lying beside her while putting her hand on Yulia's waist.

It wasn't long before Lola was lying on the other side, contentedly asleep.

Yulia felt helpless.

However, there was no way for her to regret it.

Feeling Skylar's breath next to her, she couldn't help but blush a little.

It was a good thing Skylar didn't take the opportunity to cross the line.

After a while, Yulia suddenly said, "Skylar!"

"Yes?"

"Tomorrow, you can rest at home. I'm going to take Lola back to the Sue family..."

"I'll go back with you."

Without waiting for Yulia to finish speaking, Skylar spoke directly.

"Why?"

Yulia was a little surprised.

Skylar said very firmly, "Yulia, as I said before, as long as Dragon Seal is in your hands, I am Lola's father and have an obligation to protect you both. Now, it doesn't matter if Dragon Seal is there, I am more determined to protect you. Madam Sue, Charles and her daughter are sneaky. I must go back with you tomorrow. With me around, no one can bully you!"

Yulia could sense a domineering manly aura.

Yulia froze for a long time before saying, "Okay!"

She once again felt Skylar's domineering yet soft affection.

She subconsciously moved her body a little closer to Skylar's side.

She secretly expected an intimate embrace.

"Did Lola squeeze you?"

Skylar asked while moving to the side.

Yulia was speechless. It seemed that Lola was right. Skylar was an idiot.

But, when she was so angry that she tried to turn over, Skylar's hands that were resting on her waist suddenly tightened. Then, she fell into Skylar's arms.

Yulia's mind went blank.

The smell of testosterone stimulated her senses, making her nerves tense and afraid to move.

For a moment, she couldn't resist the urge to turn around and hug Skylar back.

[Chapter 105](#)

But gradually, her rationality prevailed.

They were in bed, and if she turned around, it was impossible to predict what would happen next.

It wasn't that she didn't want to get closer to Skylar, but it was just that she needed a little more time.

Just as Yulia was throbbing, Lola suddenly woke up next to her.

"Daddy hugs Mommy so tightly. I also want a hug!"

Lola rubbed her eyes and spoke softly.

Yulia blushed and hurriedly broke free from Skylar's arms. She then hugged Lola tightly.

Skylar was depressed for a while.

Lola had been creating opportunities for him. How could she fail his plan at the critical moment?

However, the ambiguity was gone, and Skylar could only watch Yulia's delicate back as she slowly fell asleep.

Early the next morning.

After breakfast, Yulia drove Skylar and Lola to the Sue villa.

On the way, Yulia told Skylar that Calvert had come to see her at the office to inform her that Madam Sue's 80th birthday was tomorrow and asked her to bring Lola to the birthday banquet.

The reason Yulia returned home a day early was to see Lincoln first.

Since the big fight that night, they had not been in contact with each other as father and daughter.

But no matter what, Lincoln was Yulia's father.

However, when the three of them got out of the car, they saw a man walking out of Lincoln's villa.

The man was about twenty-seven years old, wearing a casual suit, with a pigtail at the back of his head. At first glance, he looked like a model in a fashion magazine.

At this time, that man also saw Yulia. He immediately looked happy and quickly stepped over.

"Yulia, you're back! Your parents just called me over to discuss our marriage!"

"Theodore, what are you talking about?"

Yulia immediately frowned and chided.

Theodore was a wealthy young man in Cloudtopia, like Nicholas. Both of them Yulia's admirers.

However, Theodore was different from Nicholas, who used his business dealings with the Sue family to get Madam Sue and Charles to put pressure on Yulia.

Theodore, on the other hand, liked to curry favor with Lincoln and Betty.

"I'm not making this up. Your parents have agreed to me marry you."

Theodore spoke smugly.

"How could I not know my own marriage..."

Before Yulia could finish speaking, a fierce voice suddenly sounded.

"Yulia, who allowed you to talk to Mr. Theodore like that? Do you have manners?"

Immediately afterwards, a young woman dressed up in a fancy dress came out of the villa in high heels.

It was Yulia's stepmother, Betty.

"Since there's no hope for you with Dragon Commander, just marry Mr. Theodore! I am now officially

informing you that the marriage between you and Mr. Theodore. Your father and I have already made the decision. You have no right to refuse!"

Before Betty got close, Betty scolded Yulia.

Two days ago, Skylar asked Dianne to investigate Betty.

According to the information, Yulia's biological mother died more than a decade ago.

It didn't take long for Lincoln to marry Betty.

Since then, Betty had been trying to marry Yulia off so that she could inherit more money.

But then, Yulia got pregnant unexpectedly and insisted on giving birth to Lola, which infuriated Betty.

Coupled with the fact that not long ago, Yulia not only rejected Dragon Commander, but also had a big fight with them over Skylar, Betty got anxious.

If Yulia really married Skylar, Betty's desire to become successful would be ruined.

So, Betty hurriedly reached out to one of Yulia's admirers, Theodore.

Right now, there was a young master like Theodore who wanted to marry Yulia. Moreover, he visited Yulia's parents every day. Of course, Betty was very fond of Theodore.

[Chapter 106](#)

"Grandma, don't you dare bully Mommy! Daddy has returned from the military. Whoever dares to bully me, and Mommy again will be punished by Daddy!"

Lola clung to Skylar's calf and shouted angrily at Betty.

"Hey! I'm talking to your mother. It's not your turn to interrupt us. No one recognizes him as your father!"

Saying that, Betty rushed over and slapped Lola's face.

However, her hand had only been out for a second before Skylar had a death grip on her wrist.

At the same time, a cold voice sounded.

"Your mouth stinks so bad. Do you want me to pour some soapy water into your mouth? You have no right to scold my woman and hit my daughter."

Hearing Skylar's domineering words, Yulia felt warmth in her heart.

After more than a decade, someone was finally defending her in the Sue family.

Lola, on the other hand, looked up at the figure standing in front of her and her mother with excitement and admiration in her eyes.

"Who are you to make a move on me?"

Betty came to her senses and suddenly screamed. She then turned her head to the villa and shouted, "Lincoln, get out of here! Your shameless daughter has brought her toy boy to beat me! She's getting back at me for throwing her out of the house..."

Skylar said coldly, "I hate it when people accuse me falsely, and since you have said that I am here to beat you, I will not take what you said for nothing. As you wish!"

After saying that, Skylar let go of Betty's wrist and slapped her.

"Pak!"

A slapping sound could be heard.

Betty was directly confused.

"How dare you hit me!"

The fiery sensation instantly hit Betty. Her anger instantly surged, and she roared with a fierce look, "How dare you hit me! I..."

"Pak!"

Betty had not yet finished cursing when Skylar slapped her again.

Skylar had long seen clearly what kind of person Betty was.

He hadn't even thought about how to settle old scores for Yulia when Betty offended him.

Skylar would not forgive Betty for humiliating Yulia.

Seeing that Skylar was tough, Betty turned her attention to Yulia again.

"Yulia, I now order you to get this bastard out of here immediately..."

"Pak!"

Once again, Betty was slapped.

Although Skylar had only used a very small strength, Betty was, after all, only a housewife.

A series of three slaps had made her face swell.

Initially, when Theodore saw Skylar hit Betty, he had been so scared that his face turned pale.

But seeing Betty in a wretched state, he suddenly smirked inwardly.

Betty was not satisfied with Skylar.

Now, Skylar even slapped Betty.

That way, not only Betty, but even Yulia's father, Lincoln, would never let such a person become the son-in-law of the Sue family.

Not to mention agreeing to him dating Yulia.

"Bastard!"

Just then, a low, angry chortle sounded.

Skylar looked in the direction of the sound and saw a middle-aged man in a beige housecoat, around fifty years old, walking out of the villa.

It was Yulia's father, Lincoln.

[Chapter 107](#)

When Lincoln walked to Betty's front, he saw Betty's red and swollen cheeks and was heartbroken.

The next moment, he looked at Yulia angrily and questioned loudly, "Yulia, how dare you bring this guy back? And he even hit your mother! Do you want to rebel?"

Betty instantly became arrogant again when she saw Lincoln. She turned to Lincoln said, "If you do not come out, I will be injured by this bastard..."

"Pak!"

Her words were interrupted by another resounding slap in the face.

Everyone was shocked.

With a harsh scream, Betty spat out blood.

"Now, do you know how to talk properly? If you don't know it yet, I don't mind teaching you until you know."

Skylar spoke indifferently.

Betty subconsciously wanted to speak and reprimand, but when she saw Skylar's murderous eyes, she trembled and nodded. "I know... I understand..."

And Lincoln at the side was so angry that his face darkened.

He did not expect that Skylar would dare to continue to slap Betty in front of him.

"Yulia, he's not a soldier but a reformed prisoner! Tell him to get out immediately. I will never let a violent maniac enter my house!"

Lincoln didn't dare to scold Skylar directly and chided Yulia instead.

Hearing Lincoln's words, Yulia was also angry.

Earlier, when Betty insulted her and Skylar and even wanted to slap Lola, Lincoln hid in the villa and played dumb.

Now that Skylar became tough, Lincoln immediately rushed over to defend Betty.

He was too biased!

Thinking of this, Yulia said coldly, "Skylar is the person I have decided to marry. If you can't accept him, Lola and I will never come back!"

Hearing Yulia's words, Skylar felt warmth in her heart.

He did not expect that Yulia would say such words to Lincoln for his sake.

Lincoln, on the other hand, was angry. "Yulia, do you know what you're talking about?"

Theodore, who had been watching the good show from the side, was a little anxious.

Yulia went so far as to contradict Lincoln for Skylar.

Moreover, there was a great tendency for them to break off the family relationship.

It was evident that Yulia cared so much about the man named Skylar.

Theodore was jealous.

But, when he saw Yulia's stunning face and exquisite figure again, he still couldn't help but gulp.

Making a beauty like Yulia her woman was the one thing he wanted to challenge the most in his life.

If he succeeded, he must be very fulfilling.

As for what to do with Yulia after making her his woman, it was up to Theodore.

It was exciting to think about.

Moreover, Theodore had put a lot of effort into pursuing Yulia. So he would not give up on her.

With that in mind, Theodore put on a smile and said to Lincoln, "Mr. Lincoln, please take it easy. Yulia didn't mean what she said. Don't let your family's peace be affected by a person from an unknown source."

Hearing Theodore's words, Lincoln slightly calmed down. Without saying anything, he turned his gaze to Betty next to him.

[Chapter 108](#)

Lincoln had always let Betty made the call.

And at this moment, Betty, covering her red and swollen cheeks, were filled with resentment.

She grew up arrogant. After she married Lincoln, she had been pampered. After all, Lincoln was way older than her.

But just now, Skylar had slapped her three times in front of everyone, which was simply a great shame.

With Betty's personality, she would definitely cut ties with Yulia and Lola.

But before she could say anything, Theodore hurriedly approached and secretly stuffed something into her pocket.

"Ms. Betty, you are a decent person. Why bother with a bastard from an unknown source? If you're really angry with Yulia, aren't you falling for his trick?"

Theodore spoke meaningfully.

Betty, who still had a dark face, touched the bank card in her pocket and calmed down.

After carefully mulling over Theodore's words, she snorted, leaving the crowd behind and going back to the house.

Theodore smirked in his heart. He was glad that he reacted quickly enough.

If Betty let Lincoln cut ties with Yulia, all his previous efforts would be in vain.

Theodore did not care if he could marry Yulia in the end. No matter what, he must sleep with Yulia.

Just as Theodore was fantasizing things, a cold voice suddenly sounded.

"Who comes from an unknown source?"

Skylar didn't want to bother with an unimportant person, but Theodore kept telling Betty that Skylar was a bastard of unknown origin.

It was true that Skylar was an orphan, but he was raised by Nathaniel and Winona. When he grew up, he received training in the military.

So Skylar felt that Theodore had insulted the kind Fuller family and the military ministry.

It was absolutely intolerable!

Hearing Skylar's words, Theodore instantly trembled.

He felt a chill.

Immediately, the image of Betty's swollen face flashed across his mind. Theodore subconsciously said, "Yes... I'm sorry..."

At this moment, Theodore was nervous to the extreme. He was afraid that Skylar would slap him as well.

"Skylar."

Yulia shook Skylar's arm and shook her head, signaling him to let things slide.

After all, they were still at the gates of the Sue villa. If Skylar hit Theodore, Betty would have more chance to criticize Skylar.

Skylar understood that and turned to Theodore. He said in a cold voice, "For the sake of Yulia, let's forget about today. If there's a next time, I don't mind teaching you how to speak like a human."

Without waiting for Theodore's reaction, Skylar left with Yulia and Lola.

Looking at Skylar's back, Theodore felt relieved.

However, the next moment, he was so angry that his veins could be seen clearly.

Theodore just apologized to Skylar!

He felt like he was a total loser!

"Skylar, this isn't over! I've been pursuing Yulia for a long time. How can I let you take her away from me? Just wait and see! After I sleep with Yulia, you won't be able to be so arrogant anymore."

In the car.

Yulia thought for a moment and said to Skylar, "Why don't you go with me and Lola to see Grandpa?"

"Well, it's up to you."

Skylar spoke softly.

Yulia felt warmth in the heart by the fact that it was really nice to have such a man around.

But before she had time to enjoy the feeling, she thought of Leon Sue.

[Chapter 109](#)

In fact, Yulia only cared about two people in the entire Sue family.

One was Lincoln.

Lincoln was biased toward Betty and did not treat Yulia well.

But no matter what, Lincoln was Yulia's father.

And the other one person was Yulia's grandfather, Leon Sue.

Leon adored Yulia the most.

When she insisted on giving birth to Lola, the whole family was sensationalized. If not for Leon's efforts to defend her, she and Lola would have been expelled from the Sue family, even from Cloudfopia.

Now, Yulia could still hold the position of CEO in Kareem Fashion, in addition to Calvert, most of the credit went to Leon.

Unfortunately, not long after Yulia gave birth to Lola, Leon became very ill.

After Leon was discharged from the hospital, his health deteriorated, and within two years, he had difficulty even getting out of bed, and slowly, he became confused.

In this case, everything in the Sue family naturally fell into the hands of the Madam Sue...

Under Yulia's guidance, Skylar drove the car to Leon's residence.

This two-story cottage was a bit old, and its location was not good. In addition to Leon, his caretaker lived in this cottage.

So, the cottage looked cold from the outside.

After getting out of the car, Skylar carried Lola and walked toward the villa with Yulia.

The door of the villa was left open, and Yulia walked familiarly to the door of Leon's room.

However, before she entered the room, her expression changed.

Inside the room, on a large outdated solid wood bed lay a gray-haired and thin old man.

Leon stretched out a hand with difficulty to the dark and strong woman in front of him and shouted breathlessly, "Lulu, I want to eat..."

"All you do is eat all day long! After you eat, you shit in bed. I'm so tired!"

The woman's fierce voice then sounded.

The next moment, a bag of miniature packets of cookies was thrown by her to Leon's hand.

"Hurry up and eat and sleep!"

Lulu sounded extremely impatient.

Leon cupped the cookie with one hand with difficulty and said in a pleading tone, "Can you open it for me?"

Lulu coldly snorted, "You can't even tear a bag, but you still want to eat all day! You better just die!"

"I want to eat hot food, not cookies!"

Leon was so angry that he threw the cookies away.

Although he was not clear minded sometimes, he was once powerful. But now he was being treated as a

fool, so he was naturally mad.

Lulu was furious and cursed loudly with her hands on her waist. "How dare you make requests? If you complain again, I'll starve you to death!"

Lulu had a commanding look, as if it was a great thing to bully a bedridden old man.

But before she could be complacent for too long, an icy voice came from outside the door.

"Try it if you dare!"

Skylar cursed and then brought Yulia in with him.

At this moment, Yulia's eyes widened.

She never thought that her grandfather would be taken care of by such a vicious caretaker, who would not feed him in order to do less work, which was simply the worst crime.

"Who are you?"

Hearing the voice of a strange man, Lulu quickly looked in the direction of the sound.

[Chapter 110](#)

When Lulu saw that the person standing next to Skylar was Yulia, she became less nervous and even said naturally, "It's you, huh! I was joking with Leon, and since you are here, I'll go out and get busy."

"Joking? You didn't look like you were joking."

Yulia gritted his teeth.

The Sue family paid Lulu to take care of Leon. But she even did not even allow Leon to eat.

No wonder Leon's health was deteriorating.

"Think what you want!"

Lulu left arrogantly.

In fact, she really wasn't afraid of Yulia because Yulia was the outcast of the Sue family.

Lulu's arrogance made Skylar furious, and he immediately asked, "You want to run before I finish speaking?"

Lulu stopped in her tracks, sized Skylar up with sharp eyes, and asked disdainfully, "Who are you to question me? Yulia can't even say anything in the Sue family. Do you really think you're something?"

As soon as Lulu said that, she even rolled up her sleeves, looking as if she was going to fight with Skylar.

In her eyes, Skylar was skinny and was no match for her.

"Do you want to hit me?"

Skylar asked.

"If you dare to meddle in this matter again, don't blame me for being rude!"

Lulu spoke arrogantly.

"Who are you to challenge me?"

Skylar grunted coldly, and then he moved.

Before Lulu had time to react, her stout body suddenly flew backwards.

She landed in front of Leon's bed, with both knees on the ground.

Without waiting for Lulu to speak, Skylar said in a cold voice, "Kowtow to Old Mr. Sue and confess your mistake immediately!"

"You fucking..."

Lulu was not willing to admit defeat easily and cursed.

However, before she could finish cursing, Skylar kicked her in the back.

"Bang!"

A grunt sounded.

Lulu's head was stomped hard to the ground by Skylar.

All she felt was blood running down her head.

She was terrified.

Lulu touched her head and then screamed.

Skylar, on the other hand, had not had enough.

"Bang! Bang!"

His foot once again stomped down hard and furiously.

For a moment, Lulu's eyes widened, and she screamed in agony.

But this kind of person was not worth Skylar's sympathy at all.

Abusing a bedridden old man was an evil thing to do.

Looking at Lulu with a bloodied face, Skylar, afraid of scaring Lola, kicked Lulu directly out of the room.

"The account has not been settled, so kneel properly!"

"It's easy to take your life, but I'm definitely not going to make it that easy for you!"

Skylar hated seeing the elderly suffer the most.

This time, what Lulu did, had touched his bottom line.

"Grandpa..."

Yulia did not want to look at Lulu again and sat down beside Leon, feeling heartbroken.

Lola pulled out a bunch of snacks from her pocket and placed them all in front of Leon, saying, "Grandpa Leon, with my daddy around, no one dares to bully you."

"Grandpa Leon, you don't like cookies. So eat my favorite cupcakes, okay?"

As Lola said that, she unwrapped the cake roll in her hand and handed it to Leon.
