

Triumph 111

[Chapter 111](#)

Leon was really hungry and finished the whole cake in a short period.

Yulia gave him some more water in a hurry.

After eating, Leon finally had some strength.

With red eyes, Yulia asked heartily, "Grandpa, why didn't you tell me that Lulu was so abusive to you?"

Leon shook his head with a bitter smile and said, "Yulia, I know that you are the most loving child in the family. But you live alone with Lola, it hurts me to know that. I am old and useless. I can't help you anymore, so I absolutely can't drag you down anymore."

Without waiting for Yulia to speak, Leon turned his attention back to Skylar, "Young man, you are reliable. You are Yulia's husband, right?"

Leon's eyes were full of admiration.

Hearing what he said, Yulia blushed and subconsciously blurted out, "Grandpa, he's not!"

Yulia regretted it right after she said that.

Lola was still around, after all.

If she denied it, wouldn't her lie be exposed?

"Well... It's not that it's not... I... I just..."

Yulia was at a loss for words.

Leon laughed out loud at the rare sight of his granddaughter's embarrassment.

"Silly girl, I am not an outsider. What is there to be ashamed of admitting it? You haven't had a wedding yet, right? When the date is set, make sure to tell me. I will be there in person to witness your marriage even if I am in a wheelchair!"

"Grandpa, what are you talking about?"

Yulia blushed.

Skylar looked at her shy appearance and was happy.

At the same time, Lulu outside the door, who had been kicked to the ground, regained some consciousness.

"Bastard, how dare you hit me. Do you really think I'm easy to be bullied? Just wait and see how I'll have someone teach you a lesson."

Lulu rose from the ground, full of resentment.

Inside the room.

A burst of laughter could be heard.

Skylar said softly to Yulia, "You take Lola over to the couch and sit there while I check on Grandpa's condition."

Skylar could tell that Leon's body, which was already carrying a disease, was worn out by the prolonged abuse, and it would be difficult for him to get well just by eating and ordinary medication.

"By the way, I wanted to ask how you know this?"

Yulia asked with surprise as she made room for Skylar.

"I've been to some cold and dangerous places, so I learned something."

Skylar laughed.

Of course, those who had been lucky enough to have seen his medical skills would certainly be shocked by his modesty at this moment.

Because, not only in the North, but there were also not more than three people who could compete with him in the entire country.

And these three people, too, would never dare to say they could win Skylar.

After Yulia and Lola moved out of the way, Skylar pulled out several silver needles from his pocket.

The next moment.

The silver needles, accompanied by his mellow internal energy, precisely pierced into several major acupuncture points of Leon.

Leon immediately felt pain and numbness in these parts and could not help but grunt.

However, soon, he once again felt as if something was swimming rapidly inside his body, followed by an

unprecedented feeling of fluidity throughout his body.

Leon had felt uncomfortable for a long time. Under the effect of numbing internal force, he soon fell asleep comfortably.

Just as Skylar was about to stop, a cold chortle suddenly came from outside the door.

"Yulia, what are you doing?"

[Chapter 112](#)

As soon as the words were spoken, a group of people pushed open the door.

The one who took the lead was surprisingly Yvonne.

At the same time, Lulu, with a swollen face, rushed in.

When she saw Yvonne, Lulu said aggressively, "Ms. Yvonne, you have to defend me! Old Mr. Sue said he wanted some cookies, so I brought him cookies. But then, before I could unwrap it, Yulia and this man, indiscriminately, knocked over the cookies in my hand and reprimanded me, saying that Old Mr. Sue has to be starved in the future. I retorted, and this man punched me and beat me up."

Lulu was good at framing the others.

Hearing that, Yulia said angrily, "You... You lie... You're shameless!"

"Lie?"

Lulu took several steps toward Yulia, then pointed at the blood-stained forehead and asked rhetorically, "Isn't this the best proof?"

Without waiting for Yulia to retort, Yvonne immediately snorted, "Yulia, you're such a wicked person. Five years ago, you gave birth to a daughter out of wedlock, and if it weren't for Grandpa's efforts to protect you, you and your daughter would have starved to death on the streets. Grandpa is so kind to you. How dare you stop Lulu from feeding Grandpa? Do you think he has no more use and want him to die quickly?"

When saying that, Yvonne looked angry.

The last time the Shepard family hosted a jewelry show, she and Harry had been humiliated.

Although they were afraid of Judy's prestige and status, Skylar and Yulia were the culprits.

They were being humiliated again at the birthday party.

Yvonne then instigated Harry to go home and add fuel to the fire, so that Mortimer, the head of the Chase family, could join forces with the Wexler family to take revenge on Skylar.

Yvonne never thought that all the plan failed in the end.

No matter how Harry questioned, Mortimer refused to reveal the truth, only to tell Harry not to mess with Skylar in the future.

How could Yvonne accept that?

So she thought about finding another opportunity to retaliate.

And at this moment, the opportunity had come!

"Lulu is lying!"

Yulia's eyes widened.

"Look what fell on the ground!"

Yvonne pointed at the unopened bag of cookies under Leon's bed and said sternly, "The cookies on the floor and Lulu's statement are enough to prove that you wanted to abuse Grandpa. Georgia and Tyler, someone is trying to make fools out of us!"

Saying that, Yvonne looked behind her at Georgia and Tyler.

And Georgia Sue and Tyler Sue were gloating over Skylar.

They were all juniors of the Sue family. When Yulia gave birth to a daughter out of wedlock, they wanted to take advantage of the opportunity to drive Yulia out so that one less person would compete with them for the family fortune.

However, Leon and Calvert insisted, so Georgia and Tyler didn't get their way.

Now, Georgia and Tyler finally found the opportunity.

If they made good use of what happened today, they could definitely drive Yulia out of the Sue family and out of Kareem Fashion.

Yvonne continued with a sneer, "Yulia, the evidence is all here. You still want to argue? I advise you to honestly admit it. I, as the older sister, may forgive you. But if Grandma finds out, no one can save you!"

Yvonne sounded kind.

In fact, she was setting a trap for Yulia, and once Yulia admitted to something, the Sue family would drive Yulia out.

Yulia was not stupid. She could tell the intentions of the other party. But before she could say anything, Lola shouted in anger, "You bad guys, don't bully Mommy!"

By this time, Skylar had also fixed the silver needles that were stuck in Leon's body.

When he saw Yulia, whose eyes were slightly red, and Lola, whose cheeks were puffed out in anger, he immediately stepped in front of them and said, "I'll handle it."

As soon as he said that, Skylar immediately took two steps forward and approached Lulu, speaking indifferently, "Now, repeat what you just said in front of me."

Skylar's voice was not loud, but when it reached Lulu's ears, it seemed to have magic power, making her heart sink.

With that, Lulu felt an invisible pressure.

Under this extreme oppression, Lulu suddenly said in a sharp voice, "You still want to hit me? Ms. Georgia and Ms. Yvonne are here! They will defend me!"

Lulu knew that Georgia and Yvonne had always been at odds with Yulia. So no matter what the truth really was, Georgia and Yvonne would definitely be on her side.

So, Lulu had the courage to refute Skylar now.

Skylar did not say anything whereas Lulu proudly said, "Before they came, the old man clamored for food. I felt that it was too much trouble and casually threw a bag of cookies over. But this old man couldn't even open the package and had to wait for me to do it, so I got angry and gave him a lesson..."

When these words came out, there was dead silence.

The crowd looked at Lulu in shock.

What did they hear?

Even if it was true, how could confess at this moment?

She was an incompetent teammate.

Lulu, on the other hand, was even more shocked than they were.

She covered her mouth and couldn't believe that those words just came out of her mouth.

It was clear that what she wanted to say was the opposite.

How come she was suddenly out of control?

"Go on."

Skylar said indifferently, "Tell us what you usually do to Leon."

Hearing Skylar's seemingly magical command, Lulu subconsciously tried to purse her lips.

However, the next moment, she lost her autonomy, opened her mouth and said quickly, "In order to save trouble, I only give that old man half a bowl of rice and a small portion of greens without oil and water every day. He is a waste. I'm considered merciful to let him stay alive!"

The atmosphere was getting weirder and weirder.

Lulu pinched her mouth hard, but she could not help but keep talking.

She even spoke confidently.

"Stop it!"

Yvonne growled with a grimace.

She had thought that Yulia would definitely be defeated, but she did not expect that Lulu would confess at the most critical moment.

Lulu was a fool!

After yelling, Yvonne was even more annoyed and angry. So she kicked Lulu.

"Ah!"

The sharp heel of the shoe pierced Lulu's buttock, and Lulu screamed in pain.

"We pay you, but you abuse Grandpa! Are you courting death?"

[Chapter 114](#)

Yvonne took the opportunity to vent all of her resentment and discontent toward Yulia on Lulu's body.

Georgia was also angry with Lulu's confession at the critical moment. But Georgia was much calmer than

Yvonne.

"Yvonne, she is just a caretaker. We can punish her later."

Yvonne cast a glance at Lulu and then turned her attention to Leon.

Leon in the bed was sleeping soundlessly, with a number of silver needles stuck in his body.

Seeing these silver needles, Yvonne smiled meaningfully.

"Even if what Lulu just said is true, what is your conspiracy to stick needles in Grandpa's body?"

Yvonne questioned Yulia and Skylar in a cold voice.

"Yulia, did you know where Grandpa hid his property and wanted steal it? So you came back with this bastard to kill him, right?"

Yulia was angry. "Nonsense!"

"Skylar knew how to treat illness. He's helping Grandpa!"

"Treating illness?"

Yvonne snorted coldly, "Traditional medicine is so arcane. Are you saving Grandpa or killing him?"

"Yvonne, don't frame us!"

Yulia was infuriated.

Seeing Yulia got angry, Yvonne was so happy that she said proudly, "I think the last time Skylar cured your father, it just so happened that your father woke up himself. So Skylar got lucky that time. If his medical skills are really that great, why doesn't he dare to agree to the dean's invitation? How can a poor man who has been a soldier for six years refuse a signing fee of ten million dollars? Unless he feels guilty! Yulia, you are here this time to steal money and kill people!"

Georgia was looking a little dumbfounded.

She did not expect that Yvonne's ability to frame people was becoming more and more refined after a period of time.

Of course, not only did Georgia have no sympathy for Yulia, but she also felt a pang of joy in her heart.

At that moment, Georgia yelled at Yulia in a very cooperative manner, "Yulia! Previously, I only thought you were ignorant and selfish, but I didn't expect that in addition to that, you are a vicious woman!"

Grandpa doted on you before he fell ill, and you want his life for the sake of stealing his property!"

A few other Sue family members, too, blamed Yulia with righteous indignation.

"Immediately expel this vicious woman from the Sue family!" She wants to take Grandpa's life. It's too kind of us to just throw her out! I say, first cripple her, then put her in jail and never let her get out of the jail for the rest of her life!"

Skylar's gaze grew colder when he heard that.

He did not expect that the Sue family would want to put Yulia to death for their own preferences and selfish desires.

Just as Skylar was about to vent his anger, suddenly, a loud voice came from outside the door.

"What's all the fuss about?"

The next moment.

Calvert, who had only met Skylar once, walked into the room.

As the heir of the Sue family, Calvert always exuded an aura filled with superiority.

"This is the villa where Grandpa is recuperating. Why are you all making a scene here?"

Without waiting for Yulia to speak, Georgia and Yvonne, hurriedly added fuel to the fire and told Calvert what had just happened.

They were framing Yulia.

"Calvert, Yulia is ambitious. She must not be allowed to stay in the Sue family anymore!"

Georgia looked at Yulia and said in a cold voice.

Yvonne even sneered, "Five years ago, when she insisted on giving birth to that illegitimate child, she should have been thrown out of the family! What have we gained by dragging the matter until now, other than making the Sue family look bad?"

[Chapter 115](#)

Calvert frowned and looked at Yulia but did not make any comments.

He strode toward Leon, leaned down to check him and then spoke, "Grandpa just fell asleep. Leave now. Do not disturb him."

"Just fell asleep? How is that possible?"

Georgia and Yvonne, as well as several people behind them, all subconsciously shouted.

Feeling that his authority was challenged, Calvert frowned.

"How is that impossible? Do you guys want something to happen to Grandpa?"

"No... That's not what we meant!"

Georgia and Yvonne were frightened and realized that they had almost exposed their intentions.

Because of the fear of Calvert, Georgia and Yvonne exchanged a quick glance and then intended to escape.

However, before leaving, Yvonne viciously said to Yulia, "If Grandpa doesn't get better, I'll hold you and Skylar accountable!"

When she finished speaking, she left the room.

The Sue family members followed in a panic.

And Calvert, nodding to Skylar and Yulia, also walked out of the room.

"Skylar, what's going on with Grandpa right now..."

Yulia asked.

"Grandpa just fell asleep. The degenerated body functions are slowly recovering. After this night, he can become better. Lulu can't be counted on. Why don't you call the service company and ask them to replace Grandpa's caretaker with a more reliable person? While you are at it, I'll give Grandpa another massage."

Skylar spoke as he pulled the needles out of Leon's body.

"My grandpa suddenly become you grandpa, huh!"

Yulia couldn't help but roll her eyes at Skylar.

"Didn't I just call him that? And you didn't stop me!"

Skylar spoke subconsciously.

Yulia pouted and dragged Lola out to make a phone call.

Only then did Skylar come to his senses. Was Yulia acting cute in front of him?

Women were indeed difficult to be guessed.

Perhaps Yulia was happy to hear Skylar call Leon Grandpa.

Skylar thought while his hands didn't stop moving.

After removing the needles from Leon's body, he applied a special technique and gently massaged Leon.

A moment later, there was a beautiful figure at the entrance of the room.

"Boss!"

It was Dianne.

Skylar didn't even raise his head and ordered, "The woman lying on the ground outside the door, you go take care of it. She doesn't feed Leon. You can learn from her. Just throw a few cookies to her once in a while. Don't let her die so easily so she can also experience what it's like to be dying."

"Yes, Boss!"

Dianne received the order and then struck out with lightning speed. She carried Lulu, who had fallen to the ground.

"Let go of me... What are you trying to do to me..."

Lulu screamed while struggling desperately.

Unfortunately, Dianne carried Lulu very easily.

"You want to starve me to death. I'm going to call the police and have the police come and arrest you..."

Dianne's great arm strength scared Lulu.

Dianne, fearing that Lulu's shout would disturb Skylar, quickened her pace even more and dragged Lulu out of the villa's front door.

In the end, all Skylar could hear were a few increasingly distant whimpers...

[Chapter 116](#)

Soon after, Yulia's rehired caregiver came through the service company.

Skylar continued to unblock Leon's bruised meridians and then sat for a while longer.

Seeing that Leon was sleeping soundlessly, Skylar explained to the caregiver and finally left with Yulia and Lola.

At Yulia's suggestion, they did not go back to Lincoln's villa but went to a nearby hotel and got a room.

There was only one room, but there were two beds inside.

Now, there was no reason for Skylar to share a bed with Yulia.

However, Lola was in a dilemma now.

On the left was her father, and on the right was her mother. Who should she choose?

Lola stood between the two beds, hesitated for a long time, and finally walked toward Skylar.

Yulia so angry to see that.

Still, she could not scold Lola because Lola was her biological daughter.

Yulia was a bit puzzled.

How could Lola be so close to Skylar? From the first meeting, it seemed that Skylar had an invisible charm that attracted Lola...

After thinking about it for a while, Yulia still couldn't figure out a reason.

Perhaps Skylar and Lola had a father-daughter relationship.

The next day was the day of Madam Sue's birthday banquet.

Yulia still remembered what happened earlier.

But after all, Madam Sue was her grandmother. So Yulia still prepared the birthday gift, taking Lola and Skylar to the Sue villa to attend the birthday banquet.

The Sue family in Cloudtopia, although less powerful than the Four Great Families, the family was still considered prestigious.

The Sue family owned a parent company, three subsidiaries with total assets of over half a billion dollars.

Madam Sue, as the current head of the Sue family, sat on the main seat in the hall, not only enjoying the

blessings of the Sue family's children and grandchildren in peace, but also receiving many congratulatory gifts from her business partners.

Skylar, Lola and Yulia just reached the door when they heard high-pitched voices inside, one after another.

"Tyler Sue has gifted two package of top-grade tea leaves. May Madam Sue live a long life."

"Georgia Sue has gifted an ancient statue. May Madam Sue be in good health and live a long life."

"Yvonne Sue has gifted an ancient blue and white porcelain vase. May Madam Sue stay healthy."

...

The Sue family's juniors had put in their best efforts to make a big deal on the birthday gift and compete to please Madam Sue.

Of course, the reason why these people were competing with the birthday gifts was that Madam Sue enjoyed it.

Madam Sue was not a fair person in power.

She often arranged the company positions at will based on her own preferences.

For example, if she liked Yvonne, she would let Yvonne keep suppressing Yulia.

It did not matter if Yvonne's ability was worse than Yulia's.

"You are all my good grandchildren!"

Madam Sue saw the congratulatory gifts in front of her quickly piled up. She smiled brightly.

Skylar and Yulia led Lola and walked in just at that moment.

Everyone in the room looked at them, with subtle expressions on their faces.

Yvonne said with a smile on her face, "Yulia, what kind of gift have you prepared for Grandma? Everyone is waiting to see it!"

Yulia ignored her and walked straight up to Madam Sue. Yulia offered the reishi in her hand, saying, "Grandma, this is the wild reishi I prepared for you. Slicing and soaking in water or making it into soup can nourish your organs and achieve the effect of prolonging your life."

Madam Sue glanced at the unattractive reishi in Yulia's hand and didn't say anything.

Yvonne immediately covered her mouth and smirked, "Yulia, are you that poor? Who gave you the guts to give Grandma a broken reishi as a gift?"

[Chapter 117](#)

"On your birthday, this bastard has even rented a plane and scattered flower petals for you. Not only did he light up the entire city, but he also even chartered the entire Sunset Harbor, which was an expense that must be in the millions, to say the least. He came with you today, but you two came up with just a thousand-dollar broken reishi? It seems that Grandma's 80th birthday is not as important as Yulia's birthday!"

A trumped-up charge was instantly placed on Yulia by Yvonne's sophomoric reasoning.

And people like Tyler and Georgia couldn't wait to give Yvonne a helping hand.

"Yulia, you're so selfish!"

"Your small birthday costs millions. But you just gifted Grandma a broken reishi!"

"Do you respect Grandma and treat the Sue family as your family?"

A series of critics infuriated Madam Sue.

"Grandma, I..."

Yulia's eyes were red with aggression.

The helicopter on her birthday, the shower of flower petals, the light show, Sunset Harbor were all the surprises that Skylar gave her.

Although she was the CEO of Kareem Fashion, she did not receive the company's dividends and her salary was only slightly higher than ordinary employees.

In order to provide Lola with good educational resources, Yulia had spent all her savings to buy the apartment she now lived in.

The wild reishi in her hand, although was incomparable to the ancient statues and vases, it had cost her more than eight thousand dollars. But everyone despised her kindness.

Just as Yulia was feeling aggrieved, Yvonne had an idea.

She came up to Madam Sue and whispered a few words.

Madam Sue first looked at Yulia and then nodded.

After Yvonne stepped aside, Madam Sue said, "Yulia, we have plenty of nutritional supplies at home, so I won't accept this reishi in your hand. However, I see that the necklace around your neck is very beautiful. How about taking it as your birthday gift to me?"

"Not this one!"

Yulia blurted out as soon as Madam Sue asked.

What Yulia was wearing today was none other than Star of Cullinan.

Not to mention how valuable Star of Cullinan was and how much she liked it, it was a gift from Skylar that meant a lot to her. So how could she possibly pass it on to Madam Sue?

Madam Sue didn't expect Yulia to refuse her in public, and her face instantly darkened.

"Yulia, as the head of the Sue family, it's rare for me to ask something from you. But as a result, you don't even consider it before rejecting me. Do you respect me?"

Yvonne chimed in, "Yulia, just admit that you are selfish. It's just a necklace. You can wear it, but Grandma is not qualified to wear it?"

Since its introduction, Star of Cullinan had been sought after by women all over the world, creating a frenzy wherever it went.

Yvonne naturally dreamed of having one.

Unfortunately, the price of more than 80 million dollars discouraged her.

After the jewelry show, she heard that Star of Cullinan had been bought and was heartbroken for several days, never imagining that the necklace would then appear around Yulia's neck.

At this moment, Georgia also saw the necklace on Yulia's neck. It was Star of Cullinan, and she became jealous as well.

Looking at the Sue family members arrogant look, Skylar stepped forward and extended his long arms, directly protecting Yulia in his arms.

Then, he said to Madam Sue in a cold voice, "Madam Sue, you are old. Please behave yourself!"

[Chapter 118](#)

"What did you say?"

Madam Sue could not believe her ears.

She thought she had misheard it.

Skylar, a poor soldier, dared to tell her to behave herself in front of so many people?

Skylar did not care what Madam Sue would think and continued in a cold voice, "After Old Mr. Sue fell ill, you and the Sue family members always bully Yulia. Today is your 80th birthday, and Yulia brought Lola and me and prepared a gift, which is considered her biggest respect for you, though you are an incompetent grandmother. But then, you not only did not appreciate the gift, but you also even requested Yulia to give you her necklace. Do you deserve Yulia's respect when you don't respect her?"

What Skylar said made everyone gasp.

The entire room was in an uproar.

Everyone looked at Skylar and Yulia.

Skylar raised his chin and held Yulia closer.

"Asshole!"

Madam Sue was so angry that her face turned dark, and the cane in her hand was pounded to a thud.

She did not expect that Skylar would dare to be so arrogant.

Wasn't telling her to behave herself the same as scolding her for being old and disrespectful?

"Am I the asshole, or are you the asshole?"

Skylar laughed in anger.

The reason why the Sue family's granddaughters dare to blatantly bully Yulia was because of Madam Sue's favoritism.

As Yulia's grandmother, Madam Sue was the biggest asshole of all.

"Stop it!"

Calvert in the crowd suddenly stood up and chided.

Skylar cast a glance at him and then laughed.

Skylar did not care about Calvert at all.

As long as Skylar wanted, not to mention Calvert who had yet inherited the family business, Skylar could even destroy the entire Sue family easily.

But before Skylar could say anything, Yulia whispered in his ear, "Forget it. Don't argue with them."

When Skylar was angry, no one could have him convinced. But he loved Yulia.

So he had to listen to Yulia's words.

At that moment, he nodded, indicating that he would not bother with Calvert.

Calvert was inexplicably relieved to see Skylar nod.

Then, he turned to Madam Sue and said, "Grandma, besides our family members, there are many business partners who came to celebrate your birthday. Quite a few people are still waiting outside to present you with birthday gifts."

Madam Sue knew that Calvert was reminding her to let things slide. So she pursed her lips and said nothing more.

Just then, Theodore came over from the guest table, holding a pair of jade of excellent quality.

"Madam Sue, this pair of jade was handed down to me by my great grandfather, and now I am giving them to you to wish you a happy birthday."

When Madam Sue saw the beautifully patterned jade, her eyes lit up. "Thank you so much for your filial piety. I like it very much."

Seeing that Madam Sue was happy, Theodore immediately took advantage of it and said, "Madam Sue, in fact, I have a request for you."

"What is it..."

Madam Sue said with a smile on her face as she played with the jade with great pleasure.

"I have liked your granddaughter Yulia for a long time. Today, I come here to wish you a happy birthday and propose to Yulia! Please help us make the decision."

[Chapter 119](#)

Theodore said while casting a warm glance at Yulia.

He had wanted to make Yulia his woman for a long time. It was just that Yulia did not like him at all.

Therefore, he could only use this method to force Yulia.

But yesterday, Yulia led a man of unknown origin back to the Sue family. The picture of a loving family of three had completely triggered Theodore.

Theodore knew that he must take action.

It must be done quickly.

Otherwise, it would be too late.

Today's birthday banquet was the best time to do so.

Seeing Theodore full of sincerity, Betty immediately stood up and also pulled Lincoln over.

Betty said flatteringly to Madam Sue, "Mom, I don't know about the others. But Theodore is a nice man. With his excellent family background and good look, it's really a blessing for Yulia to marry him."

Betty spoke while glaring at Skylar.

Betty was still mad that Skylar slapped her last time.

So Betty wanted to take revenge on Skylar by making Yulia marry another man.

Betty could not wait to see how Skylar being humiliated.

Lincoln chimed in, "Yes, Mom, Theodore often visits me these years. He is very nice to me. He really likes Yulia."

Madam Sue, leaning on her cane, nodded and said, "Theodore, I have always had a good impression of you. Since Yulia's parents also like you, I agree with your request."

"Thank you, Grandma, for making it happen!"

Theodore instantly got excited and changed the way he addressed Madam Sue.

Yulia, who couldn't stand it, stood up and said loudly, "I won't marry him!"

Lola also looked at Madam Sue with a pout and shouted after her, "My father's name is Skylar Stone. I won't let anyone bully him!"

Madam Sue snorted coldly, and her face darkened.

Just now, Skylar contradicted her, and she was still angry with him. And now, Yulia disobeyed her, which

infuriated her again.

"Yulia, Leon has spoiled you, which made you a disgrace to the Sue family! You refused to marry Nicholas and even Dragon Commander. Since your parents and I have agreed to this marriage, you are not allowed to refuse it. Don't think that just because you moved out, you have nothing to do with the Sue family. The Sue family has raised you. I am now the head of the Sue family, and as long as your last name is still Sue, you have to listen to me!"

Madam Sue poked her cane on the ground and said firmly, "This marriage is settled. Whether you have any objection, you have only one choice, and that is to obey the family order!"

Yulia bit her lips and repeated firmly, "I won't marry him!"

"Bang!"

Madam Sue knocked the tea cup on the table and stood up.

Pointing angrily at Yulia, she shouted, "Don't you understand what I'm saying? Your current life, and every bit of spending on that wild child are all given by the Sue family. Not only do you not know how to be grateful, but you have also repeatedly disobeyed me. If you dare to say one more word, I will drive you out of the house, and you will be fired from the company! You're an unmarried woman with a child. No company will dare to hire you and on what basis can you maintain your present decent life after you lose your job?"

[Chapter 120](#)

Seeing Madam Sue got angry, Betty, Georgia, Yvonne and others were immediately happy.

They gloated over Yulia.

They could not wait for Yulia to be driven out.

Just then, Skylar said coldly to Madam Sue, "Hey! I advise you to be kind. Otherwise, today's birthday banquet will be your funeral."

Everyone present, including Yulia, had to be considerate of Madam Sue.

But Skylar was the only one who could not care less.

The Sue family was simply a small family and was nothing to Skylar. Even the Four Great Families could not force Yulia and Lola.

Hearing what Skylar said, Madam Sue immediately trembled with anger.

"Skylar, who the hell are you? Do you have the right to speak here? Who gave you the right to speak?"

Seeing Madam Sue look like she was going to kill Skylar, Yvonne's gang got even more excited.

Skylar had offended Madam Sue to such an extent that if Yulia did not break up with him, she would definitely be thrown out of the house.

For a moment, these people had smug smiles on their faces.

While they were waiting to see how Skylar and Yulia would end up, an old voice sounded.

"I gave him the right! Can't I?"

The next moment, an old man with white hair walked in.

Surprisingly, it was Leon who had fallen ill for a long time!

But at this moment, Leon did not look like a patient at all.

Instead, he looked very healthy.

He looked younger than his actual age by as much as ten years.

"Grandpa, how do you..."

The juniors all exclaimed.

Especially Georgia, Yvonne and others.

Yesterday, they saw Leon lying in bed in a deep sleep. But today, he appeared in front of them in high spirits.

It was unbelievable!

Yulia hurried to Leon and asked nervously, "Grandpa, can your body stand running out like this?"

Leon lovingly stroked Yulia's head and said, "Yulia, I don't want to keep lying down anymore. It's time for me to get up and move around. Luckily, I have recovered. Otherwise, my precious granddaughter will be bullied to death by a bunch of assholes."

Leon looked around fiercely and continued, "Yulia, in the future, I will take good care of my health and give you a piece of heaven in the Sue family! Whoever dares to bully you again, I will make punish them."

"Leon, you..."

Madam Sue didn't know what to say for a moment.

Leon glared at her fiercely and said coldly, "Just now, you asked who gave Skylar the right. I did! Does he have the qualifications now?"

"I..."

In front of Leon, Madam Sue did not dare to be arrogant anymore.

It was not that she cared much about Leon. But all of the Sue family's industries were expanded by Leon, who started with nothing.

Although Leon did not manage the company in the past few years, he was currently in high positions in the company. And those senior employees who grew the company with him were still in the company.

Those senior employees had long had a lot of complaints about Madam Sue's nepotism. The only reason they kept working for the company was that they respected Leon.

So, once Leon returned, the Sue family was still under his control.

The company was still his company!
