

TRIUMPH ABOVE ALL

Chapter 17

"Skylar, are you the one who arranged these military vehicles?"

Yulia asked in a trembling voice,

Skylar looked up.

It was just to pick someone up, why did Dianne have to cause such a scene?

This did not suit his humble manner.

However, this time, he pretended to be calm and asked Yulia, "Do you like it?"

"|..."

Yulia was short of breath and could hardly think.

Lincoln and Betty wondered, "What did you two say? Is everything going on right now planned by Skylar?"

"Yes. I was the one who planned it."

Skylar smirked.

Betty glared at him, then said, "How dare you lie to me, Skylar? This motorcade was arranged by Dragon Commander to pick up his fiancée. Do you have a death wish?"

"I'm not lying."

Skylar was helpless. He then suggested, "Why don't you head downstairs with me and see how things are?"

"Sure. I'll kill you if Yulia isn't the person the convoy is

supposed to pick up." Betty said fiercely.

Everyone went downstairs.

Yulia's heart pounded.

Lincoln had a bold idea.

However, Betty could not believe what was going on, she could not help but look forward to what was going to happen.

If what Skylar said was true...

Then Dragon Commander, who was powerful and wealthy would be their son-in-law!

When they arrived at the gate, they saw a group of people surrounding Yvonne and Charles, who lived in the same area as them. The people were buttering

them up.

There were many relatives from the Sue family among them.

"How could you be so calm, Yvonne? We've only heard that you've gotten the invitation for the ceremony, but we didn't expect you to be the girl Dragon Commander who fancies!"

"There are hundreds of military vehicles just to pick you up to the ceremony, Yvonne. You are the pride of the Sue family!"

Yvonne covered her mouth and sneered as she was admired by many others.

"I've already told you, I didn't mean to hide it on purpose. I just didn't know when he took a liking to me."

Yvonne continued, "I was quite confused when I received the invitation. How could such a person like Dragon Commander pay attention to such a mere person like me."

The relatives of the Sue family immediately complimented, "Don't underestimate yourself, Yvonne. Although the Sue family is pretty ordinary, you should be proud of yourself. Not only that you're beautiful, but your aura is outstanding as well."

"Dragon Commander must be attracted by your charm."

Yvonne puffed her chest and then said proudly, "Yeah, perhaps so."

"I went to see a couple of my classmates in Narlene Military Camo last month. There was a young-looking

officer that glanced at me several times."

"Thinking of it right now, it should be Dragon Commander!"

"Oh, Yvonne. This is love at first sight!"

The crowd continued to cheer.

Parents who had daughters were extremely envious.

Yulia's family was stunned!

Didn't Skylar say that everything was arranged by him?

Why did Yvonne take the spotlight?

Moreover, Yvonne's words sounded more believable.

Yvonne's surname was also Sue, and she also received an invitation earlier, but Skylar did not receive any. All he did was lie to them.

"How dare you treat us as monkeys this early in the morning? What in the world is wrong with you?" Betty roared.

Yulia and Lincoln became a little astonished.

Ridiculous!

How ridiculous!

They almost believed that Skylar was Dragon Commander!

How could Dragon Commander, who was admired by everyone take a liking to Yvonne for five years?

"Skylar, you're messing with us aren't you?"

If she had not seen Skylar's strength, Betty would have slapped him right on the spot.

"You horrible rascal, why would you want to drag us down with you? Why are you still here? Go home!" Betty cursed.

Skylar was dumbfounded.

The convoy was really for Yulia. r

Who knew that Yvonne would be this delusional?

How could Yvonne assume that it was herself the convoy came for even if she had the same surname as Yulia?

At this moment, Yvonne heard the commotion and

looked over.

Yvonne smiled wickedly when she saw that Yulia's family and Skylar were there.

She walked across the crowd and appeared in front of Yulia, pretending to be close to her. "I have to thank you for existing, Yulia."

"Although Skylar is just my admirer, a man like Dragon Commander couldn't tolerate anyone like him."

"If you hadn't been with him long ago, Dragon Commander and I might not have gotten to this point."

Yulia blushed and was speechless in front of the crowd.

Charles also came over and said to Betty in a

sarcastic tone, "Don't you think Yvonne caught a big one this time?"

"Haha, isn't it just because of your medical skills, and a contract fee of 10 million a year? It's nothing compared to Dragon Commander's net worth!"

"When the ceremony is over, Dragon Commander will be my son-in-law, and he'll drive all of you here away as soon as possible!"

Betty was so frightened that she immediately said with a smile, "About that, Charles. That thing that happened two days ago has nothing to do with me and Lincoln!"

"It was Skylar who's been causing a ruckus. We're always a family, deep in my heart..."

Skylar was next to him. He could not help but said,

"Charles, didn't you and your daughter get invited to be waiters for the ceremony? What does this have to do with you?"

"Humph!"

Yvonne burst out in laughter. "If it has nothing to do with us, does it have anything to do with you?"

"Skylar, do you feel like killing me after seeing me marry Dragon Commander?"

"Forget about it, I don't want to irritate you anymore. After all, the woman you love is going to marry the most respected man in the world. This is already too much for you to handle."

Skylar went silent.

How could anyone be this narcissistic?

What an eye-opener!

"It seems that you want to go to the ceremony very badly. Don't worry, I'll send you some photos of Dragon Commander proposing to me so you won't feel left out." Yvonne said cunningly.

Skylar grinned, "I'll attend the ceremony and take pictures of you instead!"

"You look better in a waitress' attire than you are right now."

Yvonne sneered, "You're just a poor soldier, and yet you still want to attend the ceremony? What a joke!"

Skylar did not want to deal with her. He turned around and said, "Let's go, Yulia."

Only then did he realize that Yulia's family had left the place.

Skylar was speechless.

How embarrassing was he that they abandoned him?

As Skylar caught up with them, Betty immediately roared, "Skylar, you won't stop until you're done messing with our family, right?"

"Yvonne will be Dragon Commander's fiancée. How dare you provoke her?"

"You're not allowed to stay in our house tonight, leave at once, go as far as you can!"

Skylar said disapprovingly, "Please don't worry, Yvonne and Charles are going to the ceremony to serve as waiters. I'll make them pour us tea."

"The convoy had been waiting for a long time, let's go!"

With that said, Skylar walked towards the jeep with the military plate.
