[Chapter 571 You're Making Things Worse](#)

Clara stomped her feet angrily as she was interrupted by Skylar.

Wanting to negotiate with the cooperation that Logan said was not an easy job.

This was because the project was handled by the Fitz family in Sconvia.

Initially, the Lucas family was qualified to negotiate it with them as they had high status.

But for some reason, the two families have not been in touch since Shane was young.

So, both families had never cooperated on any projects for decades.

Right now, Logan's proposal to ask Yulia to negotiate with the Fitz family's cooperation worth tens of billions was making things difficult.

Knowing that it was impossible, he insisted on letting Yulia do it.

They were waiting for Yulia to return the shares of the Lucas family.

Seeing that Skylar dared to agree without hesitation, Jordan and the others sneered.

At that moment, Skylar was an ignorant fool in their eyes.

Logan was afraid of Skylar's repentance, so he said, "You're a courageous, young man!"

"In a while, I'll tell the secretary to make the contract. If you manage to get him to cooperate, you win,"

"Okay,"

Skylar replied calmly.

Seeing that the opposing parties had reached an agreement, Shane, who had been silent all this time, nodded and said, "Let's do as you said, today's meeting ends here, and carry on with what you were doing,"

"Stay here, Yulia,"

After everyone left, Shane took Yulia's hand and said with a worried expression, "Yulia, Logan will be taking over the Lucas family soon and I can't lecture him in front of so many people,"

"There are only a few of us here, and negotiating with the Fitz family isn't an easy task. You can give up if

you don't think you can do it,"

"You have my support, they won't dare to do anything to you,"

Yulia was very moved when he saw Shane, "Grandpa... I don't want you to be embarrassed because of me, even if I don't have much confidence, I'm willing to give it a try,"

Yulia was very kind-hearted, and it reminded him how he had always favored her since she was a child.

Upon hearing what Yulia said, Shane nodded in relief, and said, "Alright, you're a good kid. You're courageous! Grandpa is proud of you,"

"Don't worry, even if the negotiation fails, I'll never treat you badly if the shares in your hand are transferred to your uncle,"

They exchanged a few more words, and then Yulia got up to say goodbye and left Shane's Manor with Skylar and Lola.

As soon as they came out, they met Clara who was waiting outside.

"Skylar, how dare you agree with Jordan's proposal without knowing their background? Yulia's gonna fail because of you,"

Clara, who was outspoken, said to Skylar.

From the first time she met Yulia, she felt an inexplicable intimacy.

Coupled with Yulia's gentle nature, Clara quickly fell in love with her sister.

Therefore, when Logan dug a grave for Yulia, she risked offending Logan and wanted to stop it.

But she never expected that Skylar would agree to Logan's condition without waiting for her to finish speaking.

Wasn't he making things worse for her?

Facing Clara's questioning, Skylar smiled indifferently, "No, she won't,"

Isn't it just a contract?

What could stop him?

"What do you mean she won't? You don't know anything!"

Clara gritted her teeth.

[Chapter 572 Increasing the Bet](#)

"The cooperation that Uncle Jordan told Yulia to negotiate is the project that the Fitz family has invested in the most this year,"

"Before you came, Uncle Jordan coveted it for a long time, but he couldn't even enter the door of the Fitz Corporation."

"The two families had a relationship decades ago. When Grandpa and the old man of the Fitz family were young, they liked Grandma at the same time. Eventually, Grandpa was the one who ended up with Grandma,"

"The old man of the Fitz family hated us because of his love for Grandma. Since then, he had been targeting and suppressing the Lucas family. It wasn't until grandma passed away that the old man stopped doing so,"

"Now, although the two are no longer hostile, they have no contact with each other. Cooperation was simply impossible,"

Clara became angrier.

Skylar did not know that the Lucas family and the Fitz family had such a dusty past.

However, in his opinion, it was nothing at all.

At this moment, Jordan and the others came out from nowhere, looked at Skylar and Yulia mockingly, and laughed, "Clara, why are you so worried about them? They don't even look troubled!"

"Perhaps Skylar and Yulia know someone powerful and might have a chance at getting their cooperation!"

"That's right, didn't you see that he agreed to the proposal without hesitation earlier? Don't worry about them!"

Upon hearing these words, Skylar was not angry, instead, she said, "You're right,"

"It's just the Fitz family. I, Skylar, accept this proposal. Let alone a cooperation of 10 billion, even if it is 100 billion, 1 trillion, who wouldn't want to agree with me?"

"You... I don't wanna care about you anymore!" Clara stomped her feet angrily.

But Jordan and others were a little confused.

Was Skylar joking?

They could not tell if Skylar was mocking them.

Just the Fitz family?

This brat, he's not afraid of anything!

the Fitz family and the Lucas family were the most powerful household in Sconvia, but they had more assets than the Lucas family.

Skylar said that no one would refuse him as long as he was there.

the Fitz family would have gone mad after hearing his words.

Not to mention it was cooperation between the Lucas family and the Fitz family.

"Know your place!"

Jordan snorted coldly, "Skylar, don't embarrass yourself!"

"How could the Fitz family be afraid of someone who came from a small town in Cloudtopia? You're ridiculous!"

Before Skylar could open his mouth, his eyes suddenly flickered, and he said in a playful tone, "Skylar since you're confident that you're sure to win, would you let me raise the bet?"

"If you can cooperate with the Fitz family, I'll kneel and admit my mistake to you and Yulia."

"If the negotiation fails, I'll take Yulia's final share,"

"This is interesting, I'm in!"

"Count me in too,"

"What do you think, Skylar? Are you down?"

At that moment, the people behind Jordan were also scrambling to join in.

One percent of the shares were worth more than a billion dollars.

Who would not want that sum of money?

Skylar glanced at them, and said jokingly, "What's the matter? Are your knees made of gold?"

"Kneel and admit your mistake, is it equivalent to more than one billion shares?"

"If you want to increase the bet, you can! But it must be the same condition, and each person takes 1% of the shares."

"There are eight of you in total, and Yulia owns 8% of the shares. If the cooperation is negotiated, each of you will transfer 1% of the shares to her,"

"If the negotiation fails, the shares she owns are just enough to be divided among the eight of you."

"How's that?"

[Chapter 573 Both of You Are Capable](#)

Hearing Skylar's words, Jordan and others were taken aback for a moment and then became overjoyed.

"Okay, let's go with it!"

As Jordan said, he took out a piece of paper from his pocket, "I need to write it down so that it counts,"

"To prevent anyone from cheating, our bet will begin once you sign this agreement,"

Jordan was in a hurry to leave to prepare the agreement.

He's so thoughtful.

Skylar smirked.

These self-righteous guys were rushing to send money to him and Yulia.

Since the other party was so impatient, he had no reason to refuse.

"Okay, we'll go with it," Skylar signed the agreement.

"Skylar!"

Clara wanted to stop him, but it was too late.

Skylar's signature was eye-catching as it was signed in black and white.

"you!"

Clara gritted her teeth angrily.

At this moment, she wanted to buy a functioning brain for Skylar.

Initially, Yulia would still have 1% of the share if she failed the negotiation.

However, the bet had been increased and Yulia would be left with nothing if she failed.

Skylar, you're such an idiot!

How could he set Yulia up for this?

After Jordan signed the agreement, he quickly snatched the agreement back, as if he was afraid that Skylar would change his mind.

With this agreement, Jordan and others were immediately overwhelmed with excitement.

For them, Skylar couldn't negotiate with the Fitz family.

This meant that after three days, Yulia's shares would be given to them.

One person would have more than one billion!

Their mouths watered at the thought of it.

"You're doomed, Skylar!" Jordan and the others left triumphantly after saying so.

"Yulia, how could you not care when Skylar's this reckless?"

Clara could not bear it anymore.

Upon seeing Clara's angry and indisputable appearance, Yulia was very moved.

It seemed that there were people in the Lucas family that cared about her besides Shane.

Yulia took Clara's hand and said with relief, "Clara, Skylar is a responsible person and since he dared to accept Logan and Jordan's proposal boldly, I believe he's able to do it,"

Having experienced so many things before, Yulia had regarded Skylar as her reliance.

In her eyes, Skylar was a man of his word.

At this time, Lola, who was in Yulia's arms, also clapped her hands and said, "Don't worry, Aunt Clara, my Daddy's the most powerful person in the world!"

"Hahaha, both of my sweethearts are so capable,"

Skylar felt more confident after hearing their conversation.

He could not control himself and kissed both of them on the cheek.

Lola giggled.

As for Yulia, her pretty face was flushed, and she pushed Skylar in embarrassment.

Clara was still there and did not shy away from them.

This guy's getting more relaxed.

Clara was angry again.

They were even showing their affection in front of her!

But she also knew that the matter had come to this point, and it was useless to be angry.

At that moment, she let out a long sigh and said, "I don't wanna care about you anymore!"

"But since you're new here and don't know much about the situation, I'll try to find someone to help,"

"Go back to Floccesy Tower and wait for Uncle Logan's contract. I will go to the Fitz Corporation with you later,"

With that said Clara made a phone call.

Skylar swallowed his words.

[Chapter 574 Getting Help From a Friend](#)

"Clara has good intentions, just take her with you whether you need her or not," Yulia said to Skylar.

Skylar nodded, then hugged Lola, and went back to Floccesy Tower with Yulia.

As soon as they arrived at the entrance of the villa, the servants inside came out to report that Jordan had someone send the contract.

Skylar sneered, as expected, the talk about cooperation was not a temporary idea at all, it was a tactic Logan thought up long ago to make things difficult for Yulia.

Now that he had the contract, Yulia asked the servant to call Clara.

Within a few minutes, Clara arrived. She waved to Skylar and Yulia, and said, "I asked a friend for help. She can talk to the Fitz family. I hope she can help you."

"We'll be at the Fitz family in a while, so try not to say anything funny and let my friend do the talking," Skylar and Yulia nodded.

After leaving Floccesy Tower, they found that Clara's car was parked at the door and got on it.

They drove to the Fitz Corporation.

As soon as they left, Jordan and others started the car and followed them.

After more than half an hour.

Clara parked the car at the door of an office building.

It was the headquarters of the Fitz Corporation.

When they got off the car, Skylar and Yulia saw a beautiful woman with long black hair standing at the doorstep.

"Yanice!!"

Clara yelled at the woman, and introduced her to Skylar and his family, "This is my sister, Yulia, brother-in-law, Skylar, and their daughter, Lola,"

"Yulia, Skylar, this is my best friend Yanice. The Mason family and the Fitz family have been friends for several generations. Maybe bringing her along with you might help with the negotiation,"

"But she can't guarantee that the negotiation will be a success,"

"Let's do our best and leave it to God,"

Yulia exchanged pleasantries with Yanice, and Skylar nodded with a smile as a greeting.

Yanice felt a little uncomfortable when she saw Skylar asking for help and had a carefree attitude.

Moreover, when she heard Clara introduce that their daughter took Yulia's surname, she looked down on Skylar even more.

She was afraid that he was a golddigger.

"Let's go there right now. I called Jaiden before I came,"

Saying that Yanice proudly walked to the front.

Skylar glanced at her, feeling a little unhappy.

Although Yanice was Clara's best friend, the gap between them was a bit large.

However, Skylar did not show his dissatisfaction as Clara was eager to help.

The five of them went to the president's office under the guidance of the staff.

"Mr. Fitz, Miss Mason is here,"

The staff reported it to him and left.

"Please come in,"

A man's voice came from the office.

Yanice walked in.

There was a young man in a white shirt sitting at the desk.

Seeing Yanice, he immediately got up and greeted her warmly, "Yanice, you are finally here. I've been waiting for you in the office,"

The man was the eldest son of Fitz family, Jaiden.

However, his smile faded when he saw Clara, Skylar, and Yulia behind her.

"Yanice, didn't you come alone? What are they here for?"

[Chapter 575 Fulfilling a Wish](#)

It would be better if only Clara followed.

He did not know Skylar and Yulia at all, and there was a child in Skylar's arms.

"You should know Clara, so I don't need to introduce you to her. This is her sister and this is her brother-in-law,"

Yanice pointed to Skylar and Yulia and introduced them to Jaiden.

"I told you that I have something to discuss with you. They want to cooperate with the Fitz family, so I'll just be the intermediary," Yanice said.

"Uh?"

Jaiden frowned, "People from the Lucas family want to cooperate with the Fitz family?"

Before Yanice could speak, Jaiden smiled helplessly, and said, "Little Miss Mason, you're giving me a problem!"

"I'm willing to do other things to make you smile,"

"However, you should know how much our old man hates the Lucas family,"

"If I let the Lucas family do what they wanted, I probably won't be able to enter the house,"

Upon hearing his words, Yanice pondered for a while, then raised her head suddenly, and said with a determined look, "If you can take out the tens of billions of projects and share them with the Lucas family, I can grant you one wish."

Grant him a wish?

Jaiden's eyes lit up immediately.

Not only did Yanice have a good family background, but she was also beautiful, which he had chased after for a long time.

However, he used all his tricks, and Yanice remained unmoved.

Right now, Yanice said something that she could satisfy one of his wishes.

At the moment, Jaiden did not care what the old man thought, looked at Yanice with a burning passion, and said, "Yanice, I have liked you for a long time, and my wish is that you can be my girlfriend,"

"If you can fulfill my wish, I'll risk offending our old man and agree to cooperate with the Lucas family."

Upon hearing his words, Yanice was slightly taken aback, but after thinking about it, there was no reason to take them back since she had already promised him that she would fulfill his wish.

However, when she was about to nod her head, Skylar interrupted her suddenly, "Miss Mason, I appreciate your kindness!"

"However, asking a woman to sacrifice herself in exchange for benefits is not in line with how I do things," Skylar said.

"Since I accepted the bet, I have a way to get the Fitz family to agree to cooperate with me,"

He knew that Jaiden did not like Yanice at first glance.

Although Yanice was a little arrogant, he did not want her to sacrifice herself for Jaiden because of a contract.

"Skylar!" Clara called out angrily.

She was so mad she did not respect him as her brother-in-law any more.

Before coming here, she told Skylar and the others to keep quiet, but he ignored her advice.

She was so mad.

Now, Yanice looked down on Skylar even more, thinking that he was just all talk and incapable of anything.

As for Jaiden, her face darkened instantly.

Seeing that his dream was about to come true, Skylar refused to let him achieve it.

"How ignorant are you, kid?"

"Are you from the Fitz family, or am I?"

"I'll see what happens if I don't agree with the negotiation!"

"Mr. Fitz!"

Clara wanted to explain, but Jaiden did not even look at her and refused to give her a chance.

[Chapter 576 It's an Order](#)

Yanice, who was next to him, scolded Skylar, "I'm sacrificing for you? Stop being so sentimental!"

"If it wasn't for Clara, I wouldn't even know who you are,"

As soon as she finished speaking, she turned her gaze to Jaiden again, "Mr. Fitz, as long as you are willing to help Clara, I can fulfill your wish,"

"As I said earlier since I accepted the bet, I have a way of letting the Fitz family cooperate with me," Skylar spoke again.

There was a bit of boldness in his tone.

He did not care whether Yanice was being tough, but he did not need her to sacrifice herself for the Fitz family to cooperate with the Lucas family.

On the way here, he thought if Yanice could make him sign the contract after talking to him, he would be willing to accept it.

However, he did not expect Jaiden to propose such a condition, and Skylar was unhappy with it.

"Didn't you say you wanted to see what would happen if you refused to cooperate with me?"

"Then I'll let you take a good look,"

Skylar glanced at Jaiden, then took out his phone and called a number.

"Hey, I'm in Jaiden's office, come over,"

After finishing speaking, Skylar hung up the phone.

Several people at the scene were a little dumbfounded.

Did Skylar know someone from the Fitz family? "

However, the next moment, Jaiden sneered.

He had to take a good look, even he had to make up his mind to facilitate the cooperation, who else in the Fitz family would dare to agree?

After a while, there was a rush of footsteps outside the door.

Soon, the door of the office was pushed open.

Amanda, who was dressed in a smart uniform walked in quickly.

"Amanda?"

Seeing Amanda's figure, Jaiden's pupils suddenly shrank.

Although Amanda was just a woman, she was outstanding in all aspects and had won the favor of Mr. Fitz since she was a child.

In addition, in the past two months, the freckle and skin rejuvenation cream projects that cooperated with Kareem Fashion had become popular in the market, making Amanda's status in the Fitz family soar.

So far, it seemed that she had stolen all the limelight.

Unexpectedly, the person on the other end of Skylar's phone was Amanda.

As soon as Amanda entered the door, he ran towards Skylar and Yulia without even looking at Jaiden.

"Mr. Stone, Miss. Sue, why didn't you tell me in advance when you came to the Fitz family so that I can welcome you?"

What?

Miss Amanda, eldest daughter of the Fitz family, had to welcome Skylar and Yulia in person.

Clara was shocked.

Even Yanice, who looked down on Skylar could not help but look sideways.

Recently, Amanda had made big moves in Sconvia and had become a role model for the younger generations in Sconvia.

Clara and Yanice admired her too.

Unexpectedly, Skylar knew Amanda!

Moreover, judging by the way Amanda spoke, she was polite.

What's going on?

Skylar did not care about what they thought, and said to Amanda "I'm here today on behalf of the Lucas family,"

"The Lucas family has taken a fancy to your new big project and wants to get a share of it. Take a look at the contract. If there is nothing wrong, please sign it now,"

After speaking, Skylar handed the contract to Amanda.

"Uhh..."

Upon hearing Skylar's words, everyone present was even more stunned.

They did not expect Skylar to ask Amanda to sign the contract without any hiccups.

What's more, his tone sounded very indifferent, but there was an undeniable meaning hidden in it.

Was this a negotiation?

It was an order!

[Chapter 577 Starting All Over](#)

Clara looked at Skylar in disbelief.

As for Yanice, the way she looked at Skylar changed instantly.

Just now, she thought Skylar was a big talker and a gold digger.

Now it seemed that she was wrong about him.

"Huh? The Lucas family?"

Hearing Skylar's words, Amanda was also a little dazed.

She glanced at Clara with some doubts in her heart.

When did Skylar get involved with the Lucas family?

He came to discuss cooperation with the Fitz family on behalf of the Lucas family.

However, she did not say anything took the contract handed over by Skylar, and started to read it.

Jaiden saw the situation, and said coldly, "Amanda, Grandpa hated the Lucas family the most!"

"I hope you don't disappoint Grandpa,"

Before Amanda came, he said some bold words. Without his support, no one in the Lucas family would dare to agree to Skylar's proposal.

Right now, Amanda listened to Skylar's words and looked at the contract seriously. Wasn't that just slapping him in the face?

If Amanda signed it, he would be ashamed and would be thrown to his grandma's house.

Especially Yanice, whom he had coveted for a long time, was also present.

But Amanda ignored him and focused on the contract.

After a while, Amanda raised his head, looked at Skylar, and said with embarrassment, "Mr.Stone, I would sign this if it was a different contract,"

"But the amount involved in this contract is too large. I don't have such a large authority. I have to ask my grandfather if I can sign it,"

Upon hearing Amanda's words, Jaiden showed ecstasy.

"Hahaha, what did I tell you, Mr. Stone? Was there anyone who would sign this contract for you?"

"If you brought this matter to Grandpa, he would refuse immediately! You should just give up!"

Clara and Yanice were disappointed.

Clara called Yanice to meet Jaiden to make him sign the contract behind his old man's back.

But when Amanda came, their problem was not solved.

Jaiden was right.

Once Mr. Fitz knew about this, he would lose.

At that moment, Clara sighed, "Yulia, Skylar, let's go back,"

Skylar glanced at her, then turned to Amanda and said, "Since you can't make the decision, let your grandfather come over,"

"Okay! Grandpa just came to see some directors today, and he is in the meeting room downstairs now,"

With that said, Amanda left the office.

After a while, she walked in with a fat old man with a red face.

It was the old man of the Fitz family, Walter.

"Grandpa, you're here!"

Jaiden hastily greeted her.

Clara, Yanice, and others greeted him.

However, Walter walked towards Skylar as if he did not hear them.

He bowed and said with a smile, "Hello, Mr. Stone, forgive me for being late!"

"Why are you still standing, Mr. Stone? Please sit down, and I'll tell someone to make tea for you,"

"Boom!"

Everyone was surprised.

What was going on?

Mr. Stone?

Mr. Fitz addressed Skylar as Mr. Stone.

Moreover, he was even flattering Skylar!

It was even more shocking than how Amanda treated him earlier!

[Chapter 578 Top Secret](#)

What they did not know was that when Amanda attended Wolter's birthday party, she told everything that happened on that day.

At that time, Wolter had a strong interest in Skylar.

Then they sent someone to secretly investigate Skylar's background.

Unexpectedly, he used all the connections he could, but he did not find any useful information.

Skylar's files were in the army for six years and it was marked as a top secret.

Only people with high authority had permission to view it!

These two words frightened Wolter.

Although he did not know Skylar's true identity, he realized that Skylar was so powerful that his identity was a top secret.

Not long after, the Jenkins family announced that they had already severed ties with Borry and Porker.

Moreover, Amanda went to Moersk to discuss the cooperation and saw Skylar as the lord of Moersk.

The connection between these events confirmed Wolter's guesses.

Wolter realized that Skylar must be a powerful authority.

The power possessed by Skylar was beyond the imagination of ordinary people!

Moreover, Amanda went to Maersk to discuss the cooperation and saw Skylar as the lord of Maersk.

The connection between these events confirmed Walter's guesses.

Walter realized that Skylar must be a powerful authority.

The power possessed by Skylar was beyond the imagination of ordinary people!

What's more, the freckle-removing cream and rejuvenating cream that the Fitz Group was making a lot of money on was provided by Kareem Fashion.

The reason why Kareem Fashion could produce these two products was because Skylar provided the formula for them.

He had already planned for the cream to be the priority of the Fitz Group for the next five years yesterday.

As long as he could continue to cooperate with Kareem Fashion, the future of the rejuvenating cream project was limitless.

From this point of view, the love-hate relationship between him and the Lucas family was not worth mentioning.

Moreover, he decided to curry favor with Skylar.

If that old fellow Shane stole the limelight and got the benefits from Skylar, then the Lucas family would be prosperous.

If they got Skylar's favor, the Fitz family would fall behind.

Shane would have been furious if it happened.

After fighting with Shane for a lifetime, he did not want to see the Fitz family being overwhelmed by the Lucas family.

Upon seeing Walter's respectful attitude, Skylar nodded, "I brought a contract, please read it, and we will talk about other things later,"

Upon seeing Walter's respectful attitude, Skylar nodded, "I brought a contract, please read it, and we will talk about other things later,"

Walter immediately waved his hand and said with a smile, "Don't worry about it, if Mr. Stone wants to cooperate with our family, that's because you think highly of us,"

"Wait a moment, Mr. Stone, I'll sign it now,"

Walter signed the contract without reading it.

"Grandpa, you're..."

Jaiden exclaimed.

Did he sign a contract worth tens of billions without looking at it?

Didn't he say wants nothing to do with the Lucas family anymore?

Clara and Yanice were too stunned to speak.

Walter, why are you flattering Skylar?

This was beyond their imagination.

"Thank you, for trusting us, Mr. Fitz,"

Skylar put away the contract and nodded, "I'm done with everything here. I'll treat you to a drink when I have the time, Mr. Fitz,"

Was he being kind to polite people?

Skylar was polite to Walter as he respected him.

[Chapter 579 Ashamed](#)

Upon hearing Skylor's words, Wolter looked at him with flattery and said, "You're welcome, Mr. Stone, I'll treat you to tea and dinner the next time you visit,"

Skylor nodded, took Yulio's hand, and walked towards the door.

"Amondo, send Mr. Stone off for me,"

Wolter hurriedly gave orders to Amondo.

"Yes, Grandpa!"

Amondo agreed and followed him out of the office.

After leaving the Fitz Corporation, Cloro and Yonice woke up from their trance.

They looked at Skylor with incredulous expressions on their faces.

"Yulio, Does Skylor have a terrifying identity?"

Cloro could not help asking.

Skylor's understatement made Mr. Fitz put aside his grudge and shore a tens of billions contract with the Lucos family.

If this matter got out, everyone in Sconvio would be shocked.

Yulio smiled and shook her head.

It was not that Yulio did not want to tell her about Skylor's identity, it was because she did not know him too well.

At this moment, Lolo clapped her hands and cheered, "Aunt Cloro, I told you my Daddy is the most powerful person in the world!"

Skylor and Yulio were immediately amused by her, one of them reached out and crossed her hair, while the other could not help but kiss her.

Upon hearing Skylar's words, Walter looked at him with flattery and said, "You're welcome, Mr. Stone, I'll treat you to tea and dinner the next time you visit,"

Skylar nodded, took Yulia's hand, and walked towards the door.

"Amanda, send Mr. Stone off for me,"

Walter hurriedly gave orders to Amanda.

"Yes, Grandpa!"

Amanda agreed and followed him out of the office.

After leaving the Fitz Corporation, Clara and Yanice woke up from their trance.

They looked at Skylar with incredulous expressions on their faces.

"Yulia, Does Skylar have a terrifying identity?"

Clara could not help asking.

Skylar's understatement made Mr. Fitz put aside his grudge and share a tens of billions contract with the Lucas family.

If this matter got out, everyone in Sconvia would be shocked.

Yulia smiled and shook her head.

It was not that Yulia did not want to tell her about Skylar's identity, it was because she did not know him too well.

At this moment, Lola clapped her hands and cheered, "Aunt Clara, I told you my Daddy is the most powerful person in the world!"

Skylar and Yulia were immediately amused by her, one of them reached out and caressed her hair, while the other could not help but kiss her.

Lola would make the atmosphere better every time.

Even Clara and Yanice could not help laughing when they saw Lola, who was in good spirits.

After being interrupted by Lola, it was hard for them to ask any more questions.

"Thank you, everyone, for your efforts," Skylar said to Clara and Yanice.

Clara and Yanice looked at each other speechlessly, neither of them knew how to respond.

They came today because they wanted to help, but in the end, he did not need their help at all.

Mr. Fitz rushed to sign the contract after listening to Skylar's words.

Thinking about how they treated Skylar earlier, they felt ashamed.

They did not dare to take the credit.

A group of people walked to the parking lot.

At this moment, a voice full of ridicule came.

"Skylar, Yulia, did you get kicked out by the Fitz family in just a couple of minutes?"

Skylar looked back and saw Jordan and others coming out of the car next to him, pretending to be.

They followed Clara's car all the way here and saw Skylar and others entering the Fitz Corporation.

At that time, they were discussing that if Skylar went in for more than two hours, there might be a possibility of cooperation.

At that time, they were discussing that if Skylar went in for more than two hours, there might be a possibility of cooperation.

But if it was less than half an hour, they assumed that Skylar did not get to see the executives of the Fitz family.

After all, this was a contract worth tens of billions. Even if the Lucas family and the Fitz family did not hold grudges, it was still impossible for them to agree to sign the contract in such a short time.

However, it only took 20 minutes for Skylar and others to enter and leave the building.

Jordan assumed that they were kicked out.

At this time, the followers behind Jordan also looked at Skylar mockingly.

They felt that the shares held by Yulia were not far from their pockets.

Hearing Jordan's words, Clara sneered.

What a self-righteous guy.

Just wait for the news.

And Yanice snorted coldly, looking at Jordan playfully.

"Sorry to disappoint you!"

Skylar looked at Jordan, raised the contract in his hand, and said, "We have reached a cooperation with the Fitz family, and you're going to transfer the shares in your hands to Yulia!"

"What did you say?"

Jordan's pupils shrank, but he quickly reacted, and said disdainfully to Skylar, "Tch, who are you fooling, Skylar?"

"How could the Fitz family agree to cooperate with the Lucas family that easily?"

"That's right! The old man of the Fitz family held a grudge against the Lucas family all his life. Did he change his mind before being buried?"

"Besides, this is a contract of tens of billions. Even if someone from the Fitz family was willing to cooperate with the Lucas family, it's impossible to finalize it in such a short time,"

"I think you're too ignorant, how dare you lie to us!"

A group of people echoed one after another.

They did not believe that Skylar got the contract signed.

"Come on, show me the contract you made him sign!"

Jordan looked at Skylar triumphantly and said playfully.

"Here you go, don't cry," Skylar said leisurely, at the same time, he showed to Jordan.

Logan provided the contract.

Skylar turned to the last page, and Jordan was surprised to see Wolter's signature.

The official seal and private seal were also in there.

Logan provided the contract.

Skylar turned to the last page, and Jordan was surprised to see Walter's signature.

The official seal and private seal were also in there.

"This... this is impossible!"

Jordan's expression changed drastically, and he stretched out his hand as he spoke, trying to snatch the contract from Skylar.

Skylar dodged him and took the contract back. He sneered, "I said that you can have a look at it, but didn't say you get to touch it,"

"This is impossible! Mr. Fitz agreed to cooperate with the Lucas family. Did he sign this?" Jordan panicked.

Jordan's followers also saw the contract.

At this moment, their faces were pale.

Skylar glanced at them jokingly, and said calmly, "Since you've seen the contract, get ready with your shares,"

"Shares...shares? What are you talking about? We don't understand..."

When Jordan and the others came to their senses, they immediately pretended to play dumb.

Except for Jordan who owned 4% of the Lucas family's shares, most of the others only had 1% of the shares, and a few only had 2%.

The reason why they could maintain a luxurious life was because of the dividends from the shares they had.

If they transferred the shares to Yulia, they would not be able to sleep soundly at night.

It was more painful than lacerating their flesh.

It was more painful than lacerating their flesh.

On the other hand, if Yulia got 1% of their shares including her own, she would have 16% of the shares.

She would surpass Logan and become the second-largest shareholder besides Shane!

At that moment, Logan had to bow and act like a boy in front of Yulia.

At this time, Jordan said playfully, "Skylar, we are just playing around, I didn't expect you to take it seriously, aren't you being too greedy?"

"I already have 8% of the shares, and I'm still coveting the shares in our hands! If the old man knows about this, he won't be on your side,"

"Oh?"

Skylar took out the agreement signed by the two of them earlier, and said, "You drafted the bet, you added to it, and you signed it first."

"It's written in black and white. Are you joking with me?"

"So what if he knows about it? Don't use the old man to suppress me."

"Let me tell you, if Shane can uphold justice, it will be a good thing for you. Otherwise... those who want to blame me won't live long!"
