

Triumph 601

[Chapter 601 What's Your Relationship With Yanice?](#)

"I don't think it's troublesome, why would you think that?"

"Then that's it, let Skylar take you upstairs to rest. I'll tell Clara to call you down when the feast is ready," Shane said.

"Thank you, Grandpa," Yulia could not bear to brush off his kindness, so she could only nod in agreement.

In the evening, Clara walked into Floccesy Tower as Skylar and Yulia were playing with Lola.

"Yulia, Skylar, Grandpa said the feast is about to start,"

Yulia answered her, tidied up her dress, and walked outside with Skylar and Lola.

the Lucas family had a hall dedicated to family banquets. Clara was familiar with the place, so she lead the way.

Skylar followed behind her.

It was a narrow path, so they could not walk together. So, Yulia and Lola walked behind them.

On the way, Clara slowed down and waited for Skylar to reach her, then asked in a low tone, "Skylar, what's happening between you and Yanice?"

With that said Clara stared at Skylar.

"Yanice?" Skylar was taken aback for a moment, and then he came to his senses, but he was still a little confused.

"Are you playing dumb?"

Clara snorted, "You went to Veilstone Hills alone that day, and met Yanice there didn't you?"

"Yanice kept pestering me about you that night and wanted me to arrange an appointment with you,"

"I said you were in the hospital taking care of Yulia, so she gave up,"

"Yanice had been with me for so long and I know her better than myself,"

"I've never seen Yanice have a crush on any man for the past twenty years,"

"Why did she care about you so much all of a sudden?"

Seeing Clara's angry appearance, Skylar was a little speechless.

What happened at Veilstone Hills that day was enough to shock Yanice and it was enough to change her view of him.

He was afraid that Yanice wanted to see him because she had a purpose and wanted to use his authority.

Skylar smiled helplessly.

Clara looked even angrier, "Are you happy about this?"

"You have a family, Skylar, if you do something bad to Yanice, I won't let you get away with it!"

He never thought that he would be threatened by his sister-in-law.

However, Skylar was not angry at all.

He said to Clara seriously, "Don't worry, Clara. I would never do something horrible to Yanice,"

"I wouldn't be able to forgive myself if I made her sad,"

"Really?" Clara looked at him again.

She wanted to see his sincerity.

However, at that moment, Lola ran over. Clara quickly turned around and continued to walk towards the family banquet hall.

When they arrived, everyone in the Lucas family was already there.

Geoffrey, the second son of the Lucas family sat beside Shane.

"Yulia, you're here! Bring Lola over and sit next to me,"

Shane greeted her enthusiastically.

Yulia was the main guest of the banquet.

Geoffrey also smiled at Yulia.

Meanwhile, Jordan and others snorted coldly and turned their heads away.

[Chapter 602 A Mysterious Figure](#)

Skylar and Yulia ignored them.

"Lola, hurry up and greet Grandpa and Uncle Geoffrey,"

Yulia instructed the little girl.

The little guy immediately shouted, "Hello, Grandpa and Uncle Geoffrey!"

Shane smiled and waved to Lola, "Come on, Lola, sit next to Grandpa, I specially asked the servant to move the child seat next to me,"

"Daddy, Mommy?" Lola took two steps forward, then turned around hesitantly asking Skylar and Yulia for their opinions.

"Go on, sweetheart, it makes me so happy to see Grandpa love you so much,"

Yulia encouraged her.

"Then where are you and Daddy sitting?" Lola asked worriedly.

Seeing that there were only two empty seats next to Shane, Skylar said, "Yulia, sit next to Lola, I'll sit at the table next to you,"

"Alright then," Yulia agreed and sat next to Shane with Lola.

Skylar found a seat at the next table that was closest to them.

It happened to be Jordan's table.

However, Skylar sat wherever he wanted, and did not care if Jordan was mad.

Clara sat next to him.

Everyone in the Lucas family sat at the table.

Before the food was served, everyone chatted about the interesting things that happened to them.

After chatting for a while, Jordan put on a mysterious look, and said, "Do you know that the eldest son of the Kent family, Max, was murdered by someone?"

"What? Murdered? Are you for real?"

"I think it's true, I've heard about it too. I just don't know who has such a powerful background to be able to touch the Kent family,"

"Killing Max isn't the scariest thing that happened,"

Jordan said very proudly, "The most terrifying thing is that after Max was killed, Sterling, the head of the Kent family, didn't dare to make a fuss out of it,"

"Moreover, he called everyone he knew to raise funds and paid him 100 billion dollars, which saved the Kent family from being wiped out,"

"What?"

Everyone at the table was frightened.

"Who is this powerful figure? How was he able to make the Kent family fear him?"

"The Kent family is far better than our family!"

"Since when did Sconvia have such a powerful person? That's too scary,"

Clara was speechless when she heard the news.

And Yulia, who was closest to them, heard their conversation and looked at Skylar thoughtfully.

Max Kent?

Wasn't he the person who went to Cloudtopia a while ago to buy Kareem Fashion forcibly and stole the freckle cream formula, then posted it on the internet?

Could Max's death be related to Skylar?

However, it was hard for her to ask too many questions with so many people around.

Logan nodded at the other table and said seriously, "I've just received the news as well,"

"I don't know why Max owed him 100 billion dollars. He was having fun with a group of people when that person came up and asked him to pay his debt,"

"However, Max didn't admit it and told the bodyguards to send him away, so he ended up dying,"

"Max's death isn't the point,"

"This is about who attacked him. His identity is mysterious and made the people present to keep it a secret,"

"From now onwards, you shouldn't be arrogant as long as you're from the Lucas family. Moreover, let's not take advantage of strangers,"

"If you offend that person, not only your life would be at risk, but our family would also be threatened,"

"Please remember!"

[Chapter 603 Nonsense](#)

Upon hearing Logan's words, Jordan and others looked solemn, and agreed in unison, "Yes, Uncle Logan, we'll remember this!"

Lola who was sitting next to Shane turned around and exclaimed at Skylar, "Daddy, what are they talking about?"

"Has a very powerful person come to us?"

Lola's childish voice attracted the attention of everyone in the hall.

Skylar saw that she had an unquenchable curiosity and smiled, "He's alright, he's not that powerful,"

Lola nodded vigorously immediately, and said, "Yeah, my Daddy is the most powerful person in the world!"

That was Lola's catchphrase but now that everybody heard it, their views on him had changed.

All of them looked at Skylar sarcastically.

Jordan snorted and said, "You're joking, Skylar! How bold of you!"

How dare he say that the mysterious person was not powerful?

How could he say something like that to someone who threatened the Kent family?

How bold of him!

At this moment, Clara, who was sitting next to Skylar, was so mad that she punched him, "You're talking about nonsense again!"

"You'll die if the mysterious person heard you!"

Skylar smiled helplessly, "I just think that he's not that big of a deal!"

"Skylar!"

Clara stomped her feet angrily, she did not bother to talk to him anymore.

"Not that big of a deal?" Logan, who was sitting at the next table snorted coldly.

"I heard that one of his subordinates made Chief Marrow from the Sconvia Police Station step down with just one phone call,"

"He must be incredibly powerful to do so,"

"How could you look down on such a powerful man?"

"Do you think you're better than him?"

Shane and Geoffrey at the main table also showed a look of disappointment.

From their point of view, Skylar liked to think he was a big shot.

The atmosphere was awkward.

Geoffrey, said, "Logan, I think Skylar is exaggerating just to make Lola happy,"

"Don't take him that seriously,"

After being persuaded, Logan withdrew his sharp gaze.

Skylar did not bother to talk to them anymore and continued eating.

But everyone in the Lucas family was very interested in it, and they did not care about eating, so they started to guess at each other.

"Everyone, I remembered that there's another important event that might also be related to that mysterious person,"

Logan's daughter, Sadia said.

"What is it?"

Everyone's attention was on her.

Sadia nodded, and continued, "A while ago, the Jenkins family announced something out of a sudden,

right?"

"Which announcement?"

Everyone did not react.

Clara suddenly asked, "Sadia, are you talking about Barry and Parker severing ties with the Jenkins family?"

"Yes, we know about this. We even guessed if he offended someone they shouldn't have. The Jenkins family was so frightened that they had to distance themselves from them"

Someone next to Jordan added.

[Chapter 604 Sconvia's About to Change](#)

Upon hearing his words, Jordan suddenly asked, "Sadia, did you mean that the person Parker and Barry offended is the same person who killed Max?"

If Sadia's guess was correct, then things would change in Sconvia.

The Kent family and the Jenkins family were both well-known in Sconvia.

That mysterious person dominated them as soon as he arrived.

He even overturned the Jenkins family.

That's terrible!

Who knows what he's going to do?

Who will be his next target?

Upon thinking of this, everyone in the Lucas family trembled in fear.

Sadia said frankly, "That's right! I think so too!"

"Think about it, what if a couple of them came here?"

"How could there be more than one powerful person and go to Sconvia at the same time?"

After hearing this, Jordan and the others could not help but nod, thinking that Sadia's words made sense.

Skylar could not help but also agreed, Sadia was pretty good at connecting the points.

It just so happened that she guessed it right.

However, no matter how smart Sadia was, she would never thought that the mysterious man they were afraid of was sitting next to them and enjoying a feast.

"Hearing what Sadia said, I also thought of something. I don't know if it has something to do with him though,"

Clara, who was sitting next to Skylar, thought about it for a while and spoke.

"Oh? What else is there?"

Everyone in the Lucas family immediately turned their attention to her.

They were eager to know what the mysterious man did.

Clara took a sip of water, and continued, "I remembered that a few days ago, there was a mysterious buyer who bought the only remaining land in the center of Sconvia for more than 50 billion dollars,"

"I heard that construction started on that land the next day. More than 10,000 workers were working all day. It will take only two months to build a building taller than the Sconvia Building and become the new landmark,"

"That land is a park with an area of more than a thousand acres. A building with 20 or 30 floors should be large enough,"

"The main building now has 188 floors and various facilities, it's simply a miniature urban area."

"Tsk tsk, how much money do you need to invest to build a miniature Sconvia city?"

Everyone present was speechless.

It took 50 billion dollars just to acquire land, and to build buildings and cities in it would take more than that.

In other words, the building would cost at least 100 billion dollars.

Not including the cost of maintenance.

How rich was the person to be able to spend more than 100 billion dollars to build a building at once?

The sum of all the assets of the Lucas family is more than 100 billion.

Even the richest person in Sconvia City would not dare to do so!

"If it's true, then this series of actions should be done by that mysterious person,"

Everyone present agreed with Clara's guess.

And the young lady in front of Sadia said, "Oh if I'm lucky enough to meet that mysterious person,"

Logan's eyes flickered, and he smiled, "It's not impossible,"

"Do you know him, Dad?"

Sadia's eyes lit up, and she asked urgently.

Logan quickly waved his hand and said, "How can we meet someone that powerful this easily?"

"However, I received news that the building will be inspected in one and a half months."

[Chapter 605 The Lucas Family's Plan](#)

"There would be a banquet after the inspection and I'm sure he would show up!"

"With our reputation, we should be able to get an invitation,"

"When the time comes, you girls should dress up nicely and try to get to know the mysterious person,"

Logan's intentions were obvious.

Everyone in the Lucas family did not feel that there was anything wrong, but they were looking forward to the celebration party in a month.

Even Clara was curious and wanted to see who he was and how could he have such monstrous power.

Then, they began to talk, dreaming that if the Lucas family had a daughter, it would be such an honor to be appreciated by the old man.

Skylar was speechless.

He could not help but wonder what expressions the Lucas family would have if they found out that he was the mysterious person.

The feast lasted for two hours because they were discussing the mysterious man.

The next morning, they had breakfast and Lola suddenly said in a childish voice, "Daddy, I wanna see the pretty lady,"

"You promised me that you'll bring me to her someday,"

"Can I see her today?" Lola looked at him eagerly.

Only then did Skylar remember that he promised her that before he went out to settle accounts with Max,

He forgot about it when Yulia was hospitalized.

He did not expect Lola to remember it.

At that moment, he nodded and said with a smile, "Okay, since I've promised to take you to the pretty lady,"

"Daddy's so awesome, Daddy loves me so much!"

Lola kissed Skylar on the cheek.

Skylar touched his face, there was Lola's saliva and a grain of rice.

When she saw it, she immediately giggled.

"Did you do this on purpose, you naughty girl?"

Skylar pulled her ear.

The little guy immediately begged for mercy, "I was wrong, Daddy, I won't do it again,"

Seeing the two people making a fuss, Yulia smiled brightly.

However, the next moment she became sad.

"Mr. Stone, did you cast some kind of spell on Lola? Now she's always sticking by your side and I feel extra,"

Skylar almost spat out a mouthful of porridge.

At that moment, he imitated Lola, brought his mouth to Yulia's face, and kissed her.

"You didn't wipe your mouth!"

Yulia quickly took out a tissue, and desperately wiped the place where Skylar kissed.

"Hahahaha!" Skylar laughed.

Lola also looked at Yulia and giggled.

Seeing that both of them were mischievous, Yulia wanted to punch each of them.

However, she loved both of them so much, how could she do such a thing?

"Hmph!"

Yulia snorted arrogantly, but her heart felt warm.

After breakfast, Skylar took Yulia and Lola and drove to where Valerie was.

The headquarters of the company that Valerie signed, Star Entertainment was in Sconvia.

After more than forty minutes, Skylar parked the car at the entrance of the Star Entertainment headquarters.

He called Valerie in advance while he was on his way there.

"Skylar, Yulia, and Lola, you're here!!"

Valerie, who was waiting downstairs, greeted them warmly.

[Chapter 606 How Embarrassing](#)

Skylar and Yulia looked at her.

There was a beautiful woman in a light yellow suspender dress standing by the gate.

It was Valerie.

"Hello, Valerie" Yulia also waved happily.

Lola rushed over excitedly, hugged Valerie's thigh, and shouted, "I missed you so much, pretty lady!"

Valerie's legs were itchy from being rubbed, she quickly picked Lola up and kissed her cheek.

As expected after being a master and apprentice for a few days, the two of them became very close when they met.

"Lola, your words have gotten sweeter,"

Valerie felt her heart was about to melt because of how sweet she was.

Lola replied, "Aunt Valerie, you're getting prettier!"

"Pfft!"

Yulia burst into laughter, "Both of you can stop it now,"

"Hehe..."

Valerie and Lola smirked at Yulia at the same time.

Lola suddenly rubbed against Valerie's chest, and said in a childlike voice, "Wow, Aunt Valerie, your breasts are as fragrant and soft as Mommy's, I feel so comfortable leaning on it,"

"Daddy, do you want to try leaning on her?"

"Uhh..."

Valerie's smile froze and her face turned red.

How embarrassing!

She should not be mad at a four-year-old child...

Lola did not mean it...

She said to Skylar, asking him to lean on Valerie...

And she said it in front of Yulia...

Yulia was silent, she glared at Skylar.

Skylar stayed with Lola all day long, so they should have discussed it in private, right?

That should be it!

You rascal!

No wonder Skylar had been getting more unscrupulous lately!

Seeing Yulia's angry appearance, Skylar did not know if he should laugh or cry!

He was innocent!

Even if Lola wanted to say something like that, she should not do it in front of Yulia.

That meant that Lola was putting Skylar in trouble!

"Ahem, I think the weather's nice today... Where do you want to go? I'll bring you there," Skylar quickly changed the topic.

Before Valerie and Yulia could react, Lola shouted excitedly, "Daddy, let's go to the beach to visit the little dolphins!"

After speaking, she put her arms around Valerie's neck again, and said proudly, "Aunt Valerie, Daddy saved four little dolphins the last time and they all became friends with me,"

"I'll bring you to the dolphins, alright?"

"You rescued four baby dolphins?"

Valerie glanced at Skylar curiously.

Skylar laughed and said, "I saw people in the aquarium mistreating the dolphins in the performance hall, so I asked them to release the dolphins back into the sea,"

Valerie nodded, "Oh, I see...Skylar, I didn't expect you to be so caring,"

Skylar was speechless.

Valerie thought that he was heartless.

He admitted that he had a ferocious side, but only toward people who offended him.

"I'm just kidding," Valerie teased Skylar.

"Uhh..."

Skylar was speechless again.

This woman was sharp-tongued.

He should not be mad at her or else Yulia would think that they're flirting.

[Chapter 607 Mind Your Own Business](#)

"Stop being shocked, take us to the beach!" Valerie urged.

Although there was a high probability they could not see the dolphins, Valerie still wanted to stroll at

the beach.

Lola also wanted to play in the water.

They decided to go to the beach.

"Okay, wait here while I'll get the car ready," Skylar said and walked to the parking lot

At this moment, two women came out of the building, it turned out to be Belinda and her plump manager, Peach.

The last time Belinda and Valerie went to Cloudtopia on the same train, she tripped Valerie on purpose because Valerie walked in front of her.

Afterward, not only did she not apologize, but she also insulted Valerie. Eventually, Skylar taught her a lesson.

On that day, Belinda's arm was injured by Skylar, and now she was not so agile when she moved around.

When she saw Skylar, a look of resentment flashed across her eyes.

She gritted her teeth and walked toward Skylar and the others.

"Hey, Valerie, you're all dressed up, where are you going?" Belinda said angrily.

Valerie's face changed, and was annoyed, "I can wear whatever I want, don't you know how to mind your own business?"

Belinda snorted coldly, "Yeah, I'll mind my own business,"

"However, I just heard from someone that an investor will be coming to the company,"

"One of them is the director of Ninth Commerce, and they want you to accompany them,"

"Mr. Coleman agreed in an instant,"

"You're going out right now, wouldn't Mr. Coleman think you're doing it on purpose?"

"If you offend the director of Ninth Commerce, do you think you can bear his anger?"

Valerie felt bad upon hearing Belinda's words.

Everyone knew the influence of Ninth Commerce, let alone celebrities who often have to deal with capital.

Mr. Coleman was the son of the chairman of Star Entertainment.

Coincidentally, Valerie came to the Sconvia headquarters from Cloudtopia a while ago, only to find out that Belinda brought her manager from Fruity Entertainment to Star Entertainment.

The person who signed her was Mr. Coleman.

Valerie could not afford to offend Mr. Coleman or the director of Nirth Commerce.

After hesitating for a while, Valerie gritted her teeth, and said apologetically to Skylar's family, "Skylar, Yulia, and Lola, I'm sorry, I can't go to the beach with you today."

"Why don't we meet another day?"

"Huh? Aunt Valerie, I asked you out first!"

Lola pouted and said with dissatisfaction.

How could she understand Valerie's helplessness?

Belinda smirked as if she had won a battle.

She could not ruin Skylar's day, so she had to bully Valerie.

Skylar felt disgusted at Belinda's acts. On the other hand, Belinda felt extremely happy.

At this moment, Skylar said to Valerie, "Valerie, what kind of meeting is that? You don't need to go if you don't want to!"

"I..." Valerie glanced at Belinda with embarrassment.

Of course, she did not want to go, but Belinda was so close to Mr. Coleman, who knew what she would say to him.

[Chapter 608 How Bold](#)

She could not help herself as she belonged to the company.

Upon seeing Valerie's embarrassed look, Skylar understood immediately.

At that moment, he said to Belinda in a cold tone, "Tell Mr. Coleman that Valerie has an appointment ahead of time, so she doesn't have time to attend the dinner."

"Skylar!" Valerie yelled in fright.

Skylar had been surprising her when they were in Cloudtopia.

But that was in Cloudtopia.

How could the prosperous Sconvia be compared to a small city?

Even the four powerful families in Cloudtopia were very respectful to Skylar.

But in Sconvia, Skylar was just a nobody and he was helpless.

He could not overwhelm them.

If the Coleman family, who was in charge of Star Entertainment got angry, Skylar would be dead meat.

Not to mention the directors of Nirth Commerce.

"Don't worry, Valerie, Skylar will find a way,"

Yulia looked at Skylar confidently.

Although she did not know what was Skylar's identity, or how much power he had, she believed in him as they went through so many things together.

Although what Skylar said was exaggerated, he would prove them wrong.

He really can do it!

Lola, who was in Valerie's arms said confidently, "Aunt Valerie, as long as my Daddy is here, no one will dare to bully you,"

"My Daddy is the most powerful person in the world!"

After being persuaded by Yulia and Lola, Valerie was moved.

At that moment, she took a deep breath and said to Skylar, "I'll go to the beach with you,"

Skylar nodded and brought them to the beach.

When they were all gone, the fat woman next to Belinda, Peach, said disdainfully, "Skylar is so arrogant!"

"He's just a kid from the countryside, yet he doesn't even take Mr. Coleman seriously!"

"Besides, he took Valerie away. Not only did he disrespect Mr. Coleman, he even embarrassed the director of Nirth Commerce. How bold is he?"

Upon hearing her words, Belinda sneered and said, "Let's go upstairs!"

"Let's tell Mr. Coleman what Valerie said just now, as well as that arrogant brat, Skylar,"

"I don't believe that Mr. Coleman and the director wouldn't be angry!"

"Mr. Coleman seems to have taken that director to eat," The fat woman Peach said.

"Then let's head there!" Belinda touched her injured arm and said with a sinister smile.

In a private club in Sconvia, seven or eight men were sitting around the table.

A bald man was sitting in the main seat.

From the way everyone tried to please him, it was Terry, one of the directors of Nirth Commerce.

The young man sitting next to him was the son of the chairman of Star Entertainment, Ryan.

"Ryan, does that celebrity in your company live far?"

Terry asked, but in fact, he was already impatient for waiting.

Ryan smiled and said, "Mr. Pearson, I've already had someone notify Valerie, and she should be on her way now,"

"I'll call her and ask about it if you're worried,"

Ryan took out his phone, ready to call Valerie.

Just then, there were footsteps.

[Chapter 609 Shut Up](#)

There was a knock on the door of the private room.

"Who is it?" Ryan asked.

"Mr. Coleman, it's me, Belinda,"

Belinda's voice came from outside the door.

"Come in," Ryan answered.

Belinda and her manager, Peach, walked in.

"Hello Mr. Pearson, I'm Belinda, an artist under Mr. Coleman," Belinda greeted Terry delicately.

Terry's face grew darker. He frowned, and asked Ryan, "Ryan, what's the meaning of this?"

"I told you I wanted Valerie, why did you arrange for her to be here?"

"Do you think I'm easy to please? Or is your eyesight so bad that you can't even tell Belinda and Valerie apart?"

Ryan's heart trembled in fright, "Mr. Pearson, please calm down, I would never play tricks on you,"

As soon as he finished talking, Ryan cast his eyes on Belinda and roared angrily, "Belinda, who asked you to come here? Get out!"

Seeing that Terry disliked her so much, Belinda was filled with resentment.

She felt that she was better than Valerie in every way.

Moreover, she was especially good at talking and knew how to please people.

To Belinda, Valeria was always in high spirits and found her annoying.

Terry liked Valerie so much, but he disliked Belinda.

She was going to die of anger.

She wished that she could stab Valerie to relieve her anger.

However, she did not dare to show her displeasure at the moment, and said with a bit of grievance, "Mr. Coleman, I came here to talk to you about Valerie,"

"Huh? What happened to her?"

Only then did Ryan's expression soften a little.

Belinda sneered, "I saw Valerie when I went out earlier,"

"I told her that you arranged for her to have dinner with Mr. Pearson"

"Eventually, she said she wanted to go to the beach with another man,"

"Peach and I persuaded her, but she said that she'd rather die than have dinner with Mr. Pearson, who's as fat as a pig,"

"Boom!"

"Shut up!"

Upon hearing her words, Ryan stood up in fright.

In the previous year, the Coleman family had been traveling around to join the Nirth Commerce.

And Terry had a lot of say in the Nirth Commerce.

Seeing that everything was going along the plan, if Terry was angered at this time, all his previous efforts would be in vain.

Belinda's words made him startled and angry.

"It's okay, let her continue!" Terry said with a dark face.

Belinda put on an innocent look, and said coquettishly, "Mr. Coleman, Valerie said that earlier,"

"I'm just telling you the truth."

"Also, the man she was with even said that no one would dare to bully her as long as he was there,"

"He would kill anyone who gets in their way,"

Upon hearing these words, Terry's expression grew darker,

As for Ryan, a wave of monstrous anger arose in his heart.

No matter how outstanding Valerie was, she was just a celebrity who could be manipulated by him, a tool for the company to make money, how dare she disobey her arrangements?

[Chapter 610 No Way!](#)

Terry and Ryan were furious.

As a director of Nirth Commerce, he had dominated the entire province.

They had to be pleased wherever they went.

How could a celebrity not take him seriously?

It would be dumb if he did not show off his power!

At that moment, Terry snorted and said to Ryan, "Mr. Coleman, should I teach you what you're supposed to do?"

Ryan was so frightened that he waved his hands and said, "Don't worry, Uncle Terry, I know what to do..."

"I assure you that I'll send Valerie to you even if I need to tie her up. You can punish her however you like,"

She was a beautiful lady sent to an old pervert, it was obvious what was going to happen next.

Upon hearing Ryan's words, Belinda and Peach gloated.

Meanwhile, on the beach, Skylar walked over with Yulia and others.

As soon as Lola approached the sea, she shouted into the distance, "I'm here to see you, little dolphins,"

"I even brought Aunt Valerie with me come out and play with us!"

Lola's voice attracted so much attention.

They thought that Lola was playing around, so they did not take it seriously.

However, when they were about to look back, they found Yulia and Valerie standing next to Lola.

Everyone's eyes brightened.

In the midsummer season, both Yulia and Valerie were wearing skirts, showing off their fair legs.

They were pretty and radiant with smiles, so they made everyone around them amazed.

Some men could not help but gasp at their beauty.

At this time, suddenly someone with sharp eyes pointed at Valerie and exclaimed, "Oh my god! Is that Valerie, the popular celebrity recently?"

"She came to the beach, and a man was standing beside her!"

"It's her! But isn't she a pure and talented girl, she's dressed so revealingly today, and she's talking and laughing with a man!"

"Look at the girl next to her, her face is more beautiful than Valerie's. Isn't he lucky?"

A group of young people were surprised.

There were even a few people among them, walking towards the direction where Valerie was.

The leader was a girl. She walked up to Valerie and asked, "Excuse me, are you, Valerie?"

"Yes, I am," Valerie nodded.

The girl was ecstatic, "That's awesome, I'm Jillian, can I have a picture with you?"

"Sure," Valerie agreed.

The girl took out her phone and took a selfie with Valerie.

And the people who were following her were looking at Yulia.

The tallest one among them showed a handsome smile and said to Yulia, "Hello, pretty lady, I'm Ronan, can I..."

Skylar was next to them and his face darkened.

He was still there.

How dare he hit on Skylar's wife?

He's looking for a fight!

"No way!"

Before Ronan could finish speaking, Skylar interrupted him.

And he put his arms around Yulia's waist and looked at Ronan warily.

It was like he was telling the world that Yulia was his wife.

No one could have his woman!
