

## Triumph 611

### [Chapter 611 You're Being Too Much](#)

Before Ronan could finish his question, he was interrupted and felt a little upset, and when he looked at Skylar, he became a little more annoyed.

Yulia gently pushed Skylar, holding back a smile.

He was just hitting on her, she would just refuse. However, Skylar acted as if someone snatched away his food.

Did he need to act like that?

Yulia thought Skylar was cute although he was narrow-minded.

"Little dolphin, why won't you come?"

Lola called out many times, but there was no movement on the surface of the sea.

"Daddy, why didn't the dolphins come? Did the bad guy kill them again?" Lola asked Skylar anxiously.

At this time, Jillian, the girl who had finished taking photos with Valerie, reminded Lola gently, "Little girl, it's impossible to call the dolphins if you shout like that,"

Lola immediately shook her head and said, "I promised the dolphins, as long as I come to the beach and call them, they will come to play with me,"

Jillian, Ronan, and the others did not know how to answer Lola upon hearing her reaction.

Was this little girl too invested in her drama?

At this time, Skylar rubbed Lola's head, and said dotingly, "Don't worry, sweetheart, no one would dare to harm them as they're protected by the law,"

"If you want to play with them, do you want Daddy to call them out?"

"Okay, okay, the little dolphin must listen to Daddy the most," Lola immediately clapped her little hands and said excitedly.

Ronan, who was being sarcastic earlier looked at Skylar like he was a fool when he heard Skylar's words.

"How can adults be as ignorant as their kids?"

"Can dolphins understand you? How would they play with you?"

"Do you think they're your dogs?"

What Skylar said had nothing to do with him.

But just now, Skylar made him embarrassed in front of the beauties, so he did everything possible to save his dignity.

Jillian and the others who stood aside did not believe that Skylar could call the dolphins to the shore.

Upon hearing Ronan's words, Skylar frowned and glanced at him coldly.

He was talking to his daughter, why did Ronan have to interrupt them?

Did he want Skylar to explain himself in front of that many people?

And Ronan, who had made him a little unhappy just now wanted to be a part of the conversation.

He liked meddling with other people's businesses.

However, Skylar did not reprimand him directly, but said, "What if I can call the dolphins to the shore?"

Ronan was taken aback for a moment, then sneered, "Hey, do you wanna bet?"

"Okay, if you can call the dolphins to the shore, I'll kneel and admit my mistake,"

"But what if you can't call them?"

"How should we deal with it?"

Ronan glanced at Skylar with disdain.

Skylar said indifferently, "I'll do anything you say,"

"That's what you said!"

Ronan immediately turned his attention to Yulia, "If you can't call a dolphin, I will have dinner with this beauty next to you and I'll have her contacts too,"

"Is that too much to ask for?"

"It's too much"

Skylar sneered, how dare he hit on his wife?

"However, I can promise you that, because I can't lose,"

"I just wait for you to kneel and apologize to me!"

### [Chapter 612 Let's Summon the Dolphins](#)

"Tch, you sure talk big when you're gonna lose!" Ronan said disdainfully.

He did not know where the dolphins were.

Ronan did not believe that someone could summon the dolphins from the sea.

Besides, how far could a human voice travel?

Everyone who was with Ronan also looked at Skylar mockingly.

Jillian also felt that Skylar was overconfident.

Valerie felt that Skylar was exaggerating.

Even if Skylar could communicate with dolphins, how could he summon some dolphins in the vast sea?

There are only Yulia and Lola's mother and daughter in the audience, I believe Skylar can do it.

Skylar did not care what other people think, as long as Yulia and Lola believed in him, he was satisfied.

At that moment, he picked up Lola and shouted at the sea, "Little dolphins, Lola is here to see you, come and play with her,"

When Skylar yelled these words, he used some internal force.

Although it was not very loud, it could be transmitted thousands of miles away.

However, Ronan and others did not know this.

Upon hearing Skylar's shout, they were taken aback and then burst out laughing.

"Hahaha, do you think you are filming a TV series?"

"Can the dolphins understand you? Can it even reach them?"

Jillian and Valerie felt embarrassed.

They thought that Skylar had some special skills that could summon dolphins.

He was just shouting at the sea after all.

They were speechless as the sea was calm.

Skylar smiled very calmly, "Let's wait for the call to reach them, shall we?"

"Pfft... are you joking? Wait for the call to reach them? Do you think your words are like bullets?" Ronan laughed again.

Skylar did not bother to talk to him and turned his head to look at the sea wholeheartedly.

"You lost the bet. What about that bet I made earlier?" With that said Ronan set his eyes on Yulia.

He felt that he was no worse than Skylar. Once he had the opportunity to have dinner together and contact information, he was confident that he could get Yulia to date him.

"I lost? When did I lose?" Skylar was puzzled.

"What? Don't you keep your promises?"

Ronan's face instantly turn dark, and he said coldly, "There were so many people watching us make the bet, how dare you..."

Before he finished speaking, Lola suddenly shouted, "Wow, is that the little dolphin?"

"Daddy, you called the little dolphin here, you're so amazing!"

"What?"

Everyone looked at the sea.

They saw a dolphin in the distance riding the waves and approaching the shore.

When they got closer, everyone realized there were four dolphins!

The four dolphins released by Skylar came back!

"They came..."

Ronan was dumbfounded.

On the other hand, Jillian and Valerie were also very surprised.

Skylar summoned four dolphins.

Even Yulia was shocked.

Although she never doubted Skylar from the beginning, it was purely based on her experiences with Skylar.

And it further proved that her lover was incredible!

### [Chapter 613 Be Quiet](#)

Lola did not think about it so much. After confirming that it was the four little dolphins, she immediately jumped off Skylar, ran into the water, and hugged one of the dolphins.

The dolphin twisted its body, making Lola's face wet.

The other three dolphins seemed to be lining up, waiting to be hugged by her.

"Lola, don't go any further."

Yulia was worried that she would fall into the water, so she followed.

"Your name is Ronan right?"

Skylar turned his attention to Ronan, "Okay, just kneel here and admit you're wrong,"

Ronan's face darkened.

He never expected that Skylar could call the dolphins.

Moreover, there were four of them!

He lost the bet.

However, he could not kneel in front of everyone and the two beauties!

Skylar saw that he was going to play tricks, and immediately snorted, "What? Do you want to go back on your word?"

"There are so many people watching, do you want to take advantage of me?"

This was what Ronan said to Skylar just now. Ironically, Skylar was the one saying it back to him.

Ronan's face turned red.

Jillian could not bear to watch it any longer and said, "Ronan, why don't you admit that you're wrong?"

Since his female companions had said so, Ronan could not escape from it anymore.

He gritted his teeth, knelt in front of Skylar, and said unwillingly, "I'm sorry, I was wrong,"

Although he looked humble at that moment, he wished he could tear Skylar's body into pieces and turn his bones into ashes.

Skylar was too lazy to say anything more to him.

The reason why he agreed to Ronan's bet just now was to frustrate him and teach him not to think lowly of people.

"Daddy, Aunt Valerie, come and play with me," Lola hugged the dolphin while calling them.

Skylar and Valerie agreed with a smile, ready to walk into the sea.

But after taking a step, Valerie's phone rang.

She picked it up and saw that it was Ryan calling, and her body tensed up.

"What's wrong, Valerie?"

Skylar immediately noticed that something was wrong with her.

"Mr. Coleman is calling,"

"Belinda must've told Mr. Coleman about how we ignored her and went to the beach," Valerie sighed and said helplessly.

However, she did not dare to delay at the moment and answered the phone.

As soon as she picked up the phone, Ryan's angry roar could be heard.

"Valerie, I don't care where you are now or who you're with,"

"I'll give you 20 minutes to come to the Raven Club's private room and apologize to Mr. Pearson!"

"Everything will be okay if he forgives you,"

"However, if you're not there, I'll destroy you and the man you're with!"

"Mr. Coleman, I..."

Valerie's face turned pale, and she wanted to beg for mercy.

However, before she could say anything, Skylar snatched her phone.

"Are you Mr. Coleman?"

Skylar spoke, "I've told Belinda just now that Valerie isn't free to attend your dinner,"

"Better be quiet if you're sensible, otherwise I'll make the Coleman family suffer!"

After speaking, Skylar hung up the phone without waiting for Ryan's reaction.

"You hung up the phone?"

Valerie's face turned pale with fright.

[Chapter 614 The Prince?](#)

If Valerie begged for mercy earlier, she might have made things better.

But right now, Skylar's outburst angered Ryan.

Ryan would take advantage of someone even if they did not offend him.

Let alone right now.

Ryan would never let go of what happened today.

Skylar smiled, "Don't worry, no one would do anything to you as long as I'm here,"

Valerie was taken aback for a moment, and her heart felt warm.

Skylar's words made her feel safe for the first time.

At this moment, she had mixed emotions.

She had liked Skylar since she was a student. She guarded Skylar like treasure and waited wholeheartedly for his return from the army.

But she never expected that Yulia would win his heart first.

The two gave birth to Lola more than four years ago.

Valerie subconsciously glanced at Yulia with envy.

Yulia was lucky!

"Daddy, Aunt Valerie, why won't you play with the little dolphin?"

Lola, who was not far away, shouted at them.

Only then did Valerie recover from her thoughts, and said "Yes," to Skylar.

Then, she followed Skylar and walked in the direction where Lola and Yulia were.

At this time, Ronan's eyes lit up, "Mr. Coleman?"

"Isn't he the prince of Star Entertainment?"

"Valerie is an artist under Star Entertainment, right?"

"So, the person who called Valerie just now was the eldest son of the Coleman family, Ryan!"

Ronan became excited upon guessing it. He looked at Skylar and the others with hatred.

"Hahaha, Skylar offended Mr. Coleman,"

"As far as I know, Ryan doesn't have any tolerance for others. If anyone dares to get in his way, he'd kill them!"

Ronan's father was a small figure under the Coleman family, with assets of five or six billion dollars.

Ronan often heard his father complaining about Mr. Coleman.

So, he thought Ryan was a ruthless person.

"What?"

Jillian was shocked when he heard his words.

"Ronan, what do you mean by that? Does Mr. Coleman want to take his revenge on Valerie and her friends?"

"If that's the case, I have to tell them quickly to stop playing around and avoid the limelight!"

"Avoid the limelight?"

Ronan sneered, "Jillian, do you think this is a simple problem?"

"Let's talk about your idol, Valerie. She signed a long-term contract with Star Entertainment. She could be sued if she disappeared,"

"Furthermore, even if Star Entertainment still wants to make money from Valerie, don't you think it's easy for them to find new people considering the Coleman family's wealth?"

"Then... what should I do?"

Jillian suddenly panicked.

She could not sort out grievances between powerful families.

Skylar and the others could not hide anywhere.

"We can only watch quietly. If they are advised to run away, the matter will become more complicated. And we can't walk around as we please anymore"

Ronan exaggerated to scare Jillian.

#### [Chapter 615 I'll Never Forgive Him](#)

"However, I think maybe Skylar has a terrifying identity!"

"Did you see the way he talked to Mr. Coleman?"

"If that's the case, I assume he wants Mr. Coleman to send someone to beat them up so that he can try and act tough in front of the two beauties,"

"If you told Valerie about it, Skylar would probably hate you to death,"

"So, no matter how you look at it, we shouldn't meddle with other people's businesses,"

Jillian did not dare to speak up after being persuaded by Ronan but looked at Valeria helplessly.

The few people who came with her stood by Ronan's side and watched the excitement.

At the same time, in Raven Club's private room...

"Slap!"

Ryan slammed his phone to the ground, his face was dark.

Skylar told him to shut up.

How dare Valerie's man talk to him that way?

How arrogant!

Incredibly arrogant!

Although Ryan was not the wealthiest person in Sconvia, he was still a well-known figure.

How dare someone speak to him like that!

He was asking for death!

Belinda and her manager, Peach, were secretly happy when they saw him furious.

Their mission was complete.

"Mr. Coleman, do you believe me now?"

"Valerie was going out with some other man and doesn't take her job seriously. She doesn't even respect you at all," Belinda said delicately.

Hearing her words, Terry, who was already furious, almost burst into flames.

"Mr. Coleman, I thought you were young and capable, but I didn't expect that you can't manage your celebrities,"

"There's no need to have dinner with you anymore. Let's go our separate ways from now on,"

After Terry finished speaking, he shook his sleeves and was getting ready to leave.

Ryan's face turned pale with fright, he tried to grab him, and said apologetically, "Uncle Terry, please don't go, we can talk this out,"

"Isn't she just a nasty woman? I'll have someone tie her up now, and let her kneel in front of you to admit her mistake..."

"I'll also tie the man up, how dare he ruin your mood. I'll never forgive him!"

With that said, Ryan picked up another phone on the table and dialed it...

Skylar was playing with Lola and having fun with the dolphins.

He did not know what Ryan was up to.

However, even if he knew it, he would laugh it off.

Even if the Pearson family wanted to start a fight with him, they could not even touch Skylar at all.

"Wow, Daddy, I think the dolphins understand what you say,"

Skylar took Lola and rode on the biggest dolphin, having a great time.

The people were looking at them swimming around and playing with dolphins.

Some children were envious of Lola since her father brought her to the sea to play with dolphins.

How cool was that?

On the shore, Yulia and Valerie watched them playing with smiles.

Yulia's heart was especially warm as she looked at the clouds, the sea, the dolphins, and the two people she loved.

"Yulia, you must've known Skylar for many years, right?" Valeria asked all of a sudden.

### [Chapter 616 Valerie's in Trouble](#)

This question had troubled Valerie for a long time.

Six years ago, Skylar dropped out of high school to join the army, and he did not come back until this year.

He even had a four-year-old daughter.

Did Skylar marry Yulia when he was in the army?

"Not really, it's only been three months," Yulia said frankly.

"Three months?" Valerie exclaimed, and then asked, "Then, is Lola Skylar's..." Valerie swallowed her words.

Upon hearing Valerie's words, Yulia's expression darkened, recalling the unbearable past from five years ago.

Everything that happened that night lingered in Yulia's heart like shadows.

She thought that she would forget about them as she discovered new feelings.

However, she realized that the knot in her heart was difficult to be untied.

Especially when she saw how much Skylar loved Lola, she would feel a little sorry for him.

Who wouldn't want to be with the person they love the most?

Seeing Yulia's gloomy expression, Valerie immediately got the answer.

Lola isn't Skylar's daughter.

But if according to what Yulia said, she and Skylar had only known each other for three months, why did Skylar spoil Lola so much?

He was spoiling her to the extreme and loving her like his own children.

Upon observation, Lola's eyebrows were very similar to Skylar's.

No one would doubt that they were related.

There shouldn't be any other secrets, right?

Valerie could not help but guess.

"Vroom!"

At this moment, there was a sudden roar of an engine coming from behind them.

When Valerie and Yulia looked back, they saw a dozen black vehicles driving toward the beach.

The people around were about to complain, but the next moment, everyone covered their mouths in fright and kept silent.

As soon as the doors of the vehicles were pushed open, nearly a hundred men jumped out immediately.

Most of them held steel pipes, with intimidating looks.

At this time, one of the men in a floral shirt yelled at everyone, "Where's Valerie? Show yourself!"

Hearing his words, Ronan's eyes lit up immediately, "Mr. Coleman never disappoints me!"

The few people beside him looked at Valerie and gloated.

Jillian was so nervous that her face turned red.

She was worried about what would happen to her idol.

When Valerie heard that someone was looking for her, her smile froze.

"Skylar, come back quickly! Valerie's in trouble!"

Yulia hurriedly shouted to Skylar who was in the sea.

It was a shame that Skylar and Lola were far away as they rode on the dolphins.

The waves were so loud that Yulia's call could not be heard.

Yulia was panicking.

Why did they come here when Skylar was away?

At this time, someone in the group of big men spotted Valerie, ran to the man wearing a floral shirt, and said, "Sir, Valerie is over there!"

The man in the floral shirt spotted Valerie immediately.

At that moment, he was silent and led a group of men aggressively.

### [Chapter 617 She's All Yours!](#)

"Are you Valerie?"

The man in a floral shirt took a closer look at Valerie.

Valerie knew that she was a celebrity, and it was useless to deny it, so she simply said, "Yes, I am!"

"Did Mr. Coleman send you here? I'll come with you, but please don't hurt my friends,"

Mr. Coleman sent hundreds of people just to send her back.

Ryan was determined.

Instead of resisting, it was better to follow their instructions

She did not want to get Yulia involved.

Upon seeing Valerie pleading, the man was about to say something, but Yulia immediately exclaimed, "No way!"

"Valerie, don't you know what Mr. Coleman is going to do to you?"

"How can you go with these people?"

Upon saying that Yulia grabbed Valerie's arm, not letting her leave.

She knew what Valerie was struggling with as she was a woman as well.

Valerie was willing to sacrifice herself so that Yulia would not get hurt.

However, she could not let Valerie be taken away just like that.

Yulia could hardly imagine what was going to happen.

Seeing that Yulia was getting in his way, the man slapped Yulia.

"Don't get in my way, you fool!"

Yulia's face was swollen.

However, she was strong.

Yulia did not let go of Valerie's arm even though she had tears in her eyes.

"Yulia!"

Valerie was about to cry, "Let go of me, or you will be hurt. I can't explain this to Skylar if you're hurt,"

"Oh, I almost forgot about Skylar if you didn't mention him,"

"Mr. Coleman said Valerie and Skylar are coming with us!"

The man raised his eyebrows, and then looked at Yulia, "That brat is so lucky, he got to spend the day with two beauties,"

"Are you going to play intense sports tonight?"

"You're shameless!" Yulia scolded angrily.

The flowered shirt immediately laughed, "You're saying that I'm shameless? I'll let you see what real shamelessness is,"

"She's such a beautiful lady, she's all yours, my brothers!"

The flowered shirt smiled lewdly at the men behind him.

"Thank you, Zayn!"

The men looked at Yulia like a jewel and drooled.

They usually spend some money to satisfy themselves with women in the alleys, and they had never tasted such a beautiful woman before.

Judging by her attire, she was a white-collar girl.

They watched her and their bodies started to react.

They could not wait to satisfy themselves with Yulia.

"You...you're being too much!"

Valerie was even more furious.

She looked at the flowered shirt and said angrily, "Mr. Coleman told you to take me back. Yulia has nothing to do with this. Don't..."

"Slap!"

Before Valerie could finish her sentence, the man slapped her.

"Valerie, do you think that you're that popular after singing a few bad songs?"

"How dare you talk to me this way?"

"Don't take yourself too seriously! Companies are just using celebrities like you to make money!"

"The bosses are willing to spend money so you could be famous,"

"Otherwise, you're a nobody. You're no better than the ladies that sit and do nothing on stage,"

[Chapter 618 Driven by Bloodlust](#)

Valerie covered her face, her tears were welling up from the pain.

Her heart hurt more than her face.

"Valerie!"

Jillian who was terrified also burst into tears.

However, she did not have the guts to go forward.

She was from an ordinary family, and she could not fight against these gangsters.

She would only make things worse if she ran up to her.

Ronan mocked, "Where's Skylar?"

"Why are you still playing with water, come back quickly."

"At least let us see your power!"

Earlier, he lost a bet and Skylar forced him to kneel and admit his mistake.

He felt ashamed of himself when he did it.

So, he hated Skylar.

When Jillian was about to warn Valerie and the others, Ronan stopped her because he wanted to see what would happen to Skylar.

How could Mr. Coleman let a kid disrespect him?

In his dreams!

Mr. Coleman did not disappoint him and sent hundreds of vicious men at once.

At this moment, he wanted to see Skylar being beaten up by the men.

At this moment, he wanted to see Skylar being beaten up by the men.

He wanted to see how Skylar would react!

Just when Ronan was gloating, the man in the floral shirt yelled at Yulia, "Where's Skylar?"

"Make him come quicker, I have work to do later, I don't have time to chat with you!"

Yulia's eyes were red, but she kept quiet, and she turned her face away, ignoring the man.

"Tch! How dare you ignore me!"

The man was furious, rushed to Yulia, and grabbed her hair.

"Tell me the truth, where is he?"

"Otherwise, I'll have someone kill you!"

"Ah!"

Tears burst out of Yulia's eyes as her hair was pulled.

She did not expect the man to threaten her like that.

She was really scared at the moment.

"Yeah?"

At this time, a distant voice was heard.

It was Skylar!

Although his voice seemed to be muffled from the distance, it showed that he had already found out what was happening on shore.

Yulia and Valerie felt reassured when they heard Skylar's voice, especially Yulia.

Yulia and Valerie felt reassured when they heard Skylar's voice, especially Yulia.

Because she knew that as long as Skylar was there, the men would not dare to hurt them.

Skylar was her safe place.

"Skylar's back!"

Ronan was excited when he saw Skylar rushing back from a distance.

The next moment, Skylar hugged Lola, stepped away from the sea, and walked towards Yulia and Valerie.

"Skylar's quite courageous!" Ronan exclaimed, "There were so many people after him, I thought he was so scared that he peed his pants and didn't dare to show himself!"

"The two women angered the man in the floral shirt, and he's gonna vent his anger on Skylar, he's doomed!"

Skylar heard what he said, but thought about the safety of Yulia and Valerie, and ignored Ronan.

When he got close, Skylar found that the man was pulling Yulia's hair. He saw Yulia and Valerie's faces swollen and became furious.

### [Chapter 619 I Want Him Dead](#)

Everyone's hearts trembled and a chill ran down their spines.

Even the sand seemed to cool down in an instant.

Skylar was at his limit when he saw Yulia getting hurt.

He would kill anyone who dared to hurt her!

Valerie was Skylar's good friend and he would make them crippled if anyone bullied her.

"Are you Skylar?"

The man glanced at Skylar, and said disdainfully, "Who do you think you are to disrespect Mr. Coleman?"

"Mr. Coleman told me to bring you to him, but before leaving, he told me to break your legs first!"

"Do you wanna break them yourself or do you want me to help you out?" The man smiled at Skylar.

The people behind him were eager to break his legs.

Skylar ignored what he said and stared at his hand that was pulling Yulia's hair, "Get your filthy hands off her,"

"Huh?"

The man laughed, looked at Skylar provocatively, and said, "You seem to like this woman very much,"

The man pulled Yulia's hair more vigorously upon saying so.

The man pulled Yulia's hair more vigorously upon saying so.

"Sorry, she's supposed to accompany my brothers tonight!"

"I'm gonna make her..."

Before the man finished speaking, he saw a black shadow flashing past.

Before he knew what was going on, his hand that was pulling Yulia's hair felt a shock and went numb.

Then, he loosened his grip.

"My... My hand..."

The man held his numb hand with his other hand, and his eyes were full of horror.

"Skylar, what did you do to my hand?"

The man roared, afraid that his arm would be crippled.

Skylar did not bother to answer him, hugged Yulia, caressed her swollen face, and asked in distress, "Yulia, are you okay? It must've hurt,"

Feeling Skylar's concern, Yulia softened, and said, "It hurts,"

"Bring Lola with you and wait for me in the car. I'll care of everything and it'll be fine soon," Skylar said as calmly as possible.

However, he could no longer conceal the murderous intent in his eyes.

Skylar was going to kill him for hurting his lover.

Skylar was going to kill him for hurting his lover.

If he was not afraid of letting Yulia and Lola see something violent, the man would have died long ago.

"Okay,"

Yulia knew what Skylar was thinking and immediately agreed. She was ready to bring Lola to the parking lot.

"Hey, I'm not done talking to you yet, why are you running away?"

At this moment, the man reacted, "You wanna leave? Hurry up and grab them, don't let anyone of them go!"

"Yes, Zayd!" a group of men agreed and waved the steel pipes in the air. They ran toward Yulia.

At that juncture, Skylar's figure flashed before them, and he stood in front of Yulia. He was facing them with his bare hands.

"Do you wish to die? We only show mercy to beauties, and beat men to death!"

One of the gangsters laughed sinisterly, waved the steel pipe in his hand, and threw it at Skylar.

[Chapter 620 I Won't Kill You](#)

The man in the floral shirt said that they were going to play with Yulia tonight.

They were drooling because they got to have a taste of a woman that was prettier than celebrities.

How could they let their prey escape?

"He deserves it!"

Ronan, who was standing not far away, smiled proudly.

He was looking forward to Skylar being beaten into a pulp as he shrieked in agony.

Just when everyone thought Skylar was about to be in trouble, Skylar appeared in front of the man who spoke just now.

"Slap!" He slapped the gangster hard on his forehead.

The man's head made a full turn.

The next moment, there was a muffled snap.

The head separated from his body and landed on the sand.

"Boom!"

Everyone was stunned!

"What?"

Everyone was stunned by the scene in front of them.

"I...I'm not blind, am I? Skylar slapped him so hard... His head went flying..."

Ronan's face turned pale, and his legs felt weak.

The others were so frightened that they did not dare to breathe.

How much force was needed to blow a living person's head away with just a slap?

How much force was needed to blow a living person's head away with just a slap?

Even Valerie, who had seen Skylar's strength, was also frightened.

The gangsters were holding steel pipes and were about to attack Skylar, including the man in a floral

shirt trembled, and was drenched in cold sweat.

"Do you still want to hurt my wife and my friend? Do you wanna end up like a corpse without a head just like him?" Skylar asked coldly.

His voice was neither loud nor hasty, but when the gangsters heard it, they feared him as if he was the devil.

Hundreds of men holding steel pipes backed up.

He was afraid that he would be the next one to die.

Skylar did not bother to talk to them and walked in front of the man in a floral shirt.

"You... What do you want?" His tongue was tied.

"Don't mess with me... I was sent by Mr. Coleman... Don't hurt me or else..."

Before he could finish speaking, Skylar took another step forward, stretched out his hand, and grabbed his collar.

"No, please don't kill me, I won't do it again! Please spare me!"

"No, please don't kill me, I won't do it again! Please spare me!"

The man covered his head, he was scared out of his wits.

"Don't worry, I won't kill you," Skylar sneered.

"Thank you..."

The man wanted to flatter him but Skylar interrupted him, "I'm afraid I'll get my hands dirty if I killed you,"

"What... What do you want?"

The man realized Skylar wanted to do something else to him.

Skylar sneered, he stretched out his hand and slapped him hard.

"Slap!" Skylar slapped him so hard, the man was seeing stars.

"Slap!" He slapped again and the man's head was swollen.

"Slap!" The man spat out blood and his teeth fell out.

...

Skylar slapped the man so many times in a row, the man's complexion was horrible to look at.

His mother would not recognize him if she saw him like this.

Skylar's temper cooled down after that.

"Dolphins, would you lure a shark over here?" Skylar shouted toward the sea.
