

## **Triumph 71**

### [Chapter 71](#)

Nicholas, who was gnashing his teeth just now, was actually decapitated by a short dagger!

It could be seen that the person using the dagger was not only fast and accurate but also incredibly powerful.

If not seen with their own eyes, no one would believe that this was the work of a beautiful woman.

Everyone was shocked, holding each other. The faces of everyone turned pale, and they were unable to speak for a long time.

These strong men, who were Homer's subordinates, had seen many cruel scenes.

But, it was the first time they had seen someone got killed in this way.

Moreover, the person who died was a rich kid like Nicholas.

Even Homer himself was scared.

The Wexler family was not a top family, but its power was not to be underestimated.

Nicholas was also one of the first-line heirs. But now, he was killed. The Wexler family would definitely take revenge.

Even the Currey family would never dare to be so reckless.

Who the hell was Skylar?

Did he really have a strong backup?

Homer was frantically speculating when Skylar suddenly turned to him and asked, "Do you want me to spare you?"

Homer suddenly burst into a cold sweat, and he kept nodding.

"Take Nicholas's head and send it to his home."

After saying that, Skylar carried Yulia and walked straight out of the private lounge.

Dianne took the blood-dripping dagger and slowly walked toward Homer.

Homer was so scared that his face turned pale. For a moment, he forgot to give orders to his

subordinates, standing in place.

Looking at such a timid Homer, Dianne raised her eyebrows and smiled lightly. She then tugged up Homer's sleeve and wiped the blood on the dagger.

After Dianne walked out of the private lounge, Homer's legs went weak, and he sat down on the sofa behind him.

In fact, Homer was not timid. It was just that the way Dianne took someone's life was too appalling.

If Dianne had wanted to kill Homer just now, Homer was afraid his two dozen subordinates wouldn't have been able to stop her.

Of course, what was even more frightening was that the terrifying Dianne was respectful to Skylar who was dressed in ordinary clothes.

This showed that Skylar must have a strong background.

In the corridor outside Flora Lounge.

A lot of people were gathering at this moment and talking about it.

"What's going on?"

"I don't know. It seemed that a man came to make trouble and knocked out all the bodyguards outside the door."

"Making a trouble? This is Homer's territory! Who has the guts to do so?"

A group of people could not wait to see what was going on.

Among them were Yvonne and Harry.

"With Judy backing him up, I think Skylar have become more and more arrogant."

"Everyone knows that, except for the Four Great Families, whoever makes a move in Homer's field will have to lose their lives."

"This time, even Judy can't protect Skylar!"

Yvonne and Harry were gloating over Skylar.

How embarrassed they were at the Grand Ceremony and jewelry show, how much they hated Skylar.

The reason they gathered here was to see for themselves how miserable Skylar would end up.

"Someone's coming out!"

Suddenly, a girl near the door shouted.

Yvonne and Harry hurriedly took a few steps forward and looked at the entrance of the private lounge.

In the next second, Yvonne looked incredulous. "How come they are the ones who come out?"

Skylar was carrying Yulia in his arms and walking toward this way with ease and comfort.

Behind her was Dianne, who had a stern look on her face.

## [Chapter 72](#)

After some careful examination, in addition to Yulia sleeping peacefully, Skylar and Dianne, were surprisingly intact.

"How is this possible? Skylar brought a woman to make a scene at Flora Lounge, which was equivalent to humiliating Homer. But Homer has spared them?"

Yvonne shook her head desperately, unwilling to accept the reality.

"What's going on in there?"

Harry stared at Skylar's back and asked with resignation.

Skylar didn't bother to answer them and walked straight through the crowd. He went downstairs to his car and quickly left Crown Club.

The jeep was driven all the way to Yulia's house before Skylar gave her two gentle nudges.

"No, don't come closer!"

Yulia suddenly woke up, pushed Skylar's arm away, then swung her hand and slapped Skylar hard.

"Yulia, don't be afraid. It's me. "

Skylar spoke softly.

He knew that Yulia was overreacting because of the trauma, so he wasn't angry.

Seeing the righteous Skylar, Yulia was finally relieved.

Suddenly, she threw herself into Skylar's arms and cried.

Skylar gently stroked her back and murmured, "It's okay. It's over now. That person will never appear in front of you again."

Yulia cried even louder, as if she wanted to let out all the grievances she had suffered for so many years.

Skylar was in no hurry to comfort her and let her cry.

Until he felt the clothes on his chest were wet, he said gently, "Okay, you can't cry anymore, or your eyes will swell up. In that case, I can't explain it to Lola!"

At the mention of Lola, Yulia hurriedly lifted her head, drew two pieces of napkins and wiped her tears.

"Skylar, luckily you arrived in time. Thank you for saving me."

After calming down, Yulia spoke.

Skylar shook his head and said, "Yulia, you never need to thank me."

Yulia asked apologetically, "Just now, I slapped you. Did it hurt?"

Skylar shook his head again and said, "It doesn't hurt at all. And it's a slap in the face that I should have received."

Yulia was stunned and asked, "What did you say? Why should you suffer it?"

Skylar's heart skipped a beat. He then said with some bitterness, "I mean... I didn't take care of you, and you have almost been harassed. So I deserve your slap."

"How can I blame you for this? I was the one who called you and said I would work overtime. I never thought... "

"Well, let's not talk about that. Lola is still at home waiting for us to have dinner. Lola must be starving!"

Skylar interrupted Yulia.

"Well, let's go home!"

Yulia tidied up her clothes and then went upstairs with Skylar.

Inside a villa at a corner of Cloudtopia.

Theo, the oldest member of the Wexler family, was sitting in the main chair in the living room with a solemn look.

Other members of the Wexler family, surrounding him, sat in two rows.

There was also a family of three standing in the middle of the living room, none other than Lola's classmates, Dwayne's family.

Dwayne's father, Christopher, felt angry.

Julia, covering her fractured thumb, complained to Theo, "Dad, Dwayne and I have been bullied, and you have to help us take revenge!"

### [Chapter 73](#)

"Dwayne is still a child. He just had a small conflict with his classmate. But, that bastard slapped him hard ten times. I just mentioned the Wexler family, and he fractured one of my fingers. Not only did he disrespect the Wexler family, but he has also even provoked us on purpose! Such a person absolutely can't stay alive!"

Before Theo could say anything, Christopher couldn't stand it anymore and said angrily, "Dad, that bastard dared to do this to my wife and child. I'll kill him!"

With that, Christopher turned around and was about to go find Skylar when Theo suddenly scolded, "Don't be impulsive!"

"Dad, that bastard has bullied the Wexler family. I absolutely can't spare him!" Christopher said, clenching his fist.

Theo did not answer him but turned his attention to his Julia and asked, "Do you know who that guy is?"

"He is just an ordinary man. He is Yulia's sugar daddy. If he really has a powerful background, would he want date Yulia, that bitch?"

The ever-cautious Theo pondered for a moment and also felt that Julia had a point. Theo nodded, sort of agreeing with the idea that Christopher should hire someone to kill Skylar.

After all, it was not the first time that the Wexler family had killed someone without a strong background.

However, before Theo could give any instructions, the doorbell rang.

Immediately afterwards, a voice came from outside.

"Is the head of The Wexler family, Theo Wexler, here? Homer wants to see you!"

Homer?

The crowd in the living room was stunned.

Homer was not only a well-known figure in the grey area of Cloudtopia but also has the backing of the Currey family, one of the Four Great Families.

In Cloudtopia, Homer had personal connections with the gangs and the police.

Even the Wexler family did not dare to offend him.

But why would Homer come today?

Just when the crowd was stunned, Homer outside the door said loudly, "I have come to the Wexler family by order of Mr. Stone to present an important gift. Please be sure to open the door so that I can present it in person."

Mr. Stone?

Theo was also stunned.

Wasn't this the guy who beat up his precious grandson and fractured his daughter-in-law's finger?

And now, Skylar had a gift for Theo?

Could it be that Skylar knew he had made a big mistake, so he offered a gift and asked Homer to make peace?

"Christopher, open the door!"

Theo hurriedly waved his hand at Christopher.

Not long after, Homer walked in with a large box in his arms.

Theo confirmed the guess in his heart. With that, he said to Homer, "Did he let you come to beg for mercy?"

Without waiting for Homer's answer, Julia sneered, "Now, he knows the Wexler family is not to be messed with, huh! He has hurt the Wexler family members. He won't be forgiven even after he sends us a gift!"

"That's right! Ordinary things can't have us convinced, unless this box contains some rare treasure!"

Christopher chimed in.

Homer snorted. The Wexler family had rich imagination.

Did Homer say that Skylar wanted to apologize to them?

The word "gift" did not mean anything.

It would be superficial to think that sending a gift was making amends.

As for Skylar's identity, Homer was not sure and did not dare to speculate. Homer only hoped that he could complete his mission and save himself as soon as possible.

So, at this moment, he did not have time to nag with the Wexler family as he directly opened the box.

"This is the gift that Mr. Stone asked me to pass on to you. Please take a look!"

"What is the rare treasure that can be worthy of a person like you to personally send..."

Julia said contemptuously and then approached Homer two steps closer. She stretched her neck.

#### [Chapter 74](#)

However, when she saw the black thing in the box, she screamed.

"Ah!"

"Christopher, it's a human head! A bloody human head!"

Julia's face was pale, and she almost fainted.

Christopher was shocked and rushed over.

The next moment, his face turned pale, and he took three steps back. "It's Nicholas. It's Nicholas's head!"

"What?"

The expressions of all the people changed.

The box contained, surprisingly, the Wexler family's second son, Nicholas's head!

Theo, who was in the main seat, was also so shocked that he sprung up on the spot.

The gift Skylar sent was Nicholas's head?

What a provocation!

"Skylar, you beheaded my son and still dare to send it to my door. You are simply arrogant!"

Theo was so angry that he spat out blood.

Not only did the Wexler family lose their beloved son, but they had also been provoked for the first time.

Homer put down the wooden box in his hand and said, "My mission has been completed, so I'll leave now."

After Homer left, Christopher said, "Dad! That guy is so arrogant that we must find someone to get rid of him immediately!"

Theoretically, because of Theo's favoritism toward Nicholas, Christopher had many grievances against his younger brother.

But Skylar, not only harmed Julia and Dwayne, but he had also beheaded Nicholas.

As the eldest son of the Wexler family, Christopher could not bear such a disgrace.

If he did not take revenge, how would the Wexler family be able to maintain its status in Cloudtopia in the future?

"I've told you not to be impulsive. Why can't you listen to me?"

Theo suddenly and painfully chided.

"Dad! Why are you telling me to calm down?"

Christopher asked indignantly.

Theo slowly sat down, took a deep breath and said, "Just now I asked you if that guy has a strong background. But you said no. Look what happens now! A person who can order Homer is not an ordinary person I am more heartbroken than you after Nicholas was killed. But if you want to avenge him, you must find out where that guy came from to ensure that nothing is lost. Don't worry. Even if I have to use sacrifice the Wexler family, I must kill that guy!"

Theo exuded a killing intent.

...

Yulia returned home and felt better when she saw Lola, who was waiting for their return.

After the family had finished eating and cleaning up, it was already late.

Skylar was about to get up and leave when Lola asked nervously, "Daddy, where are you going at this late hour?"

Having been caught out, Skylar smiled awkwardly and said, "Lola, Daddy will see you tomorrow, okay?"

"No, Daddy don't go! Daddy, please stay! Other kids get to sleep with their mommy and daddy every night. I want to sleep with you too!"

Lola shook her head.

Last night, with Skylar and Yulia's arms around her, Lola was very happy. She wished to be pampered by both her mom and dad every day.

Especially since she had been looking forward to her dad for so long before she finally got Skylar to come.

Skylar looked helplessly at Yulia.

After all, it was Yulia who made the decision.

As for Yulia, although she had gradually accepted Skylar, it was her limit to be able to promise Lola to let Skylar stay last night.

So, at this moment, Yulia could only say to Lola, "Good girl. Since Daddy didn't go back yesterday, Grandpa should be angry. Let Daddy go back to be with Grandpa today, okay?"

## [Chapter 75](#)

"No! I want to sleep with Daddy! Or else, Daddy will have to take me to Grandpa's house, and I'll sleep between them... No matter what, I don't want to be separated from Daddy!"

Lola tugged tightly at Skylar's coat and spoke very stubbornly.

Skylar was instantly amused, squatting down, picking up Lola and laughing. "Grandpa snores very loudly at night. I'm afraid it will scare you."

"If that's the case, you don't go there either. We can visit Grandpa together the next day!" Lola thought seriously for a moment and spoke.

Skylar did not know what to say, and he looked at Yulia again.

Yulia naturally knew that Skylar's adoptive father definitely did not know about the existence of her and Lola. So she did not know how to refuse Lola as well.

Just when she was helpless, she found Skylar laughing. Yulia stared at him.

She naturally understood what Skylar had in mind.

Seeing Yulia's exasperated look, Skylar was somehow moved.

But he still said to Lola patiently, "Lola, I didn't change my clothes yesterday, and now I feel very uncomfortable, so I must go back tonight. You don't want me to be comfortable, do you?"

Hearing what Skylar said, Lola began to think seriously.

Yulia was relieved that victory seemed to be in sight.

But, after a while, Lola suddenly said excitedly, "I will go with you to Grandpa's house and bring all the clothes here. So you can sleep with you every day."

"Well... "

Skylar and Yulia looked at each other.

The two did not know if they should feel happy or helpless for having such a smart daughter.

"How about you go buy new clothes? I have saved a lot of money. Mommy keeps all of them. You can buy new clothes with my money!"

Lola spoke again very seriously.

Skylar finally couldn't help but laugh out loud.

Not only was Lola smart, but she was also considerate of him in every way.

Yulia's mouth twitched. It seemed that Lola was determined not to let Skylar leave.

Moreover, she even had the intention of letting Skylar move in with them completely...

Cohabitation...

It had only been a few days. Wasn't that too soon?

"Lola, you... "

Yulia was a little flustered but couldn't find a reason to oppose Lola.

Lola, unaware of Yulia's difficulties, smiled smugly and said to Skylar, "Daddy, you are stupid!"

"Yes, Lola is smart."

This time, Skylar had no objection at all. He even felt happy that Lola defended him.

"Yeah! Let's go buy clothes for Daddy!"

Lola immediately cheered.

Yulia smiled bitterly. Skylar did not dare to show his happiness too obviously. So he had to pretend to be helpless and catch up with Lola.

"Don't you have a lot of ideas? Think of something!"

Yulia spoke to Skylar with exasperation.

Skylar pretended to be in a dilemma. "As you can see, none of us can change her mind, so we have to listen to her. Moreover, she's your biological daughter."

Yulia became angrier when she heard that.

Now, Lola kept defending and supporting Skylar, though Yulia was the one who raised her.

Lola was simply ungrateful.

## [Chapter 76](#)

But even though Yulia hated it, she could only hold it in, and kept saying in her mind, She is my biological daughter.

Yulia eventually obeyed Lola's wishes and went to the nearest mall.

Just before entering the door, Lola was attracted by the candy.

"Mommy, I want to eat candy."

Yulia shook her head decisively and said, "No! Children can't eat such sweet things."

"Mom, that strawberry one doesn't look very sweet. Would you buy one for me?"

"I can eat half, and the rest for Daddy... "

Lola started to pout.

Yulia still wanted to refuse. But then, Skylar said, "The strawberry flavor tastes really good. Just buy one. It's not that we eat that every day."

"Yes, the strawberry flavor is not sweet. I promise!"

Lola hurriedly followed suit and agreed.

Yulia glared at Skylar and said, "You keep buying whatever she wants. If you keep this up, you'll spoil her sooner or later!"

"Girls should be spoiled so that they won't be abducted by bad people in the future!"

Skylar dominantly hugged Lola and walked toward the counter selling candy.

Yulia shook her head helplessly and blissfully at the same time.

After buying the candy, Lola insisted on walking by herself, so Skylar put her down and the three of them walked toward the interior of the mall.

Lola held the candy and was very happy. She ran and jumped around Skylar and Yulia as if she had inexhaustible strength.

However, it didn't take long to hear a scream of.

A middle-aged woman yelled at Lola, "Are you blind? How dare you throw the candy at me?"

"Pak!"

A slapping sound could be heard!

The middle-aged woman slapped Lola's small face.

"Lola!"

Skylar and Yulia, in a panic, rushed to Lola.

"No manners! What are you doing in public? Do you know how expensive my clothes are?"

Seeing Skylar and Yulia, the middle-aged woman cursed even louder.

Skylar and Yulia immediately understood what was happening.

Lola must have been running and jumping when she didn't hold the candy steady and accidentally dropped it on the middle-aged woman's body, making her clothes dirty.

Looking at the red mark on Lola's face, Skylar was infuriated.

Lola was only four years old and running and jumping was inevitable.

Skylar would be fine if that woman asked for compensations.

But the middle-aged woman not only cursed Lola indiscriminately, but she also slapped Lola.

Yulia carried Lola and subconsciously said to the middle-aged woman, "I'm so sorry."

The middle-aged woman snorted, "Just an apology and that's it? This dress I'm wearing is hand-sewn by a master craftsman. You can't afford to pay for it even if you sell your daughter!"

People came and went in the mall, and soon a lot of people were attracted to this scene.

"Isn't it just a little sugar crumb? How would the dress be ruined? If it's such a valuable dress, just don't wear it when you go outside."

"That's right! That child did not bump into you intentionally. Moreover, her mother has also apologized. This woman is too over."

## [Chapter 77](#)

"She not only scolded them, but she has also slapped the child! Even so, the parents have also admitted their fault for their children. I say, this woman is ruder."

That woman was in her forties, but she slapped a four-year-old child. Many people just could not stand her.

Just then, a girl in the crowd, wearing the uniform, suddenly exclaimed, "Stop it. This is the wife of our chairman!"

"She's your mall owner's wife? No wonder she's so rude!"

"After offending such a big shot, this family of three will end up terribly!"

A moment ago, the onlookers who were still righteously indignant instantly did not dare to fight.

They only took a sympathetic look at Skylar and Yulia.

Yulia, who was still apologetic, could no longer suppress her anger when she heard the middle-aged woman's words. Yulia said angrily, "My daughter has made your clothes dirty. You can demand compensation from us. But you can't hit her!"

Valda Cook, the middle-aged woman, immediately said provocatively, "Who says I can't hit her? Even though she is a child, I have to teach her how to behave since she has no manner."

"You... You're the one who have no manner!"

Yulia was very angry. How could a person be so rude?

Valda pointed at Yulia and cursed, "How dare you say that I have no manner? I'm telling you. I'm the owner of this mall. If you don't compensate for my clothes with tenfold the original price today, you can't leave this mall!"

Yulia was about to retort when Skylar reached out to stop her and said, "You take Lola to the side, and I'll take care of this."

Yulia nodded and backed away, holding Lola in her arms.

Skylar walked up to Valda and asked, "How much did you pay for this dress you're wearing?"

Valda glanced at him with disdain and said, "Two hundred thousand dollars! It is purely hand-stitched, and it's more valuable than your life!"

"Okay, give me your bank account number, and I'll have someone transfer the money immediately," Skylar said indifferently.

Valda froze and then sneered, "Don't forget. I just said ten times the original price! That's two million dollars!"

"I know. Just give me your account number."

Skylar didn't bother to talk to Valda anymore.

Valda was again stunned and hesitated for a long time before giving Skylar her bank account number.

The onlookers were stunned.

Lola was slapped, and Yulia was scolded. But Skylar directly compensated the other party. Was he a man?

Even Yulia, who was next to Skylar, couldn't not stand it.

"Skylar, you... "

"You stay out of it."

Skylar shook his head and gave her a determined look.

In front of the crowd, Yulia could not say anything else.

The next moment, Skylar called Dianne directly.

"Transfer two million dollars to the account I sent you."

The crowd was shocked again.

Valda, on the other hand, looked at Skylar with contempt. She thought Skylar was showing off.

There was no way a man who could casually spend two million dollars would be so nice to talk to.

However, in less than a minute, she received a notification from the banking software that a sum of two million dollars had really been transferred to the account she had just told Skylar!

"Okay! For the sake of your consciousness, I'll let things slide! You have three minutes to get out of the mall and don't let me see you again!"

Valda spoke arrogantly.

However, just as she was about to leave, Skylar suddenly bellowed, "Stop!"

## [Chapter 78](#)

"Why are you yelling at me?"

Valda stopped and asked with a frown.

Skylar approached her and said slowly, "My daughter has made your clothes dirty, and I have compensated you as you requested. So this matter is over. But you haven't given me an explanation for my daughter being slapped by you! You can't leave yet."

Skylar looked cold when he said that.

Valda slapped Lola. Without any explanation, Valda wanted to leave. Did she really think Skylar could not do anything to her.

Hearing what Skylar said, everyone in the room froze.

The man who had just made the compensation suddenly got tough.

"Is he crazy?"

"What's the point of being tough all of a sudden when you have made the compensation?"

"Not only is it useless, but he will also offend the mall owner's wife again. Is he digging his own grave?"

Yulia, on the side, quickly guessed Skylar's intentions, and the resentment in her heart immediately dissipated.

However, she could not help but be nervous again.

And Valda, staring at Skylar, said disdainfully, "This is my territory. I can leave if I want. Why do you care?"

"What's wrong with me slapping your daughter? Do you dare to slap me back?"

Valda concluded that Skylar wouldn't dare to make a move on her territory.

After all, he was timid and had made the compensation.

But before Valda could be proud, Skylar nodded and said, "Congratulations, you got it right!"

As soon as he said that, Skylar took a long stride and came up to Valda.

"Pak! "

A loud slap could be heard.

Everyone gasped.

There was an uproar.

How dare Skylar hit the chairman's wife. Was he courting death?

Valda covered the instantly swollen right side of her face and screamed, "How dare you hit me? How dare you... "

"Pak!"

Another slap sounded. It was even louder than the one just now.

"Pfft!"

Valda spat out blood and two teeth.

The expressions of all the people changed greatly.

Skylar sneered, "My daughter accidentally bumped into you, and you asked me for ten times of the compensation. So I paid you. You slapped my daughter, and now I want the same from you ten times. What's the problem?"

Hearing what Skylar said, the onlookers finally understood why Skylar made the compensation so quickly just now. He wanted to return the favor with a tit for tat.

To him, two million dollars was just a legitimate reason to buy the excuse of slapping Valda ten times.

"Pak!"

The sound of slaps that resounded throughout the first floor of the mall made everyone's heart skip a beat as they listened.

Skylar struck so fast hit that Valda did not have the time to fight back. Not long after, her face was bruised.

"Stop it!"

Just after Skylar had slapped Valda seven times in a row, there was a sudden angry shout sounded behind him.

Soon, a middle-aged man in a black suit with a big belly led a large group of security guards from the mall and rushed over.

"It's Mr. Tomlinson!"

"This guy has hit the chairman's wife. He is finished!"

There was a commotion, and some people even advised Skylar to stop.

But Skylar continued to slap Valda as if he hadn't heard anyone.

He must slap Valda ten times.

## [Chapter 79](#)

After slapping Valda ten times, Skylar withdrew his arm and smiled at Yulia. "Give me a napkin."

Yulia didn't have time to think about it, so she pulled out a napkin from her bag and handed it to him.

Skylar took the napkin and wiped his hands calmly as everyone watched him.

Skylar was obviously saying that beating Valda had made his hands dirty.

Seeing that someone dared to be so arrogant on his own territory, Shane was furious. Pointing at Skylar, Shane cursed, "Bastard, do you know what her status is and how dare you be rude to her?"

"Be rude to her?"

Skylar sneered, "She slapped my daughter, and she's lucky I didn't kill her! I don't care what her status is!"

Skylar's only concern was the presence of Yulia and Lola. He didn't want them to see him kill anyone, and it was never his concern what the identity of the other party was.

"What a big tone!"

Shane instantly narrowed his eyes when he scolded.

When Valda saw that Shane was here, she immediately yelled at the group of security guards, "Quick, hold this bastard down and beat him to death! I'll reward those who bit him the hardest with two million dollars!"

The security guards got excited to hear that.

After all, they could not earn that much money in a lifetime. But now, they got the chance to get that amount of money just by beating someone.

And, even if something happened, the mastermind was Valda. The bodyguards just acted on orders. At most, they would be jailed a few years if Skylar lost his life.

At this moment, then bodyguards took their weapons out, approaching Skylar.

The onlookers were scared and hurriedly retreated several feet away for fear that they would be harmed.

Yulia's expression changed, and she exclaimed, "Skylar!"

She knew that Skylar had been in battle.

But it was a close combat right now. Moreover, the other party had more people. They also had weapons in their hands.

Skylar was bound to suffer a big loss.

"Daddy, run!"

Lola shouted.

In the nick of time, Skylar snorted coldly. He strode forward and took the initiative to fight.

When his figure overlapped with the swarming security guards, a sudden explosion sounded in the air.

All the people who wanted to attack him suddenly stopped.

Skylar, on the other hand remained unharmed.

When he appeared in front of Shane and Valda, the security guards behind him trembled and fell to the ground.

Only then did everyone realize that blood was seeping out of the corners of the mouths of the bodyguards.

Everyone burst into a cold sweat.

When Skylar walked past them just now, they sensed terrifying cold aura.

It was as if one more look was going to kill anyone on the spot.

This inexplicable sense of intimidation was suffocating.

Shane and Valda looked at Skylar, who defeated everyone and appeared in front of them, in shock.

They didn't even know what was happening. They only saw their men fall to the ground one by one, spitting blood.

"How is this possible?"

Valda covered her swollen cheek and took several steps back.

At this moment, she finally realized how scary Skylar was.

And Valda had slapped the daughter of such a horrible man.

Slapping Valda ten times was really considered merciful.

[Chapter 80](#)

However, Shane, as the big boss of the shopping mall, was not willing to admit defeat so easily.

He coughed twice to calm himself down and turned to Skylar. "Hey, I must say you are good at fighting. But I have the Wexler family backed me up. The Wexler family is a powerful family. Don't you know that?"

Seeing that his own forces could not subdue Skylar, Shane quickly mentioned his connections.

Although the Wexler family was not one of the Four Great Families, they were ranked tenth in Cloudtopia.

In addition, the Wexler family had built their connections in Cloudtopia for years. So, their strength should not be underestimated.

Everyone though Shane was a wealthy man, but in the past he was just a watchdog for the Wexler family.

So, Shane did not believe that Skylar was not afraid of the Wexler family.

"Of course, I know that."

Skylar sneered, "The Wexler family is nothing to me."

"I can't believe that you are so arrogant! I'll call Old Mr. Wexler now and ask him to send someone to teach you a lesson!"

Shane immediately took out his cell phone.

The reason he said that was to lure Skylar into a trap. By involving the Wexler family, Shane was convinced that he would gain full victory.

Skylar could not care less as he let Shane make the call.

The onlookers also looked at Skylar as if he were a fool.

Even if Skylar was good at fighting, there was nothing he could do now.

No one could conquer this society just by violence.

Who did Skylar think he was and what made him an exception?

Even Yulia, too, looked at Skylar worriedly.

Because of Nicholas's connections, the Wexler family had a lot of power. Yulia had heard about it.

Skylar was already at odds with Nicholas for her sake, and now if she offended the Wexler family again, the consequences were unpredictable.

The phone was connected after a few moments, and Shane directly put it on speaker.

"Old Mr. Wexler, I am Shane. A bastard came to my mall to cause trouble. Not only did he beat up all my men, but he also claimed that even if you came, he wouldn't be afraid of you!"

With that, Shane looked at Skylar.

He felt that Skylar would surely die by daring to challenge the authority of Theo.

As expected.

On the other end of the line, Theo said angrily, "Has the Wexler family been low-key for too long? How dare many people tried to offend us recently?"

Theo finally sulked.

His grandson was slapped, his daughter-in-law had her fingers broken, and then the head of his youngest son was sent to him as a great gift.

Such a big revenge had not yet been avenged, and now, there was another person who provoked the authority of the Wexler family.

Theo was infuriated. He did not dare to easily take revenge on Skylar. So he decided to teach the person who tried to provoke the Wexler family first.

However, without waiting for Theo to speak, Skylar suddenly spoke to Shane and said, "Tell your master that my name is Skylar Stone."

"Skylar Stone?"

Shane was stunned for a moment and then snorted, "I've never heard of the Stone family in Cloudtopia! Do you think that you can scare us by casually announcing your family name?"

The crowd at the scene had also never heard of the Stone family in Cloudtopia.

"What did you say? His name is Skylar Stone?"
