

Troublemakers 1001

Chapter 1001: You know too much

Li Xueyan's face was pale, and she wailed loudly: "Zhenting, come and save me, I'm your real aunt."

At this moment, she was terrified of death!

Renez is vicious and vicious, he will do what he can say, he is inhuman! To kill her, he will never be merciless.

Li Zhenting looked downstairs coldly.

"Hurry up, or I'll shoot," Reneth snapped, his fingertips within a millimeter of pulling the trigger.

Li Xueyan was so frightened that her legs trembled, as if she was sifting chaff.

"Please help me, I am also a talent, and I will contribute to the country." Li Xuexi wailed at Ju Zhong.

"Open an exit and let them go." Zhong Ju thought for a while and ordered to his subordinates.

The subordinates immediately gave way to an exit.

Reneth laughed wildly triumphantly, and walked towards the cruise ship with his Li Xuelashes pressed.

Seeing them go further and further away, everyone was worried.

On the cruise ship, Renes boarded the cruise ship holding Li Xuelashes.

"Mr. Reines, please put the gun away, we are already safe." Li Xueyan saw that the cruise ship had already started, but Reines was still holding the gun to his head, and said flatteringly.

Kerenes just smiled, straightened the gun on her temple, and smiled: "No hurry, wait a little longer, it's not time yet."

Li Xueyan suddenly had a bad feeling, her whole body seemed to be surrounded by a biting cold.

"Tie her up and throw her into the cabin." The cruise ship was far away from the pier, and Reines finally put away the gun in his hand and ordered coldly.

"Why do you want to do this? Mr. Renes." Li Xuexi shouted dissatisfiedly, "I am your hero, you can't treat me like this."

Renes blew on the muzzle of the black hole, and said: "Now that things have failed, they must find another way to deal with us. You are no longer useful, and you know too much. It is dangerous to keep you, no Excuse me, you should just dedicate yourself to the United States, and the United States will remember your kindness."

"No, Reynes, are you going to kill me to silence me?" Li Xuexi stared at her big terrified eyes, trembling all over.

"Don't worry, nothing will happen to you before you reach the high seas." After Reines said something, he laughed dryly, and walked into the cabin, ready to enjoy the food.

"No, don't do this to me." Li Xuexi wailed in despair and collapsed on the deck.

Reneth wanted to execute her on the high seas, but before leaving the high seas, she was still a hostage and could be used, so they would not touch her.

She witnessed Xiaofeng's death with her own eyes, they can do anything.

I didn't expect that I would end up like this.

Thinking of her parents, at this moment, she felt extremely regretful and cried hoarsely.

They picked her up and threw her into the cabin.

After an unknown amount of time, she thought she was dead, when suddenly someone grabbed her arm, and a sharp knife was drawn behind her.

"Ah." She cried out in fright, but in the next second, her mouth was covered.

She looks up.

A young and handsome man's face appeared in front of his eyes.

Li Zhenting!

She was stunned!

Could it be that she died and saw him in the underworld?

"Don't make a sound, I'm here to save you." Li Zhenting whispered in her ear, and the sharp knife in his hand cut through the rope that bound her arm.

"Zhen Ting, thank you, thank you so much." Li Xueyan, who escaped from death, couldn't help but laugh.

"Auntie, do you know the situation on the cruise ship?"

"I know, I know, I'll take you to find Reines." Li Xuexi looked at Leng Xue and the other two Baobiao standing behind Li Zhenting, knowing that they had controlled the entire cruise ship, she nodded repeatedly.

After she stood up and stretched her wrists, she led them into the complicated cabin without hesitation.

This time, she saw the true face of Reineth clearly, and decided to cooperate with Li Zhenting to wipe out their gang in one fell swoop.

...

Chapter 1002: Shen Ning is missing

Two hours later.

Renez and a group of gangs were arrested.

"Auntie, I hope that after you return to the imperial capital, you will take the initiative to surrender to the public security organs, confess some valuable things, and pay off the merits, so that you can be dealt with leniently and save your life. Otherwise, no one will be able to save you. No one can escape the punishment of the law." Li Zhenting said seriously.

Li Xuexi pondered for a while, raised her head and replied firmly: "Don't worry, I know what to do."

"Well, no matter what, you are a member of our Li family, and we will try to protect you." Li Zhenting nodded slightly.

In these years, grandma often cried secretly because of her and Li Jinchong. I hope this time, she can emerge from the cocoon and become a butterfly!

The cruise ship returns and departs.

"Mr. Li, thank you." As soon as Li Zhenting jumped ashore, Zhong Ju had already led his people to meet him on the shore.

"Sure, you're welcome." Li Zhenting shook his hand with a calm expression.

"Mr. Li, this time the hidden danger should be completely eliminated, and I hope that the chip of the Li Group can be developed as soon as possible." Zhong Ju encouraged with a cheerful face.

"We will do our best." Li Zhenting put his hands in his trouser pockets and lifted the chip, his eyes were deep and distant.

"It's not good, President Li, Shen Ning is gone." Just as he was leaving and preparing to go home to visit Shen Ning and the children, suddenly, cold blood ran over and rushed to report.

Li Zhenting's eyelids twitched suddenly, he turned around and ran outside.

"Boss Li, get in the car." Leng Xue followed and jumped into the car, started the car, and shouted to Li Zhenting.

Li Zhenting jumped into the car and roared: "Drive fast."

The cold-blooded car sped away.

...

Shen Ning is missing!

Li Zhenting led his men like crazy, surrounded the imperial capital, and searched for all the places she could go for three days and three nights, but they couldn't find any trace of her.

The earth mourns, and the north wind howls.

Shen Ning completely disappeared, as if she had never been in this world, no matter how hard he looked, he couldn't see her anymore.

Li Zhenting was in a hurry, feeling guilty and ashamed, he didn't eat or drink, and continued to search the whole city, but a week passed, and there was still no news.

He is sure that Shen Ning has already left the imperial capital.

But where did she go?

His eyes were bloodshot and bloodshot, and he sat in the monitoring room of the Public Security Bureau for days and nights without closing his eyes to search for himself, but there was no sign of her at the bus station or the train station, she seemed to have evaporated from the world up.

President's Office of Li's Group.

Li Zhenting, who was on the verge of collapse, was holding a divorce agreement, staring at his signature on it, his fingers trembling, and then his whole body was shaking.

This is the divorce agreement he signed with Shen Ning under Xiaofeng's manipulation after he was controlled by drugs!

They were divorced like this!

He clenched his fist.

"Mr. Li, here is the financial statement for last quarter, please sign it." At this time, the financial manager came in, holding a stack of forms, and asked him to sign.

He had posted the report on Ding Ding for several days, but Li Zhenting didn't even sign it, so he had to find it himself.

"Get out." Li Zhenting raised his blood red eyes and yelled coldly.

Shen Ning disappeared, taking his soul away, his job, money, all became empty in front of him, he didn't even know the meaning of living.

The financial manager ran out in fright.

Li Zhenting pressed the remote control switch and locked the door.

He put his head in his hands and closed his eyes in pain.

These days, he kept reflecting on why things came to this point, and he was the most responsible.

To put it bluntly, he has never overcome his inner demons, which is why the bad guys took advantage of the loopholes.

Although his actions were controlled by the bad guys, if he didn't leave Shen Ning after receiving a call from Xiaofeng's car accident on the day they remarried, then everything after that would disappear. It was Feng's reluctance that caught him.

So, **** him!

Chapter 1003: i despise you

In the box of the Star Hotel, there was smoke and laughter, singing and laughing.

Zhu Qixiong was drawing cards with a cigarette in his mouth.

The door was suddenly kicked open.

The gloomy Li Zhenting rushed in, with a murderous look on his body.

"Zhu Qixiong, let me ask you, where did Shen Ning go?" He asked angrily.

After such a period of time, he couldn't find her at all. Where could a weak woman go? He thought of Zhu Qixiong!

Zhu Qixiong bit his cigarette **** with his teeth, his cold eyes stared at this domineering man.

He treated Shen Ning like this, and he didn't settle the score with him yet, but he sent it to his door automatically!

How cheap!

He snorted coldly through his nose.

"Li Zhenting, what qualifications do you have to ask me? Why?"

"Just because you seduce my wife, I have the right to ask you." Li Zhenting approached suddenly, and slapped the mahjong table hard, causing the mahjong to fall to the ground.

A group of buddies scattered at the table, after all, Li Zhenting is a devil, they dare not provoke him, and they can't afford to provoke him!

"Li Zhenting, you bastard, how did you treat Shen Ning? Don't you have any clues in your mind? How dare you say that she is your wife and ask where she went? Is she your wife? Can you show some face? Her heart has been broken by you, how could I know where she went, and besides, even if I knew, why should I tell you?" Zhu Qixiong stood up vigorously and grabbed her. The clothes on Li Zhenting's chest were full of anger.

"Zhu Qixiong, let me tell you, the emperor is my territory. If you dare to hide my woman, I will make you go around forever." Li Zhenting was extremely arrogant and domineering, squinting at him, his whole body full of disdain and admiration. outrageous.

Zhu Qixiong laughed angrily: "Li Zhenting, get the ***** out of me, now you are not even worthy of carrying Shen Ning's shoes. It's just an ex-husband, what arrogance."

His clenched fist hit him hard in the face.

Li Zhenting turned his head away, grabbed his wrist with his backhand and twisted it back.

Zhu Qixiong kicked back.

The two fought in the box regardless of their identities.

"Li Zhenting, do you know how you hurt Shen Ning when you were with Xiaofeng? You just got your marriage certificate with her and then went to be with Xiaofeng. How scumbag do you have to be to do such a thing? Come?" Zhu Qixiong violently kicked Li Zhenting to the ground, grabbed his tie, and asked angrily with red eyes.

Li Zhenting felt a sharp pain in his heart: "That was not my original intention, it was a misunderstanding."

"Misunderstanding? Don't talk shit, I will see it all the time." Zhu Qixiong thought of the scene where he and Xiaofeng forced Shen Ning to sign for a divorce that day, so he punched him on the right cheek and scolded viciously, "Li Zhenting, you should be damned."

"Zhu Qixiong, no matter what happens between me and Shen Ning, Shen Ning is the mother of my three children. How dare you meddle in our affairs. If you really hide her, I will let you all wish her well." The family's property disappeared in the imperial capital." Li Zhenting counterattacked, pushed Zhu Qixiong to the ground, rushed to his thigh and elbowed his back, and pinned his hands instead, shouting angrily.

This man dared to touch the woman he loves the most.

He doesn't want to live anymore!

Emperor is his world, as long as he makes a move, Zhu's enterprise will undoubtedly die.

Unexpectedly, Zhu Qixiong actually laughed: "Li Zhenting, you better have the ability to erase the Zhu Group from the imperial capital, so I have to thank you, otherwise, I look down on you, you **** and coward."

Li Zhenting was taken aback for a moment.

Zhu Qixiong took the opportunity to push him away, gave him a disdainful glance, stood up, pointed at him and said, "Li Zhenting, if you have the ability, let him come here, I will not be afraid of you, for Shen Ning, I will do anything No, you can do anything for her, if you dare to hurt Shen Ning even a hair, I will never let you go."

He adjusted his suit, turned around and strode away.

"Damn it." Li Zhenting stood up and took off his messy suit and fell to the ground hard, his eyes wide open.

Chapter 1004: do not accept your apology

Li's Castle.

"Grandma, I want Mommy." Ke Ke, Ding Ding and Xiao Xiao stood in front of Li Wanqing, their eyes were red, they hadn't seen Mommy for a week, they missed Mommy so much.

"Your mommy is on a business trip, and she won't be back until some time later." Li Wanqing could only comfort the little ones like this.

But the cuties didn't buy it.

"Grandma, are you lying to us?" Ke Ke expressed doubts, "Mummy used to make it clear to us before every business trip, and would call us every day, but now she hasn't called once, I don't believe it. "

"Yes, grandma, Mommy will definitely call us when she is on a business trip, but this time she won't make any calls. She must not be on a business trip. Daddy must have driven her away." Xiao Xiao also expressed sensitively Doubtful, pursed his lips and wanted to cry.

Although Ding Ding didn't know what would happen to Mommy when he was on a business trip, but he didn't see Mommy for so many days, he also suspected that Daddy was bullying Mommy again.

"It's really not like this. This time, your mommy was on an urgent business trip. She was in a hurry and things were busy there, so I didn't call you. Do you trust grandma? Your daddy misses mommy too, He thinks more than you, if you don't believe me, you can ask daddy then."

Facing the lovely children, Li Wanqing didn't know what to say except telling lies, she was more and more powerless to explain to them.

"Hmph, Daddy is from a bad Daddy, we don't want to talk to him." The three little guys snorted coldly, and all sneered at Li Zhenting.

"I think he should be driven out of this family."

"Yes, he always bullies Mommy, he doesn't deserve to stay in this house."

"Daddy is a pervert. He always likes other bad women. I don't look down on him at all."

...

The three little fellows began to criticize Li Zhenting.

Li Wanqing has black lines all over her head, how failed her son is as a father.

When Li Zhenting returned home in a daze, he heard that his sons were hurting him, belittling him to nothing.

He doesn't have any opinion. Of course, what the children said is right, he is indeed too scumbag!

He drooped his head and walked in listlessly.

"Shen Ting." Seeing his son's appearance, Li Wanqing's heart sank, and she knew that he hadn't found Shen Ning yet.

"Hmph." Seeing Daddy's ugly appearance, the three little guys hated him even more, they all snorted coldly, turned their faces away, not only ignored him, but also stopped calling 'Daddy'.

Li Wanqing felt sad in her heart.

Li Zhenting sat down on the sofa in front of them.

"Coco, Ding Ding, Xiao Xiao, Daddy is sorry for you." He stroked their heads, feeling extremely guilty.

"Hmph, I don't accept your apology." Coco turned her head angrily, "Unless you can get our mommy back."

"Don't worry, Daddy will do his best." Li Zhenting promised weakly.

If Shen Ning leaves him deliberately, he doesn't know where to find her!

Xiao Xiao stared at him: "Daddy, why do you always hurt Mommy? You promised me to be nice to Mommy in the future, but you have promised me twice, and you haven't kept it once. I despise you, tell me You, if you don't bring Mommy back to us, I won't recognize you in the future."

The little girl was furious, her cheeks were flushed, and there were tears in her eyes.

"Xiaoxiao." Seeing his daughter so angry, Li Zhenting's heart ached, and he wanted to pick her up and coax her guiltily, but Xiaoxiao pushed his hand away and ran upstairs up.

"Ah Yun, hurry up and look at her." Li Wanqing hurriedly called to Sister Yun, "Guide her more."

It may be because she grew up with Shen Ning, Xiaoxiao has a very deep affection for Mommy, and seeing her every day is like three autumns, and now that she hasn't seen Mommy for so many days, her mentality has changed and she has become very manic Li Wanqing was really worried that something would happen to her, and she was even more afraid that she would overreact, so she would be followed all the time.

Sister Yun agreed, and hurried up.

"Hmph, scumbag." Ke Ke and Ding Ding made a contemptuous face towards Li Zhenting, then turned and ran upstairs.

Chapter 1005: i won't be happy anymore

x

"Zhen Ting, you haven't found Shen Ning yet, have you?" Li Wanqing pressed after the children left.

Li Zhenting shook his head sullenly.

"Hey." Li Wanqing sighed heavily, "You should review yourself, Shen Ning has made up his mind this time not to see you again."

She wiped away her tears: "Now the children force me to ask where Mommy has gone every day. I can't get along anymore. It's really a crime that a good family has become like this."

Li Zhenting put his head in his hands and closed his eyes in pain.

"Zhen Ting, I didn't blame you. You should have explained it to Shen Ning after you woke up. It's good now, everything is irreparable." Li Wanqing complained.

Li Zhenting's face was serious: "Mom, do you think I don't want to? But the situation was critical at that time, and the target would be leaked if I was not careful. The overall situation is the most important. Moreover, if the enemy knows that Shen Ning is my favorite woman, I'm afraid they'll deal with her, against her, and all of this is something I've thought about."

He had already told Li Jinyao to send someone to protect Shen Ning, but he only had a few days, but he didn't expect things to go to the worst.

But thinking about it carefully, all of this is inevitable.

Li Wanqing looked at her son, and in just a few days, she seemed to be a different person, with a stubble, sunken eye sockets, and a cyan color on her cheeks.

The son who was once handsome and radiant, whom she was proud of, disappeared, and was replaced by this son who looked sluggish, depressed, and made her feel sad.

"Zhen Ting, think about it, just try your best." She tried to comfort her son, but felt so empty.

"Mom, if I can't find Shen Ning in this life, I won't be happy anymore." Li Zhenting stood up and said, then walked outside.

"Ah." Li Wanqing gasped, tears streaming down her face.

Security room.

After calming down, Li Zhenting thought of the time when Shen Ning last appeared in Li's Castle. He decided to investigate it himself, and followed the clues to see if he could find some clues.

"Mr. Li, you see, this is the last time my wife appeared in Li's Castle. One afternoon a week ago, she called the security guard at the gate, saying that something happened, and the private doctor was also called there." The captain of the security guard Show him the surveillance video of Shen Ning calling them at Li's Castle that day.

Li Zhenting saw Shen Ning's flustered and tense expression, his face was frightened, his brows were frowned, and he asked in a deep voice, "What happened that day?"

"That day the nanny Xiaofeng was hacked by a man in black on the boulevard to the west, and her arm was seriously injured. She was in a critical situation at the time. It was her wife who rescued her. Since that day, she has never been seen again. Ma'am, she never came back." The security captain briefly described what happened that day.

Li Zhenting's eyes flashed coldly: "Can the monitoring be adjusted to the scene where Xiaofeng was hacked by a man that day?"

This Xiaofeng tried to overthrow Shen Ning on the 30th day of the Lunar New Year, with impure motives and eccentric personality. She has been forgotten because of her busy schedule. Looking at it now, Shen Ning's disappearance may have something to do with her. Started jumping up.

"Mr. Li, the monitoring system on the west side was destroyed in advance. Because the young lady was not injured, we didn't pursue it. After all, Xiaofeng was also fired." The security captain replied.

"Where is Xiaofeng now?"

"She was sent to the People's Hospital by the young mistress. The young mistress seemed to treat her very well and even paid her for medical expenses."

"Is she still in the People's Hospital now?"

"It should be. Her arm was seriously injured, the incision was deep, and there was a lot of blood that day. It is estimated that she will not be able to leave the hospital."

"Call the family doctor."

Not long after, the family doctor came and told Li Zhenting about Xiaofeng's injury that day.

He stood up and rushed towards the Imperial Capital People's Hospital.

Chapter 1006: She is pregnant with your child

Surgical Inpatient Department.

Xiaofeng squinted her eyes and was closing her eyes to rest her mind. Suddenly, there was the sound of footsteps, and then the door was closed with a bang.

She was startled and opened her eyes immediately.

Looking at this, the three souls were scared out of their wits!

Li Zhenting was staring at her with gloomy eyes.

"Ah, Li, President Li." She rolled over and looked at him in fear.

"Xiaofeng, let me ask you, where is Shen Ning?"

"Master, master, I, I don't, I don't know." Xiaofeng was a little confused, why he came here and asked about the young mistress.

"You don't know?" Li Zhenting sneered, "I ask you, who are you? What are you doing in Li's Castle?"

"..." Xiaofeng was dumbfounded.

"Say." Li Zhenting yelled angrily, his fingers clenched into fists, "If you don't make it clear today, my fist will not spare you."

"Master, Master, I, I'm sorry, I'm sorry Young Mistress." Xiaofeng burst into tears, and at this moment she spoke out without reservation the panic and uneasiness that had accumulated in her heart for the past few days, asking for his forgiveness.

Li Zhenting smiled coldly: "You tried to murder Shen Ning, and now you have been hacked like this, and you made her think that you are a good person and help you heal your wounds. You are really insidious.

If you don't explain everything clearly today, you won't confess. Wherever Shen Ning went, I will make your life worse than death."

"Young Master, I will tell you everything, I am guilty, I am sorry for you and Young Mistress." Xiaofeng took a long breath, and then said everything.

She told how she was threatened by Xiaofeng, how she sneaked into Li's Castle, and how she repeatedly harmed Shen Ning, and finally cried bitterly:

"Young Master, Young Mistress is a good person. She is kind and compassionate. I was moved by her, especially after Xiaofeng killed my mother. I decided to make amends. Xiaofeng didn't want the child in Young Mistress' belly to grow up and stay. I just want to keep the young mistress's child, so I have been paying attention to the young mistress secretly. Sure enough, that afternoon, when I saw the young mistress was slashed at her stomach by the man in black with a knife, I stepped forward and helped. She blocked the knife and made the young mistress safe, and then she called the security guards, and the man in black escaped. I told her about Xiaofeng killing the child in the young mistress' stomach, and told her to leave the imperial capital immediately, so the young mistress did. Let's go."

Li Zhenting was stunned.

"You said Shen Ning has a child in her belly?" He bent down and grabbed Xiaofeng's arm, asking in disbelief.

"Yes, don't you know? She is pregnant with your child." Xiaofeng looked at him with some puzzlement.

"Is what you said true or false?" Li Zhenting's eyes widened.

"Of course it's true. The young mistress had morning sickness upstairs every day. Madam has heard it several times, and it was Xiaofeng who asked me to harm the child in the young mistress' belly. If it was fake, she wouldn't let me. I did that." Xiaofeng was very sure.

Li Zhenting's face was full of joy, but this joy turned into guilt and pain after only a moment.

He beat his head like crazy.

Xiaofeng stared at him blankly.

It turned out that the young master didn't know that the young mistress was pregnant until now.

"Hey, young mistress is really bitter and wronged." She murmured, thinking that the child in her belly was almost aborted several times, her heart trembled, and she felt more sympathy for Shen Ning.

"Do you know where the young mistress is now?" Li Zhenting raised his blood red eyes and asked sharply after a long time.

"Master, I don't know. After my hand was cut, she took care of me for a day and a night. She didn't leave until my injury was stable. She didn't tell me where she went, but she paid me for the medical expenses. Tell me if I have any difficulties in the future to find Gu Qi's Uncle Marley, and then she left and never came again, I didn't dare to expect her to come to see me, I thought she was in Li's Castle." Xiao Fengyao head on.

How dare she expect her to come see her again, let alone contact her, but unexpectedly, she really disappeared.

Chapter 1007: he cries like a child

As the sun went down, Li Zhenting's eyes were stained with blood, his hands were holding on to the railing, his face desperate.

"Ningning, where are you? Are you coming back? I will make it up to you."

He yelled at the sea over and over again, at the top of his lungs.

But the sea is vast and misty, and it is silent. No matter how loud he shouted, there was no echo.

"Ningning." He crossed his fingers into his hair, tears streaming down his face.

For the first time, he couldn't help crying like a child!

She was pregnant again, with his child.

But what did he do? !

That woman Xiaofeng actually wanted to hurt her several times, and wanted to abort the child in her stomach, and it was still under his nose.

And as a husband and father, he actually helped the elbow! Is he even a man?

If he didn't think that Shen Ning was still alive, he still had a chance to confess to her. If he didn't have three children, he really wanted to jump into the sea like this.

A man who can't even protect his wife and children, what kind of man is he?

What a wimp he is!

We must find Shen Ning, go up to Qiongbiluo, go down to Huangquan, and die!

He clenched his fists tightly.

President Office of Li Group.

"Cold-blooded, from now on, you don't have to go to work. You can choose as many people as you want, and search for Shen Ning all over the world. If you can't find it, don't come back." , Zheng said loudly.

"Yes." Leng Xue agreed, but sighed in his heart, sure enough, President Li fell in love with Shen Ning a long time ago, this is a good time, Shen Ning doesn't know where he went! Boss Li even lost his soul!

But can this relationship be redeemed?

He shook his head and left.

Next, Li Zhenting personally organized a search team to search every day and night. His footprints covered all possible places, but no matter how hard he searched, Shen Ning just disappeared.

He could never find her again.

Decadence, frustration, and loneliness made him look haggard, as if he had suffered a huge blow.

Shaw Villa.

Aunt Dong stood at the door of the villa, looking out constantly.

It's been a month, and Shen Ning hasn't been seen for a month.

She left quietly, without even telling her, she could understand her leaving, but she didn't even tell her, which broke her heart and blamed her for being cruel.

This month, she did not know how many tears she shed.

If she had told her, she would not be in such a hurry since she knew it.

Every day, she would stand at the gate like this and look around, hoping that Shen Ning would come back and call her Aunt Dong.

Footsteps sounded at the door.

She looked up.

Li Zhenting is here again!

He has been here several times!

Every time I was lonely and frustrated, I came to ask her, where is Shen Ning?

As for this young master, the richest man in the imperial capital, since he divorced Shen Ning twice, she no longer has any affection for him!

Seeing him, she walked in coldly, her face expressionless.

"Aunt Dong." Li Zhenting stood behind her with a humble attitude!

During this month, his aura has become more and more eccentric and elusive, with good times and bad times, he will suddenly be furious, and sometimes he will be as cold as frost. No one knows that he, who is still smiling reluctantly at one second, will be in the next second. What expression is it.

His snarl often filled the office.

All the employees avoided him like a plague god, and the company employees trembled when they saw him!

Ke Li's Group is like a rising star, everyone can see the future of treatment, no one is willing to resign because of the CEO's temper, on the contrary, he has a deep understanding of his love for his wife.

"You don't need to look for me anymore. I don't know where Shen Ning is. I also want to know where she is. She didn't even tell me when she left. She is determined not to contact me." She said coldly Finished, walked in, unwilling to say a word with him.

Li Zhenting lowered his head.

Aunt Dong is currently his only elder who is willing to humble himself.

Just because she is Shen Ning's natal family.

When he was still walking over, he saw Aunt Dong standing at the door wiping tears, and he knew she would never hear from Shen Ning, but he didn't come here entirely to ask about Shen Ning's news, he just wanted to come here to get some comfort, It seemed that when he saw Aunt Dong, his heart would be at ease, as if knowing that Shen Ning would also be at ease.

He hopes that his woman is living well and happily with his child now.

After an unknown amount of time, he turned around and left.

Aunt Dong stood in the living room looking at his lonely figure, and sighed secretly, man, you only know how to cherish it when you lose it.

Chapter 1008: Where did she go?

Li Zhenting gradually calmed down.

Because the Li Group has heavy responsibilities, there are countless jobs waiting for him every day.

He immerses himself in his work every day, no matter what he does, he often convenes executive meetings, which last all day, and sleep only three or four hours a day.

Ke Ke, Ding Ding and Xiao Xiao were not sent abroad for training, but stayed in the Blue Whale Kindergarten.

First, the nature of the work of the Li Group determines that the children cannot go to places like the United States, for fear of being held hostage. Second, he wants to be a good father and take care of the children in every possible way to make up for his feelings for them. Indebtedness and guilt.

In the mall, he intensified his efforts, and his methods became darker and fiercer. Like a mighty cheetah, he was invincible and caused **** storms wherever he went. In a short period of time, his business empire has grown and expanded into various fields, countless. The money flew towards him like snowflakes.

He owns a huge amount of wealth and has brought the Li Group to unprecedented glory, but his emotions are becoming more and more blank day by day, as if the essence has been sucked out, empty and powerless.

On this day, he just sat down after a senior management meeting.

Fang Xianyun walked in.

"Mr. Li, the chip technology is still short of the last key data and cannot be broken through. Yun Chaoyu will arrive at Linshiyun Technology Company tomorrow. I suggest you invite him in person. We have invited him several times, but all of them have been rejected. He refused." Fang Xianyun solemnly suggested.

Since Fang Xianyun was slandered and dismissed by Xiaofeng last time, Leng Xue found him in time, and revealed all the plans of President Li. He was very happy, and soon returned to the Li Group, and hired Wang Qingfei back.

But no matter how hard he tried to calculate, he still couldn't complete the last data. In desperation, he had to ask Yun Chaoyu for advice.

Ke Yunchaoyu has an arrogant personality and a weird temper, so he doesn't like him at all.

He can only come to Li Zhenting to make suggestions.

Li Zhenting pondered for a while and then nodded: "Okay, I will meet him tomorrow."

"Well, then I'll go back and make preparations." Fang Xianyun was very happy. He was an aspiring young man who was determined to work **** chips, but he couldn't break through his shortcomings. He really wanted to know the reason.

After Yun Chaoyu left, Li Zhenting sat blankly holding a pen.

Three months have passed, and there is still no news of Shen Ning. He has traveled all over the country, but he is still hard to find!

Where did she go?

During this period, he kept himself busy every day, and he didn't dare to have a moment of leisure. When he lay in bed at night, he was often so tired that he would fall asleep without thinking.

But in his deep dream, he would dream of Shen Ning every day, dreaming that she did not leave, lived happily with him, and brought their children.

Only such a dream can give him a moment of peace, supporting his life and the burden of taking care of the children the next day.

But once in a while, his mind would be completely occupied by her figure again when he had a moment of leisure. This kind of intense longing and pain made him extremely painful.

"Master, it's not good. Lan Lan and Xiao Xiao got into a fight. The fight was so fierce that Xiao Xiao's forehead was bleeding and Lan Lan's eyes were also bruised. Come back soon." After a while, Sister Yun, the nanny, called with an anxious tone.

"Okay, I'll be right back." Li Zhenting's eyelids twitched, and he immediately stood up and ran outside.

During this period of time, because of Shen Ning's sudden disappearance, Xiao Xiao's temper, which had always been docile, became more and more eccentric and irritable. In the past, Lan Lan provoked her a

little, and she could not take it seriously, but now Xiao Xiao does not give in. , domineering, as long as Lan Lan dares to provoke her, she will be a little violent girl, and she will never be polite.

Ever since, the struggle between these two little guys has become intense.

Chapter 1009 How can he be worthy of Shen Ning?

Li's Castle.

"I'll let you laugh at my mommy, let you gloat, and see if I don't beat you up." In the living room, the little general Lan Lan rode under him, and hit her face with his small fists, many punches hit her. On the eyes, her eyes were swollen.

Lan Lan is too fat, usually lazy, no matter in terms of agility and strength, she is not as good as Xiaoxiao, but her nature of being picky and mean has not changed at all.

During this period of time, she has been taught enough by Xiaoxiao. Today, she made enough preparations and took a pair of scissors in her hands. Therefore, as soon as Xiaoxiao hit her, she scratched Xiaoxiao's forehead with the scissors preemptively. .

Xiaoxiao's forehead was bleeding, and she was very angry. Naturally, she couldn't let her go lightly, and beat her as soon as she was caught.

"Miss, stop beating, your father is back." Sister Yun was terrified at the side, snatched the scissors from Lan Lan's hand, and tried to persuade the fight, but Xiaoxiao's temper came up, so she must beat him Lan Lan begged for mercy everywhere.

"Smelly Xiaoxiao, your mommy was seduced by a wild man, and you just vent your temper on me, I hate it." But Lan Lan's mouth is to annoy Xiaoxiao, to expose her heart disease, and make Xiaoxiao so angry. flushed.

When Li Zhenting rushed home, Xiao Xiao's face was covered with blood, and his cheeks were flushed with anger, and his big eyes were full of vicious revenge, which was very terrifying.

And Lan Lan had one eye red and swollen, and she was sitting on the ground crying heartbreakingly.

The living room was in a mess.

"Daddy, Xiaoxiao hit me." As soon as she saw Li Zhenting, Lan Lan burst into tears and complained.

"Who told you to scold my mommy, who told you to laugh at me?" Xiaoxiao puffed out his cheeks, his eyes were burning with anger, and stretched out his fist, "You mocked my mommy, scolded my mommy, I'm going to beat you, I'm going to beat you flat."

Li Zhenting rushed over and hugged Xiao Xiao, looked at the blood on her face, his face was ashen, and scolded Sister Yun: "What did Xiao Xiao do with the forehead injury? Didn't you tell them to take a good look at them? You How did you bring the baby?"

He picked up Xiaoxiao and ran out, sending her to the hospital as quickly as possible to check the wound.

If the child's face is disfigured, how can he be worthy of Shen Ning?

Sister Yun dared not speak at the side, but at this time Lan Lan's eyes were also bruised and needed treatment.

She was afraid that Li Zhenting would blame her again, so she picked up Lan Lan and followed her.

Li Zhenting put Xiao Xiao into the co-pilot seat, checked her wound, took out the medicine box and took an alcohol cotton pad to apply it on her.

"Master, Lan Lan's eyes are also blue." Sister Yun came up to hold Lan Lan and whispered.

Li Zhenting glanced at Lan Lan lightly, and said, "Take her into the car."

Sister Yun carried Lan Lan into the car.

The car quickly started and rushed towards the hospital.

...

Two hours later.

Li Zhenting took Xiao Xiao and Lan Lan home with a dark face.

Sister Yun didn't dare to vent her anger.

During the drive from the car to the return to Li's Castle, Li Zhenting's face was dark, and when he was cleaning Xiao Xiao's wound, his eyes were full of coldness, which made her dare not look at him.

"Lan Lan, come here and stand still." They had just entered the living room when Li Zhenting spoke sternly to Lan Lan.

Lan Lan looked at Li Zhenting in fear, and with tears in her eyes, she walked up to Li Zhenting and stood up.

"Daddy..."

"Shut up." Just as she was about to defend herself, Li Zhenting stopped her and said sternly, "Who told you to stab Xiao Xiao with scissors?"

Lan Lan pursed her lips.

"Say." Li Zhenting's tone was extremely severe!

"Xiaoxiao hit me." She cried out.

Since the little mommy disappeared, Daddy has obviously favored Xiaoxiao. He always protects her and treats her coldly. She is very unwilling at such a young age.

"She hit you, and you're going to hurt her with scissors?" Li Zhenting's eyes burst into flames, "Are you still trying to kill someone?"

"Daddy, I... I, I'm sorry, I don't dare anymore." Looking at Li Zhenting's stern face, Lan Lan cried out in fright.

Chapter 1010 I'm afraid she will be wronged a little bit!

"The nature is too bad, and you must not be lightly forgiven. This time, you must be punished." Li Zhenting did not soften his heart because of Lan Lan crying, and his tone was still very severe. He picked up a thin wooden stick next to him and shouted: "Take you outstretched his hand."

Lan Lan saw that Daddy was really moved, her face turned pale with fright, she looked at him with snot and tears all over her face, and couldn't even open her bruised eyes.

But Li Zhenting's face was serious, without any sign of softening.

"hurry up."

Following his shout, Lan Lan had no choice but to stretch out her little palm.

Li Zhenting really slapped her palm three times. Although it was not that hard, it made her cry in pain, or the pain and unwillingness in her heart hurt more than the pain in the palm of her hand.

Now Daddy can do anything for Xiaoxiao, for fear that she will be wronged a little bit!

As for her, he is not taken seriously by Daddy at all. Obviously, she loves Daddy more than Xiaoxiao, and treats Daddy better. Di is still very patient, buying her all kinds of toys and making delicious food for her. It can be said that as long as she asks for the stars in the sky, he will find a way to pick them for her.

Daddy is too eccentric!

Lan Lan cried more and more sadly.

Sister Yun also felt uncomfortable watching from the side.

Xiaoxiao's personality has changed a lot since Mummy disappeared. Although it was Lan Lan's fault today, Xiaoxiao's anger is also growing, and she obviously has a mentality of venting hatred, but Li Zhenting's heart is completely biased towards Xiaoxiao. She became a princess.

"Go to the study room and stand for punishment. You are not allowed to come out without my order. If you dare to laugh at the little mommy again in the future, Daddy will definitely punish you." Li Zhenting threw away the wooden stick, and sternly ordered to Lan Lan.

Lan Lan cried hoarsely, obediently walked into the study and stood still.

"Xiaoxiao, does your forehead still hurt?" Li Zhenting picked up Xiaoxiao and sat down on the sofa to check the wound on her forehead, and asked gently.

Xiaoxiao bit her lip tightly and did not speak.

She just didn't want to talk to Daddy, if he didn't drive Mummy away, she wouldn't have to be laughed at by Lan Lan.

She really hates Daddy now!

"Don't worry, Lan Lan will never dare to laugh at your mommy again." Li Zhenting said guiltily, holding Xiao Xiao in his arms.

Although Xiaoxiao felt very heart-warming being held in Daddy's arms, she was not happy at all.

In the past, she dreamed of wanting Daddy to hug her, but now that she got it, it was the price of losing her mommy. She would rather be like before than lose her mommy.

When Li Wanqing came back from the church, she saw that the house was in a mess. Lan Lan was crying and punished standing in the study, Xiao Xiao was sitting on the sofa and sulked, and Li Zhenting was cooking for the children in the kitchen, although there was a nanny helping , but he still carefully prepares food for the children himself, for fear that some unclean or bad food will be given to the children.

In this way, he will feel more guilty, and he is also afraid that Shen Ning will blame him for not taking good care of the children in the future.

He was so busy and concentrated, as if the big things had nothing to do with him, even Li Wanqing didn't notice when he came over.

Li Wanqing shook her head and went to the study.

But when she went in, she was shocked, and saw that Lan Lan's eyes were bruised and swollen, and she was still crying sadly. Li Zhenting even made her stand as a punishment!

In the living room, there was a white square gauze tape on the small forehead, which was obviously bandaged for injuries. The little guy looked shy and ignored everyone.

She carried Lan Lan out first, asked Sister Yun to bring hot water, and used a towel to warm her eyes.

Sister Yun told her that the doctor had already dealt with it, and she also told her about the fight between the two little guys. Li Wanqing was heartbroken when she heard it.

"Where are Coco and Tintin?" she asked.

"Madam, the young masters are playing games in the upstairs study." Sister Yun replied helplessly.

Li Wanqing's face turned dark when she heard that.

Since Shen Ning disappeared, the three little guys have no restraint. Xiao Xiao and Lan Lan often fight, Ke Ke and Ding Ding play games every day, and the whole mess is messed up.
