

Troublemakers 101

Chapter 101 I only want her

"Ding Ding, is the woman on the drawing board your mother?" Li Zhenting asked after thinking about it.

After all, Shen Mei and Shen Ning are half-sisters, and they are a bit similar. If Ding Ding draws a mommy, it makes sense.

"No, it's not." Ding Ding immediately denied it.

"Then who is she?" Li Zhenting's face darkened again.

"An aunt, a very beautiful and gentle aunt, I only want her." Ding Ding said without thinking.

Li Zhenting's heart sank suddenly.

"Do you know her?" he asked immediately.

Ding Ding was about to speak, when he suddenly saw Daddy staring at him, as if trying to trick him, the smart little guy dropped the paint pen, stood up, and shouted: "I don't know."

After speaking, she twisted her **** and ran towards Li Wanqing who was reading a newspaper on the sofa.

He climbed onto her body, put his arms around her neck, and said in a milky voice, "Grandma, I don't want another psychological tutor, I just want her."

"Okay, okay." The little guy's fleshy body clung to her, and the milky smell was sweet. Li Wanqing put down the newspaper, immediately hugged her own grandson, and agreed in one voice.

At this moment, Li Zhenting had a bad premonition in his heart.

"Zhen Ting, isn't the psychology teacher just to play and talk with the child? You can let the child choose by himself. Only when he likes it will he be willing to accept the teacher's teaching, so that he can enter the child's heart. What do you know as a man." Li Wanqing scolded Li Zhenting.

Li Zhenting was speechless.

"You men, don't interfere if you don't understand the child. You must listen to the child in this matter." Li Wanqing then ordered solemnly.

"Yeah, that's great." Ding Ding clapped his hands happily.

Li Zhenting had black lines all over his face.

"Daddy." On the stairs at this time, Lan Lan was running down the stairs wearing a beautiful skirt and stepping on small high heels.

As soon as she came down, she opened her arms and rushed towards Li Zhenting.

Seeing that she almost stepped on the stairs several times, Li Zhenting was so frightened that he bent down and hugged her.

"Daddy." Lan Lan hugged Li Zhenting's neck with her small arms, kissed him on the face, and said with a smile: "Mummy said, Daddy will take me and Ding Ding outside to play and have dinner today, right? "

"That's right." Li Zhenting nodded with a smile.

The reason why he came home so early was also because he planned to take the children out to play yesterday.

Unexpectedly, Ding Ding, who was sitting on Li Wanqing's lap, yelled loudly:

"I don't want to go, I want to be with grandma."

He hugged Li Wanqing's arm, showing disgust towards them.

"Ding Ding." At this time, Shen Mei came out of the elevator wearing a fashionable and **** one-shoulder skirt. As soon as she came out, she heard Ding Ding's words, and immediately walked over with a smile on her face, and said affectionately,

"Today Daddy took time out to take you and Lan Lan out to play. If you don't go, wouldn't that be a disappointment to Daddy? Today we will go to the aquarium to see the big dolphin. You and Lan Lan can hold it and play with it. , to take pictures, and then we will go to Yide Mountain Villa to eat seafood barbecue, and many children are playing on the beach."

Li Wanqing caressed Ding Ding's little face, and said lovingly: "Ding Ding, go, it's great to play with Daddy and Mommy, it's too boring to stay at home."

Ding Ding reluctantly agreed.

"Yeah, that's great, Ding Ding, let's hold hands, love each other, don't quarrel, okay?" Lan Lan broke free from Li Zhenting's arms and ran to Ding Ding's side, took his hand, and said strangely.

As soon as she said this, everyone laughed.

After a while, the family of four walked out.

Chapter 102 Encounter on a Narrow Road

Zhengsheng Apartment.

Cocoa and Xiaoxiao are kneading dough and beating eggs.

Today is Mommy's birthday. They made a birthday cake for Mommy by themselves and decided to give her a big surprise.

"Hey, I don't know what happened to Ding Ding, I miss him so much." Xiao Xiao kneaded the flour, his face was covered with dust, and his **** eyes blinked.

"Yeah, I miss him too, and grandma, I miss her too, and I miss Daddy Scum so much." Coco put down the egg in her hand, also full of helplessness.

Since Shen Ning knew that Ke Ke and Ding Ding had switched identities that day, she clearly ordered Ke Ke not to lurk into Li's Castle again.

Because it's too dangerous.

Li Zhenting has doubts about Ding Ding now, and asked a doctor to treat Ding Ding. This will have a bad influence on Ding Ding, and it will not be good for Ke Ke herself. What if Shen Mei finds out, besides, in private, she would also I don't want Li Zhenting to know the existence of Ke Ke.

In this case, Ke Ke can only stay at home obediently with Xiao Xiao every day.

After a while, the phone rang.

Coco immediately ran up and pressed the answer button.

The call was from Shen Ning.

She told them that she would invite people to dinner at night, let them eat at home by themselves, do their homework after eating, go to bed early, and don't wait for her.

Ke Ke was anxious when she heard that, today is Mommy's birthday, and they are making a birthday cake with her, how could they not wait for her!

He still wanted to talk, but Shen Ning seemed to be in a hurry over there and was very busy, so he hung up the phone after only saying a few words.

Coco put down the phone, and the two little ones sat listlessly on the sofa.

How much they want to play with Ding Ding, and how much they want to be with Daddy and Mommy!

The night is coming, and the sea breeze is blowing slightly.

Yide Villa.

Shen Ning hurried over after get off work.

Here is the famous seafood buffet and barbecue in the imperial city. All the seafood is freshly salvaged from the sea by fishermen, so it is very fresh.

The dining table is placed on the beach location, which is very popular.

In front of one of the most luxurious dining tables, there are full of shaking candles, and the neon lights above the dining table are alternately flashing, blurred and dreamy.

Jing Chenxi sat at the dining table, with his long legs folded alternately, elegant and dignified.

"Sorry, I'm late." Shen Ning approached with an apologetic face.

She invited him to dinner tonight, in order to show his help to her during this time.

But when she got off work, she was delayed for a while to catch up with tomorrow's business, and she was very embarrassed.

"Ning Ning, it's okay, sit down quickly." Jing Chenxi smiled and looked at her plain face. She was really clean, and she didn't have any jewelry on her body.

"Have you ordered? I'll help you." Shen Ning put down his bag and started to get busy.

At the exit over there, a Mercedes-Benz luxury car drove in.

"Mum, I want to eat grilled oysters and big lobster." Lan Lan jumped out of the car and saw the exterior scene of the beach shining like stars, shouting happily.

"Okay, just order what you want to eat. Girls should be more elegant and don't shout." Shen Mei took her hand and taught her a lesson.

"Okay." Lan Lan stopped talking and went to hold Ding Ding's hand.

Ding Ding was not happy, and retracted his hand.

Ke Lanlan didn't care, she just stretched out her hand and took Ding Ding's hand, holding it tightly.

Li Zhenting parked the car and walked over, leading them towards the most luxurious dining table in the middle.

This table was reserved by him in the morning.

But Shen Ning and Jing Chenxi just went to the beach and ordered a lot of fresh seafood, and then walked back to the dining table, suddenly, their faces changed color.

Chapter 103 As long as I am happy

She saw a family of four coming to the empty table next door, and when she looked up, she saw Li Zhenting's slender and straight figure, and behind him, Shen Mei was leading Lan Lan and Ding Ding to walk over with great splendor .

She petrified.

God, God is everywhere!

Even for a meal, there were hundreds of dining tables on the beach in Nuo Da, but they bumped into each other and became neighbors.

What a coincidence!

After thinking about it, I didn't think there was anything strange about it.

She invited Jing Chenxi to dinner, and in order to take care of his status, she chose the best table.

And Li Zhenting, the richest man in the entire imperial capital, must have chosen the best seat.

In this way, the probability of them meeting is within 90%!

What she didn't expect was that they would come here for dinner tonight.

Her eyes quickly fell on Ding Ding's face.

Ding Ding is also looking at her.

The two look at each other.

Ding Ding's clear eyes are smiling at her.

Shen Ning was surprised and surprised, his eyes were a little wet looking at him.

Ding Ding broke free from Lan Lan's fingers, and was about to run towards Mommy, but Shen Ning gave him a wink, and he was taken aback, remembering what Mommy had told him in the morning, he could only suppress his impulse.

"Yo, sister, you're here too." Shen Mei saw Shen Ning a long time ago, and immediately came over to say hello enthusiastically.

"Mmm." Shen Ning gave a faint 'Mmm'.

At this time, Li Zhenting also saw Shen Ning and Jing Chenxi, and was startled, his face tensed.

This woman is really lingering, and I can meet her here, and they even became neighbors.

Did she do it on purpose!

"Mr. Li." Jing Chenxi stood up and extended his hand to Li Zhenting, taking the initiative to say hello.

After shaking Jing Chenxi's hand slightly, Li Zhenting took it back, and said with a smirk: "Mr. Jing is really in a good mood, and he booked the two people's world in such a lively place, because he wants to get blessings from others." I still want to make people jealous."

These words are obviously sarcasm, and most people can hear it.

Jing Chenxi ignored it, just smiled: "Ning Ning treats guests tonight, so I chose this place."

She's in for a treat!

A sarcasm flashed across Li Zhenting's gloomy eyes, and he glanced at Shen Ning coldly.

Shen Ning was also looking at him.

After the eyes of the two met, Li Zhenting's eyes flashed with disgust, and he quickly withdrew his eyes.

Shen Ning also retracted his gaze, and sat down gracefully.

At first, she was a little uneasy, but she calmed down after seeing Li Zhenting's disgusted eyes.

You don't like me coming, that's your business, but this place is not yours alone, you can come, so can I, let alone I come first, if you are unhappy, then feel free to be unhappy, I Just be happy.

She smiled, and talked to Jing Chenxi, if she hadn't considered Ding Ding's presence, she would have talked and laughed happily, without caring about it.

"Daddy, this is this auntie, this is her. I want her to be my tutor." Ding Ding suddenly had a bad feeling when he saw Mommy having dinner with a strange man. When he looked at Daddy again, his face turned dark It looked like a cauldron, and it was stinky, so he immediately ran over and pointed at Shen Ning and said seriously.

Li Zhenting was furious this time.

Sure enough, this kid is asking for Shen Ning.

"No, she is not a teacher at all." He flatly refused.

"But I just want her. Only when she becomes my psychological tutor can I study hard and make progress. I won't listen to them." Ding Ding objected dissatisfiedly, and her attitude was very firm.

Li Zhenting became even more angry now.

Chapter 104 Moved to the point of crying

"What do you know as a child, she is not a psychologist at all, she will only teach you badly." Li Zhenting glanced at Shen Ning who was serving Jing Chenxi's food, and said with disdain.

"No, she is so beautiful and gentle. Only she can teach me sincerely. Anyway, I don't want anyone but her." Ding Ding got angry, and sat down on the chair sulking.

Li Zhenting didn't want to compromise this time.

What does a five-year-old child know? What else can a woman like Shen Ning teach him besides bringing his son down.

He will never agree.

Shen Mei has been gloating and watching the good show, but when she saw that Tintin insisted on Shen Ning being his tutor, she hated her teeth itchy.

In the past few days, Li Wanqing stayed at home every day, and Ding Ding clings to her as soon as she comes home. She really can't find a good time to make a move. Besides, Lan Lan clings to Ding Ding every day, she is a little uncertain for a while.

Now Li Zhenting has not said that he will not marry her. If something happens to Ding Ding, it will be shooting himself in the foot.

"Zhen Ting, it seems that Jing Zong is going to woo my sister tonight, that's right. The stars are shining brightly and the sea breeze is blowing tonight. It's a good day." The dripping roses came towards Shen Ning, she swayed to Li Zhenting's side and said with a smile.

Courtship?

Li Zhenting twitched his ears, looked towards Shen Ning, and saw a flower girl walking towards Shen Ning with a big flower basket.

At this moment on the beach, the sun is setting and the sea and sky are in one color.

His face darkened, and a huge anger surged in his heart.

But soon he gave a cold snort of disdain, half-closed his eyes, and forcibly suppressed his anger.

It's just a woman he doesn't want.

Whoever wants to woo her can woo her, it's none of his business, should he be angry!

but

If she comes to harm his son, he won't sit idly by. The son is still young, so he must protect him.

At this time, the flower girl had already delivered the big flower basket to Shen Ning.

Fresh roses can still see delicate mist, obviously transported by air from another hemisphere.

When the sea breeze blows, the rose petals are fragrant, and the nearby guests all look at them after taking a deep breath.

At this time, Shen Ning's face was very uncomfortable.

Only when she saw the roses, she had the urge to run away.

She really didn't expect Jing Chenxi to prepare this for her again.

actually

She just wanted to simply find a place that fit his status and treat him to a meal, thank him, and had no other thoughts.

Obviously

Jing Chenxi didn't think so.

"Ning Ning, I wish you a happy birthday." At this time, Jing Chenxi picked up the largest and most beautiful flower basket in the flower basket and put it in front of her with both hands, and spoke affectionately.

Happy birthday?

Shen Ning sat upright, dumbfounded!

Is today her birthday?

After she was stunned, she suddenly remembered that today is her birthday, her twenty-fourth birthday!

"Thank you, thank you." Tears welled up in her eyes, and she took it with both hands, thanking her repeatedly.

It turned out that I just wished her a happy birthday!

She was touched.

For so many years, since her mother was paralyzed, no one remembered her birthday, and no one celebrated her birthday, but Jing Chenxi firmly remembered her birthday, and was the first to celebrate her birthday.

Can this keep her from being moved!

The waiter immediately brought the birthday cake.

The cake has nine layers, so big!

"Ning Ning, you must have a happy birthday, be happy." Jing Chenxi stood up, walked to her side, bent down and kissed her forehead, and said affectionately.

"Thank you." Shen Ning sat blankly, unable to speak other than thank you.

"Kiss her, kiss her." Suddenly, someone on the beach took the lead in booing.

A pair of handsome men and beautiful women are together, what else can they be if they are not lovers?

Those men and women in love took the opportunity to show off their hormones in a high-profile way, shouting loudly.

There was cheering on the beach.

Chapter 105 Is she really the best for Ding Ding?

No!

Shen Ning stood up in a panic, stepped back a few steps, and looked at Jing Chenxi as if asking for help.

Jing Chenxi smiled at her!

"Don't worry, I won't." He whispered caringly.

Shen Ning breathed a sigh of relief, settled down, and thought about leaving, but today she invited him to dinner, and it would be too impolite to leave like this.

"Everyone, don't make a fuss, she is my sister." Jing Chenxi waved to everyone at this time.

The crowd gradually became quiet.

Shen Ningfu sat down again.

"Happy Birthday." It turned out that today is Mommy's birthday. As soon as Shen Ning sat down, Ding Ding ran over without caring about the eccentric Li Zhenting, and blessed her in a baby voice.

"Thank you." Shen Ning looked at her son's immature face, trembling with excitement, she did not expect to spend this birthday with her son.

She looked at Jing Chenxi.

Jing Chenxi's eyes fell on Ding Ding's face, he understood everything, and nodded tacitly to her.

"Can I call you Mommy?" Ding Ding raised his toes and brought his small mouth to Shen Ning's ear, asking softly.

"I can do it now, but I can only yell once, and I can't yell in front of everyone in the future." Shen Ning didn't dare to be too intimate with Tintin, so he answered in a low voice.

"Okay, then I'll call out in a low voice." Ding Ding put his mouth next to Mommy's ear with a smile, "Happy birthday, Mommy."

"Thank you, Ding Ding." Shen Ning kissed Ding Ding's cheek, and Ding Ding also hugged his mother and kissed her.

"I'm going to play there too." Lan Lan looked at the scene of Ding Ding's intimate interaction with Shen Ning, was very envious, and ran over with her feet loose.

"Auntie, I wish you a happy birthday." Children are innocent, Lan Lan ran to Shen Ning and congratulated Shen Ning with a smile.

"Thank you, Lan Lan." Shen Ning immediately thanked her with a smile, and shook her little hand.

"Auntie, Ding Ding likes you very much, and I like you very much." Lan Lan blinked her big eyes and said whatever came to her mind.

"Then thank you Lan Lan and Ding Ding, Auntie likes you too."

Shen Ning looked at the little girl, with exquisite facial features, agile eyes, pampered and noble all over her body. Although her words and deeds were a bit domineering, she was also clever and cute. She smiled,

"In the future, you and Ding Ding should respect each other, get along well, and don't quarrel. You are brothers and sisters, and you should help each other and make progress together, understand?"

She heard from Ke Ke that Lan Lan often bullied Ding Ding.

But she was just a child after all, and she couldn't be blamed for growing up in that environment, so she took this opportunity to teach her.

Lan Lan nodded.

At this moment, all the lights on the dining table went out.

It's time for Shen Ning to make a wish.

Shen Ning closed his eyes and made a wish, blew out the candles, and started cutting the cake.

The cake is too big to finish.

Shen Ning just wanted to cut it up and distribute it to the guests sitting next to him, so that the two little guys, Ding Ding and Lan Lan, could work hard. They helped to deliver the cake to everyone, and every time the adults said, "Thank you, little friend", "You are so good." , their faces were full of smiles, and they were very happy.

This is the first time Ding Ding and Lan Lan have learned to share good things with others. This kind of affirmation and praise from adults makes them particularly motivated.

Li Zhenting sat aside, arms folded, half-closed eyes watching the happy interaction between his son and daughter and Shen Ning, the intimacy naturally surprised him.

What is the charm of this woman, Shen Ning, that she can attract his two sons and daughters so much that they leave their mother behind.

Is she really the best for Ding Ding?

The scene of Shen Ning and Ding Ding talking in Guqi Square that day flashed through Ge Di in his mind, and they were clearly familiar with that scene.

His face changes color.

Could it be that Shen Ning had already taken Tintin's idea and wanted to use him?

Chapter 106 He even wanted to seduce his five-year-old son

"Zhen Ting, it seems that Mr. Jing is really kind to my sister, he should love her very much." Shen Mei looked at Jing Chenxi with deliberate envy.

Jing Chenxi put all his body and mind on Shen Ning throughout the night, busying around her without stopping. When distributing cakes, he also cut the cakes for her, wiped her sweat for a while, and helped her for a while. Take things and take things, and be considerate.

Li Zhenting's eyes were as dark as deep pools, his sword eyebrows were slightly frowned, and he seemed to ask intentionally or unintentionally: "What about your sister, do you love him?"

"I think it should be love, otherwise, I wouldn't go out to dinner with him, or in this kind of place, look, which table is not a pair, it is obvious to come to this kind of place, besides Now, who doesn't love a man as outstanding and rich as Boss Jing?" Shen Mei answered after thinking for a while.

Li Zhenting's face darkened again, and an inexplicable anger rose in his chest.

This woman is really lowly. It's fine to seduce a grown man, but she even wants to seduce his five-year-old son. What kind of heart is she at ease?

Yide Villa parking lot.

"Mr. Jing, thank you for your warm hospitality tonight, and thank you for celebrating my birthday." Jing Chenxi and Shen Ning stood at the exit, and Shen Ning sincerely thanked them.

It was agreed that she would pay the bill tonight, but Jing Chenxi rushed to buy the bill.

Originally, she wanted to insist, but she was so shy, especially the cake and flowers that Jing Chenxi customized for her, it was definitely not a small sum. Currently, she doesn't have the financial strength to pay for it.

"As long as you are happy, everything is worth it." Jing Chenxi smiled.

Shen Ning looked at his watch: "Boss Jing, let's stop here tonight, I'll go first."

She didn't want to stay alone with him for too long, for fear of causing unnecessary trouble. After all, he has a fiancée. She thought that she should try to avoid meeting him in the future. As Li Zhenting said, he is not ordinary A man who often walks with him is prone to gossip, which is not a good thing.

She turned and left.

"Ning Ning." Jing Chenxi drank some red wine tonight, grabbed Shen Ning's hand, and smiled: "Don't leave, I have something for you."

He took out a beautiful jewelry box from his bag and handed it to her, saying:

"This is my birthday present for you, open it and have a look."

Shen Ning was startled when she saw the jewelry box, it must be very valuable, the smile on her face disappeared, she immediately shook her head: "No, Mr. Jing, I can't take it, you've already spent a lot of money tonight, I can't do it again I want your stuff."

She shoved the jewelry box back into his hand and turned away.

I can't stay here anymore, otherwise, it will be easier for him to misunderstand.

"Ning Ning." But as soon as she left, Jing Chenxi took her arm from behind and said sincerely, "Can't you give me a chance? I love you."

Shen Ning was dumbfounded.

"No, Mr. Jing, you drank too much, you are too impulsive, go back quickly, I'm going home to take care of the children." She helped his arm away.

"Ning Ning, I'm not impulsive, I've been waiting for you." Jing Chenxi's eyes were slightly hot, and there was a painful light in them, "After so many years, have you refused to give me a chance?"

Shen Ning pursed her lower lip, and replied earnestly and sincerely: "Mr. Jing, you are the noble and rich Young Master Jing, while I am just an ordinary divorced woman who has given birth to a child. This is unfair to you. I am not worthy of you, and I am not qualified to love you, Miss Jiang Xinyun is the most suitable for you, you should go to her."

Chapter 107 He actually followed him here!

"No, I know who is the best for me. I have never loved her. The woman I love will always be you." Jing Chenxi was very excited,

"Now we are all single, without restraint, this is the opportunity God gave us, Ningning, don't reject me so quickly, think about it, for the rest of my life, I will do everything I can to make you live happily like a queen, Believe me, I have this ability and this confidence."

Shen Ning was stunned.

Such a moving confession from such an excellent man would make any woman excited.

But she couldn't.

"Mr. Jing, it's been so many years. If we could be together, we would have been together a long time ago. It's impossible between us. Please give up." Soon, with a serious face, she resolutely refused, turned and ran out.

Jing Chenxi stared blankly at her back, his eyes full of painful dark light.

Where is he not doing well enough, why is she always unwilling to give her heart to him!
in the dark.

Li Zhenting stood beside his luxury car and looked at the men and women who were chattering over there, with a sinister and cold gleam in his eyes.

After a while, he saw Shen Ning running outside, put out his cigarette butt, turned around and got into the car.

If this woman hadn't come to touch his son, he would have let her go.

The three hundred million, he never thought about asking her to pay it back.

After all, when they divorced six years ago, she was almost naked, and he had always wanted to compensate her. Moreover, the three hundred million had nothing to do with her.

That day, he was only angry with her on purpose, and he didn't know why he wanted to be angry with her.

But now she still wants to touch his son. Today, when Ding Ding saw her, the intimacy made him feel uneasy.

He must find out and see what she wants to do!

After a while, Shen Ning boarded a taxi.

He followed.

Half an hour later, the taxi ahead stopped in front of an apartment building.

He looked up, Zhengsheng Apartment!

For a while, I felt that this apartment looked familiar, as if I had seen it somewhere before.

He was slightly taken aback, Shen Ning had already got out of the car and paid the fare.

He immediately parked the car on the side of the road, got out of the car, and walked towards her.

Shen Ning walked into the apartment, looked up at his own home, it was pitch black, it seemed that the two babies had already fallen asleep.

The corners of her lips curled up slightly, her heart was warm, and she walked home with a light body.

Sudden

There seemed to be footsteps following behind her. She looked back and was shocked.

I saw a figure of a man walking towards her not far away.

And that man, even in her sleep, she can tell the difference with just one glance, that is Li Zhenting!

Not good, why did this man follow him here!

What is he doing here?

For a while, she was sweating all over, and her whole nerves were tense.

But he said that after Li Zhenting entered the community, he looked at the not much greenery in front of him, and remembered it all at once. It turned out that he had indeed been here, the last time, he sent Xiao Xiao home.

She actually lived in the same apartment as Xiao Xiao, which was beyond his expectation.

At the moment when he was dazed, Shen Ning unexpectedly discovered him.

He simply strode towards her.

"What are you doing here?" Shen Ning stared at him vigilantly.

Seeing her nervous appearance, Li Zhenting smiled wickedly: "Of course I followed you."

"Follow me?" Shen Ning sneered, "I have no money or power, but there is nothing that interests you, a rich man."

Chapter 108 Not good, Mommy is in danger!

"Really, Shen Ning."

Li Zhenting took a few steps forward, staring at her, the evil smile on his face slowly receded, and his voice was cold:

"Let me ask you, what is the purpose of your trying so hard to become my son's tutor?"

Purpose?

"You think too much." Shen Ning smiled disdainfully, "I just want to take care of a child. Of course, I'm short of money now and want to make some money. Isn't that okay? Who doesn't know that President Li has a lot of money, The salary is high."

Li Zhenting bent down slightly, and stared coldly into Shen Ning's eyes: "I don't think so, as Jing Chenxi's mistress, how much money do you want? Is it worthwhile to come to me to earn that little money?"

Shen Ning was furious when he heard that, this man spoke too harshly!

"Mr. Li, it seems that you were too cheap for not killing you that day. You can see how dark and wretched your heart is just because you followed a woman in the middle of the night. I'm really curious, how did you earn the capital of the Li Group? , could it be that she also made her fortune by selling money to rich women." She said sarcastically, then turned around and left.

"Shen Ning." Li Zhenting gritted his teeth, stretched out his hand and grabbed her arm and pressed her against a big tree, angrily said: "I advise you not to play those clever things in front of me, I won't Let you harm my son."

"Really." Shen Ning smiled relaxedly, "It's up to you, but as long as there is a profitable job, I will actively fight for it."

The smile on Li Zhenting's face became ferocious.

Shen Ning wrapped his fingers around the hair beside his ears, raised his lips and smiled at him, and looked at him:

"President Li, don't let me earn this money if I have the ability, otherwise, I must earn it. Oh, by the way, your son likes me very much, and I like him very much. You have no right to interfere with us, I still

advise you to stop doing these things of stalking women in the middle of the night, otherwise your son will find out, and it will affect your great image as a father."

"..." Li Zhenting gritted his teeth angrily.

Shen Ning smiled and shrugged.

Li Zhenting clenched his fists.

Just as Shen Ning turned around and left, he pressed her against the big tree trunk again.

But this time, because of too much force, when she raised her hand, she pulled the clothes on her shoulders and arms, and tore off two buttons on her neck. Immediately, the woman's slender neck was exposed...

In the dim moonlit night, the woman's white and slender neck looms, her skin is like snow, her extremely charming facial features, her full lips...

A long-lost heat wave surged up in Li Zhenting's heart, his Adam's apple heaved, and he lowered his head abruptly.

Shen Ning turned pale with shock.

This man seems to need her to commit another murder!

Her fingers fumbled into her pocket.

The downstairs of the apartment.

Ke Ke and Xiao Xiao hid beside the flowerbed, sticking out their two little heads and looking this way.

After the two little ones finished making the cake and had their meal, they stayed at home and waited for Shen Ning to come back.

Today is Mommy's birthday, they want to surprise Mommy, they can't fall asleep.

They turned off the lights, and waited for Mommy on the balcony counting the stars. Finally, they saw Mommy coming in. They were so happy that they ran in and lit the candles on the cake, so that they could sing birthday song when Mommy opened the door. Give her a big surprise.

But after waiting for a long time, they didn't see Mommy coming in. They were very surprised, and then ran to the balcony to have a look. No, Mommy was actually held by a man.

The two little ones are very nervous now.

Mummy is in danger!

Ke Ke immediately took a clothes fork pole, Xiao Xiao also took a wooden stick and followed behind.

Chapter 109 The son beat the son

After the two little ones got out of the elevator, they lurked beside the flower garden and poked their little heads out.

This exploration.

Just happened to see that Li Zhenting pressed his mother against the big tree for some reason, and lowered his head as if he wanted to bite her.

"Hey, no, the bad guys are bullying Mommy."

Xiaoxiao was so angry that she casually picked up a stone in the garden.

Coco rolled her shrewd eyes, and took the stone in Xiaoxiao's hand.

"Xiao Xiao, stay here and don't move, I'll go help Mommy." He pushed Xiao Xiao to the side of the flower bed to hide, and put down the clothes pole.

Through the experience of fighting with Wu Lili last time, he concluded that although the fork pole is easy to hit bad guys, it is easy for adults to hold backhand and hit them back. Therefore, he quietly stepped forward and hid behind a tree, preparing to use his strengths in throwing shot puts, picked up the stone and smashed it hard at Li Zhenting's back.

"Ouch." Li Zhenting was stunned for a moment, his head was hot, and he lowered his head and kissed and bit Shen Ning's lips.

Shen Ning didn't expect such a scene to happen again. For a while, his brain was starved of oxygen, and he was stunned.

It wasn't until Li Zhenting was hit by a stone on the back that he yelled out, which woke her up.

She quickly pushed him hard and ran towards the apartment in a panic.

Ke just ran to the gate, and suddenly remembered that the devil was still behind, and she couldn't let him know about the existence of Ke Ke and Xiao Xiao.

turned around and ran towards another door in an emergency.

Li Zhenting was pushed back several steps and almost fell to the ground.

He steadied himself and touched his back with his fingers.

Just now, a rock should have hit my back, and it still hurts sharply.

Who did it?

He turned around, looked around warily, and lowered his head.

Sure enough, there was a stone lying there under his feet.

He was furious.

Unreasonable, someone dared to sneak attack him.

Is there any king's law here!

He was going to find someone to settle accounts.

But thinking about it, he was the one who sneaked into other people's neighborhood at night, and, just now, he kissed Shen Ning forcibly just now.

Who should I ask to comment!

He had no choice but to admit that he was unlucky, looked at the direction in which Shen Ning was escaping, thought for a while, then turned and walked outside.

Coco hid under the big tree, and when Li Zhenting turned around, his eyes widened in shock.

It's over, Barbie has Q, and he even threw a stone at his daddy!

How can this be good!

Although the scumbag daddy is a bit scumbag, it seems unreasonable for the son to beat the father.

For a while, he scratched his head, not knowing what to do.

Fortunately

Li Zhenting just stopped for a while and then went out.

"Brother." Xiao Xiao whispered over there.

"Here we come." Seeing that Daddy had already walked out of the community, Coco returned reluctantly.

Actually, just now, he almost ran over to call Daddy.

He wanted Daddy to be with him and hold him.

Daddy's hands are so strong, it feels good to hold him.

But he thought of his mother's exhortation, so he could only walk back unhappy.

"Brother, Mommy has gone to the building next door. Come on, let's prepare a surprise for Mommy first." Xiao Xiao took his hand and ran away.

Coco regained his energy soon, no matter what, he has a gentle and beautiful mummy, which is already very good.

"good."

The two little ones ran towards the elevator.

Shen Ning stood in the corridor next door and saw through the window that Li Zhenting had walked out of the community and started the car, she was relieved.

Soon, his car drove away.

Shen Ning leaned against the wall, his face flushed.

She hurriedly buttoned the clothes on her chest, but two buttons had been torn off, so she had to tidy up her clothes before heading home.

"Happy birthday to you, happy birthday to you..." The moment Shen Ning took out the key and opened the door, a birthday song rang out in the dark living room.

She was stunned.

Chapter 110 Ding Ding forced the palace

"Happy birthday, Mommy."

Ke Ke and Xiao Xiao ran towards her, holding her hand one by one.

"Ke Ke, little one." Shen Ning choked up.

"Mum, we made you a birthday cake, hurry up and make a wish." Xiao Xiao raised her head and smiled.

"Mum, we added honey to the birthday cake, it's so sweet." Coco nodded her head and took down the bag for her.

"Thank you, Mommy's sweet baby." Shen Ning bent down to hug the two little ones, and kissed their little cheeks one by one, blaming himself extremely.

If it wasn't for her, they wouldn't have stayed up so late.

She immediately took their little hands and came to the dining table. The candles flickered, like the sun, moon and stars shining in the night sky, dissipating the darkness in front of her eyes, and her heart was warmed.

"Mum, make a wish." Xiaoxiao shouted excitedly, puffing up her hands.

Coco also smiled and shouted: "Mommy, hurry up and make the best wish."

"Okay." Shen Ning sat down at the dining table, clenched his hands into fists and placed them on his chin, slightly closing his eyes.

After a while, she opened her eyes and blew out the candle.

Coco turned on the light.

"Mummy has already made a wish, come, let's eat the cake." Shen Ning started cutting the cake with red eyes.

Because it was too late, the children didn't have much appetite, so they just ate some tokens and went to bed.

This night, Shen Ning hugged the children to sleep, and there were all kinds of strange dreams in the night.

Ding Ding is the one who dreams the most.

He kept calling Mommy in his dreams, breaking her heart.

Next, for three consecutive days, Ding Ding started forcing the palace.

He asked Li Zhenting to invite Shen Ning to come to his home to be his tutor every day.

Of course Li Zhenting would not want to, and pretended to be deaf and dumb every day, ignoring him.

Ding Ding got angry and stopped eating on the third day.

Li Wanqing panicked now, so she paid attention to it.

Today is Saturday.

Li Zhenting went to the company to work overtime early in the morning, and Shen Mei also asked the rich wives to go shopping.

Li Wanqing cooked porridge and breakfast for Ding Ding herself, and went upstairs to wake him up for breakfast.

But even after calling several times, there was no answer.

She was in a hurry.

You must know that in the past few days, his appetite has not been good, nor is he happy, and he has never seen him smile.

"Ding Ding, Ding Ding." After calling several times without answering, she panicked and asked Butler Luo to bring a mechanical key to open the door.

As soon as he opened the door, he saw Ding Ding still sleeping on the bed.

Normally, this little guy would wake up long ago, either playing with his phone or reading comic books, or playing computer programming.

She immediately ran up.

Looking at this, tears almost flew out.

I saw Xiao Ding Ding falling asleep with his eyes closed tightly, his little face flushed.

She put her hand on the child's forehead.

Hot!

"Ding Ding." She yelled suddenly, and shouted to Housekeeper Luo: "Quick, call the family doctor, the child is sick."

Butler Luo hurriedly ran downstairs when he heard this.

"Ding Ding, Ding Ding." Li Wanqing shouted anxiously as she picked up Ding Ding.

Ding Ding opened his eyes and cried out weakly: "Grandma, my head hurts so much."

"My grandson." Li Wanqing burst into tears instantly, "Grandma has already called a doctor, and the pain will stop soon, just bear with it."

She picked up the intercom next to her and asked the servant downstairs to bring an ice pack and put it on Ding Ding's forehead, and then brought hot water to wipe Ding Ding's body.

After a while, the family doctor rushed over.

After some examinations, the doctor confirmed that it was just a cold, and there was nothing serious about it.

He prescribed some medicine, Li Wanqing let Ding Ding take it, and Ding Ding fell asleep after taking the medicine.

Li Wanqing sat next to Ding Ding, wiping her tears, with a sad face.

Since Ding Ding was growing up, she always felt that the child lacked something, but she couldn't tell. Seeing Ding Ding lying weakly, she felt very sad.
