

Troublemakers 1011

Chapter 1011 The baby is amazing

When eating at night.

Li Zhenting sat next to Xiao Xiao, kept holding her various delicious foods, and asking her how she was.

Every time he picks up a dish or snack, as long as the little novel says "don't eat", he will immediately change it to another one, just like serving the little ancestor, it is very precious.

Lan Lan pursed her lips, stared at Xiaoxiao resentfully from time to time, and ate her meal listlessly.

Ding Ding took a few mouthfuls of food and ran to the sofa to play with his mobile phone.

Ke Ke has also developed a lot of bad habits. Although he would eat more, he became picky eaters. Little ones basically don't do homework assigned by kindergarten teachers.

Lai Wanqing looked at this scene, feeling extremely bitter.

"Zhen Ting, I know that you want to take good care of your children and give them the best life out of guilt for Shen Ning, that's all right, but you also have to teach them correctly, you can't be too obvious, After all, there is another Lan Lan, she is also your daughter." After the meal, Li Wanqing went to Li Zhenting's study, earnestly said, "Lan Lan is certainly wrong today, but you can't treat her like that, her eyes are swollen like that, You still have to physically punish her and make her stand, her eyes need rest, if there is a problem with crying, wouldn't it hurt her for the rest of her life?"

Li Zhenting was silent.

"You can keep your love for children in your heart and let them eat well and live a good life, but you still need education. Now that Keke and Ding Ding have changed, and you play with mobile phones all day, you should also take care of many aspects. Necessary You also have to consider Lan Lan's inner feelings, after all, she is only a child." Li Wanqing tried to persuade her lightly.

"Mom, I understand, but Lan Lan's stabbing Xiaoxiao with scissors is too bad. I must discipline him so that no one can hurt Xiaoxiao." Li Zhenting replied persistently.

He was ashamed of Shen Ning, he just wanted to atone for his sins, wanted their children to live better, and gave them more of his love. As for Lan Lan, he had always given her enough love, but she was too pampered Well, today, if she leaves a scar on Xiaoxiao's face, he will feel guilty for the rest of his life and must punish her.

"Hey." Li Wanqing sighed upon hearing this.

I don't know when this kind of day will be the head!

Monday morning.

Linshiyun Technology Group.

Li Zhenting took Fang Xianyun to stand in front of Yun Chaoyu's office.

"Sir, who are you looking for?" The secretary stopped them.

If it was just Fang Xianyun who came, it would be understandable for the secretary to use such an unfamiliar tone.

But now Li Zhenting is here.

In the imperial capital, is there anyone who doesn't know him?

But the secretary's tone was neither humble nor overbearing, and his attitude was indifferent.

Li Zhenting immediately sensed Yun Chaoyu's lofty and aloof character behind the secretary.

However, the more talented a person is, the more eccentric his personality is, he doesn't care.

"I want to find your manager Yun Chaoyu." He was very polite.

"I'm sorry, our Manager Yun is in a meeting and we don't see any guests for the time being." The secretary refused indifferently.

Li Zhenting smiled slightly: "Okay, then we will wait, please go and report that I am coming."

The secretary left calmly.

Li Zhenting took Fang Xianyun and sat down in the reception room, waiting for Yun Chaoyu's arrival with peace of mind.

This wait is a full two hours.

For ordinary people, this time is nothing.

But for the busy Li Zhenting, these two hours were a waste of hundreds of millions of orders.

But he just sat calmly, without a word of complaint.

Chapter 1012 I will only agree to her

"President Li, what do you want me to do?" About half an hour later, Yun Chaoyu slowly walked in from the outside, holding a stack of documents in his hand, his eyes were cold, and his attitude was very serious arrogant.

In front of him, Li Zhenting is the same as everyone else, there is nothing special about him, and he even disdains dealing with people like him.

During this period of time, in the imperial capital, he already knew everything about him and Shen Ning, and he was very disdainful and contemptuous of him!

Li Zhenting immediately stood up and stretched out his hand to him: "Manager Yun, hello."

Ke Yunchaoyu just glanced at the information in his hand, but didn't reach out to shake his hand.

All right!

In foreign countries, it seems that there is no etiquette of shaking hands!

Li Zhenting withdrew his hand generously, smiled and said:

"Manager Yun, it's like this, you should have heard about the chip being stuck in the capital, right?"

"Yeah." Yun Chaoyu said "hmm" lightly, "Give what others want, and if you don't want to give it, it's their right."

"Yes, so, we are developing chips independently, but there are still some technical bottlenecks that have not been broken through, so today I am here to hire you as our company's technical guidance with a high salary. I wonder if I can hire you?" Li Zhenting was very excited. modesty.

"Please don't move." As soon as he finished speaking, Yun Chaoyu refused, "I don't accept any form of employment, and I can't do any technical guidance."

Rao is that Li Zhenting's psychological quality is extremely strong, and at this time he is a bit embarrassed about his face. No matter where he is, anyone who knows his identity will give him some kindness, at least his words will be more tactful, and there has never been such a direct rejection.

Sure enough, this Yun Chaoyu is talented and arrogant, and he is a tough guy.

"Manager Yun, we are also sons and daughters of Huaxia..." He spoke slowly.

But before Li Zhenting finished speaking, he was immediately interrupted by Yun Chaoyu. He shrugged his shoulders with an arrogant face: "President Li, you made a mistake. I have always been a native of the United States, since I was born."

The implication is that he does not agree with the ancestors!

After Li Zhenting was stunned for a moment, a sneer appeared on the corner of his lips.

Sure enough, these banana people have long been assimilated by other races and do not recognize their ancestors.

He suddenly felt disgusted, but in the face of Yun Chaoyu's super confidence, he couldn't hate him.

"Manager Yun, although you were born in the United States, yellow skin and black eyes cannot change your roots. If Manager Yun can develop a chip that changes your appearance and skin color one day, then I sincerely congratulate you."

"Thank you, but everything is possible in the future. High technology will replace everything. In the face of reality, no matter how hard you try, you can't break through the bottleneck, and my technology is better than yours." Yun Chaoyu was arrogant and rude, "In the imperial capital, only There is only one person who is worthy of inviting me, that is Shen Ning, only she, I will agree, others, don't even think about it." After he finished speaking, he turned around and left.

While Li Zhenting was angry, he was also extremely shocked. It turned out that Shen Ning had such a good relationship with him!

It seems that Yun Chaoyu's arrogance is only relative to him.

"Mr. Li, you can see, he is so arrogant, I didn't even see his face when I came to the door several times." Fang Xianyun was very angry.

Li Zhenting smiled lightly: "This only shows that we are not to his liking."

His contempt and disdain for him may be mixed with personal feelings.

In the relationship between him and Shen Ning, he even despises himself, let alone someone like Yun Chaoyu who is so jealous.

He walked out depressed.

"We can only rely on ourselves, continue to recruit talents, and work **** our own." On the way back, Li Zhenting said this.

So far, Fang Xianyun can only accept his fate, but he will never admit defeat, because there is only one step away from success, and he believes that this step will not be too far away.

Chapter 1013 Is Shen Ning pregnant with twins?

At the routine meeting in the afternoon, the manager of the marketing department reported to Li Zhenting that a piece of raw material needed by the Auto Parts Company in Qingshan Town next door was monopolized by a middleman, and the land next to it and another hilltop were also taken over by the middleman. Everyone bought it and completely blocked their way out of the factory.

Originally, Li Zhenting planned to buy all the land next to the factory building and vigorously build the factory building. He had already made an agreement with the village party secretary, but because the time was too tight and he hadn't had time to go through the formalities, he didn't want to be cut off.

He immediately decided to go to Qingshan Town.

In the afternoon, he came home from get off work very early.

"Hey, hey." Before entering the living room, he heard a few heavy sighs.

He was taken aback, isn't this Li Jiaojiao's voice!

Sure enough

When he walked in, he saw Li Jiaojiao sitting listlessly on the sofa and sighing, her whole body was lazy, as if her essence had been sucked out.

"Jiaojiao, what are you doing here?"

"Cousin, have you found your cousin?" Li Jiaojiao finally regained some energy when she saw Li Zhenting, and immediately opened her mouth to ask.

Li Zhenting's face darkened, and he remained silent.

"Cousin, let me tell you, my cousin is definitely pregnant. She is pregnant with your child. If you don't hurry up and find her, you will regret it later." Li Jiaojiao said solemnly.

"How do you know she's pregnant? It's still my child?" Li Zhenting's black eyes flashed, and he immediately asked back.

So, Li Jiaojiao told the story of Shen Ning's hospitalization in the gynecology department.

"At first I believed her words, I only thought she was Gong Han, but later when I went there to find that **** Ji Qingshan, a nurse said that my cousin was pregnant." Li Jiaojiao said while recalling.

Li Zhenting looked at her with serious eyes: "Then why didn't you tell me?"

"Tell you?" Li Jiaojiao sneered: "Cousin, you divorced your cousin at that time, and you were so fascinated by Xiaofeng. Let me tell you, so that Xiaofeng can come and harm your cousin?"

She remembered what Ji Qingshan didn't let her tell anyone at that time, she is also a smart person, of course she knew his intentions.

Li Zhenting immediately looked like an eggplant beaten by frost, his whole body was wilted, and the expression on his face was painful.

That woman Xiaofeng is so vicious that she tried to kill his child over and over again. She deserves death!

That day, on the cruise ship, when Xiao Feng was killed by Renes and Li Xuexi, he had heard the news. Originally, he could have followed her to save her life, but such a vicious and greedy woman had committed her own crimes and could not live. What to save!

"Hey, my cousin is so pitiful. When she was pregnant for the first time, she had a baby with three treasures, but she was pushed into the sea. She almost killed half of her life. This time, she had a baby with two babies, and she was killed again It's so pitiful for a woman like this, my poor cousin." Li Jiaojiao said miserably, and began to cry as she spoke, wiping her tears with a tissue, while sneaking a glance at Li Zhenting.

The muscles on Li Zhenting's face twisted, excruciating pain.

Sudden

He grabbed Li Jiaojiao's arm, almost lifted her up, and asked, "What did you say? Shen Ning is pregnant with twins?"

"Oh, cousin, let go, it hurts so much." Li Jiaojiao broke his wrist with one hand and rolled her eyes at him.

"Quickly tell me, is Shen Ning pregnant with twins?"

"Yes."

"How did you know?"

"What the nurse said, can it be false?"

"Ah, that's great." Li Zhenting's dark eyeballs shone brightly.

He has two more children, Shen Ning's belly is really good at giving birth.

"Hey, what are you happy about?" Li Jiaojiao shook off his arm and taunted, "Cousin, cousin will never forgive you. Now you should think about how to find her and get her forgiveness."

The words made Li Zhenting quickly sluggish again.

He put his head in his hands, in great pain.

Chapter 1014 He is suffocating

Li Jiaojiao looked at him coldly.

Actually, the most fundamental reason why she was so listless was that with Shen Ning's disappearance, Ji Qingshan also completely disappeared.

During this time, when Li Zhenting was looking for Shen Ning everywhere, she was not idle, and she was also looking for Ji Qingshan everywhere.

But Ji Qingshan also seemed to have evaporated, and he didn't know where he went!

This makes the little girl who has just fallen in love and is in love feel restless as if she has lost her beloved treasure.

After learning from the pain, she felt that she still had to start with Shen Ning, maybe when she found Shen Ning, she would be able to find Ji Qingshan.

After all, Shen Ning is pregnant, still with twins, and her physical condition is not very good.

Ji Qingshan knows her best. He is a doctor. In order to protect her, he took her with him, or disappeared with her.

So

She came to find Li Zhenting!

"Cousin, cheer up, I hope you can learn from this lesson and treat your cousin well in the future. What a woman she is, you always hurt her heart, and you are not by her side when she needs care the most. I should really review myself." Seeing Li Zhenting like this, Li Jiaojiao patted him on the shoulder, comforting him.

Li Zhenting lowered his head, blaming himself in pain.

In the evening, Li Zhenting took the four little ones and Li Jiaojiao out for dinner.

Didu Hotel restaurant.

Li Zhenting was holding Xiao Xiao, Ke Ke and Ding Ding each holding a mobile phone, and Lan Lan's chubby body was walking closely next to Ke Ke.

Li Jiaojiao held Lan Lan's hand.

A group of six people came to the most luxurious box of the Imperial Capital Hotel.

Li Jiaojiao hasn't had a good meal for a long time, this time Li Zhenting treats guests, and it's her favorite hotel again, as soon as she came in with the menu, she started to order her favorite food.

Coco and Ding Ding sit down and play games.

Lan Lan was next to Ke Ke, and leaned over to watch them play.

Li Zhenting hugged Xiao Xiaoqing and put him on the chair. When he looked up, the three little guys didn't recognize him as their daddy after playing games.

"Coco, Ding Ding, don't play with your phone, eat well." He ordered angrily.

Coco and Tintin don't care about him.

Since Mommy disappeared, the prestige of this daddy has dropped to zero in their hearts.

"Did you hear that?" Li Zhenting raised his tone with a straight face.

Coco and Ding Ding both raised their eyes to look at him: "Daddy, if we don't play with our mobile phones, we will miss Mommy, and you can't get Mommy back. How can you let our motherless children live."

"..." The words made Li Zhenting speechless.

Xiao Xiao was sitting dully, she and Lan Lan didn't fight any more, but the hostility between the two became more obvious, they were like enemies when they met, they were either staring at each other, or they were tense, and they didn't look at each other glance.

"Xiaoxiao, what do you want to eat?" Li Zhenting sat down next to Xiaoxiao and asked kindly and caringly.

Xiao Xiao sat bored for a long time before he ignored him: "Just whatever you want."

Li Zhenting touched her head helplessly. The door of the box was not closed yet. When he was about to close it, there were footsteps outside. He turned his head, and suddenly, his heart beat violently.

In the corridor outside, a woman in a white maternity dress was slowly walking past. She was about the same height and fat as Shen Ning.

Especially when she is wearing a ponytail, she has a very similar profile.

He took a breath, his eyes lit up, and he strode outside immediately.

In the hallway.

The young woman stopped at the door of a private room. When Li Zhenting rushed out, she saw her thin back, fair skin, one hand on her stomach, and her expression was very similar.

He was excited and was about to step forward.

At this time.

The door of the box opened, and a young man came out, looked at her dotingly, held her hand, and wanted to take her in.

Chapter 1015 Are you peeking at other women again?

"Wait." Li Zhenting shouted.

The woman turned around in surprise when she heard the voice.

Li Zhenting's footsteps stopped.

obviously

She is not Shen Ning, but she looks a little like her back, and her facial features are not at all like Shen Ning.

"It's okay." He stood awkwardly and shook his head.

That woman is fine, she doesn't think that the man in front of her, who is full of extravagance and good looks, will call her that.

Because, she didn't know such a man at all.

She was led in by the man.

Li Zhenting stood in a daze.

His Ningning is also pregnant with twins. They should be around the same age.

This woman is loved by a man, but where is his Ningning? How is she doing now? He wanted to find her and give her the ultimate love and care!

His eye circles are red, and his nose is pantothenic.

She was pregnant with Ke Ke, Ding Ding and Xiao Xiao, he was not by her side, and did not take care of her at all. Now, she is pregnant with twins, but still can't find her, how embarrassing he is!

Ningning, where are you!

Please come back and let me take care of you please?

He shouted in his heart, his face full of sadness.

After a while, he bowed his head and turned around.

Behind him, Xiao Xiao was staring at him with **** eyes.

The little girl's eyes and nose are exactly the same as Shen Ning's, especially clear and energetic.

"Little." He called out emotionally, bent down and hugged the little guy into his arms.

"Hmph." Xiaoxiao suddenly grabbed his ear, and asked dissatisfied: "Daddy, are you peeking at other women again?"

"..." Li Zhenting was speechless.

It turned out that Xiaoxiao was always paying attention to Li Zhenting. She wanted to protect Daddy for Mummy and never let him be seduced by other women. Therefore, when Li Zhenting suddenly ran out, she immediately noticed and saw the scene in the corridor. The woman immediately followed.

Sure enough

Daddy was peeking at other women again.

"Daddy, I warn you, you will never look at any other woman except me and Mommy, otherwise, I won't recognize you." Xiaoxiao pulled his ears and raised his face. Looking at her, his face was full of displeasure.

Li Zhenting wanted to cry, but he had become a pervert and a rascal in his daughter's mind.

But who can blame this!

"Okay, Xiao Xiao, Daddy promises you that I will never look at any woman except you and your mommy in the future, okay?" He didn't know how to explain, but he just hugged her gently into his arms. Here, I solemnly promise.

"Then you swear."

"I swear that in this life I will only look at Xiaoxiao and Little Mommy, and will not look at other women. If there is any violation, I am willing to accept any punishment." Li Zhenting swore decisively.

Xiaoxiao then smiled in satisfaction, put her arms around his neck, and sweetly called 'Daddy'.

Li Zhenting was very happy, holding Xiao Xiao tightly.

"Xiao Xiao, do you think that woman's back looks like your mommy just now?" After a while, he lowered his head and asked softly.

"Of course not. I think you're just trying to peek at the woman as an excuse." Xiao Xiao immediately denied it. The woman didn't look like that, she still had a big belly. Mommy didn't look like her at all, and she was unhappy again. .

certainly.

Xiaoxiao didn't know that her mommy was pregnant again, what's more, in her eyes, all the women that Daddy could peek at were vixens, and she didn't even want to take a look.

Hearing his daughter's denial so affirmatively, Li Zhenting also felt that he missed Shen Ning too much.

"Well, just now Daddy just came out to see her because she thought her back looked like your mommy, I'm sorry, I won't do it again." He kissed her little forehead tenderly, and carried her back to the box.

Chapter 1016 Great suspicion

After dinner, Li Zhenting sent the children back to Li's Castle.

He personally bathed the children, sent them to bed, and told them stories... In short, how Shen Ning took care of them before, he did it one by one, and even did it more carefully and took care of them more carefully.

He wants to give the children the best care and minimize the harm caused to the children due to Shen Ning's disappearance.

He didn't want to wrong them at all, because he was worried that Shen Ning would be sad if they were wronged. He didn't want Shen Ning to be sad and painful at all, and he loved their children even more.

After finishing all this work, he will go to the study to work overtime.

Tonight, after sending Xiao Xiao to sleep in the princess room as usual, he walked towards the study, and stopped when he passed the guest room.

After a while, he opened the guest room door and walked in.

Since they remarried and he was controlled by Xiaofeng, he rarely went home.

The heartbroken Shen Ning has been sleeping in this room.

The room is as clean and tidy as ever.

He looked around and opened the wardrobe door.

Sudden

Sorrow and longing permeated every cell of him.

There are still a few clothes hanging in the closet, which were once worn by Shen Ning.

In just a few months, everything has changed!

"Ning Ning." He stroked his clothes with trembling fingers, weeping uncontrollably.

Finally, he held her clothes in both hands and sat down on the bed.

There seemed to be a faint scent of her body on the bed.

He lay down, put the clothes on his chest, covered the quilt, and closed his eyes.

The faint fragrance on the quilt was inhaled into the nostrils, and the nerves that had been tense were finally relaxed.

He fell asleep just like that.

the next day.

In the meeting room of the Li Group.

Li Zhenting in a suit and leather shoes hurried in cold-blooded just after the meeting.

"President Li, Zhu Qixiong's whereabouts have been erratic during this period, very strange, he often drives to neighboring counties, Hua County, Fan County, Qingshan, and even places as remote as Nancheng, and rarely stays in the imperial capital. "Leng Xue whispered.

Li Zhenting's phoenix eyes under his bushy eyebrows shone with a sharp and cold light, and he asked in a deep voice, "Does Zhu Qixiong have real estate and companies in these places?"

"Through investigation, apart from a villa in Hua County, there is no other place."

"Does he go to these places by himself every time?"

"Yes."

"Can't be tracked by others?"

"Not currently, sometimes he disappears for several days, and suddenly returns to the imperial capital. However, recently, he seems to have become better, and he doesn't get dirty with women and doesn't hang out in nightclubs anymore."

Li Zhenting's lips pursed into a mocking smile.

Young Master Zhu, who has always been known as a ***** and a romantic talent, doesn't even detain women, and doesn't go to romantic places, isn't it abnormal?

After Shen Ning's disappearance, after repeated thinking and analysis, he decided that Shen Ning was a woman who was pregnant and even needed to protect her baby. She would not go far. In the imperial capital, she had almost no relatives except Marley and Aunt Dong. Therefore, the person who can help her disappear so quickly is probably Zhu Qixiong.

After all, Zhu Qixiong has been in the upper class for a long time, and has a lot of connections, so it is easy to help her.

Moreover, he also heard that Shen Ning, as Zhu Qixiong's girlfriend, went to meet the elders of Zhu's family on the night of New Year's Eve.

Zhu Qixiong is definitely suspected.

Sure enough, he still has problems through focused tracking, and the problems are not small.

"Okay, I see." After Li Zhenting answered, Leng Xue left. After he explained the company's affairs, he drove to Qingshan Town in person.

Chapter 1017 Will definitely take good care of you

Qingshan Town, as the name suggests, is also called Qingshan. There are green hills stretching for tens of kilometers, one after another. The imperial capital is really unable to develop its economy, and it is still in a remote area.

In recent years, many enterprises in the Imperial City have chosen to build factories here, and it has become the rear of some enterprises in the Imperial City.

"Mr. Li, look, this land and the nearby hills have been taken away by people. They will build a factory here, and we will have no way out. I don't know which wicked ghost wants to do this." Li Zhenting When he came to the factory, the supervisor Qiu Dahai took him to the factory to report the situation to the foreign exchange, pouring bitter water.

"Why didn't you notify me in advance?" Li Zhenting frowned.

"The other party did it too secretly, and signed the contract without knowing it. By the time we know the news, it will be too late." Qiu Dahai's face was full of sadness.

"Where is the village party secretary now?" Li Zhenting asked coldly.

"I saw him wandering here a few days ago, but he has disappeared in the past two days."

"I see." Li Zhenting said lightly, and walked out.

Furong Hotel in the town.

"Xiaomi, drink it. After drinking this cup, we will go upstairs to rest." Secretary Ou Zhi smiled and touched the face of the widow Xiaomi.

"Secretary, our family's private land will not be confiscated by the village."

"Don't worry, it won't happen, I will do everything."

"Yeah, I hate it."

...

After a while, Ou Zhishu, who was full of food and drink, walked upstairs to the suite with Widow Zhang in his arms.

ten minutes later.

Li Zhenting kicked open the door.

"Ah." The men and women who had just undressed on the bed were shocked, and the woman shrank into a ball, her face full of panic.

The man also sat up quickly, covered his lower body with the quilt, and looked at Li Zhenting in a panic.

Li Zhenting walked in calmly.

"Secretary Ouzhi, I'm sorry to interrupt your good business."

"Li, Li, President Li." Secretary Ouzhi stuttered, dumbfounded.

"Secretary Ouzhi, today I'm here to talk to you about the land and the contracting of the mountain. It was agreed last time, and now we can sign the contract." Li Zhenting shook his phone with his fingers, and there were him and Widow Zhang inside. As for the undressed photo, he smiled as if he didn't know anything.

"..." Ou Zhishu's face turned pale and he was speechless.

"What? Secretary Ou forgot?" Li Zhenting raised his eyebrows, "Do you still want me to say hello to Director Liu?"

"No, no, I haven't forgotten, it's ok, can we talk about it tomorrow? Sign the contract immediately tomorrow." Secretary Ouzhi smiled flatteringly.

"OK, fine." Li Zhenting snapped his fingers, with a smile on his lips, "Then I won't delay your good work, remember to come to me tomorrow."

"well."

Li Zhenting walked out, and as soon as he reached the door, he suddenly turned around and said, "Secretary Ouzhi, I am impatient. If you don't come to me to sign the contract tomorrow, then I have to go to Bureau Liu. I believe Director Liu will take good care of you when he knows about this situation."

After speaking, he strode away.

Big drops of sweat flowed down Ou Zhishu's forehead.

He collapsed on the bed.

"Mr. Li, I found out. The land and the mountain were bought by Young Master Zhu of the Zhu Group. It seems that they are targeting our Li Group." As soon as Li Zhenting walked out, Qiu Dahai rushed over to report, "I have a buddy in the Zhu Group, he told me."

Chapter 1018 A pure white figure

"Understood." Li Zhenting said lightly, and continued to walk outside.

The man's black pupils were shining brightly, and there was a disdainful sneer on the corner of his lips.

Zhu's Group mainly produces automobiles, and has been firmly in the upper hand for the past few years. However, since the launch of new energy vehicles last year, Li Zhenting knew that the country focused on supporting this, so he adjusted his strategic direction. As a result, only one year later, Li's The group's car sales have steadily surpassed that of Zhu's Group.

It seems that they are in a hurry. After all, the market space has been squeezed by others, and Ming can't fight but play such crooked ideas.

"President Li, do you think we should take countermeasures or negotiate with the Zhu family?" Qiu Dahai was very anxious.

Li Zhenting just said lightly: "Don't worry, they can't take away the land and the hills. You should make preparations and sign the contract tomorrow."

"Ah." Qiu Dahai's eyes widened in shock, Mr. Li is not talking nonsense, the Zhu Group has already signed a contract with Ou Zhishu, how can it sign a contract with them.

But Li Zhenting has gone far.

The spring in Qingshan Town is very beautiful.

It was raining continuously, and the branches on both sides of the street bloomed beautiful, white and bright flowers, which looked extraordinarily beautiful and delicate against the backdrop of green leaves.

By the lake, there are willows and ducks playing in the green lake.

Several children are playing carefree on the side of the road.

A pregnant woman sat by the lake embankment and vomited, her face flushed from vomiting. Beside her, a man gently wiped her lips with a tissue, fed her water, and held her in his arms.

Li Zhenting stared blankly, and suddenly felt a sharp pain in the apex of his heart.

His Ning Ning was also pregnant and had severe vomiting, but he never accompanied her even once, not even giving her the most basic care.

What about a successful career? What's the point of living when you lose the love of your life?

He stood by the lakeside, his hair was wet by the drizzle, and he didn't even notice it. He didn't walk forward until his feet were numb.

He walked along the lakeside, and before he knew it, he walked almost a full circle around the lakeside.

Finally stopped by a pier and stood leaning against the railing.

A boat is parked by the pier, and someone is walking on board.

"The boarding is speeding up, this is the last boat." The captain shouted loudly.

It turns out that there is a river between the flat land of this mountain and the mountain village over there, and they usually use boats to ferry across the river to communicate with each other.

People ran towards the boat one after another.

Li Zhenting looked at all this aimlessly.

Soon, the ship was full of people.

His eyes fell habitually on the crowd.

Ge Di

A pure white figure fell into his eyes.

Li Zhenting breathed hard, his entire back was tense, his eyes fixed on the figure.

She is a pregnant woman, with a white skirt, her belly is slightly shy, she is leaning on the side of the boat, her back is thin, her neck is slender, and her ponytail is tied...

"Ningning, Ningning." Li Zhenting suddenly ran towards the ship like crazy, "Wait for me, wait, don't set sail."

He ran and shouted.

But at this time the boat has already started.

"Don't drive away, I want to get on the boat." Li Zhenting shouted desperately, beckoning to the boat.

But the ship has already started, and it is impossible to stop.

"Ning Ning, Ning Ning." Li Zhenting became anxious, roaring hoarsely, accidentally stepped on a stone, and fell forward with his whole body.

"Boater, stop the boat, I want to get on board." But he ignored the pain, got up and still yelled loudly.

Chapter 1019 It must be her!

"Young man, the boat has already set sail, and it won't stop because of you. Come back tomorrow, and it will open at six o'clock tomorrow morning." At this time, an older man came over and said to him.

In desperation, Li Zhenting could only watch the boat drive towards the center of the lake.

"Ning Ning, Ning Ning."

After he murmured a few times, he realized something, and his eyes suddenly searched for the figure on the boat.

But this time no matter how he looked, he couldn't see the white figure anymore.

Is it an illusion again?

No, not possible!

He was sure that he really saw Shen Ning this time, the woman in the white maternity dress must be Shen Ning.

It is absolutely impossible for him to read wrong.

"Ning Ning." He shouted heartbreakingly again.

But the figure on the boat is getting smaller and smaller.

"Stop yelling, it's useless." The middle-aged man shook his head and returned to his booth.

Li Zhenting looked up at his sweaty face and asked, "Uncle, may I ask if a woman in a white maternity dress got on the boat just now, and she went from this pier, right?"

The man thought for a while, and said: "It is true, but I don't know if it is the person you are looking for. There are pregnant women going to the opposite side here every day. There are several pregnant women in this street alone."

"Oh." Li Zhenting did not give up, and asked again, "Then uncle, how many villages are there on the opposite side?"

"The situation on the other side is similar to this side, but the mountain roads on the other side are more rugged and the roads are more complicated. It's really not easy to find someone, unless you know her and know where she lives."

"Thank you." Li Zhenting stood up in a daze.

"Young man, if you really want to find someone across the street tomorrow and you are not familiar with the situation, I can introduce you to someone who is very familiar with the other side." At this time the old man spoke again.

"Okay, okay, thank you." Li Zhenting's eyes lit up, and he immediately agreed.

The man made a phone call right away, and after negotiation, Li Zhenting gave the man five hundred yuan and asked him to take him to the opposite side to find Shen Ning.

Then, he asked for the man's phone number and made an appointment, and then Li Zhenting walked away step by step.

While walking, he repeatedly played back the picture he just saw in his mind.

Ning Ning, it must be her, she was on the boat just now!

Obviously, she had already boarded the boat, so she was not found.

His eyesight has always been very good. This time, he absolutely believed that he saw the right person.

He walked quickly towards the embankment, found the highest position, and took out the magnifying glass of his mobile phone to look at the ship.

As long as you can see Shen Ning getting off the boat and confirm where she is, it means that she must live in the opposite village.

In this way, he can find her tomorrow.

But at this time, it was drizzling and the lake was covered with mist and mist. It was hard to see the people disembarking on the opposite side.

He sat dejectedly on the wet stone chair, completely dejected.

After a while, he raised his head again, joy welling up in his heart.

It turns out that I don't know where she is, and I don't know where she is. Now that I see her, isn't that a good thing!

Tomorrow, he will find her even if he turns the whole village over.

Thinking of this, he regained his energy and found a hotel closest to the lake to live in. In order not to miss something, he directly bought a surveillance video and aimed it at the pier.

In this way, as soon as Shen Ning appears, he can see her.

This night, he seemed to be asleep, but after he fell asleep, he kept having nightmares, always dreaming that Shen Ning was vomiting, complaining of stomach pain, and crying to him from time to time, that his heart was broken!

Early the next morning, just after dawn, Li Zhenting ran to the pier and stood guard there, waiting for the man, ready to take a boat to the opposite village to find her.

Chapter 1020: Always think a miracle will happen

In the early morning, the genius is bright, the enchanting clouds and mists permeate the air, the emerald green bamboos are attached with water droplets, and the mountains are fresh and quiet.

Li Zhenting and this middle-aged man named Dashan boarded the first ship and came to the opposite side of the mountain.

"Mr. Li, don't worry, I grew up here and moved to the opposite village to live. I know everything about this place, no matter where it is, I know exactly who you are looking for. , unless this person doesn't live here." Da Shan was good at chatting, and kept boasting about Haikou along the way.

Li Zhenting was taciturn. When he got to the other side, all he saw were mountains one after another, and there were very few scattered villages.

If the economy of the village across the lake is underdeveloped, then this side is simply backward.

He frowned.

Shen Ning is pregnant, can she live in this kind of place for so long? Then how did she live? Thinking of this, the apex of her heart ached densely.

"Well, you go to rent a car, and I will pay for it. We asked as we walked, focusing on pregnant women, around twenty-four or five years old." After a while, Li Zhenting scouted the terrain and said to Dashan.

"Okay." Dashan agreed, and walked towards a house in the distance.

Soon, he rented a semi-old car.

"Mr. Li, I have checked, and there are no pregnant women in the nearby houses. We have to go inside."

"Well, let's go."

The car drove towards the mountains.

However, to Li Zhenting's disappointment, he and Da Shan drove around every corner of the village but did not find Shen Ning.

He asked several families and they said that there are no pregnant women in their 24s and 50s. Even if there are pregnant women, they are from nearby villagers with names and surnames, and everyone knows them.

Finally, Li Zhenting asked them if any pregnant women moved here in recent months, and everyone shook their heads unanimously.

When it was getting dark, they still had nothing.

Li Zhenting's face was exhausted and listless.

"President Li, the person you are looking for is probably not here." Da Shan was confident, "I have been to every place where people live in the whole villa. She's not here at all."

"But I saw her on the ship last night." Li Zhenting was not reconciled, last night he was sure that his eyes were right.

"Is it possible that you are delusional? After all, we are so far away." Dashan thinks it is impossible. He grew up in this place, and he knows exactly which houses, households, and people are there, let alone Such a pregnant woman has appeared out of thin air, and they have been looking for it for a whole day, but to no avail.

"Are you sure you've searched all the places?" Li Zhenting asked in disbelief as he looked around the rolling mountains.

"Yes, as long as it is in the village, I have definitely searched, and there are no pregnant women." Dashan is sure.

Li Zhenting frowned and fell silent.

"Then let's go." After a while, he had to prepare to withdraw.

"Oh, it's past the last shift at this time, and I can't go to the opposite side today, what should I do?" Da Shan suddenly slapped his thigh, "I forgot about it."

"Then let's stay overnight, is there a homestay here?" Li Zhenting's face didn't change when he heard that, it was indifferent.

In his heart, there is always a kind of anticipation, as if there is a special relationship with him here, he is willing to stay for one night, always feeling that a miracle will happen.

"Because it's too remote and there are too many mountains. Usually, few people come here, and they don't know how to open a homestay. However, there is an elementary school nearby, and there are a few rooms where you can temporarily stay overnight." Dashan replied after thinking for a while, "The principal is a relative of my family. If you don't mind, we can go and stay for one night."

"Can."

"Then let's go there."
