

## Troublemakers 1031

### Chapter 1031: she is much cleaner than you

"Putting Zhu's family to death?" Zhu Qixiong raised his eyebrows: "What does this have to do with me? Li Zhenting and Shen Ning divorced a long time ago, and Li Zhenting forced Shen Ning to leave. Does the law stipulate that after divorce, you can't find a partner? What is there to be afraid of? I think you should ask your good son to see why the Zhu Group was suppressed by Li Zhenting, these have nothing to do with me. "

"Qidong, do you really think so?"

"Of course." Zhu Qixiong was serious, "As for women's matters, Li Zhenting will come to me in person, and I don't want to care about anything else."

"But Qixiong, now Shen Ning is pregnant again, she is pregnant with Li Zhenting's child."

"So what? Does this have anything to do with the Zhu Group?" Zhu Qixiong sneered, "Dad, to put it bluntly, what you care about is the interests of the Zhu Group, and I didn't do anything shameful. I'm not afraid." He sneered, turned around and walked away, saying as he walked:

"You should take care of how your beloved son behaves and how to do business. You don't have to worry about my affairs, and you can't control it either."

"Qixiong." Zhu Dongjin was angry, "While that woman Shen Ning was dating you, she was also pregnant with her ex-husband. Such a woman is not good enough for you. You stay with her." , will only harm you, I am also concerned about you."

Zhu Qixiong was furious: "Xu Xiangzhi said this to you, I warn you, don't insult Shen Ning, our family has nothing to do with her, don't get her involved, she is much cleaner than you, you don't have any Don't deserve to talk about her."

"You..." Zhu Dongjin's anger gushed up like a spring, his eyes turned black, he pointed at him and shouted angrily, "You bastard, come here, lock him up for me."

Immediately, four or five strong Baobiao blocked Zhu Qixiong's way out.

He gave a disdainful sneer, stretched out his hands, and followed them to a dark basement.

Li Group.

Li Zhenting sat at his desk, staring at the headband in his hand in a daze.

Ning Ning, you obviously saw me, and you must know that I am looking for you, but you don't know me opposite!

You are hating me, sorry!

"Mr. Li." When he was in pain, a cold-blooded call came in, and Rin reported over there, "Zhu Qixiong appeared, and he went back to the Zhu family. Just now Zhu Dongjin called me, and he begged us to let

go. I passed the Zhu Group, and said that Zhu Qixiong had been detained, and promised that he would never pester the young mistress again, and begged us adults to let them go."

Li Zhenting's eyes narrowed, and a sneer appeared on the corners of his lips. He was such a coward. They were afraid at the beginning. If they knew this before, why bother.

"Tell him, let them \*\*\*\* Zhu Qixiong over." He ordered and hung up the phone.

An hour later, Zhu Dongjin personally escorted Zhu Qixiong over.

"Take them to the conference room." Standing under the glass window, Li Zhenting looked at Zhu Qixiong who was tied up, with a sneer on his lips.

Shen Ning, is this the man you love? It turns out he was just a coward! See what good you have with him!

He turned and walked slowly towards the meeting room.

"President Li." In front of the meeting room, Zhu Dongjin smiled flatteringly.

Li Zhenting didn't even look at him, but just walked in.

"You two go out." Li Zhenting glanced at the two Baobiao standing inside, and ordered lightly.

The two Baobiao responded and immediately walked out and closed the door.

Li Zhenting glanced at Zhu Qixiong, and approached him, but his face quickly darkened.

I see

Zhu Qixiong was reclining on the single sofa, snoring like thunder, and the corners of his lips were drooling.

Dare he fell asleep.

### **Chapter 1032: Where did you hide Shen Ning?**

"..." Li Zhenting's handsome sword eyebrows twitched into a ball, and his voice was piercing: "Zhu Qixiong."

After calling twice, Zhu Qixiong opened his eyes.

"Yeah, where is this?"

He wanted to stretch, but found that his hands were tied.

"Zhu Qixiong, you are so pathetic." Li Zhenting looked at the man's body \*\*\*\* with ropes, and sneered. Being \*\*\*\* by his biological father must not feel good.

"Hey." Zhu Qixiong smiled playfully, "President Li, is it you or me that you are looking for women in this way?"

Li Zhenting's face darkened, and a sinister and cold light shone in his eyes.

"Hey, I just said that my dad never looked for me. Why did he look for me today? It turned out to be your masterpiece. In other words, if you want to see me, you can see me. Why did you tie me here? It's so unfair. Ah, if Shen Ning knew about it, she wouldn't despise you so much." Zhu Qixiong had a smirk on his lips, "I've never seen someone win love in this way, if I knew it earlier, why did I do it in the first place? How you treated Shen Ning back then, she treats you now is no different, but you use such a despicable method, I really despise you."

Li Zhenting's eyes were cold, and he shouted in a deep voice: "Zhu Qixiong, please give me a sloppy eye, let me ask you, where did you hide Shen Ning?"

"Hiding?" Zhu Qixiong was cynical, "She is a big living person, how can I hide? Do you think I am as despicable as you, and tie people up with a rope?"

"Zhu Qixiong, the villa built at the foot of Qingshan Village is yours, right?"

"Yes." Zhu Qixiong confessed, "The procedures are complete and there is nothing illegal. What's wrong? Is there a problem?"

The corners of Li Zhenting's lips twitched, and his eyes were fixed on him: "Zhu Qixiong, before this, Shen Ning had been living in your villa, and you went with her to support the students in the school, and it was your help that she escaped." ,Right?"

Zhu Qixiong yawned lazily, neither answering nor denying.

"Zhu Qixiong, you knew that I was looking for her everywhere, and you hid her, what is your intention?" Li Zhenting was almost angry.

Zhu Qixiong sneered: "Li Zhenting, you are so \*\*\*\* funny, Shen Ning is alone, what is the relationship between her and you now? She is nothing, what are you and me? Friends are not even good friends, why should I tell you These? You think that if you are rich and powerful, everyone has to obey you and be your slave, ah bah, tell you, it is illegal for you to tie me up like this, I will call the police and arrest you. "

Li Zhenting has already been irritated: "Okay, then you should call the police and find out who is injured. Zhu Qixiong, tell you, if you don't reveal Shen Ning's whereabouts today, you will never leave here."

"Really, then I just need to have a good sleep. I've been short of sleep these days." Zhu Qixiong yawned again and was about to sleep again.

"Zhu Qixiong, don't you know that Shen Ning is pregnant with my twin children? How can you let her be displaced like this?" Li Zhenting almost went crazy.

Zhu Qixiong's squinted eyes opened, and a cold light burst out: "Li Zhenting, why did Shen Ning run away from you? Don't you have any clues in your heart? At the beginning, she was pregnant by your side, but she passed. What day is it? The child in her stomach was almost killed by that vicious woman several times. If it wasn't for my help, she would have died. What did you give her? What face do you have to say this? You Have you ever cherished her? Now, you still say that, I really don't know how you have such a thick skin, it's disgusting!"

An expression of guilt and pain flashed across Li Zhenting's gloomy face, and his raised head finally lowered.

### **Chapter 1033: The key is Shen Ning's heart**

"Li Zhenting, if I were you, I wouldn't have the face to find her. You will only make her feel more disgusted when she finds out about it in this way. Love has never been obtained in this way. If you really regret it and want to chase her, then you should think about what kind of sincerity to move her, instead of doing these shameful behaviors, how much you did too much at the beginning, and how much counterattack you have to bear now, this is the truth." Zhu Qixiong continued to be ruthless lash out.

Li Zhenting turned and walked out dejectedly.

Zhu Qixiong stared at his back and sneered.

"President Li." Zhu Dongjin was guarding the door anxiously, and as soon as he came out, he immediately greeted him with a smiling face.

Li Zhenting's face was as black as a pot, and he didn't even look at him.

"Mr. Li, did Qixiong offend you? Don't worry, I will deal with him in due time." Zhu Dongjin, who is good at observing words and expressions, immediately saw from Li Zhenting's expression that his son must not be as he wanted, and immediately became considerate. Patting his \*\*\*\* thoughtfully.

Li Zhenting turned his head back, with a gloomy face: "Uncle Zhu, I hope that the Zhu Group will be open and upright in the future, and don't play tricks behind the scenes. If you want to make money and grow, you should fight for it openly. This is just this one time, and it will not be an example."

After he finished speaking, he strode towards the president's office.

Zhu Dongjin was baffled. However, although Li Zhenting's tone was admonishing him, it was also a lot gentler. He should not suppress Zhu's enterprise anymore.

Sure enough, not long after, he received a call from Zhu Qiming, who said that the Li Group's funds had been withdrawn and there would be no further suppression.

He breathed a sigh of relief, and left with the two Baobiao, leaving behind Zhu Qixiong.

As soon as Li Zhenting entered the president's office, he fell on the sofa, pressed his temples with both hands, and closed his eyes in pain.

'Zhu Qixiong, aren't you afraid that the Zhu Group will go bankrupt? '

'If Zhu's Group went bankrupt because Li Zhenting couldn't find his ex-wife and blamed him for suppressing it, then you, Li Zhenting, will become a joke in the business world of the imperial capital. '

'If you don't hand over Shen Ning, I will make it impossible for you to stay in the imperial capital. '

'Is it you who set the laws of the imperial capital? I neither steal nor rob, can you drive me away for no reason?' Zhu Qixiong snorted.

'Shen Ning is pregnant with my child, are you willing to wear a cuckold? Raise my child for me? '

'If Shen Ning chooses to follow me, who is cuckolding? What are you afraid of raising one more child, when your child calls me dad, how wonderful, a winner in life. '

'Zhu Qixiong, the person Shen Ning loves will always be me, she doesn't love you, what's the point of you being with a woman who doesn't love you? '

'Why do you think she will love you now and in the future? Do you think you are a steamed bun, without you you can only starve to death? If she still loves you now, why run away? What woman doesn't want to be with the man she loves? '

...

As soon as Li Zhenting closed his eyes, the confrontation with Zhu Qixiong's soul in the conference room just came to his mind. There was a tingling pain in his temple, and dense pain in his heart.

He struggled to get up, picked up his mobile phone and dialed Leng Xue: "Leng Xue, release Zhu Qixiong."

"Mr. Li, Zhu Qixiong must know where the young mistress is? Are you going to let him go like this?"

"Let him go." Li Zhenting's eyes flashed with pain.

If Shen Ning doesn't love him anymore and doesn't want to be with him anymore, even if he kills Zhu Qixiong, she won't come out. The most important thing about this is Shen Ning's heart.

"Okay." Leng Xue agreed and hung up the phone.

"Wine, I want to drink." With great pain in his heart, Li Zhenting stood up, walked towards the wine cabinet, took out a bottle of high-quality Moutai that had been preserved for several years, and drank it with his head held high.

#### **Chapter 1034: President Li has passed out**

One day and one night passed, and the door of the office was never opened.

The secretary stood outside trembling with fear!

Later, the executives also came over one after another.

Everyone rang the doorbell, but there was no response from inside. In desperation, they had to call Leng Xue.

Leng Xue heard the words and hurried over.

"President Li, President Li." After he rang the doorbell for a while, there was a dead silence inside, his eyelids twitched, and he asked the secretary, "Are you sure that President Li is inside?"

"Yes, Vice President Leng, President Li went in last night and never came out. He locked the door and we didn't answer when we knocked on the door." The secretary said worriedly, "In case he needs someone to take care of him, we left someone on duty last night. But I haven't seen him come out until now, I smelled a strong smell of alcohol at the door last night, President Li must have been drinking all night, what's going on now?"

"Then why didn't you tell me earlier?" Cold-blooded blackened his face.

The secretary stammered: "I, we, were also very late last night, only to find out that he was drinking, so I don't want to bother you so late."

Leng Xue took out his mobile phone and dialed Li Zhenting's mobile phone.

But the mobile phone has been turned off.

what to do?

Because the door lock can only be opened by Li Zhenting's fingerprints, there is basically no way for outsiders.

After thinking about it in cold blood, he walked into the secretary's room next to him and opened the window.

It turns out that there is a small platform between the secretary's office and the president's office, which are connected.

"Vice President Leng, be careful." The secretary poked his head and saw the man as small as an ant downstairs, and his legs trembled in fright.

Lengxue took out a rope with him, tied the rope to a pillar inside, and climbed down.

Fortunately, the window of the president's room was not closed, and as soon as he got to the window, he smelled a strong smell of alcohol.

He climbed in.

"Mr. Li, Mr. Li." The president's room was in a mess, the ground was full of cigarette butts and wine bottles, and I don't know how much he drank last night, but Li Zhenting himself was lying on the sofa, falling asleep, cold blood hurried forward shout loudly.

But Li Zhenting didn't even move after shouting a few times.

Leng Xue was so startled that he bent down, only to see that Li Zhenting's face was flushed, and he had entered a coma.

"President Li." The cold-blooded head slammed, and immediately shouted, carrying President Li on his back and ran towards the door.

The door of the president's office was opened from the inside.

Everyone breathed a sigh of relief, but soon, they let go of their hearts and raised their hearts again. They saw Leng Xue running out of it with Li Zhenting on his back, with a serious face.

"Quick, open the door for me, President Li has passed out."

When the executives next to him heard this, all their faces changed, and they immediately followed him to the front of the building.

Coldly pressed the door switch, the executive opened the door, put Li Zhenting in coldly, ran to the cab and started the car, and the car drove quickly towards the Imperial People's Hospital.

After a busy check-up, the doctor concluded that Li Zhenting had a cold and a high fever caused by a cold after drinking.

The nurse urgently gave him a bottle to reduce his fever.

"Ning Ning, Ning Ning." After a while, the nurse told Leng Xue to take care of him after the IV injection. After going out to work, Leng Xue sat down beside Li Zhenting and watched Li Zhenting's lips purse, thinking that he wanted to drink water. When he listened closer, it turned out that he Calling Shen Ning's name in a low voice.

He could not help but sigh.

Hey, Boss Li is an infatuated kind. In the past, when he loved Xiaofeng, he loved Xiaofeng with all his heart and soul. Even if he had never met him before, he loved Shen Ning without reservation. Because of Xiaofeng, he even turned a blind eye to Shen Ning. hurt her again.

Now he finally fell in love with Shen Ning, but after Qian Fan died, Shen Ning was too deeply injured and disappeared, and Mr. Li found out that he actually loved Shen Ning belatedly.

This relationship, I really don't know when it will end, at present, he can't see any hope!

### **Chapter 1035: He actually drank too much here**

Li Zhenting doesn't usually get sick, but this disease lasted for three days and three nights. He had a high fever, talked nonsense, and called Shen Ning's name from time to time.

Perhaps it was due to the exhaustion of rescuing the students at school that night, and he caught a cold. In addition, he was frantically looking for Shen Ning every day, anxious and tired. During this time, he did everything by himself at work, and he also had to take care of the children. We, he is considered to be ill, very ill.

After Li Wanqing heard the news, she took care of her son in front of the hospital bed for three days and three nights. Seeing her son's lips were covered with skin, his face was thin and pale, and he cried bitterly.

On the third day, Li Zhenting finally opened his eyes.

"Zhen Ting, you finally woke up." Li Wanqing was pleasantly surprised.

"Mom, what's wrong with me?" Li Zhenting looked at the white ward, the needle on his arm, his eyes were confused.

"My silly son, you should have a good rest, you are exhausted and sick." Li Wanqing wiped away her tears, "If your grandparents found out, you might be so anxious. I'm hiding it from them."

Li Zhenting was stunned for a long time before he realized it. He smiled wryly and apologized: "Mom, I'm sorry for scaring you. How are the children doing now? Are they all right?"

"Don't worry, they're okay, they go to kindergarten happily every day." Li Wanqing's lips moved, and she didn't say anything else. In fact, the children asked where daddy and mommy went every day, and why didn't they take them to play? , not cooking for them, how dare she tell the truth in the current situation.

"That's good." Li Zhenting smiled slightly.

"Zhen Ting, I made some porridge, let's drink some, and I'll bring you soup in the evening." Li Wanqing began to take care of him to eat.

After a serious illness, Li Zhenting's lips were bitter, but there was a faint sense of hunger in his stomach. After drinking some porridge, he fell asleep from exhaustion.

In the afternoon, Leng Xue came over and told him that everything in the Li Group was fine, so that he could recover from his illness with peace of mind.

Li Zhenting was silent.

the next day.

Li Zhenting was discharged from the hospital, and he asked Leng Xue to send him to the office suite upstairs of Gu Qi.

He slept there for three days and three nights before returning to Li's Castle.

Come back and take the kids out for a day before starting work again.

After all, Li Zhenting has changed. He speaks less, is more silent, and often drinks outside.

That night, when he came out after drinking, he saw a man who was so drunk that he couldn't even find a toilet.

He stopped, wanting to wait for the drunk to leave before going downstairs.

"Get out of the way." The drunk man staggered and walked. Suddenly, a man came out of a box next to him and blocked his way. Shouting: "Go away, call the waiter, where is the toilet?"

Li Zhenting frowned, isn't this man Zhu Qixiong, he actually drank too much here.

He stared at him coldly.

Since letting him go that day, he hasn't gone to the suburbs often and disappeared, and he has returned to his previous appearance as a romantic and happy young man who often hangs around nightclubs.

Li Zhenting originally wanted to follow him secretly to find out Shen Ning's whereabouts, but so far, there is no news.

"Damn, you dare to hit me, you want to die." At this time, the man who came out was also almost drunk, and was punched in the chest for no reason, furious, and immediately swung his fist towards Zhu Qixiong's face.

Zhu Qixiong was punched and cried out "Ouch." When he touched his face with his hand, hot and humid liquid flowed out of his nostrils.

He was furious and rushed towards the man.

The man was probably not as drunk as he was, and his reaction was a little more flexible. When he rushed forward, he dodged, raised his foot, and kicked Zhu Qixiong's lower body hard.

Seeing that Zhu Qixiong was about to suffer, Li Zhenting suddenly went up and grabbed the clothes on Zhu Qixiong's back and pulled him, avoiding the man's foot, and dragging him forward.

"Damn it, you dare to provoke me, you don't want to mess around anymore, do you?" Seeing that someone pulled Zhu Qixiong away, the man was furious and rushed over from behind.

Li Zhenting turned his head, his eagle eyes flashed, he stretched out his hand to grab the man's wrist and exerted force, the man screamed in pain, turned back and ran away.

Li Zhenting dragged Zhu Qixiong to a guest room upstairs.

### **Chapter 1036: he doesn't deserve his respect**

In the middle of the night, when Zhu Qixiong woke up, he felt his throat was on fire.

He got up to find water to drink, only to find that he was sleeping in a hotel suite, rubbed his temples, thinking that his buddies saw him drunk last night and sent him here to rest.

He stood up and walked to the other side of the living room.

But when he walked in, he was stunned.

I saw the back of a man sitting there drinking alone, and at this time, it was already half past three in the morning.

What surprised him was that it wasn't that this 'buddy' was still drinking at 3:30, but that this 'buddy' turned out to be Li Zhenting.

He stood for a while, speechless.

"You're awake." Hearing the footsteps, Li Zhenting didn't turn his head, and continued to take a sip of wine, his voice hoarse.

"Why did you bring me here?" Zhu Qixiong came to his senses and sneered, "What tricks are you trying to get out of me?"

Li Zhenting sat with his head bowed, and moved his fingers holding the wine glass.

"Li Zhenting, don't even think about knowing Shen Ning's whereabouts from me. Let me tell you, I won't tell you, because you are too much to Shen Ning. The scene when you and Xiaofeng forced Shen Ning to divorce has already passed. Everyone has a conscience, and I will never betray Shen Ning." Zhu Qixiong mocked and attacked mercilessly.

Li Zhenting suddenly picked up a bottle of mineral water from the side and threw it at him.

Zhu Qixiong raised his hand to take it, opened it and drank it. After drinking, he gave him a cold look, turned around and returned to his suite and continued to sleep.

The next day, when Zhu Qixiong got up, it was already ten o'clock, and it was bright outside, it seemed that today was a good day.

He stretched, twisted his long waist to wash up, and then walked towards the living room outside.

In the living room.

Li Zhenting fell asleep on the sofa.

He glanced at him unconsciously, secretly startled, is this still the arrogant, black-bellied, high-spirited Li Zhenting from before?

I saw a circle of blue stubble growing on his chin, his cheeks were pale, and his whole face was visibly thinner. The arrogance on his body was gone, and instead, he was full of loneliness and frustration.

It seems that the loss of Shen Ning has dealt a heavy blow to him!

This time, he should be sincerely remorseful, right?

After staying for a few seconds, he remembered the suffering Shen Ning had suffered from him, and a disdainful coldness floated on the corner of his lips,

Lift your feet and prepare to leave.

Sudden

Li Zhenting, who was awake, opened his eyes.

"Zhu Qixiong, don't leave yet, have a drink before leaving." He said lightly.

"No, I can't drink it." Zhu Qixiong said coldly, "Boss Li's wine is too expensive, I have no money, no blessing to enjoy it."

After speaking, he strode out.

Li Zhenting lay on the sofa, stroking his temples with his fingers, and let him go.

Unexpectedly, as soon as he walked out, he met a man. When the man saw his face full of anger, he immediately pointed at him and scolded: "You were drunk last night, and you dared to hit me. If someone didn't help you, I would have kicked you!" Your little brother can't."

Zhu Qixiong was taken aback, what happened last night, he has no memory at all.

It seems that drinking is a mistake, this is not false at all.

He was a little annoyed.

"I'm sorry, brother, I was drunk last night and didn't know it. We are all men, please understand each other." He cupped his fists at the man.

The man saw that his attitude was fine, and he also saw the methods of the man who helped him last night, so he didn't dare to make trouble and left.

Zhu Qixiong looked back at the suite where Li Zhenting lived, and seemed to vaguely understand why he slept here. It seemed that Li Zhenting helped him last night.

That's it, those bad friends, one by one, each had a woman in their arms last night, how could they care about his life or death.

But so what?

He didn't intend to thank Li Zhenting, after all, when he was an \*\*\*\* to Shen Ning, he was no worse than those bad friends. On this point, he didn't deserve his respect.

### **Chapter 1037: she would never do such a stupid thing**

In the afternoon, Li Zhenting was correcting documents when suddenly, cold blood rushed in.

"Mr. Li, a female corpse was found in the lower reaches of the Pearl River. The female corpse was six months pregnant." Leng Xue's face was solemn, and his voice trembled.

Li Zhen stood up suddenly, his face pale.

"What do you mean?" His voice trembled.

"The female corpse has been salvaged. Her face is swollen and she can't see her face clearly, but her figure and clothes are similar to that of the young lady." He dared not hide such an important matter, so he could only tell the truth.

Li Zhenting's eyes darkened, and he almost fell down.

"The news has already been reported, you can read the news." Leng Xue lowered his head.

Li Zhenting held onto the edge of the desk with his hand. After a moment of darkness, he was covered in cold sweat, fell down and turned on his phone.

Sure enough

The news is reporting this tragedy!

Although some parts of the clothes and figure of the drowning woman were mosaiced, the proportions of the body could still be vaguely seen, and she was indeed somewhat similar to Shen Ning.

"Mr. Li, I went to the scene and took a few pictures. Please identify them carefully." At this time, Leng Xue took out his mobile phone and sent the few photos he took to Li Zhenting.

Li Zhenting opened it with trembling hands, looking seriously.

The face was already swollen, and it was completely unrecognizable, but the headband on the ponytail was almost exactly the same as the one found in the villa in Qingshan City that day.

A beige maternity dress, very similar to Shen Ning's style.

Especially a bracelet on her hand, very similar to the one he auctioned off for her at Shaw Brothers' auction last time.

"Have you found out where this female corpse jumped into the sea?" Li Zhenting roared angrily.

"The police are investigating now, and the conclusion is not yet clear." Cold blood comforted him: "Don't be too anxious, the young lady is calm and pregnant with a child, she will definitely not do such a stupid thing."

But Li Zhenting could no longer calm down, and ran outside.

"President Li, where are you going?"

"go to the scene."

"President Li, the body has been taken away by the police."

"In life, you have to see people. In death, you have to see corpses."

Li Zhenting got into the car, his fingers were trembling, but he couldn't start the car no matter what.

"President Li, let me do it." Leng Xue followed closely.

Li Zhenting gave up the driving seat to Leng Xue, sat in the back seat of the car, his eyelids twitched, and continued to watch the news.

"The day before yesterday, it rained heavily in Qingshan City, and the landslide caused the Qingshan Bridge to break. According to incomplete estimates, this mudslide caused three deaths, destroyed good crops, road traffic jams, and tens of millions of losses."

Li Zhenting burst into tears as he listened.

He got it.

This female corpse floated along the river from Qingshan City. It was soaked in the water for two or three days and changed beyond recognition, and Qingshan City is where Shen Ning stayed... It turned out that Shen Ning didn't jump into the sea, but suffered.

He didn't dare to think about it any more, his whole body was slumped into a ball, and his whole body was cold.

soon.

They came to the place where the salvaged woman came up, the cordon was still around, and the body was gone.

Li Zhenting's legs were weak, and he stood there trembling.

"Mr. Li, if we want to find out the situation, then we have to wait for the police station's notice. I have already explained the situation to the police, and now we can only wait for the results they give us." Leng Xue supported him and comforted him.

Li Zhenting leaned against the railing by the river and closed his eyes.

Shen Ning, if you're gone, what's the point of my life being alive?

Why did you run away from me, and how could such a thing happen if you came back with me? !

He bowed his head, tears streaming down his face.

After a while, he raised his eyes.

Ge Di

The figure of a man was standing straight outside the cordon.

### **Chapter 1038: so he can be free**

Congratulations Qixiong!

Only when he saw the man, Li Zhenting recognized him at a glance.

followed by

The little fantasy left in his heart was shattered in an instant.

Why did Zhu Qixiong come here? This shows that he knows the inside story, that is to say, this woman is Shen Ning.

Even he recognized it, so what else is there to say!

"Zhu Qixiong." He snarled, rushed over, grabbed the clothes on Zhu Qixiong's chest, and shouted angrily, "Say, is this drowned woman Shen Ning?"

Zhu Qixiong looked at him, his face pale and blank.

"You bastard, I was going to find her, but you ran away with her, you murdered her, you murderer, I will let you go to jail." Zhu Qixiong's appearance made Li Zhenting feel more and more When the deceased was Shen Ning, his anger erupted like a volcano, and he couldn't bear it anymore.

If it is said that the first time, it is understandable that he took Shen Ning to disappear, but the second time, he had already gone to the door, and he even ran away with her. Ning had already gone home with him, so how could such a thing happen.

Damn it!

"Ah." He roared, and punched Zhu Qixiong hard in the face.

Zhu Qixiong was beaten so black that he almost fell down.

When he first heard the news, he was also stunned. He believed that the drowned pregnant woman was Shen Ning, and ran over immediately. When he saw Li Zhenting here, he thought that he had confirmed the identity of the deceased as Shen Ning. My whole heart was broken, and I was beaten by Li Zhenting, but I didn't react.

"You scumbag, even you who forced Shen Ning to death, you still dare to hit me, bastard." After he woke up, he also punched Li Zhenting \*\*\*\* the head.

Maybe it was because of too much pain, Zhu Zhixiong hit Li Zhenting firmly on the head with this punch, causing him to stagger and fall down.

"Li Zhenting, you killed Shen Ning, how can I bear it, if I don't beat you to death today, and avenge Shen Ning, I'm not a man." The anger made Zhu Qixiong completely lose his mind, he rushed up and held Li Zhenting down Beat up.

At this time, Li Zhenting has completely believed in his heart that Shen Ning was drowned while pregnant with his child, and his sadness was greater than his heart's death.

"Zhu Qixiong, stop." Fortunately, Leng Xue rushed up in time and kicked Zhu Qixiong away.

"Zhu Qixiong, you concealed the whereabouts of the young mistress all the time, and even lied to us knowing that the young mistress was pregnant with the young mistress' child. You are the chief culprit who caused the death of the young mistress. We must settle this crime with you." Leng Xue pointed angrily. Zhu Qixiong scolded angrily.

During this period of time, only he knew how painful and sad Mr. Li was. He desperately searched for Shen Ning, wanted to apologize to her and get her forgiveness, but Zhu Qixiong helped Shen Ning escape time and time again, let's forget about escaping. , but failed to protect her well, this crime can't just be forgotten.

"Hey, you \*\*\*\* is as virtuous as your master. A big man drove a pregnant woman to a dead end and divorced twice. Can't she resist and run away? Do you want her to be slaughtered by you like a sacrificial animal? She wants to leave It's not wrong to leave you, now that she's dead, you don't reflect on yourself, but you are still shirking responsibility, it's shameful." Zhu Qixiong roared angrily.

**Chapter 1039: You deserve to die**

"But our Li always loves the young mistress, and now he just wants to make up for it. Can't you repent if you make a mistake?" Cold-blooded disapproval.

"Ah bah, what a fart compensation, people are dead, is compensation useful? Your boss Li should take off a few layers of skin and kneel down to Ningning to apologize to be eligible to talk about compensation."

"You ran away with the young mistress, but you didn't take good care of her. Instead, she was killed. You can't get away with it."

Leng-blood is a straight man, not good at words, and at this time, Zhu Qixiong was so angry that he even scolded him in a rare way.

The three men quarreled and fought, which really stunned the passers-by. In particular, the three men were well-dressed, and they looked like rich and distinguished people. It seemed that they were arguing over the drowned woman.

Seeing more and more people around.

"President Li, let's go." Leng Xue woke up with a start, and pulled Li Zhenting into the car.

"Take Zhu Qixiong away." Before Li Zhenting left, his mind seemed to be clearer. When the car passed by Zhu Qixiong, he opened the door and pulled him into the car, and the car sped away.

The three sat in the car silently, and the atmosphere was very sad.

"Go to the police station." Li Zhenting still couldn't accept Shen Ning's death. He would only believe it after seeing her body and verifying it himself.

"Okay." Leng Xue drove the car towards the police station.

"Shen Ning is so pitiful. No one cared for her before she was alive. A woman with two children suffered so much. Now she is pregnant again, but she ended up like this. Li Zhenting, you really deserve to die." Thinking of Shen Ning's tragic death, Zhu Qixiong sobbed aloud. She was the only woman in the world who made him think of getting married, but the ending was so miserable. He saw her struggling in pain, but he couldn't save her.

Li Zhenting held his head in his hands, in excruciating pain.

"Yes, I deserve death." He broke down completely, muttering in his mouth, tears streaming down his face.

There was a sad atmosphere in the carriage.

After an unknown amount of time, suddenly, the cold-blooded cell phone rang.

Looking in cold blood, it was a call from the police station. He thought they were sent to collect the corpse, and he was also very sad, so he answered the phone with a hoarse voice.

"Vice President Leng? I'm the police squadron."

"Fang team, hello." The cold-blooded voice was deep and painful.

"It's like this. Now the family members of the drowning deceased have been found, and the DNA comparison proves that the drowned pregnant woman is not your young mistress Shen Ning." The team's voice was extremely clear.

After being stunned in cold blood, he suddenly became ecstatic: "Okay, I see, thank you."

He hung up the phone and turned his head to Li Zhenting: "President Li, don't be sad, the pregnant woman who drowned is not the young lady, the police have already done a DNA comparison."

"Really." Li Zhenting and Zhu Qixiong raised their heads almost at the same time, and there was light in their eyes.

"It's absolutely true, it's verified by DNA." Cold-blooded happily affirmed.

The two heaved a sigh of relief almost at the same time, and both looked at each other, seeing joy and concern in each other's eyes.

The car stopped in front of a cafe.

In the cafe.

Li Zhenting sat opposite Zhu Qixiong.

"Zhu Qixiong, where did you hide Shen Ning? Are you still unwilling to tell me? I love her." After the coffee was served, Li Zhenting stirred the coffee with a serious face.

Zhu Qixiong lowered his head and remained silent for a while, then replied: "I didn't hide her."

"Zhu Qixiong." Li Zhenting elongated his voice, very angry, "You still want to hide it from me? How long do you want to hide it from me? She is pregnant with my child and is malnourished. She must get the best as soon as possible." Care and necessary prenatal checkups, otherwise it will be very dangerous."

#### **Chapter 1040: Do you love Shen Ning?**

Zhu Qixiong spread his hands and shrugged: "I'm sorry, I really don't know where she is now."

"You..." Li Zhenting clapped one hand on the coffee table, glaring, "Didn't you take her away?"

"She is an individual, I can't decide her wishes, and I can't take her away. You claim to love her, but you don't understand her at all."

Li Zhenting opened his mouth and was speechless.

"It seems that you haven't really understood her until now, and you still say you love her, which is too self-righteous." Zhu Qixiong mocked.

Li Zhenting's face was pale.

"Where is Shen Ning now?" He was extremely patient.

"I don't know." Zhu Qixiong shrugged again.

"You..." Li Zhenting glared at him, wishing to punch him blind.

This man is playing with him!

"Okay, it's okay if you don't say anything, please remember, if something happens to Ningning, I will never let you go, don't think I can't deal with you." Li Zhenting gave him a hard look, angrily Get up, turn around and leave.

If he is still confronting him here, he is really worried that he will beat him up!

"Li Zhenting." Zhu Qixiong narrowed his eyes, as if he also had concerns, and when Li Zhenting turned to leave, he suddenly spoke.

Li Zhenting turned around abruptly, his eyes were as sharp as a knife.

Zhu Qixiong stared at him coldly, his probing eyes seemed to dig out his heart and analyze carefully.

After the two men confronted each other for a while, Zhu Qixiong saw the determination in Li Zhenting's desperate eyes, and thought that they should have a good talk.

"What do you want to say?" Li Zhenting put his hand on the back of the chair, his fingers turned blue and white.

He was eager to know Shen Ning's whereabouts, and vaguely did not expect to get some special news from Zhu Qixiong. Those news would prove that Shen Ning might really fall in love with the young man in front of him. After all, Zhu Qixiong was handsome and unrestrained, and it seemed that he really cared about Shen Ning, otherwise, he would not have appeared at the salvage scene.

"Li Zhenting, do you think Shen Ning should be with me?" Zhu Qixiong also seemed to see what he was thinking, and took a sip of the coffee on the table, with a faint smile and an indifferent expression on his face.

A glint of jealousy flashed in Li Zhenting's eyes, and he looked at him coldly: "Do you love Shen Ning?"

"Love, it can be said that Shen Ning is the first woman who taught me about love and wanted to marry her." Zhu Qixiong spoke decisively without hesitation.

Li Zhenting's face darkened.

"But she is pregnant with my child, you are so beloved." He gritted his teeth.

"No, I love her. We have a normal relationship. You and her have divorced a long time ago. It is difficult for you to pursue her now. It's just that her love is not something everyone can have. If her love can really If someone took it away, I'm laughing now."

"What do you mean?" Li Zhenting looked at him in confusion.

"Shen Ning is holy and pure, full of expectations for love, she has been firmly pursuing and guarding her own love, she has her own principles." Zhu Qixiong smiled helplessly: "To be honest, I really want to take good care of her in this life, go on with her, even if she is pregnant with another man's child, I don't care, but her heart doesn't belong to me, so I can't help it."

The smile on his face was full of sadness, unwillingness and helplessness.

Li Zhenting's hand holding the chair trembled faintly.

"She never loved you, right?" He asked in a hoarse voice, with a little relief in his tone.

"Yes, but she won't love you now. If I can't get her love, you won't be much better than me, or even worse. After all, you and her have three children, and she sees through your coldness. It is your nature that you would rather wander abroad while pregnant than return to your side, this is your failure."

Li Zhenting was stunned, with a painful expression on his face.
