

## Troublemakers 1041

### Chapter 1041: Maybe it's God's will

"Do you really think I was the one who took her away and hid her? Wrong." Zhu Qixiong continued, "That day, she found me and begged me to take her out of here. She was going to a quiet place. The local government gave birth to the child, on that day, her face was pale, her eyes were full of grief and despair, Xiaofeng wanted to kill the child in her stomach, as a mother, she must not let the child have an accident."

Zhu Qixiong put down the coffee in his hand, the anger in his eyes seemed to burn Li Zhenting.

"In order to avoid the persecution of Xiaosan, such an arrogant woman did not hesitate to beg me. I loved her already, so of course I agreed. In the middle of the night, I drove her to the villa in Qingshan City, so that she could raise her baby there with peace of mind. Not long after, you started searching for her all over the city. In order to avoid being discovered by you, I deliberately went to the suburbs frequently, just to confuse your sight. Sure enough, I did not hide it from you, but my idiot brother went to block her in Qingshan City. The back road of your Li Clan's group is self-defeating and led you there, and coincidentally, you discovered Shen Ning when he was shopping across the river, maybe this is God's will, and God's will cannot be violated."

Zhu Qixiong was very depressed when he said this, even if Li Zhenting was like this, he might not be able to find Shen Ning, but then, the school collapsed that night.

This is how the \*\*\*\* of destiny favors Li Zhenting!

When he heard the news, he rushed over immediately. At the darkest moment before dawn, he drove Shen Ning out from another mountain road, and escaped Li Zhenting's search. However, Shen Ning was in Qingshan City. The whereabouts are completely exposed.

Li Zhenting has been listening carefully, with unpredictable changes on his face.

"Does she know what happened later? Does she know what happened to Xiaofeng? Does she know my helplessness and regret? Did she watch the news?" He asked nervously.

"You think you can forgive, so you just look for her." Of course Zhu Qixiong understood his thoughts and sneered slightly.

Li Zhenting lowered his head:

"Then where is she now?"

This time, since Zhu Qixiong took the initiative to mention it, he should know about it.

He held his breath.

But Zhu Qixiong still just shook his head, and said in a lonely and frustrated way: "I don't know where she is now, otherwise, I wouldn't be able to hang out in nightclubs and romantic places every day during this period of time."

The woman he wants to pursue, even if he tries his best, he can't win her love. The man who is frustrated in love can only go to the romantic place to kill time.

Li Zhenting frowned: "But when we were looking for her in Qingshan City, didn't you take her away?"

"Yes, although I took her away, she just asked me to send her to the station. In order not to be discovered by you, I took her to the station in Huaxian next door, and we said goodbye there. Let me go with him, just kept urging me to go back, saying not to trouble me too much, I knew she was driving me away, she didn't want to be involved with me, so she had to leave, I walked in the opposite direction, I lost contact with her since that day, and her cell phone number has been changed.

I don't know where she went. Today, I saw in the news that a pregnant woman was drowned. At that time, I saw her headband, which was exactly the same as Shen Ning's. I thought something happened to her, so I ran away in grief. When I came over, I didn't expect to see you there too.

At that time, my first feeling was that the woman must be Shen Ning. I was so angry that I fought you without knowing the situation.

But now, I have calmed down. Such a smart woman like Shen Ning would never have such a thing happen. She will definitely protect herself and the child in her belly carefully. "

Hearing this, Li Zhenting turned pale with great guilt and heartache, turned around and walked outside.

He believed that Zhu Qixiong didn't know where Shen Ning was now, otherwise, how could he have mistakenly thought that the drowned pregnant woman was Shen Ning just like him.

#### **Chapter 1042: Daddy will definitely bring your mommy back**

"Boss Li, are you satisfied?" Zhu Qixiong looked at his back and asked mockingly.

"Very satisfied." Li Zhenting was stunned for a moment, then turned around and sneered, "Ning Ning doesn't love you, this is the best news I've heard, she won't let you know where she went, because she doesn't want to let you Unrelated people know too much. But I will definitely find her and make her fall in love with me again."

He answered very decisively, and at the end of his speech, the final sound was slightly raised.

His woman has never loved any other man except him, which has greatly satisfied his man's self-esteem.

"It's a pity that this is just your wishful thinking." Zhu Qixiong sneered back, "I don't know how she lived as a pregnant woman with a big belly, and I don't know how she is now, but as a man, let his woman suffer so much , This man is indeed disgraceful, he has simply lost the face of our men."

These words beat Li Zhenting's heart like an iron whip, his heart tightened quickly, and his eyes fixed on the ground.

How a pregnant woman lives with her belly upright? Just thinking about it makes him go crazy, and the suffocation in his heart makes him unable to breathe.

How is his woman suffering? He couldn't imagine it at all.

Li Zhenting strode out.

Zhu Qixiong looked at Li Zhenting's back with Shen Rui's eyes, as if he had shortened a lot at once, no matter how you looked at it, he was so sad and lonely.

"Also, I heard her call at the station and said the word 'Belvedere', you can figure it out yourself." Just when Li Zhenting was about to step out of the coffee shop, Zhu Qixiong said behind There was a sentence.

Belvedere? Li Zhenting paused, and silently recited the name of the city, remembering it firmly.

After a week of busy work, Li Zhenting finally finished the work at hand, called Leng Xue over, and handed over the work in hand to him in every detail.

"President Li, are you going on a long trip?" Seeing Li Zhenting's detailed explanation in cold blood, he couldn't help asking cautiously.

"Yes, I'm going to Belvedere."

"Belvedere?" Leng Xue was a little confused, that place is really far away, so why go to such a far away place?

"Report to me if you have anything to do in the next period of time, and don't disturb me if you have nothing to do." Li Zhenting ordered.

"Okay." Although Leng Xue was puzzled, he quickly agreed.

He thought that Li Zhenting's actions must have something to do with the young mistress. During this period of time, he took time to travel around the country while working, all in order to find the young mistress.

He sighed.

At 3:30 in the afternoon, Li Zhenting went to Blue Whale Kindergarten.

"Ke Ke, Ding Ding, Xiao Xiao, Lan Lan." The noble man in a suit and leather shoes only stopped towards the entrance of the kindergarten, like a dazzling star, whether it was the kindergarten children or the parents who came to pick up the children, they all looked this way.

"Daddy." Lan Lan ran towards Li Zhenting with a proud face.

Her daddy is tall and handsome, he looks like a dazzling star no matter where he goes, which makes her very proud, she loves her daddy so much.

Li Zhenting picked up Lan Lan and kissed her, then put her down and looked at Xiao Xiao.

Xiaoxiao bowed her head and walked towards him.

"Xiao Xiao, come, Daddy hug." Looking at his daughter who was not in a good mood, Li Zhenting took the initiative to stretch out his hands to her.

But Xiaoxiao just looked up at him and asked, "Daddy, where's Mommy? Did you find it?"

Guilt flashed in Li Zhenting's eyes, but he immediately replied with certainty: "Not yet, but please believe in Daddy, Daddy will definitely bring your mommy back, but you have to study hard and listen to grandma, stay at home quietly and wait for news from Daddy, okay?"

Little bright eyes jumped, and the fire went out.

Li Zhenting bent down to pick up his daughter, and kissed her little face.

Xiaoxiao looks more and more like Shen Ning, especially the eyes and nose, and that faint smile, which is very beautiful. When Li Zhenting saw her, it was like seeing Shen Ning, and he fell in love with Xiaoxiao more and more.

He vowed that no matter how much he had to pay, even if he lost the whole world, he would recover Shen Ning and reunite his family.

#### **Chapter 1043: Do you like girls or boys?**

A small remote village in Belvedere.

The boats around the Dongting Lake Wharf are dense but not messy, the sky is blue and picturesque, and unique in color, the winding path of the house facing south, the vegetation is as green as a reflection, and the flowers are bright red and purple.

On the tree-lined path, a young pregnant woman is carrying a simple and practical small bag, wearing a floral little maternity dress, and walking on the path with her face facing the sky. Beside her, a young girl is carrying a bag of food bought from the city. The two Talking and laughing while walking, very happy.

The white fingers of the pregnant woman caress her belly from time to time, and the radiance of maternal love shining in her bright eyes can render the entire tree-lined path in the most intense color during the alternation of seasons.

"Sister Ning, I guess you are pregnant with a daughter." The young girl looked at Shen Ning's stomach as she walked, and said with a smile.

"Why? You can guess this?" Shen Ning smiled slightly, amazed.

The young girl raised her head slightly, like a very experienced midwife.

"Because I heard from the old people here, they said that if a pregnant woman has two characteristics, it is very likely to conceive a girl." She said clearly.

"Really, let me tell you, which of the two characteristics of a pregnant girl do I have? Learn some experience, so that I can help others judge in the future." Shen Ning smiled happily.

The young girl snapped her fingers and really spoke.

"First, because you are very beautiful. The old man said that if you are pregnant with a girl, the pregnant mother will become more and more beautiful. On the contrary, if you are pregnant with a boy, the pregnant mother will become more and more ugly."

"Secondly, I noticed that when you walk, you put your right foot out first. Generally speaking, when pregnant mothers walk, the one who puts out the left foot first is a boy, and the one who puts out the right foot first is a girl."

"By the way, there is another one. Your belly is round and big. Old people often say that the belly of a boy is pointed because boys have strong muscles, and girls are made of water. The belly is big and round. "

...

The more she talked, the more excited she became, and she even said several things, seeming to conclude that the child in Shen Ning's belly was a girl.

Shen Ning smiled: "You, a college student, also believe in this set. It seems that you haven't read well."

"No, it's really effective. My grandma just guessed my mother and aunt correctly. It's super effective."

"Really, it seems that folk experience is also very useful, so I have to study hard. No matter what, you got 50% of the answers right. Congratulations." Shen Ning teased Yu.

This young girl is called Zhang Xiaoxian. She is a rare college student in the entire village with a radius of 100 miles. She graduated from the University in 1985.

Xiaoxian heard her voice immediately, and said dissatisfiedly: "Isn't this nonsense, no matter if I say male or female, I can get half of the answers right, anyway, it's either a boy or a girl, but really, some folk remedies experience It's still believable."

"Okay, I believe it." Of course, Shen Ning didn't want to argue with her, so he answered according to her words.

"Sister Ning, do you like girls or boys?" Xiaoxian suddenly blinked her big bright eyes and asked.

"I like them all, as long as they are my children, they are all my treasures, regardless of gender."

"That's right. Mothers love their children the most. Mother's love is the greatest." Xiaoxian nodded approvingly.

"You can experience this feeling when you become a mother in the future." Shen Ning sighed.

Xiaoxian's face turned red, gradually covered with shadows.

In this poor country, although she is a rare college student, she is already an older leftover woman. She is already twenty-six after finishing her graduate studies and has not yet started looking for a job. After falling down, she can only stay in her hometown to take care of the two elders.

Now at this age, even if you have studied, there is no suitable job to do in this kind of place, and you will inevitably be pointed at behind your back.

Although Zhang Xiaoxian doesn't care, she grew up in the village, and the girl has a thin face, so she is still quite depressed.

#### **Chapter 1044: what does your husband do**

Shen Ning was lonely when he first came here, but he met Zhang Xiaoxian who was also worried and not understood by others.

Both of them are high-spirited women, their words are speculative, and they soon became good friends who talked about everything.

Moreover, Zhang Xiaoxian is a distant relative of Aunt Dong, and with this relationship, they get closer.

"I probably won't get married." Zhang Xiaoxian said suddenly.

Shen Ning laughed.

This is the third time she has heard her say this.

"Don't you want to be a nun?" She teased her.

"It's not that I want to be a nun, but that my family's conditions are too poor, and no man will think highly of me." Zhang Xiaoxian lowered her head, her eyes were red.

"Who said that, you are a top student, no one here can match you." Shen Ning looked serious.

She doesn't like girls being self-deprecating.

No one's life will be nobler than anyone else's, it's just a bias in self-perception.

"But in such a remote place, being educated is useless. A girl's life is best if she can marry a good man and have a son." Zhang Xiaoxian laughed at herself.

"You also know that this is a remote place, so go out." Shen Ning said angrily, "Who said that you must stay here after learning culture."

"Hey." Zhang Xiaoxian sighed softly, "It's easier said than done, my mother is bedridden, and my father is half paralyzed, how can I go out, I am gone, what will they do?"

"Xiaoxian, it's great that you have such filial piety. You are a good girl. I believe you will be rewarded in the future. Well, if you trust me, then continue to study at home. In the future, you will go to the imperial capital to find a job. If you have any difficulties, you can come to me." Shen Ning squeezed her hand tightly and comforted her.

The light in Zhang Xiaoxian's eyes flickered and then went out, and she replied: "The imperial capital is a heaven-level existence to me. I don't even dare to go so far, get a job in the county town, and take care of my dad." Mom, I'm already very content."

According to her current situation, I don't know how many years she will have to take care of her parents. She is already 26 now, and she will be 30 in a few years. In this kind of place, no one wants to be appointed. A better job would be enough to support her parents. A place like the Imperial Capital is a paradise for the rich and well-off. How could a poor person like her go there? It's too unrealistic.

Shen Ning understood her thoughts, and secretly lamented her background.

Her parents are quite enlightened, and they worked hard in such a small place to support her through college and graduate school. If they were in good health, Zhang Xiaoxian might be able to go to a big city and find a good job to support them, but God If one fails to fulfill one's wish, no matter how strong one is, one's life will not be enough.

They were exhausted, and Zhang Xiaoxian lost the courage and conditions to go to the big city to make a living.

"Trust me, if you can do it, I will help you." Shen Ning shook her hand heavily and encouraged her repeatedly.

Zhang Xiaoxian looked at Shen Ning. When she first saw her, she seemed to see a fairy. Although she was pregnant, she had an elegant temperament and her gestures were different. At first glance, she looked like a lady of extraordinary background.

Because Shen Ning never wanted to talk about her past, Xiaoxian, who is quite cultivated, couldn't ask directly.

Now hearing what she said, I was very curious for a moment, and asked, "Sister Ning, what does your husband do? Where does he work?"

One sentence made Shen Ning startled, his face turned pale.

And Zhang Xiaoxian was also stunned. She didn't expect that she would ask so bluntly. Seeing Shen Ning's pale face, she had a premonition and felt very sad.

#### **Chapter 1045: ideal home**

"I don't have a husband." But soon, Shen Ning responded to her question generously.

"No husband? How is it possible?" Zhang Xiaoxian was very surprised, staring at her with big eyes, how could she get pregnant without a husband!

Shen Ning smiled lightly: "It's already divorced."

"Oh." Zhang Xiaoxian finally understood, and sighed, "My sister is so beautiful, which man is so stupid and doesn't know how to cherish it, and even made you pregnant and divorced, which shows how scumbag this man is."

Shen Ning felt a pain in his heart, and Li Zhenting's delicate and delicate face flashed in front of his eyes, recalling all the past, stroking his stomach with his fingers, and a resolute and cold light flashed in his eyes.

"Women should be self-improving, no matter when they can control their own lives, it is enough. In this world, no one can rely on, and relying on oneself is the best. However, there are still good men, and there are many. I believe that in the future you will I met." Shen Ning smiled.

"Hey, I think I don't have that fate." Zhang Xiaoxian was a little depressed.

Such a beautiful woman was pregnant but divorced, this life is too bitter, and the ex-husband, what a wretched and scumbag.

In her mind, she automatically created a model of a ruthless, selfish, vulgar and humble man, whom she despised very much.

While talking, the two of them came to a lake. This is indeed a lake area. The plain stretches as far as the eye can see, separated by several lakes and rivers, and each river is crossed by steamer.

"Sister, let me pay for it. You are pregnant, and there are still many places to use money in the future. I can't always use your money. Although I am in trouble, you are not much better." The two After boarding the boat, Shen Ning rushed to pay the fare, and Zhang Xiaoxian quit.

If she had paid more money before, she could have accepted it with peace of mind. After all, it was too difficult for her, but now that she knew that she was abandoned by her husband, she was full of sympathy, and she refused to ask her to pay any more.

Shen Ning pulled her and sat down beside him, and smiled: "You don't have to worry, my living expenses are not a problem, if you have any difficulties in the future, you can come to me."

Gu Qi is now making a profit every month, especially this month, the business has suddenly improved a lot. Marley will send her money every month, and she is not short of money.

Zhang Xiaoxian felt a little more at ease seeing her speaking calmly and casually.

After they walked the river several times in a row, they finally got off the boat at a pier and walked towards the shore.

This can be regarded as the most remote rural town on earth, surrounded by lakes on all sides, fertile fields, beautiful environment, and fresh air.

Shen Ning fell in love with this place the first time he came here.

Not only because it is remote enough to be found, but also because the environment here is so beautiful, there is no trace of industrialization, everything is pure natural beauty of nature.

She really likes this place.

The only disadvantage is that it is too far away from the hospital, which is really inconvenient for a pregnant woman like her, but it didn't stop her determination to live here.

In front of a small courtyard with red bricks and green tiles, Shen Ning stopped, and took out the key to open the big lock on the iron fence.

"Sister Ning, I'm going home first, and I'll come play in the afternoon." Zhang Xiaoxian said goodbye hastily because she had to take care of her parents.

Shen Ning nodded with a smile, and opened the door.

This is a quaint courtyard. There are jujube trees, li trees and apple trees in the front yard. Vegetables are planted in the backyard. The green leaves and wild flowers next to it are very poetic.

The front yard enters the living room through the gazebo.

The house is clean and bright, and the backyard is a red brick grid vegetable garden, where the vegetables grow vigorously. This kind of environment is simply too beautiful, away from the hustle and bustle of the city, it is Shen Ning's ideal home, she likes it so much.

After returning home, she heated up the bone soup and porridge in the rice cooker and ate some, then sat on the wooden rocking chair and squinted her eyes to rest comfortably.

Strictly speaking, it will be produced in only two and a half months.

#### **Chapter 1046: He is absolutely unforgivable!**

'Ning Ning, your uterus was injured. Strictly speaking, it is dangerous to conceive a single pregnancy. Now you are pregnant with twins. You must pay attention to safety. I suggest you stay in the hospital for the next two months.' Ji Qingshan's exhortations sounded in Shen Ning's ears, she stroked her belly with both hands, opened her eyes and stared at the roof in a daze.

If Ji Qingshan knew that she lived alone in such a remote place, and there were no hospitals in the surrounding towns, what would he do? Will you scold her?

But she really likes it here, and, judging from the experience of being almost discovered by Li Zhenting in Qingshan City last time, it is safe to live in this kind of place!

However, it is indeed dangerous for her to be pregnant with twins now. Even if she doesn't think about herself, she has to think about the children in her belly.

She planned to go to the best gynecology hospital in the county if Ji Qingshan couldn't come over in another month.

Thinking that two more little lives will belong to her, the corners of her lips curl up slightly.

This time, she will never bring the children back to the imperial capital, and she will never let that man with a cruel face and heart like Li Zhenting know about it.

She wants to be born secretly, and then raise them well. For the rest of her life, she will be with these two little guys.

only

When she thought of the little ones, she thought of Coco, Ding Ding and Xiao Xiaolai, a sharp pain in her heart, and her eyes were moist.

She put her head on her hand and closed her eyes, she was sorry for her children.

But she really can't help it.

The damage Li Zhenting and Xiaofeng did to her during that time flashed before her eyes, her fingers clenched tightly.

When she was in Qingshan City, she had actually seen the news, and Zhu Qixiong also told her that Li Zhenting was frantically looking for her.

But her heart was icy cold, and there was no longer any splash.

So what if I find her? Last time, when grandma died, he was also devout, looking infatuated and affectionate, and even helped her take care of grandma, which moved her so much that he married her again.

But that day when they came out of the Civil Affairs Bureau, he left her and ran away the moment they received a call from Xiaofeng.

It was the abandonment of her that dragged her into the abyss of pain, and everything that happened later was due to that abandonment.

In this life, she has no intention of forgiving him, let alone accepting him.

In fact, even if Xiaofeng tried to hurt her several times and couldn't tolerate her, she didn't feel that she hated her that much. After all, she and Xiaofeng had no friendship in the first place, and she was originally a beast. Without any expectation, how can there be hatred?

But Li Zhenting is different. He is the father of several of her children. She has loved him for so many years and devoted so much youth to him.

She once thought that she had warmed his heart.

But at the moment they remarried, her heart was completely dead, and it was at that moment that she truly understood that Li Zhenting had never loved her, but the little wind he had hidden deep in his heart.

Even if Xiaofeng got the retribution he deserved later, it was just a substitute, and the Xiaofeng deep in his heart would never disappear.

What's the use of having such a man?

Although, he will find an excuse to say that he was controlled by Xiaofeng and those bad guys to treat her like that.

But she understands better than anyone else.

On that day, if Li Zhenting hadn't left her to find Xiaofeng, everything that followed would not have happened.

The reason why Xiaofeng and those people took advantage of it was because Li Zhenting did not have unwavering love for Shen Ning. At that moment, instead of loving Shen Ning firmly and guarding her, he ran to Xiaofeng. Wind's Embrace, for whatever reason, is disgusting and unforgivable.

therefore.

Li Zhenting, absolutely unforgivable!

Shen Ning's stern eyes became colder and colder, and the air was cold.

In this life, she never wants to see Li Zhenting again, and she doesn't even want to dream of this heartless man!

From now on, she will love herself well and protect her children. The rest is not important anymore!

#### **Chapter 1047: When did you get married again?**

The most prosperous ancient road in Belvedere, Ningsheng Street, the top floor of Ningsheng Building.

"Mr. Li, why did you come here?" Pei Jinchen's eyes widened when he saw Li Zhenting. He was sitting on the rocking chair with his feet up, shaking freely and comfortably, but now he almost rolled over. .

How did the richest man in the imperial capital come to such a remote small city? I read it right.

He rubbed his eyes and looked carefully at Li Zhenting again.

"What? I'm not welcome?" Li Zhenting snorted coldly, with displeasure on his face.

"Where, where, of course you are welcome, please sit down, please sit down." Pei Jinchen finally understood, jumped up immediately, with a big smile on his face, and shouted out: "Secretary Yu, hurry up and make the good tea waiting for you in Licheng." Come."

"No need." Li Zhenting said lightly, "Help me check someone."

Pei Jinchen and Li Zhenting grew up together and were classmates.

But since puberty, this kid's hormones have risen, and he has been causing trouble outside all day long. After making headlines a few times, the old man of the Pei family was furious and dispatched him to the frontier, so he was sent to this small place to exercise.

This guy has not been idle since he came here, and after a few twists and turns, he opened a private detective company.

Because Ligong City is quite mysterious and the terrain conditions are complex enough, some people will go here from time to time, and some idiots will also run to this kind of place, and they will not go back after coming.

Over time, family members, relatives and friends often come here to find someone, quite a lot.

Gradually, Pei Jinchun took a fancy to the business opportunities here, and decided to start a private detective.

"Looking for someone?" At that moment, Pei Jinchun rolled his eyes and scanned Li Zhenting up and down, "Male or female?"

Li Zhenting got angry when he heard it, and his handsome face sank: "Try talking nonsense again? I'll give you a whole bunch of broken little companies."

"Don't." Pei Jinchun's face changed color, "Young Master Li, anyway, we are also classmates and friends, don't just take my job, if you starve to death, how can you be better? Who will help you find someone?"

This young master Li has become even more arrogant and domineering after not seeing him for a year. In the past, he would ask him to smoke, pat him on the shoulder, and call him brothers respectfully, but now he threatens and shakes his face at every turn.

But he has a lot of money now, any hair can crush him to death, what can he do!

"Brother, don't worry, as long as I can find it, I will definitely drag him in front of you and let you punish him." He salivated and smiled to accompany the crime.

The corners of Li Zhenting's lips twitched.

Is this a prisoner arrest?

"Listen, she is my wife, Shen Ning, if you find her in the future, you will invite her to me like a queen, instead of grabbing her, you know?" He warned sharply.

Pei Jinchun pursed his lips and looked at him: "Young Master Li, when did you get married again? Which term? You are really mean, and you didn't notify me of your marriage. Do you think I have no money?"

He had heard that Li Zhenting had been divorced six years ago, but he didn't expect to have a wife again now, and he didn't even know it.

"I only have one wife, and she has always been her." Li Zhenting's face was terribly gloomy.

"Then..." Pei Jinchun had tens of thousands of questions in his mind. He wanted to get to the bottom of it, but when he saw Li Zhenting's gloomy and terrifying face, he was frightened and asked, "Young Master Li, besides the name, any other information?"

He throws him a can of beer, sits down, and turns on his computer.

"There is nothing else, there is only one name. She probably arrived in Belvedere twenty days ago." Li Zhenting took a sip of the beer.

## Chapter 1048: No matter how difficult it is, I will help you find her.

"Ah, this is difficult. You must know that Belvedere is not just here. There are counties, towns, and countless villages below Belvedere. The farthest place is at least two to three hundred kilometers away from here. It's hard, really hard to find a woman in the sea who only knows her name." Pei Jinchen frowned bitterly.

Li Zhenting smiled mockingly, and put a check in front of him: "How much do you want? Fill it out yourself."

Pei Jinchen's eyes lit up, he sat up straight, picked up the check, put it to his lips and kissed it: "Don't worry, no matter how difficult it is, I will help you find her."

"how long?"

"It will take about ten days at the earliest, you also know that Belvedere is so big..."

Li Zhenting threw another wad of money in front of him.

"Then I'll give it a week as soon as possible." Pei Jinchen's eyes turned green.

"Hurry up, I'll be staying at the Belvedere Hotel opposite, and I'll wait for your news anytime." Li Zhenting left after saying a word.

"Young Master Li, don't go, I'll cleanse you up." Pei Jinchen was about to hook his shoulder when he caught up.

"No, if there is no news within a week, I will wipe out 100 million of the market value of the Pei family's company." Li Zhenting warned, dodged, and his hand was empty.

He strode away.

Pei Jinchen looked at him helplessly.

I'm going, it's really a dick!

Do you really need such riches and powerfals?

He rolled his eyes at him!

Hey, you, Li Zhenting, have a day of chasing your wife, you deserve it!

Li Zhenting strode across to the Belvedere Hotel and opened a luxurious suite. After washing and settling down, he turned on the computer and started to start a strategy. Pei Jinchen alone was not enough to find Shen Ning. That guy could only be a backup, really You have to rely on yourself.

But when he opened the detailed distribution map of Belvedere, he was a little dumbfounded.

Of course, what Pei Jinchen said is correct. The geographical location of Belvedere is not only complicated, but also mostly in remote mountains and rivers. The southernmost Yuhe Village is nearly

300 kilometers away from Belvedere, and most of them are interspersed with mountains and rivers. The terrain is complex and remote. .

It is really not easy to find someone in this vast Belvedere.

While he was thinking about how to find a breakthrough, suddenly, there was a knock on the door outside.

"Who?" He asked in a deep voice.

He doesn't know anyone here.

There is no sound outside.

He thought it must be that guy Pei Jincheng, so he stood up and walked towards the door.

"Brother Jun." Who knows, just as he opened the door, suddenly, a fashionable and \*\*\*\* beauty rushed towards him.

He was startled, and immediately took a few steps back to avoid it, and asked sharply, "Who are you? What do you want to do?"

The beauty thought that she would be hugged by a man and make out, but she didn't expect not only to hit a nail, but also a bit of cold air hit her. look.

Looking at it, my heart was pounding, my cheeks were flushed, and my eyes were full of surprise.

Oh my god, where did this man get out of here! So noble and handsome! The whole body is full of majesty who has been in a high position for a long time.

This is not her handsome brother at all, this man is a thousand times or ten thousand times more masculine than her handsome brother.

She was dazzled and stood blankly.

Li Zhenting looked coldly at the woman's beauty and her \*\*\*\* dress, so she must have done something wrong.

"I don't need service here, get out." He snorted and was about to close the door.

At this time

The door of the opposite suite suddenly opened, and a young man with fair skin and slender skin appeared in front of him, holding his orchid fingers.

"Ah." The man was wearing short pajamas, twisted his slender waist, yawned lazily, obviously just woke up, suddenly looked up and saw Li Zhenting standing in the opposite suite, and was terrified He screamed, rubbed his big eyes and looked at Li Zhenting again in disbelief.

**Chapter 1049: i miss you so much**

"Li Zhijun."

"cousin."

The two men almost screamed when they saw each other.

"Cousin, why are you here?" Li Zhijun reacted quickly after being stunned for a moment, and rushed towards Li Zhenting, about to hug him with both hands.

Li Zhenting stretched out a hand to support his chest.

"Stop and talk." He said in a deep voice.

This guy is sissy, and Li Zhenting doesn't want to be \*\*\*\* with him.

"Cousin, I miss you so much, it's great, I, I'm so happy and excited to see you here." Li Zhijun exaggerated his expression and pretended to be excited, and kept getting close to him.

Really, his money is very tight recently!

The corners of Li Zhenting's lips twitched when he was so cowardly.

No wonder I haven't seen this guy for so long, so he ran here.

"Li Zhijun, what are you doing here?" He asked.

"Cousin, I came to see Brother Pei, and I have been here for a long time." Li Zhijun said helplessly.

In fact, since the last time he held a party and almost killed Shen Ning, he was hated by the Li family's grandma, but not long after this incident, he actually made another girl's belly bigger, causing the girl to come to the house to make noise and spoil the family style. The angry Grandma Li also ordered him to be sent to the frontier, and she was escorted to Licheng.

After Li Zhijun arrived in Licheng, he had nothing to do, so he found Pei Jinchen, and the two had similar tastes, so he stayed in the hotel opposite him, singing and dancing in his free time, and soon became restless, and started flirting with others. Just to find him.

Of course, he will not tell Li Zhenting the real situation.

"Brother Jun, it turns out that you live across the street. I got the room number wrong." At this moment, the girl was stunned for a while, and after figuring out the situation, she rushed towards Li Zhijun coquettishly.

"Get out." Li Zhijun raised his hand and pushed her away with a serious face, "I don't know you."  
do not know?

The girl was pushed back a few steps and almost fell, she froze there, her face full of grievances

The corners of Li Zhenting's lips curled up in a mocking arc: "I just arrived in Belvedere and want to take a rest, let's talk about it when there is something else."

He closed the door.

"Brother Jun, why do you say you don't know me? Why do you treat me like this?" Outside, the girl had tears in her big eyes, feeling aggrieved.

"Little fairy." Li Zhijun walked over and put his arms around her waist, and smiled, "I was just joking with you, don't be angry."

"I hate it, people just miss you, let's come and see you."

"Baby is so good, are you thinking from above or from below..." Li Zhijun grinned, walked towards the suite with his arms around the girl's waist, and closed the door behind him.

Li Zhenting shook his head when he heard it inside. It seems that this Belvedere is quite lively, and all these dudes have come here.

He walked to the computer and continued to study the geographical location of Belvedere.

The next day, Licheng Police Station.

"Mr. Li, Licheng is such a big city. It's really hard to find a foreigner just by one name. After all, all our files are registered with local household registration. For some foreigners, unless they have a temporary residence permit, it is difficult to find them." of."

Li Zhenting contacted the local police station through Zhongju, but the director of the police station also looked embarrassed.

"Thank you." Li Zhenting probably knew that this was too difficult for others, so he thanked him immediately and walked out.

#### **Chapter 1050: trying to buy him with a woman**

The sky in Belvedere was wet and drizzling.

Li Zhenting strolled on the street with a heavy heart, the drizzle drenched his head and body, and after a while his whole body was sticky.

He was very confused, he didn't know where to find Shen Ning, and he didn't know if this trip to Belvedere would return empty-handed.

"Young Master Li." While he was walking slowly, suddenly, a car stopped beside him, he turned his head, and saw Pei Jinchun sticking out his head, smiling, "Get in the car, I'll treat you to dinner today, Your cousin is here too, let's have fun."

"Cousin." At this time, another head poked out from the car, and it was Li Zhijun's monstrous face, with two peachy eyes smiling captivatingly.

Li Zhenting is not interested in eating, let alone with two such bad friends.

But before he had time to refuse, Pei Jinchun got out of the car and dragged him into the car.

"Young Master Li, we finally met in other provinces, let's have a meal and get together, unless you look down on us." Pei Jincheng giggled and started the car.

Li Zhenting had nowhere to go at this time, and he didn't know where to look for it next, so he could only follow them to eat. Besides, it was just a meal, so what else could there be.

He didn't refuse.

Lido Restaurant.

When Li Zhenting followed them in, there were three men in the box, two of them looked like businessmen, and the other was more gentle, probably the leader of a state-owned enterprise where he worked.

"Come on, Mr. Wang, Mr. Li, and Yang Ke, let me introduce you. This is Li Zhenting, the president of the Li Group." As soon as they entered, Pei Jincheng enthusiastically introduced them.

The eyes of the three of them lit up, and the richest man in the imperial capital that they often saw on TV appeared in front of them. They were both surprised and pleasantly surprised. They stood up in a panic and shook hands with Li Zhenting.

Li Zhenting was annoyed, these two guys were really unreliable, didn't they say to invite him to dinner, how could there be these people present.

Because of his affection, he entertained them with a smile.

"Mr. Li, it is better to see once than to hear a hundred times. I am so lucky to see you today. You are much more handsome in person than on TV." Mr. Wang complimented.

"Where, where."

Li Zhenting smiled faintly, but he was thinking in his heart that this kid Pei Jincheng has a lot of eyes, so he might be playing tricks on him today, otherwise how could there be businessmen here? Although he can drink a lot, he doesn't want to be caught. People took advantage of it, and just came out with an excuse when there was a phone call for him.

"I tell you, as long as you can make him happy, and he nods for the investment you want, Li's Group can make you eat and drink for the rest of your life." Li Zhenting heard it at the door as soon as he came back after answering the phone. This kid Pei Jincheng is bragging.

Sure enough, they want to use him!

He was a little annoyed, this kid is troubled wherever he goes, it seems that he will not change unless he is taught a lesson.

"When did Wu Nana come here? President Li came to Lijiang this time to find someone. He was looking for his wife. His wife has been in Lijiang for more than 20 days. He hasn't had a woman by his side for a long time. It is a man's loneliest and most frustrated time, if you make good use of it, any investment and cooperation will be no problem." Just as Li Zhenting was about to leave, Pei Jincheng spoke again from inside.

Li Zhenting was furious when he heard that.

This guy is so despicable that he even wants to bribe him with a woman.

"Don't worry, she'll be here soon. She's our hottest star in Lijiang, she's very ethnic, and she'll definitely make him feel fresh."

At this time, Li Zhijun was stunned and asked: "Brother Pei, you said my cousin came to find his wife, did you mean Shen Ning?"

"Yes, that's her."

"Have you found it now?"
