Chapter 1051: Daddy only loves your mommy

"Hey, it's difficult to only know a person's name for a while. We can only hold him back first, and then look for it slowly." Pei Jinchen sighed inside.

It was only then that Li Zhenting understood what Pei Jinchen meant. He just wanted to use someone else's hand to get a woman to hold him back first, let him fall into a gentle place, and then look for it slowly. After all, it was for the unlimited check.

This bastard!

Li Zhenting blushed with anger.

All right, come with me and see how I can fix you!

He took a deep breath and walked in, pretending he didn't know anything.

"President Li, sit down quickly." Everyone respectfully stood up to greet him, treating him like a lamb waiting to be slaughtered.

"You're welcome, everyone, sit down." He smiled, and sat down in the middle of the wine table without hesitation.

As soon as he sat down, a woman's laughter came from outside, and soon, a fashionable woman with heavy makeup and high heels walked in.

"Mr. Li, it turned out to be you, is it really you?" As soon as Wu Nana came in, she saw Li Zhenting sitting in the middle, her face was full of surprise, her cheeks were full of spring.

"Yes, of course it's Mr. Li. Nana, come and talk to Mr. Li. You don't usually have this chance to see him." Mr. Wang immediately instructed Wu Nana, pointing to the chair next to Li Zhenting.

"Okay." Wu Nana was very happy, and immediately twisted her waist and came to the chair next to Li Zhenting and sat down. As soon as she sat down, she approached Li Zhenting!

Li Zhenting's nostrils were immediately filled with a strong smell of perfume, and a look of disgust flashed in his eyes, and he wanted to kill Pei Jingchen in his heart.

"Mr. Li, do you like to drink Red Bull? I'll pour it for you." Wu Nana picked up the Red Bull on the table attentively, her almond eyes were full of spring.

Li Zhenting frowned, and before he could speak, suddenly, the phone rang.

When he saw that it was his daughter Xiaoxiao calling, the corners of his lips immediately turned up slightly, his face full of doting.

"Daddy, what are you doing now?" Li Zhenting picked up the phone, and Xiao Xiao asked childishly over there.

Li Zhenting's heart almost melted.

"Xiao Xiao, Daddy is eating." He replied gently.

"President Li, come, Red Bull." At this moment, Wu Nana poured a glass of Red Bull and put it in front of him, her voice coquettish.

Xiaoxiao immediately pricked up his ears: "Daddy, who are you eating with? Why did I hear a woman's voice, are you with a bad woman again?"

Li Zhenting felt a faint pain in his heart when he heard it, and his daughter's questioning made him even more ashamed.

He had already turned his phone on hands-free.

Therefore, the small voice can be heard throughout the box.

Everyone was stunned.

"Don't worry, Daddy only loves your mommy, and he will never be with any bad woman from now on." Li Zhenting replied clearly.

"Daddy, if you are with the bad woman again, then you are hopeless, I will never call you Daddy again, and, you promised me, from now on you can only see me and Mommy, Can't look at any woman." Xiao Xiao gave an order over there.

"Okay, okay, Xiaoxiao, you are really Daddy's baby, Daddy will listen to you in everything, don't worry, Daddy will never be with a bad woman, and he will never look at other women, Xiaoxiao, Daddy I love you so much, let me hang up first." Li Zhenting agreed and hung up the phone.

The entire box was very quiet.

Li Zhenting's eyes were sharp, bursting into a cold light, and said coldly to Wu Nana: "Has this lady heard? My daughter doesn't allow me to be with other women, nor does she allow me to look at other women. I'm sorry, please immediately leave."

Wu Nana's face turned pale.

"Get out." Li Zhenting yelled angrily, with a stern tone.

"Ah." Wu Nana can be regarded as a female star in Belvedere anyway, and has never been treated like this by a man. Generally speaking, as long as she posts it, men no matter what their status will covet her beauty, and they are only worried about not getting her. , How could she be so rejected, she said 'ah', bounced back, covered her mouth with her hands, and ran out sadly.

The faces of all the others changed color.

Chapter 1052: Guess who I met here?

"I tell you, my wife and daughter are everything to me. Don't get other women here. If you get them again, I'll settle the score with you one by one." Li Zhenting looked around, his eyes fell on Pei Jinchen's face like a knife cut like.

Pei Jinchen turned pale.

"Young Master Pei, that unlimited check is void. You don't need to look for my wife. In the future, don't appear in front of me again. Otherwise, I will take over your company." Li Zhenting scolded mercilessly and strode forward. go outside.

Pei Jinchen's face was black.

Li Zhijun seemed to be expecting this result, but also seemed to be unexpected, he patted Pei Jinchen's shoulder with a half smile: "Brother, this time you flattered the horse's leg, you don't know, my cousin It has changed, he only loves his wife and daughter."

If Pei Jinchen hadn't brought Wu Nana to accompany Li Zhenting today, the situation wouldn't have been so bad!

Right now, Li Zhenting was completely enraged.

"Fuck you, didn't Li Zhenting stay with other women before." Pei Jinchen couldn't figure it out, obviously Li Zhenting didn't love his wife in the past and was with Shen Mei every day, and then some little wind came, and now How did it change?

He originally wanted to take advantage of his loneliness and do what he liked, but who would have expected that he would offend his inverse scales and ask for trouble.

It seems that this time he is serious about finding his wife from thousands of miles away!

The banquet broke up unhappy!

Li Zhijun racked his brains all the way, and Li Zhenting definitely has true love for Shen Ning this time!

If this is the case, finding Shen Ning is equivalent to sending Li Zhenting a life-saving pill!

It's a thousand years of fame!

At that time, he will definitely be grateful to himself, and with his good friendship with Shen Ning, when the wind blows beside his pillow, all his dreams can come true!

Looks like it's time for a fight!

He quickened his pace and went back to the hotel. The door of Li Zhenting's room was closed. He thought about it and quickly called Li Jiaojiao.

"Brother, where have you been?" Li Jiaojiao couldn't help asking when she felt that she hadn't seen him for more than a month when she received a call from Li Zhijun.

"I'm here with friends in Belvedere."

"You really went to Belvedere, is grandma willing?" Li Jiaojiao had heard that her brother Li Zhijun had been dispatched to the frontier, so she thought it was just talking, but she didn't expect to go!

"Of course it's true." Li Zhijun smiled, and suddenly asked mysteriously, "Guess who I saw here?"
"who."

"Li Zhenting, haha." Li Zhijun laughed.

Li Jiaojiao was taken aback:

"Why did my cousin go there? Was he also exiled by the old man of the Li family?"

"Hey, let me tell you, he came here to find a wife."

"Cousin-in-law?" Li Jiaojiao was taken aback, "How did he know that cousin-in-law went to Licheng?"

"I don't know either. Anyway, he is looking for Shen Ning like crazy now, and he doesn't care about other women. He is very clean." After finishing speaking, Li Zhijun recounted the scene that just happened in the hotel, and he collapsed with laughter. on the bed.

"So, here's our chance to make a fortune." Finally, he stood up and spoke solemnly.

"How to get rich?" Li Jiaojiao was puzzled.

"You're stupid, think about it, Shen Ning is all he has now, if we can help him find Shen Ning, then it's not his parents, he must thank us, and he will agree to everything." Li Zhijun was very sure.

Li Jiaojiao lost her spirits when she heard the words.

She is the one who wants to find Shen Ning the most. Since Shen Ning disappeared, Ji Qingshan has disappeared, and now without Ji Qingshan, her whole body is as if her essence has been taken out.

"In this way, Jiaojiao, Shen Ning still has three children in Li's Castle. No matter how cruel she is, it is impossible for her to completely abandon the children. You will stick to Keke, Ding Ding, Xiaoxiao, and pay attention to them all the time. Take their advice and see if I can find clues, and I will look for them here too." Li Zhijun ordered over there.

Li Jiaojiao stood up.

"Okay, brother, I understand." After she hung up the phone, she drove towards Li's Castle, but her mind was full of Ji Qingshan's handsome face, which was full of nympho.

What the hell, she's not interested in money now, but rather in men!

Chapter 1053: Is it because the past was too painful?

In the small yard.

"Baby, Mommy can't play the piano for you, so I can only sing for you." Shen Ning sat on the gazebo, gently stroking her belly with both hands, and began to sing softly and cheerfully.

The singing is melodious and crisp, gentle and cheerful, the birds are chirping in the yard, the white clouds and blue sky are clear and bright above the head, the earth is soft, the breeze is blowing, how pure and comfortable it is.

Shen Ning sang earnestly, her voice was full of affection and mother's tenderness, and she sang softly to the fetuses in her womb.

The babies in the womb seemed to feel the joy of their mother, patting their bellies lightly in their womb.

Shen Ning looked at the small bag that suddenly bulged out of his protruding belly, stroked it with his fingers, and had a kind and loving smile on his face.

She stared at her stomach, and suddenly, a big white, slender and warm hand caressed her stomach, interacting intimately with the children.

She was stunned, an indifferent and heartless face flashed in her mind, and she frantically ran towards Xiaofeng's back, her heart suddenly felt a sharp pain, the singing stopped, and her heart felt congested.

At this time, the little guy in the stomach started punching and kicking with a tacit understanding.

She woke up with a start and realized that she was hallucinating. She hurriedly stroked her stomach with both hands, and apologized repeatedly: "I'm sorry, baby, Mommy was distracted. Mommy is wrong. Mommy went to pick mulberries for you to eat."

She stood up and walked towards the mulberry tree beside the yard.

Damn it!

Such a picture would always flash in her mind involuntarily.

He has long since become a thing of the past, and he will never have any interaction with her again. Why do you still think of him?

Probably because the past was so painful that her brain could not be completely shut down, or subconsciously, she always felt that the children lacked fatherly love, so she fantasized about having a father come to accompany them.

When she was pregnant last time, she was alone and helpless, and this time, she was alone again. Her children never received the love of a father in the womb, and as a woman, she never received any care from her husband when she was pregnant with the child and needed her husband the most. This is the reason for her hallucinations Bar.

With her big belly, she picked up a small basket from the gazebo and came to the side of the mulberry tree.

The mulberry tree is full of mulberries, which are black, big, long, sweet, and Shen Ning likes to eat them very much.

She picked some side branches, but the top ones were too high to pick. She was pregnant and couldn't stretch her arms out. She was thinking about how to pick them.

"Sister." Zhang Xiaoxian's crisp cry came from outside the yard.

"Xiaoxian, come in and help me pick mulberries." Shen Ning called happily, put down the basket and went to open the door.

Zhang Xiaoxian walked in carrying a large bag of dried flowers and Chinese medicinal materials.

"Sister, look, these are all the freshest gardenia flowers, apricots, peach blossoms, dandelions, some dried wild flowers and various Chinese herbal medicines this year." She said happily.

These are some fresh flower petals she collected this year and dried, because Shen Ning said that these can be made into spice bags to sell for money.

She is so short of money, she just wants to take care of her parents and do some handwork to earn some money. It is really difficult to make money in this poor country.

"Okay, let's pick the mulberries first and eat them. If we don't pick them, they will fall off. What a pity." Shen Ning pulled her in, took her to the side of the mulberry tree, pointed to the **** ones on it and said: "You step on Take a chair and pick those."

Zhang Xiaoxian looked at it and smiled: "This is what I am best at, you see."

While speaking, she grabbed the railing of the courtyard wall with one hand, and climbed up in a few strokes. In just a few strokes, a large basket was full of mulberries.

She jumped down and took it to wash.

The two sat in the yard and tasted it.

"Sister Ning, can these dried flowers really be sold as spice bags?"

Chapter 1054: If you say yes, it will work.

"Of course." Shen Ning looked at the bag of pure fragrant and pure color flowers and medicinal materials, and replied affirmatively, "However, we still need some spices, and we will bring them back when we go to Yuan County next time, and you can sell them online , and can also be sold in the market."

This place really has all kinds of scarce Chinese herbal medicines, which can be made into various spice packs, including anti-mosquito packs, prevent four-season flu packs for children, relieve spring sleepiness packs, prevent hand, foot and mouth disease, and prevent coronary heart disease packs. It has very realistic practical significance.

"Sister, as long as you say you can sell for money, I will believe you. Anyway, you are well-informed, so you will be able to do what you say." Zhang Xiaoxian's eyes are full of admiration.

Shen Ning is really perfect for her, she is like a fairy lady, and now she is pregnant, if she is not pregnant, I don't know how beautiful she is!

She has 100% trust in Shen Ning.

Blue Whale Kindergarten.

"Ke Ke, Ding Ding, Xiao Xiao." Li Jiaojiao came here a long time ago. As soon as the kindergarten bell rang, she got out of the car and stood at the gate. After a while, the three little guys came out.

"Aunt Jiaojiao, good afternoon." San Xiaozhi greeted her.

"Good afternoon, babies." Li Jiaojiao smiled kindly, "Auntie will take you to play today?"

San Xiao only looked at her: "We don't want to play, we just want to see Grandma Dong."

Grandma Dong?

Li Jiaojiao was taken aback, isn't that Aunt Dong!

"Then aunt will take you to find her, okay?"

"Okay." The three little ones nodded in unison.

At this time, Butler Luo also brought Xiao Li to pick up the children, and Lan Lan ran out from behind with his chubby legs.

"Aunt Jiaojiao." Lan Lan was very excited to see Li Jiaojiao.

"Lan Lan." Li Jiaojiao picked up Lan Lan and kissed her, then handed her over to Butler Luo, "Lan Lan, I want to take Ke Ke, Ding Ding, Xiao Xiao to find their Grandma Dong, and you and Luo Uncle, go back first."

Lan Lan originally wanted to go with them, but when she heard that she was going to find Grandma Dong, she let it go, because she didn't like Grandma Dong very much, and thought she was just a servant, not interesting.

So, she went home with Butler Luo, while Li Jiaojiao took the three little ones outside.

"Ke Ke, Ding Ding, Xiao Xiao, hasn't your mommy contacted you all this time?" Along the way, Li Jiaojiao tried every means to say something.

"No. Mommy doesn't want us anymore." The three little ones were very frustrated.

"We miss Grandma Dong, she might know where Mummy has gone." Ke Ke analyzed.

"So what if you know? Mommy left because she was too disappointed with Daddy. Unless Daddy can make Mommy forgive him, or Daddy gives up our custody to Mommy, we will never see It's Mommy." Xiao Xiao said very sensibly, and shed tears after speaking.

Ding Ding also had a sad face on his face: "Hey, Daddy is so scumbag, always hurting Mommy's heart, and occupying us, we are so miserable."

Li Jiaojiao was amused and annoyed, but judging from the children's current reactions, Shen Ning had indeed made up her mind not to come back, otherwise, it would be impossible for her not to contact her biological children for so long.

It can be seen how disappointed she is with Li Zhenting!

Soon, the car stopped in front of a white villa.

Li Jiaojiao took a look. This villa is quite old. It should have been built around the 1970s. It was a dowry given to Shao Meiqi by the Shao family. It still looks a bit grand now. Back then, it must have been a mansion among mansions. .

Things are really impermanent!

She sighed a little, when the children opened the car door and ran down.

"Grandma Dong." They ran to the gate and shouted in unison.

"Hey." It didn't take long for an old woman's reply to come from inside, and soon Aunt Dong's figure ran out, "My little ancestors, you are here to see Grandma Dong."

Aunt Dong was very excited when she saw the children.

It's too deserted for her to live in this villa alone! So lonely!

"Grandma Dong, we miss you very much." The three little guys hugged Aunt Dong's thigh with one, and held her hand with great enthusiasm.

"I miss you too." Aunt Dong greeted them with moist eyes, and brought them into the villa.

Chapter 1055: smells like mommy

"Aunt Dong, don't be too busy. I'll take the children out to eat later." Seeing Aunt Dong busy cooking for the children, Li Jiaojiao hurriedly said.

"That's not okay. When the children come to me, they have to eat before leaving. Besides, they come to me because they want to eat the dishes made by her mother. I can cook all the dishes made by her mother. Let me explain to them. Satisfy your gluttony." Aunt Dong smiled.

Li Jiaojiao was speechless.

Which child doesn't want to eat meals made by his mother!

"Grandma Dong, we all miss Mommy so much." Aunt Dong was busy at the side, and the three little guys followed her around like a dog's skin plaster.

"I miss her too." Aunt Dong's heart sank, her eyes were full of pain.

"Has my mommy never contacted you?" Xiaoxiao asked sensibly.

"Of course not." Aunt Dong was very depressed, "If you contact me, I will tell you."

"Okay." The three little ones stopped humming.

"Go to the living room to play and eat some fruit. They are all grown in the front and back yards. They are delicious." Aunt Dong took the children to the living room and let them eat the fruit, while she went into the kitchen to get busy.

After a while, the food was served.

These are the ones that Shen Ning usually cooks for them: cola chicken wings, steamed pork ribs, big bones with sauce, and open-sided shrimp, and porridge.

"It's delicious, it tastes like Mommy, Grandma Dong, can we still eat it in the future?" Coco asked innocently with her mouth curled up.

At first, I thought that Grandma Dong would answer happily, but I didn't expect Grandma Dong to ponder for a while and then said: "Grandma Dong will return to her hometown, Belvedere next month."

"Oh." The three little ones gave an "oh" in disappointment, then lowered their heads and stopped talking.

Li Jiaojiao immediately raised her head and asked, "Aunt Dong, so you are also from Licheng."

"Yes."

"Belvedere is a good place, where is your home in Belvedere?"

"Yuan County." Aunt Dong focused all her attention on the children and didn't think too much, so she answered casually, but when she looked up, she saw Li Jiaojiao was looking at her with bright eyes, and her heart skipped a beat. Shen, suddenly realized that he had slipped his tongue, and hurriedly said again: "Belvedere is a good place, there are many counties, and our family lives in Tao County."

Li Jiaojiao just heard her say that 'Yuan County' is now 'Tao County', so she hurriedly asked, "Aunt Dong, is your hometown in Tao County or Yuan County?"

"Tao County." Aunt Dong knew that she had slipped her tongue, so she had to insist on the latter statement. After all, it was not her real hometown, and it was still far away from her hometown of Yuan County.

Even if she guessed it, it would be difficult to find someone.

Besides, this cousin can't hide her words, but fortunately, she was alerted in time.

"Oh, good." Li Jiaojiao nodded, but her heart was full of twists and turns.

Li Zhenting went to Belvedere to find his cousin, so why did the cousin suddenly go to Belvedere? This was a doubtful point for her to understand, but now she suddenly heard Aunt Dong say that she was going back to her hometown, Licheng, and she suddenly felt a sense of enlightenment.

It seems that the cousin-in-law has gone to Aunt Dong's hometown.

That is to say, where can a woman go with a child and no one to rely on.

Even if you want to go, you have to go to a place where you have acquaintances.

Aunt Dong can be regarded as the only natal family of the cousin-in-law.

There was ecstasy in her heart.

"Aunt Dong, when will you return to Yuan County? Do you want me to see you off?" She smiled and asked flatteringly, wanting to take this opportunity to uncover some more secrets to find Shen Ning.

"I'm just talking about it. Besides, I don't have any relatives in my hometown. I'm getting old and I'm not used to going back. I just think that there are a few good sisters who want to visit them. There is a high probability that they will not go back." Aunt Dong was very vigilant, she simply replied and changed the subject.

No matter what Li Jiaojiao asked later, she would not talk about the question just now.

But this alone already made Li Jiaojiao very excited. If she could find her cousin by following the vine, she would have made a great contribution.

After eating, she happily went back to Li's Castle with a few little ones.

After she got home, the first call she made was to Li Zhijun.

Chapter 1056: you really understand me

In the Belvedere Hotel suite, Li Zhenting was busy.

After thinking over and over again, he thought that it would be too difficult to find Shen Ning in the vast crowd! You must rely on the contemporary network!

In modern society, self-media is pervasive. Unless Shen Ning stays in the virgin forest, he can see his sincerity.

He first wrote a letter of repentance with tens of thousands of words, and then contacted the most influential media in Lijiang and some big Vs, and wrote out all his confession and longing for Shen Ning.

In addition to expressing his confession and loyalty to Shen Ning from the air, he also appeared on the local TV station and talked about his search for a wife with emotion.

Soon, all the local media knew that Li Zhenting, the richest man in the imperial capital, was looking for a wife.

After finishing all this, he started sending messages to Shen Ning's mailbox.

This is the only contact method that Shen Ning can still receive signals so far.

He thought, it must be because of Gucci that she didn't close the mailbox. After all, she is still the president of Gucci, and Marley has to report some things to her.

He started to write a review, deeply reflect on himself, and kept apologizing to her, hoping she could see it.

Just as he was writing his second review, there was a knock on the door.

"Who?" He asked in a deep voice.

"Cousin, it's me." Li Zhijun's voice came from outside.

"What's up?"

"Cousin, you open the door first, I have something to tell you."

"I'm busy, I don't have time." Li Zhenting refused without even thinking about it. Apart from asking him for money, this guy basically has nothing serious to do, and he has no time to chat with him.

"Cousin, I have business to see you this time, please open the door." Li Zhijun patted the door panel and continued to pester.

Li Zhenting became impatient, and said: "If you don't leave, I will be rude to you."

Li Zhijun was in a hurry, and said loudly outside: "Cousin, I know the relevant information about my cousin, and I want to tell you. If you don't open the door, I won't tell you."

Li Zhenting was taken aback for a moment, did this kid know about Shen Ning?

Cheat ghosts! If he couldn't find it, where would he look for it?

"Cousin, really, I already have some news about Shen Ning, open the door quickly, and I'll tell you." Li Zhijun said at the door again, "I'm different from Pei Jinchun, he just wants to lie to you, I just I want to tell you that because you are my cousin, I have a good relationship with Shen Ning, and I really want to help you have a happy reunion."

Li Zhenting was stunned for a moment, feeling a little moved.

Not to mention, Shen Ning and Li Zhijun still have some friendship, they are dance partners, maybe this guy really knows something.

So

He got up and opened the door.

"Cousin, don't you even believe me? You didn't even open the door for me." Li Zhijun complained as soon as he came in.

Li Zhenting asked: "Do you have any news about Shen Ning?"

"Well, there are some."

"Say it."

"Don't worry, cousin, let's drink some water first." Li Zhijun walked in twisting his waist, went to the desk, picked up a bottle of mineral water, unscrewed it, and poured it into his mouth.

Li Zhenting stood against the cabinet, wanting to see what tricks he was going to play.

"Review?" Li Zhijun suddenly saw the three words written on the computer when he put down the mineral water, and screamed.

Li Zhenting blushed, and immediately rushed over to turn off the computer, and shouted: "Aren't you going to tell me where Shen Ning is? Hurry up and tell me."

Li Zhijun grinned: "Don't worry, I will definitely tell you, but well, I have something to ask for your help."

"Help? Money is tight again?" Li Zhenting narrowed his eyes and sneered.

"Ah, cousin, you really understand me very well." Li Zhijun immediately hugged Li Zhenting, as if he had found a nanny, "It's really hard for me. Now I'm sent here, and my family only gives me five per month. Thousands of expenses, my rent is more than that, how can I live like this."

As he spoke, he squeezed out a few tears.

Chapter 1057: Hurry up and find it

"Hey, you're really good at it." Li Zhenting looked at his hopeless appearance, and threw him away with disgust on his face, "I know what you're thinking, all of this is your own fault, get out."

"Cousin, this is not good. I am different from Pei Jinchun. He really wants your money, but I am not entirely. I sincerely hope that you and your cousin can reunite. You would rather open up to Pei Jinchun." Why don't you give me a dime when you pay a sky-high check? I must ask for less than him."

Li Zhenting sneered: "Isn't it the same deception? What's the difference?"

"Of course." Li Zhijun grinned, "You are my cousin, Shen Ning is my cousin, we are relatives."

"It's a relative, do you still want money?"

"I can't help it, cousin, haven't I been driven to a dead end, I promise this is the last time, I will think it over in the future, and I will make a career."

"What business?"

"Really, I've been thinking about it for a long time. The tourist industry in Belvedere is well developed. I want to open a travel agency for tourism, and I also want to open a dance training class." He said seriously, "It's just that I'm Lack of start-up funds, the store and the plan are ready, I implore my cousin to help, okay? If I make money in the future, I will return it to you."

"Repay?" Li Zhenting seemed to be listening to heaven, "Since when did you pay back the money?"

"No matter what, you have to trust me. This time, it's really the last time." He cursed and swore!

Li Zhenting circled his arms and looked at him. This kid actually had a good idea, but he didn't know if he was sincere or just joking.

"In this way, if you can really help me find Shen Ning, I will give you a reward. If you come to blackmail me, I will make you die embarrassingly."

"Don't worry, I'm absolutely sincere. Besides, you see that we met so far away, which means that you are the noble person sent to me by heaven, and we are destined." Li Zhijun patted his cheek Flattery.

"How much do you want?" Li Zhenting had a gloomy face.

"Not much, just 5 million."

Li Zhenting narrowed his eyes and looked at him dangerously: "Where is Shen Ning now?"

"Cousin, give me the money first, and I'll talk about it later."

"You..." Li Zhenting's eyes were terrifying.

"Cousin, my relatives, I really won't lie to you, give me the money quickly, now my cousin is pregnant, how difficult it is for a pregnant woman, if you don't rush there earlier, if something happens, it will be I will regret it for the rest of my life." Li Zhijun took out the killer gun.

Li Zhenting's heart was severely blunted.

"I only have 50,000 on me, tell me the address first, and I'll give you the rest after I find it." He said.

Li Zhijun was a little dumbfounded, only 50,000? But it's right to think about it, who has 5 million lying on their body for no reason these days, but 50,000 is really too little.

"Cousin, can you give me more first." He cried with a sad face.

"If you want it, if you don't want it, go away, I will find it myself." Li Zhenting became impatient, "With 5 million people, you can find someone anywhere."

"Okay, 50,000 is 50,000, but you have to give me the rest of the money after you find my cousin. I have already recorded the sound, and you have no way to cheat." Li Zhijun gritted his teeth, thinking that he would be able to do it soon Get 50,000, okay.

Li Zhenting's face was horrified, so he took out his mobile phone and passed it to him.

"Cousin, my cousin is in Tao County, Licheng, you should go find it quickly." Li Zhijun looked at the 50,000 in his phone, raised his phone, and finally said it.

"Peach County? How do you know?"

"Hey, cousin, you can go quickly, and you don't have to worry about how I know." Li Zhijun grinned and ran outside.

"Hello, where is Tao County?"

"I can only tell you this for the time being. Anyway, my cousin is in Taoxian County. You can't stay here in Licheng. You have to go down to the county town." Li Zhijun ran for a long distance in a cool manner.

"Li Zhijun, if I can't find Shen Ning in Tao County, I will come back and pull your skin." Li Zhenting gritted his teeth.

But Li Zhijun couldn't hear it anymore!

Chapter 1058: This place is a must

Li Zhenting returned to his room and turned on the computer to search Xiatao County.

Tao County is located in the north-central part of Lijiang, on the lower reaches of the Zijiang River. There are 13 towns below it, and each town has 20 villages... His eyes were dazzled and his back felt chills.

It is also very difficult to find a person here.

Is Shen Ning in Tao County? Can Li Zhijun believe what he said?

He put his head in his hands and fell into a painful decision.

It was night, and he was in a drowsy sleep. Suddenly, someone shouted: "Help, help."

The voice is very familiar.

"Ning Ning."

He suddenly opened his eyes, and saw that he was standing in a vast white river. Not far in front of him, a pregnant woman was floating on the water, holding a log in both hands. She was thrown into the water.

"Ning Ning." He could see clearly that the pregnant woman was Shen Ning.

She looked at him desperately and helplessly, and shouted 'help me' to him.

He was in a hurry and ran towards her vigorously.

But no matter how I ran, I just couldn't reach her.

After a while, he watched helplessly as the water around her was bright red. Slowly, she stopped shouting, and finally just gave him a resentful look, and her whole body sank.

"Ning Ning, Ning Ning." He shouted heartbreakingly.

It wasn't until he woke himself up that he realized that there was darkness in front of him. He was sleeping on the big bed in the hotel. It turned out that it was just a nightmare!

He wiped his forehead, it was full of sweat, after a while, he lay down again.

This time, it is no longer the vast water surface, but the flat land separated by water, with red bricks and green tiles, very poetic and picturesque.

"Ah." While he was standing admiring, a woman's painful and sharp cry came over.

He was startled, and quickly followed the voice to look.

I saw a pregnant woman lying on the ground, holding her belly with her hands, and blood was flowing from between her thighs.

"Please, save my child." She shouted at him, tears streaming down her face.

"Ning Ning." Li Zhenting shuddered, shouted, and ran towards her.

This time, he was able to get close to her by running over, but when he knelt down, the woman's face turned pale, her eyes were vicious and sharp, and there was a deep hatred in her eyes.

He fell to the ground with a guilty conscience in fright, and when he was so ashamed that he wanted to apologize to her, the woman's eyes and nose were bleeding, and the blood from her lower body flowed out like water.

"No, Ningning, don't do this." He shouted, turned over and sat up suddenly.

The sun came in from the window, and it was already bright.

It turned out that I had another nightmare.

Two nightmares in a row made him mentally exhausted and he had no strength in his body.

After having breakfast and washing up, he sat in front of the computer and opened the panoramic map of Tao County.

On the map, the vast expanse of white water and the tile-roofed houses in green and red are more like the scene in the dream last night!

Sudden

He felt that this place must be visited, and a strange feeling made him faintly feel that this place would have something to do with him, so he quickly packed up his things and started to set off.

Sitting in the car, looking at the pure blue sky and white clouds outside, thinking of the dream last night, he suddenly felt an inexplicable sadness and worry.

In both dreams, Shen Ning was in a desperate situation and asked him for help!

She will be fine!

Shen Ning, can you see my message on the Internet and the missing person announcement on TV? I am looking for you all over the world, I beg you to give me a chance to redeem my sins, I would rather accept any punishment, I just beg you not to torture myself and the child in my stomach.

He sighed heavily.

Chapter 1059: It's been a half month of hard work!

After arriving in Taojiang, Li Zhenting went directly to a local tour guide and asked him to lead someone to help find Shen Ning.

The tour guide said that he is a local and is very familiar with Taojiang. There are acquaintances in every village. Generally, he will know what happened within a few miles. .

Li Zhenting was very happy and gave him a generous reward.

He himself drove around Taojiang streets and alleys, went to a town every day, and went to the countryside to search.

But a week passed and nothing was found.

The tour guide he entrusted couldn't find any information. He gradually suspected that Li Zhijun was lying to him, and hated him so much.

Finally, after another three days of delay, he no longer wanted to waste time here, so he took a car and prepared to go to another place to look for it. As for where he was going, he didn't know!

The car bumped on the county-level road, tired and sleepy, he fell asleep unknowingly, until a voice sounded: "Yuanxian terminal is here, please get off."

When he opened his eyes, he saw a half-new bus station, and he came to Yuan County.

Seeing that everyone in the car got out of the car one after another, a wry smile floated on the corner of his lips, as soon as he came, he would be at ease, let's sleep here for a night before talking.

He got off the bus with his briefcase.

His unrestrained appearance, straight figure, long legs, and extraordinary temperament make him stand out like a star in this small county.

He walked with his head down, trying not to look at the amazed or envious eyes cast on him, and walked into one of the most expensive hotels in the area.

The lady at the front desk was so oppressed by his low and dignified demeanor that she had difficulty breathing, she looked at him quietly, and when she got his ID card, she realized that this man was from the imperial capital, and she looked up to him even more.

Li Zhenting smiled wryly in his heart, took the room card and went upstairs.

"Li Zhijun." As soon as he entered the room, he gritted his teeth and dialed Li Zhijun's cell phone.

At that time, Li Zhijun was flirting in the arms of a woman. He was so frightened by the sound of Li Zhenting gnashing his teeth that his whole body turned cold, and he bounced up before he could put on his trouser fork.

"Cousin, what? Didn't you find Shen Ning?" He panicked.

"Li Zhijun, you wait for me to go back and peel your skin and constrict your tendons." Li Zhenting was furious.

"No." Li Zhijun's face changed color, and he smiled flatteringly, "If you can't find it in Tao County, go to Yuan County to find her. She should be in these two places. You must know that Aunt Dong's hometown is in Licheng. these two places."

Out of the desire to survive, he had no choice but to tell the whole story.

Li Zhenting was stunned for a moment, and suddenly the word "Aunt Dong" was like a flash of light, splitting a dazzling light in front of his eyes, and he felt a sense in his heart.

It turns out that Aunt Dong's hometown is Belvedere!

He thought of Aunt Dong at the very beginning, but he got nothing from Aunt Dong, and never thought of asking about her hometown.

Aunt Dong is definitely Shen Ning's closest family member!

If Shen Ning wants to leave the imperial capital, it is entirely possible to go to Aunt Dong's family!

It seems that this time Li Zhijun is still reliable.

He didn't say anything more and hung up the phone.

Tao County and Yuan County are two places. He has found the bottom of Tao County, so he will focus on Yuan County.

While thinking this way, he called Leng Xue and asked him to check Aunt Dong's resume.

Cold-blooded agreed.

Li Zhenting suddenly felt light all over his body, and went to the bathroom to take a shower. After he came out of the shower, a cold-blooded phone call came.

"President Li, Aunt Dong no longer lives in that villa."

"What? Where did she go?"

"I just went to find her in person, but there was no one there. I asked the people nearby, and they said that Aunt Dong had left the imperial capital and returned to her hometown."

Li Zhenting's hand holding the phone began to tremble.

"Then have you asked where Aunt Dong's hometown is?"

"Yes, I went to Shaw Brothers and found Li Meiyuan and Director Li. She checked for me and said that Aunt Dong had been with Jun Meizhen since she was very young. There was no record of her at home, but they all seemed to know about her. My hometown is Yuan County, Licheng."

Yuan County?

Indeed!

It is very likely that Aunt Dong played a sloppy eye and tricked Li Jiaojiao! Even he was cheated, half a month of hard work was in vain!

Chapter 1060: Go to Yuan County for prenatal examination

"Okay, I see." Li Zhenting hung up the phone, and inexplicably felt an indescribable breath lingering in the air. This time, he finally knew Shen Ning's whereabouts. yes!

only

Has Aunt Dong come back here?

Will she take Shen Ning away again?

Thinking of this, I was so anxious that I picked up my briefcase after eating something and walked outside.

"Sister Ning, I didn't expect this spice bag to sell so well. If I had known, I would have picked more flowers." In the small courtyard, Zhang Xiaoxian's laughter was particularly crisp.

Ever since Shen Ning said that she would teach her how to make a spice bag last time, she has been interested in it, but she did not expect that after Shen Ning's skillful handling, the spice bag not only has a beautiful appearance and good material, but also has different effects. Some of the spice packets were sold at the Yuanxian market, and some were put on the Internet. Soon, they were all sold out.

Zhang Xiaoxian actually made a full two thousand yuan, which made her very happy, but the raw materials were used up, and there were still many customers who were urging, but they were out of stock.

For example, mosquito traps and seasonal flu prevention kits, there is almost no need to sell them, and the locals come and buy them all.

Shen Ning smiled: "Now that you have learned it, you don't have to worry. Prepare well for the next year, and then sell more money."

"But I want to continue to do business." Zhang Xiaoxian thought of the scene of her mother crying for pain last night, with a sad face.

"How much will it cost?"

"If you go to the hospital, it will cost at least two or three thousand."

"How about this, I'll lend it to you first, and then return it to me when you earn money next year?" Shen Ning said after thinking about it.

Zhang Xiaoxian has a strong self-esteem. She asked her to give her money several times, but she refused to accept it. She could only think of making some money by making spice bags, but right now the spice bags have been sold out, so there is no money to make.

"This is not good." Zhang Xiaoxian shook her head vigorously, "You also need money, I can't use your money."

"I said it was a loan. Now your mother needs money to treat her illness."

"But you lent it to me, what do you do? You are about to give birth soon."

"I'm rich, so don't be afraid." Shen Ning patted her on the shoulder and smiled, "Well, I'm going to Yuanxian County tomorrow for a prenatal checkup, so you accompany me there, and then we'll go to the market to see if we can get some Some dried flowers and spices, come back to process, try it, as long as you can solve the raw materials, you can also make some money."

"Okay, then you just need to give me advice, and I will do everything." Zhang Xiaoxian was very happy, but she was happy with any money that could be earned through labor.

Early the next morning.

Zhang Xiaoxian came to Shen Ning's house with a big bag on her back.

"Sister Ning, be careful." As soon as she came over, she saw Shen Ning moving out clumsily with her big belly, and almost tripped over the threshold, her heart almost stopped beating in fright, so she hurried up to help her.

"It's okay." Shen Ning smiled.

"Sister Ning, your belly is so big, it feels like you're about to give birth."

Can the twins be small?

Shen Ning smiled wryly. The last time she had the third child, Ji Qingshan didn't let her go to the ground. She just lay on the bed all day long. At that time, she had grandma and Ji Qingshan, so she still had someone to rely on, but now...

"Sister Ning, do you want to go to the hospital early? I don't feel very well when you stay at home alone." Zhang Xiaoxian was terrified. She had parents to take care of her at home, so she couldn't come to accompany her. A pregnant woman, It's not safe to stay at home alone with such a big belly.

"It's okay, let's go to the maternity checkup first to see the situation." Shen Ning smiled, at least one and a half months before giving birth, what are you doing in the hospital at this time, she thinks it's okay, there's nothing wrong with it.

"Okay, let's go." Zhang Xiaoxian nodded, and helped Shen Ning to walk outside.
