

Troublemakers 1071

Chapter 1071: I have found Shen Ning's whereabouts

"Don't be afraid, I'm here." The girl comforted him, stroking his cheek with her soft hands, like a spring flowing into the barren desert.

"Ning Ning." He reached out and grabbed her hand, shouting emotionally.

"Zhen Ting, do your eyes hurt? I gave you a hot compress, and the doctor said he will treat you. Don't be afraid." The girl comforted her softly.

A smile appeared on Li Zhenting's face, he turned over, but fell into a deeper dream again.

"Li Zhenting, I hate you, I'm not your Xiaofeng, get out."

"No, Ningning, you've always been what I've been looking for."

"Liar, get out, I won't trust you again."

He dreamed that he found Shen Ning. She was still so beautiful, with a big belly and a slight smile, but when she saw him, her face changed. At some point, she held a knife in her hand, shining brightly and viciously. let him go.

He was heartbroken, and turned over again, trying to make himself more comfortable, but at this moment, the cries of children came from his ears, louder and louder.

"Scum daddy, where is our mommy, we want mommy, you are not a good daddy, we don't want you."

"We won't recognize you in the future, and we won't want you. We're going to find Mommy."

...

"Coco, Ding Ding, Xiao Xiao." He murmured, excruciatingly painful.

A chill hit him, he shrank back, and after an unknown amount of time, he finally woke up, with a bright light in front of his eyes.

It was already noon the next day.

He rolled over and got up.

I only feel pain all over, my throat is hoarse, and my lips are dry. It seems that this time I really fell ill.

He drooped his head and stroked his temple with his fingers. Last night, when he dreamed that dream for the first time, he didn't call Xiaofeng's name, but Shen Ning's name.

Could it be that the girl in the dream has always been Shen Ning!

He sat in a daze, lost in thought!

After a while, his cell phone rang.

After a long time, he picked it up.

"Young Master Li, it's me, Pei Jinchen." Pei Jinchen's clear voice came from the phone.

Li Zhenting's face was dull, as if he didn't hear, he sat blankly.

"Hey, Young Master Li, is that you?" Pei Jinchen didn't hear his reply, but thought he was still angry because of what happened that day, so he was busy laughing over there: "Don't be angry, I really wanted that night I invited you to dinner, and I also want to find a woman to accompany you. Who knows that you are now abstinent and become a monk. In order to make up for the mistake of that night, I want to tell you a big news today. This time, I am free, no charge You have the money, let me tell you, I have found Shen Ning's whereabouts."

After speaking, his tone was excited, and he was waiting to claim credit.

But Li Zhenting was already unresponsive, and it took him a long time to open his mouth: "What did you say?"

He didn't make a sound, but when he made a sound, his voice was hoarse, like a duck.

"Hello, is that you? Li Zhenting." After being stunned for a moment, Pei Jinchen immediately asked, took away the phone and checked, is this Li Zhenting's phone? How did his deep magnetic voice become like this? Could it be that his mobile phone was stolen?

"Yes, what were you talking about just now?" The disheartened Li Zhenting finally came to his senses and asked.

Pei Jinchen heard clearly this time, yes, it was Li Zhenting's voice.

"Young Master Li, what's wrong with your voice?"

"Let's talk less, what did you just say? Have you found Shen Ning?"

"Yes." Pei Jinchen was smiling smugly over there, and he finally became anxious. When he was still thinking about whether to sell it again, he heard Li Zhenting angrily said over there: "Pei Jincheng, how dare you fool me last time?" Lie to me again? Do you think I didn't clean up enough for you last time?"

"No, I didn't lie to you. This time, I really found it." When Pei Jinchen heard this, he became anxious.

"Hmph, where did you say?"

"She is in Yuhe Village, Yuan County." Pei Jinchen blurted out.

Yuhe Village?

Li Zhenting's aperture shrank, and after being stunned for a while, he immediately hung up the phone.

Chapter 1072: She ran out angry

He immediately took out the map and looked it over carefully, but there was only a small icon on the map of Yuan County for such a village. He raised his head blankly, recalling something in his mind, picked up the briefcase next to him and ran outside.

'Yuhe Village, Yuhe Village. '

He repeated the name of the village and crossed three ferries in a row.

"Excuse me, old man, where is Yuhe Village?" When he was standing on the pier and didn't know where to go, an old woman walked forward slowly with something, and he chased after him and asked politely.

The old lady glanced at him and pointed with her finger: "Young man, you are a foreigner, Yuhe Village is just ahead."

"Yes, old man, I'm from out of town." Li Zhenting's eyes lit up, and he was very happy, and finally found it.

At this time, the old lady smiled and said: "I am also from Yuhe Village, young man, if you want to go, just go with me."

"Okay, okay, thank you, thank you so much." Li Zhenting was overjoyed, "Old lady, let me carry your things for you."

He took the initiative to carry things for the aunt, and the two talked while walking.

"Young man, how many groups are you going to Yuhe Village?"

"Auntie, are there many groups in Yuhe Village?"

"Of course, there are ten groups."

Li Zhenting was stunned, God, there are ten groups in this village alone, so it will take a lot of trouble.

"Auntie, I came to Yuhe Village to find someone, and now I don't know which group she lives in."

"Oh, who are you looking for? What do you do? Is it someone from our village?" the old lady asked with concern.

She has stayed in this village all her life, and she has never seen such a noble young man, even her relatives have never heard of it. It is very strange to see him looking for someone now. I really don't know which family can have such a Noble relatives!

"I'm looking for my wife, her name is Shen Ning, she is pregnant now, she is not from your local area, she just came here to borrow." Li Zhenting answered truthfully after thinking for a while.

"Your wife." The old lady looked at him in surprise, "Why did your wife come to a remote village like ours when she was pregnant? Whose house are you staying at?"

Li Zhenting's face was full of shame, like a child who has done something wrong: "I am sorry for her, she ran out in anger, and I came to find her to go back."

"Oh, the young couple quarreled." A smile floated on the old lady's face, "It's okay, the husband and wife quarreled at the end of the bed, as long as you are sincere and patient, you will definitely be able to take your wife back. Young man, my wife is pregnant. You have to treat her better. The worst thing a woman suffers is getting pregnant and having a baby. It's really not easy. Thinking of when I was pregnant at that time, I didn't have anything to eat. I was so hungry that my husband's family treated me badly. Scold me, I will remember it all my life."

"Yes, what the aunt said is true." Li Zhenting felt even more guilty, and nodded again and again.

"A woman's heart is the easiest to soften, let alone pregnant with your child, as long as you say more good things and behave better, she will forgive you." The old lady woke up again, and finally asked, "By the way, Where does your wife live in?"

"I don't know yet, I wonder if you have heard of it? A young pregnant woman came to Yuhe Village?" Li Zhenting asked as they walked to the village while talking.

The old lady thought for a while, then shook her head: "My daughter gave birth to confinement, and I went out for two months before coming back. However, there are very few outsiders in our village. It's too biased. The pregnant woman is now There are a few, but they all have names and surnames, and I haven't heard of any coming from other places."

"Do you know every family in your village?" Li Zhenting's heart sank.

"Yes." The old lady nodded affirmatively, "Although there are ten groups, they have been known for decades."

Li Zhenting suddenly remembered something, and asked, "Ma'am, is there anyone named Dong here?"

Chapter 1073: It must be her, you can't be wrong!

"My surname is Dong, yes." The old lady seemed to be lost in memory, and she nodded after a long time, "My good sister in childhood was surnamed Dong, but the family surnamed Dong has no sons, only two daughters, both of whom got married later. , one died of illness, and the other went to other provinces when he was very young and never came back."

Li Zhenting's heart began to jump for joy.

"Then can you tell me which group Dong's family lives in and where?" He asked eagerly.

"They live just around the corner of the tenth group. The house is good. It was built by their grandfather at the time. At that time, Dong's family was rich, but it withered without giving birth to a son..."

The old lady was still talking, but Li Zhenting's heart was already alive.

If the guess is correct, Shen Ning must live at the corner of the tenth group.

What surprised him even more was that this old lady also lived in the tenth group.

so

Li Zhenting followed the old lady directly to the tenth group.

"Young man, I was going to take you to find Dong's family, but I have to take care of my grandson. Go over and ask first. If you can't find it, come to my house for dinner." After the old lady returned to the door, Taking the bag from Li Zhenting's hand, he opened his mouth with a smile.

"Okay, okay, I'll go find it myself, don't bother you, thank you very much." Li Zhenting said in a repeated voice, gave the things to the old lady, and strode towards the corner not far away.

As the footsteps got closer, he heard his heart beating wildly, as if he was about to burst out his voice, and there seemed to be an unusual smell in the air.

But Shen Ning said that after giving prenatal education to the two babies, Shen Ning inexplicably felt that her eyelids were twitching, and there seemed to be something uneasy floating in the air, and she was uneasy.

In fact, for the past two days, she has been thinking about whether to leave here, but if she does, her belly is getting bigger and bigger, and she will give birth in less than a month. She really doesn't know where to go, and she really I can't bear the fatigue anymore, and I'm even more afraid that something will happen to the child in my stomach.

If she went to the Maternal and Child Health Hospital, she heard that the rich man who was looking for his wife hadn't left yet, and was guarding the pier every day, so she didn't dare to go.

After several hesitations, I felt sad.

I just hope that the man can leave here quickly.

Standing in front of the courtyard with red bricks and green tiles, Li Zhenting was moved in his heart when he saw the dense fruit trees in the courtyard and the greenery outside the door.

The environment here is really good, with green mountains and green waters, very aura.

Being able to live in this kind of place, I have to say that Shen Ning has a good vision.

The wooden door in front of the yard was locked, and it was very quiet inside, as if no one lived there.

Li Zhenting looked in. Suddenly, his Adam's apple rolled down and he had difficulty breathing.

On the clothes rail in front of the courtyard, there was a beige maternity dress and some clothes, among which the bra belonged to Shen Ning.

He remembered that he took her to buy it that day, two little bunny ears, very elegant.

And that beige maternity dress that he saw on the pier that day.

It must be her, it can't be wrong!

"Ningning, Ningning." He was so emotional that he couldn't restrain himself, and slammed on the gate of the courtyard.

But he took pictures for a long time, but there was no echo inside.

Li Zhenting panicked.

Could it be that Shen Ning heard his voice, knew he was coming, and ran away like last time.

"Hey, what are you going to do?" Just as Li Zhenting was about to jump over the wall and break in, suddenly, a girl's angry voice came from behind him.

He turned his head and saw a girl holding a plate of pickled cucumbers.

She was staring at him warily, with anger in her eyes.

Chapter 1074: she doesn't know you at all

"Where did you come from, how can you break through the walls of other people's houses at will? Do you want to steal or rob?" Zhang Xiaoxian looked at Li Zhenting and continued to ask angrily.

Although the man in front of me is a bit haggard, his delicate facial features are as sharp as a knife, his handsome eyes are shining brightly, and his whole body is full of nobility that cannot be concealed. He really doesn't look like a robber or a thief!

"Little sister, I'm not a thief, I just came looking for someone." Li Zhenting hurriedly explained.

"Looking for someone?" Zhang Xiaoxian looked at him angrily, "Is there someone like you who can climb over the wall when looking for someone? Get lost, the daughter-in-law of Dong's family lives here, and she is about to have a baby. She is not the person you are looking for."

Li Zhenting's heart moved, and he quickly asked: "Is the daughter-in-law of the Dong family called Shen Ning?"

Zhang Xiaoxian was shocked, and looked up at him: "How do you know? Who are you?"

Li Zhenting felt ecstasy in his heart, sure enough Shen Ning was here!

"My name is Li Zhenting, please go and inform me that I'm looking for her, and she knows who I am." He clasped his fists at Zhang Xiaoxian, asking her for help, very sincerely.

"Since you know each other, why don't you talk to her well, don't call her mobile phone, but go over the wall here, I think you have some other plans." Zhang Xiaoxian said coldly, pointing at him: "You, Get back immediately, stand far away, and wait for me to go in and ask my sister before I tell you, if you dare to climb over the wall again, I will call the militiamen of the village brigade to break your dog legs."

"Okay, I'll stand back, I'll stand back." Faced with Zhang Xiaoxian's unfriendliness, the mighty Li Zhenting had to step back obediently, with a smile on his face: "Please go in and tell Shen Ning that I have something to say." tell him."

"Hmph." Zhang Xiaoxian glared at him, opened the fence door, turned around and closed it tightly vigilantly, and pushed it deliberately, and found that it was locked tightly, so she walked in with confidence.

Li Zhenting was far away, and stretched his neck to look inside.

In the room, Shen Ning sat on a chair with his back to the window, blankly.

"Sister, eat pickles quickly, I pickled them the day before yesterday, they are so crispy." Zhang Xiaoxian walked in with a smile.

But even after talking several times, Shen Ning didn't get an answer, so he lowered his head to look at her strangely.

"Sister, what's wrong with you? Are you uncomfortable?" Seeing Shen Ning's pale face and dull expression, she hurriedly asked in surprise.

Shen Ning looked up at her slowly, and smiled: "Thank you, Xiaoxian."

"It's just a few cucumbers, what's there to thank, sister, if you keep being so polite to me, I'll be really angry." Zhang Xiaoxian picked up a tender cucumber with chopsticks and brought it to her lips, "Taste it quickly, it must be to your liking."

Shen Ning smelled the fresh breath, opened his mouth and took a bite, it was really crunchy and sweet, very delicious.

"Sister, there is a young man outside who said he wanted to look for you, and he even called out your name, and said he wanted to tell you something." Seeing that Shen Ning ate several, Zhang Xiaoxian said beside her.

With a "wow", the cucumber in Shen Ning's hand fell down. Suddenly, a cold light flashed in her eyes, and she said loudly: "No, I don't know that man, let someone drive him away."

After finishing speaking, he took Zhang Xiaoxian's hand and begged: "Please, please drive him away, I never knew him."

"Okay, don't worry, you really are a big liar, just now you want to climb over the wall to get in, fortunately I found out, don't worry, I will scold him away."

"Thank you."

Zhang Xiaoxian looked out through the window.

I saw that man was still standing outside the yard, stretching his neck and looking in, with an anxious expression on his face.

"Hmph, you are a liar." Zhang Xiaoxian became angry and rushed out.

"Hey, get out of here immediately, I just asked my sister, she doesn't know you at all." She rushed out and shouted at Li Zhenting, "You know the time and just leave now, otherwise, I'll call someone to chase you away gone."

"No, she knew me because she didn't want to admit it." Li Zhenting was eager to argue.

Chapter 1075: Are you Sister Ning's ex-husband?

"Nonsense, how could my sister, a pregnant woman, know you? You have identified the wrong person, so go away." Zhang Xiaoxian waved at him, "If you don't leave, I'm really annoying."

"I won't leave." Unexpectedly, Li Zhenting's attitude was tough, and he shouted loudly inside: "Ningning, it's me, I'm here, Ningning, please, come out and meet me, I have something to say to you Say, I've been looking for you all this time."

"Hmph, what a rascal you are, you are still yelling here. It seems that if I don't call someone to chase you away, you won't leave." Zhang Xiaoxian fainted, rolled her sleeves, and put her hands on her waist.

"Even if you call someone to come, I will not leave, even if I am killed, I will bring back my wife and children." Li Zhenting was full of awe, his eyes determined.

Wife and child?

Zhang Xiaoxian was stunned!

This man is Shen Ning's wimpy ex-husband?

She stared at him with rounded eyes!

No, sister Ning's wimpy husband is short and fat, with a fierce face, but this young man is handsome and majestic, completely different.

The reason why she didn't think of Shen Ning's ex-husband when she saw Li Zhenting's behavior was because, in her subconscious, the image of Shen Ning's ex-husband was really terrible!

She couldn't compare him with that wimpy man at all. If Shen Ning's ex-husband was really this man, it wouldn't be a loss.

"Cough, cough." She cleared her voice and looked at him, "What did you just say, you are Sister Ning's ex-husband? Sister Ning is pregnant with your child?"

"Exactly."

"Nonsense, how can you prove that you are Sister Ning's ex-husband? Sister Ning said she didn't recognize you at all." Zhang Xiaoxian suddenly roared and picked up her mobile phone: "Is it the village office? The tenth group Dong's family is here." There is a rogue who refuses to leave, please send someone over immediately to arrest him."

"Ning Ning, Ning Ning." Li Zhenting rushed to the gate without hesitation and shouted inside, "Ning Ning, I'm sorry, please come out, please?"

But no matter how loud he shouted, there was no movement inside.

"Ningning, I love you, I am the father of the child in your belly, please come out, I just want to take care of you." Li Zhenting's throat was hoarse, and finally he had to say: "Ningning, if you don't come out again, I will just climb in."

After finishing speaking, he went over the wall without hesitation.

He can't wait any longer, I'm really worried that Shen Ning will sneak away like last time.

And her belly is so big, if something happens, he will never forgive himself for the rest of his life.

He just wants to make up for her, take care of her, and fulfill his responsibilities as a husband.

But when he climbed up, suddenly, two motorcycles drove over quickly, and three militiamen came down from above.

"Captain Wang, hurry up, this man is going to trespass on the house, quickly pull him down." Zhang Xiaoxian immediately shouted to Captain Wang as if seeing a straw.

Captain Wang walked to the corner and shouted at Li Zhenting: "Hey, come down."

Li Zhenting turned his head and saw that three militiamen had come, so he had no choice but to come down.

"What are you doing here?" Captain Wang stared at Li Zhenting and asked sharply.

"I'm here to find my wife, Shen Ning." If he was in the imperial capital, he wouldn't notice this little militiaman, but right now he has no choice but to find Shen Ning, and he doesn't want to make trouble.

"Your wife?" Captain Wang narrowed his eyes, "You said the pregnant woman living inside was your wife, but she said she didn't know you, so do you have any evidence? Do you have a marriage certificate?"

Marriage certificate?

Li Zhenting was dumbfounded!

He and Shen Ning have already divorced. If Shen Ning does not admit that she is his wife, he really has no evidence. If it is said that Shen Ning is pregnant with his child, then there is no evidence to prove it.

What should I do?

Chapter 1076: Let him never bother me again

"Hey, it seems that you are telling lies, let's go, go to our village committee." Captain Wang saw that he couldn't produce any evidence, and he was hesitant, so he concluded that he was uneasy and had good intentions, and immediately wanted to take him away. .

"No, I won't leave. I want to guard my wife. She is pregnant and is about to give birth. It is dangerous for her to live here alone." How could Li Zhenting go with them and immediately objected.

"Hey, it's up to you if you don't leave." Captain Wang sneered and ordered: "Take him away."

Two villagers immediately walked towards Li Zhenting.

Li Zhenting backed away in a panic.

If it was in the imperial capital, let alone these two men, even seven or eight men would be fine.

But Shen Ning lives here now, and he finally found her, he didn't want to cause trouble.

Two men rushed up, one of them held his arm and elbowed his back.

"Follow us honestly. Now that you are harassing the villagers, we will take you away according to the law." Captain Wang sneered, and with a wave of his hand, two men escorted him onto a motorcycle and led him towards the village committee. go.

"Hmph, you are a dog, you are not honest at all, and you want to steal other people's wives, you have taken the wrong medicine." Zhang Xiaoxian looked at Li Zhenting who was escorted away in embarrassment, clapped her hands, laughed triumphantly, and looked inside go.

"Sister, that dog man was taken away by the village committee, don't worry, he doesn't dare to harass you anymore." She walked in with a smile, her face full of disgust, hmph, she still wanted to stay here to grab other people's wives, Be beautiful. "

Shen Ning lowered his eyes and was drinking the porridge. Hearing this, he moved his fingers holding the spoon.

"Sister, do you think this man is mentally ill? He actually ran to the door of a pregnant woman's house and said it was his wife, and that you were pregnant with his child. Fortunately, your ex-husband is not here. It's no wonder he was knocked out." Zhang Xiaoxian burst out laughing when she said this.

Shen Ning's eyes flashed a bit of coldness, and he said coldly: "We must drive him away, so that he will never come to harass me again."

"Don't worry, he won't have any good fruit to eat. Captain Wang is famous for law enforcement. He can't produce a marriage certificate, and he dares to climb the wall to **** other people's wives. This time will definitely teach him a painful lesson. After learning this lesson, he will not dare to come again in the future."

"Well, good." Shen Ning murmured.

"Sister, teach me how to make a spice bag." Zhang Xiaoxian dragged out the bag of spices and prepared to start making handwork to sell money. After all, her mother needs medicine money every month.

"Yes." Shen Ning smiled, and began to instruct her to make spice bags.

Village Committee Office.

"Stay here first, reflect on yourself, write a statement of repentance, and let you go if you have a good attitude. Otherwise, I will send you to the police station to squat in a dark room." Captain Wang asked two villagers to lock Li Zhenting into a small dark room, turned around and left.

"Hey, let me out." Li Zhenting was pushed and fell to the ground, feeling miserable, and when he got up to knock on the door, the door was already locked.

Two villagers followed suit.

He was annoyed.

What annoyed him even more was that they also searched his mobile phone, and for a while, he seemed to be trapped in a cage, completely restrained.

The room is very small, only an old chair and a crooked table.

In desperation, he had no choice but to sit on a chair and wait for them to come over for interrogation.

But who knows, this waited for a day and a night, until it was dark, no one came over, no matter how much he knocked on the door and shouted, no one ignored him. In desperation, he had no choice but to climb on the table and fall asleep.

only

There are a lot of mosquitoes in this rural mountain village. When I wake up in the morning, my face is covered with bumps from mosquito bites.

His skin is fair, and these red envelopes are in the sky, making him look ridiculous.

Chapter 1077: it's very likely all of this is true

As night fell, Shen Ning stood up with his hands on his waist.

Today Zhang Xiaoxian was very fast, **** a lot of sachets, and went back early with them, and wanted to sell them online!

Shen Ning went to the kitchen to make corn bone soup and some gruel. The weather was getting hotter, and she didn't have much appetite.

When she walked out of the room slowly, she raised her eyes slightly, and her eyes looked outside involuntarily.

He has been taken away, so he probably won't come again.

The richest man in the imperial capital, Li Zhenting, was taken away by the villagers in such a small village. It was an uncomfortable feeling. If he was as proud as he was, he should have retreated in spite of the difficulties.

She stroked her stomach and took a walk in the yard for a while.

As long as Li Zhenting stops harassing her, she doesn't have to move.

Aunt Dong is already on her way back, and Ji Qingshan also said that she will finish the academic seminar at hand as soon as possible and rush over.

With their help, everything will be fine.

There was a slight smile on the corner of her lips. After walking for a while, she turned around and went in to drink some porridge and pork rib soup, and went to rest early.

the next day.

"Open the door, open the door quickly." Li Zhenting touched the bag on his face, very annoyed, and said sharply, "If you don't open the door, I will sue you."

After a long time, someone came outside.

"What is it called? Don't do bad things if you have the ability. If you do bad things, you have to be punished."

Li Zhenting's tone was sharp: "Why do you say that I have done something bad? Is there any evidence? Is it because I am looking for a wife and children? Tell you, this is called illegal detention. Give me back my mobile phone quickly, and I will sue you."

"Yo, you have a big temper." The people outside laughed, "If you have the ability, tell our village chief."

"What's the name of your village chief?"

"Ask yourself, the king team will come later."

The man walked away swaggeringly.

Li Zhenting, who has always been neat and tidy, was locked up in a small dark room last night without washing his face, and his whole body smelled bad. In addition, he just got sick and was weak. He hadn't eaten all day and was dizzy from hunger. dazzled.

He was really angry.

Even if he climbed the wall yesterday, they didn't find any evidence that he was going to do something bad. Why should he be locked in a small dark room like this?

He suddenly raised his foot and kicked hard towards the door.

The door was kicked open with a bang.

He walked out.

Village Committee Office.

Captain Wang walked in swaggeringly, smoking a cigarette.

Suddenly, he was startled.

In the office, a man with sharp eyes was standing in the middle of the room, staring at him.

He was dazed for a while before he remembered the bad man who was arrested and locked up last night.

"Where's my phone?" Li Zhenting asked angrily.

"You still want a mobile phone? Tell me, how did you get out?" Captain Wang stood up straight and stopped drinking.

A person who did bad things is still so righteous, what a hell!

"Captain Wang, let me tell you that you illegally shut down my small black room last night. This is against the law. If you return the phone to me now and let me go, I'll forget it." Li Zhenting really didn't want to make trouble, he just wanted to calm down.

But Captain Wang is very principled, this matter has not been investigated yet, how could he let him go so easily.

"Hey, you still have the confidence, let me tell you, if you don't explain clearly what you are going to do, I won't let you go." He smiled, "Hurry up and write the letter of repentance and reflection, and write your letter of repentance and reflection." Its purpose and intentions are clearly stated."

At this point, Li Zhenting was angry and hated but helpless.

"Okay, I'll write it right away, how about this, you give me your phone first, I'll just make one call, and I'll hand it over to you after the call."

"Who are you calling?"

"Call my family, you know I was locked up for one night, they must be looking for me everywhere, they will be very anxious."

"Okay, I can only make a phone call." Team Wang thought for a while and threw the phone to him.

Chapter 1078: Never dare to bully her

"Okay." Li Zhenting reached out to take the phone and called Zhong Ju.

After a while, he threw the phone on the desk, and sat on a chair beside him to wait for the news.

Captain Wang took a piece of paper and a pen and asked him to write a review.

Li Zhenting reached out and took it.

Half an hour later.

The village chief hurried over.

"I'm sorry, Mr. Li, last night was a misunderstanding, misunderstanding, I'm here to apologize for you." He directly held Li Zhenting's hand.

Captain Wang was dumbfounded.

...

"Sister, the spice packs last night were almost sold out. I made more than 300 yuan yesterday. I want to pack more today." Zhang Xiaoxian walked over early in the morning with porridge buns, smiling.

She was really happy after making money.

Shen Ning also smiled slightly.

The two started talking and laughing as they made spice packets.

"Ning Ning, Ning Ning, open the door." Suddenly, the sound of knocking on the gate fence and a man shouting came from outside, which directly broke the tranquility and warmth between the two.

The spice bag in Shen Ning's hand fell to the ground.

Zhang Xiaoxian raised her head strangely.

"Damn it, why is it him again? Hasn't he been driven away yet?" She quickly recognized Li Zhenting and shouted.

"Xiaoxian, go and get rid of this disgusting man, I don't know him." Shen Ning's voice trembled slightly, his face pale.

This man hasn't given up yet! It must be aimed at the child in her belly!

No, she must never let him take her children away again!

"Okay, don't worry, look at me." Zhang Xiaoxian stood up, clapped her hands, and walked outside.

"Why are you here again? Aren't you afraid of death? Didn't you get caught enough last night?" Zhang Xiaoxian came out and yelled at Li Zhenting.

The corners of Li Zhenting's lips curled up, and he said lightly: "I'm here to find my wife, who dares to catch me? You open the door quickly, otherwise, I'll just climb in."

"Who is your wife? You are dreaming. How dare you break into a private house in broad daylight? Is there no law?" Zhang Xiaoxian was furious, pointing at him and yelling, "Go away, or I will call Let someone catch you and leave."

Who would have thought that Li Zhenting was calm and composed:

"Do as you please, as I said, I'm here to find my wife, if you don't open the door, I'll just go in."

"I'll go, you're pretty hardcore. It seems that if you don't get caught again, you won't give up."
Zhang Xiaoxian was so annoyed that she picked up her phone and started making calls.

But this time, Captain Wang hung up the phone as soon as he saw it was her.

She called several times in a row, but finally did not withdraw, and said, "It seems that I can only call the police."

She picked up the phone and was about to call the police.

At this time, Captain Wang took the initiative to call and told her that this man was Shen Ning's husband. He was here to find his wife and children, and told her not to meddle in other people's business. This was his family's business.

Zhang Xiaoxian was so dizzy that she couldn't turn the corner while holding her mobile phone for a long time.

"Are you really Shen Ning's husband?"

"of course."

"Sister Ke Ning said that she is divorced and has no husband."

"Yes, we are divorced, but there is a reason for it. I was not in a good mental condition at the time and was forced to do so. Therefore, our divorce is invalid. I am applying for annulment now, so Shen Ning is still my wife."

"..." Zhang Xiaoxian was speechless after being dazed for a long time, her eyes sizing up the man in front of her.

This man's temperament is dusty, dignified and majestic, and he has the aura of someone who has been in a high position for a long time.

Sudden

She realized that the man in front of her was by no means an ordinary person, and all of this was likely to be true!

Chapter 1079: I just want to bring back my wife and kids

"Then you wait here first, I'll go and tell Sister Ning, no matter who you are, she is pregnant now, and you didn't bring a marriage certificate, there is no evidence that you are real, she is now Living alone, I have to get her consent." Zhang Xiaoxian said sternly.

"Okay, you go." Li Zhenting lowered his head, "She probably doesn't want to see me."

"Don't want to see you?" Zhang Xiaoxian sneered, "Why doesn't she want to see you? There must be a reason. You know it well, and you speak out loudly. No matter what your status is, you should be despised."

Li Zhenting didn't speak.

Zhang Xiaoxian turned around and walked in.

In the living room.

"Sister, the man outside claimed to be your husband, and said that you are pregnant with his child..." She went in and whispered.

"No, he is not, he is nothing." Shen Ning was emotional, "Please drive him away, he has a purpose and plots evil."

"Sister Ning, I can't drive him away anymore. Dui Wang called and said that he is your husband and you are pregnant with his child. Moreover, the man also said that you were forced to divorce at that time, so it doesn't count." Zhang Xiaoxian spoke weakly.

Shen Ning's face was pale, and he was curled up on the sofa. Suddenly, he held his face in his hands and burst into tears.

It seems that Li Zhenting will definitely not let him go.

Zhang Xiaoxian looked at the painful Shen Ning, and suddenly understood everything.

Sure enough, all this is true.

The man outside must be her ex-husband.

As for what happened in the middle, she didn't know, but it could be seen that the man outside still hurt Shen Ning a lot.

She clenched her fists, but there was nothing she could do.

"Sister Ning, don't cry, tell me quickly, do you want to see him? As long as you say you don't want to see him, I'll go over and drive him away, fight and go shopping with him." She sat down and helped Shen Ning up, feeling distressed Open your mouth.

"No, Xiaoxian, let's go, go home and take care of your parents first, and bring the spices back, you can't beat him."

No one can stop what Li Zhenting has made up his mind to do, she knows him better than anyone else!

"Sister, but you..."

"Don't worry, I have my own measure, he can't do anything to me." Shen Ning raised his head and wiped away his tears.

"Okay then." Zhang Xiaoxian had no choice but to listen to Shen Ning's opinion.

"By the way, Sister Ning, is he really your ex-husband and not some other bad guy?" Zhang Xiaoxian asked worriedly before leaving.

Shen Ning slightly closed his eyes and nodded.

"He won't lose control of his emotions and beat people?"

"Not yet."

Although Li Zhenting has an arrogant temper, he never hits a woman!

"Well, I'll go first. If you need anything, you can call me at any time, and I will come over." Zhang Xiaoxian had to pick up her things and walk outside after giving instructions.

If the man outside is really Shen Ning's ex-husband, then it can only be a private matter between them, a housework matter, and it's not easy for an outsider like her to get involved.

But she was worried about Shen Ning, so she could only walk out with a heavy heart.

Li Zhenting was standing outside the fence waiting for her.

"Warning, if you dare to bully Sister Ning, I will never let you go, even if I kill you and go to jail, I will not let you go." She slowly walked in front of him, threatening.

"Don't worry, I just want to bring back my wife and children, fulfill my responsibilities as a husband, and never dare to bully her." Li Zhenting was very sincere.

"Huh." Zhang Xiaoxian snorted coldly, glared at him, opened the fence and left without locking it again.

Li Zhenting adjusted his clothes, raised his long legs and walked inside, his heart beating excitedly.

Finally he can meet Shen Ning, the woman he misses day and night!

Chapter 1080: Give me a chance to redeem myself, will you?

"Ning Ning."

Li Zhenting ran in three steps and two steps.

In the living room, a slender woman was sitting with her back facing him. Her originally slender waist was now round, and she looked very cute. She had a ball head, and her white and greasy skin was so beautiful.

Such a beautiful woman, he missed and hurt her again and again.

All these years, what has he done! After the heart constricted, the fingers trembled.

"Get out." Shen Ning didn't raise his head, but gritted his teeth and shouted sharply, trying to hold back the anger in his tone.

"Ning Ning, I'm sorry, let me explain." Li Zhenting looked at her trembling shoulders and apologized cautiously.

"Get out." Two more cold and indifferent words.

"Ning Ning." Li Zhenting begged, "Give me a chance to redeem my sins?"

Shen Ning turned around abruptly, stood up while supporting his stomach, but at the moment of standing up, because of excitement, his eyes darkened, his body shook, and he almost fell down.

"Ning Ning." Li Zhenting shouted in fear, and instinctively went up to help her.

"Stop." Shen Ning sternly shouted, suddenly took out a dagger with his right hand, raised it high and pointed it at his stomach, "Li Zhenting, if you dare to step forward and touch me again, I will kill you!" Immediately kill the children in the belly, and die with them, I will do what I say."

Li Zhenting's face turned pale instantly.

Shen Ning's blood-red and determined eyes, full of humiliation and hatred, pierced his heart like a sharp arrow, and it was bloody.

"Okay, I'm not leaving, Ning Ning, don't do this, put down the knife quickly, don't worry, I won't touch you." He shivered all over and shouted in a trembling voice, "I just sincerely want to make up for you and take good care of us child, trust me."

"Get out, get out." Shen Ning approached him step by step with a sharp knife in his hand, his tone more and more indifferent and decisive.

Li Zhenting backed away in panic.

He had never been so afraid, afraid that she would suddenly lose control, also afraid that she would fall suddenly, and even more afraid that she would commit self-harm when she was emotional.

It wasn't until this moment that he realized that the most difficult thing is not to search hard and search for her all over the world, but at this moment, she is standing in front of him, even though the closest distance is thousands of mountains away from her heart. Wanshui is far away.

It turns out that a person's heart is the most rare.

With a "boom", Shen Ning turned around and walked back and closed the door fiercely until Li Zhenting was forced out of the door steps, completely cutting off his world from men.

Li Zhenting stood in the yard stupidly, without any courage to go up and knock on the door, call her name, and even dare not breathe loudly.

He was afraid that he would hurt her and anger her.

The sun was setting, but he was still standing there, his legs were numb and he didn't know it.

The scorching sun at noon shone on my body, but I couldn't feel the heat, and my back was already full of sweat.

Gradually, darkness came.

He still stood stubbornly, expecting her to forgive him and come out to meet him.

No!

His hands and feet were numb, his stomach was empty and he didn't feel hungry.

Finally, when he couldn't see his fingers, he finally moved his lower body, his numb feet tingled, and he fell down.

Falling down on the ground, he was unable to stand up, and just lay down straight like a stone statue.

"Sister, sister." In the back room of the house, Zhang Xiaoxian called softly while lying on the window.

Shen Ning walked over slowly and opened the back door.

"What's wrong?"
