

Troublemakers 1081

Chapter 1081: nothing will happen

"Sister, haven't you eaten yet? I made some food, eat it while it's hot." Zhang Xiaoxian brought the food in and put it on the small table by the back door.

"Thank you." Shen Ning sat down and ate with a heavy heart.

Zhang Xiaoxian sat across from her and looked at her red eyes, and asked, "Sister, that man, has your ex-husband left?"

"I don't know." Shen Ning said expressionlessly.

Zhang Xiaoxian stood up and walked forward.

Walking back after a while, his face was full of surprise: "Sister, he fell to the ground."

Shen Ning didn't have any expression on his face.

"Sister, I thought your ex-husband was a wimpy man, but I didn't expect him to be quite handsome and looks very rich. Are you really going to forgive him?"

Zhang Xiaoxian is very strange. This man looks like a high-spirited man with a high level of education. What kind of excessive behavior can such a man do to his wife? Is this world so cruel?

"It's impossible for me and him." Shen Ning was very decisive in just a few words.

"But he looks so infatuated. He has been standing outside for a day without eating, and now he is on the ground. Nothing will happen." Although Zhang Xiaoxian has never been married, she has also been in love once. If a man didn't really want to chase a woman, he wouldn't be so stalking.

Besides, she was always worried that this man would come to harass Shen Ning, but although he was pestering, he was very civilized and did not mess around, which made her look at Li Zhenting's image a little better.

"That's his own business, I didn't invite him."

"That's true, but what if he..." Zhang Xiaoxian still felt something was wrong.

"Xiaoxian, you don't have to worry about my affairs. I know it well. I will cook and eat by myself tomorrow. You don't have to bring it over, so as not to be entangled by him finding out that there is a door behind to come in." Shen Ning pawed a few times After the meal, wash the rice bowl.

"Sister Ning, are you afraid of being alone at night? Do you want me to accompany you?" Zhang Xiaoxian was very worried about her. After all, it is already unsafe for a pregnant woman to stay at home, and now there is a man who is watching her outside.

"It's okay, don't worry, he is not a hooligan, he dare not do illegal and criminal things."

"Okay, then I can rest assured." Zhang Xiaoxian sighed, agreed and left.

But I am very curious about the relationship between Shen Ning and Li Zhenting in my heart, I don't know what kind of deep hatred they have to torture each other like this!

After Zhang Xiaoxian left, Shen Ning sat in the dark for a while, and then slowly walked to the window.

Through the window, she glanced coldly outside.

In the yard, in the dark night, it seemed that someone really fell down and sat on the ground, motionless.

But she just glanced coldly, then turned around and walked into a cabinet, took out her mobile phone, and sat under the lamp. I didn't dare to take out my phone before, because I was afraid that Li Zhenting would find her through the navigation. Now that I have found her, she can take a good look.

In WeChat, a series of people are looking for her, asking where she went!

There are Li Zhijun, Li Jiaojiao, Uncle Ma Li, Gu Qi staff, and Li Mengqing, Zhu Qixiong...

Only when she saw Zhu Qixiong, she thought of the big boy who looked unruly on the outside, but was innocent, frank and lacking in love, and felt a pang in her heart!

As a woman, she certainly knows that Zhu Qixiong has a crush on her, but what qualifications does she have to accept his love.

If he had known him earlier, maybe they would be very happy now!

How can there be an if in life!

A little below is Ji Qingshan.

He sent her a message asking how she is doing now?

She told him her current situation, and Ji Qingshan said that he would come over as soon as possible within ten days, and told her to pay attention to safety.

She thanked her, smiled slightly, and slid her fingertips down again.

Chapter 1082: look at my performance

Sudden

A long-unused avatar sent her a series of WeChat messages. When I opened it, it turned out that it was from the Niu lawyer.

Lawyer Niu, that male lawyer who is a bit nervous and unreliable in her eyes!

He still remembered her!

After being stunned for a while, she clicked on the WeChat page.

I saw that the different dates above read:

Miss Shen, are you okay?

Miss Shen, where are you now?

Miss Shen, can I have a chat with you?

Miss Shen, do you still need me to help you with the lawsuit? I promise to help you defeat Li Zhenting and get your children back. If you need it, you can contact me at any time, and I will definitely do my best to help.

...

Shen Ning sat blankly, who the **** is this Niu lawyer?

Judging from his tone, it seems that he is very sure about the lawsuit.

Now Li Zhenting has come to catch up with him. Obviously, he came here to **** the child in her belly. It would be best if he could retreat in spite of the difficulties. If not, she would definitely go to court with him. , There are only a handful of people who dare to pick it up.

He is indeed a candidate!

Although she has never met him, she cannot deny his talent. If he has no talent or virtue, how can he survive in the imperial capital's legal profession!

After thinking about it, although she didn't call him back, she still took this matter to heart.

The yard.

The night was getting darker, and Li Zhenting got up weakly and sat in the gazebo in the yard.

He hasn't eaten for a whole day, he doesn't feel hungry, but he has no strength and feels very uncomfortable.

He glanced at the house, and there was a faint light inside, which meant that Shen Ning was already resting. I wonder if she had eaten yet? But don't starve their children!

He was worried and uncomfortable.

But the woman she loves is right in front of her eyes, even if she doesn't accept him now, as long as he can stay outside and persevere, she believes that he will be moved by her sincerity.

At this moment, he was so downcast, but he was considered happy, and a warm feeling surged in his heart.

"Ning Ning, have you eaten yet? Do you want to eat something? I'll buy it for you." He walked to the window and asked in a low voice.

Suddenly, the eyes went dark, and the desk lamp inside went out, and it was pitch black.

This is a silent protest against him!

He smiled bitterly, leaning against the wall:

"Ning Ning, I know you won't forgive me, it's okay, I can wait, I will show you my sincerity and true feelings, let you understand that I really love you, you can rest well, I Just watch you and our children outside, if there is anything you need to tell me, let me do it, don't bother you, just watch my performance."

After he finished speaking, he returned to the pavilion and stopped talking.

After all, what a man does is more important than what he says.

Of course, he is already very satisfied that he can stay in the yard and guard her.

It's just that this gazebo is not easy to stay in.

At night, there are constant mosquitoes, and there is only one small stool to lie down on.

But he is not afraid. When he couldn't find Shen Ning before, he would have trouble sleeping in the hotel. Now that he has found her, he is by her side. What is there to be afraid of?

Early the next morning.

"Mr. Li, Mr. Li." Li Zhenting was awakened by a burst of shouts, got up and saw that Wang Dui was standing outside with a smile on his face, and seemed to have carried a lot of things.

"Oh, come in quickly." Li Zhenting immediately stepped forward and opened the wooden fence door.

Last night, he transferred money to Team Wang and asked him to help him buy a lot of fruits and nutritional products.

Chapter 1083: she is cold as iron

"Mr. Li, I bought these from people in the nearby villages. They are all the freshest and original. They are grown in the villagers' own homes without pesticides." Dui Wang put the large and small bags in his hand on the gazebo.

"Thank you." Li Zhenting sent him another red envelope.

He was so happy from ear to ear.

"What? Mr. Li, you slept outside here last night."

After a while, Captain Wang raised his eyes and saw the large and small red marks on Li Zhenting's face that had been bitten by mosquitoes. A little red envelope, a little shocking.

The richest man in the imperial capital, who is so handsome and talented, would degrade himself to such an extent for a woman. I really don't know what ability Shen Ning has to get his true love.

"It's okay, you go first." Li Zhenting didn't answer him, but just let him go.

"Mr. Li, if you have no place to sleep at night, you can sleep at my house. You really can't sleep outside." Captain Wang sympathized with him very much. The villagers have never slept in the open yard.

"No, I have to protect my wife. She is pregnant. Didn't I ask you to buy mosquito coils? It's okay." Li Zhenting directly refused, took out a toothbrush from the bag that Captain Zhang brought over, and began to brush his teeth.

Captain Zhang had no choice but to leave.

In the room, the red wooden door was closed tightly, and there was no sound inside.

"Ning Ning, Ning Ning." Li Zhenting stood by the window, and from last night's faint light and the occasional movement, he judged that this room was Shen Ning's bedroom, "Are you awake? You bought breakfast and some fresh vegetables and fruits, would you open the door?"

There is no response inside.

"Ning Ning, Ning Ning, you open the door. I know you have resentment in your heart. You can scold me and beat me. I just hope you can open your heart and talk to me. I will explain everything to you clearly. But don't be bored in your heart, it's not good for your body, and it's not good for the baby in your stomach." Li Zhenting said with concern and affection.

But before the words were finished, suddenly, the window was pushed open, and a basin of cold water poured out of it, just in time to splash on Li Zhenting.

In an instant, his face, head and body were all wet, which made him breathless for a while.

Shen Ning immediately locked the window and went to the kitchen.

Li Zhenting stood for a while, smiled wryly, and walked towards the gazebo.

He didn't have much clothes, so he had to take them off and put them in the pavilion to dry. Fortunately, his pants were not wet yet.

Eating the melons and fruits sent by Captain Wang, he felt uncomfortable.

But he didn't give up, and continued to wait for opportunities to impress Shen Ning.

result

His guard lasted three days and three nights.

For three whole days and three nights, Shen Ning didn't open the door. If it wasn't for the faint light coming from the bedroom at night, he was really worried whether she had left or something happened.

These three days and nights were as long as three years. He sat in the gazebo enduring the sun-baked mosquito bites, hoping that she would open the door, listen to his explanation, and give him a chance to repent.

No!

Her heart is as cold as iron, merciless.

His heart sank little by little, and what he was more worried about was that if she kept herself in the house and couldn't come out, she would get sick from being stuffy, and it would be bad for the child in her stomach!

At noon on the fourth day, the sun was very strong, and it was steaming hot from the sun. The weather was sultry and there was no wind.

In Belvedere, it is very hot at noon, but it will be very cold at night.

After staying for a few consecutive nights under the alternation of cold and heat, Li Zhenting began to feel dizzy and dizzy, and he lost all energy.

Chapter 1084: He didn't find me because he loves me

That night.

Li Zhenting curled up on the stone slab of the gazebo, his head became dizzy and gradually fell asleep.

In the middle of the night, there was a sudden violent storm again, and the temperature suddenly dropped by more than ten degrees.

Li Zhenting was lying on the stone slab, the rain was hitting his body, and the wind was blowing. He felt cold to the bone, and his body gradually curled up into a ball. He wanted to open his eyes but couldn't.

Arrived in the middle of the night, I felt my whole body was burning like fire again, and I had a splitting headache in the heat and cold.

I don't know when, I feel a brilliant light shining on the eyelids, but I still can't open my eyes, I can only curl up in a slumped state.

"President Li, President Li." An anxious voice rang in his ear, one by one, making him open his eyes with difficulty.

A fat middle-aged and elderly woman was standing in front of him, looking at him, and calling his name.

"Aunt Dong." He recognized her immediately, and was pleasantly surprised. He wanted to get up, but he really didn't have the strength to sit up.

"President Li, you have a high fever." Aunt Dong looked at him with a flushed face and sighed.

Is it!

Li Zhenting touched his forehead, it was indeed a little hot, but the palm of his hand seemed to be even hotter.

After days of traveling, exhaustion, and searching, plus the last time I had a serious illness with a fever, I haven't recovered yet, and now it's raining again, so it's normal to have a fever.

"Aunt Dong, man, this minor illness is fine, but Ningning, she... still doesn't want to talk to me, can you persuade her to forgive me?" Li Zhenting begged with a hoarse voice.

Aunt Dong was silent for a while, without humming, she walked inside.

"Ningning, Ningning, it's me, Aunt Dong, open the door quickly." Aunt Dong patted the door panel and shouted loudly.

After a while, the door creaked open.

"Aunt Dong." Shen Ning threw herself into Aunt Dong's arms, hugging her tightly with both hands.

Aunt Dong is finally back!

"Ningning." Aunt Dong lovingly stroked her head, "Let's go in and talk."

"Yes." Shen Ning stood up, and the two walked inside.

After walking a few steps, Shen Ning turned around and closed the door. The moment the door was closed, her cold eyes saw Li Zhenting standing upright in the yard looking at her, and immediately closed the door.

Only at the moment when Li Zhenting looked into her eyes, a piercing chill came to his heart.

The unconcealable hatred and deep anger in Shen Ning's eyes were completely aimed at him!

Her heart is out of reach!

Exhausted, he lowered his head, and as his eyes darkened, he lay down, and after lying down, he could no longer open his eyes.

Three days later.

"Ning Ning, are you really unwilling to forgive Li Zhenting? He has indeed been looking for you sincerely during this time, but he has suffered a lot." In the bedroom, Aunt Dong tentatively asked.

Shen Ning's hands tightly clutched the clothes on his chest, crying: "Aunt Dong, I'm about to collapse, he didn't come to me because he loves me, but because I'm pregnant with his child, he is It's for the child, this time, I will never let him **** the child away."

"But he didn't say he wanted to rob your child." Aunt Dong mused, "He's had a high fever for three days, and he doesn't want to get injections or medicine, and he doesn't want to go to the hospital. He just wants to guard you and get your baby. Forgive, if you don't forgive him, he will resist to the end, if this drags on, I'm worried that something will happen to him."

"Aunt Dong, that's his own business. I gave him a chance before and forgave him once. That time, I remarried him, but how did he do it? On the day we got the marriage certificate, He left me and ran away after hearing Xiaofeng's voice. Do you think I can forgive him? It was because of that time that I almost died!

For the rest of my life, I have already thought about it. All I need is a sincere love. If not, I would rather die alone. Moreover, the woman he loves in his heart will always be Xiaofeng, and I don't want to be a substitute for anyone else. "

Chapter 1085: heart ashes

Aunt Dong was silent for a while and then said: "Ningning, Xiaofeng is dead."

"After Xiaofeng dies, there will still be Xiaocao and Xiaohua. Xiaofeng is just a pronoun. The woman he loves will always be hidden in his heart. It will never be me. I have married and divorced him twice. It's impossible to have three more times. Now he comes here, either out of responsibility and morality, or for the sake of the child. I will not agree to either. I also do this to be responsible to each other. If he really misses the old relationship, then treat Coco, Ding Ding and Xiao Xiao better, and I will be satisfied."

"Hey, okay." Aunt Dong sighed, feelings are the most complicated thing, even an old man can't figure it out, the person concerned is the one who knows best, and she can't persuade her too much.

But Li Zhenting's high fever is troublesome. This is just a small remote county town. He is the richest man in the imperial capital. If something happens, she can't bear it.

"Aunt Dong, I have already invited a doctor to give him a bottle. After his fever subsides, please let him leave here as soon as possible. I don't want to cause people to gossip. I just want to give birth to a child with peace of mind. From now on, we will be separated and cherish each other. That's fine." Shen Ning was expressionless, but the light and courage in his eyes were determined.

"All right."

Aunt Dong walked out sadly.

In the living room.

Li Zhenting was lying on the sofa, his eyes were red, his cheeks were blue, and his hair was long and messy. It turned out that the delicate, clean and elegant man completely changed his appearance after only a short period of time.

When the fever was severe, he murmured Shen Ning's name in his mouth, closed his eyes, and refused to eat or drink.

Aunt Dong was anxious, brought him a blanket, and made him some medicine to drink, but he refused to take the medicine, and the injection was pulled out.

This makes her very worried!

In the past three days, since Aunt Dong helped Li Zhenting into the living room, Shen Ning just stayed in the bedroom and never came to the living room once.

She no longer wants to have any entanglements with Li Zhenting, her heart is like stagnant water, calm and unwavering.

"Ning Ning, Li Zhenting is just calling your name, but he still doesn't want to take injections and medicines. How can this be good?" After a while, the doctor Shen Ning invited came, but Li Zhenting didn't want to hang the bottle at all, and he didn't cooperate. Aunt Dong was terrified, it had been burning for three days and three nights, even normal people would have problems.

"He's not a child, you can reason with him, it's useless to ask me." Shen Ning was also a little anxious, what does this man mean, is he threatening her.

"Hey, he's so dizzy, I won't listen to anything."

"If you don't listen, just drive him out, whoever let him come here." Shen Ning replied angrily.

"Ning Ning, he is also Coco, Ding Ding and Xiao Xiao's father."

"Then what do you think I should do? He is unwilling to take injections and medicines, so what can I do? Let the doctor force him to do so."

Aunt Dong walked out.

"Aunt Dong, where's Ningning?" Li Zhenting opened his burning eyes and asked in a hoarse voice.

At this time, what he wants to see the most is her, even if she just has a heart-warming word, he will feel that his illness will be cured, and there is no need for an injection at all.

"Mr. Li, hurry up and finish the injection, and go back after the fever subsides and recovers. She won't come out to see you." Aunt Dong expressed her helplessness.

"No, if she doesn't come out, I won't get injections and medicine." Although Li Zhenting has a high fever these days, he knows that Shen Ning has never come out to see him, not even a glance. He was ashamed.

"Boss Li, why bother, she doesn't want to come out to see you, it's because you hurt her too much before, and you haven't seen your own heart clearly, you don't love her, let her go and let yourself go." Aunt Dong persuaded.

"Who says I don't love her? I love her more than my own life." Li Zhenting roared, "If she doesn't believe it, then let me die."

He was extremely disheartened, no matter what he did, she would not forgive him, he could not see the hope of life! No desire to live anymore.

Aunt Dong was terrified when she heard this.

Oh my god, this young couple is unwilling to back down, so what if this stalemate continues!

She really ran out of ideas.

Chapter 1086: You can't just leave it to chance, right?

"Ningning, you'd better go see him and let him find a way to get out of here after he heals his illness, otherwise, it's not a problem to continue like this." Aunt Dong had to run into the bedroom again and said in fear.

"I won't go to see him, he can do whatever he likes." Shen Ning replied indifferently.

"Ningning, in fact, Mr. Li has really been looking for you very hard during this time. I have already returned to Yuan County, and because I saw him guarding the pier every day, I was afraid that he would find out, so I had to keep looking for you. Living in a hotel in Yuan County, he was drenched to the ground that day..."

"Aunt Dong, please don't persuade me anymore, I finally got out, and I don't want to be hurt again." Shen Ning twisted her clothes with one hand, tears streaming down her face.

"But now he can't see you, so he doesn't want to take injections and medicines. If this continues, people will die. You can't do nothing." Aunt Dong was in a hurry, "This doctor is usually very difficult to find. He is alone. There are several nearby villages to go."

"Okay, I'll go see him." Shen Ning suddenly wiped away his tears, gritted his teeth and stood up.

Using such despicable means to threaten her is really despicable!

She lifted her foot and walked outside.

"Okay, okay." Aunt Dong heaved a sigh of relief, nodded hurriedly, and followed out.

In the living room.

"Ning Ning, Ning Ning." Li Zhenting was in a daze from the fever, his mind was lost, and he kept shouting.

"Doctor Yu, how is he?" Shen Ning came out and asked.

"The fever must go down immediately, otherwise it will be very troublesome." Doctor Yu touched Li Zhenting's forehead with his hand, it was hot, and his face was serious.

"Then you should give him a fever-reducing injection quickly." Shen Ning walked up to Li Zhenting and looked at him coldly.

Although Aunt Dong had already heard about his embarrassment, she still didn't expect it to be so serious.

He almost looks like a different person, except for his figure, his face has lost a lot of weight, the muscles on his face are covered with red spots, a circle of blue stubble has grown on his chin, and the hair that was originally exquisitely groomed is also the same. Messy, even the suit on his body is crumpled, which is far from the energetic man he used to be.

Her heart throbbed inexplicably.

"Ningning, Ningning." As if sensing her arrival, Li Zhenting stretched out a hand and shouted anxiously and helplessly at her.

Shen Ning looked at him and thought of his own children: Ke Ke, Ding Ding and Xiao Xiao.

Aunt Dong is right, no matter what, he is also the father of her children.

"Ning Ning, hold his hand and let him inject the injection. He pulled out the two injections at the beginning." Aunt Dong reminded, "No matter what happens to you in the future, first Let's talk about his illness."

Shen Ning stretched out his hand involuntarily, and held his hand.

The man's palm was so hot that her brows were about to twitch.

"Ning Ning, Ning Ning, thank you." As soon as Shen Ning's hand touched Li Zhenting's hand, he felt it, and immediately grasped this soft and cold hand and put it on his heart, wanting to open his eyes He opened his eyes, but under the excitement, he completely fainted.

"Doctor, look at him quickly, he has passed out." Aunt Dong turned pale with fright.

Shen Ning also changed color.

The doctor went up to check, and after listening to the diagnosis, he said: "Don't worry, it's okay. It's just that the fever lasted too long, dehydration, lack of food, and lack of energy. Now I'll hang the bottle immediately, and the nutrition needle will stop the fever after the injection. Something will happen."

Aunt Dong felt relieved.

The doctor put the bottle on him quickly.

"Ning Ning, just watch over him. I'll cook, cook some porridge, and make some soup. I'll eat it later when he wakes up." Aunt Dong gave a warning and left.

Shen Ning lowered his head, trying to withdraw his hand, but Li Zhenting held it tightly, as if trying to embed her hand in, so she had to sit down beside him, with tears streaming down her face.

She has experienced Li Zhenting's infatuation before. When her grandmother died, she was really moved by his caring care, but in the end, she found out that he didn't really fall in love with her, but just remarried with her out of responsibility and morality. .

How terrible a loveless marriage is, she has already experienced it, and she never wants to try it again!

Chapter 1087: get out now

An hour later, Li Zhenting began to sweat, and his fever gradually subsided.

It should be too weak, he fell into a deep sleep, Shen Ning took the opportunity to withdraw his hand and went to the bedroom to rest.

The next day, the doctor came and gave Li Zhenting another injection and prescribed him some medicine.

afternoon.

When Shen Ning came, Li Zhenting was still sleeping.

She looked at him coldly.

The man's fair skin was glowing, and the red spots on his face had faded away. Even though his hair was messed up like a chicken coop, it didn't affect his handsome face.

The calmness and fortitude revealed in the handsome sword eyebrows used to pull her heartstrings so much, but now... her nostrils were sour, and she turned around and left.

"Ningning, don't go." Suddenly, Li Zhenting's hoarse voice called her.

Shen Ning was taken aback.

This man actually woke up? Knowing that she was looking at him but not speaking, her face flushed with embarrassment.

"You're awake, why don't you open your eyes, is it interesting to pretend to be asleep?" She asked coldly.

Li Zhenting tried his best to open his eyes.

"Ningning, I didn't pretend to be asleep, I just woke up." He explained immediately.

He did just wake up, the sound of Shen Ning's footsteps approaching woke her up, he smelled the unique fragrance on her body, he didn't dare to open his eyes, for fear of frightening her.

"Go to eat when you wake up, please leave here as soon as possible after eating." Shen Ning didn't want to argue with him, so he said coldly and raised his foot to leave.

"Ningning, don't go, stay with me." Suddenly, Li Zhenting used all his strength to get up and grabbed her hand.

Shen Ning was not on guard, and was taken aback, his bulky body was pulled back.

Li Zhenting panicked and stretched out his arms to hug her, his arms landed on her stomach, and hugged her firmly, his fingers touched her swollen stomach, as if he was a father for the first time, a burst of joy rising from the bottom of my heart.

Shen Ning recovered from the fright, furious, turned around and threw him away, and said angrily: "Li Zhenting, I kindly let you into the house to treat your illness, and you dare to belittle me, Damn it, you, get out of here immediately."

"I'm sorry, I'm sorry, Ningning, I just can't help it, I want to touch my children, and I don't mean to belittle you." Li Zhenting apologized repeatedly in a panic. At this moment, he was really worried that

she would fall, He just wanted to hug her and keep her from getting hurt. When he saw her swollen belly, he couldn't help touching her.

But he is really unintentional!

Aunt Dong came over with rice soup and boiled soup, and when she saw the angry Shen Ning, she hurriedly smoothed things over: "President Li, wake up, drink the soup quickly."

smiled again and said to Shen Ning: "Ning Ning, I made bone soup and thick rice soup, go and drink it."

But Shen Ning is unyielding. In her opinion, she has already divorced Li Zhenting, so they are strangers now, or at most they are just unfriendly friends. Such behavior is tantamount to violating her. She cannot tolerate.

"Aunt Dong, please let him leave immediately after eating, otherwise, if he doesn't leave, I will leave, and if it doesn't help, I will call the police." She had a sullen face, without any emotion.

"Okay, okay." Seeing that she was very angry, Aunt Dong could only agree. After all, although this is her ancestral house, it was sold to others because no one in the Dong family had already bought it for her.

"Li Zhenting, listen, if you dare to belittle me in the future, I will definitely call the police. We have nothing to do with each other now. I believe the law will give me a fair answer." Shen Ning left angrily after warning.

Chapter 1088: He drank a lot

"Mr. Li, you should leave as soon as you finish eating. I know Ning Ning's temper very well. She doesn't get angry easily, but she is very persistent when she gets angry." After Shen Ning left with a face full of anger, Aunt Dong immediately persuaded Li Zhenting.

Li Zhenting was in great pain: "I would rather die from this illness than this result."

Aunt Dong sighed: "Mr. Li, if I knew this earlier, why bother? Have you really seen your heart clearly now?"

"Of course, this time, I definitely see my heart clearly, Aunt Dong, I really love her, and I can't live without her." Li Zhenting suddenly choked up.

Aunt Dong looked at him, narrowing her eyes, wondering what she was thinking.

After lunch, Shen Ning was sitting on the bed drowsy when Aunt Dong walked in.

"Aunt Dong, has he left yet?"

"Let's go, I drove him away, this time I didn't even leave the yard for him, let him get out immediately." Aunt Dong looked at her face and spoke carefully.

"Hmm." Shen Ning had no expression on his face.

Aunt Dong hissed inwardly, men don't know how to cherish when they get it, and it's painful to lose it.

Thinking of Li Zhenting's painful appearance, she couldn't bear it, but at that time, Shen Ning was pregnant and was almost aborted several times. This crime was too deep.

In the canteen at the head of the village.

Li Zhenting bought a bottle of high-quality Erguotou, took a bag of peanuts, and sat under a big tree to drink with his head held high. He didn't know how long he drank before he stood up staggeringly and walked towards the corner there.

"Ningning, the baby is due in less than 20 days, do you want to go to the hospital in advance?" Aunt Dong sat by the bed and chatted with Shen Ning.

"I'm going to wait for Qing Shan to come over. He is a famous doctor and knows about my physical condition." Shen Ning replied after thinking for a while.

"When will Professor Ji come over?"

"It's about a week away, and his academic seminar is almost over."

"Oh, that's fine."

"Aunt Dong, did you meet Ke Ke, Ding Ding and Xiao Xiao when you were in the imperial capital?" Shen Ning thought of the children and missed them inexplicably.

In fact, when Zhu Qixiong took her to Qingshan City at first, she did not tell Aunt Dong. Later, after Li Zhenting found Qingshan City, Zhu Qixiong took her to escape. In Hua County, she thought of Aunt Dong and called her. At that time, I decided to come to Belvedere, and entrusted Aunt Dong to visit the children in Li's Castle when she had time.

"Yes." When Aunt Dong heard her mentioning the three little guys, a loving smile appeared on the corner of her lips, and she told the story of Li Jiaojiao bringing the three little guys to the Shaw Villa that day.

Shen Ning smiled slightly, but when he heard them ask about Mommy, his heart was so sore that he bowed his head and shed tears.

She didn't know when she would see them again, and she didn't know if they would recognize her as a mother when they saw them again.

"Ning Ning, Ning Ning, open the door and come home with me." While they were talking, suddenly, there was loud knocking on the door and shouts of tongue rolling outside the yard.

Shen Ning's face changed color.

"Why hasn't he left yet?"

"I don't know, he was already driven out of the yard."

"Ning Ning, Ning Ning, please, open the door and go home with me, the children are waiting for us at home." Li Zhenting cried in a crying voice, staggering on his feet.

Shen Ning's eyes flashed with cold air, it seems that he has drunk a lot of wine.

Just after the fever subsided, he actually went to drink again, what a killer!

"I'll go out and have a look." Aunt Dong stood up.

Outside the yard.

Li Zhenting's face was flushed, he was hiccupping, and he still held a bottle of wine in his hand.

"Mr. Li, why are you drinking again because of your health?" Aunt Dong sighed as she looked at him.

"Aunt Dong, open the door and let me in. If Ningning doesn't come with me, I won't leave here unless I die." Li Zhenting hiccupped heavily and shook his body.

"Hey, Mr. Li, Ning Ning is even more unhappy after seeing it like this, why bother."

"I can't think about it anymore. No matter what I do, she just won't forgive me. I feel miserable." Li Zhenting suddenly supported the wooden fence and cried loudly, crying like a child.

Chapter 1089: he doesn't belong to me

"Ningning, do you want to let him in? If you don't let him in, it's not good to get drunk and make trouble everywhere. Besides, there are rivers here. If he gets drunk..." Aunt Dong didn't continue. up.

Shen Ning understood.

"But why should I let him in? Why should I let him disturb me?" Shen Ning was very angry.

"Hey, what a bad fate." Aunt Dong helplessly shook her head.

"Ning Ning, open the door." Li Zhenting sat on the ground, leaning on the wooden fence and pouring wine. After pouring the high alcohol, he was top-heavy, and then he was exhausted and fell asleep leaning against the wooden fence.

The night came as scheduled.

Shen Ning was going to go for a walk after dinner. Since the **** Li Zhenting came, she hadn't even gone for a walk.

"Sister, I was scared to death. Your ex-husband is drunk and lying in front of your yard." Zhang Xiaoxian walked in through the back door, patted her chest, still surprised.

"Has he not left yet?" Shen Ning's face turned black.

"Go and see, he just fell asleep on the ground like that. I was going to come in through the front door just now. I saw a man lying there, and I hurried in through the back door in fright."

Shen Ning's expression froze when he heard this, and he walked a few steps in the living room and looked outside.

Sure enough

A dark figure was lying beside the wooden fence in the yard.

"Asshole, I'm going to call the police and take him away." She was very angry, this man was a rascal to the extreme, he actually used this method to hang in front of her house, blocking her way out.

At this time, Aunt Dong came over and persuaded: "Ningning, he likes to lie down, so let him lie down, if you really call the police and let the police take him away, then the city will be full of troubles, and it will not do much good for you and the baby in your belly, let's leave a way out."

"But did he ever give me a way out?"

"Child, no matter what he is, he is the dear father of your children."

Shen Ning suppressed his anger and stopped talking.

Zhang Xiaoxian looked at Shen Ning, and asked cautiously: "Sister, why do I think your ex-husband is not as bad as I imagined."

A man chased his wife for thousands of miles, and stayed in front of the door for four or five days without eating or drinking.

This is not a crime!

"He's not bad, he's even excellent. All the women in the imperial capital want to marry him, but he doesn't belong to me." Shen Ning sneered.

Zhang Xiaoxian blinked, unable to understand his inscrutable words for a moment.

Seeing her confused appearance, Shen Ning smiled self-deprecatingly: "The woman he loves is not me, never has been."

"Ah." Zhang Xiaoxian's eyes widened, "Can a man pursue such a woman who he doesn't love with all his heart, and let you have so many children, a creature like a man is too difficult to understand and too weird."

"Forget it, stop talking, let's go, let's go for a walk in the back." Shen Ning was so bored that he pulled Zhang Xiaoxian out from the back and took a detour for a walk.

By the time they came back from their walk, it was already completely dark.

Shen Ning walked towards the bedroom, and when he passed the living room, he looked outside, and he could no longer see Li Zhenting under the dim light.

He should go!

As the president of the imperial capital, he will never get drunk and fall into the ditch!

She yawned, feeling tired, crawled onto the bed and fell asleep.

During this period, she often had to go to the toilet, her stomach was getting bigger and bigger, she was getting more and more tired, and she just wanted to sleep.

"Don't, don't harm my child, save me." In the middle of the night, she began to have that terrible nightmare again, her whole body seemed to be broken, her face was full of pain, and her stomach was swollen like it was about to burst. In the dream, he cried out in pain.

"Ningning, don't be afraid, I'm here." Suddenly, a pair of warm big hands hugged her, gently stroking her belly, and comforting her.

Shen Ning's tightly kneaded heart eased, and after a while, the nightmare subsided, and he turned over with difficulty, and fell into a deep sleep again.

Later, she had nightmares again, which caused her to wake up the next day with pain all over her body and a distended stomach.

She thought, maybe she was about to give birth.

Chapter 1090: Feel worthless for him!

"Aunt Dong, Aunt Dong." Shen Ning sat up with a big belly, and when he came out, he didn't see Aunt Dong's shadow, so he yelled.

After shouting a few times, I realized that Aunt Dong was going to visit a childhood sister's house today, and today the sister's house added a grandson to serve wine.

She shook her head, what a memory!

In the kitchen, Aunt Dong has already prepared breakfast.

After eating, Shen Ning returned to the bedroom. Not long after returning, the phone rang.

She picked it up and saw that it was an unfamiliar phone. She was a little surprised.

Before Li Zhenting came to find her, her mobile phone was turned off, and now she received a call not long after she turned it on.

She thought about it and then picked it up.

"Hello."

"Hello, are you Ms. Shen Ning?"

"Yes, who are you?"

"I am Manager Yao from the Crown Hotel."

Crown Hotel?

Shen Ning frowned, she had been away from the imperial capital for a few months, how could the Crown Hotel call her.

"What's matter?"

"It's like this, Ms. Shen, Young Master Zhu was drunk with us. We wanted to find his family to pick him up, but we called a lot of guys from his cell phone number, and they were all outside. After drinking, I saw that your number was dialed more times, so I called you, sorry to bother you." Manager Yao said over there.

"Is it Zhu Qixiong?"

"Yes."

"Is he very drunk?"

"Already drunk, collapsed on the sofa, unable to stand up."

"Okay, you wait, I'll send someone to pick him up right away." After thinking for a while, Shen Ning agreed, and immediately called Uncle Marley, asking him to pick up Zhu Qixiong and go back to Gu Qi's office to rest.

After putting down the phone, Shen Ning had a headache. When did Zhu Qixiong go to the nightclub to drink again? I remember that he had stopped going to those places before she left.

Although thinking about it like this, she didn't think it was too weird. After all, Zhu Qixiong came from the third young master of the capital. It's normal to go to a hotel and get drunk, but she was embarrassed that she couldn't find his family's phone number in his mobile phone. Feel worthless for him!

In Zhu's family, Zhu Qixiong is indeed an inconspicuous existence. His biological father Zhu Dongjin is indifferent to him, and his stepmother has nothing but schemes against him. As for his half-brothers and sisters, they are worse than ordinary people.

In such a situation, where would he have a family?

Zhu Qixiong's gloomy eyes floated in Shen Ning's mind, and he thought of himself when he was a child. Since Shen Deshun brought Lan Feiyun home, her life is actually worse than Zhu Qixiong's, but she has a good grandmother...

Sadness and loneliness welled up in my heart, and I felt sad for a while.

She thought that this was probably the reason why she and Zhu Qixiong had a common word and sympathy.

After a while, she felt very tired, and fell asleep on the bed. There seemed to be a chill in the haze, and she wanted to get the quilt but couldn't. At this time, someone suddenly covered her with the quilt. She felt warm quickly, and fell asleep again.

When I opened my eyes again, it was already noon.

She got up feeling a little hungry, and was going to go to the kitchen to get something to eat.

But what she didn't expect was that as soon as she walked into the living room, she smelled the aroma coming from the kitchen. She sniffed, could it be that Aunt Dong came back? Impossible, banquets are generally held at noon and evening! How could you come back without even eating!

It should be Zhang Xiaoxian who is here!

She pursed her lower lip and walked in. Soon, her eyes widened.

In the kitchen, the tall and slender background was busy with her back, and her long legs were particularly conspicuous.

On the stove, it was steaming, and something was being stewed, and the aroma came from there.
