

Troublemakers 1091

Chapter 1091: unforgivable

"Ning Ning, are you awake? Are you hungry? The food is almost ready, and you can eat it soon." Hearing the voice, Li Zhenting immediately turned around, seeing Shen Ning, his eyes were soft and pleasantly surprised, full of concern.

Shen Ning only came back to his senses quickly after a moment of shock, his face darkened, and he asked sharply:

"Li Zhenting, who let you into my house? Who allowed you to cook here?"

"Ning Ning, I made it for you to eat." Li Zhenting knew that she would be angry, so he carefully accompanied her.

Shen Ning sneered: "Li Zhenting, you are so confident, why do you think I will eat what you cook? Why do you think I need you to cook? Tell you, I feel sick when I see you, let alone what you cook. Something's gone, get out."

She rushed over and dumped all the food on the stove into the trash can, and even dumped what was cooked in the pot into the swill bucket, without giving him any face.

Li Zhenting's face turned black and his muscles stiffened.

"Please get out, don't stay in my house." Shen Ning pointed to the outside and shouted.

"Ning Ning, I just want to take care of you, it's too hard for you to conceive a child."

"It's only at this time that I said I was working too hard, why did I go early? I was pregnant with Coco, Ding Ding and Xiao Xiao, where were you? What were you doing when I was pushed into the sea by Shen Mei? I was pushed by Xiaofeng again and again. Did you think about me when I was hurt once?" Shen Ning asked repeatedly, and became more angry, and said sharply: "Please leave my sight immediately and disappear from my sight forever, I never want to see you again in this life. "

As she spoke, she rushed to the chopping board, picked up the kitchen knife, and pointed at him:

"Get out, if you don't go out again, I will kill you and then commit suicide."

The knife is shining, chilling people's hearts.

Li Zhenting's heart was throbbing. He knew that he had hurt her too much, so he quickly raised his hands and said in a trembling voice: "Ningning, don't do stupid things, I'll go, I'll go!"

"Get out of here." Shen Ning roared angrily, the tears in her blood red eyes were firmly held back by her.

Li Zhenting turned around dejectedly, and walked outside, a pain that penetrated deep into the bone marrow hit him, as if a knife was peeling off his skin and flesh, causing his heart to convulse in pain.

He hurt her too deeply, it is unforgivable!

There was a "boom", until Li Zhenting walked out of the yard, the knife in Shen Ning's hand fell to the ground, and she supported the stove with tears rolling down like spiders.

Originally, she was already well, but this man came to harass her again, why? Did he think his face was big enough!

After a while, Shen Ning stood up and wiped away his tears, cooked porridge and hot vegetables for himself, and sat in the bedroom in a trance after eating.

She didn't know when Li Zhenting sneaked in, and she didn't know if she had left now. Originally, she wanted to take a walk outside, but as long as she thought of Li Zhenting wandering around, she lost her interest at all.

This man is so lingering, when will he give up and leave? It seems that we have to find a way to get him out!

While she was thinking, suddenly, the phone rang.

She saw that it was Zhu Qixiong calling.

"Young Master."

"Ning Ning, I can finally get through to your phone." Zhu Qixiong was very excited when he heard her voice, "I thought you forgot about me, since you left in Hua County, your phone can't be reached. "

Shen Ning smiled: "Anyone can forget, how can I forget you, my benefactor."

"Really." Zhu Qixiong knew that Shen Ning's words were just a joke, but he was still very happy after hearing it, "Thank you so much today, I didn't expect that Manager Yao to call you and disturb you , Next time I see her, I will reprimand her."

"It's okay, of course I can help my good friend if he is in trouble, not to mention that it's just a matter of little effort." Shen Ning smiled casually, his face suddenly became serious, "Young Master Zhu, it's not good for your health to get drunk like this, you must pay attention Body, don't think that you can squander it at will when you are young, many people's bodies are left with the root cause of disease because they didn't pay attention when they were young."

Chapter 1092: You actually love him very much, don't you?

"Okay, I'll listen to you. As long as you are willing to discipline me, I promise I will listen to you in the future. I will stay wherever you tell me to stay. I dare not move half a step." After being taught a lesson by Shen Ning, Zhu Qixiong immediately had a very correct attitude good.

"Pfft..." Shen Ning was amused by him, and she felt a lot better. Only then did she realize that she hadn't smiled comfortably for a long time since that **** Li Zhenting came to harass her.

"Ningning, where are you now?" Zhu Qixiong asked softly over there.

"A very distant place." She replied mysteriously.

Zhu Qixiong smiled: "I guess it must be a place with beautiful mountains and rivers."

"Why do you think so?"

"Because only a place with beautiful mountains and rivers can be worthy of you, and only then can you be willing to live forever."

"You think too highly of me, but this place is indeed a good place with beautiful mountains and rivers. I like it very much." Shen Ning laughed.

"So, can you give me the address, please?"

"Okay, I'll send you the address and location map later."

The two chatted for a while, Zhu Qixiong was reluctant to put down the phone, and said: "Uncle Marley is very careful, not only bought me hangover soup, but also called me meals, really serious and meticulous."

"Uncle Marley is a very kind person. Gu Qi is thanks to him during this time. My mother really didn't misunderstand him." Mentioning Marley, Shen Ning showed a happy smile.

"Indeed, your mother has a good eye, knowing people is very important in business." Zhu Qixiong agreed, but suddenly changed his voice, "Actually, I am also a very kind person, and my kindness is only for you. Too bad you couldn't find it."

Shen Ning pursed her lips and smiled: "Of course I found out, otherwise I wouldn't ask you for help in times of crisis."

"Really? Thank you so much for looking up to me." Zhu Qixiong's eyes lit up. Yes, he was very happy that Shen Ning could come to him. If Li Zhenting hadn't found Qingshan City later, the current Shen Ning would definitely stay in his villa until the baby is born.

In fact, in his heart, he never thought about what to do with Shen Ning, he just wanted to be with her, even if he talked with her, he would feel happy and feel inexplicably peaceful, Shen Ning He was fascinated by Ning's foresight, wisdom and temperament.

Of course, if he can stay with her in this life, it must be the blessing he cultivated in his previous life, and he can't ask for it.

"I also want to thank you, thank you for helping me." Shen Ning also thanked.

The two talked a lot, and hung up the phone after a while.

After hanging up the phone, Shen Ning's depression dissipated a lot, and he felt much more comfortable.

In the afternoon Zhang Xiaoxian came over.

"Ning Ning, where's your ex-husband? It seems he's gone." She came in through the front door, looked around, didn't see Li Zhenting, and asked after entering.

"It would be best if it disappeared." Shen Ning said coldly, thinking of the back of Li Zhenting who was forced out of the kitchen by her in a panic.

Zhang Xiaoxian tilted her head to look at her, and suddenly asked with a smile: "Sister, you actually love him very much, don't you?"

"No, I'm sick of seeing him."

"Love him deeply and hate him so much, if you really didn't love him, how could you have so many children with him." Zhang Xiaoxian didn't believe it, and judged very maturely.

Shen Ning glared at her: "You have never been in a relationship, so how would you know this?"

Zhang Xiaoxian smiled: "Haven't you ever eaten pork and seen pigs run away? I also had a crush on a boy when I was in high school, but my family background was far from that boy's. We went to different universities and we didn't keep in touch. gone."

"So, you are still a love expert." Shen Ning teased her.

Zhang Xiaoxian chuckled: "Anyway, I understand, and your ex-husband seems to be in very good condition. You said that all the women in the imperial capital want to marry her. There is no reason why you just marry her if you don't love her. Give it back." He gave birth to a baby, now that he is chasing after him, do you want to think about it carefully, don't regret it then, after all, the baby in your belly is his."

Chapter 1093: Do you think so too?

Shen Ning's heart sank, and his face turned black: "Okay, don't talk about him anymore, I know best whether I love him or not."

"Okay." Zhang Xiaoxian saw that Shen Ning would be in a bad mood just to mention her ex-husband, so she tactfully stopped mentioning it, and the two went to the living room to study the spice package.

The Lin family villa in the United States.

Lin Zhenxun stood in the study, looked at the gauze clouds rising faintly from the distant mountains, looming, and sighed deeply.

The doorbell rang.

"Come in."

"Dad." The door opened, and the tall, thin, handsome and suave Lin Shouyu walked in.

"Shou Yu, have you lost your sister's whereabouts?" Lin Zhenxun's face was gloomy, his expression was lonely, and his eyes were cloudy.

As he got older, he missed his daughter who disappeared when she was still a baby. It was the crystallization of his love with Zhou Huiying. Zhou Huiying was his first love, the love of his life, but he hadn't had time to make up for it. To her, she bled to death on the day of delivery.

He is ashamed!

For so many years, whenever the night was quiet, he would feel guilty and sad, and burst into tears. Therefore, he often went to the imperial capital... After all, Zhou Huiying died of dystocia in the Imperial Capital Maternal and Child Health Hospital.

"Dad, it's really difficult. I found the maternal and child health care hospital where my mother gave birth some time ago, and found that eight children were born that night, and two pregnant mothers had hemorrhage and dystocia. As for the names of the two mothers, the current age It's been a long time, and the files have been lost, and it's hard to find all the information about the eight babies born that night." Lin Shouyu was extremely regretful.

"Hey, I'm really sorry for their mother and daughter. Thinking about how pitiful they are, I'm guilty." Lin Zhenxun took off his glasses, wiped his tears with a tissue, and was very sad.

If he had been braver and stronger and fought against his mother, how could such a thing have happened? He has an inescapable responsibility!

"Dad, don't be too sad, I will continue to search." Seeing that his old father was so sad, Lin Shouyu could only comfort him.

"Hmm." Lin Zhenxun said "hmm" and then bowed his head and stopped talking.

"By the way, Dad, when I was in the imperial capital, I found a girl who looked like the mother in the photo." Lin Shouyu said suddenly.

"Who?" Lin Zhenxun seemed to have thought of something, and suddenly raised his head.

"She, Li Zhenting's wife, Shen Ning." Lin Shouyu said slowly.

"Do you think so too?" Lin Zhenxun asked eagerly, Shen Ning's voice and smile flashed in his mind, and his heart throbbed.

Actually, Lin Zhenxun always felt that Shen Ning was like his dead first love, and he had always been suspicious, but he checked it out himself, and found that Shen Ning was indeed born to Ms. Shao Meiqi and Shen Deshun, and her date of birth certificates were intact.

He had no reason to doubt her, so he could only give up.

Of course, this did not affect his affection and love for Shen Ning, that's why he cooperated with her on spice!

"Yes, Dad, do you know her?" Lin Shouyu was surprised.

"Well, I knew Shen Ning's mother a long time ago. At a dance, she brought her daughter Shen Ning to the dinner party. I had a special affinity with that little girl and liked her very much. Later I planned to cooperate with Shao Meiqi on the Huayue series of perfumes, but for some unknown reason, she suddenly jumped off the building, hey, think about it, what a pity, this is also a poor woman." Speaking of the past, Lin Zhenxun was very sad.

He went to the imperial capital several times later, but he never saw Shen Ning again.

That day, at the Imperial City Fair, he recognized Shen Ning at a glance. Although he hadn't seen her for so many years, and she had grown from a little girl to a big girl, he recognized her with just one glance. coming.

Actually, he understands very well that the reason why he can't forget it so much is because Shen Ning looks so much like Zhou Huiying.

Chapter 1094: please be sane

"Dad, it turns out that you have such a story with their mother, it's really a pity." Lin Shouyu twitched his eyebrows, and looked up at the night sky outside the window.

That day, when Lin Shouyu met Shen Ning at the dinner party for the first time, he was very shocked. Shen Ning's eyebrows and eyes were too similar to his dead mother. At that time, he kept staring at her, trying to understand the problem, but there were too many people that day. And he was not too abrupt when meeting Shen Ning for the first time.

After the dinner, Shen Ning went home with Li Zhenting, and it was not easy for him to ask.

The next day, something happened to the company in the country of America, so he had to hurry back and temporarily postpone the matter.

However, he thought that the Lin Group and the Li Group would have many business cooperations in the future, and there would be more opportunities to learn the truth in the future, so he didn't take it too seriously.

In fact, twenty-six years ago, Zhou Huiying was pregnant with twins, and died of massive hemorrhage that night. Two days later, because no relatives claimed her baby, she had to be sent to an orphanage. When the hospital returned, only the baby boy was left, and the baby girl was nowhere to be found.

He named the baby boy Lin Shouyu, and he loved it even more.

As for the baby girl, the search is always on.

During this period, he asked for Zhou Huiying's medical records from the Maternal and Child Health Hospital, which clearly stated that there was a twin and a baby girl, but the hospital and the orphanage did not know where the baby girl went. The other said that when the hospital sent them, there were only male babies.

Lin Zhenxun had no choice but to let this matter pass after repeated investigations to no avail.

In the blink of an eye, it has been twenty-six years, and he is also old. Recently, he often thinks of that poor child, who has gone somewhere, and sometimes in his dreams, he will burst into tears.

"Dad, you don't need to be too sad. I'm going to the imperial capital tomorrow. This time I will ask Li Zhenting personally and call the couple out. This time, I will definitely find out." He said resolutely.

This time, if he can't figure it out again, he will definitely drag Shen Ning to do a paternity test, because Dad is already old and his health is getting worse day by day, so he can't make him regret his whole life.

"Okay, okay." Lin Zhenxun nodded persistently.

If Shen Ning is really his daughter, how wonderful it would be! He still had time to make it up to her!

the next day.

After Shen Ning woke up early in the morning, he touched his belly with his hand and went for a walk outside to breathe the fresh air.

But when she walked to the door, she suddenly smelled the refreshing aroma of roses.

She frowned.

How can such a small place have the aroma of roses? There are several fruit trees in the yard, and the aroma of apple and peach blossoms is justified.

She stepped out.

Raised his head suddenly, his eyes widened.

One day, the yard was full of roses, which were so bright and beautiful that they were arranged in the shape of a heart, which was very dazzling.

In the middle, a handsome man stood in the sea of flowers, holding a lot of roses in his hands, with a delicate smile on his lips, when he saw her coming out, his eyes were soft and bright, and he immediately walked towards her.

"Good morning, Ningning. These are the roses I gave you, do you like them?" Li Zhenting handed the flowers in front of her with both hands, speaking softly.

Shen Ning's face turned dark.

"Get out." She knocked off the rose in his hand, and shouted angrily: "Li Zhenting, you are really shameless, do I care if you give this broken flower? Please be normal, I don't want to see you, hate you, we are over long ago, what are you doing here with these ugly and disgusting flowers? It will only dirty my land, I order you now, throw these flowers away for me immediately, otherwise, I want to report to the police that you have repeatedly harassed me and throw you out of Yuan County."

Li Zhenting was instantly ashamed and at a loss for what to do.

Shen Ning became more and more angry, bent down, picked up a few sticks of roses and threw them to the ground, stepped on them with his feet, and cursed: "Idiot, crazy, who cares about your things, dirty my land, and even hurt me Hygiene, why did you come to harm me?"

"Ning Ning, be careful." Li Zhenting watched with heartache as the roses he had carefully bought after spending a day and a night were trampled to pieces by her, his heart was bleeding, but after a while, he was frightened again.

I saw Shen Ning was out of control when she stepped on these flowers, she seemed to be venting her pent-up anger, she didn't notice her own safety at all, the floor was silky after the rose petals were crushed, when she stepped on, His body also tilted from time to time, as if he was about to fall, which made his heart lift up.

Chapter 1095: I will never be confused again

"Ning Ning." Suddenly, Shen Ning stepped on his foot, tilted his body, and was about to fall, Li Zhenting exclaimed, and was about to rush up to hug her.

Shen Ning stopped at the critical moment, turned around to look at him, and shouted angrily:

"Get out, I don't want to see you again."

"Ning Ning..."

"Don't call me, a person will only be fooled once in a lifetime, it is impossible to trust a person infinitely, give up, I will never have any possibility with you, do what you should do now, don't waste it here It's time."

After speaking, she picked up the broom and was about to clean up the yard.

Li Zhenting was disheartened, seeing Shen Ning sweeping the roses with great difficulty, he hurriedly said: "Ning Ning, since you don't like them, then just pretend that I haven't sent them, you give me the broom, I sent these flowers, it should be Let me clean up."

"You clean them spotlessly for me, but I feel disgusted when I look at everything that belongs to you, and I don't want to keep it at all." Shen Ning threw the broom on the ground, said indifferently, then turned and went into the room .

Li Zhenting felt a pain in his heart, obediently picked up the broom and started cleaning.

Shen Ning sat in the bedroom, feeling inexplicably irritable.

What exactly does this man want to do? Do you want her forgiveness or the child in her womb? Or do you want her love?

Do you love? She sneered, until now he doesn't know what love is, right? For him, talking about love is too extravagant.

She doesn't have the energy to play these boring games with him!

When Aunt Dong came back from the outside, she saw the yard full of roses, and Li Zhenting was cleaning it carefully. No matter how you looked at it, she felt it was a waste.

Hey, she shook her head, these two people don't know when they will end this relationship.

"Ning Ning, come and eat fruits, fresh cucumbers, honeydew melons, just picked from a friend's vegetable garden, they are fresh." Aunt Dong approached and called to Shen Ning.

"Okay, thank you, Aunt Dong." Shen Ning walked into the living room rubbing his belly.

Aunt Dong took cucumbers and honeydew melons from the vegetable basket, cleaned them, and brought them out to Shen Ning.

"Ning Ning, do you really want to reject him completely?" Aunt Dong glanced at Li Zhenting who was cleaning the roses outside, and asked softly.

"Of course, there is no doubt about it."

"But he is the father of the child in your womb after all. It is much better to have a father to accompany the child's growth." Aunt Dong persuaded tactfully.

"But so what? I don't want to cause this kind of situation. I don't want to be betrayed by a man anymore. I have softened my heart before, thinking that he is Coco, Ding Ding and Xiao Xiao's father after all. If the child How great it would be for us to have a complete family, so I agreed to remarry him, but you have seen the final result, how much I was hurt, this time, I will never be confused again. "

Shen Ning remembered the last time, after they remarried from the Civil Affairs Bureau, he ran towards her figure without hesitation after receiving a call from Xiaofeng, and his heart was bleeding.

It is very obvious whether a man loves or not, why should she stage this hopeless pain again.

"Ning Ning, in fact, there must have been a misunderstanding that time. I heard that Li Xuexi colluded with foreigners to try to be powerful, and Xiaofeng was a chess piece they found..." Aunt Dong explained.

"Aunt Dong, stop talking for him. What I care about is never how he treats me later. What I care about the most is that on the day we remarried, he left me and ran away after receiving a call from Xiaofeng. If he didn't run that day, then nothing would happen to Xiaofeng, so he is responsible and cannot be forgiven." Shen Ning interrupted Aunt Dong's words with a frowning expression. All pain and anger.

Chapter 1096: Will you sympathize with me?

"Yes, but I heard that Xiaofeng said on the phone that day that she was in a car accident to find Mr. Li. Li is always a kind person, and he would not ignore the life of a woman who saved him before, right? ." Aunt Dong still tried to persuade her.

"But if it wasn't Xiaofeng who called him that day, but someone else called him, would he have gone? No, this only shows one problem. What he cares about is Xiaofeng, and has always been. Besides, even if he knew it was very dangerous for Xiaofeng to have a car accident that day, and he could have let Leng Xue go there to save her. Leng Xue's skills were no slower than his. He ran away when he received the call, which only showed Xiaofeng's status in his heart. I'm not going to accept any more explanations."

She also has a bottom line of principle, Li Zhenting has touched her bottom line, and more than once, she can't forgive him again! No one said it was useless!

Aunt Dong stopped talking after hearing this, maybe Shen Ning was right, President Li has always been unclear about her feelings, this time, let him understand thoroughly.

After lunch, when Shen Ning passed the living room, he couldn't help but look out.

In the gazebo, Li Zhenting was sitting there with his head drooped.

He has been sitting like this for a long time, since he cleaned up the roses in the yard, he has been sitting there, at a loss.

He really doesn't know how to please Shen Ning! It wasn't until this moment that he realized that he didn't understand Shen Ning at all, and it seemed so difficult to find his favor. It seemed that there was a reason why Shen Ning ignored him!

Shen Ning just gave him a cold look and then entered the bedroom.

She would like to know how long he can spend here, to see how much patience he has!

The sun is setting, and the clouds are like blood.

After dinner, Zhang Xiaoxian came over.

"Sister Ning, let's go for a walk." Zhang Xiaoxian walked in with a smile.

"Okay, I want to go out for a walk too."

"Then shall we go from the front or the back?" Zhang Xiaoxian asked after looking at Li Zhenting who was still sitting in the pavilion.

"Front." Shen Ning glanced coldly, and replied indifferently.

"Sister Ning, are you not afraid of him?" Zhang Xiaoxian blinked her eyes, whispered in her ear, and pointed to Li Zhenting who was sitting outside.

"Why are you afraid of him? This is my home, should I be afraid of an outsider?" Shen Ning raised his eyebrows in disdain.

"That's right." Zhang Xiaoxian covered her lips and smiled, "I didn't expect him to be so patient. He actually stayed here for so many days. This is really rare for the richest man in the imperial capital."

"Do you know his identity?"

"Sister, I am also a graduate student, I don't know how to Baidu, the richest man in the imperial capital is so famous, just look for it."

"Yes." Shen Ning nodded.

"Sister, it turns out that you are the president of Gucci Perfume Group. You are really a master hidden among the people. No wonder the fragrance bag you made sells so well. The dignified Gucci perfume designer helped me design it. How can it be bad?" Zhang Xiaoxian smiled happily.

"Ghost girl, you actually picked me out."

"Of course, when I saw you, I thought you were unusual and not an ordinary person. Sure enough, you turned out to be the woman behind the richest man in the imperial capital. You still have a career. I must have done good deeds in my previous life to have the opportunity to be with you." Sister Immortal together." She said as she took Shen Ning's arm, and put her cheek on her arm, very happy.

"Wrong, I'm Shen Ning, I'm not someone's woman, if you keep talking nonsense, I'll ignore you." Shen Ning tensed his face, "Xiao Xian, you probably know the story about the richest man in the imperial capital not loving his ex-wife, right? So, will you sympathize with me?"

Chapter 1097: It must be love!

"Sister, I really don't know the specific situation of you before, but I read the recent news, and there are many reporters from Yuji who are reporting on the richest man in the imperial capital chasing his wife thousands of miles away. Looking at it this way, I feel that Mr. Li You are very affectionate and have a sense of responsibility, so I do not sympathize with you." Zhang Xiaoxian replied seriously after thinking about it.

"That's because you don't understand the past between me and him. Forget it, you don't understand after talking about it. Let's go for a walk." Shen Ning didn't want to go deeper on this topic, so he pulled her to go outside .

"By the way, sister, I saw in Baidu that Mr. Li already has four children. Are those four children born to you?" Zhang Xiaoxian asked curiously remembering this.

"I gave birth to three of them." Shen Ning replied after pondering for a while.

"Three?" Zhang Xiaoxian was stunned, and the other one was not born by Shen Ning, that is to say, it was born by another woman. Sure enough, the life of the rich and powerful in the imperial capital is beyond what ordinary people like them can imagine.

Suddenly, her eyes widened:

"Sister, if you add the pair of twins in your stomach, don't you have five children?"

"Hmm." Thinking of Ke Ke, Ding Ding and Xiao Xiao, Shen Ning's heart ached. She really hadn't seen the children for a long time, and she didn't even hear their voices. God knows how much she missed them!

"No wonder President Li came after him, so you are the mother of his five children." Zhang Xiaoxian murmured.

"So, you know, he has no love for me, he just came here out of responsibility and morality, or to **** the child in my belly. I will never forgive him for such a man, and I will not let him succeed."

"Hey, love is very important to a woman." Zhang Xiaoxian sighed and didn't speak any more.

But in her heart, she felt that Shen Ning's words might not be entirely true. If a man has no feelings for a woman, especially a top rich man like him, isn't it easy to want a woman? Why bother to work so hard? Chasing his wife thousands of miles away.

It's just that she has no experience of getting married and having children, and she doesn't understand these things anymore.

At this time, Shen Ning had already dragged her to the outside yard.

Li Zhenting heard footsteps and looked towards them.

Shen Ning didn't even look at him.

Zhang Xiaoxian looked at him secretly, and saw that Li Zhenting was looking at Shen Ning infatuatedly, the big eyes under the bushy eyebrows were full of uncontrollable pain and helplessness.

At that moment, Zhang Xiaoxian really wanted to deny Shen Ning's statement. She felt that it wasn't that Li Zhenting didn't love Shen Ning, but that he loved him badly!

Suddenly, she felt that Shen Ning was actually very happy. If Li Zhenting really loved Shen Ning, then there was such a man chasing her. Didn't this save the Milky Way in his previous life?

The two walked along the river, the sunset was bright, the willows were soft, the air was clean and fresh, Shen Ning's mood improved a lot.

after an hour.

Shen Ning felt that the number of steps taken today was enough, so he followed Zhang Xiaoxian and walked back along the river.

"Ning Ning." As soon as she came to the yard, a familiar voice suddenly came from there. She was startled, looked up, and her eyes widened.

I saw a handsome young man, wearing a denim T-shirt and carrying a small luggage bag, standing in front of her, with bright eyes and a bright smile on his face.

Zhang Xiaoxian, who was standing beside her, also widened her eyes in shock.

Oh my god, where did such a handsome man come from? Their small village has never seen a man like Li Zhenting and this young man in a hundred years.

Chapter 1098: it scared me

"Zhu Qixiong!" Shen Ning exclaimed, "Why did you come here suddenly?"

"Ning Ning, after I put down the phone, I booked a plane ticket and came here directly. I want to give you a surprise, how about it? Surprise or not?" Zhu Qixiong smiled smugly.

Shen Ning patted his chest with his small hands: "My God, there is only surprise but no joy."

She never dreamed that Zhu Qixiong would find this place in such a short time.

"Yo, why don't I invite you to see me like this? It really makes me sad to hear that." Zhu Qixiong was very wronged when he heard it, "I really care about you. I haven't seen you for so long. I don't know how you are doing now. , came here specially to see you."

"No, just kidding, it's too late for me to welcome you when you come all the way." Seeing that he was angry, Shen Ning finally showed a bright smile, "I'm so happy to see you, come on, go in."

She pulled him to go in.

At this time, Zhang Xiaoxian said from the side:

"Sister Ning, if you have guests, I won't bother you. I'll go first."

Shen Ning remembered Zhang Xiaoxian who was standing at the side, and hurriedly pulled her to introduce to Zhu Qixiong: "Young Master Zhu, come, let me introduce you to a beauty, this is my best friend Zhang Xiaoxian."

Then looked at Zhang Xiaoxian again and said:

"Xiaoxian, let me introduce you, this is Mr. Zhu Qixiong, the third young master of our imperial capital."

"Ah, so you are Zhu Qixiong, the rumored Third Young Master of the Imperial Capital." Zhang Xiaoxian was really frightened. She never thought that her best friend would have such a big background. No matter which one, she usually doesn't even have the opportunity to look up.

"Ms. Zhang, hello, nice to meet you." When she was still in a daze, Zhu Qixiong stretched out his hand to Zhang Xiaoxian calmly.

Zhang Xiaoxian looked at the man's big white palm, blushed for a while, and stretched out her hand timidly: "Master Zhu, hello, welcome to a small place like ours."

"Thank you, Ms. Zhang is very hospitable and pure and beautiful. It really is a place with beautiful mountains and clear waters that is rich in beauties." Zhu Qixiong glanced at Zhang Xiaoxian and smiled slightly.

Zhang Xiaoxian's face blushed again, and she smiled shyly: "Sister Ning, then I'll be leaving first, call me anytime you need anything."

"Okay, you go take care of your parents first." Shen Ning nodded.

Zhang Xiaoxian raised her eyebrows and looked at Zhu Qixiong, then bowed her head and walked away quickly with small steps.

"Master Zhu, let's go, let's go in, it's getting late." This time, Shen Ning smiled and made a 'please' gesture to Zhu Qixiong.

"Okay." Zhu Qixiong smiled heartily, agreed, and walked in.

The two walked side by side.

"Master Zhu, you are so amazing, you found me right away." Shen Ning praised.

"Ham, it's easy to find this place, but it's not so easy to find you in this village. Let me tell you, I went around the village twice, but I couldn't find where you live. No, I just saw you when I came back. The two of you walked over and recognized you at a glance." Zhu Qixiong smiled, "Otherwise, I was still thinking about staying under the roof of some house for the night, and I just happened to see you, really It's fate."

"I'll go, you won't call me, as long as you call me, I will come out to pick you up." Shen Ning blamed.

"That way there are no surprises."

"Please, do you have a surprise like this, it really surprised me."

The two talked while walking, very happy.

Sudden

Zhu Qixiong stopped and looked into the gazebo in the yard.

God, why does this man look so much like Li Zhenting?

He rubbed his eyes and took a closer look.

Isn't it, it's Li Zhenting.

It's just that the Li Zhenting at this time is no longer the Li Zhenting at that time.

At this time, he was unkempt and haggard, and he was far from the tall, dignified and majestic man in the past.

Chapter 1099: What a shame!

Zhu Qixiong saw Li Zhenting sitting lonely on the small stone bench, like a wronged little daughter-in-law. That appearance made him want to laugh.

No wonder I haven't seen any news about him in the imperial capital during this period of time. It turns out that he has been looking for this place a long time ago.

It seems that he is quite powerful, and he can even find this kind of place. If he hadn't sent him a location map by Shen Ning, he would never have found it.

He hesitated for a while, thinking about whether to greet him.

Shen Ning took his arm suddenly, and said with a smile: "Qixiong, let's go, it's getting late, and I have to make your bed."

Zhu Qixiong was taken aback for a moment, and immediately understood what was happening, and smiled: "Okay, thank you, but you don't need to clean up, I can do it myself, how dare I bother a pregnant woman to entertain me."

"Can you clean up as a big man?" Shen Ning glanced at him with a smile.

"Ningning, have you forgotten? I cleaned up my house, and it was neat and tidy."

"Oh, yes, I forgot, you are really good, you can do everything, and you are also very understanding, considerate and gentle. Any woman who finds you in the future should not be too happy."

"Then you want to think about me, I am very happy."

The two went in chatting and laughing, Shen Ning didn't even look at Li Zhenting who was sitting next to him from the beginning to the end, as if he didn't exist.

But he said that Li Zhenting was sitting on a stone bench with his head bowed. When he heard footsteps, he raised his eyes and saw that Zhu Qixiong had also come. In an instant, a feeling of sourness and jealousy welled up in his heart, and sparks burst out of his eyes.

What made him even more annoyed was that Shen Ning actually held his arm, the two of them were very intimate, talking and laughing happily, and the bright smile on her face really stimulated him.

When facing him, her icy appearance made her look like a different person.

He is very restless!

It turned out that no matter what he did, she would not accept him, because she already had another man in her heart.

Zhu Qixiong, a villain, actually took advantage of the situation.

Really smelly and shameless!

He stood up abruptly.

"Ningning, when did your ex-husband come here?" Zhu Qixiong asked in a low voice as soon as the two entered.

"I don't know." Shen Ning's face, which was still full of smiles just now, became as cold as ice, "Please don't mention him in front of me, for me, he is dead long ago."

"Have you really given up on him?" Zhu Qixiong knew at a glance that he had not been forgiven by Shen Ning when he saw Li Zhenting's appearance. He came here because he hit a wall, otherwise how could he be so lonely and frustrated.

"Of course, I have no future with him, and I won't go through that painful life again. Now I can't even be friends with him. If there is any necessary contact in the future, it will be for Keke. Ding Ding and Xiao Xiao."

Zhu Qixiong was startled, and after listening to Shen Ning's resolute words, he didn't say anything more.

"Young Master Zhu, you are here too." Aunt Dong heard the voice and came over to see Zhu Qixiong, a little surprised, and hurriedly greeted with a smile.

"Yes, Aunt Dong, hello." Zhu Qixiong politely stood up and greeted her.

"Hey, our small places are crude and vulgar, and the food and living facilities are no better than those in big cities. I'm afraid you won't get used to it, but I'll make you feel wronged." Aunt Dong said modestly.

"Where, Aunt Dong, this kind of place is a fairyland on earth. Ningning, a pregnant woman, can endure hardships, let alone a big man like me, I can endure hardships." Zhu Qixiong puffed up his chest and said, "But everything A place that can make Ning Ning fancy, it must be impossible to go wrong."

"Well, as long as you don't dislike it, it's fine. You've worked hard all the way, so you haven't eaten yet. I'll go and cook you some local specialties." Aunt Dong smiled.

"Then thank you Aunt Dong, I really haven't eaten yet." Zhu Qixiong was also polite, he really didn't have a good meal all day.

Chapter 1100: I'm mainly here for her

"Okay, just wait, I'll do it right away." Aunt Dong smiled and agreed and walked towards the kitchen, and looked at the gazebo outside when passing the living room.

Li Zhenting was standing outside, looking in the direction of Shen Ning's bedroom, his fingers clenched into fists, and his eyes were full of unyielding dark light and eager jealousy.

She shook her head.

This is great, Zhu Qixiong has also followed, and the situation that could have been maintained may be a mess in the future.

Hey, she really can't keep up with the thinking of young people.

Li Group.

Lin Shouyu walked in slowly with a briefcase.

"Where are you President Li?" He walked to the secretary's desk and asked slowly.

Secretary Yang looked up at him, hey, who is this man? He looks very dignified, and he should be a major customer of the company, but he is so unfamiliar that she doesn't know him.

"Hello, sir, I'm sorry, our boss Li is not in the company."

"Then where did he go?"

"He hasn't been in the company recently, and the company's responsibilities have been handed over to Vice President Leng. May I ask Mr. Li for business matters? If it's me, I will inform Vice President Leng for you." Secretary Yang said. Call up.

"No need, I'm only looking for Li Zhenting." Lin Shouyu's brows were light.

"Then our President Li is not in the company recently." Secretary Yang was very polite, "If you have President Li's mobile phone, you can contact him directly."

"His phone is turned off."

After hearing this, Secretary Yang realized that the man in front of him was not a good friend of Mr. Li. Generally speaking, Mr. Li has two mobile phones, one is his personal mobile phone and the other is the company's mobile phone. His personal mobile phone is always on, but The company's mobile phone depends on the timing. Now that he has a personal business, the general company's mobile phone is turned off.

"Then please leave your mobile phone number. As soon as President Li returns to the company, I will report to him immediately and ask him to call you back, okay?" Secretary Yang asked with a sweet smile.

Lin Shouyu narrowed his eyes, and said coldly: "No need, I'll go find him again."

He turned and left.

Soon, the car stopped in front of Li's Castle.

He got out of the car and said to the guard, "I'm looking for Li Zhenting."

The guard heard him, glanced at him, and replied: "Sir, our President Li has not been at home for a long time."

Lin Shouyu got impatient and asked, "Where did he go?"

Seeing his impatient tone, haughty attitude and unusual clothes, the doorman knew that he was not an ordinary person, so he hurriedly laughed along with him: "Sir, I'll call the butler right now, you can ask him."

Lin Shouyu nodded.

After a while, Butler Luo hurried over.

"Sir, I am Housekeeper Luo from Li's Castle. Who are you?" Butler Luo was stunned when he saw Lin Shouyu. Very dignified, he asked cautiously.

"My name is Lin Shouyu, and I'm here to find Li Zhenting." Lin Shouyu was straightforward.

Butler Luo immediately smiled when he heard it: "Mr. Lin, the young master has not been at home for a long time."

"Then where did he go?"

"He didn't tell us before he left, and we don't know where he is now."

Lin Shouyu's eye circles tightened, and he asked again: "What about Li Zhenting's wife, Shen Ning? I mainly came to find her."

Actually, it doesn't matter whether Li Zhenting is there or not, the most important thing is to find Shen Ning.

The reason why he didn't come to Shen Ning directly is because Shen Ning is Li Zhenting's wife. If he came to her directly, he would be suspected of causing gossip, so he would go to Li Zhenting first.

Right now, Li Zhenting can't find it, so he might as well go directly to Shen Ning.
