

Troublemakers 111

Chapter 111 is really annoying

"Mommy, Mommy."

Just when Li Wanqing was sad, suddenly, Ding Ding's dreamy voice came from beside her. She was taken aback, and hurriedly moved her head closer, and unexpectedly heard Ding Ding's voice calling Mommy in her dream.

Her face turned cold all of a sudden.

By the way, Shen Mei!

The child is sick like this, where is she, the mother!

A wave of anger rose from the bottom of my heart.

This woman either goes shopping and plays mahjong every day, or plays with her mobile phone. I have never seen her work **** her children!

Li Wanqing's face is getting darker and darker!

...

In the afternoon, Shen Mei happily came back with her big and small bags.

Going shopping with Mrs. Li today, the two competed for shopping, but of course she won a big victory, and bought all the bags and clothes that the other party liked, she was so angry that she gritted her teeth.

She was very happy, humming a song, but she didn't expect that as soon as she stepped into the living room, she saw Li Wanqing standing there with a serious face and staring at her sharply.

She panicked all of a sudden.

"Auntie..." she said flatteringly.

"Shen Mei, your son is so sick that you actually have the heart to go shopping. Is there a mother like you?" Li Wanqing said sharply.

Shen Mei was stunned, and asked, "Auntie, are you saying that Ding Ding is sick?"

"Otherwise, who else?"

Is Ding Ding sick?

After Shen Mei was stunned for a while, joy welled up in her heart.

However, she will not show it in front of Li Wanqing.

"Then I'll go see him." She immediately put down her things and ran upstairs with a distressed look on her face.

Li Wanqing looked at her anxious back and shook her head.

This woman doesn't care about her own son at all, she really doesn't like her at all.

Thinking about it, the ex-daughter-in-law Shen Ning is better, low-key, simple, and responsible...I really don't know how my son fell in love with her. If it wasn't for the sake of her son and grandson, she would have driven her away long ago.

"Ding Ding, why are you sick? Are you feeling better?" Shen Mei walked to Ding Ding's room, looked at his pale face, and asked pretending to be concerned.

Ding Ding hasn't eaten all day, and lies listlessly on the bed, sick.

"Mum, I want to go to the bathroom, please help me up." He looked at Shen Mei, with his mouth curled up, his face full of discomfort.

My stomach hurts again, and I have diarrhea several times today.

"Okay." Shen Mei responded, bent down and helped him up.

But the child couldn't control the diarrhea at all. As soon as Ding Ding stood up, he pulled it all over his pants with a 'squeak'.

"Ah, it stinks." Shen Mei immediately pinched her nose with her hands, her eyes were full of disgust, and she blamed angrily, "Why don't you go to the toilet to pee again, it's all splashed on me, my skirt It's so expensive, it's all ruined by you."

Ding Ding pursed his lips aggrievedly: "I can't help it."

"It's really annoying." Shen Mei cursed in disgust, "You stand here, I'll go downstairs and call the nanny."

After finishing speaking, she wanted to leave here as if fleeing, leaving the child alone in the house.

Ding Ding stood pitifully, with tears in his eyes.

can be in

When Shen Mei turned around, she raised her eyes and saw Li Zhenting standing at the door with a gloomy face, looking at her sternly.

She was dumbfounded.

When did Li Zhenting come here? Why didn't she hear footsteps at all!

"Zhen, Zhenting..." Her legs were weak and she stuttered.

Li Zhenting's sharp eyes glanced at her coldly, walked quickly to Ding Ding's side, and picked up the child with his strong hands.

Chapter 112 I didn't mean to

"Daddy, my stomach hurts." When Ding Ding saw him, tears streaming down his lips.

"Ding Ding, don't be afraid, your stomach won't hurt after taking the medicine. It's okay, diarrhea is like this. Daddy also had diarrhea when he was a child. Daddy will help you clean it." He carried him to the

bathroom Go, among them, the papa flowed out from the child's pants and touched him, but he didn't care, as if it wasn't something dirty.

Shen Mei's face was blue and white, standing there at a loss.

But she reacted quickly, walked to the bathroom quickly, and said to Li Zhenting: "Zhenting, let me come, I will clean Ding Ding."

"No need." Li Zhenting's face was terribly gloomy, and his whole body felt cold.

Shen Mei stood blankly.

She watched as Li Zhenting took off his pants for Ding Ding, picked up the shower head and washed his buttocks and thighs. They patiently comforted the child, cleaned him until it was completely clean, and performed skillfully.

Until this moment, she didn't know that the man Li Zhenting had already taken care of his son, and he was very patient.

A CEO who is worth at least a trillion yuan is so proficient in taking care of his children, this is a real man!

She suddenly felt ashamed of herself, and she admired this man even more in her heart.

But there is another layer of hatred for Shen Ning in my heart!

"Zhenting, I'm sorry." After a while, Li Zhenting changed Ding Ding into clean pajamas, and he took off the dirty clothes outside, picked up Ding Ding and walked towards his bedroom, Shen Mei followed behind and apologized nervously.

It was because of his sense of responsibility to the child that he accepted her. She understood this, so she was even more frightened.

Li Zhenting's face was terribly gloomy.

"Zhen Ting, I didn't do it on purpose, it's just that I haven't worked since I was a child, so I don't know what to do, and I think there is a nanny at home..." She followed by and explained.

Li Zhenting stopped suddenly, and said coldly: "You go to the study and wait for me."

Shen Mei's face turned pale: "Okay."

Li Zhenting carried Ding Ding into his bedroom, and closed the door behind his back.

"Ding Ding, Daddy will bring you medicine, and you will be fine after taking it." After putting the child on his bed, he turned around and went out to get the medicine.

After a while, Ding Ding took the medicine and lay down. Li Zhenting held his little hand tightly, and half-lyed beside him to accompany him.

When he breathed a sigh of relief, he suddenly saw Ding Ding holding the tablet in his hands tightly in front of his chest for fear of losing it. He closed his eyes tightly, as if he had fallen asleep, and his little mouth was so pale that there was no blood.

He frowned, this child, the tablet computer has radiation, which is not good for the body, besides, how can you sleep well while holding it like this.

He stretched out his hand and quietly pulled the tablet out of Ding Ding's hand.

But as soon as he pulled it out, he couldn't help being stunned.

On the flat screen, a beautiful woman was standing under a magnolia tree in a light-colored dress, with a slight smile on her face and bright eyes.

Isn't that Shen Ning!

For a moment, he was so shocked that he almost jumped up, and the tablet almost fell down and broke.

How did Ding Ding have a photo of Shen Ning? When did he shoot it?

I really didn't expect him to be so attached to Shen Ning?

What kind of ecstasy soup did that woman pour into the child!

He sat in a daze.

Chapter 113 You will regret it sooner or later

"Daddy, I want to see this auntie, I want her to accompany me." Ding Ding suddenly opened his eyes, his eyes were red, and he begged him, "Please invite her, I just want her to come." take care of me."

Ding Ding talked, tears streaming down again.

Li Zhenting was dumbfounded, unable to speak.

...

During dinner, Li Wanqing brought up a bowl of rice soup and thin egg custard.

The child hasn't eaten all day, and she feels very distressed.

It is necessary to let the child drink some soup, so that he can have the physical strength to fight the disease.

She quietly pushed open the bedroom door.

Ding Ding has fallen asleep.

She touched the child's forehead, and he still had a slight fever, but what worried her was whether he would have a fever again at night, so she bent down slightly and put the rice soup and lean meat egg custard on the bedside table next to her, and she sat down. Come down and wait for him first.

But as soon as she sat down, she saw a tablet computer on the quilt, which was about to fall off. She quickly reached for it, and the screen turned on.

She saw Shen Ning's photo suddenly appearing on the screen, she was stunned for a while, and sat blankly.

How could Ding Ding have a photo of Shen Ning?

Shen Ning and Shen Mei are sisters, so it is reasonable for the child to have a picture of his aunt.

However, Shen Ning and Shen Mei are not close.

She sat thoughtfully.

At this time, Ding Ding coughed a few times and opened his eyes.

"Ding Ding, you're awake." She smiled and asked kindly, "Will you get up and drink some broth first?"

"I don't want to drink." Ding Ding shook his head, opened his dull eyes, stretched out his little hand, and said hoarsely, "Grandma, I want a tablet."

Li Wanqing froze for a moment, and immediately handed him the tablet.

Ding Ding took it and stroked Shen Ning's face on the tablet with his little finger. After looking at it for a while, he curled his lips and hugged the tablet tightly in his arms.

Li Wanqing suddenly seemed to understand something, and immediately asked softly: "Ding Ding, do you want this aunt to take care of you and be your tutor?"

"Yes." Ding Ding nodded feebly.

Li Wanqing was too shocked to speak.

After a while, she said: "Ding Ding, if you drink the soup, I will ask your father to invite her here."

Ding Ding opened his eyes: "Really?"

But soon his eyes darkened again: "Daddy won't agree."

"Silly boy, as long as you drink the soup, grandma will keep her word. Even if your father disagrees, grandma will invite her to take care of you in person." This time Li Wanqing's tone was firm.

Ding Ding finally agreed to drink the soup. He reluctantly got up and drank half a bowl. In the end, he couldn't drink it anymore. Li Wanqing didn't force it anymore. After all, the gastrointestinal function of sick children is not very good.

She took care of Ding Ding and fell asleep, then turned and walked outside.

In the living room downstairs, Li Zhenting was smoking cigars one after another.

Li Wanqing walked over and sat down opposite him with a serious face.

"Zhen Ting, the tutor Tin Ding wants to hire is Shen Ning, did you know that?"

Li Zhenting took a drag on his cigarette and nodded silently.

"Then do you have to be angry with the child?" Li Wanqing emphasized her tone.

"Mom, I..." Li Zhenting hesitated to speak.

"Zhen Ting, I only have one grandson. He just wants to find someone to accompany him and take care of him. Isn't that enough to satisfy him? What's more, he is so sick now." Li Wanqing stood up vigorously, "My grandson, don't give up. If you want one person to take care of them, I'd be happy if you want ten or a hundred, but if you don't agree, then I'll go and invite them myself."

She raised her foot and was about to walk outside.

"Mom." Li Zhenting stopped her, "It's not that I don't agree with this matter, but I think Shen Ning is uneasy and kind."

"Ah bah, I think you are really confused, you have been misled by Shen Mei." Li Wanqing scolded angrily, "In my opinion, Shen Ning is many times stronger than Shen Mei, you not only You have no vision and no heart, I really don't know what ecstasy soup that Shen Mei poured into you, just wait, you will regret it sooner or later."

Chapter 114 You won

Li Zhenting turned and walked out with a dark face.

"Zhen Ting, if I don't see Shen Ning tomorrow, then I will invite her in person. You can't object then." Li Wanqing said behind her back.

Li Zhenting lowered his head and walked faster.

The night is hazy, and the earth is covered with a veil of mystery.

Gu Qi's office, Shen Ning is still busy. He just came out of the laboratory, and the production of new varieties will start tomorrow, but the cost...

Her brows were furrowed, her head ached.

This afternoon, I discussed with the financial manager Wan Zhengping and calculated right now, but no matter how I do the actuarial calculation and cost savings, at least 25 million is needed.

This money is a lot of money for her.

When she proposed to mortgage the company, Wan Zhengping kept shaking his head.

A company that is losing money on the books cannot be mortgaged, even if it is actually mortgaged, it will not be worth much money, and it will not help.

Finally, he proposed a plan, which is financing: borrowing money from banks or institutions.

This is actually just a plan to draw cakes!

But no matter what, Wan Zhengping is still willing to give it a try. After all, there is a market for Shen Ning's perfume, and the profit is also visible to the naked eye. Moreover, Gu Qi has never had any bad credit records before!

Shen Ning rubbed his temples, took a sip from the water glass, and suddenly heard footsteps in the corridor.

She thought it was Li Mengqing, Secretary Li, but she didn't care.

But after a while, the footsteps became heavier and heavier, walking straight towards her office.

She frowned, and when she raised her eyes, she was shocked.

I saw a tall man standing there like a mountain at the door of the office, his eyes were sharp and sinister looking at her.

"Li...Mr. Li, why are you here?" Shen Ning thought that he was dizzy from working overtime, and hallucinations appeared in front of his eyes, so he quickly rubbed his eyes, and when he decided to look again, yes, it was still the devil Li Zhenting!

She stood up.

Li Zhenting paused, walked towards her, and said in a cold tone, "Shen Ning, you won."

Shen Ning was surprised: "What did I win?"

"What do you think?" Li Zhenting sneered.

Shen Ning's eyes turned cold.

This man appeared in front of her in the middle of the night. Judging by his appearance, there must be nothing wrong with him. Besides, I have known him for so long. How could anything good happen to him!

At the moment, looking at him coldly:

"Li Zhenting, fart quickly, if you have nothing to do, please leave here immediately, I don't welcome you to challenge me here."

If it was said that she was still cautious before, it was because Gu Qi still wanted something from him, but now, she has nothing to do with him at all, and she doesn't want to pretend to be a grandson in front of him anymore, so she just wants to be straightforward, so that she can feel at ease.

"You... are so rude." Li Zhenting's face darkened.

This woman is becoming more and more presumptuous in front of him. Not only does she disrespect him, but she also has an extremely unfriendly attitude. Forget it, after all, he is the one who asked her to take care of her son now.

He took a strong breath and suppressed his anger.

"Well, don't you like my son and want to be his tutor, and now I approve." He cleared his voice and spoke like a gift.

Shen Ning was startled, only then did he understand the meaning of his coming, and couldn't help laughing out loud.

He really came to invite her!

but

Obviously he came to invite her, but he still used this tone, as if she had nothing to do all day and just waited for him to invite her to accompany his son. This man really has a powerful system and is inherently domineering.

She raised her proud head slightly, and smiled sarcastically: "Mr. Li, what's the matter if you approve it? Now you are the one who begs me to take care of your son. It depends on whether the old lady is happy or not."

Chapter 115 Are you about to **** your tail?

Li Zhenting's face turned dark: "Shen Ning, don't push yourself."

It was already midnight, and it was a great honor for him to come here in person.

"What did I gain by taking an inch?" Shen Ning snorted, "What 'inch' did you give me, and how many 'foot' did I get? As a husband and wife, when we divorced, I was completely naked, and I was in your family. Two years of free babysitting, have I got anything? Except you cheated and abandoned me, what else do I have?"

Thinking of the hardships of bringing the children over the years, Shen Ning's eyes shone with red fire, and the scars of the past were uncovered in the bottom of his heart, dripping with blood.

She will never forget the indifference and ruthlessness of the man she once loved in front of her!

Fortunately, now, she no longer loves him and regards him as her life!

Li Zhenting was silent for a while, and suddenly took out a check from his pocket: "How much do you want?"

She 'died' herself back then, and it wasn't that he didn't want to give it to her!

"Forget it." Shen Ning said with a blank expression, "You will never be able to give me what I want. Didn't you say that I married you only after trying my best? Don't worry, the previous things will be wiped out, but From now on, I will take what should belong to me, and I will not lose a single point."

Li Zhenting narrowed his eyes.

This woman is really hypocritical, she wants money, but she doesn't want it!

He put away the check and sneered: "As you like. However, you will have to report to my house early tomorrow morning. I will now officially hire you as my son's tutor."

If it wasn't for his son's illness and his mother's threats, he wouldn't have condescended to take this trip.

He turned and left.

"Stop." Shen Ning looked at his tall and indifferent back, and stopped him angrily.

Li Zhenting stopped and turned around.

"Mr. Li, do you really think that you can control me as you like because you have money?" She was as cold as ice.

This man asked her to be his son's tutor, without even saying 'please', and just left with a high-handed word, what did he really think he was? The Jade Emperor!

"What? Now that I'm here, are you going to **** your tail?" He raised his eyebrows, a little impatiently.

She originally wanted to go there on her own initiative, but now that her wish has been fulfilled, she is not happy.

"Whoever told you that I must go? Where did your confidence come from? Are you inviting me? No, you are an order! You have no right to order me to do anything." Shen Ning raised his head and stepped forward. not to let.

"Do you still want me to give you the whole welcome ceremony?" The corners of Li Zhenting's lips curled into an evil arc.

Shen Ning sneered: "Even if it's a recruitment, both parties must have an agreement and conditions, right?"

Li Zhenting was stunned for a moment, probably understood what she meant.

Isn't it just money!

"Okay, just ask for any conditions you have. You can pay as much as you want." Li Zhenting walked back again.

Shen Ning's face softened a little.

"First of all, you should know that Gu Qi cannot do without me. Now that it has reached a critical moment, my focus must still be here."

Li Zhenting frowned: "You mean, taking care of my son is just a small part of your life, incidentally?"

Shen Ning glanced at him: "Mr. Li, you are rich and powerful, so you don't have to run around for a living, but as for me, there are old and young, I have to live, and Gu Qi is waiting to be done, what do you think I How much time do you have to take care of your son?"

"Are you married?" A flash of surprise flashed in Li Zhenting's eyes, and his face darkened.

Shen Ning pursed her red lips, and quickly changed the subject: "President Li, do you just say that what I said makes sense?"

"Then you are so busy, why do you still fight to take care of my son?"

"But now you invited me." She was aggressive.

Li Zhenting was so choked that he swallowed his saliva: "Don't give me a sloppy eye. If you hadn't seduced my son, would my son have remembered you? Would there be such a scene today?"

Chapter 116 Is Ding Ding sick?

Shen Ning sighed: "To be honest, in some respects, you are really far behind your son, I like your son, but I hate you very much, you are not cute at all, listen carefully, I only Three hours to take care of your son."

She has already calculated that Ding Ding is in kindergarten and comes home at 4:30 every afternoon. The children go to bed early at night, and she has to work during the day, so she can only work from 6:30 to 9:30 after work. I went to accompany Ding Ding during this time period, and then returned home at 9:30 and 10:00, and then took care of Ke Ke and Xiao Xiao, so the allocation was not bad.

Li Zhenting was stunned when he heard that, and looked around the office. Gu Qi really needs her to take care of it. Thinking that Ding Ding will go to kindergarten during the day, it seems to be okay.

"Okay, I can promise you this." He readily agreed.

In fact, Shen Ning spends less time with his son, which is what he wished for. In addition, Shen Ning and Shen Mei are at odds. If she lives in Li's house, she is really afraid that she will be in trouble.

"Also, as I said, my salary is not low as a psychological tutor for your son, measured by the hour."

"No problem, just tell me, you can make a price as you like." Li Zhenting didn't raise his eyebrows.

"I paid according to the international price, one thousand dollars an hour."

Li Zhenting looked up at her, and smiled: "You are the only one who can compare with those international psychologists?"

"I'll just tell you, to your son, I'm more valuable than them. Anyway, the price is here, whether you like it or not." Shen Ning sat firmly on the Diaoyutai, feeling at ease.

Li Zhenting spoke casually: "Okay, as I said earlier, money is not a problem. As for whether it is worth it or not, it depends on the effect. Just take it well."

"Can."

"make a deal."

"Let's sign the contract first, there is nothing to prove it." Shen Ning turned on the computer and called up the electronic contract, "Look at it, I will print it if there is no problem, and both parties will sign it."

Seeing that she had even prepared the contract, Li Zhenting couldn't help but folded his arms, tilted his head to look at her, and sneered: "You look like you have decided that I will come to invite you, I don't understand, why do you do this?" Are you sure?"

The corners of Shen Ning's lips twitched slightly, and a smile appeared: "There are some things you will never understand."

"Oh, it sounds more and more advanced." Li Zhenting walked over, bent down and whispered in her ear: "Shen Ning, if you want to play tricks to hurt my son, I will never let you go!" of."

"If you don't believe me so much, then we don't need to sign this contract." Shen Ning was inexplicably angry when he heard that, and closed the printer cover with a snap.

Li Zhenting was taken aback. This woman's temper is growing now, and she dared to give him a face many times. She thinks who she is!

If she doesn't sign, of course he won't put down his face to coax her.

"If you don't sign, you won't sign. I beg you." He had a cold face.

For a while, the two froze there.

"Then get out, it's late, if you stay in my office like this, you will be gossips." Shen Ning began to chase him.

Li Zhenting became a little annoyed and angry: "Let's go, if Ding Ding was not sick and wanted to see you, I wouldn't come to you in the middle of the night. You really take yourself seriously, self-righteous, unreasonable."

He really turned around and left, forgetting Li Wanqing's threat.

Shen Ning's brain suddenly rang, and he immediately shouted: "Li Zhenting, stop for me, what did you say just now? You said Ding Ding was sick?"

Li Zhenting ignored it, and walked outside angrily.

He is too lazy to answer this question.

She knew that his son's illness would only make his nose upside down, and she thought he asked her.

But what he didn't expect was that Shen Ning rushed from behind like a gust of wind, grabbed his clothes, and asked loudly anxiously: "I ask you, is Ding Ding sick?"

Chapter 117 Li Zhenting was reprimanded

Li Zhenting was a little puzzled, and nodded.

Shen Ning felt his eyes darken immediately, and roared angrily: "How did you take care of the child? He was fine a few days ago, why did he suddenly get sick? What kind of disease? Is it serious? Did you send it to the hospital? Who is there now? Look at him? Are you a pig? The child is seriously ill, but you still leave him. Is there anyone like you who is a father? No wonder he doesn't like you anymore. "

A series of back roars made Li Zhenting even more confused, and he couldn't react with his eyes open.

"Hurry up, let's go, the child is sick, and you are still messing around outside, he is so young, it is very bad not to be accompanied by mommy and daddy at night, what if he has a fever and burns out his brain?" Shen Ning In a hurry, he turned around, picked up his bag and ran outside, but felt that Li Zhenting was walking too slowly, so he rolled his eyes at him and yelled at him.

Li Zhenting was urged by her to run to her luxury car and opened the door.

"Hurry up and start the car." Shen Ning sat in the back row and looked at the dark night sky outside, feeling anxious, and urged the man sitting in the driver's seat, "Can you do it? If you can't, I'll drive."

Li Zhenting was so urged that he couldn't laugh or cry.

He is already trying his best, so he must drive slowly.

"You send the seat belt, I'll drive fast." Li Zhenting was worried about Ding Ding, but now being urged by Shen Ning like this, he was also anxious. He stepped on the accelerator and started the car quickly. Before Shen Ning put the seat belt completely After posting it, the car drove straight to the outside quickly.

Shen Ning's head hit the back of the front seat, but she didn't care about the pain, she just clenched her fingers tightly, looking nervously at the night scene passing by outside.

It turns out that Li Zhenting came to invite her in the middle of the night because of Tintin's illness.

No wonder her eyelids were twitching and her mind was restless all day long!

When she thought that her son was sick and didn't know how sick she was, she felt very worried and sad.

For Ding Ding, she feels guilty. She has not been with him for a day when the child has grown up so much, and she has not given him the maternal love he deserves.

Regardless of how she asked, the **** Li Zhenting just refused to tell her how Tintin's illness was, and just drove the car with a cold face, as if deliberately punishing her.

Finally, the car drove into Li's Castle. Before he could stop the car, Shen Ning opened the car door and ran out, towards the villa.

Li Zhenting was amazed and unbelievable for a while.

There is nothing wrong with this woman, she is more nervous about other people's sons than herself!

No wonder Ding Ding likes her. If it's just because of this liking, he thinks it's okay.

"Ding Ding." Shen Ning ran to Ding Ding's bedroom to see that it was empty, and shouted anxiously.

Fortunately, Housekeeper Luo followed, and he immediately told her that Ding Ding was sleeping in Li Zhenting's bedroom.

She ran towards Li Zhenting's bedroom again.

In the bedroom.

Ding Ding was lying in a small ball on the extra-large soft bed, looking so weak and helpless.

"Ding Ding." She rushed up and saw the child's face was flushed, and quickly put her hand on his forehead.

Not good, the child's forehead is hot, at least thirty-nine degrees.

Without hesitation, she picked up the child and ran outside.

As soon as he ran out of the elevator, he ran into Li Zhenting who came in after parking the car.

"Hurry up, take the child to the hospital." Shen Ning said hastily.

Li Zhenting stood still: "No need, the doctor will come to the house for auscultation early tomorrow morning, and it is already midnight."

"But the child has a fever. The fever is very severe. He must be infused immediately. Depending on the situation, it is likely to be mycoplasma infection and rotavirus. He has had diarrhea several times today. If this continues, the child will easily become dehydrated. He is still young. The body can't take it." Shen Ning spoke like a cannonball.

Housekeeper Luo has already told her the general situation just now. She has experience in taking care of Keke Xiaoxiao. In this case, the child is generally very uncomfortable and must be given antibiotics. She will not let him leave the child alone. Besides, even if the doctor comes to the door for auscultation, then it is better to go to the hospital. Only the hospital will have complete equipment for those checks.

She hugged the child, pushed him away, and ran outside regardless.

Chapter 118 Fortunately, it was delivered in time

"Hurry up, Zhenting, catch up, do you really want her to run to the hospital with the baby in her arms like this?" Li Wanqing immediately ran over when she heard Shen Ning's voice, seeing her son standing there blankly, she immediately urged her.

After Li Zhenting reacted, he turned and followed.

Looking at the backs of her son and Shen Ning, Li Wanqing breathed a sigh of relief. It seemed that her son had listened to her and invited Shen Ning to be his tutor.

That's it!

She smiled slightly.

In the hospital.

"President Li, I have a high fever of forty-two degrees. Fortunately, it was delivered in time, otherwise there will be sequelae." Professor Wang said fearfully.

"Thank you, Professor Wang, please cure my son's illness." Li Zhenting was also terrified at this time. It is really thanks to Shen Ning tonight, otherwise, he would not have sent the child here in time of.

He glanced at Shen Ning, and a rare sense of gratitude flashed in his eyes.

But Shen Ning just hugged the child nervously, without even looking at him.

Along the way, she was very anxious, Tintin was getting hotter and hotter like a ball of fire, and when she arrived at the hospital, she had already started to convulse. Fortunately, Li Zhenting had already

called the hospital, and when she arrived, a professor asked for a fever-reducing injection , opened the medicine bottle.

"President Li, you don't have to worry. The child's high fever has subsided and nothing will happen. It's just that this disease may require hospitalization for ten days and a half months. Mycoplasma is difficult to get rid of, but the big problem won't happen again. Yes." Professor Wang was relieved.

At this time, the night was very late, he said goodbye and went home, and Li Zhenting sent him out.

"Ding Ding, I'm sorry, Mommy should have come to accompany you earlier." On the hospital bed, Shen Ning held Ding Ding in his arms, kissed his forehead, feeling ashamed, but fortunately, she came in time, otherwise, she would feel guilty for the rest of her life.

That **** Li Zhenting is really a good guy, he obviously went to invite her, if he didn't do it, and told her that the child was sick earlier, then she wouldn't have so much nonsense with him and waste so much time.

Ding Ding was lying weakly in her arms, already asleep.

After the fever subsides, the child is sweating all over, and the hospital gown is soaked.

Shen Ning wanted to put him on the hospital bed to change his clothes, but the little guy's fingers were firmly grasping her clothes, for fear that she would fly away.

She had no choice but to wipe the sweat off his back with a tissue, and began to intensify Zhenting's corporate WeChat account.

The child didn't bring anything from the hospital, so she had to ask him to go back to get it!

...

When Li Zhenting returned to the door of the ward, he saw that Shen Ning was wiping Ding Ding's body and changing his clothes. The movements were very skillful, as if she did these things often, and he couldn't help being a little dazed.

After a while, he walked in.

"I added your corporate WeChat account, why didn't you pass?" Shen Ning frowned when he saw him.

Li Zhenting hastily took out her phone and took a look. Sure enough, she added his corporate WeChat account.

But he was a little unhappy.

"Why didn't you add my private account?" He asked with a dark face.

There is no need for a job account to take care of the children and these family locks. She obviously wants to do business and alienate him.

"Boss Li, it's my job to take care of your son, it's better to distinguish between public and private." Shen Ning replied lightly.

Li Zhenting was inexplicably annoyed, and suddenly snatched her cell phone.

He swiped open the phone screen, and it showed that he needed to enter a password.

He pressed a few times, but they were all wrong, looking at Shen Ning.

Shen Ning shrugged his shoulders, too lazy to deal with this psychopath, and he didn't know where he was wrong. Last time, he didn't want her to add his private WeChat account, saying that she took the opportunity to seduce him. Today, she added him. He also said that he wanted to add a private account. For a man with schizophrenia, it is better to be unreasonable.

She bent over to make the bed.

Suddenly remembered something, his expression changed, Ge Di straightened up and went to grab the phone.

But at this moment, Li Zhenting suddenly pressed a series of passwords as if he had a tacit understanding.

The phone was unlocked.

His face was filled with joy, just as Shen Ning came to grab the phone, he raised his arms, turned to WeChat, directly entered his phone number, and successfully added WeChat.

Shen Ning's face was covered with frost.

Chapter 119 This woman is getting more and more presumptuous!

"You still keep my birthday as your password, which means you are still thinking about me, right?" This discovery made Li Zhenting very proud, and his tone was a little light.

But Shen Ning sneered: "Li Zhenting, you are too narcissistic. It's just a few numbers. It's just because you are used to memorizing them and you don't bother to change them. If you think about it, it's your narcissism."

She snatched the phone, but generously passed WeChat and sent him a series of words.

"These are the things that Ding Ding needs to prepare for hospitalization, you can go back and get them."

Li Zhenting looked at it and said, "I'll let Leng Xue get it."

"Why can't you get it yourself? Can others know about the child's things? As a father, you don't even know the things your child usually uses, so how do you take care of your child?" Shen Ning pointed sharply, accusing him.

Li Zhenting got a little annoyed again.

This woman is getting more and more presumptuous! Treat him as an irresponsible man!

But he has obviously been worried about Tintin since he was a child.

Moreover, she has a very bad attitude!

He turned and left resentfully.

After all, it is getting late, and the child will have diarrhea at any time!

Seeing the man reluctantly leave, Shen Ning shook his head.

Men are like this. They don't know the pain of women when they give birth, and they don't get involved in the growth of children. It's better than anyone else to blame women.

*

after an hour.

Li Zhenting walked in with a big bag and a small bag, his face covered with sweat.

Shen Ning was really exhausted during this time, and fell asleep holding Tintin in his arms.

Li Zhenting came over gently and put down the things. When he looked at Shen Ning, he saw that she was holding Ding Ding tightly in her arms. Although she was asleep, her eyebrows were frowned, and there was still worry and heartache on her face. .

And Ding Ding was sleeping in her arms, sleeping very deeply, his little face was very peaceful, and the happiness on his face could be seen through the air.

One big and one small, falling asleep like this, there is no sense of disobedience, especially like a mother and child!

He lost his mind and sat down on the chair next to him.

From the current point of view, Shen Ning really cares and loves Ding Ding. Her care and love even exceeds that of his father. Of course, compared to Shen Mei, I don't know how many times stronger.

why is that?

He was a little puzzled.

Sudden

Ding Ding twisted a few times in Shen Ning's arms.

After a while, an unpleasant smell came over.

Not good, Ding Ding has diarrhea again!

Li Zhenting hurriedly stood up, and was going to change Tintin's pants in person. At this time, Shen Ning also opened his eyes.

"Daddy, my stomach hurts." Ding Ding murmured while still sleeping with his eyes closed.

"Ding Ding, don't worry, it won't hurt tomorrow." Shen Ning hurriedly lifted his quilt, reached out to touch it, and it turned out that Ding Ding's **** was slippery.

She quickly got up to fetch hot water, took out a clean hospital gown, fortunately she needed a few more sets before going to bed, first hugged Ding Ding, sat on the chair next to him, and covered his

chest with a towel , Then took off the child's pants, picked up his legs with one hand, and began to wash his little **** against the hot water basin.

The whole process was meticulous and gentle, the movements were neat, and the cleaning was clean, but Ding Ding was asleep from the beginning to the end and did not wake up.

After washing and putting on clean pants, she looked at the bewildered father and said, "Hold the baby first, and I'll make the sheets."

"Okay." Li Zhenting came over, took the child from her hands and hugged him horizontally, making him fall asleep comfortably.

Shen Ning went out to the nurse's station to find a nurse to ask for a new set of sheets to spread, and finally took out the sheet pad from the big bag that Li Zhenting brought over, and then put Ding Ding on the bed.

As soon as Ding Ding was put on the bed, he reached out and grabbed Shen Ning's clothes.

Shen Ning had no choice but to look at Li Zhenting.

The corners of Li Zhenting's lips twitched: "You can sleep with the child, I'll take care of the rest."

He bent down, picked up the hot water basin and walked towards the bathroom, and threw the changed dirty clothes into the laundry basket.

Shen Ning looked at him coldly.

Fortunately, he was not as delicate as he imagined, and he cleaned the ward very clean and tidy in a few strokes.

After packing up, Shen Ning looked at his phone, it was already four o'clock in the morning.

"Go back, just leave the child to me." Shen Ning whispered to him.

Chapter 120 Can you make some sense?

Li Zhenting stood still.

There is only one big bed here, Shen Ning wants to sleep with the child, he has no place to sleep.

Shen Ning didn't bother to pay attention to him, it was impossible for him to stand here all night.

I've been working hard these days, and I'm really sleepy.

As soon as I closed my eyes, I fell asleep.

It rained outside in the middle of the night, accompanied by lightning and thunder.

In the darkness, Shen Ning suddenly saw himself falling into an unfathomable sea. There was a huge roar in his ears, his brain was in pain, and his ears, eyes and nose were full of water.

Choking, pain, discomfort, fear!

Her five fingers were bent and extended, and her breathing became shallower and shallower.

Ge Di

Accompanied by a roar, she seemed to be thrown into the clouds, and the dazzling light made her unable to open her eyes.

She exhaled, fainted, and tears flowed down her cheeks.

In the middle, she was holding on to a piece of wood tightly, holding it tightly, never letting go...

The sun illuminates every corner of the ward.

Shen Ning suddenly opened his eyes.

"Ah." She suddenly exclaimed, there was a man beside her, and she and Ding Ding were sleeping in the arms of this man.

Li Zhenting!

What is the situation?

She sat up quickly,

"Why are you here? You want to take advantage of me." Shen Ning was so angry that he stretched out his fist and hit him.

Li Zhenting frowned, wrapped her fists, sat up, and said angrily: "Can you explain something, you have been holding my hand last night, I sympathize with you, pity you, I just hugged you and lay down."

Shen Ning was astonished, his face flushed.

In the ward, there is indeed an extra bed!

"You were crying and making noise last night. I was kept up all night by your noise. Fortunately, Ding Ding was not woken up by you." Li Zhenting said coldly, let go of her, and stood up.

Last night, he asked the nurse to come over for an extra bed, and just as he fell asleep, he heard the woman in the next bed yelling and yelling. He was worried that he would wake up his son, so he got up and walked over to have a look, only to see the woman's eyes closed tightly, full of His face was full of painful expressions, his mouth was open, as if he was shouting something, his hands were flailing in the air, helpless and in pain.

For a moment, he was moved with compassion, and wanted to reach out to pat her, but unexpectedly, she grabbed her and never let go.

He had no choice but to lie down, but as soon as he lay down, she went straight into his arms...

Shen Ning's face turned from red to white.

Last night, she must have had that nightmare again!

Whenever she worked hard or received some stimulation, she would have that terrible nightmare. Six years ago, the horrible moment when she was pushed into the sea.

Could it be that he was the log that he was holding on to tightly in his dream?

She bowed her head and walked outside.

"Where are you going?" Li Zhenting stopped her.

"Mr. Li, I have to go back to Gu Qi to go to work, and I will leave Tintin to you. I will come to accompany him for three hours after get off work." Shen Ning replied in a low voice.

"No, you have to be here all day these few days." Li Zhenting's face darkened.

"But I still have to go to work..." Shen Ning is of course unwilling to leave Tintin in his heart. The child is so sick that it is time for mother's love, but Gu Qi's funds are tight, and she must launch the product as soon as possible.

Li Zhenting's eyes were cold: "Ding Ding is so sick, he hasn't eaten for several days, but he is sick because of you, so you have the heart to leave him in the hospital like this?"

These words hit the softest and most painful part of Shen Ning's heart!

She turned pale, bowed her head in thought for a while, then walked back, sat down beside the child, and gently held his little hand.

Forget it, it's not a day or two! This is the time when the child needs her the most, she really can't go away, after all, family love is priceless!

Seeing this, the corners of Li Zhenting's lips curled up slightly, and he walked outside.
