

Troublemakers 1121

Chapter 1121: kill you twice

"Li Zhenting, get out, don't think that I will forgive you." Shen Ning growled angrily at the shadow.

In an instant, the shadow didn't move.

Daniu and Dahuang were stunned for a moment. In such a dark moment, Shen Ning did not sleep, but sat on the edge of the bed.

For a while, the two of them didn't know what to do!

After Shen Ning finished yelling, he suddenly felt something was wrong.

Li Zhenting's aura has run through most of her entire life. It is self-evident that she is familiar with him, but now, this black shadow that broke in clearly brought a strange aura.

Her face instantly changed color.

"Don't move, take out the money." At this time, the two men also quickly came to their senses. Even though they were discovered, they simply kept doing nothing. One of them rushed up and grabbed Shen Ning's hair, locking her throat, the other shouted angrily beside her.

"Hero, who are you? Let me go, and I'll give you money." Shen Ning's throat was locked, his face turned purple instantly, and he had difficulty breathing, but when one of them asked for money, the man who locked her throat regained consciousness. When it was time for her to speak, Shen Ning let go of his fingers, and after a burst of intense breathing, Shen Ning opened his mouth nervously.

"Stop rambling, bring the money quickly, or I will kill the child in your stomach and kill you twice." Rhubarb picked up Shen Ning, and impatiently raised his hand to hit Shen Ning in the abdomen.

"No, man, please don't hurt my children. I will give you money. Really, I have money, so I will give you all the money." Shen Ning begged with tears.

"Where's the money?" Daniel looked around, fortunately, no one was alarmed, and hurriedly asked with his fists clenched.

"Yes, there, you let me pass." Shen Ning pointed to the cabinet.

Da Huang and Daniu were overjoyed when they saw it, and escorted Shen Ning to the cabinet.

Shen Ning's mind was spinning rapidly.

Because Ji Qingshan and Li Jiaojiao came, so many people can't sleep in the room, Zhu Qixiong has already slept at Zhang Xiaoxian's house, that is to say, only Ji Qingshan is sleeping next door, and Aunt Dong is sleeping there.

Ji Qingshan is short-sighted and a weak scholar, while Aunt Dong and Li Jiaojiao are both old and weak women, and they can't resist these two ferocious middle-aged men at all.

She's doomed tonight, hope she can pay them off.

It's just that when she thinks of such a situation, she feels grief. It's not that she is afraid of her own death, but that mother's love makes her worry about the child in her womb.

At this painful and dangerous moment, a figure suddenly flashed in her mind, it was Li Zhenting.

During this period of time, she didn't know where he slept at night. Anyway, in the front yard, he hadn't been there for a few days. She thought that a person like Li Zhenting who often travels around will definitely find a place to sleep. At the home of the village party secretary or Captain Wang.

In this case, it is impossible for him to know what happened here.

"Hero, I'll give you all the money. Please let me and the baby in my stomach go? I won't tell anyone, please." Shen Ning begged bitterly, opened the cabinet, and put the inside All the money was taken out and handed over to them.

Daniu and Dahuang looked at the large amount of money in their hands, and their eyes widened in surprise.

Sure enough

They came to the right.

So much money, they have never seen it in their life.

Daniu took a bag, put all the money in it, and was about to release Shen Ning and escape.

Sudden.

Li Jiaojiao, who woke up from her sleep, saw two strange men suddenly coming into the room, one was still grabbing Shen Ning's hair, and screamed out of fright.

Chapter 1122: what game are you playing

"Cousin, Professor Ji, hurry up and save someone, someone robbed my cousin." Li Jiaojiao was trembling with fright, and shouted loudly.

Rhubarb and Da Niu flashed a ferocious light in their eyes, just about to relax Shen Ning's hand, they grabbed Shen Ning again, caught him in front of him, and blocked him in front of his chest.

"Don't call, call again, I'll kill you." Danu took out a sharp knife from his arms and pointed it at Li Jiaojiao who was on the bed. When he saw that there was only one **** the bed, he laughed sinisterly and sternly drink.

"No, don't kill me, I won't scream, I won't scream anymore." Li Jiaojiao never thought that such a thing would happen, she was so frightened that she trembled all over, raised her hands above her head and swayed in surrender.

"Hero, I have given you all the money. Please let us and the child go. Jiaojiao is just a little girl. She has never seen such a battle. She is afraid and has no bad intentions. Don't worry, this matter We will never tell anyone, I just ask you to let me go." Shen Ning calmly persuaded.

"Hey, originally, I was going to let you go, but now I can't, in order to ensure our safety, I can only wrong you, you go with me first, if you behave well, we will let you go when we are safe." Da Huang smiled yin, and pushed Shen Ning to go outside.

"Dahuang, you go first, I'll be the last one." Daniu shouted at Dahuang, ran to Li Jiaojiao, grabbed her head, took a towel and stuffed it into her mouth, and was about to leave.

But at this moment, the bedroom door was kicked open with a 'bang'.

Comes up with lights.

I saw a man rushing in.

Li Jiaojiao looked up, it was Ji Qingshan.

"Woooo." Li Jiaojiao immediately yelled at him.

"Don't come here, I'll kill her if I come here." Daniu panicked, rushed back and took Li Jiaojiao as a hostage and laid it across his chest, pointed the knife at her carotid artery, and stepped back.

But Ji Qingshan, who rushed in at this time, just glanced at them lightly, rubbed his eyes, and said, "Hey, what kind of game are you playing? It's the middle of the night, and you don't want people to sleep."

When Li Jiaojiao heard this, her heart went cold.

Co-authored, she was in danger, but he was only pretending that they were playing a game, how could anyone play such a game in the middle of the night!

This man is really an asshole.

"Where are my glasses?" Ji Qingshan rubbed his eyes again and said, "Stop arguing, I can't see what you are doing without wearing glasses, so go back to sleep first."

After speaking, he really walked back.

"Woohoo." Li Jiaojiao wanted to die.

This man, even so, she will be safer if he doesn't come out! Now that she came out to disrupt the situation, and instead of helping her, she went back, this is to put her to death!

You useless fee! Son of a bitch!

She was trembling with anger, tears streaming down her face.

Thanks to her coming all the way to track him down, it turned out to be such an incompetent man.

Here, Rhubarb pushed Shen Ning towards the field stalks outside.

Because of her big belly, Shen Ning couldn't see the way, so she walked staggeringly, accidentally stepped on the ground, and almost fell down. Fortunately, the man kept grabbing and pushing her, so she didn't fall down.

But if this continues, sooner or later she will fall down and finish playing.

She turned pale and trembled all over, but when she thought of the child in her womb, maternal love made her very strong and calm again!

At this time, a face kept flashing in her mind.

That is Li Zhenting, the father of the child in her belly!

Suddenly regretting that he shouldn't be kicked out of the house, otherwise, he would have at least come to save his children.

While thinking wildly, suddenly, a gloomy and cold voice came from behind: "Put down my woman, otherwise, you will have more than a death sentence."

Chapter 1123: evil thoughts sprouted

"Who? Where?" Rhubarb trembled when he heard the awe-inspiring voice in the dark, and looked around.

But as soon as he turned his head, a sharp pain came from his temple, and his eyes turned black. Then, his arm broke with a snap, and the knife in his hand fell down.

He screamed and fell down.

"Ning Ning." Li Zhenting quickly hugged Shen Ning.

But the ridge was a bit slippery, and when he hugged her, Rhubarb had already fallen to the ground. People subconsciously know how to save themselves when they are in danger. Rhubarb held on to Shen Ning's back collar tightly, so that when he fell down, he would not let go. Shen Ning also fell down.

The ridge was a bit high, but fortunately, Li Zhenting made a quick move and hugged her.

But she herself slipped one of her feet and knelt down on the ground.

"Ouch." Suddenly, the lower abdomen swelled, and warm liquid flowed out, Shen Ning cried out in pain, his face turned pale.

"What's the matter? Is there something wrong?" Li Zhenting hugged her in a panic, but just as he hugged her, he felt liquid slipping from his hands, and a bad premonition came to his heart, burning with anxiety.

"Qingshan, Ji Qingshan." Until this moment, Shen Ning still resisted Li Zhenting, even if she felt something bad, she didn't want Li Zhenting to hug her like this, and just called out Ji Qingshan's name loudly.

Li Zhenting woke up suddenly, Ji Qingshan is a doctor, he came for Shen Ning.

Quickly, he picked up Shen Ning and ran towards the house.

In fact, Li Zhenting knew about the gangsters coming in here. Because he was afraid of hurting Shen Ning, he was always looking for opportunities until they reached the field ridge and there were no obstacles around. Even if Shen Ning accidentally fell going down, the field ridge is also softer, and it will not cause serious injuries, so he shot in time.

Finally, Shen Ning was rescued.

...

In this room.

The gangsters were very happy to see Ji Qingshan coming in and going out again, and picked up the flashlight of his mobile phone to take a wicked photo at Li Jiaojiao.

Daniu's eyes widened in this photo.

Gosh, what a beautiful girl.

A round face inlaid with exquisite facial features, big watery eyes, fair skin, high nose bridge, full of terror, tears in his face, indescribably pure and charming.

I have never seen such a beautiful and pure little girl before, the gangster suddenly had evil thoughts, rushed over and grabbed Li Jiaojiao, tied her hands and feet, laughed wickedly, held her under the armpit, and turned her face outside run.

At this time, Li Jiaojiao was extremely terrified, crying 'Wooooo', twisting her body desperately and struggling.

But the more she struggled, the more beastly she aroused the man.

The gangster was hot all over at this time, his eyes were full of green light, and he couldn't wait to hold him and ran to the back door.

Suddenly, there was a muffled sound in the night sky.

The gangster who just ran to the back door was hit on the back of the head by an iron rod that fell from the sky. He didn't even have time to groan, he tilted his body, fell down, couldn't move, and passed out directly.

Li Jiaojiao, who was extremely disappointed, desperate and terrified, was thrown down and lay on the ground.

"Beast, you want to die. How dare you rob money and sex. See if I can't kill you." Ji Qingshan kicked the bull hard, seeing that he was no longer moving, cursed angrily, and put down the stick.

Li Jiaojiao, who was lying on the ground, turned black all over, and suddenly heard Ji Qingshan's voice in her ears, ignoring the pain, she hurriedly raised her head, and saw Ji Qingshan standing next to the gangster with an iron rod in his hand watch.

obviously

It was he who beat the gangster just now and saved her.

For a while, I was very excited.

It turned out that he was not a coward, and he dared to fight wits with gangsters. Thinking about it, he must have seen everything when he came in at the beginning, and he deliberately withdrew out knowing that he had no chance of winning.

Later, when I went back, I took an iron rod and lay down on the back door for a sneak attack. Sure enough, I successfully knocked out the gangster!

not bad!

but

Didn't he see that she was tied hands and feet and fell to the ground with dirty things stuffed in her mouth? How could he not come to help her untie the rope and remove the dirty things from her mouth!

This man doesn't know how to be sympathetic to others!

"Woo" she began to struggle and scream.

Chapter 1124: What are you doing with me?

Ji Qingshan came up to Li Jiaojiao when he heard the cry, and looked at her coldly: "What? Miss Li, this is not a good feeling, even if it is not good, let's see if you still want to run around in the future. Only now do I know the pain, and I deserve it."

Li Jiaojiao was so angry that she rolled her eyes at him and whimpered a few more times.

"Tell me, did you follow me here?" Ji Qingshan twitched his lips slightly, knelt down in front of her, pulled the towel from her mouth, and asked in a cold voice.

"Ha, ah." Li Jiaojiao gasped for breath immediately, the peculiar smell in her mouth made her vomit instinctively, spitting out continuously, after a while, she rolled her eyes at Ji Qingshan : "You wouldn't have taken the towel out of my mouth earlier."

"Hey, if it wasn't for me, you would have been raped by the gangsters now. It would be great if I could save you, but you still blame me for being late in getting the towel. Do you understand gratitude?" Ji Qingshan said angrily, He looked playfully at the ropes that tied her hands and feet but refused to untie her.

Li Jiaojiao felt uncomfortable and anxious.

"Professor Ji, please quickly untie the rope on my body, okay?" She had no choice but to show her kindness to him.

"It also depends on my mood." Unexpectedly, Ji Qingshan is not easily attracted, he didn't even move his eyelids, he just opened his mouth lazily.

"My dear Professor Ji, you are simply too handsome and heroic, please help me untie the rope, please?" Li Jiaojiao, the rich lady, was really uncomfortable, and she said good things with a smile.

Ji Qingshan looked at her, then asked in a cold voice: "Answer my question first."

"What is the problem?"

"What are you doing with me?"

"Me." Li Jiaojiao turned her eyes and swore: "Professor Ji, I didn't know you were here at all. I came to find my cousin, not with you. You should know, my cousin and I The relationship with her has always been very good, and I am very worried when she disappears."

Ji Qingshan squinted his eyes. Before he came here, he always felt that someone was following him from behind, and he suspected in his heart that it was someone sent by her.

Until the second day after he came, she followed him. He had every reason to suspect that she followed him.

"Then how do you know that Shen Ning is in this place?"

"This is what I can do. Let me tell you. I knew it from Aunt Tandong. Don't you believe me? I even told him about my cousin." Li Jiaojiao was quite proud, but in fact , she really knew the specific address by following Ji Qingshan.

The fact is that as soon as Ji Qingshan arrived in Licheng, Pei Jingchen told her, and then she followed her all the way!

Of course, she won't tell him this!

Ji Qingshan listened to what she said, it seemed very reasonable, and he was pondering.

Sudden

Over there, there is a light running this way in the darkness.

He looked up and saw Li Zhenting running towards him with Shen Ning in his arms.

"Professor Ji, hurry up, Shen Ning has a stomachache." Still far away, Li Zhenting yelled.

Ji Qingshan's face changed color, and he immediately stood up and ran towards them.

"Hey, Ji Ming Beast, you should untie the rope for me." Li Jiaojiao wailed, Ji Qingshan is too stupid this day, he ran away without even untying the rope for her, hum, wait and see Well, she will definitely avenge this revenge.

"Professor Ji, come on, help her see, she is already running water." Li Zhenting shouted anxiously to Ji Qingshan who came running after hearing the news.

Ji Qingshan touched Shen Ning's stomach, checked it, and said: "The amniotic fluid has broken, send it to the hospital immediately."

Hearing this, Li Zhenting started running wildly with Shen Ning in his arms.

Ji Qingshan ran up from behind, and said: "Don't be too anxious, I have already arranged a doctor in the Maternal and Child Health Hospital, you just go there."

Chapter 1125: I feel dirty and disgusting

On the pier.

Li Zhenting hugged Shen Ning and looked around anxiously.

At this time, the sky is not yet bright, and the round-robin has not started running.

Looking at the white river in the dark night, he felt anxious.

Shen Ning was pale and lay in his arms.

Until this moment, she was still resistant to him.

Even if he appeared in time to save her, she would not accept his kindness, because the child in her belly was his, and he had the responsibility to save her, and his responsibilities were more than that!

She closed her eyes slightly, and there was a faint pain in her stomach, which was not so severe.

It should be about to give birth. Originally, it didn't happen so soon, but because of being pushed and pulled by the gangsters, I fell on the ridge of the field and broke the amniotic fluid.

"Secretary, my wife's water has broken, please can you send a boat to take us across the river." Li Zhenting was as anxious as an ant on a hot pot. He hugged Shen Ning in the pavilion, took out his mobile phone and started Call the village secretary.

The secretary of the village party committee immediately agreed to contact him after hearing this.

Li Zhenting breathed a sigh of relief, hugged Shen Ning and sat on the ground, with sweat all over his face and forehead.

"Ning Ning, how is it? Does it hurt?" He took out a tissue from his pocket to wipe the sweat on Shen Ning's forehead and asked lovingly.

But Shen Ning gritted his teeth, closed his eyes slightly, turned his face to the side, and said nothing, his teeth turned white.

"Ningning, please don't be angry with me for the sake of the children, okay? Don't worry, I will do my best to atone for my sins in the future. Just give birth to the child with peace of mind, and leave the rest to me." Li Zhenting Touching her pale face with his fingers, his face was full of affection.

But Shen Ning ruthlessly pushed his fingers away, his face tensed.

If there is still a way to do it at this time, she is not willing to let him take herself to the hospital.

But now the danger is imminent, for the sake of the children, she has to accept his help.

Li Zhenting felt uncomfortable seeing that she was still full of guard against him.

"Ning Ning, bear with me for a while, the branch secretary has already dispatched the ship, and we will be able to go to the Maternal and Child Health Hospital soon."

He held her hand and spoke softly.

Shen Ning was expressionless, and said coldly: "Please don't touch me, I think it's dirty and disgusting."

She pulled out her hand forcefully.

She will never forget the picture of him leaving her with Xiaofeng in his arms in the mall.

Li Zhenting lowered his head in shame.

"Ningning, do you know? Xiaoxiao wrote to me. He told me to bring Mommy back and not let Mommy suffer a little bit. I have already promised her. No matter what, this time, I will definitely take you home, our family must be reunited, and I will do everything I can to make up for you."

He whispered, the night was vast, silent, and extremely sad.

"Ningning, I love you, please believe me." He hugged her tightly, stroked her belly, and sobbed.

A burst of pain hit, and Shen Ning grunted from the pain between his teeth.

Li Zhenting immediately hugged her tightly, looking around nervously and anxiously.

I don't know how the ship is mobilized? Why haven't you come yet?

He took out his phone and called the village party secretary.

The other side told him that no one would go to work until eight o'clock, and it was only after five o'clock, but he still transferred the crew to come here, but it took a certain amount of time for the crew to come from home.

He thanks and hangs up.

"Be careful." After a burst of pain passed, Shen Ning opened her eyes again. Suddenly, in the night, a white light flashed down from her head, and she shouted out in shock

Li Zhenting's heart was shocked, and he turned his head immediately, and saw a knife cutting towards them.

"Ning Ning." Instinctively, he hugged Shen Ning tightly in his arms, turned around, and saw two middle-aged men who looked like villagers slashing at him with knives.

It turned out that Rhubarb and Daniu were not reconciled after suffering losses respectively. After waking up, they went back to the village, found a few friends, and chased after them.

Li Zhenting was furious, a cold light flashed in his eyes, and he kicked a man over with a swinging leg.

Chapter 1126: really vicious

With a sound of "Boom," the man was kicked to the ground, and the knife was thrown far away.

Li Zhenting did not dare to put Shen Ning down, fearing that she would be attacked, he held her tightly in his arms, turned around, his eyes were like eagles, his whole body exuded a chilling aura, and he stared closely at the two gangsters .

Rhubarb and Daniu had already been injured, and they hid aside and shivered.

And these two middle-aged men have never learned how powerful Li Zhenting is, and they are extremely vicious.

Isn't he just a lean man with a big belly!

They didn't believe that they couldn't subdue him.

so

They attacked together again.

The corners of Li Zhenting's lips curled up in a stern arc, he dodged several times flexibly, and took the opportunity to kick him horizontally.

"Ouch." Immediately, a man was kicked in the crotch, and screamed, holding his lower body with his hands and wailing.

The other blushed anxiously, and rushed forward with a knife.

Li Zhenting sneered, he was just a farmer, if he hadn't hugged Shen Ning, in normal times, such a man would be one against ten.

Seeing the gangsters slashing at him frantically with knives.

Holding Shen Ning, he nimbly backed away.

Sudden

After he consumed the gangster's brute force, he took advantage of a gap and kicked the knife over in his hand.

The gangster was kicked back a few steps, and before he could stand still, Li Zhenting kicked him again, hitting his chest.

The gangster spat out a mouthful of blood and fell backwards to the ground.

At this time, Dongfang had already vomited fish belly.

On the road over there, the boatman trotted over.

Li Zhenting heaved a sigh of relief, and looked at Shen Ning in his arms.

Shen Ning's small face was pale, and he was looking at him in panic.

The corners of his lips twitched, and he comforted: "Don't be afraid, the gangster has been defeated by me, and the boatman is here, and we will be able to cross the river to Yuan County soon."

Shen Ning knew Li Zhenting's skills, and these rural men were no match for him at all.

She exhaled slightly, a burst of pain hit her, her brows were wrinkled, and her face looked pained.

"What's the matter? Does it hurt?" Li Zhenting was very nervous and hurriedly looked at her stomach.

at this time

A silver light flashed over.

Li Zhenting turned pale with shock, and instinctively covered Shen Ning's stomach with his whole body.

And at this time.

A sharp knife sneaked up and stabbed Li Zhenting's arm. In an instant, there was blood like a column.

He gasped in pain, raised his sharp eyes, and saw Da Huang sneaking up from the side with a sharp knife, slashing wildly at him.

Just now, if he hadn't protected Shen Ning, the sharp knife would have slashed on Shen Ning's stomach.

It is so vicious that even pregnant women are not spared!

"Ah." He roared, hugged Shen Ning and bent over to avoid several attacks, before kicking Da Huang's calf hard.

Rhubarb was kicked until he knelt down, and the knife in his hand fell to the ground.

Li Zhenting kicked the knife into the river.

At this time, the boatman ran over, and seeing this scene, his face turned pale with fright.

"Hurry up, my wife is about to give birth, send us across the river quickly." Li Zhenting's arms were covered in blood, and he gritted his teeth and shouted at the boatman.

"Damn it, what a crime." The boatman looked at the gangsters who fell to the ground. These people were all from Yuhe Village. He knew them. They were all idlers who didn't do business. An attempt, this is thinking that a rich man has come to Yuhe Village and wants to take the opportunity to blackmail him.

He jumped on the boat immediately, and said to Li Zhenting: "Come on, these **** can't live without their own crimes, and the village will clean them up."

"Thank you." Li Zhenting quickly carried Shen Ning onto the boat.

Chapter 1127: Jump in a hurry

Only for a moment, Shen Ning's dizziness was severe, and the smell of blood was all over his nostrils.

She opened her eyes.

I saw the blood on Li Zhenting's forearm flowing like a pillar.

Her heart trembled instantly, and her fingers stroked her stomach in fear.

The ship has started.

She struggled to sit up.

"You bandage your arms first." She tore her maternity dress into strips and handed it to him.

Li Zhenting glanced at his arm, the blood was still flowing out, probably the blood vessel was cut off.

"Thank you." He glanced at her meaningfully, reached out and took the cloth strip, and began to bandage it.

"I have blood coagulation powder here." At this moment, the boatman took a pot of powder medicine from a medicine box and handed it to him.

Li Zhenting took it and sprinkled it all over the wound, and then bandaged himself.

The blood finally decreased.

He stretched out his hand to wash in the river beside the boat, and the river water quickly turned blood red.

Shen Ning closed his eyes, feeling very dizzy.

"Ning Ning, are you okay?" Li Zhenting reached out and hugged her into his arms, and asked with concern.

Shen Ning felt warm liquid flow out of her lower body, it was red, and her labor pains began to become more frequent.

She turned her face away, ignoring Li Zhenting.

After a while, the boat reached the shore.

Li Zhenting hugged Shen Ning and carried her ashore. While waiting for the ferry, Li Zhenting felt sticky in his hands. When he raised his hand, it was full of blood.

"Ning Ning, are you bleeding?" He, who had never experienced a woman giving birth, tensed up at this moment, his face changed color as if he was facing an enemy.

Shen Ning still closed his eyes slightly, not answering.

"Master, can you hurry up and start the boat." After a while, he carried Shen Ning into the boat, jumping anxiously.

The ferryman was terrified when he saw the blood all over his body.

"Okay, I'll take the two of you to cross the river now." Originally, the ferry didn't leave until 8:15, but because there were no people in the early morning, and the young man and woman in front of them were covered in blood, the woman it was a pregnant woman, and he was also worried about accidents, so he broke the rules and sailed.

Li Zhenting took out his mobile phone and sent him a big red envelope, then hugged Shen Ning and looked at her anxiously.

If something happened to Shen Ning and the child this time, he would never forgive himself!

An hour later, on the pier in Yuan County, Li Zhenting picked up Shen Ning and ran wildly.

Pedestrians on the side of the road looked at this pair of young men and women in surprise.

But wherever Li Zhenting ran, there was blood, and it was hard to tell whether it was Shen Ning's or Li Zhenting's, it was shocking!

"Give way, please make way." Fortunately, the Maternal and Child Health Hospital is not far from the pier in Yuanxian County. Li Zhenting ran and shouted like crazy, and the pedestrians along the way couldn't avoid it. He almost hit the car several times. Fortunately, they arrived at the hospital without any danger.

"Doctor, hurry up, my wife is about to give birth." Li Zhenting rushed into the Maternal and Child Health Hospital and shouted loudly.

But this is just a small county hospital, the medical equipment is not that advanced, and no one knows him and gave him the green light.

It was the patients in the hospital who were petrified when they saw the blood flowing on the ground.

After a while, Li Zhenting remembered Ji Qingshan, and hurriedly called him.

"Principal Chen Xunxue is waiting for you at the Obstetrics and Gynecology Department on the third floor, you can take Shen Ning up there, we will come soon." Ji Qingshan told him on the phone.

At that time, he was sitting on the first ferry with Aunt Dong, Zhu Qixiong, and Li Jiaojiao, waiting to cross the river.

Aunt Dong woke up and found out what happened to Shen Ning last night, she was so frightened that her face turned blue. She didn't know how Shen Ning was doing now, but she just learned from the phone that Shen Ning's water had broken, so she rushed to come over immediately.

After Li Jiaojiao was untied by Zhang Xiaoxian who came here, she hated Ji Qingshan so much. This man deliberately didn't untie the rope for her, which disgusted her. Of course, she also wanted to follow Ji Qingshan to the hospital.

Zhu Qixiong was already worried about Shen Ning, but after knowing that such a dangerous thing happened, he hated himself for not being there, and even followed him right away.

Along the way, they saw the injured gangsters on the pier and saw a lot of blood, and heard a pair of young men and women covered in blood heading towards Yuan County on the ferry. Everyone was very upset. heavy.

Chapter 1128: what is his arm

Department of Obstetrics and Gynecology on the third floor.

Chen Xie was sitting and looking at his phone.

Sudden

The door opened.

Li Zhenting hurried in with Shen Ning in his arms.

"Mr. Li." Chen Yuxuan immediately stood up, "Quick, put my sister-in-law on the examination table."

"Thank you." Li Zhenting only calmed down after seeing Chen Xunxiu, and he quickly put Shen Ning on the examination table.

Chen Yuxie is a very famous gynecologist in the Department of Obstetrics and Gynecology of the Imperial Capital, and she is also the dean there. She can come here in person, and Li Zhenting feels unprecedented peace of mind.

Chen Xunxiu immediately began to conduct a comprehensive inspection on Shen Ning.

Li Zhenting was asked to leave the consulting room.

Several nurses began to come and go busy.

In the hallway.

Li Zhenting walked back and forth, waiting for the result.

After a while, Chen Xie came out.

"Dean Chen, how is my wife?"

Chen Yuxuan looked at him and smiled slightly: "Don't worry, your wife's amniotic fluid broke, and she will enter the state of waiting for labor soon, but the contractions are not strong at present, and the

cervix is not fully dilated. She still needs to wait, and she still needs to do some tests." , with me here, everything will be fine."

"Thank you." Li Zhenting thanked repeatedly.

At this time, Chen Xie looked at his arm and his face turned pale: "Mr. Li, what happened to you? Is your arm bleeding all the time?"

On the floor, there was blood dripping down, dazzling and bloody.

The man's arm and clothes were covered in blood. At first, Chen Yuxie only thought it was Shen Ning's blood, but now when he saw Li Zhenting's arm, he was terrified.

As a citizen of the imperial capital, of course she knew Li Zhenting. It was the first time she saw this majestic man in distress. However, his embarrassment was all for his wife, which also made her respect.

"I'm fine, big man, a little injury is nothing." Li Zhenting didn't think so, just looked inside, caring about Shen Ning, "How is she feeling now? Can I go in to accompany her?"

"Mr. Li, we will watch her, but you, please go to the surgery to bandage the wound first." Chen Xie's face was serious.

"Okay, then I'll go bandage it first, and my wife will trouble you." Li Zhenting's heart was all on Shen Ning, and he didn't want to leave here for half a step, but Chen Yuxie's face was serious, so he had to follow the advice and turned to go downstairs go.

It wasn't until he got down the stairs that he felt that he was top-heavy and dizzy, so he couldn't help but support the wall.

Just after he went down step by step, he felt that he seemed to have exhausted his energy all his life, and was so weak that he broke into a cold sweat.

Standing at the stairs, he took out his mobile phone and called Leng Xue, telling him to get ready, the helicopter is always on standby!

After finishing all this, I called the surgery department and went in to bandage the wound.

Surgical clinic.

When the doctor on duty saw the wound on Li Zhenting's arm, he was shocked. The long incision was very long, and it hurt the blood vessel. I don't know how much blood flowed out. The whole arm was terribly pale.

"Young man, if you come one step later, this arm will be crippled due to blood loss. What a pity, your body is your own, so you have to be responsible for yourself." The person who received Li Zhenting was a middle-aged woman. The man is handsome and handsome, but he just doesn't know how to cherish his own body. He was startled and spoke earnestly.

Li Zhenting smiled bitterly, what is his arm, as long as Shen Ning and the child in her belly are safe, then everything is worth it!

But he didn't say anything, he just followed the doctor's order and lay down on the hospital bed.

The doctor immediately cleaned the wound and prepared for the operation.

Chapter 1129: The child is mine, it has nothing to do with you

Outside of Obstetrics and Gynecology.

Ji Qingshan, Li Jiaojiao, Aunt Dong, and Zhu Qixiong rushed over.

"Hey, where is my cousin?" Li Jiaojiao came up and frowned when she saw the simple obstetrics and gynecology hospital, then turned to question Ji Qingshan.

Ji Qingshan took out his phone and sent a message.

After a while, the door of the delivery room opened, and Chen Xie, who was wearing a white coat, came out.

"Professor Ji." Seeing Ji Qingshan, Chen Xunxuan smiled all over his face and his eyes sparkled.

"Dean Chen, thank you for your hard work." Ji Qingshan stretched out his hand to her, his face full of gratitude.

"It's not hard, but everything about Professor Ji's business is my business, as it should be." Chen Xie held his hand, whispered softly, and smiled sweetly.

Li Jiaojiao's chest stagnates and her eyes widen the moment she sees Chen Xuexuan coming out.

Isn't this woman the Dean Chen of the Maternal and Child Health Hospital in the Imperial Capital?

She actually came here!

What a vixen!

Ji Qingshan is such a bastard, he actually invited her to deliver the baby for his cousin!

A feeling of sourness and jealousy rose in her heart immediately, sparks burst out of her eyes staring at Chen Xie, and the muscles on her face stiffened.

"Dean Chen, what's going on inside now?" Ji Qingshan was worried about Shen Ning, the blood on the ground made his eyelids twitch.

"Sister-in-law's amniotic fluid broke, and now the cervix is only opened two fingers. After the blood test and examination, she..." Out of female sensitive instinct, Chen Yuzhen saw the blue-faced Li Jiaojiao at once, and was stunned for a while. , the corners of his lips twitched slightly, and he reported the situation to Ji Qingshan in a low voice, out of the doctor's professional secrecy instinct, the voice became quieter as he went to the back.

Finally, the two walked in while whispering intimately.

The door of the delivery room was closed, and the rest of the people could only stand outside and wait.

Li Jiaojiao watched Ji Qingshan go in, she became a lonely person, and stomped her foot angrily.

"Hmph, Ji Qingshan, you actually found a vixen to deliver your cousin. If something happens to my cousin, I can't forgive you."

Aunt Dong took her hand: "Don't worry, Professor Ji is a famous doctor, and the person he brought must be right. We just wait quietly outside for the good news."

Zhu Qixiong had seen through Li Jiaojiao's thoughts early on, but he smiled and said nothing.

In the ward, Shen Ning was pale, his eyes were slightly squinted, and he was lying weakly.

The contractions are not as severe as expected, but the pain has started to come and go, from the first three to five minutes to once every two minutes now.

Babies should be born soon!

She closed her eyes, and some pictures kept flashing in her mind, some were pushed into the sea, there were Shen Mei's smirk, Xiaofeng's vicious grin, and the painful memory of giving birth last time, and the one she couldn't forget the most... It is the scene of Li Zhenting forcibly snatching Coco at the airport, and the small scene of him forcibly snatching Coco from her arms.

She clenched her fist!

Now, she gave birth to a child again, but he appeared beside her. I'm afraid that after the child is born, she won't even have the chance to see the child!

Fingers caressed his stomach, and obscure tears flowed from the corners of his eyes.

The door of the ward opened.

"Ning Ning, how are you?" Li Zhenting came over and asked affectionately, the wound on his arm had been bandaged, and he ran up non-stop, worrying about her.

Last time, when she was pregnant with Keke, Ding Ding and Xiaoxiao, he was absent. This time, he just wanted to stay by her side and watch the children come to them safely.

Shen Ning turned his indifferent face and turned his back to him.

Li Zhenting's fingers caressed her hair.

"Li Zhenting, please leave here immediately, this is the delivery room." She said coldly.

"Ningning, this time I want to accompany you to give birth to the child." Li Zhenting said sincerely and sincerely.

"Hmph." Shen Ning smiled coldly, "That's no need, the child is mine and has nothing to do with you. You don't need to be here with me."

"Ning Ning, the children are yours and mine. Let's raise them together in the future, shall we?" Li Zhenting's voice was gentle and full of warmth.

"Impossible." Shen Ning refused indifferently, "In this life, I only have my own children and I don't need others. Please go away, don't think that you saved me last night, I will thank you and forgive you, it is impossible. Yes, it is your responsibility to save the child, as for you wanting the child in my womb, it is impossible."

Chapter 1130: as long as she is healthy

Li Zhenting stood still.

A burst of pain struck, Shen Ning frowned, and pressed his hands on the side of his calf. Both legs were already swollen, and they were cramping, excruciatingly painful.

"Ning Ning." Li Zhenting's big warm palm touched her calf, stroking her gently.

"No, go away." Shen Ning stubbornly pushed his hand away, not wanting to see him accompanying her in the delivery room, let alone seeing her suffering.

She doesn't need this belated care! Compared with the harm to her at the beginning, how hypocritical this kind of care seems!

"Ning Ning, please let me take care of you, don't reject me." Li Zhenting was in great pain, begging bitterly.

"Go out." Shen Ning's body was bent into a ball, his hands pressed his calves vigorously, and he refused to let go, chasing him.

Li Zhenting was helpless, and refused to go out like a child.

At this moment, Chen Juexiu and Ji Qingshan walked in.

"Sister-in-law, how are you doing now?" Chen Xie looked at Shen Ning and asked.

Shen Ning clenched his teeth: "Both legs are cramped, it hurts."

Ji Qingshan looked at her with unbearable eyebrows.

"Dean Chen, Ning Ning is in too much pain. How long will it take for her to give birth? Could you please let her give birth to the children quickly?" Li Zhenting hurriedly approached a few steps, and grabbed Chen Yuxie's hand Arm, very anxious.

After pondering for a while, Chen Yuxi called Li Zhenting aside, and said in a low voice: "Mr. Li, my sister-in-law was malnourished during pregnancy, lacking calcium and some vitamins, and the trauma left by her uterus when she gave birth six years ago is more. She is big and her uterus is thin, so she was not suitable for pregnancy, but she is recovering well, and she got pregnant, and now it seems that there will be some risks in a normal delivery."

"Then immediately have a caesarean section." Li Zhenting felt pain in his heart when he heard the words, and he didn't even think about opening his mouth.

"I have to ask my sister-in-law's opinion on this." Chen Yuxie said softly, "But don't worry, I have discussed it with Professor Ji. Before I came here, I brought two experienced midwives here. The medical equipment and facilities of this kind of county-level hospital are not good enough. I brought some equipment, so there should be no major problems. Now we all wait patiently. It is best if the birth can be natural, so that the uterus will not be damaged again. If you lose your fertility permanently after the trauma, natural delivery is better for the child, of course, it also depends on the perseverance of my sister-in-law."

"Okay, okay, thank you very much." Li Zhenting's heart was twisted like a knife, and he kept thanking him, "Please do your best to help my wife give birth, and I will definitely thank you afterwards, and if there is any difficulty in the normal delivery, please Have a caesarean section as soon as possible, I don't care if she is fertile or not, as far as I am concerned, as long as she is healthy."

"Well, I understand, don't worry, doctors are parents, I will see the situation."

"Thank you, thank you." Li Zhenting murmured.

"Mr. Li, giving birth to a woman is a journey through the gates of hell. Sister-in-law's physical and mental health and emotions are also very important. Just now we came in and saw her emotional. You have to do some ideological work on her to stabilize her emotions. "

President Chen's words shot into Li Zhenting's chest like a sharp arrow. He was stunned, his head drooped gradually, and he stood dejectedly.

Shen Ning didn't forgive him, and was very resistant to him, but he really just wanted to be by her side and let her give birth to their child smoothly!

"Qingshan, will I be able to give birth smoothly?" Shen Ning looked at Ji Qingshan standing in front of him with a pale face and asked.

Ji Qingshan had pity in his eyes: "Caesarean section, would you like it?"

Shen Ning's vision was a little confused. Six years ago, because of Ke Ke, Ding Ding and Xiao Xiao, he had to have a caesarean section, which caused a lot of damage to the uterus. What about now?
