

## Troublemakers 1131

### Chapter 1131: This really hit him hard in the face!

"Then is it okay to have a normal delivery?" Shen Ning asked in a low voice.

"Yes. But the risk is a bit high." Ji Qingshan replied seriously, "The main reason is that the last caesarean section injured the uterus, and the uterine wound became thinner. If you want to have a normal delivery, you are worried that there will be problems with the wound, but if you have a caesarean section, Chen Yuan immediately, the fetus in your womb can be taken out by surgery, but from then on, you can no longer have children."

Shen Ning was stunned for a moment, then lowered his eyes, and asked in a low voice after a while: "If it was a normal delivery, would it be all right?"

Ji Qingshan understood her thoughts.

"If you have a safe and normal delivery this time, it means that your uterus can bear it, and you are still so young that you can give birth again."

Shen Ning's eyes were gloomy for a while, and then flashed brightly, silent.

"Ning Ning, you already have five children after this one, do you still want to have another child?" Ji Qingshan asked with a cold look at Li Zhenting who was standing there.

"Qingshan, I heard that natural delivery is good for children, I want to try it." After a while, Shen Ning replied firmly, "You also know that Ke Ke, Ding Ding and Xiao Xiao were both born by caesarean section. They were not very healthy when they were young. I want my kids to be healthy and I want to be able to breastfeed them, so I want to stick with the vaginal delivery first."

"Hey, okay." Ji Qingshan reluctantly agreed.

"Sister-in-law, you are really great, okay, we will follow your mother's wish." Dean Chen gave her a thumbs up from the side, "However, everything depends on your health. If there is an accident, then we had to take action."

"Well, yes, thank you." Shen Ning thanked.

Ji Qingshan sighed slightly.

No one understands Shen Ning's thoughts better than him. The reason why she insists on having a normal delivery is not only for the sake of the children. I'm afraid she still doesn't want to lose her reproductive rights. Is she still thinking about giving birth to a man?

Just, who is she for?

He glanced at Li Zhenting standing over there again, his eyes were cold, if it was for him, would he deserve it?

"Sister-in-law, please persevere first, we will go out first." Dean Chen reminded at this time, and pulled Ji Qingshan out.

"Well, thank you." Shen Ning hummed, with a pale and empty smile on his face.

Soon, only she and Li Zhenting were left in the delivery room.

The smile on Shen Ning's face disappeared instantly, and his face was full of indifference.

"Ningning, don't have a normal delivery, let's have a caesarean section, I just want you to be healthy." Li Zhenting walked over, took her cold hand, and held it tightly.

He has hundreds of millions of wealth, but his woman is struggling because of malnutrition during pregnancy. This is really a slap in the face for him! For a moment, he felt that all the struggle was meaningless.

"No, the child is mine, I have the right to decide, it has nothing to do with you, get out." Shen Ning's eyes were cold, his expression was indifferent, and he withdrew his hand, "Tell you, this time, if you \*\*\*\* me away My child, I will desperately fight with you, if you don't believe me, just wait and see."

"No, I won't take the children away." Li Zhenting was ashamed of himself, how arrogant and arrogant he was when he snatched Coco from her before, and how embarrassed he is now.

"It's good that you know, it's best to remember, get out, I don't want to see you again." Shen Ning chased him indifferently.

"Ning Ning, please, let me stay by your side, I have no malicious intentions." Li Zhenting refused to go out anyway, just wanted to be by her side, wishing to share all the pain of childbirth for her.

A burst of pain hit, Shen Ning stroked his belly with both hands, and he didn't even have the strength to speak.

### **Chapter 1132: Mom came to pick you up**

Outside the delivery room.

Ji Qingshan just walked out.

"Hey, Ji Mingshou, how is my cousin?" Li Jiaojiao, who was guarding the door, immediately grabbed his arm and asked loudly.

"Girl, please pay attention to your image, don't tease me casually." Ji Qingshan frowned, and shook off her hand.

Li Jiaojiao didn't take it seriously, and asked sourly: "There are so many obstetricians and gynecologists in the world, why did you ask that woman to deliver my cousin? How is her medical skill? Can you guarantee my cousin's safety? If there is something wrong with my cousin, let me tell you, I will not spare you. "

"Boring." Ji Qingshan gave her an annoyed look, and walked outside.

"Professor Ji, how is Ning Ning?" Aunt Dong and Zhu Qixiong immediately greeted Ji Qingshan when he came out and asked.

"Aunt Dong, don't worry, we are all under control inside, nothing will happen, the baby hasn't been born yet, we have to wait, she wants to give birth naturally." Ji Qingshan said politely.

"That's good. Please make sure that the baby in her belly is born smoothly. This baby is too hard." Aunt Dong clasped her hands together and begged.

"Don't worry, we will." Ji Qingshan nodded and walked outside.

"Hey, Ji Mingshou, let me go in to accompany my cousin." Li Jiaojiao followed and demanded.

She doesn't want to see Ji Qingshan chatting with that woman inside, she also wants to go in!

But Ji Qingshan just pressed the elevator and looked at his phone, ignoring her.

Li Jiaojiao rolled her eyes at him, and was about to reach out to grab his cell phone when the elevator opened and he walked in.

Li Jiaojiao finally saw Ji Qingshan come out, so she wanted to follow.

But I don't want to.

Ji Qingshan pushed her, she was pushed far away, the elevator door closed, Li Jiaojiao had no way to run in, the elevator went down, Ji Qingshan had already gone downstairs.

"Death is a beast, if something happens to my cousin sister-in-law, I will definitely not let you go, especially since you have invited that woman over, so you can't be kind." Li Jiaojiao stomped her feet and cursed, and had no choice but to Went back outside the delivery room.

The gate of the Imperial Capital Women's Prison.

"Let's go, be a good person, and don't look back." A prison guard quickly closed the door after sending a young girl out.

"No, don't hit me, please don't hit me, I don't want to drink urine." The young girl has fluffy hair, dirty face, dull eyes, holding a coarse cloth bag, standing tremblingly in the wind, mouth He kept talking.

A commercial vehicle drove over.

The car door opened, and a middle-aged woman got out of the car.

"Meimei, mom came to pick you up." Lan Feiyun saw her daughter in such a state, her heart ached, and she hugged her and wept.

"Mom." It was not until she was hugged by her mother for a long time that Shen Mei smelled the breath of safety, threw herself into her arms and burst into tears.

"Don't cry, didn't mom release you on bail? Don't worry, no one will bully you again." Lan Feiyun's gloomy eyes flashed coldly, and he patted his daughter's back lightly, comforting her.

A man stuck his head out of the car and shouted: "Get in the car, if you have something to say in the car."

"Okay." Lan Feiyun quickly carried Shen Mei into the car.

"Mom, don't leave me, I'm afraid." In the car, Shen Mei hid in Lan Feiyun's arms and trembled all over.

"Don't be afraid, good girl, mother will protect you in the future." Lan Feiyun patted his daughter's shoulder, his eyes were bloodshot.

It turned out that after Lan Feiyun and Shen Mei were imprisoned, during this period of time, Lan Feiyun used her natal family's relationship to release herself on bail, and then released her daughter Shen Mei.

The car headed towards the suburbs.

### **Chapter 1133: give me back my children**

In the delivery room of Yuan County.

"Ah." Shen Ning yelled hoarsely, his wet hair stuck to his forehead, his eyebrows twitched, his nose fluttered, and he was panting urgently. The sheets were soaked, and the veins on his arms were bulging.

"Hurry up, push harder, and push harder." Chen Xunxie and two midwives were standing next to him, breathing hard.

"Ning Ning, hold on for a while longer, it will be soon." Li Zhenting kept wiping the sweat from Shen Ning's forehead with a tissue, and held her hand tightly. He never thought that a woman would be so painful to give birth. He seemed to hear the sound of her bones breaking, and his heart felt more and more painful.

"How is it? Is her uterus okay?" Ji Qingshan asked anxiously beside her.

Dean Chen looked at the image of the advanced equipment, and replied: "Fortunately, it can last until the baby is born safely, it's fine."

"That's good." Ji Qingshan felt relieved.

"Hurry up, see the head, and use your strength again." I don't know how long it took, when Shen Ning felt that all the strength in his body was almost exhausted, the midwife shouted excitedly.

Shen Ning was overjoyed, he didn't know where the strength came from, so he held back his strength and exerted force.

"Wow." With a loud cry, the midwife shouted excitedly, "Brother is born, such a handsome little guy."

"Great, great." Hearing his son's cry, Li Zhenting was so excited that his hands trembled, he lowered his head and kissed Shen Ning's forehead, and shouted repeatedly: "Ning Ning, thank you for your hard work."

Ji Qingshan and Chen Yuxiu all surrounded him, heaving a sigh of relief, it was finally consummated and the danger was lifted!

"Try harder, my sister's head has come out." At this time the midwife shouted again.

Hearing his son's cry, Shen Ning trembled with excitement and exerted all his strength.

"Wow." With another cry, my sister finally came out.

Shen Ning fainted in relief.

"Ning Ning, thank you." With tears in his eyes, Li Zhenting hugged Shen Ning and kissed him.

In this life, he owed her too much, and she had done enough for him. He swore that he would make it up to her in this life.

I don't know when, Shen Ning woke up from the deep lethargy, and what greeted his eyes was a ward that was all white and bright and clean.

She opened her eyes and was stunned for a long time, then suddenly turned over and wanted to sit up, her lower body was in tearing pain.

"My child, my child." She shouted loudly, the strange environment made her particularly frightened, especially when she passed out, she remembered that \*\*\*\* Li Zhenting was guarding her side.

What about her child? Did you let him carry you away?

This recognition made her whole heart tremble and ache, she looked around in panic, the ward was empty, there was no child at all!

And based on my feeling, this ward is very high-end, and it must not be the Maternal and Child Health Hospital in Yuan County.

So where is this?

Li Zhenting, you bastard, why did you change me to another hospital without authorization? Why!

"Son, my child, Li Zhenting, you bastard, return my children to me quickly, you are not qualified to \*\*\*\* my children away, you are not qualified." She yelled in panic, her whole body was like crazy She felt like she wanted to climb out of bed to find her child, but her lower body hurt so much that she accidentally fell down.

Li Zhenting, you must have snatched my child away again!

I will die with you.

"My child, my child." She fell to the ground and burst into tears.

## Chapter 1134: She was full of disgust!

"Ning Ning, what's wrong with you?" The door opened, and Li Zhenting came in with an insulated lunch box, and when he saw Shen Ning who had fallen to the ground, he was shocked, and hurried over to pick her up.

"Li Zhenting, you bastard." When Shen Ning looked up and saw Li Zhenting, he was furious, raised his hand and slapped him, "Where are my children? Why do you want to take my children away?"

Li Zhenting was stunned by the beating, and it took him a long time to understand. He hugged Shen Ning and put him on the bed, and said, "Ning Ning, where are you thinking? The children have choked on the amniotic fluid and have pneumonia. Now they are sent to the incubator. I went to get medical treatment."

Is that so?

Shen Ning paused, looked at the ward, and asked in disbelief, "Then where is this?"

Li Zhenting smiled wryly, and patiently explained:

"Ning Ning, after you passed out after giving birth to your child, you bled profusely and developed a high fever. The children were also inhaled amniotic fluid into their lungs, crying and crying. The medical conditions in the small county of Yuan County are really poor, so I asked Leng Xue to treat her. I got a helicopter to take you back to the imperial capital, this is the maternal and child health care hospital of the imperial capital, you have been asleep for a day and a night." Shen Ning was stunned, silent, but his face did not turn bright.

She thought for a while, raised her hand and rang the call bell.

After a while the nurse ran in.

"Miss Nurse, where are my children?" Shen Ning asked directly.

The nurse was a little surprised, looked sharply, and said with a smile: "Mrs. Li, your child is currently being treated in an incubator. The amniotic fluid has been inhaled into their lungs, and they are infected with pneumonia. They need treatment."

Shen Ning heard the same as what Li Zhenting said, so he was a little relieved.

"When will it be cured?"

"It should take about three or four days. It also depends on the resistance of the children. If you have milk, you can squeeze it out for me. I will give it to them to drink. This will improve their immunity." The nurse replied patiently.

"Then can I go and see the children?" Shen Ning was still uneasy, thinking that the two little guys hadn't even taken a look yet, and felt anxious in his heart.

"Okay, later, I will take you to watch outside the glass door, you can express the milk first, and I will take you to see them when the time comes." The nurse looked fiercely again and nodded.

"Okay, um, thank you." Shen Ning agreed.

The nurse left.

"Ningning, your body is very weak now. You have been in a state of malnutrition during pregnancy. If you want to feed your children, you have to take care of your body. While the children are being treated, you have time to rest. Eat more and rest, Aunt Dong brought you a lot of soup, and she repeatedly told you to drink it, and make up your body first." Seeing that Shen Ning could calm down, Li Zhenting opened the insulated lunch box, and a scent wafted out, Shen Ning felt the hunger in his stomach.

"Come, I'll feed you." Li Zhenting picked up the spoon and sat down in front of Shen Ning, talking softly.

But Shen Ning said coldly: "No need, I can drink it myself."

"Can you sit up by yourself?" Li Zhenting looked at her.

Shen Ning didn't speak, and insisted on sitting up, but after only holding on for a while, he was sweating profusely.

"Don't be stubborn, let me feed it, don't you still want to see the children, don't you want to breastfeed, then be obedient." Li Zhenting's lips curled up slightly, and he stretched out his hand to hug her. His shoulders hugged her into his chest.

Shen Ning bowed his head and said nothing, pouted his lips.

Last time, Ke Ke and Xiao Xiao didn't drink breast milk. When they were young, they were in very bad health. She always felt guilty about getting sick every three days.

The corners of Li Zhenting's lips curled up, and he picked up a spoon to scoop up a spoonful of soup and brought it to her lips.

She finally opened her mouth obediently.

Li Zhenting's eyes were soft and bright, and he fed her carefully until he forced her to drink all the three soups he brought.

After eating, Shen Ning fell asleep.

Li Zhenting gently put her on the bed, and when he finished packing his things, the phone on his body rang, and he picked it up. After saying a few words there, he frowned, looked at the weak Shen Ning, and said in a low voice: "OK, I'll be right there."

He hung up the phone.

"Ning Ning, you have a good sleep first, I have something to deal with, and I will accompany you at night." Li Zhenting bent down and kissed her forehead.

Shen Ning wanted to turn his head away to avoid his kiss, but his body was weak, so he kissed him firmly.

Her face is full of disgust!

Very early on, she didn't like Li Zhenting's kisses and closeness. Only he himself still thinks his face is so big!

### **Chapter 1135: That smile is very 'happy'**

afternoon.

Shen Ning opened his eyes after waking up from a deep sleep.

Doorbell rang.

She stared fixedly at the door, as if she hadn't adapted to this environment, and after a while, she pressed the switch.

The door opened.

A handsome young man walked in with a bouquet of flowers in one hand and a fruit basket in the other, smiling.

Congratulations Qixiong!

"Ning Ning, you're awake." He walked up gently and brought flowers in front of her: "Congratulations, the flowers are for you."

"Thank you." Shen Ning took the flowers with both hands and put them under his nose to smell them.

"How is it? Are you okay?"

"It's okay, it's much better than the last production."

"That's good." Zhu Qixiong sat down in front of her, "Where are the children?"

"They got aspiration pneumonia, and they're in there for treatment now."

"Then you take this opportunity to have a good rest." Zhu Qixiong said.

"En." Shen Ning replied, looking at him, he hadn't seen him for a few days, his face was haggard, as if he was hiding something on his mind.

She couldn't help asking: "Qixiong, how are you doing recently?"

"It's okay." Zhu Qixiong replied lightly, talking to her.

After a while, Shen Ning wanted to go to the toilet and moved his body.

"Ningning, let me help you." Zhu Qixiong immediately stood up thoughtfully.

Shen Ning's lower body hurts a lot, there is nothing he can do, he couldn't even stand firmly when he landed.

Zhu Qixiong's strong arms suddenly hugged her up.

Shen Ning was very embarrassed and wanted him to let her down.

"It's okay, I'll carry you, don't move." Zhu Qixiong hugged her and quickly came to the door of the bathroom, opened the door, and carried her directly to the toilet.

Shen Ning supported the toilet and stood up, looking at him.

"Take your time, I'll go out first." Zhu Qixiong said lightly, walked out, closed the bathroom door, and stood at the door waiting.

Shen Ning sat on the toilet, turned his head and looked at the sky outside.

This is the imperial capital, not Yuhe Village in Yuan County, the sky is not so blue, and tall buildings can be seen everywhere.

She has mixed feelings.

Coco, Ding Ding and Xiao Xiao, they are now in kindergarten.

How is Gucci?

All this is close at hand yet so far away.

But he said that Li Zhenting came out of the office and went directly to Shao Meiqi's villa after handling official business. Aunt Dong had already cooked all kinds of soup and food for pregnant women, and he came over to bring them to Shen Ning.

So far, Shen Ning has not told Li Wanqing and the children about Shen Ning's childbirth. He is afraid of Ke Ke, and Ding Ding and Xiao Xiao cannot accept this fact. After all, before Shen Ning disappeared, the children did not know that Mommy was pregnant. Suddenly there are younger brothers and sisters, I am afraid that the little ones will have emotions, and I am also afraid that they will come to disturb Shen Ning if they find out, and Shen Ning is not in good health now and needs to recuperate.

After a while, I came to the ward and pushed open the door.

Li Zhenting looked up and was stunned.

I saw a man coming out of the bathroom hugging Shen Ning intimately. The man was focused and serious, with tenderness on his face.

Shen Ning had a slight smile on his face, and in Li Zhenting's view, that smile was very 'happy'.

His heart sank, and his face darkened.

"Ning Ning, does it hurt?" Zhu Qixiong carefully put Shen Ning on the hospital bed, and finally moved her feet under the quilt. Seeing the painful expression on her face, he immediately asked cautiously.

"It's okay, thank you, Qixiong." Shen Ning lay down under the quilt, a layer of sweat oozed from his forehead.

Zhu Qixiong gently wiped her with a tissue.

"Cough, cough." While the two were interacting, there was a slight coughing sound from the side.

As soon as Zhu Qixiong looked up, he saw Li Zhenting standing in the ward with a big bag eating food, his eyes were dark and his face was dark.

### **Chapter 1136: self-inflicted**

"Mr. Li, you are here." Zhu Qixiong nodded towards Li Zhenting, and he didn't know why he had to explain, "Ning Ning needs to go to the bathroom. She just gave birth and has trouble moving. I helped her."

Li Zhenting's face darkened: "I hired special guards, they can help her."

The implication is that there is no need for him to hug his woman so closely, he can be called a special guard.

"Qixiong, you don't need to explain anything. I asked you to hug me. You are not wrong. I am single now, and you are also single. Neither of us did anything wrong." Shen Ning knew Li Zhenting's intentions and was still helping .

"Well, yes." Zhu Qixiong understood something, and the corners of his lips curled up slightly.

Li Zhenting's face darkened even more, but even though he felt very uncomfortable, he didn't dare to say anything.

After all, at this time, Shen Ning has not forgiven him, nor does he care about his feelings.

"Ningning, are you hungry, I brought you delicious food." He swallowed his anger and stepped forward to ask kindly.

"Just leave it alone, I can eat it myself." Shen Ning replied coldly.

"Your body is very weak, let me feed you." Li Zhenting lowered his head and opened the thermos cup, took out the soup one by one, and said gently, "Be patient for a few days, and I will take you to the confinement center when the babies are better. ."

"No, I want to take the children back to Shaw's villa, that's my home, I have Aunt Dong to take care of it, I don't need to go to the confinement center." Shen Ning opposed him, with a blank face expression.

Li Zhenting froze for a moment, pain flashed in his eyes.

Shen Ning's unforgiveness really gave him a headache.

Zhu Qixiong put his hands in his trouser pockets, looked at the gunpowder-smelling picture, and finally said goodbye to Shen Ning and left.

"Ning Ning, if you don't want to go to the confinement center, then I will clean up the big room in Li's Castle and hire more nannies. You can go home with me. Mom misses you, and the children miss you too. , don't you want to see the children?" Li Zhenting begged in a low voice.

Shen Ning's heart throbbed.

Coco, Ding Ding and Xiao Xiao, she can't wait to see them immediately.

But she was relieved that after all, the two vicious women, Shen Mei and Xiaofeng, were gone, and Li Wanqing and his wife would definitely treat them kindly.

"No, I'll just take my kids back to my own home." She insisted.

Li Zhenting silently took the bone soup and fed it to her.

Shen Ning hesitated again and again, but still opened his mouth to drink.

The two of them didn't speak any more, they just drank soup and ate, and their cooperation could be regarded as a tacit understanding.

Downstairs, Zhu Qixiong just walked to the underground parking lot.

Sudden

A man in black came towards him.

"Is there something wrong?" He asked unusually calmly.

"Chairman Zhu Dongjin wants you to go back." The man in black said.

"I won't go." Zhu Qixiong immediately refused.

"Hey, it's up to you whether you go or not." The man in black laughed dryly, raised his hand, and suddenly four or five men in black rushed out from the side and attacked him. Black, fell down.

Immediately, four or five men came up and tied him up, stuffed him into a black van, and the car drove away.

Shen Ning sat on the hospital bed, his eyelids unconsciously twitched, and his heart panicked.

At this moment, Li Zhenting's cell phone rang.

He picked it up in cold blood.

"Mr. Li, Zhu Qiming is only panicking now. After several big orders were cut off, the land he invested in in the east of the city had financing problems. Now the cash flow of the entire company has been broken. Zhu Dongjin is in a hurry. The ants on the ground." Leng Xuehui reported over there.

"Counsel, take it upon yourself." Li Zhenting snorted coldly with disdain, and hung up the phone.

It turned out that since Zhu Qiming wanted to cut off the way out of Li Zhenting's auto parts factory in Qingshan City last time, after Zhu Dongjin came to apologize and settle it in person, he did not learn from experience and lessons. When the opportunity came, he even took the opportunity to secretly chase and intercept the car sales of the Li Group. This completely angered Li Zhenting, and he was the first to pack him up after returning to the imperial capital.

### **Chapter 1137: Why did you hit me?**

Zhujia Study Room.

"Qiming, what's going on here? What about Zhu's Group's big orders? Why did they all run away? Also, where did the money go? Now that there is no cash, how is the company going to run?" Zhu Dong Jin took the newspaper and was furious.

Zhu Qiming cleared his voice, and said in a low voice: "Dad, the two major companies Qiangsheng and Qiangwei suddenly tore up the agreement, and all the customers of Canton Branch also ran to Li's Group. Now the investment in the land in the east of the city has been invested." So much money has gone in, it can't be recovered in a short time, and there's nothing I can do about it."

"Qiangsheng and Qiangwei are our old customers. They have always had a good relationship. Why did they suddenly do this? Why did the customers of the trade fair suddenly go to Li's Group? How did you become the president?" Zhu Dongjin Angrily questioned.

"Dad, you should ask your elder brother about this."

"What does it matter to him?"

"Dad, anyone with a discerning eye will know that this is Li Zhenting deliberately trying to punish us. Some time ago, Li Zhenting was not in the company. He ran thousands of miles to chase his wife. His wife, Shen Ning, disappeared after she became pregnant. In the city, he didn't think about eating and drinking, so he put down his work and went to chase his wife and children. Originally, this was their family's business, but the elder brother insisted on being ambiguous with Shen Ning, so he went to Licheng to live with Shen Ning. Together, you think, who is Li Zhenting? He is the toughest man and the richest man. How can he bear the hatred of taking his wife? Right now, as soon as he comes back, he will attack the Zhu Group and vent all his anger on our company Body, what do you think I can do?" Zhu Qiming spread his hands and said clearly.

Zhu Dongjin was so angry that his eyes turned black, his whole body was shaking, he slapped the desk heavily, and cursed loudly: "This bastard, he did all kinds of bad things, I can't spare him this time."

When he was angry, a man's voice came from outside: "Mr. Zhu."

Zhu Qiming had an inscrutable smile on his lips, and asked outside, "What's the matter?"

"The young master is here, he wants to see Zhu Dong."

"Beast, he dares to come to see me." Zhu Dongjinzheng wanted to beat Zhu Qixiong up, and yelled at him.

Zhu Qiming turned around with a sinister smile on his lips, and hurriedly replied: "Brother, Dad just wanted to see you, and you just came." He immediately opened the door.

Outside the room door, Zhu Qixiong was holding his wrist with a cold face.

After the men in black escorted him over, they untied him from the rope.

Looking at this suffocating study room, he remembered how he longed to come here when he was a child, so he wanted to shout: "Dad, take me to play for a while, Dad, I am so afraid of the dark, you can let me stay here for a long time." stay a while? '

But he never fulfilled his wish!

Seeing this now, I just feel suffocated and terrible.

He raised his eyes and glanced at Zhu Qiming, who was surrounded by thousands of pets, flushed and full of vigor, and walked past him indifferently, walking towards the study.

Zhu Qiming's eyes flashed a sly smile.

With a bang, Zhu Qixiong had just arrived in the study and hadn't spoken yet. Suddenly, Zhu Dongjin rushed over without asking any questions, and slapped Zhu Qixiong \*\*\*\* the face with a 'slap'.

Zhu Qixiong's face was turned to one side.

He turned his face in a daze for a moment, then turned his head, his eyes were full of angry flames, and asked sharply, "Mr. Zhu, why did you hit me?"

When Zhu Dongjin heard this, he raised his hand angrily and wanted to hit him again.

Yes this time

Zhu Qixiong grabbed his hand forcefully.

"I ask you, why did you hit me?" Zhu Qixiong roared angrily, his voice trembling with explosion, shaking the whole study room.

Facing his son who was a head taller than him, Zhu Dongjin suddenly felt inexplicable timidity and guilt.

**Chapter 1138: Never believed him!**

"Oh, Dongjin, why are you so angry with the child, Qixiong is rarely back here, what can't you say well." Xu Xiangzhi walked in from the door, with a smile on his face, and blamed Zhu Dongjin .

Zhu Dongjin thought that the Zhu Group was about to close down because Zhu Qixiong and Li Zhenting were suppressed by Li Zhenting because Zhu Qixiong and Li Zhenting were robbing women. That breath was stuck in his chest, and it burned like a fire.

"Beast, what kind of woman do you play with? You have to steal other people's wives. Don't you know what will happen to you? I warned you once last time, but I didn't expect you to do it again? I'll ask you, What good will the collapse of the Zhu Group do to you? Isn't the finance of the Zhu Group sending you a sum of money every month? If you don't have this money, you will eat shit. Who can support you outside?" He slapped the desk and roared angrily.

Zhu Qixiong understood what was going on!

It turns out that Zhu's Group is now blaming him for the difficulties they encounter. Do you really think he is a soft-headed man who is easy to bully!

What the hell, even if he doesn't do anything, it will become an excuse for someone who cares! And Zhu Dongjin, the father, has always been blind! He only listened to the instigation of his stepmother and Zhu Qiming, and never believed him!

"Mr. Zhu, please make it clear that your son Zhu Qiming is managing the Zhu Group now. You have to ask him how he manages the Zhu Group? Does he have that ability? You're blaming me if you don't ask indiscriminately." Come on, do you think it's appropriate? Have you thought about my feelings?" Zhu Qixiong asked aggressively with a disdainful smile.

Zhu Dongjin was momentarily at a loss for words when questioned, and faintly felt that something was wrong.

After all, Li Zhenting did not question him because of this matter, nor did he say that it was because of Zhu Qixiong that he suppressed the Zhu Group.

"Qixiong, you misunderstood your father. In fact, this matter is nothing to do with the Zhu Group, but the facts are not good now. Think about it, Li Zhenting is a man after all, and he is a well-known Entrepreneur, people like him value face and reputation the most. You don't care about getting involved with his wife, and even go to Licheng to accompany her. Now the entertainment news in the imperial capital is reporting this matter. Can Li Zhenting Don't you become angry from embarrassment, he can't control you, so he can only take revenge on Zhu's Group." Xu Xiangzhi said kindly and gently.

It sounded like she didn't mean to blame Zhu Qixiong at all, but both inside and outside the words hinted that it was because of his messing with Shen Ning that Li Zhenting was furious and took revenge on Zhu's Group.

Zhu Dongjin's anger buried in his heart was ignited again.

"Beast, from now on, you should immediately sever ties with that Shen Ning, and then apologize to Li Zhenting and ask for his forgiveness. From today onwards, you can no longer go out until this matter subsides." He snapped drunk.

Zhu Qixiong was stunned for a moment, and suddenly wanted to look up to the sky and laugh.

Let's not say that Shen Ning and Li Zhenting divorced a long time ago, and he and Shen Ning are just normal friends, and Li Zhenting didn't attack him at all.

Besides, the hero is sympathetic to each other. Based on his intuition, Li Zhenting is not the kind of man with a small belly. He knows the reason why he and Shen Ning separated, and he will not take the opportunity to attack the Zhu Group just because of his normal relationship with Shen Ning. This is the behavior of a villain, and it is very shameless.

He would never do that!

On the contrary, after he returned to the imperial capital these days, he heard all kinds of rumors about Zhu's Group's poor management. Zhu Qiming is not a business material at all. With a big appetite, he caused troubles everywhere, and even secretly provoked Li Zhenting, it was like dying!

Now, something happened to the company, and they actually blamed him, a person who had never been in the company, for the reason. It is shameful to divert attention like this!

### **Chapter 1139: it's a good way out**

"Mr. Zhu, Shen Ning and I are only in a normal relationship between men and women. There is no such thing as breaking off the relationship, but you should keep your eyes open and recognize the situation. Otherwise, the Zhu Group will be finished sooner or later. Let us leave."

Zhu Qixiong said with a blank face, turned around and was about to leave.

"Beast, stop."

Zhu Dongjin blushed with anger, and shouted angrily:

"Tie him up and lock him in the guest room, and don't take another step out of Zhu's house without my order."

"Hehe." Zhu Qixiong sneered a few times when he heard the words, and as usual, stretched his hands forward, looking like a dead pig who is not afraid of boiling water, "Okay, then tie it up, I will actively cooperate."

immediately

A few men in black clothes standing next to him came forward and surrounded him, tied him tightly, and walked out towards the guest room.

Zhu Dongjin looked at his unrestrained back, and felt a dull pain in his chest, and his body shook a few times.

"Dongjin, Qixiong is still young and ignorant, don't get angry, talk to him when you have time, he will understand your painstaking efforts." Xu Xiangzhi immediately stepped forward to support him He said Zhu Dongjin, and spoke with incomparable tenderness, and his whole breast was squeezed against his body.

Zhu Dongjin felt crisp all over, and nodded immediately: "Xiangxiang, thanks to you, otherwise, I would have been so \*\*\*\* off by this \*\*\*\* son, our son Qiming is better, sensible and filial."

Thinking that every time Zhu Qixiong made him angry, Xu Xiangzhi was the one who relieved him, a trace of gratitude welled up in his heart, and he grabbed her hand, full of emotion.

Zhu Qiming's lips curled up, he turned around and left.

Zhu Dongjin looked at his handsome young son with a more peaceful expression on his face.

Xu Xiangzhi leaned in his arms, and said coquettishly: "Dongjin, don't worry, I will go to persuade Qixiong these days, hey, this child lacks maternal love since he was a child, it's because I didn't do it well."

She stroked the clothes on Zhu Dongjin's chest with her fingers, her face full of self-blame.

"I can't blame you." Zhu Dongjin sighed, and hugged her tightly, "I'm really worried now that Zhu's Group has become like this."

"Don't worry, there will always be a solution." Xu Xiangzhi hurriedly comforted, "You still remember Wu Xueying, the youngest daughter of the gambling king, she likes Qixiong of our family, and she is still waiting for her, as long as Qixiong is willing Marrying her, relying on the financial strength of the gambling Wang family, can help us tide over difficulties every minute, and can help us in business in the future, so we are no longer afraid of Li Zhenting's suppression."

Zhu Dongjin was refreshed when he heard it, and his eyes were full of light.

Yes, he actually forgot this!

This is a good way out!

"That's good, but Qixiong won't be willing." He sighed, full of worries.

Xu Xiangzhi smiled, but was full of confidence: "Don't worry, there is me, I will go to persuade him, and I guarantee that he will agree."

"real?"

"Of course it is true. When have I lied to you? You have to believe me."

"Okay, I believe you." Zhu Dongjin smiled all over his face.

"However, Dong Jin, you have to promise me one thing."

"What's up?"

"That is, if Qixiong really marries Wu Xueying, then he will be very rich. In this case, can he cancel the 20% of the shares in Zhu's Group?" Xu Xiangzhi looked at Zhu Dong Jin Chayan asked attentively.

"This..." Zhu Dongjin hesitated when he heard that, after all, when he was in love with Zhu Qixiong's mother, he promised her to treat their son Zhu Qixiong well.

"Dongjin, it's not that I care about this little money, and it's not that I want to drive him away, but because Zhu's Group is too small, and the profits it makes are not much. 40% of the profit, plus the company's various expenses, so that 20% must be distributed to a person who has never worked, which also caused complaints from the company's shareholders. I don't want to actively develop the company's business anymore, and the company's employees don't have much good treatment. Naturally, it will be difficult for the company to develop well in the future." Xu Xiangzhi sincerely said, "Besides, I did this for the good of Qixiong. He is now Because he gets a lot of money every month, he doesn't know the hardships of life, so he will be so willful. If he cuts off his money, he will understand our difficulties after realizing the importance of money. He will also marry Wu Xueying willingly, he will not be short of money after marrying her, and now that the Zhu Group is in trouble, he should also contribute."

#### **Chapter 1140: She hated this blind man**

"Okay, I promise you." Zhu Dongjin was finally persuaded, but he was still worried, and told him, "But the prerequisite is that Qixiong must marry Wu Xueying in order to cut off the 20% of the funds." , otherwise, not a single point can be missed from him."

"Of course, he is also my son, and I care about him very much. Even if he doesn't marry Wu Xueying in the future and life is difficult, as long as the company gets better, I will give it back to him."

"Okay." Zhu Dongjin finally felt relieved.

"Thank you, Dong Jin." Xu Xiangzhi was proud of herself, but she fell into his arms quietly, wrapped her arms around his neck, and sent her red lips towards him.

Zhu Dongjin turned around and pressed her under him.

In the hospital.

"Miss Nurse, where are my children? Can I go and see them?" Shen Ning asked the nurse eagerly.

It's been three days and she hasn't seen her children yet.

The nurse looked at her and smiled, "Mrs. Li..."

"Please call me Miss Shen."

"Oh, Ms. Shen." The nurse glanced at her. There are still people in the world who don't want to be Mrs. Li. She replied with a smile, "The main reason is that it is difficult for you to walk now, and the babies are also in the incubator." stay."

"I can go, I really want to see them." She has fainted since the children were born, and has been unable to see them. She is really worried and anxious.

"Okay, I'll come over and ask you to see the babies after the treatment, okay?" The nurse agreed.

"Okay, okay, thank you, I'll wait here." Shen Ning hurriedly thanked you.

The door opened.

Li Zhenting walked in with a bag of food.

"President Li." The nurse hurriedly greeted him and went out.

Shen Ning lay down with a straight face, with his back turned to him.

"Ning Ning, be hungry, come and eat." Li Zhenting took out the food one by one, with a friendly voice.

Shen Ning ignored him.

"Ningning, have some soup." Li Zhenting scooped up a bowl of thick bone soup and brought it in front of her.

But Shen Ning just gave him a cold look and then turned over.

Li Zhenting had no choice but to come here again with the soup.

"Ningning, drink more soup, you will have milk after drinking soup."

Li Zhenting spoke patiently.

Shen Ning supported the edge of the bed with his hands and sat up.

"Let me ask you, did you do something to Zhu Qixiong?" Shen Ning asked coldly after taking the soup from Li Zhenting's hand and drinking it.

Li Zhenting was taken aback.

"Why do you say that?"

"Don't ask why, just tell me, did you do anything bad to him?" Shen Ning emphasized angrily.

Last time, when Zhu Qixiong left, he promised to come to see her the next day. At that time, she thought of Zhang Xiaoxian's parents. They used to hide in Licheng and couldn't help her parents to treat their illness. Now that they have returned to the imperial capital, she felt that it was necessary to help her, so when Zhu Qixiong left last time, she entrusted him to help bring Zhang Xiaoxian's parents to the hospital for treatment, and Zhu Qixiong readily agreed.

But there was no sign of him in the past few days, and he didn't answer the phone.

She felt that this incident was very unusual, and at the same time, her eyelids were always twitching inexplicably these two days, as if something bad was going to happen.

She felt uneasy.

Li Zhenting has never had a good impression of Zhu Qixiong, and the last time Li Zhenting came to see Zhu Qixiong helping her out of the bathroom, his face was very ugly at that time, she had reason to believe that Li Zhenting threatened Zhu Qixiong and told him not to come here .

"Ning Ning, do you think I will do that?" Li Zhenting asked in a low voice with a dim light flashing in his eyes.

"Yes." Shen Ning answered without thinking.

"Is this just the kind of person I am in your mind?"

"Yes." Shen Ning replied sharply and ruthlessly, "What can a man who doesn't even care about the safety of his own children for the sake of his lover do anything? I don't believe it."

Shen Ning will never forget that day when Xiaofeng held Xiaoxiao with both hands, trying to throw her off. At that time, she hated this blind man so much.

Pain and shame flashed across Li Zhenting's eyes.

"Ningning, I know you hate me, but no matter how much you hate me, I have my bottom line. Please rest assured, as long as Zhu Qixiong doesn't offend me too much, I won't do anything to him."

"Yes, that's the best." Shen Ning sneered, "It's best not to let me know what you did to him, otherwise, I won't let you go."

Li Zhenting's nose was astringent, and his heart was sour.
