

## Troublemakers 1141

### Chapter 1141: His heart also hurts!

"Baby, my baby." In the ward, Shen Ning finally saw his twins.

Unfortunately, through the glass door, I can't see clearly.

I saw two small balls, with pink and tender faces, lying on the crib, sleeping with their eyes squinted, very cute.

However, they are too small!

Such a weak group, in this cold ward, there is no mother and relatives to follow.

Shen Ning's heart became a ball in an instant, and he really wanted to rush up and hug them into his arms and kiss them! Give them mommy love!

Her fingers grasped the glass, pressed against her face, her eyes were moist.

"Baby, don't be afraid, Mommy is watching you outside, you must be strong." She murmured.

Sudden

A warm and generous palm reached out to hold her hand, and embraced her in his arms.

"Ningning, don't worry, they'll be fine in two days, we'll take them home together." Li Zhenting kissed her on the cheek and spoke softly.

When I first walked into the ward, I guessed that she was here without seeing her.

Sure enough, she was still far away and saw her standing outside the glass door and looking intently at the children inside, her face full of concern.

She was holding on to the glass door with one hand, and she was still supporting her stomach with the other.

At this time, she is not suitable for walking, but in order to see the children, she insisted on walking over by herself.

At that moment, his heart also ached!

A mother's love for her child, this is the best interpretation, what a beautiful and kind woman, he missed and owed her for so many years!

Shen Ning's big eyes stared wide open all the way to the children's faces, so focused that Li Zhenting didn't even realize that Li Zhenting hugged her into his arms.

She just wants to see the facial features of the children clearly, to see if they look like her.

But it's really far away and I can't see clearly.

It wasn't until being hugged by a pair of powerful big hands that he turned around in shock, and was facing Li Zhenting's affectionate black eyes.

For a while, I was a little dazed, as if I was attracted by a deep pool, and my heart and soul were about to fall into it.

But soon, she woke up.

"Please let me go." She said coldly, with a full face of rejection.

"Ningning, you are in confinement now, and you are not suitable for walking for three days after giving birth, let me hold you." Li Zhenting begged softly and affectionately, "I hold you higher, so you can see the cute little children Where's the face?"

After speaking, he lifted her up.

Shen Ning saw the faces of the two little guys clearly at once.

Her eyes stayed on the little guy's face and looked greedily.

The two little guys had beautiful features and black hair, but soon, she felt a little lost, because one of them was carved out of the same mold as Li Zhenting, very similar to Coco and Ding Ding, and it was unclear whether it was a brother or a sister, this man's genes are really strong.

As for the other one, it still looks like hers, which makes her a little relieved.

"Are you ready?" After Li Zhenting hugged Shen Ning for a long time, seeing that she was still watching and didn't intend to come down, his arm was really sore, so he had to ask.

Shen Ning came back to his senses and found that he was still in Li Zhenting's arms. He held her up high, quickly retracted his head, and struggled to get down.

"I'll carry you back to the ward." But Li Zhenting's powerful arms clamped down on her struggling arms, and he carried her towards the ward.

Shen Ning struggled, the tighter he clamped.

The two were fighting, because Shen Ning was weak, and his fists fell on him as weak as cotton, which made Li Zhenting's whole body tense and his face flushed.

Nurses and patients who didn't know the truth looked at them like a loving couple playing and playing, and they all smiled slightly.

Shen Ning was very embarrassed, his face was a little red, knowing that he couldn't hold him back, he could only close his eyes and pretend to sleep.

The corners of Li Zhenting's lips curled up slightly.

After entering the ward, when Li Zhenting put her down to distract her, Shen Ning pushed him violently, pushed him out of the ward, and quickly locked the door of the ward.

Li Zhenting had no choice but to leave.

## Chapter 1142: Daddy bullied us

Li's Castle.

Li Zhenting walked in quickly!

"Daddy, when is Mommy coming home?" As soon as he came in, Xiao Xiao stopped in front of him, staring at him with big eyes, her cheeks bulging.

Li Zhenting froze for a moment, patted her head, and hugged her up.

"Don't worry, it will be soon." He smiled slightly and asked, "Daddy asks you, do you want a little brother or a little sister?"

"No." Xiao Xiao immediately shook her head: "I only want Mommy, I really miss Mommy."

Li Zhenting's heart sank slightly.

Now that Shen Ning has given birth to her younger siblings, if she knows, will she accept it? Moreover, Shen Ning has not forgiven him yet, obviously, she will not follow him back to Li's house.

He doesn't know how to explain it to the children!

"Daddy, have you been lying to me all this time? In fact, you didn't find Mommy at all, you just lied to our children, isn't that so?" With tears in her eyes, she pursed her mouth and raised her head. He asked loudly, and after asking, he shouted loudly: "Mum, where are you? I miss you so much, why don't you call me? Do you really want us?"

Xiaoxiao was so sad that she burst into tears.

Li Zhenting was heartbroken when he heard it, and was about to comfort Xiao Xiao, but Xiao Xiao pushed him away and ran upstairs, then hid in his princess room and cried secretly, and no one came in.

"Master, Xiaoxiao often hides in the bedroom during this period of time. She always talks to herself and doesn't like to talk. Her relationship with Lan Lan has also become worse. They almost never play together. The two often grow up together. Staring at each other and not giving in to each other, although Lan Lan didn't laugh at Xiaoxiao for not having a mommy anymore, they couldn't understand each other and often quarreled." Sister Yun saw Li Zhenting standing in front of the small bedroom, anxious and helpless. Look, hurriedly told him the situation.

During this period, Li Zhenting was not at home, and a few little guys were messing around at home. However, during this period of time, Li Wanqing's mother, Li Zhenting's grandmother, was sick and hospitalized, so she had to go to take care of her, and she also neglected to discipline the children.

Li Zhenting had a gloomy face when he heard this.

"Okay, I see." He had a headache. After returning to the imperial capital these days, he was also taking care of Shen Ning, and they all went to the Shaw Villa to deliver food to Shen Ning. He really wronged the children.

Thinking that he went to Belvedere some time ago, he hasn't taken care of them for a long time. He plans to take the little ones out to play and have dinner at night.

But who knows

When he opened the door of Ke Ke and Xiao Xiao's room, he saw that the two little guys were taking off their shirts and playing games head to head. They were sweating profusely, and Li Zhenting didn't even know he came in.

Li Zhenting frowned and was about to speak when his phone rang.

He picked it up.

Soon, he saw his face flushed, his eyes flashing with anger, he hung up the phone abruptly, and looked at Ke Ke and Ding Ding.

The two little guys saw Daddy coming in, and immediately put away their mobile phones and shrank to the side of the bed in fear.

"Coco, Ding Ding, let me ask you, where did you go yesterday? What did you do?" He asked sharply.

Ke Ke and Ding Ding looked at each other in awe, Ke Ke wiped his nose, bowed his head and said nothing, Ding Ding kept a straight face, and had nothing to say as usual.

"You two guys are getting more and more outrageous now. You actually beat Wang Xiaopang to the hospital. Let's see how I deal with you." Pick it up and beat it up.

"Mum, where are you? Daddy bullies us, come and save us, we are going to be beaten to death by Daddy." Coco cried out in fright when she saw the menacing Li Zhenting.

When Ding Ding heard it, he also shouted.

Li Zhenting's raised fist fell down suddenly, and the sound of the children calling Mommy made his heart ache.

### **Chapter 1143: Do you want to come to the imperial capital?**

In the hospital here, as soon as Li Zhenting left, Shen Ning's phone rang.

She picked it up and saw that it was Zhang Xiaoxian calling.

"Sister, how are you doing now? How are you? Are the children okay?" She asked anxiously on the phone.

"It's okay." Shen Ning smiled slightly.

"Your crazy ex-husband didn't do anything to you, did he?" She asked worriedly.

"No."

"That's good."

Zhang Xiaoxian was relieved, looked at her parents lying on the bed with her mobile phone, and sighed: "Sister, I really want to come and see you, but there is no way, my parents are not in good health, I really can't leave."

Shen Ning's eyes were dark.

"Xiaoxian, let me ask you, do you want to come to the imperial capital?"

"Of course, I want to see you so much, but I can't help it. Sister, I'm really sorry. Please understand my situation. I will definitely visit you when I have a chance. I sent you a courier yesterday. Yes A little thought from me, I asked Aunt Dong for the specific address, please don't hold it against me."

"You are really caring, thank you, don't worry, as long as it is your thing, I will be very happy." Shen Ning replied with a smile: "You take good care of your parents at home first, don't worry about me, I will go It's up to you."

"Well, good." Zhang Xiaoxian was very melancholy in her heart.

In this life, she may not see Shen Ning anymore, and according to her inference, Shen Ning is either rich or noble, and has an extraordinary status. She is a rural girl, and she is not qualified to associate with her on an equal footing. Of course, she said to come and see She, that's just her polite words, and she won't really believe it.

"By the way, Xiaoxian, if you have time, you should review the majors you learned in college, maybe it will be useful in time." Shen Ning whispered over there.

"Yes, good." Zhang Xiaoxian smiled wryly and agreed.

What is the use of her major? At least in the last ten years, she will not be able to get out of Yuhe Village. By the time she is able to get out, she will be middle-aged. At that time, this major may have long been outdated up.

However, she has no complaints. It is not easy for her parents to raise her. It is her duty and responsibility to take care of them who are seriously ill.

After hanging up the phone, she put down her phone and went to work.

Shen Ning looked at the phone and pursed his lower lip. After thinking for a while, he dialed Zhu Qixiong's phone again.

Zhujia Guest Room.

"Qixiong, let me feed you some food." Xu Xiangzhi walked in with a bowl of fragrant rice and a bowl of very tempting meat dishes, with a friendly smile on his face.

"Please let me go, I will eat by myself." Zhu Qixiong gave her a cold look and replied indifferently.

Xu Xiangzhi glanced at Zhu Qixiong, who was \*\*\*\* by five flowers, with a helpless face: "Qixiong, your father tied you up, and I dare not let go."

"Don't worry, it's just eating, I won't leave."

Xu Xiangzhi said with concern: "Let me feed you, it's been a day and a night, I'm starving you, it hurts me to see it."

"No, don't let me go, or I won't eat." Zhu Qixiong refused indifferently, "Besides, this room is locked, and I can't escape, and there are guards outside."

He turned around and stopped looking at this hypocritical woman!

Xu Xiangzhi stood by and thought for a while, then said: "I can untie the rope for you, but I can't let your father know, otherwise, he will scold me to death."

Zhu Qixiong sneered disdainfully.

Does Zhu Dongjin dare to scold her? Only by being played around by her.

This woman is double-faced, insidious and cunning. He has a deep understanding. When he was a child, at the beginning, he also thought she was a kind and beautiful woman, but after being tricked by her several times, he completely gave up.

I still remember that when his mother just passed away, Zhu Dongjin was kind to him, but after this woman entered the door, under her careful calculation and provocation step by step, the father-son relationship between him and Zhu Dongjin was no longer a little bit.

Xu Xiangzhi put down his job after finishing speaking, and said to a man in black standing outside: "Come in and untie the rope for the young master, let him eat, don't tie him up anymore, let him rest here."

"Yes, ma'am."

Soon a strong man came in and untied Zhu Qixiong from the rope.

#### **Chapter 1144: Hypocrisy**

Zhu Qixiong stretched his limbs and moved around, then sat down and began to eat.

Xu Xiangzhi stood beside him, serving him tea and water graciously.

Zhu Qixiong's face was tense, and he was as indifferent to her as ice.

After a while, Zhu Qixiong put down his job and asked, "Where's my phone?"

"Qixiong, I can get the phone from your father, but you can no longer associate with that Shen Ning."

"Why?"

"Qixiong, Shen Ning is Li Zhenting's wife. She has already given birth to five children for him. The relationship between them is constantly arguing and chaotic. Do you really think it's okay to associate with her?" Xu Xiangzhi took advantage of this Opportunity to do ideological work with a heart-to-heart.

"No way." Zhu Qixiong said coldly, "I am a very good friend with her, how can friends be incompatible with each other, I think it is quite incompatible now."

Xu Xiangzhi had an awkward smile on his face.

"Please give me back my phone." Zhu Qixiong spoke again.

"Qixiong, I'll give you the phone, but you have to promise me one thing."

"What's up?"

Xu Xiangzhi pursed her lower lip, sat down beside him, and said kindly: "Qixiong, do you know? Wu Xueying is still waiting for you?"

Zhu Qixiong had a sneer of disdain on his lips.

Sure enough

This woman will be so enthusiastic about herself, so there is a purpose.

"so what?"

"Qixiong, Shen Ning is a married woman. You should cut off ties with her. Wu Xueying is really good. She is a lady from a famous family. She is beautiful, gentle and generous. I don't know how many men in the city want to pursue her. The most rare It is she who likes you and falls in love with you, you should cherish this opportunity." Xu Xiangzhi understands reason and moves with emotion, she looks like a caring mother.

But only Zhu Qixiong understood her thoughts.

"Give me your phone first."

He hasn't seen his mobile phone for many days. I don't know if Shen Ning has looked for her. Last time, she asked him to help pick up Zhang Xiaoxian's family who came to the imperial capital, and he already agreed.

"Okay, okay, I'll get it for you." Seeing that he wasn't as opposed to it as before, Xu Xiangzhi was happy, and hurriedly agreed, "Just wait, I'll get it."

She walked to the door, and after a while, took the mobile phone from the man in black and walked in.

But as soon as he walked in, the phone rang.

She looked down, her face darkened.

It turned out to be that woman Shen Ning calling.

And it is said that she has made several phone calls to find Zhu Qixiong in the past few days, she really is a vixen!

It is really shameless for a married woman to seduce an unmarried man.

Being entangled by such a woman, no wonder Zhu Qixiong will not get in!

"Hmph, bitch, shameless." She snorted coldly, her eyes full of contempt, she pressed down the phone, and deleted all the calls she had made in the past few days.

"Did the phone ring just now?" Zhu Qixiong asked suspiciously when he heard his cell phone ring.

"Yes, a pheasant call, I deleted it." Xu Xiangzhi admitted it, but concealed the fact that it was Shen Ning who called.

Zhu Qixiong didn't speak anymore, and took the mobile phone she handed over.

"Qixiong, take a good rest first. Wu Xueying will come to our house on Saturday when she comes back from the United States. Then you can meet and chat with me. I will prepare a sumptuous dinner for you." Xu Xiangzhi accompanied her with a smiling face, very attentive.

"Hmm." Zhu Qixiong held back the nausea in his heart and gave a light "hmm".

Seeing that he finally agreed, Xu Xiangzhi was very happy, and said many good things with him, and then left.

"Watch him carefully, and don't let him go." When she came to the door, she whispered to the men in black who were guarding the door, with a calculating look in her eyes.

Zhu Qixiong is a straight man, you can't always go against his will, sometimes you have to go along with him and please him.

You can't always tie him up, that will not only annoy him but also affect his mood. Then his image will be bad, and it will leave a bad impression on Wu Xueying.

As long as Zhu Qixiong marries Wu Xueying, then the Zhu Group will find a good backer from then on, and his son won't have to worry about it every day.

She left happily.

#### **Chapter 1145: More and more like a little hooligan!**

After hanging up the phone, Shen Ning faintly felt that something was wrong.

The call to Zhu Qixiong just now was obviously pressed by someone deliberately. It is impossible for Zhu Qixiong to press down her call. There is only one possibility, and that is that Zhu Qixiong was controlled by someone.

Then who will be the person who controls him?

Is it his own father?

According to Zhu Qixiong, he has severed his father-son relationship with his father for a long time, and Zhu Qixiong did not work in the Zhu Group, so he is not a very important person to Zhu Dongjin. Logically speaking, there is no need for him to control him.

Who could it be?

A figure flashed in her mind, Li Zhenting!

The person who can control Zhu Qixiong must be Li Zhenting, only he has this ability.

Thinking of this, her face was as dark as the sea!

In the ward of the People's Hospital.

"I'm sorry, the children are too naughty, I'll bring them over to apologize to you." Li Zhenting took Ke Ke and Ding Ding to apologize to Wang Xiaopang's parents.

Growing so big, this is the first time Li Zhenting has apologized to outsiders, and of course, it is also for his own pair of brats!

Wang Xiaopang's father, Wang Dali, also owns a small company. He can be regarded as a middle-class man. In order to raise his son well, he gritted his teeth and sent Wang Xiaopang to the noble kindergarten, Blue Whale Kindergarten, hoping that his son would become a success.

Now that Li Zhenting came to apologize in person, he could only swallow it with his teeth, but in the end Li Zhenting waived his tuition fee for one year. He was very happy and didn't say anything else.

"Coco, Ding Ding, write your reflections and leave them to me when you get back. If there is another time, I won't let you go." In the car, Li Zhenting threatened fiercely with a straight face.

"Daddy, you can make mistakes, why can't we make mistakes?" Coco held his head high and said lightly.

"Nonsense, when did Daddy make a mistake?" Li Zhenting was stunned when he heard it.

This kid has no intention of repentance at all, and he is still talking big, and he is becoming more and more like a hooligan!

This is to deliberately anger him, and say that he also made a mistake! How unreasonable!

"Daddy, you made a mistake by letting Mommy run away in anger, and it's not a small mistake. We all lost Mommy, so it's not a big mistake." Coco objected loudly.

"You..." Li Zhenting was so angry that he was choked up for words, and his straight waist was also a little shorter at this moment.

He himself did not set an example, so who is to blame.

"Hmph, Daddy, if you don't bring Mommy back and confess to her, I won't admit my mistakes. I learned from you."

"..."

Li Zhenting was speechless, wishing to throw this little brat out of the car for a while.

This little guy used his mommy to threaten him everywhere, endlessly!

As soon as he stepped on the accelerator, the car accelerated and drove towards Li's Castle.

Ke Ke and Ding Ding looked at each other with a smile, and now they have mastered the method of treating Daddy. Just mentioning this will definitely hit him, who made him make a mistake!

Li Zhenting had just sent the two little guys back to Li's Castle full of anger, when the phone rang.

He looked down, his anger disappeared immediately, and his face was full of joy.

Shen Ning actually called him!

She would take the initiative to call him, this is how many years ago!

He didn't know how long he had been waiting for this moment!

"Ning Ning." He immediately went to a remote place in the back garden and connected to Shen Ning's call, with a gentle voice and a doting face.

But there was a cold voice of questioning: "Li Zhenting, let me ask you again, did you do something to Zhu Qixiong?"

Li Zhenting was taken aback for a moment, and the smile on his face gradually froze.

#### **Chapter 1146: She must find a way to protect them**

"Ningning, you don't believe me so much?" After a while, Li Zhenting asked softly.

"Yes, what you did can't convince me."

"Then what do you want me to do to believe me?" He asked helplessly.

"If I want to see Zhu Qixiong, I will only believe him if I see him and ask him personally." Shen Ning was unequivocal.

"Okay, I'll help you find it." Li Zhenting agreed after pondering for a while.

Shen Ning hung up the phone.

Li Zhenting shook his head.

In the evening, Aunt Dong came over.

"Ning Ning, Amitabha, your complexion looks much better. Finally, you have successfully given birth to two babies. You are really blessed." Aunt Dong smiled, brought a lot of food, and laid out one by one.

"Where is it, Aunt Dong, don't make fun of me." Shen Ning thought of Li Zhenting, and his eyes were hazy.

Li Zhenting is a man with a deep and unpredictable mind. He will not let himself have a good time unless she obeys his arrangement.

But after going through so much pain, she is no longer willing to listen to him, nor does she want to make up with him.

"Aunt Dong, there is something I would like to ask you to help me with." After thinking for a long time, she seriously asked after drinking the last sip of soup.

"What's the matter?" Aunt Dong looked at her puzzled.

"Aunt Dong, the two babies belong to me, and they were born with my life. I don't want to give them to others." Shen Ning had tears in his eyes and a look of pain on his face.

Aunt Dong was taken aback, thinking of something, but didn't speak.

"Aunt Dong, I want to take them away. I must never let Li Zhenting \*\*\*\* my children away again." Shen Ning said decisively, "I have already lost Coco, Tintin and Xiaoxiao, and I can't lose them again. In this life, I probably won't have another child, I really can't afford to lose it."

Speaking of this, she shed tears.

"Then what do you mean?"

"I want to take the two babies away and leave here. I can't let Li Zhenting find them again." Shen Ning became more and more anxious, "So, after the children come out, I will take them out of here."

"Then where can you go?" Aunt Dong was thinking, "President Li can find you even if you go to a remote place like Yuhe Village in Licheng. Can you go far away? Impossible!"

Shen Ning's fingers gripped the bed sheet tightly.

"Ningning, you might as well observe Mr. Li, if he can really improve." Aunt Dong cautiously advised.

"Impossible." Shen Ning categorically denied, "Dogs don't eat leftovers, let alone a man who has been left twice, I can't accept it."

Aunt Dong stopped talking after hearing the words.

Shen Ning pursed his lips tightly, his eyes shining with determination.

These two babies must not be taken away by Li Zhenting, she must find a way to protect them.

Aunt Dong talked with her again, and seeing that it was getting late, she collected her things and left.

The night was dark.

Downstairs, Li Zhenting stood under the tree and looked up at the ward above, with deep eyes.

Shen Ning's rejection of him didn't decrease over time, no matter what he did, she just didn't forgive him for ignoring him.

He is exhausted!

The children became more and more unstable because they couldn't find their mommy. If Shen Ning didn't forgive him, he wouldn't be able to deal with them.

But obviously, Shen Ning has made up his mind not to forgive him anymore, this really gives him a headache.

He put his hands in his trouser pockets, and wandered under the tree. The night was dark, and gradually entering autumn, the night was getting colder and colder.

He didn't dare to go up to accompany her, and he didn't dare to face her cold face.

The babies are still in treatment, she doesn't need his care, he doesn't dare to touch her cold face with his hot ass, so he can only stand here and look at her from a distance.

In the ward, Shen Ning leaned against the bed screen, worried.

She picked up her phone and flicked through it.

Sudden

Accidentally, she turned to WeChat, and a very special WeChat profile picture came into view.

Those are a pair of horns, very sharp!

Niu lawyer!

#### **Chapter 1147: Do you hate your ex-husband that much?**

Shen Ning stared at this image in a daze.

Aunt Dong is right, if she takes the two babies with her, no matter where they go, they will not be able to escape the claws of Li Zhenting.

He will definitely not give up this pair of lovely children, she has nowhere to escape!

Since you can't escape, you can only be tough with him.

But the strength of Guqi perfume can only be regarded as a small tadpole in front of Li's group, and it can't beat him at all.

Looking at it now, it would be a good way to hire a powerful lawyer, confront him in court, and use public opinion to create momentum.

And this Niu lawyer, judging from his relationship, is quite awesome, you might as well ask him to try it!

In fact, Shen Ning thought of inviting him because he had no other choice. After all, there was only one such a good lawyer who dared to sue Li Zhenting in the imperial capital. She shouldn't miss it. No matter whether it is an opportunity or not, she should seize it first.

Thinking about it, she sent a message: Good evening, Lawyer Niu.

Li Zhenting was leaning against the tree trunk in despair, when suddenly, the WeChat on his mobile phone rang.

He saw it and was stunned.

It was actually sent by Shen Ning.

Of course, she didn't send it to him, but to the wechat account of that 'lawyer Niu'.

He pondered for a while, and sent a message: Good evening, Miss Shen.

"Lawyer Niu, are you okay now?"

"I am OK, you?"

"I'm fine too."

"where are you now?"

"I'm in the hospital, and I have good news for you. I gave birth to another pair of babies."

"Oh, congratulations, is the baby's father your ex-husband?"

"It's that beast." Shen Ning sent such a message after waiting for a while.

Li Zhenting's face turned black, this dead woman actually scolded him like this in front of others.

"Do you hate your ex-husband that much?"

"Of course, I will never forgive him in this life."

Li Zhenting's heart sank to the bottom.

"Men will make mistakes. Sometimes women should be more tolerant. After forgiving him, maybe he will be an absolutely good husband from now on."

"Hehe." Shen Ning sent a lump of \*\*\*\* over, "Can dogs be changed to eat shit?"

Li Zhenting's face was as dark as a pot.

"Is it because you are all men, and you are speaking for him?" Shen Ning was very dissatisfied, "If this is the case, it means that you are also this kind of person."

"No, I'm not speaking for him, he is indeed quite a jerk, but I think you have already given birth to five children for him, why don't you forgive him for the sake of the children, live with him, and give the children We have a safe and perfect home."

"Love can never be compromised, not to mention that he never loved me, and I don't need this kind of feeling. From now on, I will live out my dignity and never rely on any man again."

"Okay, bullish." When Li Zhenting saw the sentence that he never loved me, his heart lit up. It seemed that she still hadn't seen his sincerity towards her, but when he saw the back, he was full of love for her. Admiration, such a woman has deep thoughts and is indeed worthy of his love.

"So, I would like to ask you, do you still dare to file a lawsuit with Li Zhenting? I have made up my mind to file a lawsuit with him. I want to \*\*\*\* the custody of the two babies I just gave birth to, and I must never let Li Zhenting I have already lost three children, and I am already worthy of him. I want to keep these two children. I want to ask you to help me with the lawsuit, can you? You can pay whatever you want." Shen Ning said this After sending a line of words, I looked at the phone screen nervously.

Li Zhenting understood what she was thinking. It turned out that she was afraid that she would \*\*\*\* the pair of babies she had just given birth to.

This made him feel very uncomfortable.

The fact that she guarded against him like this shows that she never thought of going back with her.

### **Chapter 1148: Of course it's to make Shen Ning happy**

"Yes, I can help you, and I can guarantee that I will definitely help you keep the custody of the two babies, and even help you win the custody of the other three children, and I will definitely help you defeat Li Zhenting That beast." After a while, Li Zhenting sent her a message.

"Really?" Shen Ning's eyes were bright.

"Of course, once a man says something, it's hard to follow."

"That's really great, you can pay whatever you want, you just need to ensure that I win the custody of the two newborn babies, and give him the other three children, they have grown up and stay in Li's house It's better than following me, unlike these two little babies, they are still young and cannot do without Mommy."

"Okay." Li Zhenting replied with a good word, feeling sour in his heart, dead woman, you also know that it is better for the children to stay in Li's house than to follow you, but the children would be better off without their mother.

You just think that the newborn child needs you, don't you know that Ke Ke, Ding Ding and Xiao Xiao also miss you very much and cannot live without you? Now they have all changed, and Xiao Xiao is about to suffer from depression.

"Lawyer Niu, when you are free, let's see you next time and talk about remuneration and lawsuits."

"You can pay as you see fit. As for the meeting, I may not have time for now, at least it will take more than 20 days, because I am currently fighting a difficult lawsuit, and I am still in the city B next door, so I am relatively busy. I usually spend a lot of time in City B." Li Zhenting replied counting Shen Ning's confinement time.

"Okay, then I'll wait for you." Shen Ning heard that it happened that she was also in confinement and it was not suitable for her to go out.

"Then let's see each other later, if we have anything to do, we can communicate on WeChat first, okay?" Li Zhenting asked.

"Of course, thank you, thank you so much."

"You're welcome, I'm a lawyer and it's my responsibility to solve anything for my clients."

"Well, you are very nice and dedicated." Shen Ning sent him a big like emoji.

Li Zhenting's lips curled up slightly.

After the two chatted again, Li Zhenting said good night.

Holding his mobile phone, he looked up at the ward upstairs.

The lights in the ward were just turned off. It seemed that she was going to sleep in peace.

He thought for a while, picked up his phone and called Leng Xue.

"Cold-blooded, you should prepare the helicopter immediately. Tomorrow morning, go to Yuhe Village, Licheng, and bring Zhang Xiaoxian's parents to the imperial capital."

Leng Xue was taken aback for a moment.

"President Li, why?"

"Don't ask why, just do what I tell you." After Li Zhenting answered, he was about to hang up.

What reason could there be? Of course it was to make Shen Ning happy.

"By the way, Mr. Li, you asked me to investigate Zhu Qixiong's matter, and I have already found it." Suddenly, Leng Xue said again.

"Oh, come on."

"Mr. Li, Zhu Qixiong is indeed controlled by someone and is in big trouble, but the person who controls him is not someone else but his own father."

"Why?"

"Because Zhu's Group is about to go bankrupt under your pressure, Zhu Qiming, the president of Zhu's Group, dumped the blame on Zhu Qixiong, saying that it was because he got close to Shen Ning that he attracted your envy. That's why you suppressed the Zhu Group, and they all vented their anger on Zhu Qixiong."

Li Zhenting was stunned for a long time before he understood what was going on. It turned out that Zhu Qixiong was a wronged person in Zhu's family, and his situation was far worse than his glamorous appearance.

He hehe sneered.

"Zhu Dongjin is really a fool. No wonder the Zhu Group will fall to where it is today. If it continues like this, it will end sooner or later. What a coward."

"Yes, so President Li, let them fight among themselves. We can take this opportunity to kill these villains who forget their duty."

Li Zhenting was silent while holding the phone.

#### **Chapter 1149: Do you know who Xiaofeng is?**

Shen's living room.

"Don't hit me, don't hit me." Shen Mei curled up with her head in her hands, shouting loudly, her face full of pain, fear and tension.

"Don't be afraid, my good daughter." Lan Feiyun hurriedly hugged her and patted her on the back until she calmed down.

"Mom." Shen Mei realized that she was safe only after she calmed down, she threw herself into Lan Feiyun's arms and cried loudly.

"Don't be afraid, with mom here, everything will be fine, and mom will avenge you." Lan Feiyun hugged her daughter sadly, with unwillingness and hatred in her eyes.

After a while, Shen Mei wiped away her tears and stopped crying, but she still leaned in Lan Feiyun's arms, like an abandoned child who finally got her mother's favor, refusing to leave.

Lan Feiyun felt distressed.

Last time, their family was sent to prison by Li Zhenting. This time, she didn't take all the faults on herself.

It's very simple. This time, Shen Mei's evidence is conclusive, and there is no denying it. Moreover, if she puts all the faults on herself and is imprisoned, then their family will be imprisoned forever.

But if she can come out early, with her mobility, she can finally rescue her daughter and her husband.

Therefore, she instead pushed some of the evidence on Shen Mei, so that she could come out ahead of time.

Just like this, Shen Mei suffers.

She, a delicate girl who has never experienced hardship, was bullied and scolded by those gangsters and gangsters in the prison. This made her very sad, and she vowed to avenge her.

"Mom, I will do nothing in the future, as long as I behave honestly, and never go to a place like a prison again." Shen Mei was trembling with lingering fear.

Lan Feiyun caressed her back, but his eyes were frighteningly dark.

"In that case, what do you eat? What do you play? And Lan Lan, what should she do? Now the Shen Group has closed down, except for this house, all our assets have been forcibly auctioned off. If we don't work hard, we can only drink Northwest wind."

When Shen Mei heard this, despair flashed in her eyes.

"Mom, let Lan Lan stay with Li Zhenting, she will live better if she stays in Li's house."

"Of course it can be given to Li Zhenting, but Lan Lan is not Li Zhenting's biological child. Lan Lan will go to school soon, and it will be exposed in case of blood tests or something. If this is the case, Lan Lan is also finished." Lan Feiyun Heartbroken, he shook his head vigorously.

"Then what should I do?" Shen Mei's eyes were full of panic.

"Don't worry, Mom has her own plans." Lan Feiyun stroked Shen Mei's head, "We have to take advantage of the fact that Lan Lan is Li Zhenting's biological daughter to get enough benefits from him, enough for our mother and daughter to eat, drink and play for the rest of their lives. Just don't worry."

"Mom, then I will follow your orders."

"Well, it's right to listen to my mother, otherwise, our life will be very difficult, we have to live a life of a master, money and other things have to be fought by ourselves, not to mention, you are still Lan Lan's real mother, must not let Li Zhenting abandon us so easily."

"Mom, what are we going to do?" Lan Feiyun's words reminded Shen Mei that they have nothing now, and they may not be able to find it when they go out to work, and she can't bear the hardship, she is used to living in the upper class Well, they really don't want to live the tight life of ordinary people anymore. Thinking of her life in gold and silver in Li's Castle, hope is kindled in their hearts.

In this life, all her glory and wealth are given by Li Zhenting, and she must climb up to her again!

Lan Feiyun helped her to sit up, smiled mysteriously, and asked in a low voice, "Do you know who Xiaofeng is?"

"who?"

### **Chapter 1150: the secret of many years ago**

"Let me tell you, I found Xiaofeng for Li Xuexi. She is Shao Meiqi and your father's biological daughter. Her name is not Xiaofeng at all, but Xiaoxi."

Shen Mei's eyes widened in shock.

"Then who is Shen Ning? What's going on?"

"Hehe." Lan Feiyun sneered, and said, "This has to start from the day Shao Meiqi gave birth. That day she had a postpartum hemorrhage and passed out after giving birth to a baby girl. Then, I bribed the

nurse inside to pick up the baby girl." Don't blame me for being ruthless because I lost my baby. You think, at that time, the Shen Group was not bad, and Gucci perfume was also popular. With such a wealth of property, how could I allow Shao Meiqi to give birth to a child and steal our property? I was also pregnant at that time, and I went to the hospital with your father, and I was present from the beginning to the end of Shao Meiqi's delivery, and everything was planned by me seamlessly, and no one ever doubted it."

"Ah." Shen Mei was so startled that her jaw almost dropped, she just sat there speechless.

"Then who is Shen Ning now?" After a long time, she asked curiously.

"On the day Shao Meiqi gave birth, a woman happened to give birth to twins. The woman died after giving birth. At that time, the delivery room was in chaos, and I secretly heard the nurse say that the younger sister of the twins was having a difficult labor. It seemed that I was out of breath. At that time, I thought that Shao Meiqi would give birth to a stillborn baby, so I hugged that younger sister and handed over Shao Meiqi's daughter. Unexpectedly, the girl was so lucky that she came back to life, So, without knowing it, Shao Meiqi raised her as her own daughter, who is now Shen Ning."

At that time, Lan Feiyun didn't expect Shen Ning to come back to life, but she wasn't afraid of it. After all, when the time came to divide the family property, as long as her true identity was revealed, Shen Deshun would definitely be furious and would never give her a dime. Yes, in this way, there is no threat to Shao Meiqi's child. Besides, watching her love rival Shao Meiqi raise a child for others and treat her like a treasure, I am so happy, as long as I see her, I am happy.

"Mom, how do you know that Xiaofeng is the daughter born to Dad and Shao Meiqi?" Shen Mei never dreamed that there would be such a complicated process.

Lan Feiyun smiled and spoke proudly.

It turned out that the woman died after giving birth to a pair of twins. As for the father of the child, no one knew.

Not long after, the girl was adopted by a family.

Lan Feiyun's full attention was on Shao Meiqi's own daughter, and she didn't pay attention to the boy. Secretly, she had been silently paying attention to her. Later, she found out that a couple in Shenzhen had adopted her.

She specially went to investigate the couple. It turned out that they were just an ordinary family without children.

Unfortunately, the man of the couple got liver cancer and died of the disease not long after.

In this way, only that woman lives with Xiaoxi.

In this way, Shao Meiqi's children have been living at the bottom of the society, living a life without enough food.

Growing up, that woman also fell ill, and the young Xiaoxi could only go to work to support herself and her mother. She often hung out in nightclubs and bars, and lived a very hard life.

Lan Feiyun was so happy to see her rival's daughter living so badly!
