

## Troublemakers 1201

### Chapter 1201: won't let anyone bully them

"Ke Ke, Ding Ding, how about sleeping with Mommy tonight?" After Shen Ning put down the little one, he went to the guest room and saw the two little guys curled up on the bed with their heads down, looking like they had made a mistake. Appearance, immediately smiled and asked.

"Mum, don't you want to take your little brother and little sister?" The eyes of the two little eyes lit up and then dimmed.

"Little brother and little sister are still young, they sleep in the cradle, and Mommy can take you to sleep." Shen Ning replied gently.

"Then can we really sleep with you?"

"Of course." Shen Ning smiled, and stretched out his hand towards them, "Come on, Mommy hugs you, Mommy hasn't hugged you for a long time, I miss you so much."

"Okay." It can be seen that Mommy not only didn't blame them, but also hugged them, and she was able to sleep with Mommy. I don't know how happy she was, so she immediately jumped up and threw herself into Shen Ning's arms.

Shen Ning hugged him, kissed his little face fiercely, hugged him in a circle, then put him on the ground, and said: "You stand still first, I'll hold Ding Ding."

She stood up and stretched out her hands towards Tintin.

Ding Ding was very happy, and immediately ran towards her.

Shen Ning hugged Ding Ding tightly.

For Ding Ding, she feels very guilty. Since he was a child, he didn't grow up with her, and he has a cold temper. After returning to her, she didn't have time to spend more time with him. She can understand that he can have thoughts about her. of.

At this moment, she hugged the little guy and kissed him fiercely, wishing to give him all her maternal love.

Ding Ding felt Mommy's love, her little face was flushed, and she was very happy.

"Ding Ding, Mommy will carry you to my bed, okay?" Shen Ning asked while pinching his little nose.

"Okay, thank you Mommy." Ding Dinglai was so happy in Mommy's arms, and nodded like a chicken pecking at rice.

"Come on, Mommy will carry you." Shen Ning put him on the bed, turned around, Tintin was lying on her back, she grabbed his little hands one by one, bowed, and yelled as she walked, "Sell him!" Dog meat."

Ding Ding giggled happily.

"Ke Ke, follow up, you are responsible for fighting monsters in the back." Shen Ning called Ke Ke.

Coco followed behind him.

The three mother and son came to Shen Ning's bedroom together.

Xiaoxiao is rocking her little brother and little sister to sleep. When she sees Mommy with cocoa, Ding Ding is very happy.

The three little ones climbed onto Shen Ning's big bed together.

All of them have their mommy to sleep with them tonight, so they are not too happy.

Shen Ning watched the three little ones playing together on the bed, and smiled happily.

"Mum, I'm sorry, we shouldn't have thrown the little plane in the faces of our younger brothers and sisters tonight. We made a mistake. We promise we will never do it again. We will take good care of our little brothers and sisters and won't let anyone Bully them." Ke Ke and Ding Ding took the initiative to admit their mistakes to Shen Ning.

"Okay, be good now, you are all good children of Mommy, Mommy loves you." Shen Ning stretched out his hand to protect the three little ones into his arms, his eyes couldn't help but moisten.

"Mommy, we love you too." The three little ones spoke in a milky voice.

Shen Ning smiled, very happily.

It was originally her fault that she ignored the feelings of the children. She thought that she would never ignore the feelings of any child in the future. This is a good and competent mother!

The whole bedroom is full of joyful atmosphere.

The night was dark.

Li Zhenting came out of overtime work, stretched his waist, looked up, the moon was high in the night sky, and the whole land was hazy.

In this quiet moonlit night, a different feeling suddenly rose in his heart, and he especially missed Shen Ning and the children. He strode towards the parking lot.

After a while, the car stopped at the gate of Shaw Villa.

Although the Shaw Villa is a bit old, it is located in a golden area, an early wealthy overseas Chinese district.

Each villa is a detached courtyard with a large green area. Although it is located in a downtown area, it is quiet and peaceful.

With Li Wanqing here, Li Zhenting got out of the car and opened the door smoothly.

**Chapter 1202: please don't reject me**

In the bedroom.

Li Zhenting walked in quietly after taking a shower.

A crescent moon was pouring in from the window, casting a hazy moon shadow inside, which was particularly sultry.

Li Zhenting first went to the cradle to check the sleeping conditions of the two little ones. Seeing that they were sleeping deeply, he also measured the temperature. It felt a little low, so he turned it up a little, and then tiptoed toward Shen Ning.

Shen Ning was sleeping next to the bed, her hair spread all over the pillow, one of her pale arms resting on the quilt, her neckline was a little low, and the moonlight shone on her body, and the ravine on her chest could be seen.

Li Zhenting's eyes turned red, heat surged up in his body, his Adam's apple rolled, and the primitive desire in his body was about to move.

He is a normal man, and he can't remember how long it has been since he did that.

Looking at the woman he loved, he slowly bent down...

Shen Ning woke up very early in her sleep. Because she had a baby with her, she had very little sleep.

At some point, she felt something soft rubbing her lips, making them feel numb, and a long-lost familiar feeling in her body was aroused bit by bit.

She dinged softly and opened her eyes suddenly.

"Ah." But when she opened her eyes, she was startled. She saw the shadow of a strong body wrapping around her. The man leaned over and kissed her lips gently, bit by bit, as fiercely as fire.

The color on her face changed, and she jumped up in fright.

But his shoulders were held down by the man's strong arms.

"Ning Ning, don't move. I miss you so much. We haven't been together for a long time. Don't you want it?" Li Zhenting's familiar breath sprayed hot air in her ears. His tone was sticky and hot, carrying a wave of heat. Her head was so hot that she felt dizzy.

The man has lost his mind, but she is conscious.

Don't say that she hasn't forgiven him yet. Even if she has forgiven him, the current situation is not allowed. The children are sleeping beside her.

Furthermore, in her heart, that threshold could not be passed, and she could not just pass it.

Li Zhenting's harm to her has already taken root in her heart.

"Get out." She gritted her teeth and shouted angrily, pushing his chest hard.

This is her home, and he came in so early in the night. Did she allow him to come in?

Does he really think that her place is a vegetable market and that he can enter if he wants to?

"Ning Ning, don't be like this. I really love you, please don't reject me." Li Zhenting was dissatisfied with his desire and felt uncomfortable.

"Li Zhenting, please don't offend me. I can still talk to you now because I'm giving you a chance. Otherwise, you won't even be able to enter my house in the future. Leave the father and leave the son. I will do what I say." Shen Ning's tone was firm.

Li Zhenting's heart trembled, and he was almost desperate for Shen Ning's determination.

But at this moment, Shen Ning was still gentle and gentle in his eyes no matter how much she resisted. The more her weak body resisted, the more Li Zhenting seemed to have the power to resist and welcome.

Desire comes up, and he can't control it so much!

Furthermore, in his heart, Shen Ning has always been his wife, before and in the future. It is understandable that he loves his wife.

Therefore, not only did he not retreat, but he pressed her on the bed and kissed her lips fiercely, with all the desire in his body screaming.

Shen Ning was anxious and stretched out her hand to pinch the sleeping coco next to her.

Coco woke up from the pain, and her first reaction was that the bed was shaking.

Then, Mommy was bullied by a bad guy!

"Bad guy, who are you? How dare you bully my mommy." He stood up suddenly and shouted, "Ding Ding, get up and beat the bad guy."

He pushed Ding Ding, who was sleeping like a pig next to him.

Ding Ding was also pushed awake, climbed up and sat up, and shouted loudly: "Who? Which bad guy dares to bully our mommy?"

No matter how \*\*\*\* Li Zhenting was, he suddenly woke up after hearing the voices of the two little guys. He jumped up from Shen Ning and looked to the side with a confused face.

Coco and Ding Ding held their fists in their hands and stared at him fiercely.

Oh my god, how did these two brats sleep in Shen Ning's bed?

He opened the quilt smoothly.

Xiaoxiao also slept in it and did not wake up.

For a time, he was very upset.

**Chapter 1203: Then why are you hitting Mommy?**

"Go." At this moment, Ke Ke and Ding Ding didn't see that it was Li Zhenting at all, and Ke Ke gave the order and waved his little hand.

The two little guys immediately rushed towards Li Zhenting.

One twisted his arm, the other held his head.

Two small fists hit him.

"Big villain, how dare you bully our mommy, I will hit you."

"Stinky bastard, who told you to bully our mommy, watch how I beat you to death."

...

Two small fists swung towards Li Zhenting like raindrops.

Li Zhenting held down this one, that one hit him again, grabbed that one's hand, this one bit his teeth again.

"Enough, Keke, Ding Ding, stop, I'm your daddy." Finally, Li Zhenting shouted angrily.

The two little ones were stunned when they heard this.

It turned out to be the big villain Daddy!

Didn't expect that he was still bullying their mommy!

At this time, Shen Ning reached out and turned on the desk lamp next to him.

The lights come on.

I saw Li Zhenting was sitting naked, sitting awkwardly, staring at Ke Ke and Ding Ding angrily.

Ke Ke and Ding Ding also stared at him in surprise.

For a while, the father and son looked like three cross-eyed roosters.

Seeing this, Shen Ning couldn't hold back, turned his head and secretly pursed his lips and smiled.

Suddenly, she thought of a good way to use Cocoa and Ding Ding to deal with the scoundrel Li Zhenting, which is really wonderful.

"Stinky boy, you don't want to mess around anymore, you dare to hit Daddy." Li Zhenting sullenly.

"I'm sorry, Daddy." The two little ones apologized, but they quickly asked, "Then why did you hit Mommy?"

"How did I hit your Mommy?"

"You put Mommy on the bed and beat her? Hmph, don't lie to children."

The two little ones refused to accept it and firmly opposed it.

Li Zhenting stroked his forehead with his hand, God, what is this all about.

"How can you sleep on Mommy's bed? It's wrong. Children will sleep in separate beds when they grow up." He asked rhetorically.

"What's wrong with us sleeping with Mommy? Mommy agreed." Tintin sharp-tongued.

"Yes, bad daddy, go to sleep, you are too big, you can't fit in this bed." Coco looked at the bed, and after the three little ones fell asleep, Mommy had already slept beside the bed.

"Okay, you guys lie down and sleep well, and don't make trouble again, be careful I will spank your ass." Li Zhenting had no choice but to make them lie down and sleep with a tiger face, while he got out of bed.

But he came down, but the fire all over his body couldn't subside, so he could only run to the guest room to take a cold shower.

"Ke Ke, Ding Ding, you are doing great." After Li Zhenting was dismissed by his sons, Shen Ning was very happy and gave Ke Ke and Ding Ding a thumbs up.

"Mommy, did Daddy hurt you?" Keke asked worriedly at this moment.

"No."

"Mum, don't worry, if Daddy bullies you again in the future, we will help you, don't be afraid." At this time, Ding Ding comforted her intimately.

"Okay, thank you Keke and Ding Ding." Shen Ning smiled, kissed the little ones, and said to them softly: "You two go to sleep, Mommy is fine, and your father will never dare to bully Mom again. Damn it, don't wake up Xiaoxiao and the little brothers and sisters."

"Okay, let's go to bed." The two cubs were really sleepy, so they yawned, fell asleep on the bed as soon as they fell asleep.

Shen Ning covered them with the quilt, and the corners of his lips curled up slightly.

She never thought of using this trick to defeat Li Zhenting, but the fact is that this trick is very good!

It seems that she can not only accompany the children in the future, but also avoid Li Zhenting's ill intentions towards her.

#### **Chapter 1204: In the end what happened?**

One month later, Shen Ning had completed her confinement for forty-five days.

Afraid of her hard work, Li Zhenting specially hired three nannies for her to take care of the children's food and daily life day and night.

Li Wanqing didn't dare to go home, after all, there were five children to take care of here, she was worried, and continued to take care of Shen Ning and the children here.

Aunt Dong puts her heart and soul into taking care of meals and chores at home.

In this way, Shen Ning only needs to feed the children when he is free.

After being idle for another week, Shen Ning couldn't sit still and was going back to Gucci to go to work.

After all, there are a lot of things in the company, and her delay has been more than half a year.

This morning, Shen Ning went to work in the company. After a busy time at the company, during a break, the clerk brought a financial newspaper. She read the newspaper while drinking tea.

Sudden

She was attracted by a line in the newspaper.

It read: Zhu's Group is in financial deficit, frequently goes bankrupt, shareholders are in conflict, Zhu Dongjin begged Li Zhenting to let him go overnight!

She sat up straight, her face tensed, and she continued to read...

The main idea behind it is that Zhu's Group offended Li Zhenting, and Li Zhenting launched a crazy suppression mode on Zhu's Group. In the end, Zhu's Group was overwhelmed and was on the verge of bankruptcy.

And at the end of the article, there is a special eye-catching text, that is: Regarding the scandal between Zhu Qixiong, the eldest son of the Zhu family, and Li Zhenting's wife, Shen Ning, a few paragraphs of text were roughly written in it, describing the warm relationship between Zhu Qixiong and her. The gossip was well written, and there were a few pictures of her eating with Zhu Qixiong and going to the hotel in the middle.

There are pictures and evidence, it seems that everything is true.

But Shen Ning took a look. Those pictures were all taken when she and Zhu Qixiong were eating together. That time there was Li Jiaojiao next to her, but she was not photographed. As for going to the hotel, that was also the case. When I first met Zhu Qixiong, when the event was held in the hotel conference center, the picture of them together was cut out by these unscrupulous media to make a big fuss. It's really disgusting!

Seeing that her face became more and more serious at the end, she remembered it. So far, she hadn't seen Zhu Qixiong for a month.

The last time we met was when he came to see her in the hospital, where did Zhu Qixiong go now? so what?

By the way, the last time Zhu Qixiong got drunk at home and almost got alcohol poisoning, it was she who asked Uncle Ma Li and Zhang Xiaoxian to call the police before sending him to the hospital.

If this is the case, it can only show that Zhu Qixiong was very bad at that time! Otherwise why would he drink so much alcohol?

She is so careless! At that moment, he put down the newspaper abruptly and walked outside.

In front of a gorgeous villa.

Shen Ning got out of the car.

This is Zhu Qixiong's private villa. If you want to find Zhu Qixiong, coming here is more reliable.

She closed the car door and walked toward the gate.

can be very fast

Her eyes widened.

On the tall and majestic stainless steel gate, a white seal crossed the entire gate, and the seal was particularly dazzling under the white sun.

Shen Ning was dizzy for a while.

How is this going?

Zhu Qixiong's villa was actually sealed?

In the end what happened?

She thought for a while and took out her mobile phone to call Zhang Xiaoxian. In fact, in the imperial capital, she didn't know Zhu Qixiong's friends, nor his family members. Zhang Xiaoxian knew Zhu Qixiong, maybe she would know about Zhu Qixiong's situation from her. Bar.

Unfortunately, Zhang Xiaoxian told her that she hadn't seen Zhu Qixiong for a month, and she didn't know his current situation at all.

Shen Ning was completely panicked.

#### **Chapter 1205: Interested in cheating on me?**

In the morning, after Li Zhenting finished a transnational video conference, he thought of Shen Ning going back to work at Gucci on the first day today, wondering if he could adapt.

A mother with five children, deep down, he doesn't want her to come to work.

The Li family has plenty of money, and there is no shortage of her to earn it.

But Gucci is her mother's painstaking efforts, he has no right to ask her to give up, the only thing he can do is to ensure that Gucci's perfume can be better and better in the market, so that she has no worries.

He drove towards the Gucci Building.

Shen Ning returned to the office with a heavy heart.

Based on her intuition, she had a premonition that Zhu Qixiong had something serious, but she didn't know what happened to him, so she felt uneasy.

"Secretary Yang, please clear out this month's financial newspaper for me." Sitting on the office chair, she called Secretary Yang.

Secretary Yang agreed, and immediately delivered a pile of newspapers in fifteen minutes.

Shen Ning picked it up and read it.

After a while, she held a financial newspaper with an indescribably serious expression on her face.

This is a newspaper from three days ago.

"Zhu's Group is in a precarious situation, and has already auctioned off several properties to pay off debts."

Although this is just a short message, not from the Zhu family, the following content does mention that Zhu Qixiong's villa is being auctioned, and there is a picture attached, which is exactly the same as what Shen Ning saw.

She put down the newspaper, feeling unspeakably uncomfortable. Later, there was another news, saying that the young master Zhu, the eldest son of the Zhu Group, is now in poverty. Someone once saw him eating cheap rice noodles at a street stall, and some even saw him Sleeping in the park, and attached a photo.

The photo was just a side view, Shen Ning looked carefully, although he did look like Zhu Qixiong in appearance, but he was thinner, so it might not be him.

All kinds of things can be said, but what is left for Shen Ning is not good news. Zhu Qixiong should be very difficult now.

Shen Ning put down the newspaper, pinched the bridge of his nose with his fingers, and slightly closed his eyes.

There were footsteps coming in.

"Ning Ning, what's wrong with you?" Li Zhenting came in and saw Shen Ning was exhausted and lost, as if he had suffered a major blow, he was taken aback, and immediately asked with concern.

Could it be that something happened to Gu Qi? impossible! He's always there!

Shen Ning froze, slowly raised his head, staring at him with icy eyes.

"Ning Ning..." Li Zhenting looked into her eyes, feeling flustered.

There are not only questioning, contempt, and anger in her eyes, but also disgust and disdain.

Although they didn't reconcile as before, and she was cold to him, they could get along peacefully during this period of time, at least they could have some common topics in taking care of the children, but now that Shen Ning looked at him like this, it was completely It is hostility.

This change is sudden!

"Ningning, what's wrong with you?"

"Li Zhenting, let me ask you, didn't you tell me that you would not suppress the Zhu Group? Why have you been suppressing hard behind your back? Is it interesting to lie to me?" Shen Ning suddenly stood up and asked angrily.

Li Zhenting was stunned.

"Li Zhenting, I told you a long time ago that Zhu Qixiong and I are just ordinary friends. We are nothing. Why are you suppressing the Zhu Group? Is it necessary? Tell you, what you do will only make me despise you and look down on you. You, your behavior is really disgusting." Shen Ning gritted his teeth and said every word.

Li Zhenting's face turned black instantly, and his eyes turned cold.

#### **Chapter 1206: She is full of malice towards him**

"Ning Ning, are you looking at me like this and questioning me like this because of Zhu Qixiong?" After a long time, he couldn't help but let out a sarcasm.

"Yes, I'm for him, because he was implicated by me, because of me, he doesn't even have a home now, I'm a sinner, I'm sorry for him." Shen Ning was so angry that his fingers were trembling.

She originally believed Li Zhenting, thinking that he was a real gentleman and would not suppress the Zhu Group, but she didn't expect that he said one thing in front of her, and another behind his back, the whole behavior of a small person.

Li Zhenting's handsome face was covered with a layer of haze, all the good mood, patience and caring for her heart turned to ice at this moment.

"Ningning, it seems that we really don't have a tacit understanding, not even a basic idea." He smiled helplessly.

"Yes, we are not suitable for a long time, and I have no love for you for a long time. Now I only have disgust. If I can say a word to you now, it is for the sake of the children. Now you can Get out." Shen Ning replied indifferently, "However, I want to tell you that if you suppress Zhu Qixiong, I will not stand idly by, I will definitely help him until he stands up again, and I will not be afraid of you."

After she finished speaking angrily, she stood up and walked outside. When she was about to leave, she slammed the door against the wall.

The sound of "Boom" made the office tremble.

Li Zhenting's heart felt like a hole had been pierced, and it was in severe pain.

During this period of time, he took care of her and the child carefully, and no matter what happened, he would stand on her side and think for her. Even Gu Qi, he would ask questions every day, in order to make her happier and happier.

He knew that he had wronged her before, and he was trying to make up for it. He only hoped to influence her a little bit, even if it could make her feel kind and accept him, but it seems completely useless now.

Her prejudice against him is always with colored glasses. In her eyes, he is nothing, even a despicable and unscrupulous villain.

Actually, he can bear how she treats him, even misinterpreting him, he is not afraid, but her concern and nervousness for Zhu Qixiong really stimulated him.

But for a normal man, it would be unbearable for a woman he loves to care about another man so much, not to mention that she is full of malice towards him.

He turned around and strode out.

Shen's living room.

"Meimei, let me tell you some good news. In fact, Li Zhenting and Shen Ning have not reconciled. Since what happened to Xiaofeng last time, Shen Ning has been refusing to forgive Li Zhenting. They haven't had \*\*\*\* until now. At most, they just make up. We just lived together, barely staying together for the sake of our children, and I also know important news that Li Zhenting and Shen Ning have not remarried, they are still divorced." Lan Feiyun walked in from the outside and spoke cheerfully, his face full of joy.

Shen Mei's eyes lit up, she immediately stood up and asked, "Mom, is what you said true?"

"Of course it is true, absolutely true."

"Mom, it shouldn't be. Shen Ning loves Li Zhenting so much, and now Li Zhenting loves her so much, he must spoil her very much. It's too late for her to be happy, why won't she forgive him?" Shen Mei expressed her incomprehension.

"You don't understand this. Back then, when I arranged for Xiaofeng to go to Li Zhenting's side, that woman was absolutely amazing. In order to be able to become Young Mistress Li, she used all means and did a lot of unreasonable things." Shen Ning's heart was completely broken, but any woman with a bit of backbone will not easily forgive a cheating man, and Xiaofeng has repeatedly killed Shen Ning's three children. Think about it, as a Can a mother forgive a man so easily? It is precisely because she loves him that she doesn't completely shut him out. But now, they broke up again because of Zhu Qixiong's matter. This is great, our chance has come , this time, if you are smarter and approach it properly, you will definitely spend a lot of money in the rest of your life. Think about it, the Li Group is now in full swing, and the money is so rich that it can buy the entire imperial capital. Just order it casually, and it will last for a few lifetimes." Lan Feiyun was beaming with joy, unable to restrain her joy.

#### **Chapter 1207: Does it look like Shen Ning?**

"Mom, you are really clever." Shen Mei gave Lan Feiyun a thumbs up in admiration.

"Of course, Xiaofeng is insatiable. She thought she was Shao Meiqi's own daughter, and she should be the woman who married Li Zhenting. Bah, she's a fart. Li Zhenting wouldn't even look at her seriously, if she didn't risk it Xiaofeng's name has passed away, and Li Zhenting drove her away long ago."

Lan Feiyun disdained Xiaofeng very much, but when it came to the end, she looked at her daughter very seriously:

"Meimei, I have to admit that Xiaofeng is much better than you in dealing with men, and also much smarter than you. You, you should learn more, otherwise, even if I help you again, the mud will not help you." of the wall."

"Okay, Mom, I understand, don't worry, this time it's not like before." Shen Mei nodded repeatedly, pulled Lan Feiyun and walked inside.

They stood still in front of the floor-to-ceiling mirror, and Shen Mei lifted the veil on her face.

"Mom, look at me, do I look like Shen Ning?"

"Wow, it's like, it's so similar. I didn't expect that this hospital has such good technology, and it's done so quickly, and it's so similar. The current technology is so advanced. If this is the case, you will be able to do it after a while." Appeared in front of Li Zhenting." Lan Feiyun was very pleasantly surprised.

It took half a year to complete the operation, but now it has been completed in two months. It is so perfect!

"Mom, I also hope that the operation can be cured soon, so that I can see Lan Lan and return to Zhen Ting as soon as possible." Shen Mei's face was full of joy.

"Well, how about this, let's discuss the countermeasure first." Lan Feiyun sat down on the sofa with Shen Mei, and the mother and daughter whispered.

Li's Castle.

Lan Lan sat on the sofa alone, pouted.

Since Li Zhenting sent Ke Ke, Ding Ding and Xiao Xiao to Shen Ning, she hasn't seen Li Zhenting for a week.

Although she lives here with a nanny to take care of her, accompanied by Sister Li, and has everything to eat and play, but she is too bored, and she still misses Coco a little, and she really wants Daddy to come back to accompany her.

What makes her most unhappy is that she still has to learn to dance. Every day, her legs hurt so much that she doesn't want to learn at all.

Footsteps came from outside the door.

"Daddy." She immediately rolled off the sofa and ran towards the door with open arms.

Li Zhenting was striding into the living room, his face was full of gloom, and his mind was still full of Shen Ning's cold-eyed temper at him, and he felt very uncomfortable.

When Lan Lan ran over, he was stunned for a moment, and then he remembered this daughter who had been neglected by him for a week, and felt guilty for a while.

"Lan Lan." He bent down and hugged her, and asked gently, "Are you being good at home these few days?"

"Daddy, I'm so good. I insist on pressing my legs every day, and now I can chop a word. Let me show you." Lan Lan put her arms around Li Zhenting's neck, with a charming and happy face, After finishing speaking, he will come down and strike a word for Li Zhenting to read.

After Li Zhenting kissed her, he put her down.

Lan Lan immediately ran to the living room to really chop a word, and it was very standard, and she did a few more dance moves, which looked very good, presumably she studied hard.

Li Zhenting was very pleased.

"Lan Lan, you are awesome." He gave the little guy a thumbs up.

Lan Lan was very happy after being praised by her father. She jumped up and down in front of Li Zhenting and hugged his thigh, raised her round face, and said coquettishly, "Daddy, you haven't been with me for so long. Come play with me?"

"Where do you want to go?" Li Zhenting immediately agreed with guilt.

"I'm going to play in Dalong Park."

"good."

#### **Chapter 1208: When will you understand my heart?**

Shen Ning drove the car all over the street looking for Zhu Qixiong.

But after searching many places, there is still no trace!

She sat in the car, thinking a lot.

correct!

Castle Peak Castle!

The place where he once helped her, in that luxury villa, did he go there?

She picked up her mobile phone and looked at it. It was already five o'clock in the afternoon, and the children were still waiting for her at home. Stop it, I can't go to Qingshan City today.

But she didn't want to give up so quickly.

So, he took out those financial newspapers again, and looked at the photos taken on them, one of which was a profile of him sleeping in a park.

No matter what, if you can't find him, you would rather believe in him than miss the opportunity.

She drove to a nearby park.

Dalong Park.

"Lan Lan, it's getting late, have you had enough fun?" Li Zhenting asked Lan Lan as he hugged her off the windmill.

"Well, Daddy, I've had enough fun. I'm hungry. Take me to a big meal." Lan Lan rubbed her stomach with a smile. After playing like crazy for three hours, she was really hungry.

"Okay." Li Zhenting took Lan Lan's hand and walked towards the exit.

After a while, they got into the car, and Li Zhenting started the car. When the car drove out of the gate of the park, a Mercedes-Benz BMW commercial vehicle was driving in.

Li Zhenting glanced casually, and suddenly felt that the car was a little familiar. When he turned around suddenly, the car had already driven in.

When he stopped the car and wanted to look back, the horn sounded from behind, and the car stuck behind was urging.

He had no choice but to drive the car out, but when he drove the car to an open area and looked back at the park gate and the inside of the gate, the BMW car had long since disappeared.

"Daddy, I'm hungry, hurry up and eat some big prawns." Lan Lan urged beside her, rubbing her stomach.

"Okay." He stepped on the accelerator, and the car headed towards the five-star hotel.

In the car, Li Zhenting frowned slightly, feeling restless.

The car just now looked like Gu Qi's, so could it be Shen Ning who drove it?

After arriving at the hotel, Li Zhenting ordered many delicious dishes that Lan Lan liked to eat, but his mind was still full of Shen Ning's face.

This morning, the scene of their quarrel is vivid.

'We have long been inappropriate, and I have no love for you, and now I only have disgust. '

'Li Zhenting, you suppress Zhu Qixiong, I will not stand idly by, I will definitely help him until he stands up again, I will not be afraid of you. '

...

Shen Ning's angry and ruthless words rang in his ears, making his head ache. He just wanted to wave his hand for the waiter to bring up the wine, but when he saw Lan Lan who was eating dinner happily, his hand fell down again.

He can't drink too much, he has to send Lan Lan home.

Shen Ning, Shen Ning, when will you understand my heart?

Outside the hotel.

Lan Feiyun hid outside the glass wall and looked at the big table full of sumptuous seafood dishes in the box, his stomach growling.

After being released from prison, the three of them had no source of income and were poor.

Now it is so difficult to eat a meal of meat, and the little money she has is also used by Shen Mei for plastic surgery.

It has been more than a month since he was released from prison. Shen Deshun was stimulated in the prison and refused to go out to find something to do, and Shen Mei couldn't go out with gauze wrapped around her face.

She went to find a few high-class wives she had made friends with before, but they didn't like her at all.

In desperation, she had no choice but to rent out a few villas in the villa she lived in to barely maintain her life, but it was impossible to eat and drink and enjoy life.

These days, she has been trying to find Lan Lan and get some money from Lan Lan, but Li Zhenting ordered that no one is allowed to take Lan Lan out, so she had to give up.

Of course, Lan Feiyun hangs around outside Li's Castle almost every day, closely watching Li Zhenting's every move.

Today Li Zhenting finally took Lan Lan out to play, and she followed immediately.

#### **Chapter 1209: but she doesn't want to**

"Waiter, pack for me." Li Zhenting had just left with Lan Lan when the waiter came over with the dishes and was about to clean up. Suddenly, Lan Feiyun rushed in and shouted at the waiter.

"You are..." The waiter looked at her in surprise.

"I am the grandmother of that little girl, Lan Lan, and the mother-in-law of President Li. We are a family, and Lan Lan asked me to come over and take home food." Lan Feiyun looked at the unfinished sumptuous meals on the table, I swallowed my saliva.

"Okay." Although the waiter was a little skeptical, it was just some leftovers, and it was requested by the customer, so he agreed immediately.

"This, that... all of them." Lan Feiyun stared at the dishes on the table and didn't want to waste any of them, so he packed all the dishes and left happily.

After sending Lan Lan home, Li Zhenting was thinking about Shen Ning and the children, turned around and walked out towards Shaw Villa.

"Hey, where did Ning Ning go? He didn't come home so late, and the children were all hungry and crying." As soon as he walked into the living room, he heard the crying of the little ones, followed by Li Wanqing's anxious voice. sound.

His heart sank, Shen Ning hasn't come back so late!

"Mom." He opened the curtain and walked in.

Li Wanqing and Aunt Dong were holding a baby and coaxing each other, while the two babies were crying loudly, their faces flushed.

His heart ached immediately.

The cries of the babies hit his heart like a whip, it was so painful!

"Zhenting, you're finally back. Where's Ningning? Let her breastfeed the children, the children are starving." Li Wanqing only thought that Li Zhenting came back with Shen Ning, and hurriedly looked behind him.

Li Zhenting's heart sank.

"Mom, Ningning didn't come back with me, hasn't she come home yet?"

Li Wanqing's face turned dark, and she criticized: "Today is Ningning's first day at work, why don't you pick her up and come back with her? The children are still young, how can they leave Mommy, they are so hungry, I'm going to drink milk, didn't I ask you to take care of Ningning and help her, how can Ningning treat you well like this? How stupid."

She blamed Li Zhenting a series of times, her face was full of anger.

Li Zhenting could only say:

"Mom, Ningning said she came back by herself. I took Lan Lan out to play in the afternoon. After all, Lan Lan has been neglected for so long, and she is not happy."

When Li Wanqing heard this, she became even angrier.

"No wonder Shen Ning doesn't want to talk to you anymore. You really have low EQ. Lan Lan is so old, and there are many people who take care of her at home, but these two babies are just full moon, and they left Mommy on the first day. No matter what, you have to take care of them first, but you take care of Lan Lan instead, what does Shen Ning think?"

Li Zhenting felt pain in his heart when he heard it.

Of course he understands this truth, he is eager to take care of Shen Ning and take her home together, but she is not willing at all, okay! even

She is sick to see him now.

He didn't answer, but just walked over and picked up the baby from Li Wanqing's hands and coaxed him.

"Hurry up and go find Shen Ning and go home. What the children need is Shen Ning, not you. They are hungry." Li Wanqing snatched the child over and rolled her eyes at him.

Li Zhenting had no choice but to walk outside.

Without exception, he stood outside and called Shen Ning's mobile phone, but she didn't answer it at all, and even hung up...

He had no choice but to call Gu Qi, who said that she was not in the company this afternoon.

He stood angrily, not in the company all afternoon, she must have gone to meet Zhu Qixiong!

Inside, the cries of the children are getting louder...

Dalong Park.

Shen Ning stood in front of a bench in the park, and kept asking the management personnel of the park.

But the management personnel are not sure whether Zhu Qixiong has slept lying down here.

Shen Ning inquired for a while, but to no avail, so he simply sat by the side and waited.

If Zhu Qixiong was so poor that he wanted to sleep in the park, she thought he might come.

It's just that the night was getting darker and darker, and he didn't even show up.

Later, she remembered that the two babies at home needed milk, so she left in a hurry.

#### **Chapter 1210: Are you in love with him?**

"Shen Ning, what did you do? Why did you come home so late? Don't you know that the children are going to be breastfed?" Shen Ning hurried home, and just as he got out of the car, he was caught by a strong arm. There was a man's deep questioning voice next to his ear, filled with dissatisfaction and disgust.

"It's none of your business." As soon as Shen Ning raised his eyes, he met Li Zhenting's stern gaze, and pushed him away, "Let me go, who will allow you to touch me?"

"Hey, I can't touch you, can someone else touch you?" Before she finished speaking, Li Zhenting turned to the front, and then pressed her against the car window, and his face was lifted by him.

Shen Ning saw the gloomy and menacing face of the man.

"Yes, anyone can do it except you." Shen Ning said angrily.

If it wasn't for his unreasonable suppression, how could Zhu Qixiong be so miserable? Today she searched for Zhu Qixiong all afternoon but couldn't find him.

"Okay, very good, let me ask you, did you go to see Zhu Qixiong this afternoon?" Li Zhenting's voice was terrifying, "Is Zhu Qixiong or our son and daughter important?"

Shen Ning's eyes trembled. In the office this morning, his expression was also so ugly.

This is the first time in recent months that he has seen such an almost angry emotion.

"Let go of me, I'm going to feed the babies." Shen Ning didn't want to argue with him, and pushed him hard.

But Li Zhenting held her down heavily: "Shen Ning, you care so much about Zhu Qixiong, do you fall in love with him?"

Shen Ning sneered: "Anyway, I don't love you, so who I love has nothing to do with you, and we don't have any relationship now, you don't have the right to question me, the children are crying, do you want them to cry longer? ?"

Thinking of the starving children, Li Zhenting involuntarily let go of her.

Shen Ning turned around and left.

Li Zhenting grabbed her again, with a gloomy expression on his face: "Shen Ning, tell you, don't challenge my bottom line, don't provoke me, I can do anything, and also, the relationship between Li's Group and Zhu's Group It's a matter between our two families, you don't need to get involved, and I can tell you that the suppression of Zhu's Group has nothing to do with Zhu Qixiong. I hope you can treat it rationally. Outsiders have no right to manage the matter."

"Li Zhenting, I also warn you, don't challenge my bottom line, if it wasn't for the child, you would never have appeared in front of me." Shen Ning was so angry that he shook off his hand and strode inside .

In the bedroom, Li Wanqing and Aunt Dong breathed a sigh of relief when they saw Shen Ning.

The two little babies were already blushing from crying.

"Baby, I'm sorry, Mummy is late because of something, please drink milk." Shen Ning's milk was already very high, and she quickly fed the two babies.

The two babies smelled the familiar scent of Mommy and had milk to drink again, and they stopped crying for a second.

When Li Wanqing raised her eyes, she saw Li Zhenting standing lonely at the door with a gloomy expression on her face.

She pulled him out.

"Mom, you have time to persuade Shen Ning, let her not go to work, just stay at home and take care of the baby with peace of mind, our Li family does not lack this little money." Li Zhenting said dejectedly.

Li Wanqing asked in shock: "Zhen Ting, it's been so long, has Shen Ning not forgiven you yet?"

"No." Li Zhenting shook his head.

"You, you can't even conquer a woman. I really don't know how you messed up. If Shen Ning could listen to me, I would have told her a long time ago that our Li family has a big business, and we need a woman to take care of the family property. , not to mention that there are 5 children in the family, and the children need the care of mommy the most at this time." Li Wanqing sighed, "Zhen Ting, if you want Shen Ning to stay at home willingly and be a full-time wife, then go there by yourself. Tell her, let her fall in love with you again as soon as possible, and forgive you, as long as a woman has love, she can give everything, otherwise, it is useless."

After Li Wanqing finished speaking, she finally said heavily: "Zhen Ting, I order you, you must take Shen Ning as soon as possible to make the family harmonious, otherwise, Shen Ning's heart will no longer belong to you."

After finishing speaking, she glared at him and left.

Li Zhenting stood against the wall, lit a cigarette, and smoked dully.
