

Troublemakers 1221

Chapter 1221: to carry the rogue to the end

Zhu Qixiong looked back in shock.

The girl was looking at him with sparkling eyes, as if she wasn't sure if he was Zhu Qixiong.

Zhu Qixiong turned his head abruptly, and ran off on a motorcycle.

"Master Zhu, don't leave, I have something to see you." Wu Xueying called from behind.

Since the last time they had dinner at Xinyue Restaurant and he left without saying goodbye, she hadn't seen him again.

She often drives to this place at night, trying to find him.

Sure enough

Tonight, he showed up here.

only

He was wearing the delivery clothes, looking downcast, I don't know what happened to him.

She wanted to have a good talk with him.

At the age of eighteen, at that ball.

She saw Zhu Qixiong who was unrestrained and elegant like a fairy. She was shocked at the time and fell in love with him from then on.

Originally thought that a talented man and a beautiful woman would be the most beautiful couple, but looking at it now, Zhu Qixiong doesn't seem to have much interest in her, and when he is with her, he is inseparable.

She couldn't read his heart.

After Zhu Qixiong left on his motorcycle, she drove to catch up.

But the motorcycle was much more flexible, and she lost it after a short while.

but.

Now that the Zhu Group is in a desperate situation, if you can find him here, then there must be a chance to wait for him.

After a while, she drove back.

In the blue sea, a cruise ship slowly drove on the sea.

Coco, Ding Ding and Xiao Xiao happily ran around on the deck.

There are several fishing rods next to it. Steward Luo is fishing, and over there, at the bow of the boat, there are invited fishermen casting nets for fishing.

Shen Ning is preparing various ingredients and seasonings in the kitchen.

Sudden

A hand came around her back, wrapping her slender waist into his arms.

Shen Ning immediately felt the scalding heat coming from his back.

Almost no need to look, this man is Li Zhenting.

"Let go of me." She straightened up, annoyed.

She promised to go out to play with him and the children, and that was just to bring the children, not including playing with him.

"Ning Ning." Li Zhenting suddenly raised his arms and hugged her, holding her whole in his arms.

She was wearing a long green dress with bare feet, and a pair of delicate white feet were particularly beautiful.

"Li Zhenting, if you don't let go of me, I'll call and ask the children to come over and see what you're doing to me?" Shen Ning was very angry, threatened fiercely, and struggled to get down.

Li Zhenting smiled, and suddenly hugged her and sat on the deck, holding her little feet with one hand.

"You rascal." Shen Ning didn't expect Li Zhenting to be so daring, and the children were still running around on the deck. What if they ran to find their mother and saw them like this?

But Li Zhenting seemed to want to carry out the rascal to the end, gently kneading the soles of her feet with his fingertips, sliding down little by little...

Shen Ning's feet are the most ticklish.

instant

"You... ah." While she was tickled and giggling, she was also angry.

This bastard, **** it!

Li Zhenting originally came with a 'conspiracy', and he has been waiting for this moment for a long time, so he is not willing to give up easily.

He grabbed the soles of her feet and rubbed them non-stop.

Shen Ning laughed tremblingly.

She suddenly struggled with all her might, opened her mouth and shouted 'Help'.

But as soon as the word 'save' came out, Li Zhenting put her down in his arms, bowed his head and kissed her lips, kissing her hard...

Shen Ning couldn't catch his breath, and was almost blown away by his kiss.

Chapter 1222: surrender with hands up

"Li Zhenting, you bastard, bastard, you are really deceiving people." After a while, Shen Ning recovered, rushed up and knocked Li Zhenting to the ground to start the beating mode...

Over there, Ke Ke, Ding Ding and Xiao Xiao heard the sound of Daddy and Mommy arguing, and they all ran over curiously and hid aside to watch.

"Hey, Mommy still hasn't forgiven Daddy, look, there's a fight."

"Wrong, beating is kissing and scolding is love, Daddy and Mommy must be reconciled." Ding Ding doesn't think so.

In this scene, only Mommy hit Daddy, and Daddy didn't fight back. They must be joking around.

"Yeah, Mommy is so majestic, she beat Daddy to the ground." Xiaoxiao laughed happily, "Daddy deserves it, why did he always bully Mommy in the past."

Shen Ning was about to stand up when she was tired, but just as she stood up, Li Zhenting suddenly grabbed her arm and pulled her, causing her to fall into his arms.

Afterwards, Li Zhenting lowered his head and kissed her lips...

"Ah, Daddy and Mommy kissed, it's not suitable for children, go away quickly, don't peek." Xiaoxiao immediately ordered like an adult, turning his head around.

"Then let's go to play with the fish. Uncle Rob has caught a lot of fish." Ke Ke also knew that Daddy and Mommy couldn't watch when they were kissing, so she turned and ran towards that side.

Ding Ding and Xiao Xiao followed.

The children's chaotic footsteps woke up Li Zhenting and Shen Ning, and they both raised their heads.

Shen Ning pushed Li Zhenting to the ground, and shouted angrily: "Li Zhenting, this is the only time, if you dare to violate me again, I will break with you completely, and never come to my house again."

"Okay, I'll remember." Li Zhenting was frightened, and immediately raised his hands in surrender.

He really didn't dare to make too much of a fuss. After all, Shen Ning didn't live in Li's Castle, but lived in his own home. If he really angered her and wouldn't let him enter the villa, that doesn't mean that Did it kill him?

He bowed his head obediently.

At this time, the fisherman cast a big net, and there were a lot of fish in it. He was so happy that he yelled at the bow of the boat.

Shen Ning immediately ran out like a child, and was very happy when he saw some strange-shaped sea fish being salvaged, and helped to pick them up.

Ke Ke, Ding Ding and Xiao Xiao also ran over when they heard the shout, and clapped their hands and laughed happily when they saw the lively fish.

Li Zhenting came over, and the little guys immediately chattered around him, asking what kind of fish it was, and what the name of that fish was.

Curious and weird, a hundred thousand why!

So, Li Zhenting turned on his mobile phone Baidu to check and answer their questions from time to time, and also explained some knowledge about the ocean to them.

The children don't mention how happy they are.

Shen Ning put the fish into the big bucket, ready to start cooking lunch.

When she turned around with the bucket in hand, she saw Li Zhenting patiently and meticulously explaining the knowledge of fish and the ocean to the three little guys, and the three little guys listened with gusto.

In an instant, she was in a trance.

In the past, I wish I could see this scene. Whenever Ke Ke and Xiao Xiao asked her where her father was, she was speechless. Now that the children can live happily with their father, it stands to reason that she doesn't know if there is any. So happy, but...

She carried the bucket into the kitchen with complicated emotions.

Steward Luo also caught some, and he started to help Shen Ning clean up the fish.

Shen Ning started to cook eight-treasure porridge, roasted sweet potatoes, corn...then cooked the caught shrimp and crab, and then started to prepare fish.

Chapter 1223: Getting engaged so soon?

Li Zhenting followed in to help.

Shen Ning boiled, roasted, steamed, and steamed the fish according to the quality of the meat. There were four methods. He also cooked fish soup, made pickled fish, and fried fish balls.

Li Zhenting kept fanning Shen Ning with a fan, and thoughtfully wiped her sweat with a paper towel, staying close to each other like a follower.

Finally, he even made his famous boiled fish fillet, not to mention making it full of color, flavor and taste, which is very attractive.

Later, they sat on the deck to grill fish, and Shen Ning brought some vegetables over.

The little guys gathered around and ate while roasting, very happy.

At twelve noon, the big meal was officially served. There were more than a dozen dishes on the white table. Except for the staple food, they were all made of various fish, and they were fragrant.

Li Zhenting and Shen Ning sat in the main seats, and the three little guys sat around them.

No one else, only a family enjoying lunch quietly.

Luo Butler and the fisherman ate in the kitchen consciously.

The sea breeze is blowing, and the waves are shining.

The sun at noon illuminates the sea like a huge bronze mirror, and the cruise ship seems to be an ornament embedded in the bronze mirror, quiet and gentle.

Li Zhenting opened a bottle of preserved red wine.

The aroma of red wine exudes, with intoxicating incense.

The children are all eating fish seriously, be careful to pick thorns.

After eating, I slept on the sofa next to me.

With Shen Ning by his side, Li Zhenting drank a lot of red wine, and later fell asleep on the sofa when he was slightly drunk.

The freshly caught fish was indeed fresh, Shen Ning was full, and drank some red wine, carrying Xiao Xiao to the cabin for an afternoon nap.

...

Zhu's Mansion.

Xu Xiangzhi is cleaning up things, and she will go to Singapore next week, and she has to bring all the good things there.

The butler came over.

"Ma'am, Miss Wu is here."

Suddenly, Xu Xiangzhi stopped what he was holding, and a strange light flashed across his face.

"Please go to the study room and make some good tea." She hurriedly ordered.

"good."

After the housekeeper took the order, Xu Xiangzhi walked a few steps in the room and went to the cloakroom.

After a while, she walked into the study wearing a luxurious suit.

"Auntie, are you looking for me?" Wu Xueying stood up when she saw the jeweled Xu Xiangzhi walk in and greeted very politely.

"Ah, it's Xiaoying, sit down, sit down." Xu Xiangzhi enthusiastically came up to hold her hand, and the two of them sat down on the chair.

"Xiaoying, you are really getting more and more beautiful. You are definitely the best match with our Qixiong." Xu Xiangzhi looked at Wu Xueying and seemed to love her more and more, and praised her highly.

Wu Xueying blushed when she heard this, feeling a little uncomfortable.

"By the way, Xiaoying, today I discussed with the old lady and Qixiong's father, and I plan to pick a date to hold an engagement wedding for you first, and I'm asking you to come here today to discuss related engagement wedding matters." Xu Xiangzhi slightly With a smile, he clarified his intention to invite her.

Wu Xueying's heart jumped up.

is that true? This is what she has been looking forward to.

"Then Qixiong, did he agree?" Although her heart seemed to be full of sunflowers, she did not completely lose her mind. After all, the young boy she saw at the gate of Zhu's Group the night before yesterday was Zhu Qixiong. Although he did not speak to her, But with keen judgment, she was sure.

At that time, Zhu Qixiong was still wearing a courier suit, and he seemed unwilling to see her. Since Xu Xiangzhi came to propose marriage, they had met less than three times. Are they going to get engaged so soon?

She doesn't quite believe it.

Chapter 1224: How much dowry do you think is appropriate?

"It's a blessing for him to be able to find you. Is there any reason not to agree? Don't worry, the old lady and his father have agreed to this matter, and the family is already making preparations. Now I want to ask for your opinion on some things, and it is also out of respect for you." Xu Xiangzhi immediately replied, very sure.

Wu Xueying saw that she was full of confidence, and pushed the old lady Zhu out again, it didn't look like a fake.

After all, Zhu Qixiong still respects the old lady Zhu very much.

An old lady in her eighties would not lie to her.

Her face flushed again, and her heart beat faster.

"Auntie, thank you." She whispered shyly.

"You're welcome, you will be my daughter-in-law in the future, and this is all I should care about." Xu Xiangzhi held her hand tightly, and suddenly asked cautiously: "Xiaoying, I want to ask you, we wish the

family a happy life." How much bride price do you think is appropriate for your Wu family to propose marriage?"

Dowry gift?

Wu Xueying was stunned for a while, and the picture of the workers asking for salary collectively at the gate of Zhu's Group flashed in her mind, she shook her head: "Auntie, what I pay attention to is the relationship, and the bride price doesn't matter, besides, our Wu family is to marry a daughter, not to sell daughter."

"It's not like that. You are a girl. If you marry into our Zhu family, if you don't give the dowry, you will be gossip. Moreover, the more dowries you give to girls, the more we value you. That's you. You can't miss such a good opportunity, people, you still have to be realistic, and you can't blindly fall in love with your brain."

After speaking, Wu Xueying was very moved.

Zhu's family is like this, and they are still thinking about giving her more gifts. This kind of friendship is really rare.

"Auntie, don't worry, the bride price is given to me, and I will bring it double. It is not easy for the Zhu family now. I understand it in my heart. I am satisfied with your kindness." She said very sincerely answer.

Xu Xiangzhi's eyes lit up, and there was a secret joy in his heart, but on the surface, he held Wu Xueying's hand tightly, and said emotionally: "Qixiong must have done it in his previous life to find such a caring, courteous, beautiful and noble girl." A lot of good things, he's just so happy."

As she spoke, she shed tears of excitement.

Wu Xueying saw that she cared so much about Zhu Qixiong, and thought to herself, she is really kind. With all the gossip outside, it must be hard to be a stepmother, and she should respect her more after she gets married.

Then the two of them talked a lot about themselves, very speculatively.

Xu Xiangzhi insisted on inviting her to go out to dinner and watch a movie together, she was very enthusiastic.

The sun is setting, and the clouds are like blood.

Shen Ning began to urge to go home.

The two little ones haven't had any milk for a day. Although there is milk powder and complementary food, she still doesn't feel at ease. After all, the little one is too small.

"Mum, don't forget, we will come tomorrow." On the way home, Ke Ke and Ding Ding reminded her.

This trip, Li Zhenting plans to spend three days, and tomorrow he will go to the deep sea area, because there are more fish varieties and better taste.

Shen Ning looked at the happy and satisfied expressions of the little guys, and sighed inwardly.

She is a mother, and she prefers the two newborn babies at this time, and she can't bear to let them go out to play for three consecutive days.

Shaw Villa.

"Grandma, Grandma Dong, let's go home." The car door opened, and Ke Ke, Ding Ding and Xiao Xiao ran out excitedly and ran in, shouting as they ran.

Steward Luo brought the fish and some daily necessities home.

Shen Ning was thinking about the baby in his heart, so he got out of the car and left. Suddenly, a hand took her hand.

She turned her head, and Li Zhenting was standing in front of her, staring at her with deep eyes.

Chapter 1225: Let him see hope and opportunity

"What are you doing?" She frowned, trying to shake off his hand.

"What? Are you going to get rid of me so soon?" Li Zhenting was a little dissatisfied with her attitude.

"Then what do you want? The babies are going to drink milk."

"I want to drink too." Li Zhenting suddenly smiled brazenly, and even lowered his head to kiss her lips.

Shen Ning rolled his eyes at him, this man must be crazy, it's this time, but he still comes here, is it itchy, and wants to be chased away by her!

She turned and walked away.

"Ning Ning, slow down, I was joking just now, here, this is for you." Li Zhenting suddenly took out a beautiful jewelry box from his pocket as if conjuring and handed it to her.

Shen Ning was stunned.

"What?"

"open to take a look."

"No, I don't want it." Shen Ning knew that it was expensive jewelry, she didn't want it, so she pushed his hand, turned around and left.

"Ning Ning, this is a big diamond ring. I specially ordered it for you in Paris. It is the only one in the world." Li Zhenting grabbed her arm, pulled her to her chest, and forced it into it. In her hand, "You have worked hard to give birth to the babies. This is my reward for you. There is also a villa. The transfer procedures have been completed, and the real estate certificate will be sent in two days."

Shen Ning was startled.

What kind of tricks is Li Zhenting playing? These days, sending flowers, diamond rings and villas, trying to buy her off?

"Thank you, I don't need it, you can give it to someone else." She refused indifferently, turned around and walked in.

Li Zhenting stuck on it like a dog skin plaster, stuffed the jewelry box into her bag, and held her hand with his hand.

Shen Ning wanted to get rid of it, but the man was so strong that he couldn't get rid of it at all.

At this time, Keke and Xiaoxiao saw that Daddy and Mommy hadn't come in yet, so they looked out.

Shen Ning couldn't resist when he saw the children, so he had no choice but to hold her hand.

The two of them walked inside.

Ke Ke and Xiao Xiao saw Daddy and Mommy holding hands, very loving and happy. They were very happy, and followed them into the room bouncingly.

Under the big tree outside the villa.

A young man stood there looking straight at everything inside.

He is Zhu Qixiong.

I delivered an order of takeaway in the evening and stopped here.

It happened that Li Zhenting's car came back.

He stood there blankly and saw Shen Ning and Li Zhenting coming out of the car. The two were pulling each other sweetly and affectionately, envious of others.

She forgave him after all.

Even if he hurt her so much, she wanted to escape several times, but once he returned to her side and bowed his head to him, she would forgive him like a child.

Maybe this is true love!

Actually, ever since Shen Ning asked him to take her to escape, his heart was throbbing.

Shen Ning's resoluteness when he left Li Zhenting once let him see hope and opportunity.

However, Shen Ning's intentional or unintentional rejection and alienation of him also made him feel inferior and unconfident.

So far, Shen Ning is the first woman who made him look forward to marriage and family.

How much he wants to cherish this woman!

At that time, when Shen Ning fled to Yuhe Village in Licheng, when he sent him the location address, he set off without any hesitation, not for anything else, just to catch a glimpse of her, to see if she was living well .

But later...

A wry smile appeared on the corner of his lips.

Li Zhenting has already held Shen Ning's hand and walked towards the house intimately, surrounded by only indifferent air.

He turned around and was about to step on the electric scooter to leave.

Sudden

A force hit the back of his head.

He hasn't reacted yet.

There was a sharp pain in the back of his head, his eyes went dark, his body shook, and he fell down.

Here, when Shen Ning was led away by Li Zhenting, he always felt flustered.

When he was about to enter the living room, his eyelids jumped inexplicably, as if something bad was about to happen, he turned around and took a look.

"What's the matter?" Li Zhenting was walking, seeing that Shen Ning turned his head away, thinking that something was left behind, he hurriedly asked with concern.

Shen Ning looked around, feeling an inexplicable uneasiness in his heart, and shook his head.

"Come in, the babies are waiting for milk." Li Zhenting held her hand tightly and led her into the living room.

Seeing her son and Shen Ning coming back holding hands, Li Wanqing burst into laughter.

"Ning Ning, the two babies are well-behaved today, they don't cry or fuss, each drank more than a thousand milliliters of milk powder, they may be hungry now, and they are whimpering, you should go and see them. " she said with a smile.

When Shen Ning heard it, his heart immediately flew to the children, he broke free from Li Zhenting's hand, and ran inside.

Chapter 1226: not dead

the next day.

Ke Ke, Ding Ding and Xiao Xiaosan got up early in the morning, and when they got up together, they pestered Li Zhenting and Shen Ning to go to the sea to play.

Li Zhenting is naturally happy! Even wishing for it!

Shen Ning had no choice but to follow them after agreeing to them.

This game lasted for three days.

Three days later.

Shen Ning rushed to Gu Qi to go to work early in the morning, and after a morning meeting, he went out to look for Zhu Qixiong.

As usual, I found nothing after searching around!

This made her anxious, not sure if something had happened to him.

As a good friend who once helped her, she hopes that he will be safe and happy, and nothing will happen to him.

The next day, she decided to visit the Zhu Group.

Zhu's Group.

As soon as Shen Ning's car stopped, he saw seven or eight security guards standing at the gate, all of them with fierce faces.

Beside, dozens of employees collectively asking for salary, each of them held a large horizontal sign in their hands, which read: Return my hard-earned money.

The police and the labor bureau came, and many reporters also rushed over.

The scene is very heroic.

Shen Ning was very surprised to see all this.

I didn't expect that the Zhu's Group, which was once considered the top five in the imperial capital, would become like this. What link has the problem?

Or was all this caused by Li Zhenting's suppression?

She parked the car and saw the mess inside the building, as if it hadn't been open for business for a long time!

After thinking about it, I found a middle-aged man who looked like a small manager and started chatting:

"May I ask how long the Zhu's Group owes you?"

"It's been half a year. We are all old at the top and young at the bottom. There is really no way."

"Isn't Zhu's Group very powerful? How come they can't even pay wages?"

"It turns out that he is really capable. Not only can he pay wages, but he also raises his salary every year, but the past two years have gotten worse and worse. Last year, he was paid every three months. I didn't

expect that this year, he would not be able to pay wages once every six months. Now everyone has no jobs, but the wages owed to us are not paid."

"How did it become like this?"

"Hey, I wish Dong was okay when he was in the past. At least he is pragmatic, knows how to know people, and can handle both sides. The business is still going well, but since his son Zhu Qiming took over, it has only been like this for two years."

"Zhu Qiming is a young man. Logically speaking, he should know more about economics. I heard that he graduated from the Department of Economics and Management of a prestigious university. Zhu Dong must be trained well before he will be allowed to take over."

"Hey." The middle-aged man chuckled twice, "It's so ambitious, unrealistic, has no business skills, can't follow the pace of transformation of the times, but is ignorant of current affairs, and even offended Li Zhenting at a critical moment, it's no wonder he didn't die. "

Shen Ning's eyelids twitched: "I heard that Li Zhenting has let Zhu's Group go, and there is no suppression."

"I don't know if I let it go, anyway, Zhu's group is finished, and now all the finances are empty, and there is only an empty shell."

...

Shen Ning got into the car with a heavy heart, looking at the chaotic Zhu Group, his heart was in a mess, and the words of the uncle just now sounded in his ears:

"Excuse me, uncle, have you heard of Zhu Qixiong, Zhu Dongjin's eldest son? Has he ever been here?"

"I have heard that he was born to Zhu Dongjin's ex-wife, but he has never been to the company. I heard that Zhu Dongjin doesn't like him. He listens to his current wife. The eldest son hangs around nightclubs every day. It doesn't look like a talented person, Zhu's group is going to die."

Shen Ning started the car.

According to what he said, Zhu Qixiong had never been to the Zhu Group.

She had heard from Zhu Qixiong before that he had never had the right to intervene in company affairs.

If so, where did Zhu Qixiong go?

Chapter 1227: yes i just care about him

"Where have you been?" Shen Ning had just returned to the office when he unexpectedly saw Li Zhenting standing in her office. When she came in, he turned and looked at her with gloomy eyes.

"A meeting." She said lightly.

"But your secretary said that you have already finished the meeting."

Shen Ning was suddenly very annoyed, this man, why is she doing none of his business?

"President Li, I have the right to do whatever I want, there is no need to report to you." She was very impatient.

Li Zhenting's face darkened, and he looked at her: "You don't need to tell me anything, but lying is not a good habit."

Shen Ning sullenly, suddenly raised his head and asked: "Li Zhenting, what about you? Did you lie to me?"

"What did I lie about?" Li Zhenting was confused, and offended her again somewhere.

"Didn't you tell me a few days ago that you had let the Zhu Group go, but the fact is that the Zhu Group was about to go bankrupt under your suppression." Shen Ning's eyes were cold.

Li Zhenting's face turned black.

"Ningning, I did let Zhu's Group go, I let them go from the night you begged me." He said angrily, "It's my business if I let them go, but will their company go bankrupt? This has nothing to do with me, I can't guarantee the operation of their company, it's not my company."

Speaking of this, he sneered: "It doesn't matter where the idiot is placed, let alone in charge of the Zhu's Group, even if we give him the Li's Group, he will finish the game, but he keeps plotting and committing suicide, who can save him."

Shen Ning fell silent after hearing this.

Li Zhenting always keeps his word, he should really let it go, but Zhu Qiming is an idiot who is incompetent, so he can't blame others.

"Ning Ning, I really didn't expect you to care so much about Zhu Qixiong. For him, you would lose your soul." Li Zhenting had a strange voice, and his voice was clearly full of sarcasm.

But Shen Ning just glanced at him, and generously admitted: "Yes, I just care about him."

After speaking, he turned and walked outside, regardless of whether he was still here.

"You, Shen Ning." Li Zhenting felt that she had slapped his face hard, and it hurt so much, he clenched his teeth.

But Shen Ning has already left.

Zhu's mansion study.

"Dongjin, I discussed with Xiaoying yesterday. She is very happy and willing to get engaged. After all, she likes Qixiong very much, but she also made a request." Xu Xiangzhi put the teacup on Zhu Dongjin hand, and sat down beside him.

"What request?" Zhu Dongjin asked after taking a sip of the tea.

"Dongjin, she mentioned the dowry. She said that the Wu family is a wealthy family. For the sake of face, the dowry is indispensable."

"Then how much did she ask for?" Zhu Dongjin put his hand on his chest.

"Yesterday I talked with her for a long time, and I even invited her to dinner and watch a show to talk about it. In the end, she agreed that only 20 million would be enough."

"Ahem." Zhu Dongjin coughed violently.

twenty million? Now that Zhu's Group can't even get one million, where can they get 20 million?

"Dong Jin, what's wrong with you?" Xu Xiangzhi hurriedly rubbed his chest to comfort him.

"Hey, I've been having pain in my chest recently, and I don't know why." Zhu Dongjin panted.

"It must be because of the pressure and nervousness." Xu Xiangzhi said disapprovingly.

"probably."

"Dongjin, Xiaoying is a good girl. We can't miss it. In fact, she is very considerate. She said that any gift we gave her would be doubled, and she also promised to persuade her father to borrow it." One hundred million will give us working capital, the Wu family is a wealthy family, so the bride price is indispensable, otherwise it will lose face."

Zhu Dongjin's eyes shone brightly.

Chapter 1228: You must use yourself again!

"Okay, okay, it should be, 20 million is not much, I will find a way." He replied immediately.

Xu Xiangzhi looked at him and asked, "Dongjin, where did we raise so much money?"

Could it be that Zhu Dongjin still hides private money from her?

"Of course I have no money, but I can't ignore such a good thing. In this case, I will go to my mother to discuss it and see if there is any way to think about it."

A calculating smile flashed across Xu Xiangzhi's eyes, she was looking forward to the family property in the hands of the old lady, if she wanted to leave, she would have to take more, not to mention that Wu Xueying had to bring back twice as much. It's a good deal.

basement.

"Open the door." Xu Xiangzhi ordered the security guard at the door.

"Yes." The security guard opened the door.

"Oh, why did you lock up the young master in this kind of place? Quickly take him to the guest room. What's the matter? Are there any bullies like you?" After the door opened, there was a smell of mildew

inside. Xu Xiangzhi suddenly yelled angrily at the security guard against the smell and the smell of the food.

The security guard was taken aback.

Xu Xiangzhi winked at him.

The security guard understood and immediately replied: "Yes, ma'am."

Then he walked in.

after a little while.

He helped a heavily tied young man out.

"Qixiong." Xu Xiangzhi had tears in his eyes, "I'm sorry, I just found out that you were imprisoned here, and rushed over here immediately, it's too much, they tied you up here like this, I heard it's been three days, it's okay, I just had a big fight with your father, how can I treat my own son like this."

Speaking of this, she wiped her tears and came up to untie Zhu Qixiong, but she didn't untie it for a long time, so she cursed at the security guard: "Don't you have eyesight? Untie the young master quickly."

The security guard looked at her, and replied cautiously: "Madam, Zhu Dong said, you can't untie the eldest young master, for fear that he will run away, and you can only untie him after he is engaged to Miss Wu, unless he is obedient."

Xu Xiangzhi said with a straight face: "It's because I don't trust the young master. The young master has always been very obedient. He will definitely be engaged to Miss Wu. Please untie him."

"Madam, you should ask Zhu Dong for instructions first, so please don't embarrass me. I'm just a part-time worker."

"Hey, forget it, let's go to the guest room first, and I will go to your father later." Xu Xiangzhi waved his hand, and personally helped Zhu Qixiong to walk into the guest room.

Zhu Qixiong was locked in the basement for three days and three nights. Just after he came out, the strong sunlight made him unable to open his eyes, his head was dizzy, and he was staggering when he walked.

I only heard an extremely vicious and hypocritical voice.

That belonged to that vicious woman, Xu Xiangzhi.

She let him lose everything, but she is still here pretending.

Anger made him dizzy, but he was hungry and thirsty, weak and unable to resist. He just kept silent and let her help him to the guest room.

This woman must be using her again!

She wouldn't cry like a cat and a mouse in front of him without interests, fake mercy!

This time, he will not let this woman go!

Sure enough, like last time, he was taken to the guest room, but there were several Baobiao standing at the door to prevent him from escaping.

Xu Xiangzhi is very enthusiastic about him.

As soon as he came in, he not only untied him personally, but also ordered someone to bring him a sumptuous meal and fruit, and took good care of him.

Zhu Qixiong was just silent.

He eats when he has food, sleeps after eating, and doesn't care about anything.

When Xu Xiangzhi walked around him, he acted as if he didn't see it, neither negating nor affirming it, making her unable to guess her own heart.

Chapter 1229: Please don't think of me again

It was the second night.

Xu Xiangzhi prepared a sumptuous meal, and even accompanied Zhu Dongjin to dinner with him.

Zhu Dongjin also specially opened a bottle of preserved red wine.

Zhu Qixiong felt pain in his heart when he looked at this magnificent dining room.

When he was young, how much he wanted to have dinner with Zhu Qiming and the others, but at that time, Xu Xiangzhi acted one way in front of the other and behind the other, forcing Zhu Dongjin to treat him as a traitor, and he was not even allowed to eat at the table.

He was always alone in his room eating the leftovers they brought over after they ate.

Now, they knocked him unconscious and captured him, locked him in the basement, let him out again, and invited him to a big meal.

Is this treating him like a three-year-old child!

"Qixiong, you are not young now. When your mother left, she told me repeatedly that she wanted me to treat you well and help you start a family. This matter has been taken care of." After Zhu Dongjin drank the red wine, he actually picked up a chopstick dish for Zhu Qixiong himself, with a loving father on his face.

Zhu Qixiong snorted coldly, poured all the red wine into his mouth, and put it heavily on the table: "Mr. Zhu, Ms. Xu, thank you for your painstaking efforts to knock me out and bring me back, and thank you for giving me all my shares. Stolen, and even auctioned off the villa my mother left me, thank you for letting me have nothing, and now hypocritically want to arrange a marriage for me, I just want to ask you: Do you have the face to do this? Are you worthy? Do I need you to arrange my marriage? Tell you, don't think that I don't resist. I won't listen to your fiddling, please be self-aware."

After speaking, he stood up abruptly, picked up the wine glass and splashed it on Xu Xiangzhi's face.

Red wine splashed on Xu Xiangzhi's face.

Xu Xiangzhi screamed, her eyes were burning with pain, and she covered her eyes with her hands and wailed.

"You beast..." Zhu Dongjin was so angry that he trembled all over, pointing at him, speechless.

Zhu Qixiong sneered: "Mr. Zhu, please don't think of me again in the future. I already have nothing, and there is nothing to be exploited by you. In this life, my relationship with you has long been exhausted. Now even a stranger Not counting, I warn you, if you still send someone to knock me unconscious and bring me back, or force me to marry someone, then I'm sorry, I will definitely call the police, this is the last time I will tolerate you, and I will leave."

After he finished speaking, he overturned the dining table, turned around and strode outside.

"You, you..." Zhu Dongjin trembled with his fingers, trying to say something, but suddenly fell down.

At the gate, security guards stopped Zhu Qixiong.

Thankfully, his silence these days made them relax their vigilance, thinking that he had figured it out, so only one security guard was sent here.

Zhu Qixiong preemptively kicked the security guard, kicking him in the chest, and the security guard was kicked far away.

He clapped his hands and walked away.

Cafe.

Lan Feiyun carefully stirred the coffee slowly, scooped it up and drank a small spoonful, it was really fragrant.

And it's just an ordinary cup of coffee!

In the past, she could drink the most expensive coffee in the world, but now, she can't even drink a cup of ordinary coffee.

Poor, now she is so poor that she can't even wear her underwear.

She can't be a poor person in this life, that would be worse than killing her.

Not long after, high heels sounded.

Chapter 1230: we are all people

Dressed in a famous brand, the noble and eye-catching Xu Xiangzhi walked in slowly with a limited-edition handbag and high heels.

"Madam Zhu." Lan Feiyun immediately stood up when he saw her, nodded and bowed, accompanied by a smiling face, very enthusiastic.

Xu Xiangzhi glanced at the destitute Lan Feiyun, and smiled at the corner of her lips: "Mrs. Shen, what can you do with me?"

Lan Feiyun's eyes fell on the shiny hardware of her bag, and she swallowed greedily.

In the past, she also had such a bag, but now, she can't even afford an ordinary bag.

"Madam Zhu, yes, of course there is something to do." Lan Feiyun smiled brightly.

"What's the matter? Tell me, I'm still busy." Xu Xiangzhi sat down in front of her without putting down her bag, apparently not planning to sit for a long time.

"Mrs. Zhu, I'm here today to help you." After taking another sip of coffee, Lan Feiyun spoke very calmly.

"Help me?" Xu Xiangzhi snorted coldly, and gave her a disdainful look, "What can you do for me?"

This woman is ruthless, she knows best, if she can take the initiative to find her today, there must be nothing good!

It's nothing more than trying to gain benefits from her.

She is not a fool, and she will not be allowed to succeed.

Who knows, Lan Feiyun smiled confidently: "Madam Zhu, what bothers you recently?"

Annoying thing?

Xu Xiangzhi was stunned for a moment, if she wanted to talk about something that bothered her, it would of course be Zhu Qixiong.

Zhu Qixiong and Wu Xueying's engagement ceremony, which was arranged by her, will be held soon, but since he left the table in anger that day, he has never been found again, as if he disappeared.

Now Wu Xueying often calls to ask about Zhu Qixiong, but she can only be vague.

Of course, it doesn't matter whether Zhu Qixiong marries Wu Xueying or not, but the highlight is that Zhu Dongjin asked the old lady for a 20 million bride price through this matter.

After the 20 million is given to Wu Xueying, she will bring back 40 million. That is her goal.

Forty million is a lot of money for her, and she is greedy and wants to take it to Singapore together.

After this ordeal, the Zhu family no longer has any money, so she can leave with peace of mind.

But all of this requires the cooperation of Zhu Qixiong, otherwise it will be easy to slip through!

She squinted her eyes, looked at Lan Feiyun and said, "I'm rich and powerful, so what's bothering me? Do you think that if the Zhu Group is going to be disbanded, I will have embarrassment and troubles?"

"No, really not." Lan Feiyun knew her very well, "That won't affect your wallet at all, the bad luck is just wishing your family."

"What do you mean?" Xu Xiangzhi asked vigilantly with a cold face.

Lan Feiyun smiled: "Madam Zhu, come on, we are all people from the same road, and I know you best, so please don't pretend, people don't say dark words, just say what I have to say, now are you Can't find Zhu Qixiong?"

Xu Xiangzhi's eyes were cold: "What do you want to do?"

"Hey." Lan Feiyun smiled, "Mrs. Zhu, I heard that you have been planning to marry Zhu Qixiong and Wu Xueying."

"Yes, Zhu Qixiong is the young master of our Zhu family, so I, as a mother, naturally have to care about him."

"Tch." However, before she finished speaking, Lan Feiyun sneered: "Mrs. Zhu, don't put a high hat on yourself. Everyone knows who you are. Zhu Qixiong was raped by you since he was a child." Who doesn't know what it's like, do you care about him so much, and it's not because of the Wu family's money."

"Lan Feiyun, did you come here today to get smoked?" Xu Xiangzhi's face darkened, and there was a murderous look in her eyes.
