

Troublemakers 1231

Chapter 1231: Then I'll wait for your notice

"Hey, Mrs. Zhu, as I said, I'm here to help you." Lan Feiyun was not afraid of her at all, and smiled.

"It's so arrogant and ridiculous, and you don't take a **** and look at yourself, do I need your help?" Xu Xiangzhi said with contempt and disdain on his face, "You should take care of yourself first, look at your shabby air, Just don't go begging."

"Yes, I'm very poor now, but it's definitely valuable for me to come to you. If you can't find Zhu Qixiong, you won't be able to get the money from the Wu family. That loss is too great." Lan Feiyun was very sad. confidence.

Xu Xiangzhi squinted her eyes to look at her, and sneered: "So many people in our Zhu family can't find him, so how can you find him? Did you kiss him?"

"So, that's why I came to you. What you can't do may not be what I can't do. If you don't believe me, let's make a bet and try."

Looking at Lan Feiyun who was full of confidence, Xu Xiangzhi felt a little nervous in his heart.

Does this woman really know where Zhu Qixiong is?

"Okay, if you can find Zhu Qixiong and get him back to attend the engagement with Wu Xueying, then I will trust you." She finally said.

"Don't worry, I promise to get him back."

"Okay, tell me, what reward do you want?" Xu Xiangzhi knew that Lan Feiyun came for money, so she asked.

"Mrs. Zhu is really refreshing." Lan Feiyun smiled and stretched out three fingers: "If I can get Zhu Qixiong back to Zhu's house, then you must give me three million."

"You want too much." Xu Xiangzhi sneered.

"Not much at all." Lan Feiyun said, "If Zhu Qixiong and Wu Xueying get engaged, you can get at least tens of millions. This mere three million is really too little, isn't it?"

Xu Xiangzhi rolled her eyes, weighing in her heart.

"Mrs. Zhu, if you don't want to give up small money, how can you get big money? Judging from the current situation, it is impossible for Zhu Qixiong to come back and obey your orders. There are only a few days away from the engagement ceremony. You can do it yourself, and I won't force you." " Lan Feiyun said no more, stood up, pretending to turn around and leave.

"Slow down." Xu Xiangzhi finally spoke when she was about to walk out.

Lan Feiyun secretly heaved a sigh of relief and turned around.

"Madam Zhu, you are really smart and know how to weigh money."

"Okay, I promise you."

"Okay, then we have a happy cooperation." Lan Feiyun stretched out his hand to her, smiling all over his face.

Xu Xiangzhi shook hands with her reluctantly: "Mrs. Shen, then I will wait for your notice."

She left with her bag.

"Slow down, Mrs. Zhu, no matter what you say, you should pay a deposit first, right? Otherwise, how can I believe that you will not betray?"

Xu Xiangzhi turned around: "You don't believe me?"

"It's not a question of belief or disbelief, it's a rule." Lan Feiyun smiled, and took out a deposit slip that he had prepared in advance from his pocket, "A deposit of 500,000 yuan is a lot, if you give Just make a deal, let's all be quick, everyone's time is precious."

Xu Xiangzhi had a cold light in his eyes.

"It's still the same sentence, don't force it." Lan Feiyun settled her mind, said firmly, and turned to leave again.

"Okay, I'll give it to you." Xu Xiangzhi finally compromised.

After all, 40 million is still much larger than 3 million.

Lan Feiyun smiled.

"When the deposit arrives, I will start to act." She gave the deposit slip to Xu Xiangzhi, drank all the coffee on the table, and packed the coffee that Xu Xiangzhi hadn't drunk. She waved her hand and left triumphantly.

Go to the exit, turn around again,

"Madam Zhu, maybe you can still use me in the future, so let's make friends, don't worry, as long as I meet the conditions, I will never be ambiguous in my work."

After speaking, she swaggered away.

The time in Xu Xiangzhi's eyes was gloomy and unpredictable.

Chapter 1232: will be scolded to death

"Meimei." Lan Feiyun came back with a happy face, Shen Mei was sitting on the sofa and eating melon seeds, and she gave her the coffee she brought back.

"mom."

"Oh, daughter, you can't eat sunflower seeds, your face is not healed yet, cracking sunflower seeds will deform the facial muscles." Lan Feiyun snatched the sunflower seeds from her hand and threw them into the trash can.

"Mom, I don't have anything to eat at home now, and I can't go out to meet people. You must let me have some hobbies. Besides, the food at home is poor, and I'm hungry." Shen Mei's face was full of displeasure.

"Don't worry, I will buy you delicious food tomorrow, and we will have money tomorrow." She comforted her.

"Really?"

"Of course it's true, when did Mom ever lie to you?"

"Mom, where did the money come from?"

"Come on, let mom take a good look at your face first." Lan Feiyun didn't answer but carefully took care of Shen Mei's face, "It's still a little bit close, overall it's still very similar, not bad."

"Mom, what do you mean?" Shen Mei was anxious.

"Don't worry, you will be able to move freely soon, and you will have money to spend soon." Lan Feiyun smiled, "Mom's bank card will have 500,000 in credit tonight, and tomorrow I will buy you new clothes. Makeup and snacks to go."

"That's great, Mom, you really have a way." Shen Mei smiled happily, as long as she has money and can let her eat and drink well, she will be very happy, and she likes to live a life of rich people.

"Well, but, from today onwards, you have to learn Shen Ning's voice. The more similar you are, the better. Also, you have to learn her movements."

"Mom, why are you learning this?"

"You are stupid, can you get close to Li Zhenting without learning this? He is so smart that he can recognize you as a fake at a glance. Of course, you can learn slowly. You don't need to get close to Li Zhenting for the time being, but the voice needs to be heard first." Learn well, because we already have things to do and money to make."

Shen Mei looked at her puzzled.

Lan Feiyun took out a phone card from his bag and said, "Do you know what this is?"

"What?"

"This is Shen Ning's phone number card, I made an identical one."

"Can this all work?" Shen Mei was curious.

"It's just for temporary use. Anyway, let the other party know that you are Shen Ning, and it's fine if you don't know how to pass through."

"oh."

"Practice by imitating her voice first, there will be a task for you to do soon." Lan Feiyun put the calling card into Shen Mei's mobile phone.

At this moment, a notification sound came from her mobile phone.

She picked it up and looked at it, beaming with joy: "Meimei, we are rich, and half a million has already been credited, I'll go and order something delicious, and our family will have a good meal tonight."

"Okay." Shen Mei was so happy that she almost drooled.

Shaw Villa.

Li Zhenting walked in.

"Ke Ke, come here." As soon as he came in, he saw Ke Ke sitting on the sofa reading a comic book, and hurriedly beckoned to him.

"Daddy." Seeing that it was Daddy who came back, Ke Ke was very happy, jumped off the sofa and ran over.

"Come on, ice cream." Li Zhenting took out a cylinder of ice cream from his bag and held it in front of him.

"Ah, thank you Daddy." Ke Ke happily took it.

"Shh." Li Zhenting immediately put his finger to his lips and shushed, "Don't talk, your mommy will find out by then, you and I will be miserable, we will be scolded to death."

Chapter 1233: Should you return your mommy to daddy?

"Oh." Coco stuck out her tongue and nodded fiercely, "Okay, I won't talk anymore, just eat quietly."

After speaking, Xiaopang untied the lid with his hands and took a spoon to scoop up and eat.

"Is it delicious?" After a while, it turned upside down, and he was still licking with his tongue.

There is no way, Shen Ning usually controls too strictly, and doesn't give him these things at all, but Li Zhenting gave them secretly.

"tasty."

"It's delicious, Daddy will buy it for you next time." Li Zhenting seduced.

"Daddy, you are so kind, I love you." Coco licked her lips and smiled.

"Coco, Daddy treats you well, so shouldn't you also treat Daddy well?"

"Of course, don't worry Daddy, I will speak well of you in front of Mommy in the future." Coco was quite understanding.

"Yes, filial piety." Li Zhenting touched his head, hugged him and asked in his ear, "How many days have you slept with Mommy?"

"One, two, three..." Ke Ke counted on his fingers, "It seems to be seven days."

"Wow, have you been asleep for so long? It's been too long." Li Zhenting looked surprised.

Ke Ke smiled: "We all like Mommy and sleep with her."

"Then Daddy also likes your mommy, and wants to sleep with her, but you always occupy Mommy, so Daddy is not happy. Originally, Daddy should sleep with your mommy. Now you are the little ones." The light bulb has been used for so long, shouldn't you return your mommy to daddy?" Li Zhenting's expression was very serious.

Ke Ke opened his eyes and thought for a long time, it seems to be the reason.

"Besides, if your mommy doesn't sleep with Daddy for a long time, then she won't like Daddy anymore. If I find another Daddy for you, do you like it?"

"I don't like it." Coco immediately shook her head.

"So, you should let Daddy sleep with Mommy, right?"

"Right."

"Not right, but definitely right."

"Well, definitely."

"Then do you know what to do?"

"I know, I will let Mommy sleep with you, and we will sleep in our own bed at night."

"so smart."

"But what if Mommy doesn't want to?"

"Just sneak away by yourself when you sleep until midnight."

"All right."

"Then you have to do Ding Ding and the little thought work well, so that Daddy will buy you delicious food every day."

"Okay, don't worry, Dad, just leave this matter to me." Coco patted her chest and promised.

"So good." Li Zhenting kissed his little cheek hard.

Coco has a certain leadership ability, he believes he can persuade Ding Ding and Xiao Xiao.

Father and son went in together after speaking.

After putting down the cocoa, Li Zhenting walked towards Shen Ning's bedroom.

Shen Ning was feeding the baby water, feeling a little dazed.

She couldn't find Zhu Qixiong for so many days, she was really flustered, she wanted to call the police, but she was not Zhu Qixiong's family after all, she wanted to go to Zhu Qixiong's family, it seemed that no one in the Zhu family except the old lady Zhu cared about him life and death.

And now she has a lot of scandals with Zhu Qixiong, it's really not good for her to go to Zhu's mansion alone to deal with this matter.

Seeing that her good friend has no news, she is very anxious.

"Ning Ning, be careful, the baby will choke." Li Zhenting stood next to Shen Ning and called her several times, but she didn't respond. Seeing the little guy drinking water so that his face turned red, he felt distressed, so he called out reminded.

Chapter 1234: Can you give me some dignity?

Shen Ning was startled and woke up.

"I'm sorry, baby, Mommy forgot." When she came back to her senses, she heard the baby coughing, and was so frightened that she immediately hugged the baby and patted her on the back, apologizing repeatedly.

"Ning Ning, what are you thinking about all day long? You can lose your mind even after feeding the child with water. I'm really worried about letting you take the child alone." Li Zhenting's face was serious.

Shen Ning was startled, Ge Di remembered something, and looked at him vigilantly: "Li Zhenting, what do you mean? What do you want to do?"

By saying this, does this man want to **** the custody of the two little treasures?

She must always be on guard against his robber character.

Li Zhenting saw that her ears were pricked up, her eyes were round, her small nose was red, and her nervous appearance was really cute, she pursed her lower lip, and her eyes darkened.

"I don't mean anything, I just want you to concentrate on taking care of the baby."

"You don't need to remind me, get out, don't dangle in front of me."

"Shen Ning, you are getting more and more courageous now, and you always let me go in front of me. After all, I am also a man, can you give me some dignity?" Li Zhenting touched her nose, his face full of pampering.

No matter how she yells at him or disrespects him, he loves her so much that he is reluctant to say a word that hurts her.

"You asked for it yourself, you deserve it." Shen Ning walked aside holding the baby, patting and coaxing him.

Li Zhenting picked up the other one and followed her like a dog skin plaster.

Shen Ning almost bumped into him while turning around occasionally.

"I'm sorry." He immediately turned around.

The man was wearing a black shirt with wide shoulders and narrow waist. The color of the shirt made him look a bit more inaccessible and cold, but he was still clinging to her, which gave Shen Ning the illusion.

mistakenly believed that the man had changed his mind and lost his mind.

After a while, Keke, Ding Ding and Xiao Xiao all came over in line wearing clean pajamas, all clean and fragrant.

As soon as they came over, the three little guys scrambled to climb onto the bed.

"Mum, we're going to bed." San Xiaozhi sat up on the bed and looked at Shen Ning with a smile.

"Okay, you guys go to sleep, Mommy will sleep with you after taking care of your younger siblings."

Li Zhenting fixed his eyes on Ke Ke, and kept winking at him.

Coco didn't seem to see it.

Li Zhenting couldn't help feeling annoyed.

This kid, did you forget about bribing him just now?

Shouldn't he give up Mommy to his daddy! Keeping him dry all the time makes him almost sick!

"Boss Li, it's getting late, you can go, don't disturb the children's sleep." At this time, Shen Ning instructed him.

When Li Zhenting heard this, he asked him to leave? So how?

He smiled and said, "Ningning, I have something important that I haven't told you."

"What's up?"

"Wait until the kids are asleep."

"Tomorrow then." Shen Ning immediately cut off his thoughts. These days, he is very ghostly, and he feels that nothing good will happen. It is better to talk during the day and keep a distance from him.

After finishing speaking, she handed the baby over to a special nurse who just came in, and immediately went in to take a bath.

Unexpectedly, after she came out of the shower, she opened the outside door and immediately bumped into a fleshy wall.

She raised her eyes in shock, Li Zhenting was staring at her chest with a wicked smile on the corner of her lips.

Just taking a shower, she didn't button up that line tightly, how could she know that he was barging in, she immediately took a few steps back in a panic, and covered her chest with her hands.

"Li Zhenting, what are you doing?" She said sternly.

Chapter 1235: I can't believe I can't deal with him!

Li Zhenting pursed his lips and smiled charmingly. Not only was he not scared off, but he took a few steps forward and locked the door with his backhand.

"I told you, I still have something to ask you."

"Let's talk about it tomorrow."

"No, it has to be now." Li Zhenting's eyes were like fire, sweeping across her body.

Shen Ning was a little panicked, the man was covered in heat waves, and there was obviously a tendency to have a certain sex.

"Li Zhenting, if you dare to spread scoundrels in my house, I will call the police immediately, and you will be the one who will be ashamed." Shen Ning threatened fiercely.

Li Zhenting pursed his dry lips: "Ningning, I can go to jail for you, let alone the reputation, I never care."

"Yes, you don't care, but Li's Group does. The stock of Li's Group will plummet because of your reputation, and it will also lose its reputation because of your behavior."

"I bet you don't dare to call the police, after all, Li's group will belong to Ke Ke and Ding Ding in the future."

Shen Ning was at a loss for words for a while, and was very angry!

Li Zhenting laughed happily, and suddenly stretched out a hand in front of her from behind, and said, "Didn't I tell you the day before yesterday that the real estate certificate of the villa I gave you has been sent over, here, give it to you."

"No." Shen Ning finally understood what was going on, but she didn't even look at it and refused on the spot.

Li Zhenting's eyes turned cold: "Do you dare to refuse?"

"I am me, why don't you dare? You are so funny." Shen Ning raised his head and stared at him coldly.

Li Zhenting suddenly put his arms around her waist, and pulled her to the front: "Don't you dare to say it again."

"I..." Shen Ning just opened his mouth.

Li Zhenting's lips suddenly kissed her hard, and he kissed her lips, his hands restless on her body.

Shen Ning was ashamed and angry, and reached out to push his chest.

He not only directly pressed the back of her head, but also put his arms around her, and carried her to the marble platform. The tall figure covered her, and kissed frantically, not leaving her any room to breathe.

Shen Ning gradually went limp all over.

It wasn't until Li Zhenting felt that she had behaved a lot that he let her go.

"You bastard." Shen Ning was crying, as if being bullied by a hooligan, pushed him away, turned around and lay down on the marble platform, turned on the faucet, and washed his lips. Repeatedly and vigorously, his lips were almost cracked.

Li Zhenting's cold gaze seemed to kill her: "Shen Ning, do you hate me so much?"

His voice was very cold, so cold that Shen Ning trembled.

"Yes, please let me out immediately, otherwise, I will ask the security back tomorrow, and you will not be allowed in again." Shen Ning said angrily.

"you dare."

"Then try it and see if I dare?"

Li Zhenting's eyes were about to catch fire, this woman dared to ask someone to stop him in.

Shen Ning stared at him not to be outdone.

Why should he bully her if he wants to? What is he? Isn't it because of the money? She also has it. The big deal is that she invited ten strong security guards to deal with him. I don't believe she can't deal with him!

"It seems that you are still disobedient." After a stalemate for a while, Li Zhenting's eyes turned cold, "You think that I will be afraid, if that is the case, then I will simply make you disgusted tonight."

After the words fell, his lips fell again.

This time, his kiss was deeper and rougher, until Shen Ning was lying on the marble platform, his whole body was limp and weak, and he couldn't even stand up.

A satisfied smile appeared on his face.

Shen Ning was so angry that he wanted to take revenge on him.

"Do you still need to kiss?" Seeing that she still wanted to take revenge, Li Zhenting increased his tone, and pretended to kiss her again.

Now, Shen Ning was too scared to speak.

The corners of Li Zhenting's lips curled up, and he stuffed the real estate certificate into her hand: "Do you still dare to refuse it? If you dare, let's see how I deal with you."

Shen Ning held the real estate certificate, but dared not speak out.

Li Zhenting laughed, put his arms around her waist and walked out.

If he can't conquer her anymore, he is not a man!

But Ke Ke, who clearly agreed to him, why is he still occupying her mommy? It seems that tomorrow I have to ask him why his words don't count.

Chapter 1236: I don't dislike you

"Li Zhenting, the children are all asleep, hurry up, don't disturb their sleep." In the bedroom, the three little ones were already in a deep sleep, their innocent little faces blushed, and their delicate facial features were cute and cute.

Coco was next to Ding Ding, and the two fell asleep side by side. Xiaoxiao slept sideways beside Coco, with her short legs on Coco's lap.

The three little guys have already taken up two-thirds of the bed.

There is indeed no place for Li Zhenting here.

But Li Zhenting was determined to stay, looking left and right, still looking for a chance to stay.

Shen Ning bent over to go to bed, put her little short legs off Ke Ke's body, and put the children in a sleeping position.

When she moved, her pajamas were lifted up slightly from time to time, revealing the tender skin inside.

Li Zhenting stood beside him, distracted.

After a while, Shen Ning stepped back with his **** up, his white and tender feet swaying, and his skin under the sleeping veil was like snow.

Li Zhenting felt like his body was on fire.

He swallowed his saliva, and before Shen Ning got out of bed, he pulled Shen Ning into his arms with his big hand, and grabbed Shen Ning's little feet with his big hand.

"Ah." Shen Ning was taken aback and screamed out loud. When he realized that Li Zhenting was sexing himself, he shouted sharply: "Li Zhenting, do you want to die?"

She was very loud and stern.

Xiao Xiaoxiao, who was sleeping next to her, was frightened and woke up in an instant, jumped down, pursed her mouth, and cried out loudly.

As soon as she cried, Ke Ke and Ding Ding's little faces wrinkled, and they were about to wake up.

Li Zhenting was taken aback, he didn't expect Shen Ning to be so serious, with such a loud voice, he panicked all of a sudden.

Taking advantage of the moment when he lost his mind, Shen Ning crawled out of his arms, picked up the pillow and beat him, saying while beating: "Li Zhenting, do you want to wake up all the children? Let them see you Such virtue."

Li Zhenting from Shanshan.

Shen Ning's attitude of resolutely resisting him made him feel annoyed and at a loss. Of course, he didn't want to wake up the children, so he walked away in a desperate manner.

"Crazy." Seeing Li Zhenting who finally left, Shen Ning was relieved.

She comforted Xiaoxiao and lay on the bed, thinking of what Aunt Dong had said in her mind:

Ning Ning, after all, Boss Li is a man and the richest man in the imperial capital. I don't know how many women want to climb into his bed every day. He can flatter you in such a low voice and want to save you. Give him a chance, and he will be in trouble if he is really seduced by another woman.

Of course, it doesn't matter if it's just you, but now he is the father of your five children, you don't need him, but the children need a father.

Sometimes enough is enough, but don't overdo it! Push him further and further away.

Shen Ning was upset, turned over, and the childish faces of the children appeared in front of his eyes.

She stared blankly at the faces of the children.

the next day.

Waking up early in the morning, she walked to the living room after breastfeeding the children, and saw Li Zhenting sitting at the head seat in the dining room, with a handsome face with sharp edges and corners, and the breath of forbidden bathing all over her body, she looked refined and refined .

It was hard for her to imagine how he pestered her for **** last night. Pursing her lower lip, her eyes deepened.

Last night, how did he solve it?

Ah bah, I'm so useless! She scolded herself, what does this have to do with her! She was actually worried about him!

"Ning Ning, Aunt Dong has already made breakfast." As soon as Shen Ning came over, he put down the phone in his hand, and looked at her with gentle and affectionate eyes.

Shen Ning ignored him and just sat down opposite him.

"Brown sugar glutinous rice porridge, bird's nest, drink more, so that there will be more milk." Li Zhenting regarded himself as the master of the family, and ordered Shen Ning to have breakfast.

"No, I've gained more than ten catties." Shen Ning didn't want to eat more, and he was getting fatter and fatter during this time.

"What are you afraid of? I don't dislike you. I like you to be fat." Li Zhenting smiled.

Chapter 1237: It's so loving!

"Do I need you to like me? I'm being passionate." Shen Ning only ate a few dumplings, drank a bowl of milk, and was ready to go to work.

"Ning Ning, no, you have to drink this bowl of bird's nest porridge before you can leave." Li Zhenting stood up and grabbed Shen Ning, walked around the table to her, pulled her into his arms, and took the bird's nest porridge placed in front of her.

Shen Ning disobeyed.

Li Zhenting smirked: "Did you miss me?"

Hello? Shen Ning was horrified when he heard that what this man said was not simple.

At this moment, Aunt Dong came out.

Shen Ning didn't want Aunt Dong to see them feeding the porridge, so he had to bite the bullet and took the bird's nest porridge in Li Zhenting's hand and drank it obediently.

The corners of Li Zhenting's lips curved in satisfaction.

Shen Ning put down the porridge bowl, bowed his head and left.

"Don't worry, come with me." But Li Zhenting grabbed her hand.

"No, I don't go the same way as you." Shen Ning tried hard to shake off his hand, but the man's big hand was so powerful that it pulled her tightly. Shen Ning couldn't break free, so he could only roll his eyes at him.

Li Zhenting pretended not to see, dragged her hand and walked outside.

"Let's go to work together." Li Zhenting took Shen Ning to his car, asked her to sit in the passenger seat, and started the car.

"You are crazy, I am going to my own company."

"I know, so I'll see you off, and my office is upstairs from yours. During this time, I'm working upstairs from you. We're going the same way."

"You actually want to work upstairs from my office?" Shen Ning's eyes widened, thinking that this man was crazy, the upstairs was just one of his office areas, and he didn't sit in the big office of the Li Group. Isn't it crazy to lead the Li Group to work here?

"What's wrong? Is there a problem?" Li Zhenting asked knowingly.

Shen Ning was speechless.

At this time, Li Zhenting had already parked the car at the entrance of Guqi Building.

Shen Ning opened the car door and was about to get out of the car, but Li Zhenting came to her car door with long legs ahead of time, and took the initiative to open the car door for her.

"Come on, let's go." Li Zhenting bent down slightly and put his hand in front of her in a gentlemanly manner.

Shen Ning stared at the man with ulterior motives.

Li Zhenting had a sly smile on his face.

He took the initiative to reach out and hold Shen Ning's hand, and brought her out.

Shen Ning was almost restrained by him, and walked towards the building holding hands.

When they appeared at the gate of Gucci, all eyes were on them.

"Hello, Mr. Shen, Mr. Li." All the staff greeted Shen Ning and Li Zhenting politely, and watched their holding hands with smiles in their eyes. Some staff even took out their mobile phones to secretly give them pictures.

Boss Li and Boss Shen are so affectionate! So loving!

Shen Ning's face was slightly red, feeling very embarrassed.

She really wanted to kick Li Zhenting, but she couldn't do it in front of so many people, and she was afraid of being laughed at.

Obviously, Li Zhenting took advantage of her inner conspiracy to succeed.

"Li Zhenting, what exactly do you want to do?" Shen Ning pushed him away as soon as he arrived at the CEO's office and asked angrily.

Looking at her wide-eyed but helpless look, Li Zhenting smiled triumphantly: "Don't worry, I don't want to do anything except love, and I promise I won't do anything bad."

"Li Zhenting, please, we've divorced a long time ago, and I don't love you anymore. It's useless for you to pester me. I just didn't drive you away for the sake of the child. I hope you don't drive me away. Pushed into a desperate situation." Shen Ning threatened with a blank face.

Li Zhenting's heart sank, and he suddenly grabbed Shen Ning's arm and forced her to the sofa, raised her chin with one finger, and pointed directly at her face: "Ning Ning, touch your heart and tell me, do you really not love me at all?"

"Yes, I don't love you at all." Shen Ning answered affirmatively, without leaving him a little thought.

The warm light in Li Zhenting's eyes gradually turned cold: "So, you are in love with Zhu Qixiong?"

Chapter 1238: He actually found it.

"Yes, Zhu Qixiong is affectionate and righteous to me, and it's not impossible for me to fall in love with him." Shen Ning didn't want to leave him with any thoughts at all, lest he entangle her with no moral bottom line, or maybe it was out of A kind of revenge mentality, she answered very simply.

Li Zhenting's face finally darkened.

He looked at her for a while, then suddenly let go of her, turned around and strode outside.

Shen Ning glanced at his lonely and frustrated back, and thought to himself, he should be scared of being hit this time, and he won't have any wrong thoughts about her in the future.

It better be like this!

She took a breath, feeling as if she had let go of a mountain, she seemed relaxed, but there was a faint thread in her heart, messy and heavy.

However, she quickly let go of this feeling and began to search for Zhu Qixiong with all her strength.

Thinking that Zhu Qixiong had disappeared for so many days, anxiety filled her eyes.

What happened to him?

Upstairs.

Li Zhenting came to the office full of anger and punched the wall hard, but soon he calmed down, sat lazily on the sofa in the office, crossed his legs, opened the door leading to the downstairs. The small door of the office looked directly at Shen Ning in the CEO's office downstairs.

Hmph, if you don't want me to face you, there's nothing I can do.

Let me tell you, I have plenty of solutions!

At this time, Shen Ning was downstairs on the phone, busy, and she could vaguely see the anxiety on her face.

He narrowed his eyes.

Needless to say, this woman is calling Zhu Qixiong.

Just now, she said in front of him that she fell in love with Zhu Qixiong!

He will not believe it!

She thought that if she said this, he would be discouraged and give up on her from then on! impossible!

If he doesn't know other women, but he still knows about Shen Ning, based on his feelings, Shen Ning still has feelings for him.

Last night, when he kissed her, he clearly felt the change in her body.

It's not that she doesn't feel for him anymore, but she is still angry, trying to deliberately anger him and drive him away.

Unexpectedly, this dead woman's revenge is still quite tenacious.

Downstairs, after making several phone calls, Shen Ning still had no news of Zhu Qinan, and wanted to drive out to look for him, but today she was forced by Li Zhenting to come here in his car, and her own car didn't come, so , she has no way to drive to find it.

This man must have done it on purpose.

Shen Ning looked up upstairs and rolled his eyes several times.

That **** man must be sick, he went to his upstairs office to work when he was well, I don't know what tricks he is playing, and he feels that nothing good will happen to him.

When she was anxious.

Sudden

Doorbell rang.

"Come in," she said.

The door is open.

A thin and slender figure walked in.

"Ning Ning." The man walked in and softly called her name.

Shen Ning raised his eyes.

God, isn't this Zhu Qixiong!

He actually found him.

There is really nowhere to look for, and it takes no effort to get it.

"Qixiong." She stood up excitedly and called in a trembling voice.

"Ning Ning." Zhu Qixiong stared at her with deep eyes, standing there just looking at her.

"Qixiong." After many days of worrying and searching, after seeing Zhu Qixiong at this moment, Shen Ning was really pleasantly surprised. After yelling again, he ran towards him with big strides, and hugged him tightly with open arms. He murmured, "I finally found you, I finally found you, okay, okay, it's good that you are here."

"Ning Ning." Zhu Qixiong was stunned, stretched out one arm to hug her, patted her back with the other hand, and whispered in her ear, "Don't worry, I'm fine, I'm fine."

"Qixiong, as long as you're fine, you know? I've been looking for you these days, everywhere, but I can't find you. I'm so worried. Why don't you call me? Why don't you report that you're safe? ? I don't know what happened to you now, what happened to you? What happened? Why don't you know that I'm worried if you don't even say anything to my old friend?" Shen Ning beat his chest lightly with his fist ,

emotionally, "You know? I want to call the police but I don't know how to call the police. I want to find you but I can't find you. I don't even know if you are still alive. Next time, you must not do this, otherwise, I will never I'll take care of you."

Chapter 1239: I'm really having a hard time

"Ning Ning, I'm sorry, I'm sorry, I should call you." Shen Ning's complaints, worries, concerns and concern for him made Zhu Qixiong feel warm all of a sudden, no one has ever cared so much when he grew up Shen Ning was the first one to pass him, he was really touched, hugged her tightly, and apologized repeatedly.

After a while, Shen Ning's mood stabilized, and he grabbed Zhu Qixiong's hand and looked him up and down.

Look at this

Can't help but make her tremble again.

Is this still the suave young master Zhu from before?

Although he was still wearing the original suit at this time, the suit was wrinkled, and the leather shoes under his feet were not as shiny as before, and this was not counted. What surprised Shen Ning the most was that his face was obviously thinner. , the eye sockets are also sunken, and the two eyes look even bigger. Although the beard has been trimmed, it looks uneven no matter how you look at it. .

"Come, sit here." Shen Ning pulled Zhu Qixiong to sit on the sofa, and asked with a serious face: "Qixiong, what happened to you? If you still treat me as your friend, then please Tell me the truth, otherwise, I will be angry."

Zhu Qixiong bowed his head and was silent for a while, then said: "Ning Ning, I came here today to see you, I miss you every day these days, I want to see you so much, and secondly, I want you to help me, I It's just too difficult right now."

After finishing speaking, he whispered what happened recently.

"As expected, Xu Xiangzhi is too vicious, and Zhu Dongjin is too confused." Shen Ning was very angry when he heard it, and cursed bitterly.

"Yes, so, she is interested in Wu Xueying's family's money, and she won't let me go easily. These days, in order to avoid being found by them, I hide at home every day." Zhu Qixiong said painfully and angrily.

In fact, penniless, he sleeps in a bridge hole every day, afraid to go out, fearing that someone sent by Zhu Dongjin and his wife will catch him and force him to get engaged to Wu Xueying.

He will never obey.

"Ning Ning, I'm sorry, it was really hard for me to come here to find you." Zhu Qixiong finally lowered his head.

Otherwise, it is absolutely impossible for him to come to find Shen Ning, how could he come to find the woman he loves with his self-esteem as a man.

"I know, don't worry about it, I was just thinking about helping you." Shen Ning immediately comforted him, "Well, let me inquire, and help you redeem the villa first..."

"No, no need." Zhu Qixiong shook his head hastily, the villa was too much money, too expensive, how could he let Shen Ning go bankrupt to help him, he didn't need it, and he would never want it, "You just need to give it to me. A job that doesn't need to show my face outside will be fine, I need to support myself, and then slowly start a business after a while."

Shen Ning looked at him in surprise, is this still the man who treats money like dung and is arrogant? Now I just want to have a job to support myself.

The world is vicissitudes, no one knows what will happen in the next second of life, when the hero is always in trouble, how can she just look at him and ignore him.

However, the job he wants is obviously not suitable for Gu Qi, and he can't work in her company, that would hurt his self-esteem too much.

"Qixiong, when you helped me escape before, I thought that I must pay you. At that time, all I ate and used was yours. Therefore, I want to pay you back some money, and now I just give it to you." Shen Ning smiled and said.

Chapter 1240: It seems that I still miss Kanaya Zangfu

"Ning Ning, please don't mention that little help in the past, it really shames me." Zhu Qixiong was extremely ashamed when he heard this.

As a friend, his little help to Shen Ning is really not worth mentioning.

"Why don't you mention it? The help a person gets in adversity is the most precious thing, and it is also the most cherished. If you are in trouble now, I should repay you. This is understandable." Shen Ning immediately spoke righteously.

"..." Zhu Qixiong bowed his head in silence.

"Qixiong, how about this, I have a lot of houses in my house, and there are still vacant rooms on the second floor, you should stay with me first, and don't come out during this time, don't let your father and Xu Xiangzhi find out your whereabouts, let them plot Success." Shen Ning made a decision after thinking for a while.

"Ningning, does this have any negative impact on you?" Zhu Qixiong was very worried.

A young man who lives in a woman's home is not afraid of gossip, but Shen Ning is different.

"It's okay, I still have Aunt Dong and a nurse at home, so don't worry at all." Shen Ning smiled brightly, without any scruples.

"Cough cough." Zhu Qixiong was forced to nowhere at this time, and was about to nod his head in agreement when Ge Di heard a man clearing his throat from behind, which made him turn his head away in fright.

Shen Ning was also taken aback, and quickly turned his head away.

I saw Li Zhenting standing behind them with a gloomy face.

"You..." Shen Ning was stunned, jumped up, looked at him, stammering.

"What? I saw you did something wrong?" Li Zhenting's face was gloomy, and his voice was cold.

"You... how did you get in?" Shen Ning looked around, his face gradually turning pale.

The door of the office was closed, why did he suddenly appear in front of them?

She raised her head to look at the ceiling, and then looked at the wall. Could it be that he can cast spells from the sky?

Li Zhenting smiled coldly: "What? Are you guilty?"

"Guilty you are stupid." Shen Ning woke up and shouted angrily: "Li Zhenting, how did you get into my office? Tell you, this is my office, not your home, you come into my office You have to knock on the door first and ask for my permission before you can come in. Don't you understand the truth? Why do you come into my office so swaggeringly and have the face to question me? What are you?"

Based on her intuition, there must be something wrong with Li Zhenting suddenly appearing in front of her like this, and the problem is not small.

In an instant, she had the feeling of being watched naked, which was very bad.

Instead of answering her question, Li Zhenting glanced at Zhu Qixiong lightly, and said mockingly: "Ning Ning, it turns out that you have raised an adulterer, no wonder you yelled at me, it seems that you still miss Jinwu Zangfu."

Zhu Qixiong couldn't stand listening to this, he stood up abruptly, and said displeasably to the yin and yang Li Zhenting:

"Mr. Li, please don't humiliate Ningning. She and I are just good friends. Now that I'm in trouble, she just wants to help me out of good intentions. Please don't insult her with your dirty thoughts. It's wrong and inhuman."

Li Zhenting sneered when he heard that:

"Yo, you guys are adulterers and adulterers who have agreed to the outside world, Zhu Qixiong, I really didn't expect you to be like this, a big man still needs a woman to help, it's really embarrassing for us men."

His voice was sharp and merciless.

Shen Ning couldn't stand listening to it!

"Li Zhenting, what right do you have to humiliate my friend? What are you? Please get out immediately." She pointed at the gate and spoke harshly.

After finishing speaking, he ignored him, just walked up to Zhu Qixiong and said apologetically: "Qixiong, I'm so sorry, I don't know how he came to my office suddenly, I divorced him a long time ago, you don't have to worry about him. You don't have to worry about your opinion, just go back with me, you must keep your bottom line, and you must not let the villain succeed."

"Okay, Ning Ning, thank you." Zhu Qixiong glanced at Li Zhenting, who had a dark complexion. His face was full of unwillingness. Although his words were strong and majestic, it could be seen that he had already lost completely in his bones, and Shen Ning didn't care at all. He, he already lost based on this alone, he felt a surge of joy in his heart, and readily agreed.
