

## Troublemakers 1271

### Chapter 1271: Those guys must have caught the wrong guy

"Haha, Meimei, the money came so quickly." Lan Feiyun laughed happily when he saw the extra 2.5 million in his bank card.

"Mom, I've taken a fancy to the little shawl set in the luxury space, hurry up and buy it with me." Shen Mei was also very excited.

"Okay, don't worry, my good daughter, as long as you cooperate with me in the future, I will buy you everything, and we will make a lot of money and live a good life together in the future." Lan Feiyun hugged Shen Mei and kissed her, happily.

"Well, Mom, I will cooperate with you well." Shen Mei's big eyes were full of anticipation and excitement.

Lan Feiyun put his arms around her shoulders and whispered into her ear.

"Well, good." Shen Mei nodded from time to time, and the mother and daughter discussed something in a low voice, with weird smiles on their faces.

Gucci office.

Shen Ning sat on the chair, her hands and feet were cold, the scene just happened made her whole heart beat.

She didn't know who she had offended, that she would be counted by others, and she didn't know whether Li Zhenting had found out the real situation of the gangster, so she sat in panic.

For a while, I thought of Zhu Qixiong again, and felt even more disturbed. I picked up the phone and called him, but his phone still indicated that it was turned off.

She thought of Aunt Dong, and when she was about to call Aunt Dong to ask about Zhu Qixiong's situation, Li Zhenting strode in.

"President Li." She immediately put away the phone.

Li Zhenting saw that she was going to make a call, but immediately put the phone away when he saw her, with a flustered look on his face, obviously he didn't want her to see it.

There was displeasure on his face, and his eyes turned cold.

"Ningning, did you offend anyone?" Li Zhenting stood in front of her, staring at her.

"No." Shen Ning shook his head, "I have never offended anyone."

"But the gangster said that someone wanted to pay them to take you away."

"Take me away?" Shen Ning was emotional, "Why did they take me away?"

"He said that someone appointed you, and they don't know what they want you to do."

"Nonsense, what can I do as a mother of a child? Those people must have caught the wrong person." Shen Ning felt that it was impossible!

"Are you sure they can catch the wrong person? This is not a trivial matter. They have been in the arena for many years, relying on this to make a living, can they make such low-level mistakes?" Li Zhenting frowned.

"But I haven't offended anyone, why did they arrest me?" Shen Ning's eyelids twitched.

If something happens to her, let's not talk about Coco, Ding Ding and Xiao Xiao, what about Xixi and Beibei?

Li Zhenting stared at her with deeper and deeper eyes.

"Are you going to let Zhu Qixiong live in your house?" He suddenly changed the subject.

"What's wrong? Can't you?" Shen Ning raised his eyebrows, "My friend is in trouble, shouldn't I help?"

"I'm just afraid that you will make yourself feel ashamed."

"Why am I ashamed? I am aboveboard with him, neither stealing nor robbing, who can I provoke?"

"Shen Ning, you are so naive." Li Zhenting shook his head.

"What do you mean? Li Zhenting." Shen Ning was very angry, "Do you think these gangsters were sent by Zhu Qixiong to harm me? Is this possible?"

Li Zhenting snorted: "You really know how to think, okay, you can do whatever you want, you won't listen to me anyway, but I'm warning you, you'll be ashamed by then, don't blame me for not reminding you you."

After speaking, he turned and walked outside.

"Hey, Li Zhenting, what do you mean, tell me clearly." Shen Ning saw that he had finished speaking in a strange manner and then left, he was holding his breath, and shouted from behind.

But Li Zhenting left without looking back.

### **Chapter 1272: you have to listen to me**

Shen Ning was already restless, but being hurt by such a yin and yang policeman like Li Zhenting made him even more depressed.

As soon as he left, she immediately picked up her mobile phone to call Aunt Dong.

The call got through this time.

"Ning Ning." Aunt Dong's voice was a bit noisy over there, and it seemed that she was not at home.

"Aunt Dong, are you home?"

"Ningning, I came to the hospital to see Xiaoxian's parents today, and I'm on my way now." Aunt Dong replied over there.

"Aunt Dong, didn't you go by car?"

"Ningning, I'm in the subway now, the signal is not very good, I can't hear you clearly, it's a bit noisy." Aunt Dong replied loudly over there.

Shen Ning felt sore when he heard it.

Aunt Dong is still so thrifty, she doesn't even want to take a taxi when she goes out, no matter how much money is given to her, she doesn't take it, as long as it is within her share, she is never greedy for more.

Every time I go out to buy vegetables or things, I insist on taking the bus or subway. A few times, she wants to take her there, but she doesn't want to do it anyway, saying it is a waste of gas.

Recently, she explained to her that now that Gucci has made a profit, she has money, and she will be given a salary increase.

She was happy, but when Shen Ning insisted on giving her 30,000 a month, she only wanted 10,000, saying that her nanny was worth that little money. If she got a higher price, other nanny would feel uncomfortable, making it difficult for her.

Helpless, she had no choice but to let her go. In fact, with Aunt Dong's close and caring care, it was worth 50,000 yuan a month.

"Aunt Dong, then you can go to see Xiaoxian's parents at ease, and say hello to them for me, I'll hang up first." Shen Ning couldn't hear what she said when he saw Aunt Dong, and probably couldn't ask Aunt Dong either. If something happened, I had to hang up the phone so as not to disturb her ride.

After hanging up the phone, she became more and more determined to go home and take a look.

When going out, because Aunt Dong mentioned Zhang Xiaoxian's parents, she immediately thought of Zhang Xiaoxian again.

Calculated, she hadn't seen her for almost twenty days.

Last time, she asked Marley to go to the hospital to pay Zhang Xiaoxian's parents another hospital deposit, as well as what Li Zhenting paid before. So far, the hospital expenses of Zhang Xiaoxian's parents should not be a problem, so what is she doing during this time? Why don't you come and see her?

Just last time, after she called to ask her about Zhu Qixiong, there was no news.

While thinking this way, she had already walked out of the building and walked towards the parking lot outside.

But not far away, the phone rang.

She picked it up and saw that it was Li Zhenting calling.

"What's up?"

"Ning Ning, where are you going now?" Li Zhenting stood in front of the glass window of the upstairs office and looked at the figure of the little woman walking downstairs and asked in a deep voice.

"Should I tell you where I'm going?" Shen Ning didn't want him to know where she was going at all.

Li Zhenting frowned: "Ningning, don't forget, if it wasn't for me in the morning, you wouldn't know which dark corner you are in now."

"..." Shen Ning was startled for a moment.

"Have you forgotten what I told you? It is very dangerous for you to go out alone at this time. You cannot go alone. Even if you want to go out, you must have Baobiao to follow you." Li Zhenting issued a serious warning.

Shen Ning stood still and didn't dare to move.

"Well, I'll come down and take you home right away. You shouldn't go out these few days. The current situation is unclear, so you have to listen to me." Li Zhenting saw that she stopped, and walked outside after saying something.

Shen Ning stood there, feeling that what Li Zhenting said was reasonable, but thinking of Xixi and Beibei, she really didn't dare to move.

Not long after, Li Zhenting strode down, grabbed her little hand, led her into the car, and sent her directly back to Li's old house.

### **Chapter 1273: Li Zhenting's strength to protect his wife 1**

After sending Shen Ning home, Li Zhenting immediately drove back to the Li Group, just sat down, and walked in cold-bloodedly.

"Boss Li, the gangster has been handed over to the police. The results of the interrogation by the police are similar. I haven't found out who is going to kidnap the young lady behind her back."

"Oh." Li Zhenting's face was solemn, and he asked in a cold voice, "Then what about Zhu Jia, what's the situation now?"

The cold-blooded eyes were condensed, and he frowned: "Mr. Li, it's very strange. The Zhu family is decorated with lights and festoons today, and it has a new look. It is said that it is for the engagement of Zhu Qixiong and Miss Wu Xueying. From the outside, it looks very pompous and lively. , What those newspapers said is true, but isn't Zhu Qixiong living in the house of the young lady of the Shaw Villa now, will he go to the engagement wedding?"

The corners of Li Zhenting's lips curled down: "That's all the Zhu family's own family affairs. If Zhu Qixiong disagrees, I'm afraid it's up to him. I think he should agree. Otherwise, how dare Zhu Dongjin and the others be so reckless?" What about Zhang Luo?"

"Well, it makes sense." Leng Xue nodded, "Actually, it's quite pitiful for Zhu Qixiong to get to this point. This is the tragedy of a man."

Li Zhenting's eyes darkened: "Everyone will encounter different survival difficulties. As a big man, he should have a sense of urgency long ago. If he has fallen to this point, if he can't solve it by himself, then he can only blame himself. I am too useless, a big man, others can't give sympathy, he used to hang around entertainment places every day, not thinking about making progress, this is the ordeal he deserves, and it is also a lesson that life should teach him, others can't help of."

Leng Xue nodded, thinking that what Li Zhenting said made sense. Back then, when Mr. Li took over the Li Group, there were many dangers and difficulties. I don't know how many turmoil I have gone through in these years. Every time I worked overtime without sleep, I got what I am today Safe and stable.

"Well, Leng-Blood, you continue to follow up. You must find out who is behind the murder of Shen Ning, and report to me immediately if there is any situation." Li Zhenting ordered after pondering for a while.

"Okay, I'll go right away." Leng Xue followed his orders and left.

Li Zhenting pondered for a while and started his work.

Here, after Shen Ning returned to Li's old house, the two babies were crying. She immediately nursed the children and got busy.

Because people from all walks of life come to visit Mr. Li every day, Li Wanqing has to be responsible for the reception work and the registration of human relations. She is much busy and doesn't have so much energy to take care of the children. Now the five children are basically Shen Ning and two Special care is busy.

Rao Yajing is busy shopping here every day, and she is very busy with food and some things about the hostess.

Shen Ning had just fed the two babies and heaved a sigh of relief. When he was thinking of calling Zhang Xiaoxian to inquire about her recent situation, there were loud cries of children outside.

She listened intently, her heart trembled.

The cry is small.

Xiaoxiao has always been sensible and well-behaved. She usually doesn't cry. If she cries, it must be because she has encountered something wronged.

"Mommy, I'm in so much pain." She cried and yelled outside.

Shen Ning ran out in a hurry.

"Xiaoxiao, what's wrong with you?" Several children were playing outside, and Xiaoxiao was surrounded by them. He helped away the surrounding children and rushed in.

Xiaoxiao cried very sadly, with tears all over her face.

And her little mouth was bleeding out.

Terrified, she vomited blood from time to time, and the blood flowed down from her chin, which was terrifying.

"Mummy." Seeing Shen Ning approaching, she cried even louder, feeling very wronged.

"Xiao Xiao, tell Mommy quickly, what's wrong with you?" Shen Ning was about to go crazy, with a gloomy face, he hugged her and asked distressedly.

#### **Chapter 1274: Li Zhenting's strength to protect his wife 2**

"Mummy...they...bullied me, pushed me...to the ground, my teeth...knocked out, it hurts...ah." Xiaoxiao cried sadly, pointing at her own teeth with her little finger.

Shen Ning's face froze, and he immediately bent down to check the little guy's teeth.

Sure enough, one of the small rows of fine white lower front teeth fell out, and blood was flowing out of it, and looking down, the little knee was bleeding.

She suddenly became furious!

"Which one of you is so small?" No mother would be indifferent after seeing her child being injured like this, let alone Shen Ning who was already ashamed, she immediately sternly angered at the servants drink.

The children saw that the adults got angry and got scared, so two of them ran into the living room.

"Lan Lan, Shi Shi, stop here." Shen Ning looked up and saw that the two little guys were Lan Lan and Shi Shi. It turned out that Lan Lan also took over, no wonder something happened to Xiao Xiao, the stone belonged to Rao Yajing The youngest son, who was usually favored as a famous bully, suddenly, an inexplicable anger rose from the bottom of his heart, and he shouted angrily.

Ke Lanlan and Shi Shi didn't seem to be afraid of her, they just ran in without stopping.

Shen Ning has concluded that it was these two little guys who did the little harm.

She dashed over and grabbed the arms of the two little guys one by one, not letting them go, she had to figure out the problem.

She must not let others bully her daughter.

If this kind of thing is not clarified this time, and the perpetrator is not criticized, next time, Xiaoxiao will be injured again.

Her daughter, her heart aches!

But she underestimated the child's stubbornness after all.

After Lan Lan was caught by her, at least she had established some prestige in front of her. She didn't dare to move, but stood with a dissatisfied face.

But Shitou, a boy less than five years old, is not honest at all, and he has a strong body and great strength.

He first spat heavily on Shen Ning a few times, and all the saliva was on the clothes on Shen Ning's chest.

When Shen Ning was dodging his saliva, he kicked Shen Ning again.

Shen Ning was kicked several times by him.

Shen Ning really didn't expect the spoiled child to be so bad, when he grabbed him hard, he lowered his head and bit the back of her hand, biting harder and harder until his teeth trembled.

Shen Ning was so painful that tears almost flowed out.

She shook her hand vigorously to shake off his teeth, but the little guy was crawling on her lap and couldn't get rid of it no matter what.

Finally, she finally got rid of his teeth, but the stone couldn't support her, and she was thrown to the ground.

With a sound of "Wow," the little guy fell to the ground, and Sapo burst into tears, rolling over while crying and shouting, "Grandma, Mommy, auntie hit me, it hurts so much."

"You don't hurt, you're lying." Xiaoxiao has been looking at Mommy, and seeing that even Mommy was hit and bitten by a stone, she was so distressed that she even forgot to cry, and hurried over to the stone and yelled reprimanded.

After speaking, he ran to Shen Ning, held the back of Mommy's hand on tiptoe, and asked tearfully, "Mommy, does it hurt?"

On the back of Shen Ning's hand was a row of small tooth marks, which were very deep, and there were spots of blood coming out.

Xiaoxiao pursed her lips and burst into tears in distress.

Shen Ning looked up and saw Xiao Xiao's mouth was full of blood, tears flowed down like broken beads, and blood was also flowing from his knees.

And what she was crying was not because of her injuries, but because she was worried about her.

"Xiaoxiao, I'm sorry." Shen Ning choked up sobbing, squatted down and hugged Xiaoxiao into his arms.

As an adult, she couldn't help Xiaoxiao uphold justice!

Just then, a middle-aged woman ran out of the living room.

"Shitou, my good grandson, what's wrong with you? Who hit you? Tell grandma." Liang Ruqi heard her grandson crying in the living room, she was anxious, and immediately ran over. Shi Shi was rolling on the ground, he didn't know how serious the injury was, he was furious, he rushed over to pick up his grandson, and asked repeatedly.

### **Chapter 1275: Li Zhenting's strength to protect his wife 3**

"Grandma." Xiao Shitou saw his grandma coming, and the little guy knew that grandma always loved her the most, so he was not afraid of anything now, and wailed louder, louder than ever.

Liang Ruqi was eager to protect the calf. Seeing her grandson cry bitterly was tantamount to killing her.

Looking up again, she saw Shen Ning holding Xiao Xiao standing beside her.

It seemed that he knew something now, his whole face was pulled down, it was terribly dark.

"Shitou, tell grandma, who hit you today? Don't be afraid, tell me, grandma will support you. I want to see who or what dog dares to bully my grandson. I won't believe that evil." She asked while wiping her tears on the stone.

Then he checked everywhere on him, trying to find out the wound.

"Grandma, Aunt Shen Ning threw me to the ground. My \*\*\*\* and legs hurt so much." Shitou pointed at Shen Ning and complained loudly.

Indeed!

Liang Ruqi saw that Shen Ning dared to blatantly bully her grandson in broad daylight, the fire went up immediately, without asking the reason, she stood up suddenly, with a dark face, relying on her status as an elder, directly pointing at Shen Ning rather.

"Shen Ning, you are an adult who actually bullies a five-year-old child, what is your intention? Why are you thinking so viciously?" She rushed in front of Shen Ning aggressively, and asked directly.

Xiao Xiao was frightened by her ferocious face for a moment, shrank into Shen Ning's arms, and burst into tears in fright.

"Xiao Xiao, don't be afraid, with Mommy here, no one would dare to hurt you." Shen Ning's heart ached, she hugged Xiao Xiao tightly, comforting her.

"Shen Ning, aren't you just a divorced woman? Although you have given birth to a few children for the Li family, it's not certain whether Li Zhenting wants you. Why are you so domineering in the Li family? What are you? How dare you?" Bullying my grandson, I tell you, my grandson is also surnamed Li, not a wild woman like you can bully, you have to give me an explanation today, otherwise, I won't let you go, I'm going to tell the old man and old lady. "Liang Ruqi thought she was reasonable and aggressive.

"Hehe." Shen Ning sneered straight, "Auntie, as an elder, don't you just blame others when you handle things without asking why or responsibility? Are you disregarding the right and wrong, or relying on the old to sell the old?"

Shen Ning was not polite to her, his tone was extremely sharp.

Liang Ruqi didn't expect that Shen Ning would dare to hate her so much, she was so angry that she sternly taught:

"Shen Ning, you beat my grandson and you still talk to me like an elder. Are you educated? You dare to do whatever you want in our Li family because the old man and the old lady like you. Don't forget, we are the Li family, you are just an outsider."

Shen Ning's eyes gleamed coldly.

The small teeth and wounds are real, and the person who was really beaten was scolded by the person who was not beaten. This is her incompetence as a mother and her irresponsibility to her daughter. Heart shadow.

She will never spoil her!

"Enough." She shouted angrily, and reprimanded loudly, "You keep saying that I hit a stone, which eye did you see? Is there any evidence?"

Liang Ruqi was taken aback, and quickly said: "Shitou said that you pushed him to the ground. Children can't lie. Is there any truth to this?"

"Yes, grandma, she was the one who pushed me to the ground." At this moment, Shitou shouted loudly with evil eyes.

"Listen, why are you an adult pushing my grandson? He is still so young, how can you bear it?" Liang Ruqi asked angrily.

Shen Ning stared at Shi Shi coldly, and said in a deep voice: "Shi Shi, look into my eyes and speak clearly, did I push you or did you bite me first? Children who lie will not grow up Yo."

#### **Chapter 1276: Li Zhenting's strength to protect his wife 4**

Little Shishi dodged Shen Ning with his small eyes.

"Shen Ning, why are you threatening my grandson?" Liang Ruqi saw that Xiao Shitou was too scared to speak, and immediately felt distressed, and asked angrily.

"Auntie, am I threatening him? Have you figured out what happened? Just listen to the child's one-sided words and you accuse me for no reason. Such behavior is really disgusting." Shen Ning said coldly, "Don't worry, Don't worry, things will be cleared up, whoever hurt my daughter today, I will definitely not let anyone go."

Her voice was resolute and cold, and her demeanor was determined.

Liang Ruqi felt guilty all of a sudden.

"Stone, what happened today?" She lowered her head and asked her grandson.

But Xiaoshi bowed his head and still dared not speak.

Shen Ning pulled Xiao Xiao out of his arms, pointed to her bleeding mouth and knees and asked Xiao Shitou, "Shitou, tell the truth, did Xiao Xiao get killed by you?"

"I...I don't." Little Stone faltered.

"Shitou, if you tell the truth now, Auntie will persuade Xiaoxiao to forgive you, otherwise, today's matter must be business-like, and no one can leave." Shen Ning's tone was very severe.

Little Shitou was so frightened that he cried, and kept digging into Liang Ruqi's arms.

Liang Ruqi cried when she saw her grandson, her face turned black, and she was about to speak.

Suddenly, Shen Ning shouted loudly: "Lan Lan, don't leave, this matter hasn't been settled yet."

Lan Lan, who was staying by the side, saw that the situation was not going well, so she turned around and ran away.

Shen Ning would not let her escape like this, so he immediately yelled at her.

But this time Lan Lan didn't listen to Shen Ning's calling, and still wanted to run.

"Lan Lan, don't leave." At this moment, Ke Ke and Ding Ding ran over and stopped her.

It turned out that Ke Ke and Ding Ding were fascinated by a game and didn't notice what was happening here. When they were awakened by the crying here, they came over and saw Mommy was here, still telling Lan Lan not to run.

The two little ones immediately realized that Lan Lan must be bullying Xiaoxiao again, so they ran up to her and stopped her.

"Hmph, bad guy, let's go to my mommy." Ke Ke and Ding Ding escorted her to Shen Ning and Xiao Xiao.

"Auntie, I didn't push Xiaoxiao, but the stone." Seeing that the situation was wrong, Lan Lan immediately sold the stone while crying.

Everyone turned their eyes to the stone.

"Yes, it was pushed by a stone, I saw it." At this time, a child of a relative of Li Wanqing's family reported it in real name.

Shitou burst into tears.

Shen Ning looked at him and asked sternly: "Shitou, why did you push Xiaoxiao?"

Shitou hugged Liang Ruqi's thigh and dared not speak.

Liang Ruqi couldn't hold back anymore: "Shen Ning, don't talk to my grandson so loudly, even if the stone accidentally pushes a little, then you are also pushing the stone, the stone is just a child, not sensible, you are an adult , adults can do it, let alone children."

"You can really quibble." Shen Ning sneered, "You heard clearly, the stone was not accidentally pushed by Xiaoxiao today, but deliberately framed, Xiaoxiao's tooth has been pushed off by him now, The knee was also bleeding, but Shi Shi not only refused to admit it, but cried and made a fuss, and even accused me of pushing him. No wonder the child's attitude is so bad. It turns out that adults are so ignorant, how can they teach good children? Well, today I have to discipline him, otherwise I will only harm others and myself in the future, and I will be taught badly by adults."

After finishing speaking, she brought the back of her hand that was bleeding from the stone bite to Liang Ruqi:

"Look carefully, he wanted to evade responsibility and run away, I went to pull him, he not only spat at me, but also bit the back of my hand like this, young, vicious, I just wanted to push him away , To prevent him from biting me, he could not stand still and pretended to fall, and framed me, shouting "Stop thief, really bad."

Shen Ning was very angry, his eyes were full of anger.

Liang Ruqi already understood what was going on, but she didn't agree with what Shen Ning said, and she was even more unwilling to lose.

Moreover, Shen Ning kept saying that she was ignorant, that she could not teach her grandson well, and that her grandson was bad, which made her very angry.

#### **Chapter 1277: Li Zhenting's strength to protect his wife 5**

"Shen Ning, don't scold my grandson for being bad. What does he know as a child? I'm afraid you have other meanings. I don't think you want to take this opportunity to make things big so as to achieve It's my own ulterior purpose." Liang Ruqi sneered and bit back.

Shen Ning was angry: "Auntie, what are you talking about? The child is wrong and you don't educate him. Does my family deserve it for being pushed like this? She is so young, who offended? What's wrong, why? To suffer this kind of pain? And you still use this to insult me, is there anyone like you who is an elder?"

Shen Ning's eye circles were bloodshot.

The power of maternal love is infinite.

"Tell you, if you don't let Shitou apologize to Xiaoxiao today and compensate for the small loss, this matter will not be over. Anyway, I am not from the Li family, and I don't need to care about whose face or who hurt my daughter. , I have to find someone responsible."

It is also very scary for Shen Ning to get angry.

In those years, the children could only rely on her from childhood to adulthood, and every time they were bullied, only she could vent their anger on them. As a mother, she has long practiced this ability to find people to settle accounts, and she must never let her The child is being bullied!

Liang Ruqi knew she was wrong, and seeing that Shen Ning wanted to investigate to the end, she felt a little regretful for a while, regretting that she shouldn't have angered Shen Ning.

Originally, she was angry when Xiaoxiu suffered a loss.

And she didn't give her the upper hand in terms of reasoning. The consequences of angering Shen Ning will definitely not be good. After all, both the old man and the old lady like her so much.

"Hey, what's going on here." At this moment, Rao Yajing walked over with a smile on his face, "There are so many people gathered together, is something wrong?"

"Auntie, the stone pushed Xiaoxiao, she lost a tooth, her knees were bleeding, and she bit the back of my mommy's hand. He is too bad." Seeing her, Coco immediately complained.

"That's it." The smile on Rao Yajing's face disappeared. He greeted Liang Ruqi first, then looked at Shen Ning and Xiao Xiao, and quickly squatted down in front of Xiao Xiao, stroking her face. Shang Bian said, "Ah, it's all fallen like this, it's so pitiful, I'm sorry, it's the wrong stone, auntie will criticize the stone right away."

She wiped off the blood on Xiaoxiao's chin with a tissue, stood up and said to Shen Ning: "Ningning, now that Xiaoxiao is injured like this, I will take Xiaoxiao to the hospital right away, don't worry, I will criticize you when I come back Stone."

After finishing speaking, he looked at Shi Shi again, and said viciously: "Shi Shi, you are really itchy, to do such a thing, let's see how I will deal with you later."

Shitou started to cry when he heard this: "Mum, Lan Lan asked me to push her. She said that Xiaoxiao is a bastard. She always bullies her, which is very annoying. She asked me to push her. I was so angry when I heard that. Pushed Xiaoxiao."

Rao Yajing narrowed his eyes, looked at Lan Lan who was standing beside him, and said sullenly, "Lan Lan, did you let the stone push you?"

Lan Lan was scared and looked at her timidly.

"Say it quickly, if you lie, I will tell your daddy later." Rao Yajing was not ambiguous at all.

Lan Lan was so frightened that she cried and choked up: "Auntie, I hate Xiaoxiao, I don't like her."

Shen Ning looked at this wicked Lan Lan with a cold face, his face was livid.

At this time, Rao Yajing looked at Shen Ning and was very sincere: "Ning Ning, the children are too young and ignorant, let's educate them later, the key now is a small injury, the tooth is not a trivial matter, and it needs to be sent immediately. Just go to the hospital, how about this, you help take care of the housework at home, I will send Xiaoxiao to the hospital, I will be responsible for the medical expenses, I am really sorry, I feel distressed seeing Xiaoxiao like this ."

Her attitude is quite good and very genuine.

Shen Ning couldn't hold on anymore, so he had to say: "No need, I'll just send Xiaoxiao to the hospital, but you have to educate Shitou so that he won't bully Xiaoxiao anymore."

### **Chapter 1278: Li Zhenting's strength to protect his wife 5**

"Don't worry, I will definitely educate him well." Rao Yajing nodded immediately and sincerely apologized, "I'm sorry, it's usually because I teach my son that this kind of thing happens, this kid is so annoying, I'll take care of him when I go back."

Shen Ning saw that she was apologizing and saying good things, and her attitude was good, so it was hard to hold her back, so she had no choice but to drive to the hospital with Xiao Xiao in her arms.

only

Along the way, she felt very uncomfortable.

Now Shito is fine, Lan Lan is fine, only Xiao Xiao was knocked out of a tooth, her knee was bleeding, and she was also spat by Shi Shi, and the back of her hand was bitten so blood came out.

She let them go without any temper.

sudden

She felt that Rao Yajing was not a simple person, he had wrists.

Children are still young, and adults can't help when they fight.

It can't be all her fault, she has the attitude she should have, and she has done everything she can do.

Shen Ning couldn't find a reason to continue to trouble her.

She thought, Rao Yajing is smart, capable and sensible, and it would be a good choice for her to be the home of the Li family.

In the hospital, Xiaoxiao was crying so hard that she couldn't breathe, and she kept crying sadly because of the pain of the wound.

Shen Ning had no choice but to cry, and kept comforting the little guy.

Finally waited until the wound was treated, Xiao Xiaotong was so tired that he fell asleep.

Shen Ning walked outside with her daughter in her arms.

Underground Parking Lot.

Shen Ning put Xiaoxiao into the car, covered the air-conditioning quilt, looked at Xiaoxiao's face covered with tears, suddenly, her heart was very painful, kissed Xiaoxiao, went to the cab and lay down on the steering wheel tears.

At this moment, she really didn't want to go back to Li's old house.

She just wants to get all her kids out of there and never be there again.

The rich family is as deep as the sea, living in that kind of place is too tiring, she doesn't yearn for that kind of rich life, it's just old man Li's illness...

After a while, she wiped away her tears and started the car towards Li's old house.

No guests came to the house in the afternoon, and the children all gathered in the living room to play.

Shen Ning hugged the sleeping Xiaoxiao and walked towards his bedroom, preparing for the little one to have a good night's sleep.

When passing a guest room facing west.

Sudden.

She heard a woman's voice, the voice was not loud, but when she listened carefully, it was Rao Yajing's voice:

"Stone, you performed very well today, didn't you just push it, the adults came to trouble the children, really, you have to treat her like that, next time, you have to bite her harder and bite her to death Let's see if she dares to trouble you in the future, a divorced woman, she really thinks she is advanced, isn't she just a bitch, she has given birth to five children for a man, and she even entered She can't get into the Li family's family, but she's still acting arrogant, and wants to compete with me, is she worthy?"

"Mum, don't worry, I will beat them when I see them not pleasing to the eye in the future, to vent your anger, I will beat them until they dare not stay here, and get out by themselves." Little Shitou was proud.

"My grandson is really amazing." Liang Ruqi's voice also sounded, the voice was full of arrogance and dismissiveness.

...

Shen Ning was so angry that he trembled all over, his eyes turned black.

Rao Yajing turned out to be such a vicious double-faced woman.

Just now, she has already forgiven them, and she thinks that she has swallowed this bitter fruit. Although her heart hurts, she never thought about finding them again.

She was even fortunate that there was a headed mistress like Rao Yajing in Li's old house.

But at this moment, I felt like I had fallen into an ice kiln, and my whole body was shaking from the ice.

It turns out that there have never been good people in this world, only fake good people who are deceitful and bully the weak.

When Shen Ning hugged Xiao Xiao and was about to rush in to expose Rao Yajing's ugly face, Xiao Xiao turned over in her arms, grabbed her arm with his fingers, and called out in his dream: "Mommy."

She looked down at her daughter's childish face, and suddenly felt that holding her daughter and discussing with people who have no moral bottom line would only teach her daughter badly.

At the moment, she sent Xiao Xiao back to the bedroom first, and put her lightly on the bed, letting her sleep peacefully.

At this time, the two babies also woke up, crying for milk, and she fed the two babies again. After a busy day, when she went out again, there was no one in the guest room, and Rao Yajing's mother-in-law and daughter-in-law had already left.

Standing under the glass window in the corridor, she looked at Rao Yajing who was busy outside like a hostess, leaned against the wall, and closed her eyes.

At this moment, she felt extremely tired. She was so tired that she didn't want to argue with these villains. She now has five children. Even if you come back, it will not be worth the calculations behind your back in the future.

Forget it, you can't provoke it, you can hide it, just pay more attention in the future!

When Zhu Qixiong woke up here, the sun was already shining outside, and the voices of people were jeering.

He sat up and found that his hands and feet were not tied, he was covered in expensive suits, and the leather shoes under the bed were shiny.

How is this going?

He frowned, and when he stood up on the bed, he felt dizzy, dizzy, and weak. He was in a daze for a long time, and vaguely remembered that he fell asleep after drinking a glass of boiled water brought by the nanny at noon yesterday. remembered.

He swayed, put his head on his hands and walked outside, and just as he reached the door, he saw two strong and strong Baobiao guarding the outside.

"Open the door." He patted the door panel, obviously wanting to shout loudly, but was powerless.

Baobiao, who was guarding the gate, was very vigilant. When he heard a sound, he hurriedly turned around.

"Young Master, today is a good day for you, you should stay inside quietly, someone will call you out later." Baobiao and the others were respectful outside the door, but they didn't intend to let him out.

"What a good day?" Zhu Qixiong asked hoarsely.

Baobiao smiled outside: "Master, today is your engagement day."

"Engagement?" Zhu Qixiong shook his head violently, but these words still irritated him, and asked angrily, "What engagement, let me out quickly."

That Baobiao stopped talking, but turned his back.

Zhu Qixiong wanted to lift his foot to push the door, but his body was so light that he couldn't use any strength at all, so he staggered back to the bed, and lay down with his clothes on.

In the guest room.

Xu Xiangzhi looked Shen Mei up and down, tsk-tsk said: "Mrs. Shen, your daughter looks quite similar to Shen Ning. At first I thought it was Shen Ning who came?"

"Madam Zhu, I'm Shen Ning." Shen Mei smiled coquettishly, "Madam, don't you think I'm different? I'm here to see Qixiong, don't worry, he will listen to me in everything."

Xu Xiangzhi's eyes showed surprise: "Even the voice is the same, no wonder you are confident."

Until now, she didn't understand where Lan Feiyun's confidence came from. It turned out that she used Shen Ning!

This woman has so many tricks.

However, now is the time when she needs to be used, and she didn't think much about it. As long as Zhu Qixiong can obediently cooperate with Wu Xueying to get engaged, prevent Wu's family from being suspicious, and get the 100 million gift in return, then her goal will be achieved Well, she is leaving the imperial capital soon, so what do they do.

"Madam Zhu, now you know what I'm capable of." Lan Feiyun was proud.

"Okay, you are tall." Xu Xiangzhi gave Lan Feiyun a thumbs up.

"Madam Zhu, only you know about this, I hope you don't tell it." Lan Feiyun warned.

Xu Xiangzhi smiled: "If I say it, I will slap myself in the face. You still have to say this."

Lan Feiyun smiled, Xu Xiangzhi had already completed the immigration operation, and she was leaving the imperial capital anyway, so she didn't have to worry so much.

At this time, the butler said over there: "Madam, the young master has woken up and is clamoring to go out. The auspicious time is coming soon."

"Okay, I see." Xu Xiangzhi stood up and said: "Mrs. Shen, Miss Shen, it's up to you now. At twelve o'clock, Zhu Qixiong and Wu Xueying want to worship the ancestral hall and recognize each other's elders. You have to let me He cooperates obediently and must not make the Wu family suspicious."

"Okay, let's see mine." Shen Mei nodded confidently.

"Then you go." Xu Xiangzhi looked at her watch, it was only one hour, she had to give them some time.

"Yes." Lan Feiyun pulled Shen Mei out.

"Meimei, remember, do as I say, this is an opportunity." The two walked outside, Lan Feiyun whispered to Shen Mei.

"Don't worry, Mom, I will." Shen Mei's face blushed, revealing a shy blush.

The two came to the guest room where Zhu Qixiong was held.

Because of Xu Xiangzhi's prior notice, the two Baobiao immediately let Shen Mei in.

Zhu Qixiong was sitting on the head of the bed, pinching the bridge of his nose with his fingers, feeling dizzy.

"Master Zhu." Shen Mei walked in, looking at him with a smile.

Zhu Qixiong suddenly heard a voice he was familiar with from the bottom of his heart, his whole body was shocked, and he immediately raised his eyes.

I saw Shen Ning standing by the door, looking at him shyly and smilingly.

He was stunned for a while, and then his eyes lit up with surprise.

"Ning Ning, is that you?"

"Yes, it's me." Shen Mei smiled shyly, walked towards him, sat down beside him, grabbed his hand and put it on her chest, and asked with concern, "Qixiong, how are you doing now?" "Are you ok?"

"I'm fine." The woman's hand grasped his. For a moment, he was overwhelmed with excitement. When his big hand touched the softness of her chest, he was flattered and dizzy. up.

"Ning Ning, why did you come here?" Although his consciousness became more and more confused, he still felt that something was wrong and asked with difficulty.

"Qixiong, that day I asked you to meet at the Spring Cafe, but I couldn't find you after I went in. I was so anxious that I looked for you everywhere, and finally heard that you had returned home, so I came here in a hurry. You I don't know, they didn't let me in, but it took me a lot of effort to get in, I was worried about your safety, so I broke in regardless, now seeing that you are fine, I am relieved." Shen Mei Jiaojiao spoke softly, and leaned on him, almost leaning on him.

Zhu Qixiong's heart was beating wildly. Even in his dreams, he had thought of being so close to his beloved woman.

But now it is easy to achieve.

"Ning Ning, is it really you? I'm not dreaming, am I?" He was so excited that he held her hand vigorously, not daring to take a step further, just murmured non-stop.

But Shen Mei seemed to deliberately make his head dizzy, and got closer to him, whispering Youlan in his ear: "Qixiong, it's true, I'm by your side, I've always been to you I have a good impression."
