

## Troublemakers 1291

### Chapter 1291: Li Zhenting's strength to protect his wife 18

"Wanqing, Zhenting failed her, and our Li family failed to keep her well. She has to plan for herself, which is right." After a long time, Li Jinyao spoke.

"Yes, but she lives in our house now, but she can't bear it if she does that? Anyway, let's take care of our Li family's face. Of course, after all, people have physical needs, but she doesn't have to make trouble. Everyone knows, isn't this hitting Zhen Ting in the face?" Li Wanqing was a little annoyed, "I know I can't keep her, but I always have fantasies, after all, she is the mother of Zhen Ting's five children. , if they can reconcile, it would be great for the children, and it would be good for our Li family, but she just won't forgive Zhen Ting... Jinyao, this matter has been suppressed by me, but the old man must never know, His old man is sick like that, we can't make him sad."

"Wanqing, she doesn't want to live in our Li family at all. She was forced by us, and her father's illness is so serious that he wants to take care of the child. Now we are asking her, so don't say anything more. Now, she has the freedom to choose, so why can't you figure it out."

"I know. I have no right to blame her. It's our fault. I just think she can't wait any longer. After the old man leaves, she can do whatever she wants. We are not unreasonable people, we won't forcing her to do something she doesn't like, she doesn't like Zhenting, so we won't force her, but now..." Li Wanqing was unhappy, "Forget it, we can't control what happens to her, but Xixi and Beibei It's Zhen Ting's child, and she can't be taken away by then."

Shen Ning's eyes darkened, she couldn't understand so many words in the middle, but the last sentence Xixi and Beibei couldn't be taken away by her, it almost took her heart.

Sure enough, her guess was right!

They are going to grab the baby!

Ke Ke, Ding Ding and Xiao Xiao have already given it to them, Xi Xi and Bei Bei must not give it to them again, that would be too unfair to her.

It seems that she has to face another difficult battle for her son!

She turned around, didn't take the honey, and walked upstairs with weak steps. As soon as she went up, she hugged Xixi and Beibei, feeling cold all over.

Li Zhenting came home from get off work, and as soon as he entered the house, he strode upstairs with a look of eagerness.

But at the top of the stairs, she met Li Wanqing.

Seeing her son's eager look, she knew that he wanted to go up to see Shen Ning and the children, so she couldn't help feeling sad.

"Zhenting, come with me, I have something to tell you." She smiled faintly, and pulled Li Zhenting downstairs.

"Mom, what's the matter, can't we talk about it later?"

"No." Li Wanqing said firmly.

Li Zhenting had no choice but to follow her to the study.

"Mom, what's the matter, tell me quickly." As soon as he entered, Li Zhenting spoke impatiently.

It's been a day since I saw Shen Ning and the children, but I miss them.

"No hurry, just sit down first." Seeing her son wanting to see Shen Ning and the child with all his heart and soul, she deliberately slowed down her tone and asked him to sit down first, suppressing his enthusiasm.

She was a silly son who didn't know how to cherish Shen Ning before, and it was useless how much she tried to persuade him. Emotionally, we will experience another \*\*\*\* storm.

Moreover, Shen Ning is neither humble nor overbearing, calm and assertive in situations, and five children are involved, I am afraid that he will be even faster than Xiaofeng at that time!

"Mom, just tell me, what's the matter?" Li Zhenting was made uncomfortable by Li Wanqing, so he had to sit down.

### **Chapter 1292: Li Zhenting's strength to protect his wife 19**

"Zhen Ting, do you love Shen Ning now?" Li Wanqing asked slowly.

"Of course I love it." Li Zhenting answered firmly.

"Then are you going to remarry her?"

"definitely is."

"But did she agree? Does she still love you?" Li Wanqing's face was serious.

"Mom." Li Zhenting laughed, "Don't worry, I will make her fall in love with me, and I will definitely marry her back."

"Are you so confident?"

"Of course, I'm sure about her." Li Zhenting was different from before, he was very confident that Shen Ning was still in love with him, and the smile in Mo Tong couldn't reach the bottom.

Li Wanqing asked calmly: "What if she doesn't love you, but falls in love with someone else?"

"impossible."

"I said what if it is?"

"If there is no if, she must be mine in this life. I only love her. We and the children are a happy family." Li Zhenting stood up, thinking that his mother had something important, so he kept asking. It was the same old question, he was sure of it a long time ago, and his heart flew to Shen Ning and the children, he didn't want to linger here for a moment, and after answering a sentence, he turned around and left.

Looking at her son's affectionate and confident back, Li Wanqing felt a thorn in her heart and was speechless.

Son, son, I am afraid that if you are affectionate now, you will regret and suffer in the future. I really don't want to see you suffer.

Li Wanqing shed tears, took out her phone with trembling fingers and clicked on it.

above

Several unsightly pictures appeared in front of her.

That is the picture of Shen Ning and Zhu Qixiong together, the man is intoxicated, the woman is having fun...

Originally, she didn't care too much about Shen Ning taking Zhu Qixiong in Shaw's Villa. After all, Shen Ning was steady and well-behaved, and would not easily have an affair with a man. She was able to take Zhu Qixiong in because he was in trouble.

But she still underestimated the ugliness of human nature.

It turned out that Shen Ning really had a substantial relationship with Zhu Qixiong.

Based on what she knew about Shen Ning, she should have fallen in love with Zhu Qixiong, otherwise she would never have such a relationship with Zhu Qixiong.

Because of this, she was preoccupied.

In this matter, Shen Ning is actually not wrong, after all, she and Zhen Ting are in a state of divorce...

"Hey, sister Qing, what are you thinking?" When Li Wanqing was frowning, Liang Ruqi walked in with a smile on her face.

"I didn't think about anything." Li Wanqing stood up and asked, "Are you okay?"

"It's nothing serious, it's just that I saw some gossip today, which seems to be related to Shen Ning, and I don't know if it's true or not." Liang Ruqi said with a smirk.

Li Wanqing's face changed color.

One of her good sisters in radio and television has a very shallow relationship with her. She knows that she likes her daughter-in-law Shen Ning very much. She often praises her in front of her and knows Shen Ning a little bit. The indecent photo of Ning and another man immediately shocked her and sent it to Li Wanqing.

Li Wanqing almost fainted when she saw it, and immediately asked her to suppress it.

But right now, Liang Ruqi's yin and yang look makes her feel hairy.

"What news?" she asked sharply.

"Sister Qing really doesn't know?" Liang Ruqi was not in a hurry.

"Know what?" Li Wanqing's face was dark, but there was an inexplicable guilt in her eyes.

Liang Ruqi glanced at her and sighed: "Sister Qing, you are so kind and innocent. Both you and Zhen Ting were deceived by that woman."

### **Chapter 1293: Li Zhenting's strength to protect his wife 20**

"Which woman? What did you lie to?" Li Wanqing's eyes froze, she was very vigilant.

Liang Ruqi smiled: "Sister Qing, you are still protecting her, tsk tsk, what a mother-daughter relationship, it's a pity that she gave you a piece of true love by mistake, you and Zhen Ting both love her that much, love her it's down to the bone, but she actually slept with other men behind your backs, tsk tsk, what a good daughter-in-law, good wife."

While speaking, she took out her mobile phone and enlarged the picture before sending it to Li Wanqing.

Li Wanqing's eyes went black for a while, and she immediately snatched her phone to delete it.

"Sister Qing, don't worry, I'm also from the Li family anyway, and I won't talk about such scandals, and I even covered it up for you. After all, Yajing is now in charge of the family, and the old man is seriously ill. He likes Shen Ning the most. That's right, if you let him know about this kind of scandal, I don't know how angry he will be, and this kind of thing happened when Yajing was in charge, and it will have a bad influence on her."

After finishing speaking, Liang Ruqi took the mobile phone from her hand and deleted the picture.

"At present, this matter has not been spread, that is, the few of us know it, and we can't make any waves. Let me tell you, I just want you and Zhen Ting to know it well, and don't be deceived by others." She had a full face caring.

"How did you know about these pictures?" Li Wanqing was puzzled.

"Then don't worry about it, someone sent it to me anyway, and I also told him that such a photo is related to the reputation of the Li family, and it must not be sent out, at least not for the time being. If you want to send it, you have to wait until Shen Ning leaves the Li family. In the end, this has nothing to do with our Li family." Liang Ruqi's words seemed to speak to Li Wanqing's heart, but she hoped that even after Shen Ning left the Li family, such photos would never appear in magazine media.

"Okay, thank you."

After she said in a low voice, she walked away quickly.

"Sister Qing, don't worry too much, and pay attention to your body." Liang Ruqi told her with concern behind her back, but there was calculating complacency in her eyes.

Li Wanqing gritted her teeth, as if being hit in the head by someone, her steps were unsteady.

"Mom." As soon as she left, Rao Yajing walked in.

Liang Ruqi scoffed disdainfully:

"Hmph, why are you pretending to be pure? It's not just a framed person. One side is haunted by Li Zhenting, and the other side is with Zhu Qixiong. I'm not afraid of AZ. Such a woman staying in our Li family will only harm our Li family. I don't know what the old man thinks, but he actually protects such a flirtatious woman."

"Mom, it's better for me. No matter what, I am loyal to the Li family. I never mess around outside, and I don't even dare to talk to men." Rao Yajing took Liang Ruqi's hand and acted like a baby.

Liang Ruqi nodded in satisfaction, and patted her hand: "You are indeed a good daughter-in-law, capable and filial, and know the rules and etiquette. Don't worry, I will do my best to make you the female head of the Li family. , in the future, you just work hard and try not to make mistakes. Shen Ning is finished now. If those pictures of her are leaked, she will basically be ruined. Even if Li Zhenting loves her again, it is useless. In this way, you will have no biggest Competitors are sure to win."

"Well, okay, Mom, I will, thank you for your support." Rao Yajing smiled sweetly.

Liang Ruqi smiled brightly.

In the guest room.

"Ning Ning." Li Zhenting strode in with a smile on his face.

Shen Ning was breastfeeding the children, holding the baby in both hands, but his eyes were looking out of the window in a daze, maintaining a posture for a long time, and Li Zhenting didn't see it when he came in.

Li Zhenting approached her and sat down next to her. When he lowered his head, he saw the snow-white mass. Suddenly, his Adam's apple rolled, as if a fire was rolling in his body.

#### **Chapter 1294: Li Zhenting's strength to protect his wife 21**

"Ning Ning, what are you thinking?" Li Zhenting's hot palm fell on Shen Ning's waist, and when he looked at her with fiery eyes, he saw her in a daze, and immediately asked with concern.

After asking several times, Shen Ning woke up.

She looked back, and was facing the man's deep, bottomless eyes.

There is no hatred and tender love in Li Zhenting's eyes.

"Zhen Ting, what you said last time about child custody, does it still count?" Shen Ning looked at him and asked softly.

Li Zhenting's face darkened, this woman was so preoccupied that she was still entangled in this matter.

"Keep your word." He replied dully.

Shen Ning's eyes sparkled.

"Are you really not going to grab the custody of Xixi and Beibei?"

"Well, not only won't you grab it, but I will even give you my custody." Li Zhenting gritted his teeth and smiled, and kissed her on the face.

"Don't make trouble, I'm serious." Shen Ning pushed him away with a serious expression.

While speaking, he took out an agreement from his pocket and handed it to him.

"If you really agree, then sign and pledge, so that I will believe you." She continued.

The smile on Li Zhenting's face completely disappeared!

This woman is really serious, and she is getting more and more competitive!

"Ning Ning, now Keke, Ding Ding, and Xiao Xiao are all given to you. Are you still not satisfied? You have to insist on signing some agreement. We are a happy family!" He hugged her into his arms and kissed her intimately. As she spoke, she was doing her ideological work, hoping that she would stop insisting.

But Shen Ning shook his head:

"No, we are no longer a family."

Li Wanqing's dark face flashed before her eyes.

"Zhen Ting, this is a matter of principle. Please agree to me. I only want the custody of Xixi and Beibei. In this life, it will be good to have them with me. You are young, handsome and powerful, and you will soon be my mother." There is a better woman to match you, I am not worthy of you, if you still have a little affection for me, please promise me."

Shen Ning only hoped that Li Zhenting would agree to her and sign it, so that she would not have to go to court with him, which would save a lot of unnecessary trouble, and if there was a lawsuit, would she win?

Judging from the tone of Li Wanqing and Li Jinyao, the Li family's children will never be let away by her!

"Let's talk about this later." But Li Zhenting didn't even read her agreement, and only responded perfunctorily, stood up and left.

Shen Ning's heart sank little by little.

Shen family.

"Meimei, don't go out to play these days, stay at home to avoid the limelight." Lan Feiyun hurriedly said to Shen Mei as soon as she came in.

"Why? Mom, I'm going to go to a spa." Shen Mei asked puzzled.

"Don't go for the time being." Lan Feiyun shook his head, "Didn't you take those photos with Zhu Qixiong in place of Shen Ning a few days ago? Something happened."

"Mom, if you know it, you will know it. I just took this opportunity to drive Shen Ning out." Shen Mei didn't think so.

"You are stupid, these photos are used by us to blackmail Shen Ning. If Li's family finds out, they will think that Shen Ning really did such a thing, and they must not drive her away. Neither will Li Zhenting. If you have a good impression of her, then you will be able to replace Shen Ning and stay by Li Zhenting's side in the future. Moreover, if Li Zhenting finds out about this, he will definitely investigate it. In case he finds out something, he finds the fake You, then we're done for, we haven't achieved our goal yet, we can't expose our identities so quickly."

Shen Mei nodded with half understanding.

"Remember, don't go out during this period. The only person who can know your identity is Xu Xiangzhi. That woman is already in Singapore. She will not dare to come back in this life. After all, the Zhu Group and the entire Zhu family have been arrested. She hollered out."

"Mom, I'm just wondering, who leaked the photos we took?"

"I'm also thinking, no matter what, we have to be careful. Li Zhenting is shrewd. At least we can't let her know that you are a counterfeit before our goal is achieved." Lan Feiyun pondered.

Shen Mei nodded.

## **Chapter 1295: Li Zhenting's strength to protect his wife 22**

It is night, and the moon is as bright as stars, bright and bright.

After taking care of the babies, Shen Ning leaned against the bed and was lost in thought after falling asleep.

Why did Li Wanqing treat her like this? How could it change so fast?

She was puzzled.

But she vaguely felt that this matter had something to do with Liang Ruqi and Rao Yajing.

Once the wealthy family enters the deep like the sea, everyone has their own little thoughts, and everyone is acting false and evil in this society.

This kind of life is definitely not what she needs.

At some point, she leaned against the bed screen and fell asleep.

In the haze, a strong arm hugged her.

She smelled a familiar smell and wanted to open her eyes, but she couldn't. In the depths of sleep, she felt soft lips kissing her, burning like fire.

A tingling pleasure rose all over her body, and she moaned softly.

This seems to make that breath more and more intense.

Shen Ning's heart beat rapidly.

She managed to open her eyes.

In the dim night light, a man's handsome face appeared in front of her eyes. Even if she dreamed thousands of miles away, she could recognize that flat face at a glance, but that face was pinkish-brown, with dark eyes in the bright eyes. Strong love bath.

She pushed violently, pushing the man's lips branded on her neck to the side and falling aside.

In an instant, I felt a coolness on my body. I looked down and saw that the clothes on my chest had been untied, and my fair skin was exposed in the air, covered with a layer of light pink, full of color and fragrance.

Her face turned red to the base of her ears and neck, and she was so panicked that she covered herself with a quilt.

But before she could react, a gust of hot air lingered in her ears, and the hot air poured straight into her ears, making her want to laugh, and suddenly, a waxy and wet lip wrapped around her earlobe...

The numb heat made her moan softly.

Li Zhenting smiled slightly, and stretched his hand in from her quilt...

"Li Zhenting, stop." Shen Ning's whole body trembled, his mind finally came to his senses, he pushed his hand away, and shouted angrily.

"Ning Ning, if you refuse me again, I will really be useless. Do you have the heart that your husband will be impotent in the future?" Li Zhenting grabbed her hand and whispered softly, with a begging tone.

Shen Ning sneered: "Is it interesting for you to say this to your ex-wife? Who is obliged to save you? What right do you have to act wild here? There are so many women in the world, and if you want them, don't you have them at any time? Is it interesting for you to force me like this? ?"

"Ningning, do you really think I'm forcing you?" Li Zhenting raised his red eyes and asked.

"Otherwise, is it your will? Or am I forcing you?"

"Ning Ning." Li Zhenting touched her chin with his fingers, his voice was hoarse and he couldn't hide his pain, "You also know that as long as I am willing, some women are willing to climb into my bed, but I don't want to, do you know why? Because I don't want to betray you, I don't want to do something sorry

for you, I hope we can have a complete family, I hope we can have a better future, I don't want our children to grow up without mommy or daddy, we already have five The child is gone, we can be happy, I am not afraid of hardships, I chased my wife thousands of miles, and used all my patience to treat you, please forgive me, don't you understand my heart, don't you understand my meaning?"

Infinite sourness passed through Shen Ning's heart.

She has thought about these reasons countless times, which is why she didn't drive him away.

But now...they have no chance!

"You go, there will be no future between us." She turned around and said decisively, "If you don't go, then I will wake up Ke Ke."

Coco, Ding Ding and Xiao Xiao still sleep in her room, but this room has two beds, and the children sleep on the other bed.

### **Chapter 1296: Li Zhenting's strength to protect his wife 23**

"Ning Ning, don't do this, we..." Li Zhenting hugged Shen Ning even more tightly, reluctant to leave.

"Go." Shen Ning drank in a low voice, "If you don't go, I'll call you, but..."

"Okay, I'll go." Just when Shen Ning was about to call out the last word "ke", Li Zhenting had no choice but to agree, and sat up dissatisfied.

"President Li, please sign the child's agreement, so that we can make a clear distinction, and there is no need to fight anymore. It will save us a lawsuit, and it will be good for both of us." Shen Ning He reminded coldly behind his back.

Li Zhenting's heart suddenly felt as if a hole had been torn off, and the pain was unbearable.

He left without a word.

Shen Ning stared at the ceiling with his eyes open and fell asleep at some point.

Early in the morning, Shen Ning brought the children to greet Mr. Li Jichun.

I heard that the old man coughed up blood again last night.

"Madam, young master, please be prepared. The old man's condition is not optimistic, and it has worsened in the past few days. Now I am prescribing some newly developed medicines for the old man every day, which are not available in the market, but it is estimated that the consequences will not change much, there is no way, we have tried our best, and no one in the medical field can overcome this disease, please let it change." She had just heard a voice coming from the corridor over there after she got out of the elevator. According to the doctor, Li Wanqing and Li Zhenting were sending a middle-aged man wearing glasses towards the elevator, and she immediately dodged aside with Xixi in her arms.

This middle-aged man is a well-known professor in the imperial capital, and has a good relationship with the Li family. Usually, when important members of the Li family get sick, he will come to follow him for consultation.

"Thank you, Professor Luo, we got it." Li Wanqing rubbed her eyes with a heavy heart, while the muscles on Li Zhenting's face were tensed, inexplicably sad.

His most beloved grandpa will leave him soon, and he can't accept the bad news anyway.

Shen Ning hid by the side until the three of them got into the elevator, and then she came out with Xixi in her arms. At this moment, the door of another elevator opened, Ke Ke, Ding Ding and Xiao Xiaosan ran out, Te Hu hugged Bei Bei follow behind.

"Mommy, let's go to see grandpa and grandma." The three little ones didn't know about grandpa's condition, so they were smiling and innocent.

Shen Ning nodded heavily, thinking about what the doctor said, feeling sad and complicated.

From the bottom of her heart, she really doesn't want the old man to leave this world so soon, but fate is ruthless, and no one can do anything about it, but on the other hand, if the old man leaves, she can leave here too, so she feels a sense of inexplicably easy.

"Ning Ning, you are here." Old Master Li was lying on the bed with a pale face, but when he saw Shen Ning and the children, a kind smile appeared on his old face.

"Grandpa, good morning, I just heard from the doctor that your illness has recovered a lot." Shen Ning smiled slightly, and his tone was pretending to be brisk, comforting him.

"Well, it's much better." The old man smiled, but the light in his cloudy eyeballs became even darker.

Although everyone kept it from him, he had experienced many battles and should have a clear understanding of his illness.

"Ke Ke, Ding Ding, Xiao Xiao, don't touch grandpa, the old man is sick now." Shen Ning saw the three little ones entangled with the old man, some holding hands, some pinching feet, fearing that they would hurt the old man, immediately commanded from the side.

"It's okay, I just like to see them." Li Jichun smiled, stroking the children's cute faces with his thin fingers, his face was full of love.

The three little ones faced their beloved great-grandpa without any scruples, chirping, and innocent laughter spread far away.

When Li Wanqing and Li Zhenting came back, they heard the laughter of the children from a distance, and they walked in.

**Chapter 1297: Li Zhenting's strength to protect his wife 24**

in the room.

Shen Ning was sitting in front of old man Li with Xixi in his arms, freeing up one hand to feed the old man white porridge.

The old man opened his mouth and ate, his big hand tightly holding Cocoa and the small hand, with a satisfied smile on his face.

Li Wanqing and Li Zhenting looked a little lost in thought.

What a friendly and beautiful picture, Shen Ning is really kind and caring!

"Ningning, come, let me hug Xixi, you feed grandpa porridge." Li Zhenting immediately strode in, took Xixi from Shen Ning's arms with a friendly face, and hugged her into his arms. She kissed her with love on her face.

Shen Ning picked up a tissue and wiped the porridge juice on the lips of Old Man Li.

"Ningning, Zhenting." Suddenly, the old man grabbed Shen Ning's hand, and the other trembling hand came over to pull Li Zhenting's hand.

"Grandpa." Li Zhenting immediately changed hands to hug Xixi, and stretched out his left hand to hold the trembling hand that the old man handed over.

"Zhen Ting, Ning Ning, Grandpa's days are numbered, you two must be well, love to the end." The old man said word by word, every word is precious.

Shen Ning was dazed when he heard that.

"Grandpa, don't worry, Shen Ning and I will love each other forever, please don't worry." Li Zhenting stepped forward and said loudly in the old man's ear, making sure he could hear him.

But the old man's eyes only slowly looked at Shen Ning.

Shen Ning was still in a daze.

Li Zhenting touched her lightly with one foot.

She came to her senses, and immediately approached him, and whispered in his old man's ear, "Grandpa, please rest assured, we will love you forever."

The smile on the corner of her lips was bitter and helpless.

"Okay, that's good." Mr. Li smiled happily, took Shen Ning's hand and said: "Ning Ning, if Zhen Ting makes a mistake, you can scold him and beat him, but you can't leave him, don't want him, I handed him over to you, I hope you will not disappoint my whole heart."

Shen Ning listened to the words that resembled last words, and felt extremely uncomfortable.

"Ning Ning, hurry up, promise grandpa." At this moment, Li Zhenting leaned over, held Xixi's hand and at the same time hugged Shen Ning into his arms, and said in her ear.

"Grandpa, don't worry, I will not let you down." Shen Ning could only nod and agreed.

Master Li was very happy, and beckoned to the secretary beside him.

The staff came up and listened to him.

After he whispered a few words.

"Yes." The staff member agreed and stepped back.

soon.

He walked in with a document bag, and handed it to Li Jichun with both hands.

The old man held it in his hand tremblingly, and waved to Shen Ning.

Shen Ning was in a daze again.

Li Zhenting pushed her.

She woke up, moved forward a few steps, and squatted down.

"Ning Ning, this is for you, grandpa gave it to you." He put the document bag in Shen Ning's hands with a solemn tone.

"Grandpa, what is this?" Shen Ning was panicked, it must be precious jewelry or gold, it was too hot, she dared not pick it up.

"Ningning, this is a book my grandfather wrote when he was young. It contains valuable experience in self-cultivation and family management. I give it to you now. I hope you can read it carefully and study it when you have time. It will benefit you in the future." Li Jichun seemed to see her thoughts, his face was gentle, and he smiled kindly.

Shen Ning was relieved after listening to it. If it was just a book, she would be willing to accept it. Besides, Li Jichun was very business-minded when he was young. In this regard, she really needs to study hard. After all, Gu Qi still needs her to write books. Reason it.

"Thank you, grandpa. Don't worry, I will definitely study hard. I also really want to learn grandpa's way of dealing with people and the ability to manage the company's business." Shen Ning held up the document bag with both hands, and the inside was indeed like it was a book. She was very happy and spoke sweetly.

"Well, grandpa believes that you can learn well." Li Jichun and Chen nodded.

#### **Chapter 1298: Li Zhenting's strength to protect his wife 25**

"Grandpa, don't worry, with my supervision, Ning Ning will definitely be able to learn well." Li Zhenting also echoed at the side, smiling mischievously: "Grandpa, you are so partial, you don't leave such a good book for me to study, but you actually gave it to Ning Ning Ning, I really want to learn."

"You, if you want to learn, go ask Ningning for advice." Old Master Li scolded, "Ningning is more capable than you, and her mood is stable. She will definitely learn better than you. Why don't you just ask her humbly, Grandpa This is whether it is possible to pass on the virtuous or not to pass on the relatives."

"Okay." Li Zhenting hugged Shen Ning into his arms, and kissed her little face lovingly, "Honey, you have to teach me well in the future, I'm proud of you."

Shen Ning smiled, and pushed his face away: "Don't be shy, let grandpa see the joke."

"Haha." Seeing the intimacy and love between Li Zhenting and Shen Ning, old man Li was very happy, and laughed.

...

"Cough, cough." At this time, Mr. Li coughed violently after laughing, and his body shrank into a ball.

Li Zhenting panicked, and quickly hugged the old man to the bed, and went to call the doctor again. The room was busy for a while.

It wasn't until the old man calmed down that Shen Ning took the children back to his bedroom.

In the afternoon, rumors spread from the Li family's old house that Mr. Li had handed over the family fortune to Shen Ning, and some said that Mr. Li had appointed Shen Ning as the mistress of the Li family, and no one else was competent.

The news made Rao Yajing very nervous, and Liang Ruqi was even more suspicious. She was very dissatisfied and hated that Mr. Li was too partial.

Shen Ning was even more depressed staying in Li's old house.

In the past, Li Wanqing was very considerate of herself and defended herself everywhere, but now even she treats her as if she were far away from her. Most of the servants at home are useless. Shen Ning doesn't have a deep relationship with them, and they are often bought by Rao Yajing.

Therefore, in the entire Li family's old house, except for the old man and the old lady, most people are indifferent and alienated from her, and do not agree with her.

She is very uncomfortable, but the old man is so kind to her, I can't expect him to leave early, I can only bear it!

Fortunately, there are five children who accompany her every day, which makes her feel that all the pain in life is worth it.

However, things in the world are always unpredictable.

This afternoon, Shen Ning finally called Zhang Xiaoxian.

Zhang Xiaoxian's voice was very noisy!

"Xiaoxian." Shen Ning said excitedly, "I finally found you. It's been so long, and you didn't come to me."

"Sister." Zhang Xiaoxian was also very happy to hear Shen Ning's voice, "I'm sorry, I've been busy all this time, I have called you, but your phone is turned off, I was thinking of you taking the babies I was afraid that I would keep making calls to make the babies go to sleep, so I didn't dare to make more calls. Aunt Dong said that day that you had gone to the Li family, and it would be even worse to find you again."

"This is not a reason." Shen Ning persisted, "You must have forgotten me."

She spoke seriously on purpose.

But thinking about it, although she has to take care of her parents, she is much more relaxed than when she was in Yuan County, Licheng. She hasn't contacted her for so long. She thinks she should really talk about her!

"Sister, this is really not the case. I, I have found two jobs, and I am busy at work every day." Zhang Xiaoxian can only tell the truth.

"What job are you looking for?" Shen Ning had heard that she was at work a long time ago. At that time, she thought she was short of money. After paying the medical expenses for her parents, she didn't expect that she was still working, and she came with two copies. I'm a little curious.

"Sister, I work as a clerk in one company and a part-time job in another company." Zhang Xiaoxian couldn't tell Shen Ning that she was actually working as a temporary worker in another bar, and only said that she was doing part-time work.

"You're quite diligent." Shen Ning smiled and praised, "It's good if you want to make money by yourself through work. If you can develop here, then you will stay in the imperial capital in the future. In this way, you don't have to If you worry about being buried in the countryside, you can take care of your parents."

"Yes, sister Ningning, thank you so much for bringing us to the imperial capital."

"Thank you, silly girl, it's fate to meet each other. We are good sisters here. If we don't help you, who will we help?" Shen Ning smiled.

"Sister Ning, are you living well there?" Zhang Xiaoxian asked suddenly after a while, with worry in her tone.

Shen Ning stagnates, is life going well?

Is she doing well here? Even she dared not ask herself this question!

"It's okay." She replied lightly.

"Sister Ning Ning, I'm happy if you live well." Zhang Xiaoxian murmured, she was really worried that Shen Ning would be wronged in Li's old house. The love story between Ning and Li Zhenting, although

true or false, but she is a smart person, combined with some circumstances in Yuan County, Shen Ning married into the Li family is not happy, she is very concerned about her current situation .

"Thank you." Shen Ning smiled wryly, and suddenly asked: "Xiaoxian, do you have any news about wishing the young master?"

Zhang Xiaoxian was very surprised: "Sister Ningning, isn't Master Zhu living in your house now?"

"No, he's gone."

"Then he hasn't contacted you?"

"No, now he can't get through to his mobile phone, and he doesn't know where to go."

"Ah." Zhang Xiaoxian was stunned, and suddenly remembered the news that Zhu Qixiong and Wu Xueying were engaged that day in the newspaper news, so she said with a smile:

"Sister Ningning, even if you don't have any news about him, I won't. I heard from the news that he is engaged to Ms. Wu Xueying. It seems that he is going to get married at the end of this month. He must be very busy. Don't worry, wait a while." After a while, he will invite you to his wedding."

Shen Ning's eyes darkened. If this is the case, it means that he is willing to marry Miss Wu.

I'm afraid that the truth is not like this, and Zhu Qixiong is caught in a conspiracy, that would be terrible.

"Maybe." After she answered, she chatted with her again, and finally told her to come to her if she had any difficulties, to do the job if she could, and not to do it if she couldn't, and not to be too forceful.

Zhang Xiaoxian hung up the phone after asking her thousands of times. She was too busy, and as soon as she put down the phone, she was asked to serve the dishes.

She walked in small steps to get busy.

In the evening, after Shen Ning took care of Xixi and Beibei and fell asleep, she suddenly remembered that she hadn't seen Ke Ke and Ding Ding for a long time. Since Xiao Xiao was bullied by Xiao Shitou last time, she often followed Shen Ning. She is helping mommy to take care of her younger brother and younger sister.

"Butler, may I ask where Ke Ke and Ding Ding are now? Have you seen it?" Shen Ning went downstairs and saw the butler checking the work downstairs, so he asked.

"Miss Shen, aren't Ke Ke and Ding Ding playing upstairs?" the butler looked up at her inexplicably and asked.

Shen Ning's eyelids twitched: "No, they have already come down."

The housekeeper immediately shook his head: "I started to see the two of them playing in the stairwell, and then I went to do things. It's been a long time since I saw the two of them."

Shen Ning's heart beat violently, and his eyelids also jumped.

"Coco, Tintin." She ran out and shouted.

But after running in the front and back gardens, I didn't see the shadows of the two little guys.  
immediately

She had a bad premonition, and her heart sank to the bottom.

"Miss Shen, I started to see the young master and the young master playing in the back garden. Later, they ran in that direction." At this time, a sweeping worker pointed to the back mountain and reported to her.

Shen Ning looked over there, it was Dahou Mountain, the place where Keke had an accident last time.

Her legs gave way and she almost fell down.

"Ke Ke, Ding Ding." Shen Ning shouted while running, trying to call some security guards, but the security guards in the mansion were all standing guard there, and they seemed to know her current situation. When she waved and shouted at them, they She just looked at her, but didn't run over. She was so anxious that she didn't care about anything else, and ran straight up the mountain.

The last experience still has lingering fears, even when she dreams at night, she will be frightened and wake up. She can't imagine what will happen to Ke Ke and Ding Ding.

The night is getting darker and darker, the forest on the mountain is dense, the wind is blowing, and there are unknown animal calls from time to time, which is very scary.

This is the first-level scenic spot connected to the back mountain. The Li family has already bought the top of the mountain here. In fact, this is also the private domain of the Li family's old house.

"Ke Ke, Ding Ding." Shen Ning first searched around the mountain, but did not find Ke Ke and Ding Ding, and then climbed up to a slightly higher peak and shouted loudly.

But there is no echo.

"Ke Ke, Ding Ding, where are you?" Shen Ning's body was weak, kneeling on the stone with both legs, and crying loudly.

Here, Li Zhenting strode back with his briefcase.

The restaurant is already full of people, and everyone is waiting for him to have dinner.

"Zhen Ting, you're back." As soon as he walked in, everyone greeted him very enthusiastically.

But Li Zhenting just nodded slightly, his eyes swept away, and he didn't see Shen Ning and the children there, so his face turned dark immediately, and asked:

"Where's Ning Ning?"

"She should be upstairs." Someone casually pointed upstairs.

Usually, Shen Ning seldom went downstairs to eat with everyone, so she didn't come, and everyone didn't care.

"Zhenting, come and eat, I'll wait for you." Rao Yajing greeted him with a fawning smile on his face

But with a tense face, Li Zhenting walked to the sofa and put down the briefcase heavily. The heavy sound was dull and powerful, and his unhappiness and dissatisfaction could be felt through the air.

He turned and strode upstairs.

Everyone looked at each other and dared not speak.

Li Wanqing looked at her son's back with a dark face.

"Ning Ning." Li Zhenting ran upstairs and shouted loudly.

While still on the way back, he felt some kind of uneasiness and flustered.

This feeling has been gone for a long time.

Now he especially wants to see Shen Ning and the children, they are the closest people to him. Only when he sees them well, can he calm down.

"President Li." In the bedroom, two special guards were looking after Xixi and Beibei.

"Where's Ning Ning?" Li Zhenting came in and didn't see Shen Ning, so Ke Ke and Ding Ding asked immediately.

The two special guards replied: "Mr. Li, Ms. Shen has been going down for a while, and Ke Ke and Ding Ding are not here either."

Li Zhenting's eyelids twitched: "Then where did they go?"

"Should be eating downstairs." The two special guards shook their heads. They have been here to take care of Xixi and Beibei. I don't know where Shen Ning has gone.

"Should?" Li Zhenting's eyes flickered coldly, and his tone was stern, "I asked you to come over and help Shen Ning take care of the children, but you don't know where she and the children went?"

The two special guards turned pale with fright, stuttering and unable to speak.

Li Zhenting turned around and strode downstairs.

In the dining room downstairs, Li Zhenting was not seated, and no one dared to eat. Generally, if he didn't inform the kitchen that he was not at home for dinner, he would reserve a seat for him.

"Housekeeper." Li Zhenting strode down, his tone was harsh, and his face was covered with haze.

"Young Master." The butler walked over tremblingly.

"Where did Shen Ning and the children go?" He asked sharply.

"Big, young master, I, I didn't see Miss Shen, but, about an hour ago, she came downstairs to ask Ke Ke and young master Ding Ding where they were, and she probably was with them."

"Where are Keke and Ding Ding?" Li Zhenting asked angrily, with veins popping out of his forehead.

"No, I don't know." The butler shook his head in fright.

"Damn thing." Li Zhenting suddenly raised his foot and kicked the housekeeper hard.

"Ah." The housekeeper screamed and was kicked and fell to the ground, clutching his stomach and screaming.
