Chapter 13 You can stay at home and be Mrs. Li

"If you want to cooperate with me, you must give me 50% of the company's equity." Shen Ning spoke directly as soon as he sat down.

Li Zhenting narrowed his icy eyes: "Why?"

"Really." Shen Ning smiled lightly, "I am the only one who has the secret recipe of Gucci perfume, and I am an international top perfume expert, and innovation is my specialty. I believe that President Li has already done market research. The reason why Gucci perfume has plummeted is precisely because it has no authentic formula and no innovation. Customers can't find the original feeling and can't satisfy their inner desires. There is no other way but to give up."

Li Zhenting's heart moved, and a fine ray of light shone from his eyes.

It is precisely because of the careful investigation of the market that he paid a lot of money to hire international experts.

What Shen Ning said is indeed reasonable.

"If President Li disagrees, then our cooperation will be out of the question." Shen Ning obviously didn't have much patience, so he stood up quickly,

"But I want to tell Mr. Li that I will get another stove. I don't know how Gucci Perfume died. Although Mr. Li has plenty of money, he can't keep his wife's company. It's more than a little bit of face loss. Already."

After revealing his shortcomings, she turned around and left.

Li Zhenting is the most face-saving person, and Shen Mei is his wife. If Gu Qi falls down, he will be laughed at.

"Okay, I promise you." Sure enough, just as Shen Ning was about to walk out of the gate, Li Zhenting's magnetic voice came through the air.

Shen Ning secretly heaved a sigh of relief, with a gloomy glint in his eyes.

Returning Gu Qi's equity is only one aspect. Finding out the cause of her mother's death is her original intention. If she leaves here, everything will be impossible.

It's okay to kill her, but it's absolutely not allowed to kill her mother!

"I don't agree." Just as Shen Ning and Li Zhenting finished negotiating and signing, suddenly there was a rush of high-heeled shoes at the door, and soon, Shen Mei rushed in angrily.

At this moment, Shen Mei's whole sky is dark.

She was woken up by Wu Lili's phone call, and Wu Lili told her angrily that Shen Ning had returned with two bastards.

Wu Lili and Shen Mei are classmates, they are very good friends, Wu Lili is determined to marry into a wealthy family, but in the end she can only marry an old man, Shen Ning's second uncle, Shao Wenbo, just waits for the division of the family property and raises a handsome face.

Shen Mei wanted to be Mrs. Li wholeheartedly. She just rushed over after receiving a tip-off from her company confidant.

President's Office.

Shen Ning raised his head slightly, his brows were faint.

Shen Mei's beautiful face has long been distorted and deformed, and there is a sinister and evil light in her eyes.

but soon

She saw Li Zhenting sitting on the sofa as menacing and stern as a mountain god, he quailed, and lowered his head, looking very pitiful.

"Zhenting, Gu Qi is a company my father gave me, and I can't share the shares with others." She walked up to Li Zhenting and sat down, took his arm, and wept.

Li Zhenting raised his eyes and looked at Shen Ning who was facing him, touched Shen Mei's face with his long and white fingers, and said softly:

"Don't worry, you are still the director of the company. You are not good at managing the company, so you can be at home as Mrs. Li with peace of mind." Bar."

Being Mrs. Li?

Shen Meilihua's teary face froze for a moment, and then she understood something, and the whole coquettish face glowed with joy.

Is Li Zhenting going to marry her?

Great, how long has she been looking forward to this moment.

Her eyes were shining brightly.
