

Troublemakers 1331

Chapter 1331: Li Zhenting's strength and loving wife 57

"Zhen Ting, didn't you go to work? Why are you back again?" Shen Ning asked curiously.

Li Zhenting smiled: "Somewhere I feel something is wrong. I am worried about you, so I came back. Sure enough, as soon as I came in, I saw Rao Yajing making things difficult for you. Fortunately, I am back."

Shen Ning was inexplicably moved after hearing this.

"Thank you for your protection, Zhen Ting." She thanked him in a low voice.

Li Zhenting smiled: "Isn't this the right thing to do? If a husband doesn't protect his wife, how can he protect other women?"

Shen Ning smiled.

"Let's go upstairs to see the baby. I miss them very much." Li Zhenting took Shen Ning's hand and walked upstairs.

The words 'I miss them very much' made Shen Ning's heart throb.

Xixi and Beibei also need their father's love. Li Zhenting thought about them, don't the children look forward to having their father's love?

Can...

She felt depressed again.

"Ningning, does your stomach still hurt?" Upstairs, after teasing Xixi and Beibei for a while, Li Zhenting straightened up and pulled Shen Ning into his arms, stroking her belly with warm palms, and asked with concern .

"Better."

"Just lie on the bed today and don't go out. I'll send an extra special guard to take care of the babies." He hugged Shen Ning to the bed, covered her with the quilt, adjusted the temperature of the air conditioner, and kissed her face Left reluctantly.

With more and more aunties, Shen Ning felt weak all over. Watching him walk out, she closed her eyes weakly and fell asleep quickly.

Li Zhenting started preparing for his and Shen Ning's wedding as soon as he left.

This time, he wants to do everything by himself, and give Shen Ning a grand wedding to make up for his previous debt and guilt towards her. He wants to let his woman live the happiest life.

He is a man and this is what he should do!

"Young mistress, get up and drink some soup." Shen Ning had been sleeping for some time, but she vaguely heard Sister Wang shouting in her ear.

She opened her eyes.

A steaming bowl of red date, blood, swallow and chicken soup was placed on the bedside.

She got up sleepily. "What time is it? Sister Wang."

"Young lady, it's almost time for lunch." Sister Wang smiled.

"Hey, I slept so deeply."

"Yes, the babies cried twice, and the special nurse took them for a walk downstairs."

That's it! Shen Ning smiled sheepishly!

"Young lady, drink it while it's hot. The bird's nest will smell fishy when it's cold." Sister Wang said thoughtfully.

"Um."

Shen Ning stood up and went to the bathroom to wash up.

But when she came back, Sister Wang was still standing there, a little uneasy.

"Sister Wang, what's wrong with you?" She picked up the chicken soup and took a sip. It was smooth, sweet and tasted great.

"Young Mistress, is the chicken soup good?" She asked cautiously.

"Um."

"Young Mistress, thank you so much today, otherwise, I would definitely be fired today." Sister Wang's eyes suddenly became moist.

The fruits she brought out these days were indeed for Lan Lan to eat, but they were only part of them, and she left some for her children.

Her family is poor, her husband is bedridden, she has a son and a daughter, and she relies on her part-time job in Li's Castle to support the family. Her children are malnourished, and whenever she sees something delicious in Li's Castle, she is reluctant to eat it, so she eats it. They will stay and bring them to their children to eat.

Amin is her fellow countryman, they live not far away, and he will help her bring them back every time.

Actually, this matter is not difficult to investigate. As long as Rao Yajing finds out about Li's Castle along the way, she will be charged with stealing.

Fortunately, Shen Ning took the initiative to protect her today, otherwise, how could she continue to work here.

She was grateful, but also very guilty, and took the initiative to tell Shen Ning the real situation.

Shen Ning smiled: "Sister Wang, you should tell me about your family situation earlier, so that you don't have to eat that little food, it doesn't matter, you are not to blame for this matter, you are just a mother, who doesn't care about children Well, I am also responsible for not knowing your situation clearly in advance. How about this, I will help you advance the deducted bonus this month, and I will reserve a portion for your children when you buy fruits for food in Li's Castle. However, don't let others know, for fear that others will be unbalanced and it will be difficult to manage."

Chapter 1332: Li Zhenting's strength and loving wife 58

"Young lady, how can this be allowed? I have already troubled you so much." Sister Wang was ashamed and panicked.

"Don't worry, it's okay, this money is nothing to me." Shen Ning smiled indifferently, "Go down quickly, wait for the special guard to come back, it's not good to be known."

As he was talking, the laughter of the special guards could be heard outside.

"Thank you so much, young lady. I will do my best to take care of you in the future." Sister Wang left with a lot of gratitude.

Shen Ning smiled and said nothing.

After the special nurses came back with Xixi and Beibei in their arms, the little ones were tired from playing and fell asleep.

Shen Ning also finished the chicken soup. Her stomach felt warm and she felt much better.

Over there.

"What did you say? Li Zhenting wants to drive you away?" Liang Ruqi asked angrily when she saw the crying Rao Yajing.

"Mom, he has already driven me away and will not let me be the head of the household." Rao Yajing cried until her eyes were swollen.

"Asshole, what right does he have to do this? Who is he? There are so many elders in the Li family." Liang Ruqi's face turned the color of pig liver.

"Mom, what should I do?"

Liang Ruqi's hands clenched into balls.

"You go home first and don't come here for the time being."

"Why? Can't I come here? His grandparents are not his alone. Can't I even see my grandparents?"

"You were driven away by someone. Could it be possible to come here to see his face? Do you think you have face?" Liang Ruqi rolled her eyes, "What happened today? Why did he suddenly dismiss you?"

Rao Yajing knew that she couldn't hide it, so she had to tell the whole story.

Liang Ruqi sneered: "She is really good at it. Li Zhenting is dizzy because of her. I wonder how long she can be proud of her."

"Mom, if this woman doesn't leave, we won't be able to get ahead." Rao Yajing resented it.

Liang Ruqi's eyes were gloomy and she sent Rao Yajing home!

In the study.

Li Wanqing was thoughtful.

Li Zhenting actually drove Rao Yajing away for Shen Ning, which was tantamount to offending Liang Ruqi's family. If Shen Ning really loves him, there is nothing wrong with them being happy, but if Shen Ning doesn't love him and he forcibly marries Shen Ning, then those scandals will break out in the future, and the consequences will be disastrous.

Li Zhenting doesn't have much work at work now and is focusing on preparing for the wedding.

It seems that she must act quickly to minimize the loss.

She picked up the phone.

"Xiao Shen, haven't you found Zhu Qixiong's whereabouts yet?"

"Madam, I was about to call you. Someone saw him in a club today."

"Then go find him quickly and tell me if you find him."

"Okay, madam, I will follow you now. If I find him, I will come to pick you up immediately."

"Um."

In a quiet cafe on the inner ring road.

Liang Ruqi was sitting on the coffee table, with a brand-name bag next to the seat, thick sunglasses covering her gloomy eyes, and her oval face looked stylish and unpredictable.

Lan Feiyun wandered in carrying a small bag.

"Hey, isn't this Mrs. Li? What do you want from me?" When Lan Feiyun saw Liang Ruqi, her face turned into a chrysanthemum smile.

Liang Ruqi smiled: "Mrs. Shen, come and sit down."

Lan Feiyun sat down opposite Liang Ruqi.

The waiter immediately brought a cup of coffee.

"If you want to eat something else, order it yourself." Liang Ruqi handed her the order.

Lan Feiyun took the cake from Hao Bu politely and ordered some pastries she liked and started eating them.

Liang Ruqi took a sip of coffee from time to time and sat in a deep and unpredictable manner.

Chapter 1333: Li Zhenting's strength and loving wife 59

"Okay, after eating, let Madam Li speak up if you have anything to say." Lan Feiyun raised a tissue with her slender fingers and wiped her mouth gracefully, and asked.

"Madam Li, I was introduced by Xu Xiangzhi." Liang Ruqi spoke directly.

Lan Feiyun was shocked, and immediately looked at her vigilantly: "What did she tell you?"

"Mrs. Shen is so nervous, is there some reason to pinch in Xu Xiangzhi's hands?" Liang Ruqi smiled darkly.

"No, what excuse can I have for her."

"Really?" Liang Ruqi smiled again, "Mrs. Li, everyone is sensible and knows what they need, so don't show off. Xu Xiangzhi has told me everything about you, so you don't have to hide it. I came to you today not to report something, but to discuss cooperation with you."

Lan Feiyun's face changed a few times, and he secretly scolded Xu Xiangzhi, that vicious woman, for betraying her.

"What cooperation?" She forced a smile on her face.

"Mrs. Shen, you plastic surgery your daughter to look like Shen Ning, thinking that she alone can replace Shen Ning? Then you underestimate Li Zhenting. Let me tell you, with your daughter's tricks, she used to be in Li's Castle I've been here for six years and haven't made any difference. Now I'm afraid that Li Zhenting will see through him and even take the blame. I'm afraid that I won't even be able to get back the cost of plastic surgery. If you are smarter and cooperate with me, you don't dare to say anything. Wealth is great, but there is still capital to be carefree for the rest of your life." Liang Ruqi hit the nail on the head and cut to the chase.

Lan Feiyun's fingers tightened tightly, trying to figure out the truth of her words.

"Of course, Mrs. Shen, if you think what I said is wrong and don't want to cooperate with me, that's fine. I won't force you. But if you don't get anything by then, don't regret it." Liang Ruqi originally looked down on Lan Fei. Yun's, seeing her is still arrogant, so he didn't talk to her at all, stood up and wanted to leave.

"Slow down." At this time, Lan Feiyun's thoughts flashed, and he already had his own idea.

These days, she is always paying attention to the movements of Shen Ning and Li Zhenting.

She had already seen the news that Li Zhenting was going to marry Shen Ning, and her plan was to get them to remarry before she started implementing it.

But Liang Ruqi was right. Now Li Zhenting has experienced so much and has been tempered for a long time. Both his sense of smell and sensitivity are very strong, so it may be difficult to deceive him.

If you want to be completely successful, you need an internal response. I have been thinking about who to find as an internal response these days, but I didn't expect Liang Ruqi to come to the door.

Now that she already knows the secret, if she doesn't cooperate, the secret of Shen Mei's plastic surgery and she will be transformed into Shen Ning will be leaked by her. Then it will be all in vain, and her work will be in vain. Moreover, before coming here, she also It was understood that Liang Ruqi just wanted to get a share of the Li family's old house and make Rao Yajing the female head of the family.

Shen Mei doesn't want to be the head of the family anyway, so why not give it to her. Moreover, if Rao Yajing really becomes the female head of the family, they will cooperate well and it will be easier for them to get what they need.

"Mrs. Li, I was about to go to the Li family's old house to find you for cooperation. I didn't expect that you came here because of your condescension. It's really a blessing for Meimei and I that you can find me. How could we not be willing to cooperate? Come on, sit down and let's discuss it carefully." She walked up and took Liang Ruqi's arm with a smile on her face, as close as sisters.

"You know what's going on." Liang Ruqi raised the corners of her lips slightly and sat down proudly.

Chapter 1334: Li Zhenting's strength and loving wife 60

"Cousin, congratulations on getting married again." In the Li Group CEO's office, Li Zhijun was half-lying on the sofa, with his long legs raised, looking carefree.

Li Zhenting's lips twitched and gave him a sharp look:

"What are you doing here?"

"Ouch, cousin, this is my first day back in the imperial capital, and I came directly to look for you without even returning home. This is because I value you, and you are so unkind to me, so heartless."

Li Zhenting sneered coldly: "What good can you do by asking me for money? Either you ask me for money or you get into trouble. Let me help you deal with the aftermath. Please, please don't come to me again in the future. I don't need it."

"No, cousin, don't talk to me like that." Li Zhijun sat up straight, with a serious look on his face, "I came here this time to tell you something serious, about my cousin-in-law."

Li Zhenting originally wanted to kick him out, but when he heard him mention Shen Ning, he immediately looked at him.

"Cousin, it's like this. My cousin has been with you for so many years. It's not easy for her. She has given birth to five more children for you and was abandoned by you twice. This time, he really wants to remarry her. Treat her well so that you can be like a man and live up to your own conscience, right?" Li

Zhijun said very solemnly, "This time, if you don't treat your cousin well and let her be wronged, then even I will look down on you, and you have also disgraced our men. When the time comes, I will definitely come to settle accounts with you. You have to know that if it weren't for the fact that she is yours, I would have started chasing her long ago."

"Is this why you came to me? Are you threatening me?" Li Zhenting looked at him with half-squinted eyes. This guy was a lot bolder, but what he said was still a bit human.

"Yes." Li Zhijun stood up with his chest raised and looked at him with a face that was not afraid of death.

Li Zhenting coughed a few times.

It wasn't that he doubted his sincerity in saying these words. After all, his relationship with Shen Ning was not bad, but...he didn't believe that he was here just for this.

Sure enough

Before he was ready to speak, Li Zhijun suddenly rushed over to hug him and said with a playful smile:

"Just, cousin, can you lend me your membership card of Fogdu?"

Sure enough, this is his purpose.

His face darkened, gloomy. "Cousin, I just went to smoke a cigar, nothing else." Li Zhijun chuckled, let go of him, and stretched out his hand to him.

This place in Fog City is a high-end club where the young masters of the upper class of the imperial capital smoke cigars. Usually, after smoking cigars, young and beautiful girls will come to serve, and these girls are all selected from the cleanest places across the country. .

Li Zhijun came back from Belvedere today because he fell in love with a girl, and the girl will go there tonight.

"Cousin, if you don't give it to me, then I'll go to my cousin and ask for it." Seeing that he couldn't get it, Li Zhijun was so anxious that he called Shen Ning.

"It's worthless." Li Zhenting searched for a long time in his wallet before finding the membership card and threw it to him.

He had only been to this kind of place once, and he was dragged there by a buddy. That time he just smoked a cigar and came out. Therefore, he put this membership card in the most inconspicuous corner. Li Zhijun came to find him. Yes, it's not that he doesn't want to give it, but he can't remember that there is such a card at the moment, and he doesn't quite remember where he put it. He only remembers that he once charged 100,000 yuan into that card.

"Thank you, cousin." Li Zhijun danced with joy after getting the membership card, blew a kiss to Li Zhenting, and ran away quickly.

Li Zhenting shook his head.

Fog.

Li Zhijun's car just drove in, and behind him, a red nanny business car drove in.

"Xiao Shen, is Zhu Qixiong here tonight?" Li Wanqing looked at her watch. It was already half past seven. The neon lights outside the foggy city were on. Red, yellow and blue alternated. It was very beautiful, but also revealed a certain warmth. mystery.

"Yes, sure." Xiao Shen nodded affirmatively.

"Yes, okay." Li Wanqing nodded.

Chapter 1335: Li Zhenting's strength and loving wife 61

"Xiaoxian, why did you come to this kind of place?" In the clubhouse, Zhu Qixiong met a girl as soon as he entered. She was wearing the overalls of the clubhouse and was delivering drinks with a plate. He was shocked when he came over, and immediately grabbed her arm, pulled her aside, and asked with a serious face.

Now, after Xu Xiangzhi was arrested by Zhu Dongjin, Zhu Dongjin was extremely disappointed with Xu Xiangzhi's mother and son, and then remembered the eldest son, Zhu Qixiong. Feeling guilty, he treated him a lot better and gave him some money.

Zhu Qixiong felt depressed after what happened to Shen Ning that day, and couldn't sleep every night. He felt that he was sorry for Shen Ning, and his heart was under a lot of pressure. This surprised him very much.

"Young Master Zhu, so it's you." Zhang Xiaoxian was also taken aback when she saw that it was Zhu Qixiong, because Shen Ning was looking for him, and she was also looking for him, but she didn't expect to meet him here.

"Xiao Xian, what are you doing in a place like this?" Zhu Qixiong continued to ask with a cold face.

"I..." Zhang Xiaoxian couldn't raise her head and lowered her eyes. After a while, she said, "I work part-time here to earn some extra money."

"Do you know what this place is? Everyone inside knows that this is not a good place, you are not suitable to stay here at all, go back quickly." Zhu Qixiong pulled her to go out.

"Master Zhu, please let me go." Zhang Xiaoxian broke free from his hand and said, "I'm just doing odd jobs here, and I won't do other things. It's fine."

Zhu Qixiong's face suddenly turned gloomy and cold, and his whole body was suffocating.

In a place like Wudu, it is best for girls not to come in, especially girls who have just come from the countryside. There are so many materialistic things here, and after power and **** transactions, it is difficult not to be confused and go astray.

"Do you know? There are many girls who only came in to do odd jobs at the beginning, but then they changed and fell into oblivion. This kind of place is poisonous, and ordinary girls can't come out after

entering here. You should leave here quickly." Zhu Qixiong's tone Majesty, Zhang Xiaoxian must be taken away.

This is where Zhang Xiaoxian makes the most money doing part-time jobs. Now that she is in urgent need of money, she doesn't want to leave here. She believes in her determination.

"Master Zhu, I believe I won't be led astray here." She explained.

"Are you short of money?"

Zhang Xiaoxian whispered: "My parents are hospitalized and need a lot of money. I don't want to owe others favors. I want to make money for them to see a doctor, and I also want to support the family by myself."

Zhu Qixiong's eyes darkened.

Her idea is right, but...

"There were two hundred thousand in the card I gave you that day, have you used it up?" He asked thoughtfully.

Zhang Xiaoxian raised her head, surprised, was there so much money in there?

Later, Shen Ning advanced her parents' medical expenses for her. She never touched the card, and of course she had no intention of using his money.

She didn't speak.

"Xiaoxian, tell me if you have no money, now you have to leave this place with me." Zhu Qixiong still dragged her straight outside, just a few steps away, when he met a rich lady, the rich lady Dignified and decent, wearing an elegant and well-fitting skirt, noble and generous.

"Master Zhu, I want to ask you something." She walked up to him, polite and gentle.

"Mrs. Li, what do you want from me?" The moment Zhu Qixiong saw Li Wanqing, his heart skipped a beat and he was a little flustered.

At this time, Zhang Xiaoxian took the opportunity to break free from his hand and ran over to work.

Chapter 1336: Li Zhenting's strength and loving wife 62

Reception room.

"Auntie, I'm sorry Shen Ning." Zhu Qixiong looked at the **** photos sent by Li Wanqing on his phone, his face was filled with shame, and he shed tears, "I deserve to die, I didn't know what happened that day but I did those ridiculous things with her What happened, I really didn't mean to do this, please forgive me."

Li Wanqing's face darkened: "So, this matter is true. You and her are really like that?"

"Yes." Zhu Qixiong closed his eyes in pain.

Li Wanqing gasped.

Originally, she was still hopeful that after finding Zhu Qixiong to understand the truth of the matter, maybe these were all misunderstandings, or maybe this woman was not Shen Ning at all. In this way, her son's remarriage to Shen Ning would be a happy event. .

But now the cruel facts tell her that all this is true! Shen Ning really betrayed Zhen Ting!

"Master Zhu, do you love Shen Ning?" she asked coldly.

"Yes." Zhu Qixiong nodded without thinking.

"Then since love has become a reality between you, why don't you go find her and marry her?" Li Wanqing's voice became stern.

Zhu Qixiong's eyes flashed slightly and he lowered his head.

"Auntie, it's not that I don't want to, but Shen Ning doesn't love me." His voice was painful.

He had already seen the good news of Li Zhenting's marriage in the newspaper. If Shen Ning loved him, he would have chased her long ago, but she loved Li Zhenting, and he didn't want to ruin her happiness.

Hence, he felt so guilty and painful that he had sullied Shen Ning's innocence, and wanted to kill himself. This was the reason why he deliberately disappeared for so long and then walked into the foggy city again.

Li Wanqing snorted coldly: "People say that Young Master Zhu is charming and unrestrained, but it seems that is not the case now. You actually don't understand women's hearts. To tell you the truth, if a woman like Shen Ning doesn't really like you, she will if you don't like her, it's impossible for her to have a relationship with you."

Zhu Qixiong raised his head and looked at her in surprise: "Auntie, what do you mean?"

"Obviously, Shen Ning loves you too." Li Wanqing then sighed, "My Zhen Ting hurt her too much. She is already heartbroken and has lost confidence in him a long time ago. During this time, she should have seen your sincerity and gotten to know you, and then she would commit herself to you, otherwise, she would not take you in when you are in danger, so you are letting her down." Zhu Qixiong didn't come back to his senses for a long time. Ever since what happened with Shen Ning that night, he was so guilty and ashamed that he almost committed suicide. He just wanted to never have the face to appear in front of her from now on, so he changed my cell phone and thought about losing contact with her completely.

Unexpectedly, when Li Zhenting announced his marriage, Li Wanqing came to her door.

This world is so incredible!

"Auntie, did Shen Ning ask you to come to me?" he asked tentatively.

Li Wanqing sighed and shook her head: "Although she didn't ask me to come, it's almost the same because I asked her."

After saying that, she stood up and patted Zhu Qixiong on the shoulder: "Young man, be smart, otherwise it will be too late to regret later."

"What about your son? They have announced in the newspaper that they are getting married?" Zhu Qixiong also stood up, a little confused.

"Hmph." Li Wanqing snorted coldly, "Don't you know Li Zhenting? He has always been so strong and evil. The matter that was published in the newspaper was just his own wishful thinking. He did not ask Shen Ning for his opinion."

Li Wanqing turned around and left after speaking.

Zhu Qixiong stood blankly, a little confused.

Ning Ning, do you really love me?

Here, Zhang Xiaoxian was blocked by a man as soon as he entered.

She was startled, and when she raised her eyes, a pair of romantic and passionate peach blossom eyes came into her eyes.

Chapter 1337: Li Zhenting's strength and loving wife 63

"Hello, little sister." Li Zhijun's peach blossom eyes sent out electric waves and landed on Zhang Xiaoxian's face unscrupulously.

He searched around the foggy city and finally found Zhang Xiaoxian, and he was elated.

During this period, he has been sending people to look for her. Finally, his hard work paid off and he found her. When he learned that she would be working in Fog City tonight, he flew back to the Imperial Capital without saying a word.

He met Zhang Xiaoxian on a social network when she posted a video about the beautiful Feng Shui in Yuan County, Lijiang.

In the picture, she is wearing a long skirt, with a graceful figure, her hair shawl, holding a fan and half covering her face. She is pure, natural and beautiful. Li Zhijun caught his eye right away.

Zhang Xiaoxian took a few steps back, kept her distance from him, and asked politely:

"Sir, do you need a drink?"

"Hmm." Li Zhijun hummed without thinking, without moving his eyes away from Zhang Xiaoxian's face.

"What box number are you in? I'll send it to you right away." She asked with a smile.

"No, I can just get it myself." Li Zhijun smiled dryly, "I can't bear to see my little sister working hard for me."

As he spoke, a pair of long hands held Zhang Xiaoxian's small hand and stroked it gently.

Zhang Xiaoxian came out of the mountain village. She had never seen such a battle before. She was so frightened that her hands shook and all the drinks in the tray fell down and broke into pieces.

The wine splashed on her and Li Zhijun.

"Ah." Zhang Xiaoxian screamed, her face changed color, and she was about to withdraw her hand and run back.

But instead of letting go, Li Zhijun pulled Zhang Xiaoxian forward and directly took Zhang Xiaoxian into his arms.

Zhang Xiaoxian then remembered Zhu Qixiong's words. Sure enough, she could not come to this kind of place. All the men here were beasts.

The manager who was on duty over there heard the noise and came over.

"If it's broken, it's mine. I have 100,000 yuan here, which is enough to compensate." Li Zhijun waved his membership card to the manager and reported the password.

The manager smiled slightly, immediately took the card with both hands, turned and walked away, ignoring the frightened Zhang Xiaoxian.

In a place like this, this kind of thing happens every day. In the end, the woman will be moved by the man's money and it becomes a consensual show. He will not take action and cut off the money. With a "bang" sound, Zhang Xiaoxian struggled to free herself in a panic, raised her hand and slapped Li Zhijun, then turned and ran outside.

Li Zhijun touched his hot face and smiled: "It's quite spicy, but I like it."

The old house of the Li family.

Li Zhenting walked in accompanied by the manager of the wedding dress store.

The manager carefully held a large bag of sample wedding dress designs in his hand.

With a slight smile on his lips, Li Zhenting led the manager towards the elevator.

Wedding dress is the most beautiful love for a woman, and it is also their dazzling dream.

Of course he wanted to give Shen Ning the right to choose.

But as soon as they entered the hall, they met Li Wanqing.

"Zhen Ting, I have something to ask you." Li Wanqing looked at her son who was full of interest, and then at the manager of the bridal shop. Her heart sank. She really cared about her son!

"Mom, I have something to do now. Let's talk about it later." Li Zhenting only wanted to make Shen Ning happy and had no intention of listening to what Li Wanqing had to say. Generally speaking, Li Wanqing had nothing important to do with him. Of course he didn't want to Time wasted.

But this time Li Wanqing's face was serious: "Zhen Ting, I have something important to ask you. I hope you can follow me to the study immediately."

Li Zhenting was stunned for a moment, looking at Li Wanqing's rare serious face, he could only say: "Okay, Mom, I will send Manager Fang to the lounge upstairs first, and let Shen Ning choose a wedding dress first."

After saying that, he took Manager Fang to the lounge upstairs.

By chance, Shen Ning had just woken up and was teasing the baby.

He asked the special nurses to take the baby, and then dragged Shen Ning's hand to the lounge next door, where Manager Fang was waiting.

"Ning Ning, you choose your wedding dress first. Just pick the one you like best. I'll be here later." He kissed Shen Ning's ear, pressed her down on the sofa in the lounge, and watched with her for a while. , then turned around and walked out.

Chapter 1338: Li Zhenting's strength and loving wife 64

"Mom, what do you want from me?" Li Zhenting walked into the study. Li Wanqing was already sitting there, with a solemn face. Li Zhenting was helpless. His mother had been in a strange mood recently.

"Zhen Ting, do you really plan to remarry Shen Ning?" Li Wanqing asked directly.

"Mom, aren't you talking nonsense?" Li Zhenting was speechless, "My advertisement has already been published, am I still just pretending to be a family and having fun? After all, your son and I are an adult now, so how can I do such stupid things? What a young man's unreliable gadget, is it worthy of Shen Ning?"

"Because of this, I want to remind you so that you will not regret it for a long time in the future."

"What are you trying to remind me? Let me tell you, if you want to break up Shen Ning and I, then I advise you now not to have this idea in the end, otherwise, I will not recognize you as a relative."

Li Wanqing's face turned pale.

"Zhen Ting, it doesn't matter to me whether you recognize me as your mother or not. As a mother, I must be good to you and be responsible for you. I can't hide this matter anymore, otherwise, I will only hurt you." She made up her mind that even if her son breaks up with her, she must tell the truth, otherwise, she will have a troubled conscience for the rest of her life.

Li Zhenting's face turned cold and his jawline tightened.

Li Wanqing's resolute attitude made him feel uneasy, his eyelids jumped, and he realized that the matter might be serious.

"Mom, what is going on? Can you tell me quickly?"

"Son, you have to be mentally prepared. Maybe what you think, what you see, what you think is beautiful is not so perfect, or it does not belong to you at all." Li Wanqing reminded.

Li Zhenting's eyes were cold, and his voice was even colder: "Mom, please tell me as soon as possible."

"Zhen Ting, you should let Shen Ning go. Don't force her to remarry you." Li Wanqing pursed her lower lip and finally said this. She didn't want her unbearable side to be known to him. If he It is best to retreat when faced with difficulties. "Let it go?" Li Zhenting's eyebrows knitted together, "Mom, what do you mean? Why do you mean I force Shen Ning to remarry?"

From Li Zhenting's point of view, he was using everything he had to give Shen Ning a happy wedding. How could it be considered forced?

"Zhen Ting, do you really not know? Shen Ning doesn't love you now. She loves Zhu Qixiong. After the harm you did to her one after another, she no longer loves you." Li Wanqing shed tears. Bitter tears.

Li Zhenting was dumbfounded: "She asked you to tell me this?"

"No, she didn't, but I have asked her and she admitted it. Moreover, I also met Zhu Qixiong today and he also admitted it personally. My son, the relationship between Zhu Qixiong and Shen Ning has long been beyond ordinary friends. Yes, you should understand this, right?"

After all, his son was jealous because of Zhu Qixiong not long ago. There is no way he would forget it so quickly!

Li Zhenting's body shook, and there was darkness in front of his eyes.

"Mom, how boring are you? You actually asked Zhu Qixiong for his opinion on my remarriage with Shen Ning. Are there any elders like you?" After a while, Li Zhenting exhaled, feeling a little angry.

He didn't know what was going on with his mother. She had always preferred Shen Ning before, but now she finally fell in love with Shen Ning and decided to hold a grand wedding with her, but she started to behave strangely.

Li Wanqing's chest felt tight and she said in pain: "Zhen Ting, I'm not bored. I have no choice but to do this to feel at ease."

"Mom, you really should go to a psychiatrist. My marriage to Shen Ning is a decision made by the two of us. I have asked her about it. She loves me. Marriage is a matter between the two of us. Our feelings You know it yourself, but you still need to ask for another man's consent? It's ridiculous, Mom, I really don't know how to say hello to you. Don't worry, Shen Ning and I both know our feelings, and we won't do it again in the future. Let me hear what you have to say." Li Zhenting was very angry, and Li Wanqing's repeated actions gave him a headache.

He turned around and walked outside.

But when he opened the door, a woman was standing at the door. The moment she saw him, she smiled at him: "Zhen Ting, you really misunderstood your mother. She is really good for you. You You must listen to her."

Chapter 1339: Li Zhenting's strength and loving wife 65

Outside the study, Liang Ruqi stood there, seemingly waiting for him for a long time.

Li Wanqing was reluctant to send those indecent photos of Shen Ning and Zhu Qixiong directly to Li Zhenting to stimulate him.

Then she will do it!

Because, she must stop Shen Ning from remarrying Li Zhenting. She cannot take advantage of Shen Ning, just by not letting her marry into a wealthy family.

Li Zhenting's eyes darkened, his eyes were frighteningly cold.

"Auntie, what are you doing? I don't need to listen to anyone's opinion on my marriage to Shen Ning, and I don't need you to instigate my mother to sow discord. Otherwise, I will be rude to you."

He finally understood why his mother has been acting strange recently. It turned out that this woman was instigating her behind her back. Needless to say, she must have said a lot of bad things about Shen Ning in front of her mother.

His face was like a thick dark cloud covering the sun, and it immediately became the rhythm of a violent storm, and his words were even sharper and merciless.

Shen Ning was the woman he wanted to protect, and Liang Ruqi gave him an even worse feeling. She was full of bad intentions, selfish, and worried about the world being in chaos.

Most people would have been scared away when they saw Li Zhenting suffocating all over his body, but Liang Ruqi was not afraid, but calm and calm.

"Zhen Ting, I know you have objections to me, but this time, I am doing it for your own good and for the sake of the entire Li family. I must tell the truth. After all, I am also a member of the Li family. I also want to Take responsibility for this family."

Li Zhenting's whole body was filled with breaths like an inflated balloon, and his eyes were like sharp swords. The sharp cold light could pierce Liang Ruqi's heart.

"Say, what's the truth?"

Liang Ruqi opened her mouth to say something.

"Brother and sister, what are you going to do?" Li Wanqing came out and shouted loudly.

Liang Ruqi's heart was beating fast. "Sister-in-law, you don't dare to say anything. Can this stop your son? If not, why don't you tell the truth? In the future, those things will definitely be revealed. We can't cover it up for long. By then, Li The group's stock price will plummet, and the negative image will shake the company's foundation, and that's what I'm going to say today."

After she finished speaking, regardless of Li Zhenting's terrifying face, she took out her mobile phone and handed the **** photos she had prepared long ago into Li Zhenting's hands.

Li Zhenting's eyes were as bright as an eagle.

"Zhen Ting, take a good look. This is Shen Ning, the woman you love. She and Zhu Qixiong have not known each other for a long time. She has also stopped loving you. As a man, can you bear to wear such a woman?" Are you a cuckold? Do you still want to marry her? Are you stupid?" Liang Ruqi said every word solemnly.

Li Zhenting lowered his head and looked at the pictures on his phone motionlessly. The hair on his forehead fell down, covering the sharpness in his eyes.

"Zhen Ting, it's nothing. As long as you cancel your marriage to her, it will be fine. After all, you have hurt her before. It is reasonable for her to choose other men. There is nothing wrong with this." Li Wanqing tried to persuade her from the side. Dao, very worried that his son would not be able to hold on.

She knows that her son is an infatuated person. Once he is emotionally committed, he will be there for life. If he wants to pull him back, the price to pay will be extremely heavy. This is why she does not want him to see these pictures.

Now he has no reservations about Shen Ning.

In the reception room upstairs.

"Young lady, have you finished reading?" Shen Ning sat on the sofa. She just took a cursory look at the wedding dress handed over by Manager Fang and then closed it. Manager Fang leaned forward and asked diligently.

Shen Ning smiled: "I don't like wedding dresses, and they don't feel comfortable wearing them. I don't want to do it. He brought you here, so I just want to put on a show to make him happy."

She thought that she might never have the chance to wear a wedding dress again in this life. How could something as holy as a wedding dress be given to her?

She has no life!

"That's it." Manager Fang was surprised!

"Mr. Fang, please put it away. It's no longer needed." Shen Ning pushed the sample in front of Manager Fang and motioned for him to put it away.

Manager Fang's face looked a little ugly: "Young lady, Mr. Li made it very clear when he brought me here that I wanted an engagement dress."

How can he be happy if such a big deal is gone like this?

Furthermore, he was very busy and had other orders in the morning. If Li Zhenting hadn't gone there in person, he wouldn't have come. Wouldn't this be a waste of his time?

"But it's not necessary now, I'm sorry." Shen Ning apologized in a low voice.

"Okay." Manager Fang had no choice but to put away the sample. This was in the Li family, and even if he was dissatisfied, he would not show it. He thought that he should ask Li Zhenting about this matter, after all, he was very sure about it.

At this moment, Li Zhenting strode in.

His face was a little pale, and his temperament was so cold that when he sat down next to Shen Ning, Shen Ning could feel the frightening cold air.

"Ning Ning, have you picked out your wedding dress?" Li Zhenting turned to look at Shen Ning with gentle eyes.

"No." Shen Ning shook his head.

"Mr. Li, the young lady said she doesn't want to do it because she doesn't like the wedding dress." Manager Fang explained beside him.

"Is that so?" Li Zhenting felt confused and looked at Shen Ning, "Have you not always longed for a beautiful wedding dress? Why don't you want to do it?"

"Zhen Ting, let's forget it. I don't like this wedding dress very much." Shen Ning lowered her eyes and replied softly.

Li Zhenting's eyes flashed with pain.

"Let's do this, Manager Fang. Maybe these styles are not to her liking today. You can sort out the best and most beautiful wedding dress styles in the world when you go back. Then I will take her to your door to choose them in person." He ordered seriously.

"Okay, I'll take my leave now." Manager Fang agreed, collected the samples, and left.

"Ning Ning, do you dislike the wedding dress or do you dislike me?" Li Zhenting held her hand and asked gently.

Different from the past, this time, his fingers were cold and had no warmth.

"Zhen Ting, let's forget it and let's be husband and wife again in the next life." Shen Ning's eyelids were twitching all the time. She didn't know what would happen, but her intuition told her that the current situation was not good. For so many years in the Li family, she had been used to being worried, and every little bit of uneasiness would make her feel like a frightened bird.

She also became extremely sensitive and suspicious!

Li Zhenting's body stagnated slightly, and he suddenly lifted her onto his lap and pressed her into his arms.

"Ning Ning, tell me, do you still love me?"

Shen Ning's head rested on his chest, which was still the same strong chest, but this time, she felt that the chest was cold and had no warmth, which even made her a little scared.

"Ning Ning, tell me, do you love me?" He asked again, and she could feel his fingers trembling around her.

She had already guessed something, closed her eyes, and leaned against his chest meekly.

Does she love him?

Don't he know? Do you still need to ask?

She has been divorced twice. If she still needs to answer this question, it doesn't matter whether she gets married or not.

After Li Zhenting hugged her for a while, he saw that she didn't answer or force him. He just lowered his head and kissed her lips.

She closed her eyes slightly and let him kiss her.

Later, when he took possession of her, her arms wrapped around his waist and her fingertips penetrated deeply into his skin.
