

Troublemakers 1341

Chapter 1341: Li Zhenting's strength and loving wife 67

Dinner time.

The dining room of Li's mansion was full of people. Even Rao Yajing came. However, this time, she was sitting next to Liang Ruqi instead of standing aside to do her duty as a woman in charge of the house to maintain order.

She sat at the dining table, thinking about how chaotic the situation would be now that no one was in charge, but she soon realized she was wrong.

With Butler Luo here, all the servants are doing their job. Even those inappropriate orders when she was there are no longer there. Everyone is in a stable mood and is doing their job with their heads down.

In the restaurant, you could even hear a pin drop.

When Li Zhenting came downstairs holding Shen Ning's hand, everyone's eyes turned to them. Everyone had different thoughts in their eyes, but most of them were watching the fun and jokes.

After Liang Ruqi revealed the scandals between Shen Ning and Zhu Qixiong to Li Zhenting, the matter of Li's mansion became public. Everyone was discussing in low voices. Everyone felt that Shen Ning was completely screwed this time and would never do it again. Maybe he remarried Li Zhenting.

But now, Li Zhenting acted as if nothing happened, holding her hand and walking down as intimately as usual, as if nothing had happened.

Rao Yajing was no longer interested in watching the excitement, the smile on her face froze, and her eyes looking at Shen Ning were filled with resentment.

But Liang Ruqi was so angry that she no longer cared about the joke, and turned into surprise and gloomy anger.

On the other hand, Li Wanqing's mood was very complicated. Seeing her son and Shen Ning being so affectionate and uninfluenced by anyone seemed to make her feel ashamed. However, she felt that they did it just right and slapped those who wanted to see the joke. people.

"Ning Ning, come and eat." As usual, Li Zhenting picked up a chopstick and put it into Shen Ning's bowl, then invited everyone to eat.

Throughout the whole meal, he was taking care of Shen Ning, taking great care of her and not being affected by any emotions at all.

Liang Ruqi was so angry that she gritted her teeth.

"Zhen Ting." After dinner, Li Zhenting greeted everyone and took Shen Ning's hand to leave. Liang Ruqi couldn't help it anymore and stood up. "What's the matter?" Li Zhenting's eyes flashed coldly and his voice was cold.

"Zhen Ting, do you want to remarry Shen Ning?" Liang Ruqi asked directly.

"Yes, what's the matter? Does our marriage have anything to do with you?" Li Zhenting answered affirmatively.

"No." Liang Ruqi said loudly, "It is not only related to me, but also to every member of the Li family, because it is related to the face of everyone in the Li family."

As soon as she said this, the entire restaurant fell silent, and even the slight breathing of everyone could be heard.

Li Zhenting turned around and faced Liang Ruqi, his cold eyes flying out of the knife.

"Second aunt, why do you have to interfere with my private affairs? Who do I want to marry and who do I want to marry? Does this have anything to do with you?"

"Logically speaking, if you want to marry a cat or a dog, that's all your business..." Liang Ruqi said sarcastically, but she hadn't finished her words yet.

Sudden

A white paper cup flew toward her, and it happened to fit over her mouth.

An ugly and ferocious face was pasted on a plastic cup. It was so funny that some people couldn't help laughing.

Li Zhenting played with the remaining paper cup with his fingers, and his eyes were cold: "Who do you think is a cat and who is a dog? Do you think you can insult people at will just because of your seniority?"

Liang Ruqi's face turned the color of pig liver. She took off the plastic paper cup from her mouth and threw it to the ground. She pointed at Li Zhenting and shouted loudly:

"Li Zhenting, don't be arrogant. Isn't it the consequence of the old man's preference that you are now the president of the Li Group? For you, the old man sacrificed his son and daughter. Not only are you ungrateful, but you also do things arbitrarily. Shen Ning is obviously a bad person. Dude, you did those disgusting things with Zhu Qixiong. You were deceived by her and married her. How shameful. You are irresponsible to the Li family and an infringement on us. Don't think that she is having **** with Zhu Qixiong now. Those things about you didn't affect you, that's because your mother and I suppressed this matter. In the future, once these photos are out of control, or if she continues to cuckold you after you get married, scandals will spread everywhere. What will be damaged is the reputation of the Li family and the credibility and property of the Li family, and what will be affected is every one of our Li family members, don't you think?"

Chapter 1342: Li Zhenting's strength and loving wife 68

"Have you said enough?" Li Zhenting's fingers were wrapped around Shen Ning's fingers, and he stood there casually, letting Liang Ruqi finish her words, and then asked calmly.

"It's over, what? Are you not convinced?" Liang Ruqi was aggressive.

"That's it, get out of here." Li Zhenting's voice was low but powerful.

Liang Ruqi's expression changed drastically: "Zhen Ting, how dare you tell me to get lost? I'm your aunt."

"Yes, get lost." Li Zhenting's expression remained unchanged, his eyes were cold and stern, "Instigating dissension and causing trouble, can this be considered an elder?"

Liang Ruqi was so angry that her chest hurt:

"Zhen Ting, you don't believe me? The woman in the photo is obviously Shen Ning, even Zhu Qixiong admitted it."

"I know my own woman very well, and I don't need anyone else to tell her what to do. I want to marry her, and that means trusting her. Have you seen it with your own eyes?"

"I..." Liang Ruqi suddenly became speechless. Could she see such a thing with her own eyes?

"Please get out immediately, I don't want to see you again." Li Zhenting used the word "get out" again, showing no mercy at all, and his voice was terrifyingly stern.

"Li Zhenting, don't do whatever you want with your power. Let me tell you, this woman is not a good person at all..." Liang Ruqi screamed loudly, but before she could finish her words, Li Zhenting's eyes burst out with a cold light, and he shouted angrily: "You said Who is not a good guy? Are you a good guy? My woman is marrying me, not you. Why are you jumping up and down? Doing your shit, as long as I love her, she can do whatever she wants."

After speaking, he shouted to Butler Luo: "Kick her out."

When Butler Luo heard the order, his heart went crazy. Master, this is your second aunt, can you drive her out like this?

But Li Zhenting's face was covered with ice, and his whole body was inhumanly cold.

Butler Luo had no choice but to walk towards Liang Ruqi.

"Li Zhenting, okay, you're awesome." Liang Ruqi violently flipped the table over to the ground, turned around and walked away angrily.

The farce finally stopped.

"I have said that my marriage to Shen Ning is a matter between the two of us. If you are interested, go and have a wedding drink. If you are not interested, you are not welcome. If anyone else dares to make a small trick behind my back, I will definitely If you don't forgive me, all the dividends at the end of the year will be deducted, and we will keep our word." Li Zhenting glanced at everyone angrily, took Shen Ning's hand and walked towards the old man's room.

The old man's condition has become somewhat stable these days.

Li Zhenting took Shen Ning and the children to play with the old man for a long time before sending them upstairs.

"Zhen Ting, I want to know what happened to the photo Liang Ruqi mentioned? What did she mean when she called me a scumbag? What kind of scandals did she say about me and Zhu Qixiong?" Shen Ning put the two babies away. After entering the cradle, he stopped Li Zhenting who was about to leave and asked.

In the scene downstairs just now, she had been very calm and watched with cold eyes. Standing next to Li Zhenting, it was obviously something related to her, but she seemed to have nothing to do with her. She just stood quietly without saying a word. Didn't say.

But in fact, she already understood everything!

Li Wanqing's attitude towards her has changed these days, and the servants are whispering behind her back. Especially the nannies and servants who are close to Liang Ruqi have disdain and ridicule in their eyes when they see her.

She knew something was wrong with her, and her sixth sense also guessed that something was wrong!

It's just that she never understood which part went wrong.

Today, she understood that something bad had happened between her and Zhu Qixiong!

Liang Ruqi has long made a fuss about this.

Looking at it now, Li Zhenting has known about it for a long time.

She needs to ask and understand!

Chapter 1343: Li Zhenting's strength and loving wife 69

"Ning Ning, don't think too much. Those people have nothing to do after they have enough to eat. They are chasing people all day long. They are rich in the east and in the west. I hate such talkative women the most. Today I have taught them a lesson and driven them away. , they will not come to trouble us again in the future. I do not need their blessing to marry you, and it has nothing to do with them. You can prepare for the wedding with peace of mind. I have already planned the wedding on the 8th of next month. Calculated, there are only about ten days left, time is tight, we must hurry up and get down to business." Li Zhenting smiled softly and comforted her.

"But Zhen Ting, you don't understand women. The trick you just used on men is okay. If you use it on these scheming women, it will only frighten them on the surface. They will not give up and will definitely cause trouble behind their backs. More things are coming, and I want to know the reason." Shen Ning was deeply moved by Li Zhenting's defense.

After these vicissitudes of life, Li Zhenting has really changed.

He became completely protective of himself, regardless of the reason, trusting himself wholeheartedly, just because of love.

If they were just a couple from an ordinary family, she could enjoy it peacefully if he did this. But not Li Zhenting. He is the president of the Li Group and a private entrepreneur. He is responsible for the livelihood of many people and the honor of the Li family. , she had to find out the reason and cure it together with Riko, so that the storm could be truly calmed down.

Li Zhenting looked back at her, his eyes long and dark.

Sudden

She grabbed Shen Ning's hand and brought her to the balcony. She held her face with both hands and pointed her eyes at his dark pupils. Then she asked word by word: "Ning Ning, what's the difference between you and Zhu Qixiong?" Is there anything in the room? Please tell me the truth."

Shen Ning's big eyes flashed a few times and said: "Zhu Qixiong once helped me. Although he is cynical, he is upright and kind. He and I are very good friends, but that's it. We have not done anything. I have a clear conscience no matter what outrageous behavior I have done."

"Okay, I believe you." Li Zhenting's deep black pupils emitted narrow and bright light, "Don't worry, don't worry about those chores, we can just hold the wedding in peace."

"But you haven't told me yet, what happened between Zhu Qixiong and I, and why did Liang Ruqi hold on to me so hard?" Shen Ning held his hand and refused to let go.

"Ning Ning, those are all their self-righteous lies. If you haven't done it, I won't believe it. You don't have to pay attention to it. Those who are clean will clean themselves up." Li Zhenting had no intention of sending those unsavory pictures to Shen Ning. He really couldn't I looked into my eyes and worried that she would feel uncomfortable.

"Zhen Ting, I just said that I have to understand the whole story and really deal with the problem before I can silence those people."

"Don't worry, I will take care of it." Li Zhenting hugged her into his arms, kissed her hair, patted her back, and comforted her, "You can take care of our children."

After speaking, he pinched her little nose and asked, "Does your stomach still hurt?"

"Still a little bit better, but much better."

Shen Ning was not satisfied with his almost perfunctory answer and wanted to ask something else, but Li Zhenting carried her back to the soft bed, covered her with a quilt and told her to have a good rest, then turned around and strode away.

Shen Ning's head hurts as she lay on her head!

She took out her mobile phone to search for scandals about her and Zhu Qixiong, but she searched the entire Internet and couldn't find it. Obviously, these Li family members had already been dealt with, so she had no choice but to put down her mobile phone.

Chapter 1344: Li Zhenting's strength and loving wife 70

The president's office of Li Group.

“Lengxue, go and find out who the woman in this photo is?” Li Zhenting sat down, called Lengxue over, and sent him a photo that had been processed by his technology.

He looked at it coldly, agreed and left.

Li Zhenting clasped his fingers on the table, his eyes slightly focused.

Shen Ning is right. No matter what, this matter must be investigated thoroughly and the roots must be dug out thoroughly to avoid hidden dangers.

Even though he had been jealous of Zhu Qixiong and felt dissatisfied with him, especially when Shen Ning took Zhu Qixiong in, he really cared about it.

But after knowing Shen Ning for so many years, he still believed in Shen Ning without reservation.

He was sure that Shen Ning loved him now, especially when he was in bed, he could feel her love. Thinking of this, he pursed his lips with a faint smile and immediately started working.

This afternoon, he made an appointment with Shen Ning to pick up the children together, and then the family was going to the hotel for dinner.

It was really that the atmosphere in Li's old house was too dull, and he was afraid of affecting Shen Ning's mood.

He put his head down and stepped up his work.

The old house of the Li family.

Shen Ning was holding the little ones and humming children's songs, her mood fluctuating.

The news media are reporting that a strong typhoon is coming, and the hot and muggy air now is the prelude before the storm.

At this time, the two babies also seemed restless.

At noon, Li Zhenting once again published the newspaper to announce the time of their wedding. The newspaper had large words and placed it on the front page.

The entire imperial capital knew that Li Zhenting was remarrying his ex-wife Shen Ning.

^About their three marriages, all the major self-media are reporting on them, and there are various opinions.

Shen Ning paid no attention to it, but felt that Li Zhenting was too high-profile.

All she needs is an ordinary small family and a normal life.

Having been in shock and uneasiness for a long time, she knew that some things could easily perish, such as happiness and other beautiful things.

Finally coaxing the two little guys to sleep, Shen Ning breathed a sigh of relief and fell asleep leaning against the bed screen in his clothes.

The phone suddenly rang.

She picked it up and took a look. is Zhu Qixiong.

I picked up the call immediately.

"Qixiong, where are you?" Shen Ning asked anxiously, "I haven't heard from you for so long, and I didn't answer my phone calls. What happened to you? What happened?"

"No." Zhu Qixiong was silent for a moment and then apologized, "Ning Ning, I'm sorry for you, I'm sorry."

Shen Ning was stunned for a moment and asked, "Qixiong, are you sorry for me in any way?"

"I, that day..." Zhu Qixiong found it difficult to say.

Ever since Li Wanqing came to him and told him that Shen Ning actually loved him, he was really excited and sad, but it felt so unreal.

But he still mustered up the courage to call her. There were some things that just couldn't be avoided.

"What day?" Shen Ning chased after him.

Today, she already knew from Liang Ruqi's words that there was a scandal between her and Zhu Qixiong. She had always wanted to find out what the scandal was. Now that she heard what Zhu Qixiong said, she immediately sensed something and started to ask.

"Ning Ning, I didn't mean to do that that day, I'm sorry." Zhu Qixiong apologized again and asked with concern: "How are you doing at Li's old house now?"

Li Wanqing said that Shen Ning was forced by Li Zhenting to remarry, and he was worried.

"Qixiong, what happened that day? What day was it? Can you explain it clearly?" Shen Ning was very anxious.

But after apologizing several times, Zhu Qixiong was unwilling to mention that matter again, and just asked: "Ning Ning, if you don't want to stay at Li's house, can I pick you up? My villa has been redeemed. When you come back, there is no one at home, so you can come and stay with your children."

"No." Shen Ning immediately refused, "Now the old man is seriously ill. He is very good to me. I can't leave him alone."

"What about Li Zhenting? Is he also very good to you?"

"Yes." Shen Ning confirmed without thinking, "He is indeed very good to me now and loves me without reservation."

"You will marry him, won't you?"

Shen Ning hesitated for a moment and then said truthfully: "Yes, we already have five children..."

"Okay, I understand, I wish you happiness." Before she could finish her words, Zhu Qixiong had already hung up the phone.

How could he believe Li Wanqing's words? She really doesn't understand her son's heart! He almost made a mistake again!

Chapter 1345: Li Zhenting's strength and loving wife 71

afternoon.

Lengxue hurried back.

Li Zhenting was at work. When he saw the photo in Leng Xue's hand, his heart tightened and he immediately looked at him.

"Mr. Li, judging from the facial features, the woman in the photo is 80% similar to the young mistress."

Li Zhenting frowned.

"You should make it clear, is the woman inside really Shen Ning?"

Lengxue was a little embarrassed, because many parts of the woman in the photo were mosaic, and the only thing that could be used for comparison was her face. The identification results could only draw this conclusion, and there was nothing he could do!

"Mr. Li, this is the conclusion we can draw so far. There is a high probability that the woman inside looks like a young mistress, but we are not completely sure whether it is."

"Forget it." Li Zhenting was a little frustrated. Such a conclusion made him feel even more uncomfortable. He is a normal man, and it should be a lie if he doesn't feel guilty about his beloved woman doing that kind of thing with another man. "You should give it to me now." I'm going to find out the ins and outs of this matter and see who took these photos. Is there any conspiracy? If you don't find out, don't come to see me."

"Yes, okay." Lengxue looked at the emotionally unstable Li Zhenting, agreed, turned around and left.

Li Zhenting loosened the knot of his tie and took a sip of water in a depressed mood, when the phone rang.

He picked it up.

"Mr. Li, I wish Qixiong and the young master to ask for a meeting."

Li Zhenting trembled and immediately sat upright.

"Let him in." After a while, he said calmly.

Very good, Zhu Qixiong, I was about to ask you what's going on, but you came to the door unexpectedly. Hmm, I want to see what you say!

He lit a cigarette, put it between his fingers into his mouth and took a few puffs until the doorbell rang.

"Please come in." He exhaled smoke and spoke in a deep voice.

The door hesitated for a moment and was pushed open.

Zhu Qixiong walked in wearing a suit and leather tie. Li Zhenting looked at him with sharp eyes.

He has regained his previous coolness, but there is weariness and tiredness in his eyes, and he is by no means as calm as before.

"Master Zhu, when will the Zhu Group reopen?" Li Zhenting smiled calmly.

This is to remind him that men should put their career first and not be too cowardly.

The failure of the Zhu family in Nuoda was like this. Regardless of whether he had any involvement or not, it was also related to the men of their Zhu family.

Zhu Qixiong walked up to him, bowed and said thanks: "Thank you, Mr. Li, for helping me at this critical moment. If you hadn't provided information in time and delayed the arrival of the 100 million, that vicious woman would have escaped now. I wish you The family will never be able to turn over again."

"Hmph, it seems you are not stupid." Li Zhenting sneered. He could find out that he was secretly helping. This shows that he still has business acumen, and it is not hopeless to revive the Zhu Group in the future.

"No, I am indeed stupid. Compared with Mr. Li, I am still a three-year-old kid in kindergarten who opened files." Zhu Qixiong laughed at himself.

Li Zhenting took a puff of cigarette and stared at him with sharp eyes like a sword: "Is this why you came to me?"

"No, there is one more important thing." Zhu Qixiong shook his head.

"What's up?"

"About Shen Ning and I." Zhu Qixiong spoke with difficulty, his face full of shame.

Li Zhenting's eyes stared at him, getting colder and colder.

"How to say?"

"Mr. Li, you and Ning Ning are remarrying. I wish you all the best, but there is one thing I must explain. Otherwise, I will be uneasy and it will also cause hidden dangers to your marriage in the future. I implore you to listen to it." You have to face it calmly, and you have to be kind to Ning Ning." Zhu Qixiong seemed to have gathered all his strength, raised his head and looked at Li Zhenting, and spoke solemnly.

Li Zhenting immediately felt as if his chest was blocked and he couldn't lift it up.

Chapter 1346: Li Zhenting's strength and loving wife 72

"Say it quickly." He snapped impatiently.

Zhu Qixiong gritted his teeth and recounted in detail what happened between him and Shen Ning that day in his memory, taking all the responsibilities on himself. He said that he was drugged by Xu Xiangzhi, could not control himself, and took possession of Shen Ning. He did not I didn't mean to do this, please forgive me.

Afterwards, he regretted so much that he wanted to kill himself. It was not until he saw the wedding announcement between him and Shen Ning, and their behavior that day was secretly photographed, that he worried that Li Zhenting would be harmful to Shen Ning, so he came to explain.

Li Zhenting heard the sound of his teeth cracking, and knocked him to the ground with a fist.

Zhu Qixiong fell to the ground without any resistance. Even if Li Zhenting beat him to death today, he would not fight back. After all, he took the initiative to explain. He only asked him to forgive Shen Ning and be nice to her.

"Tell me, who secretly took those photos?" Li Zhenting's eyes were red, and he grabbed the clothes on Zhu Qixiong's chest and asked angrily.

Zhu Qixiong was also at a loss and said: "I was drugged and groggy at the time. I had no idea that someone had secretly photographed me. It wasn't until your mother came to me and showed me those photos that I found out that Shen and I were secretly photographed that night. Ning was set up. Someone deliberately took those photos. There are no pictures. I guess it must be Xu Xiangzhi. That vicious woman will do anything for money. She must be trying to use these photos to force me to submit. , letting me marry Wu Xueying was also to force Shen Ning to persuade me to hold an engagement ceremony with Wu Xueying, because that day, I did hold an engagement ceremony with Wu Xueying, and Shen Ning also participated in it. "

Speaking of this, his eyes were filled with hatred for Xu Xiangzhi.

This vicious woman not only ruined him, but also ruined Shen Ning's innocence.

As soon as he finished speaking, Li Zhenting punched him again, and blood flowed from the corner of his lips.

Fifteen minutes later.

Zhu Qixiong walked out of Li Zhenting's office with a bruised nose and a swollen face. He staggered and staggered. He wiped the blood from the corners of his lips with his hand as he walked.

He confessed everything to Li Zhenting and hoped that he would not blame Shen Ning.

only

One thing he concealed was that he clearly remembered that day, before he was drugged, Shen Ning came to see him, took the initiative to put his arms around his neck, and got close to him. Later, in his confused consciousness, he felt that Shen Ning was there most of the time. Take the initiative to get close to him...

Afterwards, he felt that night was like a dream, and it felt so unreal that he did not dare to think too much.

His heart trembled until Li Wanqing found him and showed him those photos. The woman in the picture is indeed Shen Ning, her facial features are so similar, there are no two identical people in this world.

And their postures were so unbearable...it was almost impossible to see them with the eyes.

He suddenly understood that Shen Ning must have been drugged by them that night, and she could not control herself and acted in such a drastic way.

Looking at Li Wanqing's heartbroken expression, he understood that it was him who had hurt Shen Ning, leaving her completely bruised. When Li Wanqing told her that Li Zhenting was forcing Shen Ning to get married, and that Shen Ning now loved him, he was excited and sad. Dare to believe.

Li Zhenting immediately published two newspapers saying that he wanted to marry Shen Ning.

Zhu Qixiong finally called Shen Ning.

But Shen Ning did not say on the phone that Li Zhenting forced her, and she also clearly admitted that she was willing to marry him.

At that moment, he already understood what Li Wanqing was thinking. She disliked Shen Ning for being unclean and wanted him to take Shen Ning away from Li Zhenting.

Thinking about the miserable Shen Ning who had suffered so much in her relationship, only to encounter this kind of thing again when the flowers bloomed and won in the end, and this was brought to her by him.

He decided to confess to Li Zhenting in person and ask him to treat Shen Ning well. Besides, this matter could not be hidden.

If Li Zhenting really loves Shen Ning, then he will accept it. After all, Shen Ning is innocent.

There was more and more blood on his lips, but the shadow that hung over his heart also dissipated a lot.

That's all he can do!

Chapter 1347: Li Zhenting's strength and loving wife 73

At noon, Shen Ning did not go downstairs to eat.

The eldest aunt is still a lot. Her waist and knees are weak, her whole body is weak, and she is lying on the bed feeling dizzy.

Sister Wang brought the food.

"Young lady, I don't know if you want to say something?" Looking at Shen Ning's defenseless look, it was obvious that she didn't know what was going on, so Sister Wang whispered carefully.

Shen Ning's eyelids twitched as she remembered something and immediately asked, "Did you hear something?"

Sister Wang looked around and whispered: "Yes, the indecent photos of you and Zhu Qixiong are being circulated everywhere in the old house. This must have been deliberately spread by Liang Ruqi and Rao Yajing to frame you. They don't want you to have **** with the young master. I don't know where I got such pictures from when I got remarried, it's really unethical."

Shen Ning was stunned and asked: "What kind of picture?"

Sister Wang sighed: "Those pictures are of you and Zhu Qixiong doing those things. I don't know where they got them or how they took them."

"Do you have it? Show it to me quickly."

"Young lady, forget it, it doesn't look good." Sister Wang felt embarrassed.

"Sister Wang, if you have any, please show me. I have to understand what's going on. Don't worry. I haven't done anything, so I'm not afraid of anything." Shen Ning insisted on looking.

Sister Wang had no choice but to send those photos to her.

Shen Ning's expression changed after seeing it.

She in the photo is so absurdly happy and unrestrained, and some of her actions are simply disgusting.

But when had she ever done such a thing with Zhu Qixiong?

impossible!

It must not be her!

She lowered her head to look carefully again.

But the facial features of the person in the photo are very similar to hers. Anyone with a discerning eye can see that she is from there. Even she herself feels that the woman is herself.

only

When did she do this kind of thing with Zhu Qixiong?

Incredible! "Young lady, don't worry. Those people must have found a woman who looks a little like you and got her. Now that computer technology is advanced, you can do anything." Although Sister Wang doesn't understand, the children at home often listening to what he said about high-tech things,

she felt that it should be like that, but those who took other people's privacy and publicized it were too ugly at heart.

After a while, Shen Ning looked at the photo and gradually calmed down from being shocked at first.

So this is her scandal!

No wonder Li Wanqing's attitude towards her has changed drastically, and no wonder Liang Ruqi and Rao Yajing can be so arrogant and despise her.

It turns out that they all have a handle on her!

"Sister Wang, do you believe the woman in this photo is me?" she asked with a slight smile.

Sister Wang shook her head: "I will never believe it, and I believe that the young master will never believe it either."

"Are you sure he won't believe it?" Shen Ning asked in disbelief.

"Absolutely." Sister Wang was very sure, "If he believed it, he wouldn't have treated Liang Ruqi and Rao Yajing like that. He should have known about it for a long time. Not only did he not accuse you, but he didn't even mention it, which shows that he didn't do it at all. Those who don't believe it."

Shen Ning thought of yesterday when he asked her if she really loved him, and it was clear in her heart.

"Sister Wang, thank you, please go down." Shen Ning put away her phone and started to concentrate on eating.

Sister Wang saw that her expression was calm and her mood was stable, so she felt relieved and went down.

In the evening, the wind started blowing outside, and then it started to rain.

The typhoon has arrived, and the whining sound of the wind blowing against the tree branches can be heard in the distance.

The weather forecast says that this typhoon will reach level 7 or 8, which will have a severe impact on many areas.

When she went downstairs to clean the babies' bottles, she saw the construction team's contractor leading many workers toward the back hill.

Butler Luo said that a pile of building materials had been blown down in the back mountain and needed emergency treatment. It was said that the materials were quite expensive and would be completely destroyed if not protected.

After she returned upstairs, her eyelids kept twitching and her heart was filled with panic.

Chapter 1348: Li Zhenting's strength and loving wife 74

Li Zhenting's car drove into Li's old house.

Coco, Ding Ding and Xiao Xiao were very interested in stacking Lego in the living room after they came back from kindergarten.

Li Zhenting got close to them for a while, then went to see the old man and the old lady, and then walked upstairs.

"Zhen Ting." Li Wanqing called him as he passed the turning of the stairs.

"Mom." Li Zhenting just called lightly and went upstairs to find Shen Ning.

"Zhen Ting, what are your plans now?" Li Wanqing looked serious.

"What are your plans?" Li Zhenting frowned.

"It's about you and Shen Ning."

"What does Shen Ning and I have to do?" Li Zhenting asked.

Li Wanqing took a breath: "She and Zhu Qixiong are like that, can you still marry him? It's obvious that she doesn't love you either."

"Mom, how long have you known Shen Ning? Do you think she is that kind of person?"

"She is not wrong. She has the right to have a boyfriend. This has nothing to do with her character. What's more important is that Zhu Qixiong also loves her." Li Wanqing argued with reason.

She couldn't accept Shen Ning sleeping with another man like that and marrying her own son. In her opinion, this was an insult to her son.

"Don't forget, you divorced him a long time ago, and she can't always be loyal to you." She emphasized again.

The end of Li Zhenting's lips pressed a cold light.

"Mom, I remind you, please don't interfere in the affairs between Shen Ning and I. First of all, I believe Shen Ning. Secondly, even if Shen Ning did something like that with Zhu Qixiong, it was my fault. I am willing to accept this punishment, as long as she loves me wholeheartedly in the future, and I will only marry her in this life, we already have five children, nothing can stop us."

Today, when Li Zhenting heard that Zhu Qixiong said that Li Wanqing went to him with those photos and asked him to chase Shen Ning, he was really angry. Now that Li Wanqing was still holding on to this matter, he was even more annoyed.

Li Wanqing's face turned pale.

These days, the entire Li family's old house is talking about Shen Ning behind their backs, especially Liang Ruqi, who is openly and implicitly talking about it. She has been upright and upright all her life, living under the banner. At this moment, she only feels a lot of pressure, and her mind is haggard. Want to resolve this matter as soon as possible.

From her point of view, if Li Zhenting does not marry Shen Ning, this matter will not matter. After all, Shen Ning and Li Zhenting are currently divorced. She is free to do whatever she wants and is beyond reproach.

But now her son is as stubborn as before towards Xiaofeng. This is the reason why she is so frightened.

"Zhen Ting, when will you listen to your mother?" Li Wanqing asked sadly, "You have the livelihood of so many people on your shoulders, and the Li family's century-old plan is also staked on you. If you are entangled in such a scandal, how can we lead the staff of the Li Group forward?"

"Mom, do you really not believe in Shen Ning's character? Even if you don't believe it, you still have to think about your five grandchildren?"

"What's the use of my belief? The key is to have others believe it. People's words are scary! The five grandsons Shen Ning can come back to visit them at any time. The impact on the children is not as big as imagined."

"Wrong, Mom, if Shen Ning and I cannot remarry, then the custody of these five children will be given to Shen Ning, and she will take the children away. We have already agreed." Li Zhenting's eyes narrowed, Every word is very solemn.

"Ah." Li Wanqing said "Ah", her face turned pale, her fingers grabbed the clothes on her chest, her eyelids rolled up, and she almost fainted.

Li Zhenting didn't even look at her, turned around and went upstairs.

In the darkness, Liang Ruqi stood on the corner stairs and heard the conversation between their mother and son clearly, with a sinister smile on her lips.

Li Zhenting is really infatuated.

But this is fine!

But no one who attaches importance to feelings can become a great person. If he and Shen Ning fail to remarry, and the children will be taken away by Shen Ning, wouldn't it be great?

Chapter 1349: Li Zhenting's strength and loving wife 75

"Ning Ning."

In the bedroom, when Li Zhenting walked in, Shen Ning was feeding the baby milk. The little guy kept humming while sucking the milk. Shen Ning was looking down at the cute Beibei, with the little guy's pink face and facial features. When she took it apart, it looked very much like her and Li Zhenting. The corners of her lips were slightly raised, and the chandelier shone on her body, emitting a soft and dazzling light all over her body. She was as sacred as the Virgin. Li Zhenting couldn't help but drowse.

Can a woman who is devoted to her children do those things?

He felt ashamed of himself for having such an idea!

"Zhen Ting, you're here." A tall figure enveloped Shen Ning. She raised her head, and Li Zhenting's narrow eyes were staring at her softly, full of doting.

She looked up at him.

"Ning Ning, this is for you." He held a bag of exquisite Shundeji cakes in his hand and handed it to her.

"What's this?"

"Swiss roll, your favorite food." Li Zhenting smiled.

"Thank you." Shen Ning took it and put it aside.

Li Zhenting hugged Xixi, teased her, and sat down next to her.

Shen Ning glanced at him secretly.

The man held the child, his face full of joy and doting. The child was a small ball, like a small toy in his hand, squeaking and talking happily.

Li Zhenting's broad back was filled with warmth, and the child seemed to feel particularly safe in his palm.

The heart that had been shaking and restless all day seemed to have settled down at this time.

Li Zhenting didn't have any adverse reactions. He didn't seem to care at all about the rumors and didn't even mention them to her.

Shen Ning indeed felt a different kind of trust and warmth.

Outside the window, a gust of wind shook the sky and the earth, followed by a violent storm that covered the sky and the earth.

Lightning and thunder followed, shaking half of the sky. Everything on the earth was immersed in the invasion of wind and rain, and every corner of the city was looted.

The bedroom is warm and peaceful.

The cell phone's ringtone suddenly rang in the room. "Beibei, go to bed first." Li Zhenting put the little Beibei into the cradle and went to answer the phone.

"Mr. Li, it's not good. One of the construction team members was washed down the mountain by the storm." The call came from the back mountain. The urgent voice of the contractor Yang Daqiang came. The phone was very noisy, full of shouts and the sound of wind and rain. .

Li Zhenting's expression changed.

"What's going on? How long has it been since then and construction is still going on in the back mountain?" he asked seriously.

"Mr. Li, the typhoon came suddenly. We originally went to another construction site today. When we rushed over, the building materials here were already sliding down. We had to take emergency

protective measures." Yang Daqiang cried, "Mr. Li, Please send some security guards quickly to help with the search and rescue. I only started work this year, and I really can't compensate for the death of one person."

Li Zhenting's eyes were cold.

If a person dies in the back mountain, it is a trivial matter that he cannot pay compensation. The reputation and feng shui of Li's old house will also be damaged. Moreover, he developed the back mountain into a playground. Who will dare to come here for entertainment in the future?

Besides, he couldn't just ignore the situation when human lives were at stake.

"Okay, you continue the search and rescue, pay attention to safety, I will send someone over right away." Li Zhenting put down the phone and ran outside.

"Zhen Ting, do you want to go there in person?" Shen Ning already roughly knew what happened from the phone call. At this time, there was lightning and thunder outside, and it was such a dangerous cliff in the back mountain, with trees surrounding it. Going in is never a good thing.

"Ning Ning, take care of the children. Life is at stake. I have to go and see for myself." Li Zhenting turned around and smiled at her, "Don't worry, I'll be back later."

After saying that, he said nothing more and ran outside.

Shen Ning's eyes jumped again.

At this time, Beibei, who had just been put into the cradle, began to cry at the top of his voice, as if he was reluctant to leave his father.

Shen Ning had no choice but to coax the child.

The night is getting darker, the rain has become lighter, and Li Zhenting has not returned yet.

Shen Ning was standing by the window when she heard a burst of noisy shouts from the back mountain, as if something big had happened, and her heart began to throb.

Chapter 1350: Li Zhenting's strength and loving wife 76

"Young mistress, it's not good. Something happened to Mr. Li and he fell off the cliff from the back mountain." While Shen Ning was panicking, a nanny ran up to her with a worried face and sweat dripping from her forehead. She was so anxious that she didn't know how to deal with it. At a loss.

"Ah." Shen Ning's face changed color and she stood up. "Where did the accident happen? How could it happen?"

"I don't know, everyone is running over there now, looking for him. I don't know where he fell." The nanny shook her head, with a look of fear on her face.

"Let's go." Shen Ning stood up and ran.

The strong wind and heavy rain hitting the body can make people collapse. Autumn has entered, and the chill is coming.

As soon as Shen Ning ran out, the oncoming storm hit her nose, making it difficult to breathe.

But she had experienced the suffocation of being pushed into the sea, and quickly adapted. The image of Li Zhenting falling off the cliff and being **** was in her mind, and her heart was throbbing.

In this life, she was the only man she loved. Even if he hurt her, she didn't want anything to happen to him. She hoped he could be healthy, hold their child, and laugh.

On the back mountain, the sound of wind and rain was still coming intermittently, but after a short rest it became even more urgent. Flashlights were shining brightly like daylight, and people in raincoats were searching and shouting in the woods and cliffs. "Where did Mr. Li fall off the cliff?" Shen Ning climbed up a cliff and grabbed a man in a black raincoat and asked.

"There." The man raised his finger and pointed in front of him.

Shen Ning wiped the rain off her face with her hands and looked forward. She saw a path leading up to the top of a cliff. It was almost the highest point on the entire back mountain.

The sky fell from such a high place, the consequences...

Her eyesight went dark, and she staggered up and climbed up, trying to figure out where he might fall.

Her feet were very slippery, and she would step on messy stones from time to time. A hole was soon worn out in her shoes, and her toes were exposed. She felt a burning pain. She knew she must be bleeding, but she couldn't feel the pain. Her eyes were full of men's flesh. The **** scene, struggling to climb up.

Twenty minutes later, she finally climbed up.

There were several square meters of rocks on top. There were dark holes at the foot of the mountain. It was hard to see clearly. She took out a flashlight and shined the surroundings. The hillside was very steep and desolate. At first glance, it seemed that few people came here.

She frowned.

How could Li Zhenting climb such a steep slope? What are you doing here?

For a moment, she felt thirsty, but she still took out her mobile phone to compare the location of the foot of the mountain where she fell from here, and prepared to turn around and go down.

Sudden

A strong and powerful force pushed **** her back.

"Ah." Caught off guard, she screamed and fell down.

During the rapid fall, she opened her arms to grab something. Suddenly, a violent impact hit her head. She felt that her head had been cracked, her vision went black, and she fainted.

The old house of the Li family.

Li Zhenting ran back from the mountains and forests, and his whole body was soaked.

He promised Shen Ning that he would be back soon.

So, after a round of inspection, he directed everyone to finally find the man who fell down the hillside.

The man broke his leg and two ribs. He was wailing in pain and his face was pale.

He immediately called the ambulance. After the ambulance arrived, he sent the man to the hospital. He gave Zhang Daqiang, the contractor, a severe scolding. Because he was thinking about Shen Ning and was afraid that she would worry, he hurried back without caring about changing. With soaked clothes, he walked upstairs.
