

## Troublemakers 1351

### Chapter 1351: Li Zhenting's strength and loving wife 77

"Ning Ning." Li Zhenting went upstairs to the bedroom, but there were only two special nurses taking care of the children, but Shen Ning was missing.

His eyelids twitched sharply.

"Where is Ningning?" he asked the special guard.

The special guard looked at him and said, "The young lady should have gone downstairs to wait for you. She is not here."

"How long has she been down there?"

"For quite a while, she has been worried about you going to the back mountain, fearing that you might be in danger, so she was anxious in the room." Tehu replied.

A special nurse took leave today. Because of the typhoon, she didn't have time to come back. She was a little busy taking care of two babies by herself, so she went to take a bath while Shen Ning was there.

But when she came out of the shower, Shen Ning was no longer there. The two babies were crying, so she took care of the children, thinking that Shen Ning had gone downstairs to wait for Li Zhenting.

Hearing this, Li Zhenting turned around and ran downstairs.

"Ning Ning, Ning Ning." He shouted loudly. He didn't see her in the living room downstairs, so he searched from guest room to guest room.

It's stormy outside, so it's impossible for her to go out.

But after looking around, he couldn't see Shen Ning's shadow, and he immediately had a bad feeling in his heart.

"Sister Wang, where is the young lady?" He called Sister Wang over.

"Isn't the young lady taking care of the children upstairs?" Sister Wang has been busy in the kitchen and has not seen Shen Ning go out.

At this time, Wu Ma came out and said, "Master, I just saw the young lady running out when I was washing the dishes. She ran in a hurry."

"What? She ran out?" Li Zhenting's head pounded, and his heart sank to the bottom. "It rained so hard, where did she go?"

"Daddy, I saw mommy running towards the back mountain." At this time, Xiaoxiao ran over, with worry on his face.

Just now, she lost a game of chess, and only Coco and Ding Ding were left to duel. She logged off early, but when she looked up, she saw Mommy rushing outside. She ran so fast that there was no time to call

her. Xiaoxiao was very anxious at the time. Following her mother's figure, she saw her running towards the back mountain. She was worried at first, but when she saw that her father also went to the back mountain, she thought that her mother must be looking for her father. Just as the next game of chess was about to begin, the child was so playful that he forgot about it for a moment. When he saw his father asking Mommy, he immediately felt something was wrong and hurriedly told his father about the situation.

Back mountain?

Li Zhenting's eyes darkened when he heard this.

Is this woman stupid?

She had just completed confinement not long ago. She had fallen into the sea last time and had a difficult delivery, so she had already suffered from all kinds of problems. The problem of uterine cold was even more severe. This time she was still in the period of being a aunt, so she actually took the risk. He must be crazy to go to the back mountain in such a heavy rain.

He picked up a searchlight and ran towards the back.

"Hurry, follow me." Butler Luo just came back. Hearing this situation, he immediately called the security captain over and organized many security guards to run towards the back mountain.

"Did you see a woman on the mountain?" The mountain behind was dark, and the workers were all coming one after another.

After leaving, Li Zhenting grabbed a man who was retreating down the mountain and asked.

"I didn't see it, we've almost finished our walk." The man couldn't see it was Li Zhenting despite the heavy rain. He was in a hurry to go home, so he just replied and walked quickly outside.

Lightning flashed several times in the sky, and then a huge thunder struck down on the head.

Li Zhenting used the bright light to see that there were only messy tree trunks and footprints in the woods and cliffs, as well as some yellow mud and piles of rotten building materials. No one could be seen.

"Ning Ning." He rushed in and shouted loudly.

The heaven and the earth mourned, and there was no reply.

"Ning Ning, Ning Ning." Li Zhenting opened his voice and shouted loudly again, over and over again, until his throat became hoarse, and no one responded.

It was pitch black on the mountain, and his flashlight swept across the entire mountain. There was nothing but rain and howling wind.

**Chapter 1352: Li Zhenting's strength and loving wife 78**

"Young master, we didn't find him." Butler Luo and the security captain brought seven or eight security guards to search, but to no avail.

"If you search again, you must find Shen Ning, otherwise don't go back." Li Zhenting's eyes were scarlet and he spoke sternly.

"Search quickly." The security captain gave the order, and the security guards who had just withdrawn rushed into the forest again.

Li Zhenting searched everywhere. After an hour, all places were searched, and only this high mountaintop was left.

Standing among the rocks at the foot of the mountain, Li Zhenting raised his head.

Shen Ning wouldn't climb up there, right?

But if she was looking for him, she might be able to climb up even if she couldn't find him. After all, she could see far from the top.

He lifted his feet and walked up. However, when he lifted his feet, he saw that the stones on the ground were crooked. When he shined the flashlight, it seemed that there were traces of someone walking. He hurriedly shined the flashlight along the traces. Sure enough, there were footprints all the way. It was walking up the mountain.

It seems that someone did go up there.

He quickened his pace and climbed up the messy rocks.

"Young master, be careful." Butler Luo followed him and saw him climbing up there, so he shouted loudly.

Li Zhenting turned around and was about to speak. Suddenly, there seemed to be a dark figure standing there in the woods below, peeping over here.

He was shocked and immediately shined his flashlight on it.

The black shadow turned and ran towards the mountain forest.

Li Zhenting wanted to see clearly what kind of person he was, but the flashlight didn't shine too far, and the distance was far away. They were all wearing raincoats, so he couldn't really see what the person looked like.

At this time, he felt more and more ominous premonitions, a strange aura shrouded him, and his eyelids kept beating.

"Ning Ning." He roared loudly, as if he wanted to shake the heaven and earth.

Butler Luo followed behind, trembling with fear. He couldn't understand why the young lady would come to the back mountain on such a rainy day.

After a while, they climbed to the top of the mountain.

"Ning Ning." Li Zhenting looked around with a flashlight, calling while searching.

The rocks on the mountain are a bit messy, and it is true that someone has been there.

He took a flashlight and looked around carefully. Sudden

The breath is suffocated.

I saw a shoe on the left downhill not far from the top of the mountain. It was a women's sneaker. It was delicate and beautiful, and it was sky blue. It looked like Shen Ning's.

That day when she came in with her baby, it was inconvenient for her to bend down and take off her shoes. It was him who bent down to help her take off her shoes and put on slippers, so he recognized her.

So, Shen Ning really rolled down the mountain?

This hillside is steep. If it rolled down the mountain, would there be anyone there?

Li Zhenting's chest was blocked, and he felt hot blood rushing to his throat. He took the flashlight from Butler Luo behind him, and shined the two beams down at the same time.

Fortunately, there weren't many dense branches here. Soon, I saw a bright object lying on the rocks further down. It was a mobile phone, Shen Ning's mobile phone.

Until the moment he saw the mobile phone, a heartbreaking pain went straight to the depths of his heart and seemed to tear a hole in his heart.

"Ning Ning." He shouted loudly.

When the flashlight shined further down, there were only messy rocks, and then there was a bottomless cliff.

His body swayed.

Many years ago, he also fell from here, but he was pushed down. A branch at the bottom of the cliff pierced his eyes and he fainted from the pain.

If the girl hadn't saved him, he would have died long ago, or at least he would have been blind!

"Young Master." Butler Luo grabbed his arm in time and asked worriedly, "Did Young Mistress fall below?"

"Quickly, let the security go down to this place to search. If you want to see people alive, you want to see corpses if they die." He shouted loudly.

"Okay, I'll inform you right away." Butler Luo's heart sank to the bottom of the valley. If he fell down such a steep cliff, would there be a way to survive?

His eyes welled up with tears.

Shen Ning is such a good person. It would be so heartbreaking if something like this happened.

Is God good at living? How could you treat a good person like this?

He took out his mobile phone and immediately called the security captain.

## Chapter 1353: Li Zhenting's strength and loving wife 79

"Young Master, can't you go down from here?" Li Zhenting's eyes were scarlet and he raised his feet to go down from here. Looking at such a steep hillside, Butler Luo was so scared that his heart almost jumped out. He put down his cell phone and grabbed it. Caught his arm.

"Let me go." Li Zhenting said in a cold voice, and there was a terrible rumble all over his body. The cold air emanated could freeze the surrounding air, and the rain gradually became less intense.

"Young master, let's find a way to find it from the foot of the mountain. Believe me, if the young lady really fell from here, she must have rolled to the foot of the mountain. We can find it from below. If you go down from here, it will be very easy. It's dangerous." Butler Luo's voice was filled with tears.

But Li Zhenting pushed him away and climbed down.

"Master." Steward Luo's crying voice echoed in the darkness.

"Hurry up and bring someone to meet you from halfway up the mountain." Li Zhenting ordered him.

"Master, you must be careful." Butler Luo warned him with tears in his eyes before turning around and running down the mountain.

Fortunately, the rain has subsided.

Li Zhenting climbed down carefully against the big stone, and finally climbed to the shoe. He picked up the shoe. There was a hole in the big toe of the shoe.

After being slipped for a few steps, he grabbed a stone and picked up his mobile phone.

The phone has broken the screen and the case has fallen out.

He picked it up carefully and put it into his bag. Standing here and looking down, he saw that it was still a steep hillside with no bottom.

But there were already security guards crossing the mountainside, and some people were walking towards the bottom of the cliff.

In the hospital.

Shen Ning was covered in injuries, her head was wrapped in thick gauze, and she had been sleeping all day and night.

The night before yesterday, Li Zhenting and his security guards finally found her on the hillside near the bottom.

Her head hit a boulder, causing a hole. She was bleeding and her body was covered with cuts and scratches.

Had they found her half an hour later, she would have died.

Now after bandaging her wound, she fell into a severe coma due to excessive blood loss, and her body was extremely weak.

Li Zhenting's eyes were sunken, his face was ashen, and he had been standing guard beside him with a stubbled beard. He had been guarding him for a day and a night. Looking at Shen Ning, there was pity in his eyes, but there was an icy coldness at the end of his eyes.

He held her fingers, the woman's fingers were soft and gentle.

It's much better!

Remembering that when he rescued her yesterday, she was soaked all over, her face was as pale as paper, and her fingers were cold. At that moment, he felt that he had left her.

His children have no mother!

He rushed into the emergency room with a roar, shaking the entire hospital, and asked the most authoritative professor to come over to examine her brain and bandage her wounds.

Now the most dangerous time has finally passed.

"Ning Ning." He whispered her name in her ear, hoping that she would wake up as soon as possible.

The doctor asked him to call her name from time to time and not let her sleep for too long.

At the bedside, the electrocardiogram has stabilized after repeated instability.

"Mr. Li, let's have something to eat." At this time, Lengxue walked in, carrying a lot of food and a change of clothes.

This was the first time that something like this had not happened to him around Li Zhenting.

He was ashamed!

But he has other tasks, there is nothing he can do!

Li Zhenting took the food and put it on the bedside table. He picked up the briefcase next to him, took out the mobile phone he picked up last night and said to Lengxue: "Take it to the mobile phone store to repair it and restore the data."

"Yes." Lengxue took it and left.

Li Zhenting sat down, with a cold light shining in his eyes.

How did Shen Ning get to the top of the mountain when it rained so heavily? How he fell down again is a mystery!

Before Shen Ning woke up, it was difficult for him to make a decision, but he could find many useful things with his mobile phone!

**Chapter 1354: Li Zhenting's strength and loving wife 80**

After dinner, Li Zhenting changed his clothes and sat down beside Shen Ning's bed.

Li Wanqing is here.

"Mom, don't let the children know about Shen Ning's situation." Li Zhenting warned cautiously.

"Well, I know." Li Wanqing looked at Shen Ning's pale face and sighed, "How could she run to the back mountain? She fell so seriously that she saved her life."

She had already heard from the special guard that after Li Zhenting left, she was very worried about him and restless. She ran to the back mountain because she was worried about Li Zhenting's safety.

It seems that she still has feelings for her son, which makes her feel mixed. Since she has feelings, she shouldn't have anything to do with Zhu Qixiong. Wouldn't the two of them get back together?

Now that everything is going on, not only is she having a hard time, Li Zhenting is also having a hard time, and she is also having a hard time. The young man really does things without thinking and just wants to be happy for a while.

What's more, she has been doing reconciliation work with her relationship with her son. How could she do those things in a moment of confusion?

Li Zhenting did not answer.

"Zhen Ting, I heard that you haven't slept all day and night. How can this be done? I'll keep watch today while you go to sleep." Seeing her son looking so haggard, Li Wanqing felt very distressed.

She will never forget the crazy expression on his face when he rescued Shen Ning last night, holding Shen Ning's sick body in pain. Along the way, because of the traffic jam, he scolded the ambulance driver bloody. When he got to the hospital, he brought the whole hospital into chaos again.

This infatuated son is now in love with Shen Ning! She would definitely be worried if she called a special guard to guard him. Now she can only guard him by herself.

But is Shen Ning still worthy of his deep love now?

"Mom, you should go back and rest when you are old. I can just stay with her." Li Zhenting refused, with no expression on his face.

"But you haven't slept all day and night." Li Wanqing felt very distressed.

"It's okay. I slept next to the bed for a while last night. I'll sleep on the bed next to me later." Li Zhenting didn't move, not letting her guard Shen Ning at all.

Li Wanqing had no choice but to go back.

Li Zhenting held Shen Ning's hand and rested against the bed.

After a while, he felt that the hand in his palm was getting hotter and hotter. He frowned and turned his head. Shen Ning's originally pale cheeks turned red, which was obviously an abnormal blush.

He stood up immediately.

"Ning Ning, Ning Ning." He put the palm of his other hand on Shen Ning's forehead. It was hot and he shouted in shock.

Shen Ning has a high fever, which is not a good thing!

Just as he was about to ring the calling bell.

Sudden

Shen Ning opened his mouth and muttered something.

Li Zhenting was startled and immediately lowered his head.

"Mountains, mountains, mountains." Shen Ning murmured.

In an instant, Li Zhenting felt as if he had been electrocuted, and his whole body was stunned.

Why did Shen Ning suddenly call out "Shan Shan"?

You must know that Shanshan is his nickname. "The trees are all in autumn colors, and the mountains are only covered with sunset." This is the nickname that my grandfather gave him when he was a child. It was based on this poem.

But later, something happened to him from the back mountain. After he recovered from his illness and returned, Li Jichun no longer allowed others to call him this nickname. This nickname was related to the mountain, which he tabooed.

Gradually, this nickname disappeared and no one could remember it anymore.

But Shen Ning suddenly called out his nickname in a coma, it was so strange!

He calculated that it was six years ago when he met Shen Ning, and there was no way she would know his nickname.

"Ning Ning." He stroked her thin face, his heart palpitating.

"Shanshan, Shanshan, your eyes need to be replaced with medicine." At this time, Shen Ning muttered something again.

And this sentence completely shocked Li Zhenting!

### **Chapter 1355: Li Zhenting's strength and loving wife 81**

"Ning Ning, who are you calling?" He leaned forward, put his ear to her lips, and asked loudly.

"Shanshan, eyes, let me change your dressing." Shen Ning seemed to have heard what he said and murmured again.

"Ning Ning." Li Zhenting's heart began to tremble and his lips trembled.

"No, the patient has a high fever." At this time, the nurse who came to check the ward walked in and saw Shen Ning with a red face, and immediately screamed.

Li Zhenting woke up with a start.

"Quick, call the doctor." he shouted.

"good."

The nurse ran out in a hurry.

The doctor on duty came after a while, brought down the fever, and put the bottle in...Immediately started a busy period.

The night is getting darker and darker.

Shen Ning's fever finally subsided. After the high fever, her face was extremely pale, and her lips were bloodless. She was lying on the bed, a thin ball, like a paper figure.

Li Zhenting wiped her body and changed into a clean hospital gown.

Now he no longer trusts her to be taken care of by anyone, and does everything himself.

After the fever subsided, Shen Ning fell into a deeper coma, and her hands and feet were all cold.

He climbed onto the bed, held her in his arms, hugged the quilt tightly, letting his body temperature warm her body, but his eyes were cold, and the chill in his eyes was terrifying.

The night before yesterday, when he climbed to the top of the mountain and looked back, he saw the dark figure. He had been secretly watching them. Who was he? Why were you there on such a rainy day?

Obviously

Shen Ning would never have fallen off the cliff by himself!

This is someone trying to harm him secretly!

There are still people who dare to do such unscrupulous things under his eyes, it really tests his bottom line!

He lowered his head and kissed Shen Ning's black hair, and buried his head in her neck.

The two of them fell asleep hugging each other like this.

The sun rises in the east. After the typhoon, the sun shines brightly! In the old house of the Li family in Nuoda.

Rao Yajing got up early in the morning and walked towards Liang Ruqi's study.

Liang Ruqi has returned to her home and has barely slept all night. She is sitting on a soft chair in front of the study. She is no longer as proud and arrogant as usual, and her eyes are bloodshot.

"How is Shen Ning's injury now? Has she survived?" Liang Ruqi asked nervously as soon as Rao Yajing walked in.

"Mom, the hospital has blocked all news now. No one knows how Shen Ning is doing now?"

"Are you sure Shen Ning was rescued last night?"

"I'm sure many of the nannies at Li's old house saw it. Li Zhenting looked scary at that time, as if he wanted to kill someone."

"Hmph, he is quite infatuated." Liang Ruqi sneered deeply.

Unexpectedly, Shen Ning put such a big cuckold on him, and he didn't even care!

"Mom, this bitch's life is really big." Rao Yajing said bitterly, feeling panicked in her heart. This was the first time in her life that she was involved in such a life-threatening matter, and she stayed up all night last night.

"What's going on over there at Li's old house and in the back mountain now?"

"Many police officers have arrived. The back hill has been cordoned off, and the Li family's old house cannot be entered or exited." Rao Yajing's voice was trembling.

"Is Shen Ning dead or alive?" Liang Ruqi murmured, looking towards the old man's villa in the distance.

"Mom, did we act too hastily this time?" Rao Yajing felt uncertain and could not hide her panic. No matter whether Shen Ning was dead or alive, it was still a problem for them.

"What do you know?" Liang Ruqi rolled her eyes at her, "This is an excellent opportunity. If you miss it, I may never get it again."

There are cameras everywhere in the Li family's old house and the old man's villa. Only the back mountain can be used. There was another typhoon and rain last night. It was pitch dark and there were many people. Unfortunately, one person fell and was injured. The worker Li Zhenting also passed by.

Isn't this a good opportunity given by God?

Shen Ning ran over and slipped and fell off the cliff. The next day, she found that Shen Ning was missing. When they found her, she was already dead. Who could blame her?

Everything was perfect, but Li Zhenting's infatuation was misjudged!

His infatuation for Shen Ning did not diminish even a little because of those things. It was his life-saving search that saved Shen Ning.

This is like a sharp knife hanging on the necks of Liang Ruqi's mother-in-law and daughter-in-law, which can make them bleed at any time.

**Chapter 1356: Li Zhenting's strength and loving wife 82**

"Who else went to the hospital last night?" Liang Ruqi asked again in a deep voice.

"Li Wanqing came back from the hospital very late last night. She should know something." Rao Yajing replied.

"Okay, I'll go see her now." Liang Ruqi stood up and went to the dressing room. After dressing up for a while, she didn't walk towards Mr. Li's villa until the foundation concealed the fatigue on her face.

The villa is heavily guarded and extra security guards have been added.

When Liang Ruqi passed by, the security guard refused to let her in at first because she was the one who was kicked out of the old man's villa by Li Zhenting.

But later, Liang Ruqi asked to visit the old man, and was allowed to only enter the old man's bedroom.

Normally, she would get very angry, but today, she endured it and did not argue with the security guard.

Fortunately, as soon as I entered the old man's room, I saw Li Wanqing taking care of the old man's medicine.

After asking some questions about the old man's condition, she helped Li Wanqing take care of the old man to drink the medicine.

"Where is Shen Ning? Why haven't you seen her and the children for two days?" The old man was not confused. He asked tremblingly after taking the medicine.

Liang Ruqi immediately looked at Li Wanqing.

Li Wanqing smiled slightly: "Dad, she has had a cold in the past two days, so she is resting upstairs for fear of transmitting the virus to you. I will bring the children over to see you later."

"Oh, is it serious?" Mr. Li was very nervous, with concern on his face.

"It's okay, it's just a slight cold. It'll be fine after a few days of rest."

"That child is also suffering. You have to take good care of her and don't let her suffer in our Li family." The old man sighed and ordered.

After a few words, I felt a fit of coughing and wheezing!

Li Wanqing agreed and helped him carry it.

"Sister-in-law, how is Shen Ning now?" Li Wanqing had to go to the kitchen to work after a lot of work. Now that she was not the head of the family, many important responsibilities fell on her. Liang Ruqi ran out immediately after her, grabbing her and caring. asked.

Li Wanqing was about to speak when she looked up and saw Liang Ruqi's face full of concern. She was looking at her eagerly, eager to know something. She had a thought in her mind and shook her head: "I'm not sure either."

"Didn't you come back from the hospital very late last night?"

"Yes, but my son won't let me go in to visit. He's still angry with me."

Her words were impeccable, and Liang Ruqi could not continue to ask further questions.

This answer was tantamount to no answer. Liang Ruqi was anxious and left.

Li Wanqing looked at her back and her eyes became cold.

Liang Ruqi, a woman who has absolutely no good impression of Shen Ning, pretends to be very concerned about her. Those who don't know better think that she has a good relationship with Shen Ning. In fact, she wants Shen Ning to die.

This woman is very vicious!

Hmph, if you want to trick her, there is no way!

In the hospital.

Lengxue walked in.

Shen Ning still didn't wake up, but she no longer had a high fever and slept peacefully in Li Zhenting's arms all night.

"Mr. Li, there is no woman in the entire imperial capital who looks so similar to the young lady." He said in a low voice.

"You mean the woman in the photo is Shen Ning?" Li Zhenting raised his eyes slightly with a cold light.

He was helpless: "But now I really can't find a woman who looks like her."

"If you can't find it, then keep looking." Li Zhenting's voice was cold, "The woman in the photo is definitely not Shen Ning."

"Yes." Lengxue agreed, then took out a mobile phone and handed it to Li Zhenting, "This is the young lady's mobile phone. It has been repaired."

"Okay." Li Zhenting took it and put it aside.

He walked out cold-bloodedly.

### **Chapter 1357: Li Zhenting's strength and loving wife 83**

Liang Ruqi hurriedly returned home.

Rao Yajing is still waiting for her.

"Mom, how are you? Have you heard any news?"

"No." Liang Ruqi said angrily, "Li Zhenting didn't even let his mother in."

"Then what should we do?" Rao Yajing felt even more uneasy.

Liang Ruqi suddenly said: "Let Ah Zhen resign immediately, and send Cao Wei to a place to protect him. Don't let them appear in the public eye. Regardless of Shen Ning's life or death, Li Zhenting will definitely not give up easily. As long as these two are If the person handles the matter well, I don't believe he can find out anything. If he can't find out, then nothing will happen."

"Yeah." Rao Yajing nodded apprehensively.

Shen family.

"Meimei, I heard that something happened to Shen Ning." Lan Feiyun walked in with concern.

"What happened?" A smile appeared on Shen Mei's face. She wished that the woman was dead.

"I heard that she went to the hill behind Li's old house last night and fell down from the mountain. She doesn't know whether she is dead or alive."

"Really, it's so strange. It's such a heavy storm. Why is she running to the back mountain?"

"There was construction work on the back mountain. A worker fell and injured last night. Li Zhenting went to the back mountain. She ran there because she was worried, and then she fell off the cliff."

Shen Mei blinked and laughed suddenly: "Isn't that a perfect fall?"

Ke Lan Feiyun looked serious: "What do you know? This might be the beginning of our disaster."

"Why?" Shen Mei's face was full of confusion.

"Damn Xu Xiangzhi revealed our secret to Liang Ruqi. Now something has happened to Shen Ning, and we don't know whether he is dead or alive. No matter what the consequences are, it is not conducive to our plan. Moreover, we have already alerted the snake. Li Zhenting will definitely investigate. By then we will The loss will be huge." Lan Feiyun frowned.

"Mom, what are you afraid of? It would be great if Shen Ning died. It was not us who caused her death anyway. Li Zhenting might be able to accept me by then. After all, I look so similar to her." Shen Mei It sounded like someone was gloating about his misfortune.

"You think lightly." Lan Feiyun sneered: "Do you think you can replace Shen Ning? That's impossible. Instead, you will only cause trouble and destroy yourself, and you will get nothing. "

Li Zhenting has gone through ups and downs. This time, he must really love Shen Ning. If there are any consequences for Shen Ning, who can escape?

She just wanted to make some money and gain status for Lan Lan.

"Mom, do you think Shen Ning fell from the back mountain not by himself but by someone else?" At this time, Shen Mei asked belatedly.

"That's for sure." Lan Feiyun rolled her eyes at her, "Be more thoughtful. Now that Liang Ruqi's mother-in-law and daughter-in-law have been kicked off the throne because of Shen Ning, those two women must hate Shen Ning to death if they can be willing to do so. Oh, why don't you think about why nothing happened to anyone else, but only Shen Ning did? How can it be such a coincidence? "

"Liang Ruqi's mother-in-law and daughter-in-law are so courageous. This is against the law, and they are not afraid of death." Shen Mei clicked her tongue and said, "Shen Ning really deserves it. There are people who don't like her wherever she goes. If she doesn't die, whoever will die will die."

"That's because she is too good and has Li Zhenting's true love, which makes people jealous. Liang Ruqi's mother-in-law and daughter-in-law dare to do this, not for profit."

Lan Feiyun also had to admit Shen Ning's excellence. It seemed that the descendants of the Lin family were genetically gifted and were excellent from the bottom of their hearts. If Shen Mei was half as good as her, she wouldn't have to worry so much. Maybe Li Zhenting would also have fallen in love with her a long time ago, so what else can happen to Shen Ning?

Over the years, she has tried every means to break up Shen Ning and Li Zhenting, trying to create opportunities for her daughter, but in the end she has not succeeded. She has finally figured it out.

#### **Chapter 1358: Li Zhenting's strength and loving wife 84**

"Hmph, Li Zhenting is now with Shen Ning's child every day, and Lan Lan stays alone in Li's castle. He doesn't care about Lan Lan's life or death. This is all instigated by Shen Ning. It's so hateful." Shen Mei thought. In the past, when she was at Li's Castle, Li Zhenting loved Lan Lan so much, but now all his thoughts are spent on Coco, Ding Ding, Xiao Xiao and the two newborn children, and he ignores Lan Lan. She became angry when she thought of this, and she hated Shen Ning even more in her heart.

Based on this, she can't forgive Shen Ning!

Lan Feiyun glared at her: "A small impatience will ruin a big plan. If you can't let go of this, you won't be able to achieve great things. What's more, Lan Lan is not Li Zhenting's child at all. You still have such thoughts. , It's really asking for trouble."

"Okay." Shen Mei curled her lips.

But she was still worried about Lan Lan being ignored by Li Zhenting. Now Li Zhenting's energy was not with Lan Lan. Although Lan Lan was restricted from going out, she still secretly contacted Lan Lan. Lan Lan's crying to her made her even more sad. She hated Shen Ning.

She will have to avenge this revenge sooner or later!

"Hurry up, let's pack our things and leave immediately." At this time, Lan Feiyun looked at her watch and ordered.

"Where to go?" Shen Mei's eyes widened.

"Now Li Zhenting has seen those naughty photos you took with Zhu Qixiong, and has become suspicious. He is looking everywhere for a woman who looks exactly like Shen Ning. We can't stay here anymore. Let's go outside to avoid the limelight. Otherwise, he will see her. If so, all our efforts will be in vain." Lan Feiyun had already started to pack up her things.

Shen Mei shook her head.

"Mom, where should we go? I also want to see Lan Lan."

"Why are you in a hurry? There will be plenty of time for you to see by then. Let's go quickly. I have already arranged the location." Lan Feiyun took out a large mask, sun hat, and a pair of sunglasses from her pocket for her to put on. The two left in a hurry.

Three days and three nights later, Shen Ning finally woke up.

"Ning Ning." Li Zhenting held her hand and looked at her hazy eyes like mist, full of surprise.

Shen Ning's head was foggy and dizzy. She opened her eyes weakly and then closed them again.

so tired!

These days, she swam desperately in the sea, jumped on the mountains, and was roasted in the sea of fire. Her whole body was so sore, and her brain was in severe cramping, as if it was about to explode.

And with it, some pictures appear in my mind from time to time.

She saw a painting of a handsome and elegant young man who fell from such a high cliff. His eyes were bleeding and he fainted at the foot of the cliff. She carried him on her back and walked hard step by step until she finally carried him to the hospital.

After the extreme pain, she saw some beautiful pictures.

She took care of the young man, bringing him food and shopping every day, and the two chatted happily.

The young man is knowledgeable, tells her stories and makes her laugh.

She played the piano and sang for him.

The two of them seemed to have endless things to say.

The young man is going blind and feels depressed every day, but she always finds a way to make him happy.

She said that she was his eyes and would help him see all the light in the future, so that he should not worry.

He said that he would give her the best things in the world and make her happy forever.

He had nothing to give, but gave her a key, which was the only thing he had on him when he was thrown down.

And she gave me a handbag that she knitted herself.

They talk about love together every day and will never get tired of it. Every day there are surprises for each other. Day by day, their hearts are so close and their souls are so close.

Depend on each other and love each other.

She admired his knowledge, ideals, and soul. He admired her gentleness and caring, and most liked to listen to her playing the piano.

When the doctor announced that he might have permanent insomnia, he cried uncontrollably. That night, she played the piano for him all night long. The gentle and melodious sound of the piano healed his soul and made him completely calm down and accept the reality. , began to challenge fate, and finally, his eyes received timely treatment.

Shen Ning fell asleep again, and this sleep lasted another day and night.

Early morning on the fourth day.

She finally woke up.

"Ning Ning, are you hungry?" Li Zhenting had been watching her for four days and four nights. His face was haggard. When he saw Shen Ning open her eyes, his face was full of surprise and he asked gently.

Shen Ning's eyes were not as hazy as yesterday, and there was a clear black light in them.

"You...ouch." She raised her head, wanting to take a closer look at Li Zhenting, and suddenly she cried out in pain.

"Ning Ning, don't move. The stone hit your head so hard that you lost a lot of blood. It won't heal so quickly." Li Zhenting felt a pain in his heart and immediately held her down. "You have to take a good rest now. If you want to Tell me anything and I will give it to you."

She looked at him steadily, and after a long time she opened her mouth: "Shan Shan."

The hoarseness in his throat was severe, and the words he spat out were not that clear, but it did not prevent Li Zhenting from hearing clearly.

He paused for a moment, with a soft light shining in his eyes.

"Ning Ning, did you call me Shanshan?"

"Shanshan, I want to drink water." Shen Ning naturally called out again.

"Oh, okay." Li Zhenting shook his head and said in surprise, "I'll pour it for you."

He poured warm water, brought it over, gently picked up her head, and carefully fed her two mouthfuls.

She was very thirsty, so she bit the rim of the cup and drank.

"Be careful." Water flowed from her lips. He wiped it gently with paper and asked her to drink slowly.

Soon, she finished the drink.

"anything else?"

"Yes, more." Shen Ning replied.

Li Zhenting went to bring another glass, and Shen Ning drank it all in one breath.

"feel better now?"

"Better."

Shen Ning looked at his face and suddenly smiled: "Shanshan, that's great. Your eyes are better, but why have you changed? You've become older."

Li Zhenting grabbed her hand and asked warmly: "Ning Ning, how did you know my name is Shanshan?"

"You said it yourself, you said your name was Shanshan." Shen Ning stared at his eyes, "What beautiful eyes, it would be a pity to be blind." Li Zhenting's nose got wet: "Ning Ning, it's always been the case You took care of me, right? You saved me and carried me out of the bottom of that mountain, right?"

"Yes, you are so heavy. I can't carry it." Shen Ning stretched out her hand to touch his face, but her arm hurt and there were many scratches on it. "My hand feels like it's broken." , and my feet were bleeding."

She sighed.

"Thank you, Ning Ning." Li Zhenting hugged her and put her in his arms.

"You won't cry anymore. I said it can be cured. Look, isn't it fine now? What beautiful eyes." Shen Ning smiled happily. Before the operation yesterday, he learned that he He might be blind forever and cried bitterly. She stayed with him to comfort him, and sure enough, his eyes were cured.

Just, how come these eyes heal so quickly?

"Yes, thanks to you, otherwise I would have been blind and dead." Li Zhenting finally shed tears.

"Hey, you gave me a key, but I don't remember where you put it." Shen Ning didn't see his tears and suddenly felt frustrated, "I remember putting it in my right pocket, but it's gone. Auntie must have taken it, she always looks in my pockets to get my things."

"It doesn't matter, I'll give you another one." Li Zhenting hugged her tightly.

"Isn't there only one of you?" Shen Ning was curious, "Are you Shanshan?"

"Yes, I am, I can buy another one."

"No, why have you aged so much in just a few days?" Shen Ning wanted to look up at him and confirm whether he was Shanshan.

Li Zhenting wiped away his tears and picked her up.

Shen Ning snuggled into his arms and looked up at him: "Yes, you are Shanshan. Your eyebrows and nose are all the same, but why are you so much older?"

"..." Li Zhenting hugged her tightly.

At the end of the morning, Li Zhenting discovered that except for the time they were together, she had forgotten everything else. She didn't even know his name except that her name was Shanshan.

She forgot everyone, her children, even Aunt Dong!

The only memory left in her mind was the time they spent together, her taking care of him, every detail was clear.

Every time she said it, he would feel like he had gone back to the past, and it was clear in his memory.

She is his Xiaofeng!

The woman he loved most in his life turned out to be not Shen Mei or the so-called Xiao Feng, but her, Shen Ning.

She was his Xiaofeng, who had always been by his side, but he didn't know it, and he didn't fulfill his promise. Instead, he gave her endless pain.

He hated himself to the extreme and was ashamed to the extreme!

#### **Chapter 1360: Li Zhenting's strength and loving wife 86**

"Doctor, this is how she is now. What do you think is going on?" In the doctor's office, Li Zhenting explained Shen Ning's situation in detail.

"Mr. Li, let's do a check-up first and then take a look." The doctor pondered for a moment and decided to check Shen Ning's head first.

Li Zhenting agreed.

Shen Ning has forgotten everything now, only remembering the time that belonged to them in the past. In fact, it is a good thing for him, but she is still young, and they have five children. If she cannot recover her memory, it will not be good for her. It's disastrous to say the least.

He would rather she forget their past and just be a healthy and happy mother and a happy wife!

The test results came out after a while.

The doctor looked at the examination sheet and said: "Mr. Li, the patient's head was hit too hard this time. She is lucky to be alive. Now the damage area in her brain is too large. The CT scan shows that many brain cells have died and the wound is relatively deep. , some bad memories have been lost, this may not be a bad thing, just take your time first."

Li Zhenting's eyes burst into cold light, and his fingers clenched into fists.

"Is there any hope for her memory to recover?" he asked in a deep voice.

"Yes." The doctor replied affirmatively. "After all, she is still young, but the concussion is too severe. The process will take a long time, and the family members should give her more confidence and care."

"okay, I get it."

Li Zhenting's face was as cold as frost, and a chilling air burst out all over his body.

Who dares to touch Li Zhenting's woman, this time, no matter who it is, he will make them pay a heavy price.

"Shanshan, Shanshan." In the ward, Shen Ning had already woken up. She didn't see Li Zhenting, only the white sky. There was fear in her eyes. It seemed that she had been in such an environment. Suffocated, she breathed with her mouth open, fear on her face.

When Li Zhenting came back, he saw Shen Ning clutching the clothes on her chest with both hands. Her face was full of fear and her eyes were filled with tears, like a helpless baby.

"Ning Ning." His heart tightened, and he immediately ran forward, hugged her in his arms, and patted her back, "Don't be afraid, I'm here, I'm sorry, I just went out, I shouldn't have left you alone. People stay here."

"Shanshan." Shen Ning hugged him tightly and sobbed, "Don't abandon me, I'm afraid."

"No, don't worry, I will stay with you from now on, and I will never abandon you." He said in a low voice, clenching his teeth, as if he was saying an oath, but also as if he was punishing himself.

She fell ill today and forgot everything. It was all his fault!

He wants to atone for his sins!

"Shanshan, thank you." Shen Ning slowly calmed down, but there was still fear in her big eyes, "I just had a dream. I dreamed that you disappeared and left me alone. I couldn't find you anywhere. Is this real?"

In the dream, she kept looking for him, but she couldn't find him. She was so scared that she cried loudly.

Li Zhenting thought that it should be because he was suddenly picked up by his grandfather and left without saying goodbye.

This is actually not a dream, it really happened.

Perhaps it was because of the pain that she remembered it in her dream.

"It's not true, it's just a dream. I will always be by your side and will never leave you until I die of old age." He shook his head in denial and gently coaxed her.

"Shanshan, thank you." Shen Ning put her head on his chest and closed her eyes with peace of mind.

This chest was like a towering mountain, broad and strong, and her heart immediately felt at ease!
