

## Troublemakers 1361

### Chapter 1361: Li Zhenting's strength and loving wife 87

The night is dark.

Li Zhenting opened the door of Li's old house with a cold eyebrow and a layer of cold moon.

"Mr. Li, you are back." Butler Luo came up to greet him.

"Yeah." Li Zhenting said lightly, "Yeah," and said, "Notify everyone and ask everyone to go to the conference room No. 8 for the meeting."

Butler Luo was stunned: "Master, is it now?"

"Yes." Li Zhenting's face was expressionless.

"Okay." He immediately ran over and made an intercom call.

Half an hour later.

The meeting room No. 8 was filled with dark people.

Liang Ruqi and Rao Yajing sat in the middle, flustered.

"Mom, did you see that? Most of the people who arrived were nannies and servants. No one came to the third uncle's room at all." Rao Yajing has a very good eyesight. She has already looked at the people who have arrived, and when she sees them coming When they were the only one in the Li family, their hearts were already beating loudly.

Liang Ruqi has always been uneasy. When Rao Yajing said this, she looked back and her face turned dark.

"What do you mean? Are you treating us as servants, or are you looking down on us? No, let's go back." She said this and was about to stand up and leave.

At this time, there was a "bang" sound, the door was kicked open, and the banging sound resounded throughout the conference room.

Li Zhenting walked in with a cold face, wearing a black suit, his sharp eyes flashing with a cold light.

As soon as he entered, a cold and oppressive air swept directly into the conference room.

Everyone shivered.

Liang Ruqi wanted to stand up but fell down, feeling flustered.

Li Zhenting stood in front of the conference table, glanced around with cold eyes and then slowly sat down. The atmosphere in the entire conference room was extremely low, and a sense of oppression filled everyone's heart.

"The reason why we are summoned to the meeting so late is because there has been a life-threatening incident in the back of the Li family's old house recently, and I want everyone to be more vigilant." Li Zhenting said slowly, and the sharp cold light swept across everyone's face, full of intimidation. , but there is sadness and pain between the eyebrows.

Human life is at stake?

Liang Ruqi was stunned. Does this mean that Shen Ning is already dead?

If this is the case, it's the best!

She felt a surge of joy in her heart, and an unconcealable smile appeared on her lips.

But suddenly she felt a cold knife gouging her face. When she raised her eyes, Li Zhenting's sharp eyes swept across her face, like a cold sharp sword against her skin.

Her heart skipped a beat, as if someone was spying on her thoughts, and she couldn't help but feel frightened.

At this moment, Li Zhenting's stern voice was heard:

"Our Li family has always been upright and has a good reputation. Now a murder has occurred in the back mountain. No matter what the reason is, we must thoroughly investigate and then make an explanation to the society. The back mountain will be turned into an entertainment venue. It must be oriented to the society, so we must strictly investigate this time. One is to maintain the image of our Li family, and the other is to ensure everyone's safety. I hope you can actively cooperate."

The conference room was so quiet that you could hear a pin drop!

Li Zhenting's voice was shrouded in severe coldness, and his majesty reached every corner.

"Steward Luo, come and listen, whose voice is this?" As he spoke, Li Zhenting took out Shen Ning's mobile phone, clicked a few times, and started playing.

"Young lady, it's not good, something happened to Mr. Li and he fell off the cliff from the back mountain."

This passage was played clearly on the mobile phone.

Steward Luo and everyone were stunned when they heard this.

Li Zhenting continued:

"But the fact is that nothing happened to me that night, let alone fell off the cliff from the back mountain, but this woman ran upstairs and lied to Shen Ning, deliberately luring her to run to the back mountain in such a heavy rain. Go, but something happened. This woman is really evil-minded. We must find her and interrogate her strictly to see why she did this."

After finishing speaking, he started looping and played it three more times.

Make sure everyone in the meeting room hears and understands clearly.

**Chapter 1362: Li Zhenting's strength and loving wife 88**

"Mr. Li, this is Ah Zhen's voice." Butler Luo spoke immediately.

"Who is Ah Zhen?"

"She is the nanny of the Li family's old house, and she has taken care of the old lady before."

"Where is she? Stand up!"

Li Zhenting's majestic eyes scanned the entire audience.

Steward Luo started looking for people all over the place.

Because Rao Yajing was the head of the house before, he had just arrived and didn't know much about the situation here.

At this time, someone in the crowd suddenly replied: "Ah Zhen resigned and left the Li family this morning."

Resign? Li Zhenting's eyes flashed coldly!

"Who did she resign to? Did she report it?"

"This is not very clear."

Li Zhenting looked at Butler Luo.

Butler Luo's eyes were blank: "Mr. Li, she did not resign to me. I don't know when she left the Li family."

Since Rao Yajing left, there was no head of household here, so the rights and responsibilities were not clear, resulting in no one taking responsibility.

Although Rao Yajing was panicked, she was still very satisfied after seeing this situation.

This shows that it was not a wise move for Li Zhenting to drive her away. Now that there is no one in charge here and it is a mess, only then can the benefits of having her be realized.

But this is not difficult for Li Zhenting.

"In this case, Butler Luo, you call the financial personnel and ask them to transfer Azhen's files."

"good."

Steward Luo immediately called the Human Resources Department.

Personnel and finance belong to the entire Li family. They are not managed here. However, in order to save expenses, they manage all financial accounts and wages and issue them to the salary card.

Steward Luo called on Li Zhenting's order, and not long after, A Zhen's files were transferred over.

He opened it and looked at it.

Ah Zhen has stayed in the Li family's old house for eight years. He used to take care of the old man and his wife. He is an old worker in the Li family.

Generally, such old workers are well-paid and will not resign easily. Even if they resign, they will receive a compensation. But this Ah Zhen suddenly resigned. What a heck! What surprised him even more was that when he saw that financially, Ah Zhen left without even asking for this month's salary, let alone any compensation.

Ah!

This is too strange and abnormal!

He raised his eyes slightly and saw Rao Yajing's face in the crowd in the audience was full of panic. He sneered coldly and asked Butler Luo: "Where is Cao Wei? Where is he? Let him come out."

Hearing this, Steward Luo looked confused again.

Which Cao Wei? He didn't even know there was such a person!

"What? Don't you know?" Li Zhenting's eyes were stern.

"Master, I have been at Li's Castle and have only been here for a few days. I don't know much about this person. He is not from the old man's place. I don't know which uncle and director he works for." Butler Luo looked bitter. Mutually.

Li Zhenting glanced at the crowd in the audience and asked sternly: "Where is Cao Wei? Stand up."

But I didn't see anyone coming forward for a long time.

At this time, someone else replied: "Mr. Li, Cao Wei is at the second uncle's house, he is not here."

"Not here?" Li Zhenting's eyes flashed and he looked at Butler Luo, "Didn't I ask you to call everyone for a meeting?"

Steward Luo is really in bad luck. He has no right to be the head of the house, but he still has to perform his duties.

"Mr. Li, I have informed Young Madam Jing. I don't know the specific reason why he didn't come. I need to ask Jing about this."

Young lady. "Steward Luo looked directly at Rao Yajing.

Liang Ruqi was completely panicked when Li Zhenting asked about Cao Wei.

If Ah Zhen was just an insignificant figure, then Cao Wei was the direct murderer who followed Shen Ning and pushed Shen Ning down.

Such an important person, Li Zhenting actually found out about him.

For a moment, she broke out in a cold sweat, and felt that Li Zhenting seemed to know all the truth, but there were no witnesses yet.

This is not a good thing!

Li Zhenting is a strong-willed man who must avenge his enemies. This time, I'm afraid it will be difficult to escape.

But Jiang is still old and hot. After all, she is his aunt, and no matter how powerful he is, he is only a young man. Li Zhenting cannot do anything to her until the evidence is obtained.

So, after a moment of panic, she gradually calmed down.

Rao Yajing's face turned pale.

### **Chapter 1363: Li Zhenting's strength and loving wife 89**

"Second aunt, may I ask where Cao Wei is? Why didn't you come over to attend the meeting?" Li Zhenting looked at Liang Ruqi with eagle eyes and asked directly.

Liang Ruqi looked around and said, "Isn't Cao Wei here? I don't know. He takes care of your second uncle. He doesn't have much contact with me. I'm not familiar with him, so I don't know much about this."

She directly pushed Luo Wei onto Li Jinchang and left him completely alone.

Li Zhenting's eyes were filled with coldness.

"What about Sister Yajing?" He looked at Rao Yajing.

"He, he..." Rao Yajing was a little flustered.

Liang Ruqi glared at her: "No wonder Zhenting wants to cancel your position as the head of the family. You have been in the Li family for so many years and you don't even know how to be a servant. You still hesitate when asking questions and you don't speak politely. You Can this accomplish anything big?"

A round of questioning made Rao Yajing wake up. Liang Ruqi was warning her to be smart and calm. At this time, why are you fighting for the position of family member? It would be good if you can save your life. If Shen Ning is really dead, Li Zhenting will never let him go. Hers!

"Zhen Ting, Cao Wei usually works with my father-in-law. He often disappears for several days. Even at home, I can't control him. I really don't know where he went. Otherwise, you should send him Let's go find him." She sat up straight and replied, placing the responsibility on Li Jinmao.

They all knew that no matter how outrageous Li Zhenting was, he could not interrogate his second uncle for no reason.

Li Zhenting sat expressionless, and the cold light from the pins on his suit and tie made him look like an iron-faced man, with a deep chill.

He smiled coldly: "It seems that this Cao Wei is not an ordinary person. Even the head wife and young mistress of the second uncle's family do not dare to ask. Such a person is very suspicious. It is time to investigate carefully."

These words directly caused Liang Ruqi and Rao Yajing to break out in cold sweat.

Li Zhenting glanced at them calmly and began to investigate the nannies and servants in Mr. Li's house.

In the end, all those who were brought over from the second uncle's house during Rao Yajing's reign or who were closely related to them were removed and either transferred or dismissed.

Liang Ruqi was furious.

"Zhen Ting, I took a look and found that most of the servants in this conference room are from my second uncle's family. Only one person named Cao Wei from our family didn't come, but you checked the most rigorously. There are more than two people in this old house. My uncle's family, as well as my third uncle, eldest uncle, and my uncle's family, you just insist on our family. What do you mean? Are you looking down on us or bullying us for being weak?" After Li Zhenting killed her in pain, Liang Ruqi finally couldn't bear it anymore. He stood up and asked directly, his face dark.

Li Zhenting glanced at her slowly, his face as hard as iron, expressionless.

"Second Aunt, don't you know if I have bullied you? Don't worry, if I really bully you, I will apologize to you in person in a few days when the truth comes out. Please don't be impatient now. "

"What do you mean? Are you suspicious of your second uncle's family? If you have something to say, you can say it clearly, why bother beating people around like this." She asked angrily.

"Second Aunt, this meeting today is to prevent troubles in the family and keep everyone safe. Do you have any intention of objecting like this? Or is Second Aunt doing something shameful behind your back? Now that grandpa is seriously ill, the nanny and servant at home To stir up trouble, a nanny dared to spread information indiscriminately, causing a life-threatening incident. If it is not rectified, the Li family will be in disarray, and their century-old honor will be in jeopardy." Li Zhenting spoke sharply, and the majesty of having been in a high position for a long time silently pressed towards Liang Ruqi. In the past, it directly left her speechless and unable to speak.

#### **Chapter 1364: Li Zhenting's strength and loving wife 90**

"Everyone, if these people found out today are dissatisfied, they can go to the labor department to file a lawsuit. I will accompany you." Finally, Li Zhenting glanced at the whole audience and said majestically. From the corner of his eye, he glanced at Liang Ruqi, who had an angry face. , strode away.

Originally, he didn't need to hold this party today. He could just order Lengxue to arrest Ah Zhen and Cao Wei, and ask Butler Luo to drive away Rao Yajing's people.

But he just wanted to hold this meeting! Moreover, Liang Ruqi and Rao Yajing's mother-in-law and daughter-in-law were specially invited.

He was doing it to show them, deliberately disturbing their hearts.

These people are so bad. If we just knock them down directly, it would be too easy for them.

He will make them feel uneasy and frightened, make them repent, and suffer mental torture!

This is the real reason why he held this meeting!

Seeing Liang Ruqi's frightened and angry expression, he believed that he had achieved his goal!

In Shen Ning's bedroom on the second floor.

When Li Zhenting walked up, he heard the cry of a little guy.

And not just one, but five!

His heart skipped a beat and he immediately strode in.

The bedroom was miserable!

Coco, Ding Ding and Xiao Xiao were sitting on the bed crying with tears streaming down their cheeks. The two babies were also crying loudly because they had no milk to drink.

The two special guards were in a hurry!

His face turned dark, and at that moment, his heart felt like a knife. He, Li Zhenting, would be harmed by someone, leaving his children without a mother to take care of them and without milk to drink.

What a hatred this must be!

Just now, he was too kind and should have knocked Liang Ruqi's mother-in-law and daughter-in-law to the ground and made them kneel and beg for mercy.

For bad people, perhaps mental torture is of no use at all!

"Keke, Dingding, Xiaoxiao, what's wrong with you?" He immediately walked over, hugged the three little guys into his arms, and asked in a personal voice.

The two babies are under special care. They are too young and may not feel the pain of their mother's absence. Crying is just instinct.

But these three little guys already have ideas. "Daddy, where is mommy? We haven't seen her for many days. I miss mommy." Xiaoxiao asked first.

"Yes, Daddy, did you bully Mommy again and drive her away?" Coco looked at him warily, with tears on her face.

Ding Ding didn't cry, but his face was dark and he stared at him fiercely.

Li Zhenting was sad and distressed.

"What nonsense are you talking about? Children are still up so late. Your mommy has caught a cold these days. Dad took her to the hospital. Now that you have grown up, you have to be sensible and feel sorry for your mommy. Do you understand?" Li Zhenting Wen Yan explained.

"Oh, is mommy feeling better?" Xiaoxiao asked.

"Well, it's getting a lot better."

"Then will mommy pick us up tomorrow? Can we be with her?" Keke really misses mommy. It's been five days and they haven't seen mommy.

"Not yet tomorrow." Li Zhenting thought for a moment. He couldn't give them hope and then failed. Now Shen Ning has forgotten these children. It's not suitable for her to see them yet. She needs time to wait. Moreover, he doesn't want Shen Ning's The relevant information was known to others.

"When can we do that? We all miss mommy so much."

After Li Zhenting thought about it, he touched their heads: "Your mother has an infectious disease and must be quarantined for at least twenty days. During this time, she cannot stay with you. If she stays together, she will infect you with the virus." , not only you, but even Xixi and Beibei can't be together. You have all grown up. But Xixi and Beibei are only a few months old. They are even more pitiful than you, so you have to Be strong, take care of yourself, and take care of your brothers and sisters, do you understand?"

"That's it." The three little guys stared with big eyes, red noses, and looked pitiful. Fortunately, their daddy was still there. In the end, they all nodded sensibly.

"Then go to bed quickly." Li Zhenting touched their noses and smiled lovingly.

"Okay." The three little guys fell on the bed and fell asleep.

Actually, the three of them were already asleep tonight, but Xiaoxiao had a dream. She dreamed that her mother fell from a height and died, and then she cried loudly in her dream.

Then her crying woke up Coco and Ding Ding.

Xiaoxiao hugged Keke and said that mommy had been thrown to death. Keke and Dingding fell asleep in a daze and believed it. In addition, they really hadn't seen mommy for many days and missed her so much that they cried together. stand up.

Xixi and Beibei are just joining in the fun! They had cried and made a fuss three days ago.

## **Chapter 1365: Li Zhenting's strength and loving wife 91**

After putting the three little ones to sleep, Li Zhenting went to help put Xixi and Beibei to sleep. Then he took a change of clothes and went to the bathroom to take a good shower, then went downstairs and drove towards the hospital.

As soon as I got out of the elevator, I saw a dark figure hurriedly walking towards the back stair fire escape from the corridor.

"Who?" he asked sharply.

The black shadow ran faster.

When Li Zhenting chased after him, there was no one on the fire escape and there was no one on the stairs.

He sneered.

It seems that after today's meeting, they were directly stabbed in the heart, and now they have trouble sleeping.

He returned.

Special care was sitting there in high spirits and looking after Shen Ning.

Shen Ning has fallen asleep.

"Mr. Li." The special guard stood up immediately when he saw him coming in.

"How is she? Have you taken the medicine?"

"She has fallen asleep and has taken the medicine, so she sleeps more peacefully."

"No one came in, right?" He thought of the black shadow.

"No." Toku shook his head.

"Okay, go out and I'll call you if I need anything."

The special guard walked out.

Li Zhenting took off his coat, gently sat down next to Shen Ning, and took out his mobile phone.

As soon as the phone was opened, there was a message from Fang Xianyun: "Mr. Li, this data is still wrong. The key link has not been broken yet, but the 7nm chip should be fine."

"Okay, I understand." Li Zhenting frowned.

Yun Chaoyu is really awesome. He has personally invited him three times, but he has not agreed to it!

If you don't come, don't come. You have to rely on yourself for everything. This kid went to the United States, got a passport, and considered himself an American. snort! Li Zhenting snorted coldly and was about to put down his phone.

"Shanshan." Suddenly, Shen Ning turned over and hugged his arm, with a nervous expression on his face, like a helpless child.

He immediately put down his phone and turned off the light.

"Ning Ning." He lay down and picked her up, holding her in his arms.

As soon as Shen Ning touched his chest, she crawled straight into his arms and leaned against him tightly, as if she had found the greatest support.

Li Zhenting felt a manly pride rising in his heart.

In her memory, Shen Ning has never been so obedient or docile. Now she relies on him wholeheartedly and admires him with all her eyes, which makes him very useful.

But Shen Ning's mood at this time was also very unstable.

She would often think of the scene where they were together, but when the scene in front of her did not match her memory, she would be very frightened, ask him questions from time to time, and even ignore him, not let him get close, be very resistant to him, and even There are emotional confrontations and things are thrown.

But when she is quiet, she is mostly docile and peaceful.

Because of this, Li Zhenting did not dare to let her meet the children, fearing that it would irritate her and be detrimental to the children.

Sleepless night.

They both had a good sleep.

When he woke up the next morning, Li Zhenzhen's mental condition had recovered and he was in good spirits.

The hospital brought breakfast. After he took care of Shen Ning to finish eating, Ji Qingshan came over.

He was wearing a white coat, with a stern face, and his elegance was shrouded in a layer of indifference and alienation.

He was very indifferent to Li Zhenting, or maybe he was very indifferent to the Li family or relatives related to the Li family. For example, he didn't treat Li Jiaojiao very much.

In his eyes, most of the Li family consists of cold-blooded, sinister, arrogant and domineering men like Li Zhenting, or unreliable and willful young ladies like Li Jiaojiao.

But he was very concerned about Shen Ning.

Just when he saw Shen Ning, who had lost his memory and was injured, his eyes were filled with warmth.

## **Chapter 1366: Li Zhenting's strength and loving wife 92**

"Ning Ning, are you okay? Can you recognize me?" He walked over and asked with concern, his voice was very low, for fear of scaring her.

Shen Ning has become accustomed to white coats these days and is more accepting of them. In her eyes, Ji Qingshan is just a doctor at this time.

"It's okay, thank you, doctor." She smiled politely at Ji Qingshan.

Ji Qingshan looked at her sadly.

She really doesn't recognize him!

Once such a pure and cute, smart and beautiful woman, now she was caused by Li Zhenting!

"Professor Ji, why are you here?" Li Zhenting was very polite and asked proactively.

"I'm a doctor." Ji Qingshan said with a cold face.

Li Zhenting was stunned for a moment. By the way, he was a doctor. Even if he blocked the news, he couldn't hide it from him. He knew all about Shen Ning's illness.

"Li Zhenting, you are really capable. Shen Ning has become like this within a few days of following you. Your method of destroying people is truly unparalleled."

Li Zhenting lowered his head.

He didn't want to argue with Ji Qingshan's accusation at all, because that was the fact. Shen Ning was almost destroyed by him in the name of love.

"Professor Ji, Ning Ning is still young. Do you think there is any way to help her recover her memory as soon as possible?" Ji Qingshan came to see Shen Ning. Li Zhenting felt that the most significant thing was this, so he asked humbly.

Ji Qingshan looked at him coolly and said nothing.

After a while, someone shouted in English from outside the door: "Professor Ji."

Ji Qingshan walked out immediately.

"Hello, Professor Ackerman."

The two embraced each other warmly. Then, Ji Qingshan led Professor Ackerman in and told him about Shen Ning's situation in English in detail.

Ackerman nodded from time to time and occasionally asked questions.

"Where are the test results?" Suddenly, Ji Qingshan asked Li Zhenting coldly.

"Oh, yes." Li Zhenting immediately took out a stack of laboratory test sheets from the bedside and handed them to him.

Professor Ackerman watched carefully and said something from time to time. Li Zhenting's English was also good. From their conversation, he learned that Professor Ackerman was a famous brain expert in the United States. He was very knowledgeable about the brain. He was Ji Qingshan. Specially invited to come to see Shen Ning.

Even though Ji Qingshan had a cold attitude towards him, Li Zhenting was still very grateful to him because his love for Shen Ning was unrequited and sincere, much like a brother to his sister.

Shen Ning is truly lucky to have his care!

After a while, Ji Qingshan followed Professor Amanke to the office. Not long after, the nurse brought some medicine and said that it was Ji Qingshan's order to give Shen Ning to take.

Shortly after Li Zhenting gave Shen Ning the medicine, she fell asleep. In the next few days, he felt that Shen Ning had improved significantly and her mood had completely stabilized.

He wanted to ask Ji Qingshan if it was possible for Shen Ning's memory to be restored, but Ji Qingshan pretended that he didn't exist and either couldn't see him or ignored him. He had no choice but to give up.

The next day, there was another heavy rainstorm in the sky, one after another.

Li Zhenting went to the company today. There was a lot of official work piled up in the company. The most important thing was that a new mobile phone was about to be launched.

Shen Ning was still sleeping when he came out. As soon as he returned to the company, he started to get busy. He wanted to finish his work as early as possible and go to the hospital to accompany Shen Ning.

After losing her memory, Shen Ning relied heavily on him. She was still living in her past memories, always thinking about taking care of him all day long, but in the end, she would blame herself after he took care of her. Keep blaming yourself.

Sometimes I feel sad and uneasy when I can't see him!

He didn't want her to be sad, he just wanted to spend more time with her, so he also raced against time when working.

### **Chapter 1367: Li Zhenting protects his wife with strength 93**

Three o'clock in the afternoon.

Special care called and said that Shen Ning kept asking them where he had been after waking up, and was very anxious, fearing that something might happen to him.

Li Zhenting called her immediately, and after attending the ribbon-cutting ceremony on the phone, he drove directly to the hospital.

When passing by a beef patty shop, he saw a lot of people queuing up. He remembered that Shen Ning liked to eat, so he drove the car aside and stopped, and started queuing up behind others.

It rained heavily, and soon his legs and trousers were wet. Gradually, his arms were also wet, and finally only his head and neck were dry.

He didn't know how delicious this cake was. Looking at the girls and some young boys lining up in the heavy rain, he smiled helplessly.

Fortunately, the big umbrella covered his face, otherwise, if the girls saw him queuing up here, they would all rush back.

After buying the cake, he hurried to the hospital.

Shen Ning was sitting on the bedside, holding her knees with her hands, sitting motionless, staring at the sheets.

"Ning Ning." He walked in.

"Mr. Li." The special nurse stood up quickly, feeling helpless, "She has been in this position for two hours.

Since she woke up and didn't see you for an hour, she has been huddled at the head of the bed like this. No matter how much you try to persuade her, she refuses to relax. "

Li Zhenting felt a pain in his heart.

"Okay, I understand, you go and have a rest."

The special guard said goodbye and left.

"Ning Ning, come on, drink some water." He brought a glass of warm water. He must have been thirsty after not drinking water for so long.

But even after he said it twice, Shen Ning didn't respond.

"Ning Ning." He touched her face with his big hand.

Perhaps the touch woke her up. She shuddered and raised her head.

The moment she raised her head. Li Zhenting was completely shocked.

Shen Ning's little face was full of sadness and fear, and her big almond-shaped eyes were filled with tears. The tears covered her eyes, like wandering palace lanterns, hazy and desolate!

And the helpless dependence when she looked at him made his whole soul throb.

What shocked him even more was the soul-touching look in her tearful eyes, which was familiar and breathtaking, as if they had known each other for thousands of years.

"Ning Ning." He bent down and picked her up, apologizing repeatedly, "I'm sorry, I'm sorry, I shouldn't have left you."

Shen Ning's hands and feet were already sore and numb. He hugged her and she fell into his arms.

"Ning Ning." He slowly pulled her hand, trying to straighten her arm and relax her.

"So numb, so sour." Shen Ning groaned softly.

Hands and feet feel sore after sitting in the same position for a long time.

"Let me massage it for you." Li Zhenting put her on the bed, carefully straightened her arm, and massaged it gently until she felt relieved, then he went to take her other arm...

Half an hour later, Shen Ning's body finally regained its blood circulation, and there was a smile on her face.

"Come on, Ning Ning, it's still a little hot, eat it while it's hot." Li Zhenting put the beef cake he had queued up to buy into her hand.

The aroma hit her face. Shen Ning took a breath and said intoxicatedly: "Shanshan, it smells so good."

"Then eat quickly." Li Zhenting smiled slightly.

"Shanshan, your clothes are all wet, what's going on!" Shen Ning then noticed that Li Zhenting's suit and pants were wet, and his face changed color.

"It's okay." Li Zhenting said calmly, "It's raining too much. If you're wet, I'll change it right away."

"No, you'll catch a cold like this." Shen Ning was very nervous and got up, "I'll make some \*\*\*\* soup for you."

#### **Chapter 1368: Li Zhenting's strength and loving wife 94**

"No, your brain injury hasn't healed yet. Sit down quickly and eat well." Li Zhenting hurriedly came over and held her down.

But Shen Ning felt distressed when she saw Li Zhenting's wet clothes and had to get up to make him some \*\*\*\* soup to relieve the cold.

Li Zhenting had no choice but to say: "This is a hospital. There is no kitchen. You can't survive."

Shen Ning was very frustrated when he heard this: "Then I'll go home and help you."

Li Zhenting's heart moved and he immediately asked: "Do you still remember your home?"

"Well, over there." Shen Ning pointed casually.

Li Zhenting's heart sank, knowing that this finger was also the place in her imagination. Now that so many years have passed, she may not be able to find it.

These days, he has been thinking about a problem, that is, after he was picked up by his grandfather, he went abroad to treat his eye injury. Later, after he returned to the imperial capital, he kept looking for her, but couldn't find her.

He found Shen Deshun's house based on the description she gave, but he mistakenly identified Shen Mei.

But where did she go at that time?

After mistaking Shen Mei, he was very excited and thought Shen Mei was Shen Ning. He went to Shen's house many times but never saw her once. They were obviously half-sisters and lived in the same home.

He thought that if he could see her back then, maybe his memory would allow him to find the right person, and nothing would happen next. How happy he would be.

But he didn't even look at her until they got married. She had changed a lot at that time, and he didn't expect it to be her!

It's really the fate of nature that has caused so many mistakes.

"Ning Ning, you don't have to go. It's raining and the injury hasn't healed yet. I've asked the kitchen to wait and they will bring it over in a while." Seeing Shen Ning insisting on making \*\*\*\* soup for him, he had no choice but to cook online. After ordering a portion and saying that the kitchen would deliver it to him, Shen Ning gave up.

"Hurry up and eat the beef cake." After Li Zhenting asked her to sit down, he took out a piece for her and turned around to change clothes.

"Shanshan, you are so kind to me." The moment he turned around, she suddenly held his hand and looked at him with a sweet smile on her face.

Li Zhenting's heart skipped a beat, he bent down and kissed her lips.

"Fool, you are my wife, of course I will treat you well." He said affectionately. "Are we married?" The smile on Shen Ning's face turned into confusion. Why didn't she remember that they were married? Did she marry him?

Li Zhenting smiled and pinched her nose: "Come on, the 8th of next month is our wedding date. There are only twenty days left. I will have someone come over tomorrow to make a tailor-made wedding dress for you. Wedding Dress Company I have already chosen it. You will get well soon and put on a beautiful wedding dress. We will get married happily."

"Really?" Shen Ning's eyes flashed with dazzling light, "I have always wanted to wear a wedding dress."

"Of course it's true. The wedding dress is made by a famous designer. I made the decision three months ago. Some accessories are already being worked on. I just need to sort out the size and confirm it."

"That's great." A happy smile appeared on Shen Ning's face.

Li Zhenting looked at her with a smile. This was the face he wanted to see most, with happiness and longing for love, dazzling.

"Eat quickly, I'm changing clothes." Li Zhenting took the clothes to the bathroom, and after a while, he came out in casual clothes.

"Shanshan, you are so handsome." Shen Ning was eating beef patties with great interest. Suddenly, his eyes widened and he looked at the handsome and handsome man in front of him, his face full of nymphomaniacs.

Li Zhenting smiled: "If you think your husband is handsome, then love me more and kiss me more in the future."

As he spoke, he walked up to her, bent down, and kissed her face.

Shen Ning blushed with embarrassment and bit into the beef patty: "Hey, it's all oil, it's stained your face."

"I'm not afraid." Li Zhenting kissed and bit her ear, and the hot breath rushed into her ear hole. "Do you still remember this feeling? We have done this a long time ago."

Shen Ning's face turned red as if it were overripe. She pushed his head with her hand and said shyly, "I hate it."

Li Zhenting laughed loudly, sat down next to her, and leaned beside her.

Since Li Zhenting came back, Shen Ning has been in a good mood and in good spirits.

She leaned against him and ate the delicious beef patties, extremely satisfied.

The next day, the manager of the wedding company came over.

Shen Ning was very happy and was very willing to cooperate with him in taking measurements and choosing accessories.

Li Zhenting sat next to him with a slight smile on his face.

After the bridal shop manager left, Lengxue came back.

"Mr. Li." He came in and looked at Shen Ning before he stopped talking.

Li Zhenting nodded to him and asked him to wait outside.

"Ning Ning, I'll go out, you sit on the bed and play mobile games first." He kissed her face and warned her.

"Are you going to go for a long time?" Shen Ning was very nervous when she heard that he was going out.

Li Zhenting smiled: "Someone came to see me just now. I will go out for a while, just in the corridor outside. I will be back soon."

"Okay." Shen Ning also saw Lengxue and reluctantly agreed.

Li Zhenting walked out.

In the corridor, besides Cold Blood, there was also a woman in her thirties.

The woman's hair was messy, her face was haggard, her clothes were dirty, and she looked like she hadn't showered in many days.

"Mr. Li." As soon as the woman saw Li Zhenting, she immediately took a few steps forward to say hello, with a look of fear and uneasiness on her face.

Li Zhenting glanced at her coldly and looked at Lengxue.

"Mr. Li, she is Ah Zhen." Lengxue immediately introduced.

Li Zhenting's eyes narrowed and he looked at her again with cold and stern eyes.

This woman does look familiar. I vaguely remember seeing her in my grandfather's villa. She must have taken care of him and his wife for a while.

"Have you always taken care of my grandpa and grandma?" he asked slowly.

Ah Zhen nodded: "Yes, I have taken care of the old man and the old lady for five years."

"How many years have you stayed in the Li family?"

"Eight years."

"Then why didn't you take care of them later?"

"Later, when Rao Yajing came, she asked me to do some other work."

"What other work?"

"It's easier to be a foreman." Li Zhenting said coldly: "Would it be easier to be a foreman? Isn't it more responsible?"

"No...yes, but the foreman's salary is higher." Her voice became softer.

"How much higher can it be?"

"Five hundred high every month."

"But I see that when you resigned, you left without paying a penny. You didn't even receive your salary for that month, and you also gave up a large amount of compensation. What's going on?"

Ah Zhen lowered his head even lower.

"If you don't tell the truth, then I can only hand you over to the police. I believe the police will let you tell the truth." Li Zhenting said in a particularly stern tone.

Ah Zhen's body began to tremble, and his hands were twisted together uneasily.

Li Zhenting's whole body was filled with chills: "Lengxue, take her to the police station, and do whatever you want."

"Yes." Lengxue agreed and looked back at Ah Zhen, "Originally, Li always wanted to leave a way for you to survive. After all, you are not a repeat offender and you have taken care of the old man and the old lady. But I didn't expect you to be so ignorant. Then Just go to the police station, where you should learn to cooperate well."

He emphasized the last sentence very strongly.

Ah Zhen's face turned pale and he suddenly knelt down: "Mr. Li, please give me a chance. I have also been taken advantage of. I didn't want to do that. I just got carried away."

She began to cry as she spoke.

Li Zhenting was sulking and his face was terrifying.

Ah Zhen was trembling with fear.

"Then why don't you tell me in detail?" Lengxue shouted from the side.

"Okay, I said." Ah Zhen sobbed.

Li Zhenting winked at Lengxue.

Lengxue took her to the reception room next door, and Li Zhenting followed.

Ah Zhen then began to speak truthfully.

It turns out that Ah Zhen has been taking care of the old man and the old lady. Because she is smart and capable, she is liked by the old man, so that she can know some news as soon as possible.

Because of this, Rao Yajing bribed her.

After Shen Ning left, there were a lot of things at home. The old man wanted to find a headmistress in the Li family's old house. After Ah Zhen learned the news, she immediately told Rao Yajing, and she began to look for opportunities to show off in front of the old man. Ah Zhen said from time to time Thanks to her kind words, the old man soon decided to make Rao Yajing his family.

After Rao Yajing took charge of the family, she naturally did not forget to give Ah Zhen benefits and made her the foreman.

#### **Chapter 1370: Li Zhenting's strength and loving wife 96**

"Mr. Li, not long after I became the foreman, the old man fell ill, so you came back with the young mistress and the children. I know that Liang Ruqi and Rao Yajing don't like the young mistress. They are worried that the young mistress will steal her as the head of the family after she remarries you. I deliberately neglected her, framed her, refused to cook for her several times, and secretly put on small shoes for her, just to make her feel boring and leave here. I knew all this and not only did I not tell you, but I also helped them secretly. I really deserve to die." Ah Zhen cried and said, "I'm sorry for the old man's great love for me. I feel guilty. The young lady is a good person, and I shouldn't wish for the evil."

Li Zhenting had an expressionless face: "To get to the point, why did you go upstairs to tell Shen Ning that something happened to me in the back mountain?"

Ah Zhen cried even harder when he heard this.

"Master, it was Rao Yajing who asked me to go. She called me and asked me to go up and tell the young lady."

"She just asked you to go up and say these words? Is there nothing else?"

"No more." Ah Zhen shook his head, "Master, I didn't expect those words to make the young mistress so nervous that she would actually run to the back mountain. Besides, something did happen on the back mountain at that time, and I didn't know what it was. After hearing what Rao Yajing said, I didn't think much and went straight up."

"Don't you know the purpose of what they said?"

"I don't know. She didn't tell me anything. She just asked me to say those words and gave me a red envelope of 500 yuan. I really didn't know that something so serious would happen later. If I had known this, she would have killed me. I won't say it. I admit that I was greedy for the five hundred yuan at that time. In fact, I knew that Rao Yajing had bad intentions towards the young mistress. What she asked me to do might be detrimental to the young mistress, but I was greedy for money at that time. , and I really didn't know that the consequences would be so serious, so I forgot about the profit for a moment." Ah Zhen slapped himself directly, "Master, please forgive me, I have two children at home, as well as my parents-in-law and my parents. , they are all very old."

"If that's the case, then why did you resign? This crime shouldn't make you so scared, right?" Li Zhenting asked sharply.

"Master, later I learned that the young mistress was frightened after she fell off the cliff in the back mountain. I guessed that it must have something to do with Rao Yajing and the others. Later I heard the news that the young mistress had been thrown to death. At that time, I was so frightened that I couldn't sleep or eat well. Shirao Yajing found me, and she asked me to resign immediately, and threatened me not to say what she told me to tell my young mistress upstairs, otherwise, she would have my legs broken. Then, she gave I gave a sum of money to let me leave the imperial capital and go back to my hometown to live. At this time, I thought that the death of my young mistress must have been caused by them secretly. No matter what, I was also involved in this matter. If it was leaked, they would definitely fight. Break my legs, I don't want anything to happen, so I have no choice but to resign, take the money and leave."

"How much did they pay you?"

"Three hundred thousand."

"Where's the evidence of making money?"

"It's here."

Ah Zhen took out a bank card.

Li Zhenting took it out and saw that it was indeed the card he had made to her the night before the meeting.

His eyes were cold as he said: "You have indeed committed a crime, and you are still an accomplice in the crime of intentionally injuring others. The real culprit has not been found yet. Your current situation is dangerous. You also know how vicious the people behind it are. The Li family I'm nice to you, but you betrayed the Li family and did this. I have no reason to protect you anymore. So, you should go to the police station and surrender. It's safer there. Tell the police all the truth you know. , this way you can strive for leniency, and I will issue a letter of understanding after the case is concluded, which is the best result for you."
