Chapter 1381: Li Zhenting's strength and loving wife 107

"But you also know that she only has your past in her memory now. Of course she can accept you, but once she recovers her memory and knows that you have hurt her before, can she still accept you? How did she get hurt? ?How did you hurt her before? Don't forget that when she was in Yuan County, she was so disgusted with you and had no good impression of you. She also said that she would never remarry you again.

You are forcing her to marry you now while her memory has not recovered. What is the difference between this and adding insult to injury? If she knows everything after she regains her memory, isn't this another blow to her? She has been hurt too much and she can no longer bear it. Please think carefully. "

Li Zhenting was dumbfounded when he heard this, with a dark light of pain flashing in his eyes.

Li Wanqing said this, and Ji Qingshan said the same.

Did he really do something wrong?

He just wants to love her well and take care of her for the rest of his life, but they all say that he is unfair to her. What should he do?

"Shanshan, can we go?" After a while, he lowered his head and walked in slowly. Shen Ning was waiting for him. As soon as she saw him coming in, she immediately asked cheerfully.

Li Zhenting raised his eyes and looked at her. His delicate little face and clear eyes were full of trust and expectation for him. He couldn't see the scars left by the previous injuries at all. It was as if she had been reborn. She had really returned. In those years that only belonged to them.

"Ning Ning, don't be in a hurry. Now that the auspicious time has passed, let's choose another day." He replied thoughtfully.

Shen Ning looked at her and shook his head: "We only had so little time, so we had enough time to get there."

She dragged him.

"Let's leave quickly. If we don't leave, it will be too late."

She was in no hurry.

But Li Zhenting did not move.

"Ning Ning, let's wait another day." He replied in a low mood.

"Why? I've changed my clothes." Shen Ning was anxious and suddenly asked sensitively, "Do you not want to marry me? Or are you attracted to another woman?" Her eyes were red and her face was full of grievances. , the words are sour.

"I..."

Li Zhenting looked at her. It was the first time he saw Shen Ning who was so jealous and angry. She was particularly cute. He was very excited inside. After all, she cared about him so much, but then his heart became gloomy.

If he forces her to register for marriage, will she hate him when she regains her memory?

"You say it, you say it." Shen Ning grabbed her fist and hit him on the chest. She was very angry. She thought he had another woman.

"Ning Ning, listen to me, don't get excited." Shen Ning became more and more excited, and even cried sadly. Li Zhenting felt heartbroken and hurriedly hugged her, not knowing how to explain.

He regretted not listening to Li Wanqing's advice. He should not have insisted on going his own way. Telling her so early would have only irritated her and was not good for her illness.

"Ignore me, go away, I don't want to see you anymore." Seeing that he didn't deny it, Shen Ning became even more angry. She struggled to push his chest, feeling aggrieved and frightened, and her tears fell unsatisfactorily.

She didn't know where this feeling came from. It seemed that somewhere deep in her heart, she had been hurt by another woman, and she felt special pain and fear.

Ever since she was a child, she has always been afraid of being abandoned and unloved. This feeling is too bad. Now, she is heartbroken and in great pain.

"Ning Ning, listen to my explanation." Seeing her crying so sadly, and the more she cried, the harder she cried, Li Zhenting's heart ached especially, he quickly took out his mobile phone, pointed to the date on it and said, "Look, 13:00 -15:00 is an auspicious time, but it's already past two o'clock now, and it will definitely be too late for us to rush there, and the road is particularly congested at this time, so let's choose another day."

After speaking, he kissed her and kept comforting her.

Shen Ning wiped away her tears, took the phone and saw that it was indeed the case!

Chapter 1382: Li Zhenting's strength and loving wife 108

"Shanshan, do you really have no other women outside?" She raised her head and asked pitifully.

Why does she always feel abandoned deep down in her heart? It seems that she has been abandoned before, and every time, it was because the man she loved liked another woman.

This sudden feeling is so terrible!

"No, it will never happen. I will never marry another woman except you in this life." Li Zhenting wiped the tears from her face with a tissue, hugged her into his arms, and said seriously.

"Really?"

"Really, if I lie to you, there will be thunder and lightning." He said each word like he was swearing a poisonous oath.

"No." Shen Ning was frightened when he heard this and immediately covered his mouth, "I don't want you to be like that. I want you to be good and stay with me for the rest of your life. You are not allowed to love other women."

"Okay, I will stay with you and I will never love another woman for the rest of my life."

"You swear, you will be fine."

"I swear, even if I am struck by lightning or beaten by the sky, I will not die. I will stay with you for the rest of my life."

"Okay." Shen Ning lowered his head and smiled, burying his head in his arms.

"Do you believe me now?" Li Zhenting asked gently.

"Yeah," Shen Ning nodded. The fear and uneasiness that suddenly appeared in her heart disappeared. Leaning on him, she slowly calmed down.

"Believe me, you can't doubt me anymore. You have to take good care of yourself. After we heal, we will get married, okay?" Li Zhenting hugged her and murmured.

Who can tell him what he should do now?

He wanted to marry her, live with her, and take care of her, but he was afraid that, as Ji Qingshan said, he would add insult to injury and cause secondary harm to her.

"Well, we will never be separated in our lives." Shen Ning responded happily.

The whole afternoon, Li Zhenting stayed with Shen Ning, trying every means to make her happy and comfort her.

Shen Ning spent an afternoon of happiness.

The old house of the Li family. Liang Ruqi was in a panic, and Rao Yajing was even more anxious like an ant on a hot pot.

Because, after they said goodbye to Li Zhenting and returned, when Liang Ruqi hurriedly picked up breakfast and went to the basement, Cao Wei was already gone.

She searched everywhere, searching the basement and the entire garage, and later searched the entire villa from top to bottom. She came to the conclusion that Cao Wei suddenly disappeared.

He is no longer in their house!

Then where will he go?

"Mom, did he run away?" Rao Yajing asked angrily, "There is only one possibility, that is, he ran away on his own."

"Where can he run? Now Li Zhenting's people are looking for him all over the city. As long as he goes out, he will fall into Li Zhenting's hands. Will he be safe if he falls into his hands? He is a smart man, and he will definitely not dare to run away. ." Liang Ruqi shook her head.

"Then where did he go? Now he has been searched inside and outside." Rao Yajing really couldn't figure it out.

As long as Cao Wei can keep his composure and Li Zhenting can't find the key evidence, then even if he knows that someone has harmed Shen Ning, he can't help Shen Ning get revenge.

They have already given Cao Wei more money. As long as he can escape this period of time, they will send him abroad as soon as the limelight passes, and the matter will be over.

But at this critical moment, he disappeared.

"Mom, is it possible that he went for a walk somewhere else to relax? After all, he has been hiding there for a day or two. He must be bored. It is possible that he went to the back mountain for a wander again. He will come back later. ."

"We don't rule out the possibility, but going out for a walk at this time is to risk death. No, we have to go find him, find him, tell him the stakes, and ask him to be honest." Liang Ruqi pretended to be calm, she didn't believe that in just a short time, someone took Cao Wei away from their home. That person must be too powerful.

But when I thought about Li Zhenting inviting them to the tea room for tea without asking any questions, I felt weird and my eyelids jumped.

Then they called the security guards at home and asked them to look for the person secretly. They also sent people to look for him in the back mountains.

Until evening, there was still no sign of Cao Wei.

They became even more anxious and uneasy.

Chapter 1383: Li Zhenting's strength and loving wife 109

At night, Rao Yajing couldn't wait any longer and drove out.

Liang Ruqi was sitting at home, restless.

Little Shitou came back from kindergarten to complain to her, saying that he had been bullied by Coco and Ding Ding, and wanted his grandma to help him seek justice.

But Liang Ruqi was upset and scolded him for the first time and drove him to sleep.

Xiao Shitou saw that grandma was so angry and didn't know what was going on, so he had to hold his breath and dare not mention it.

Here, as soon as he left, the phone in Liang Ruqi's hand rang.

She saw it was Rao Yajing calling and quickly picked up the call.

"Mom, it's bad, my friend said that Cao Wei was sent to the police station." Her voice was trembling.

"Ah." Liang Ruqi's eyes darkened and she fell to the ground.

"Mom, what can we do? If Cao Wei confesses, we will be finished. I still have Xiao Shitou, Qiqi and Weiwei. If I are taken away, what will happen to the children?" Rao Yajing was crying over there. Speak up.

After being dizzy for a while, Liang Ruqi finally regained consciousness and shouted: "Why are you crying? Even if Cao Wei confesses, there is no need for you to die. I have found out the news today. Shen Ning is not dead. She is alive." Okay, then our responsibility is not that big."

"That **** is still alive, that's fine." Rao Yajing finally stopped crying, but she is a Gaozhi woman and graduated from a prestigious university. She knows the seriousness of the consequences, "Mom, even if Shen Ning is alive, we have committed intentional injury. Human crimes only involve not injuring others to death. If the subjective malice is very strong, we must also bear the legal consequences. If Li Zhenting and Shen Ning refuse to forgive us, we will have to sentence at least seven or eight years. It doesn't matter what I do, but The children are still young and they need Mommy."

She started crying again after speaking.

Liang Ruqi said with a sullen face: "What's the use of crying? Come back quickly and we can discuss countermeasures."

"good."

Rao Yajing put down her phone and rushed home.

Liang Ruqi got up from the ground and sat on the chair, her mind spinning rapidly. Rao Yajing rushed back in less than twenty minutes, her face ashen.

"Mom, what should I do?" she asked in panic as soon as she saw Liang Ruqi.

"Yajing, don't be anxious. The matter has already happened. Let's discuss it carefully." Liang Ruqi pulled her to sit down, looking pleasant.

"Hmm." Rao Yajing looked at her in panic, feeling uneasy.

"Yajing, do you still know Lan Feiyun and Shen Mei?"

"Know."

"The crimes they committed before were no less serious than ours, but they are now safe and sound, so you don't need to be too anxious."

Rao Yajing calmed down after listening and gradually became quiet.

"Mom, what should we do now?"

"Yajing, do you remember that Lan Feiyun and Shen Mei were both arrested at that time, but later Shen Mei took all the charges and let Lan Feiyun escape. Lan Feiyun, this old fox, is a human spirit. She had

some evil idea and rescued Shen Mei and Shen Deshun not long after they came out. Now the family is doing well and living a good life." Liang Ruqi deliberately only said the last time. In fact, the previous time was Lan Fei Yun put all the blame on himself, and Shen Mei would be fine. But the last time, both Lan Feiyun and Shen Mei were caught. Because Lan Feiyun had many tricks, Shen Mei took all the blame.

Rao Yajing's face turned pale as she listened.

She is scared but not stupid.

Liang Ruqi was Zai Ming's hint to her, asking her to bear all the blame and lock her in first, while she stayed outside to find a way to rescue her.

But she didn't want to get into the situation anyway, not to mention having to bear all the charges, and she was still young.

Chapter 1384: Li Zhenting's strength and loving wife 110

"Mom, if I take the blame and get imprisoned, what will happen to my children? They are all your grandchildren." Rao Yajing reminded Liang Ruqi with a trembling voice.

"Yajing, you also know that they are my grandchildren. If I can treat them badly, I will definitely take good care of them. And the fact is that your mother's family has few people, no experience, and few methods. , if I bear all the charges and I stay in prison, then you can't do anything outside except take care of my three children. I will have no choice but to die in prison. There are still people in my natal family, and they are all here. As a high-level official, as long as I go to activities, you will be released on bail soon. But if both of us go in, we will really die. Both of us will have to go to jail. What will happen to the children? Think about it. Think about it."

Rao Yajing's face turned even paler and she shed tears: "Mom, I can't bear to leave the children."

"With me here, what are you afraid of? I said, as long as you bear the crime, I will take care of my grandchildren, and I will also find a way to save you. I can guarantee that you will stay in there for a month at most. You'll be able to come out soon." Liang Ruqi solemnly promised, patting her chest.

Rao Yajing trembled with fear at the thought of going to jail, and having to bear the guilt of two people. Even if she got out, her life would be ruined, and she would never be able to find a good job again.

"Yajing, think clearly, either we and I go to jail together, or you go in and I will protect you. You think, you are a housewife and you will not work anywhere else in the future. As long as Li Zhenting and Shen Ning are driven away , you become a manager or vice president of Li Group, with your diploma and so on, that is more than enough. I will take care of the children for you, and I will also take good care of your family, and I will also make a will. In the future, all my inheritance will be left to you and your children, isn't it great?"

She looked at her and asked her to do so.

Rao Yajing's tears flowed more quickly, but there was nothing she could do.

What she didn't know was that Lan Feiyun was Shen Mei's biological mother, and it was Lan Feiyun who took the initiative to take all the blame in the beginning. But she was just Liang Ruqi's daughter-in-law, so of course things would be different.

"Mom, I have a classmate who is opening a law firm, and I also have classmates in the Public Security Bureau. I will go to them, they will definitely be able to help." Rao Yajing said in a hurry.

Liang Ruqi heard the implication of her words and snorted in her heart, but said calmly:

"Yajing, you are so young. Can your classmates help you like relatives? Can they be so considerate? Don't be naive, they will only cheat you of your money, and nothing will be done by then. Our Liang family can't. It is not an ordinary wealthy family, there are many ways, and the most important thing is that Lan Feiyun and Shen Mei are mother and daughter. You may not know that Lan Feiyun and Shen Mei are still trying to deal with Li Zhenting and Shen Ning. Woolen cloth."

After she finished speaking, she told everything about Lan Feiyun and her daughter.

"Think about it. In order to deal with Li Zhenting, Lan Feiyun has already had plastic surgery to look like Shen Ning. Will Shen Ning be able to live well in the future? Moreover, Lan Feiyun has reached an agreement with me. She needs my cooperation. Lan Feiyun is a woman with many tricks and cunning. You can't deal with her at all. I'm afraid you will be sold by her and you will have to count the money for her. So, think about it, can I go in on your behalf?"

Yajing, be obedient. This time you will plead guilty and bear all the charges after you go in. As long as I have Lan Feiyun here and make good use of her, I can hope to get everything back and promise to bail you out as soon as possible. . "

Rao Yajing was speechless after hearing this. She just lowered her head and shed tears.

Liang Ruqi comforted her again and said many nice and soothing words to her.

The night passed like this.

Chapter 1385: Li Zhenting's strength and loving wife 111

Early in the morning the next day.

Two police cars roared into the Li family's old house.

Liang Ruqi and Rao Yajing were trembling with fear when they heard the sound of police cars outside while sitting in the house.

"Yajing, remember to do as I say, otherwise, both of us will go to jail." Liang Ruqi took Rao Yajing's hand and warned her again and again.

Rao Yajing was so frightened that she could hardly speak, and her face was ashen.

Soon, sonorous and powerful footsteps sounded outside.

Immediately, a policeman who looked like a chief came to them with two policemen.

The one at the front showed his work permit, and the other two came up. One of them grabbed Liang Ruqi, and Rao Yajing took them away with his arms.

The whole Li family's old house was in a sensation, and everyone was talking behind their backs.

On the balcony on the second floor of Li's old house, Li Zhenting held Shen Ning's hand and watched the police car drive out quickly.

"Zhen Ting, these two women did something bad and were taken away by the police." Shen Ning turned to look at Li Zhenting with confusion on his face.

Li Zhenting pulled her into his arms, hugged her gently, and asked, "Fool, do you know why your head is hurt?"

"Why? Didn't you accidentally fall?"

"But don't you also wonder why you fell so accidentally and fell so badly, with wounds all over your body?"

"Well, yes." Shen Ning nodded in confusion. She never knew why she was so careless and fell so hard with wounds all over her body. She always felt that something was wrong. When she heard Li Zhenting ask this question, she immediately clicked nodded.

"Little fool, it was not you who accidentally fell down, but these two vicious women who had someone push you down the mountain from behind. Therefore, they committed the crime of intentional injury. Their subjective malice is very high and must be accepted. The sanction of the law, I brought you here today to let you see that the person who harmed you finally got the punishment he deserved, and you don't have to bear any psychological burden in the future, the bad guys got their comeuppance." Li Zhenting explained sympathetically.

Shen Ning widened his eyes and thought for a while before he understood something.

"Shanshan, you helped me catch the bad guys, right?" Although she lost her memory, she was not stupid, and she immediately asked with trust and gratitude.

"That's what I should have done. I didn't protect you." Li Zhenting felt ashamed.

"Shanshan, thank you so much."

"Silly girl, don't thank me, you won't feel any guilt in the future."

"Um."

"Let's go, I'll take you to see my grandpa and grandma." He dragged her hand and walked downstairs.

The reason why Li Zhenting brought Shen Ning here early in the morning was firstly to explain her doubts, but also to let her see the consequences that the bad guys who harmed her deserved. Another more important thing was that there were already many grandparents. Tian didn't see Shen Ning

anymore. They were worried and always asked about him. Li Zhenting always used the excuse that she had a cold. After so many days, the cold should be gone, so he brought her here.

"Do your grandparents dislike me?" Shen Ning asked anxiously as he looked at the familiar and unfamiliar large villa.

"No, they know you, they like you very much, and they miss you all the time."

"How do they know me?"

"I brought you here before, but you forgot."

"That's it." She looked at this strange yet familiar place again, feeling a dull pain in her mind. At this time, she believed that she might have really lost her memory.

"Wow." But when they were about to go down, suddenly, the crying of children sounded in the bedroom over there.

Chapter 1386: Li Zhenting's strength and loving wife 112

Shen Ning's heart tightened and she stopped.

"Is there a baby crying here? How pitiful."

Li Zhenting's heart sank, and bitterness surged into his heart.

Perhaps it was telepathy, Xixi and Beibei suddenly cried loudly when their mommy was about to leave.

"I'm going to see the child." Shen Ning turned around and walked towards the room where the child was crying.

Li Zhenting followed up with big strides.

In the cradle in the bedroom, two little guys were crying loudly with open voices. Two special nurses were busy, holding the children while coaxing and rocking them.

As soon as Shen Ning and Li Zhenting came in, the two special nurses screamed: "Young mistress..."

"Are the children hungry?" Just when they were about to say something else, Li Zhenting looked at them with cold eyes, and immediately asked with a sharp look.

The two special guards were so frightened that they realized something and stopped talking.

In fact, Li Zhenting has issued an order not to discuss what happened to Shen Ning behind his back, nor to tell the old man and the old lady, as they were worried that they would say the wrong thing.

"Mr. Li, I just finished giving them milk powder." They replied in a low voice.

Li Zhenting frowned.

"I'm here to give you a hug." Without any reason, Shen Ning walked over as soon as she saw the children. She felt a sense of closeness and stretched out her hand to hug the children.

Very strange.

As soon as the children were put into her arms, they stopped crying and kept crawling into her arms, searching for a feeding place with their little mouths, and humming.

Instinct maternal love surged into her heart, and Shen Ning's face was filled with the brilliance of maternal love.

"Shanshan, what a beautiful and lovely child." Shen Ning gently stroked the tender skin on the child's face with all kinds of affection.

"Yes, very beautiful and cute." Li Zhenting looked at the three children lovingly. During this period, he had been thinking about how to get Xixi and Beibei back to Shen Ning. After all, the children were too young and could not leave their mother for a long time.

Since Shen Ning was injured and taking medicine and injections, the originally abundant milk supply has gradually faded away, and now there is no milk supply at all.

When the children looked around in her arms and couldn't find the milk, they cried coquettishly. However, in Mommy's arms, their cries seemed to be coquettish.

Shen Ning loved her child so much that she would not let him go.

She inexplicably felt that she had a close relationship with her child that she could never let go of.

"Where are the babies' mothers?" she asked strangely.

The two special guards looked at her and did not dare to answer.

Li Zhenting sat down next to her, held her in his arms, and asked softly: "Ning Ning, are you willing to stay with the two babies and take care of them?"

"I do." Shen Ning looked at the inexplicable kindness of the cute children and immediately agreed.

"You see, they look quite similar to you, which means you are destined to them. Let's take the two children to the ward today. You can stay with them and take care of them, okay?" he asked. ask.

Shen Ning's wounds on her head and body have healed now. It should be possible to stay with the children to enhance the relationship between mother and child. He can also slowly explain some past events to her and let her slowly accept it.

"Okay." Shen Ning nodded without thinking.

Now she will obey unconditionally whenever Li Zhenting says anything.

She was full of trust and dependence on him, and she liked the two little guys so much that she didn't want to let go of them when they were in her arms. The babies also relied on her and clung to her clothes as soon as they entered her arms.

"Okay, hurry up and pack the children's daily necessities, and come with us to the hospital later." Li Zhenting immediately ordered the two special nurses.

The two special guards agreed and immediately went to pack their things.

Chapter 1387: Li Zhenting's strength and loving wife 113

"Ning Ning, let's hold the baby and see the grandparents. They will be very happy to see it." Li Zhenting took Xixi from Shen Ning's hand and was about to carry Beibei over, but Shen Ning couldn't help but She refused to let go and insisted on holding her by herself, so Li Zhenting had no choice but to let her go.

The two of them walked downstairs.

Mr. Li's mental state has improved these days, but he still can't eat much and can only lie on the recliner.

When Shen Ning and Li Zhenting came in with the children in their arms, his cloudy eyes shone brightly.

"Ningning, have you recovered from your cold?"

"Grandpa, I'm much better now." Li Zhenting immediately answered on her behalf.

"That's good, that's good." A rare smile appeared on the old man's face.

Shen Ning stood blankly.

As expected, the old man knew her. As soon as he looked at her, he asked her if she had recovered from the cold. She looked very familiar.

She really lost her memory and didn't remember the old man at all.

"Ning Ning, grandpa asked you what was wrong before. I was afraid that he would be worried, so I just said you had a cold. Grandpa has always liked you. Come and say hello to him and have a conversation." Li Zhenting whispered in Shen Ning's ear. He whispered.

"Oh, okay." Shen Ning came back to her senses, took a few steps forward with Beibei in her arms, squatted down next to the old man, and called sweetly: "Hello, grandpa, are you feeling better?"

Mr. Li has long known in his heart that he has an incurable disease. At this age, he can leave as long as his descendants are well.

"Well, it's better." He smiled lovingly.

"Grandpa, please get well soon. Zhenting and I are getting married, and I want to ask you to be the witness." Shen Ning smiled happily. She didn't remember what kind of illness Mr. Li had.

"Okay, okay." Mr. Li smiled happily.

"Baby, please call me grandpa." Shen Ning raised the baby a little higher, placed it in front of Mr. Li, and spoke affectionately.

Mr. Li stretched out his skinny hand and touched the baby's delicate skin.

The baby pursed its little mouth and babbled, it was so cute. The whole family laughed.

After playing for a while, the old man's energy was exhausted and it was a little difficult to speak.

Li Zhenting immediately took Shen Ning to say goodbye and walked out.

"Shanshan, grandpa is so thin and has a bad complexion. He's so pitiful." As soon as he walked out of the bedroom door, Shen Ning's eyes became red and watery.

She particularly liked her grandfather and grandmother, and felt that they were so kind, just like her relatives. However, her grandfather looked so thin, which made her feel as if he would not live long, and she felt very sad.

"Yes, don't be sad." Li Zhenting was also in a heavy mood. He took Shen Ning's hand and got into the elevator. "People are born, old, sick and die, and no one can stop it."

"But I'm still so sad." Shen Ning felt bad and her nose was red. "You should take his old man to the hospital to treat him."

She thought it was Li Zhenting who didn't take the old man to the hospital for treatment, but how did she know that this was an incurable disease?

"Don't worry, I will do it." Li Zhenting didn't point it out, he just agreed to her meekly.

"Zhen Ting, I want to come to visit my grandparents." Shen Ning said after coming out of the elevator, still unable to get out of this mood.

"Okay, I will bring you here." Li Zhenting couldn't help but agreed immediately.

It seems that everything went well in taking her home today. Not only did the two babies return to their mother, they also visited their grandpa and grandma.

Visiting the elders and taking care of the baby, all his wishes have come true, which is great!

Shen Ning is relatively good at accepting new things, which exceeded his expectations. He must also thank Professor Ackerman for the medicine.

Upstairs, two special guards had cleared their things and were waiting for them.

As soon as they came upstairs, Li Zhenting checked their things and immediately took them to the hospital. At the same time, he ordered the kitchen to prepare meals and deliver them to them every day.

Everything is arranged very well!

After they returned to the ward, Shen Ning couldn't put down the two little guys and stayed with them for fear that they would be hungry or cold. She took good care of them. The two little guys stopped crying and were emotionally stable.

Li Zhenting breathed a sigh of relief and only hoped that Shen Ning would recover soon so that they could get married.

Chapter 1388: Li Zhenting's strength and loving wife 114

In an apartment on the outskirts of the city.

Lan Feiyun hurried back.

"Meimei, Liang Ruqi and Rao Yajing framed Shen Ning and were caught by Li Zhenting. Now both mother-in-law and daughter-in-law have been taken away by the police."

"Yeah, Li Zhenting is really powerful, he caught the murderer so quickly." Shen Mei's eyes were a little surprised and gloating.

"Yes, now Li Zhenting is in love with Shen Ning. I heard that he protects her like a baby and loves her to the core." Although Lan Feiyun lived with Shen Mei in the suburbs during this period, she was always paying attention. The news about Li Zhenting and Shen Ning, especially the news about Liang Ruqi's mother-in-law and daughter-in-law, bribed the people around them.

Because Liang Ruqi has her secret, once they leak it out, it can be said that all their previous efforts will be wasted.

The briber over there had already told her about Shen Ning being pushed down the mountain, but there was no news about Shen Ning. Today Liang Ruqi was taken away, and Li Zhenting took Shen Ning back to the Li family's old house, and brought Two children left.

She finally got all the news.

"This woman has a good life." Shen Mei was extremely sour.

"A man's love can change at any time. Whether it's good or bad depends on how it will develop next." Lan Feiyun sneered.

"Mom, you said that Liang Ruqi's mother-in-law and daughter-in-law are really cowardly. She received a box lunch within a few rounds." Shen Mei was not without contempt.

"That's not necessarily true." Lan Feiyun shook her head, "That woman has a lot on her mind, and the Liang family is also from a local wealthy family with many connections. Li Jinchang is her husband, and he also has his own ways. Can he just ignore it? So, It's hard to tell now."

Shen Mei snorted noncommittally. No matter what these clowns did, it had nothing to do with her. They were all targeting Shen Ning. Hey, they all said that wealthy families are hard to stay in. This is really not wrong at all!

"Meimei, what I'm most worried about right now is that that **** Liang Ruqi's plastic surgery will reveal that you look like Shen Ning. If that happens, it will be troublesome and our plan will fail." Lan Feiyun was worried.

"Yeah." Shen Mei also nodded worriedly.

Lan Feiyun walked around uneasily, thinking about countermeasures.

"Mom, don't worry. Now that Liang Ruqi's mother-in-law and daughter-in-law have suffered such a big loss, they will definitely not be reconciled. If she can be released on bail, she will definitely find a way to take revenge. It is not that easy to take revenge. After all, Shen Ning is now being raped by Li Zhenting. I am extremely protective, so she can only use me. Therefore, I don't think she will let this secret out easily. On the contrary, she may deliberately keep the secret for us and come to beg us when the time comes. , If you don't believe it, just wait and see." Shen Mei suddenly analyzed.

Lan Feiyun's eyes lit up and she patted Shen Mei on the shoulder: "That's right, girl, you have made progress. I didn't expect this, but you did. Yes, it may be like this."

She said with a proud smile: "If this is true, then she will come to beg us. In this case, we will take this opportunity to increase the price."

"Yes, Mom, we are just looking for money anyway. If she is willing to cooperate with us and the price is not low, it will be a win-win cooperation. This is a very good choice and we are happy."

"Yes, I think that's good too. In that case, she will have to lower her high head in front of us." Lan Feiyun was very happy, thinking of Liang Ruqi's appearance when she came to beg her, not to mention how beautiful she was.

Shen Mei also pursed her lips and smiled.

"However, things may not be like this. This woman may be scared out of her mind and do anything. Then we still have to pay attention. Li Zhenting is very dark. If he finds out that you have plastic surgery to look like Shen Ning and harm her, he will definitely We can't be spared, we must be careful." Lan Feiyun thought further and more thoughtfully.

Shen Mei thought of Li Zhenting's wrist and felt chills all over her body.

Originally, she was afraid of him, but after so many experiences, she became even more afraid.

"Shanshan, the more I look at them, the more I feel like these two babies are so much like you." In the evening of the next day, Li Zhenting went to the company and rushed to the hospital after a busy day. This was the longest day he had been away from Shen Ning. , I was afraid that she would be worried, so I came back in a hurry. But as soon as he entered the ward, Shen Ning asked him questions.

He was stunned for a moment.

Since bringing back Xixi and Beibei yesterday, Shen Ning loves the two babies very much. She is afraid that the children will not adapt. She wakes up almost every hour to take care of the children throughout the night. Until dawn, the two special nurses After entering, she fell asleep.

Later, she was awakened by the cries of the babies. She immediately got up, picked up the babies, and coaxed them in turns. She did not wash up and eat breakfast until the babies fell asleep after being coaxed by her.

Throughout the whole day, she stayed with her two little babies.

The two little babies seemed to be particularly close to her, talking baby talk to her from time to time, which made her very happy. She even felt that these two little guys were like meat that had fallen from her body, and she wanted to give her heart to them.

In the afternoon, after they fell asleep, Shen Ning lay on the bed and looked at the two babies with a slight smile on her lips. But for some reason, the more she looked at them, the more familiar their faces became. Naturally, a familiar face appeared in his mind, that was Li Zhenting's face.

His face is so similar to the little ones' faces!

Slowly, she went from doubtful to cold sweat all over her body.

These two little guys look so much like Li Zhenting and live in his home. Shouldn't they be Li Zhenting's children?

If so, Li Zhenting would already have another woman!

As soon as this thought flashed across my mind, the feeling of being abandoned once again came to my mind, and my whole figure seemed to have fallen into an ice kiln.

Shanshan has been married a long time ago, she already has another woman!

He is staying with her now and taking care of her just because she was hurt and lost her memory, so he pities her!

The worry that had been bothering her for several hours was thrown directly at Li Zhenting when she saw him appearing in front of her.

"Ning Ning, take a closer look. Does he just look like me?" Li Zhenting woke up, smiled, walked over, sat down next to her, bent down to look at Xixi and Beibei in the cradle, and caressed them with his fingers. Xixi's little nose deliberately reminded her.

Shen Ning followed Li Zhenting's fingers and looked again. Yes, the little guy's nose and eyes were very familiar, and he seemed to resemble a certain person, but he couldn't remember it. "Shanshan, I just ask you, why do they look so much like you?" Shen Ning couldn't remember who else the children looked like, but it was certain that the children looked like Li Zhenting, because after seeing them with their own eyes, they became more and more similar. There were circles under her eyes. Blushing, he looked at Li Zhenting with a look of grievance on his face, "You must have had a child with another woman. Otherwise, why would they live in your house? You really have another woman. Since this is the case, you still want to provoke her." What am I doing?"

She lowered her head and began to cry.

For a moment, Li Zhenting had a headache. It seemed that he had acted too hastily.

"Ning Ning, you said you would believe me, right?" He held her in his arms and coaxed her softly.

"But you already have children, how can you expect me to believe that?" Shen Ning became more and more pessimistic and pushed Li Zhenting away, with more and more tears flowing.

Li Zhenting was so distressed that he had to take out his mobile phone.

"Ning Ning, look at your own face first, and then look at the children's faces to see if you find anything?" He used a tissue to wipe away the tears on her face, and then put the camera function of his phone on her. In front of me, I reminded you seriously.

Shen Ning saw his own face as soon as he raised his eyes.

Suddenly, she felt a little dazed, and soon looked at the faces of the babies.

Yeah, how come the babies' faces are so similar to her own.

She looked at Li Zhenting puzzledly.

"Shanshan, the children also have faces like mine. What is going on?" Shen Ning was a little confused.

"Yes, the children are so much like you, but they are not just like me." Li Zhenting smiled, "Still confused about what's going on? The children are common to both of us."

"We have all given birth to a baby." Shen Ning suddenly became very surprised, squatting down and looking at the two babies, "No wonder I feel like they are kissing each other, as if they were flesh falling off my body."

"Yes, they are our children." Li Zhenting also squatted beside her, looking at the two babies together, with the corners of his lips raised slightly.

"My children, they are my children..." Shen Ning was very excited, her hands were trembling, and she looked at the two babies with joy. The more she looked at them, the closer she felt.

It turns out that she has given birth to a child. No wonder, this morning when she prepared milk powder for the children and changed the diapers, she felt very familiar, as if she was familiar with it. Whenever she picked up the child, she felt like lifting the clothes on her chest. The children would become unusually quiet in her arms due to the urge to breastfeed them, and she also felt like she didn't want to let go.

It turns out that she was once a mommy, and everything happened naturally!

"Ning Ning, we both have children, so you shouldn't doubt me anymore, right?" Li Zhenting asked warmly.

"Yes, I'm sorry, Shanshan. It seems that I really forgot." Shen Ning felt guilty and looked at Li Zhenting uneasily, caressing his face and burying her head in his arms.

"It doesn't matter. You can be jealous, which means you really love me. I'm actually a little happy. I'm just worried that your anger will affect your health." Li Zhenting hugged her tightly. At this moment, he felt very happiness.

The next two people were very friendly. Shen Ning became more and more tender because she misunderstood him, while Li Zhenting was also gentle and considerate.

Not long after, a sumptuous dinner was delivered from the kitchen of Li's old house.

Li Zhenting opened the dining table that he had prepared long ago.

Sister Wang put the dinner table on the table.

She came here specifically to take care of Shen Ning. Since Shen Ning helped her get rid of the crime last time, she was very grateful to Shen Ning and cooked the meals with great care, especially making good meals that suited Shen Ning's appetite.

During this period, although Shen Ning was injured, her complexion was visibly good and she had gained some weight, not to mention Li Zhenting's meticulous care.

"Young lady, do you still recognize me?" After finishing the meal, Sister Wang asked with a smile while clearing the table.

Shen Ning looked at her and smiled: "Sister Wang, I don't remember much, but the food you cooked is delicious and I like it very much."

"As long as you like it, I will cook it for you every day."

"Thank you so much." Shen Ning was very happy.

"Young mistress, please eat some cantaloupe and grapes. I grew them myself in Li's Castle. I didn't use any pesticides. I only used farmyard manure." Sister Wang took out some freshly picked melons and fruits. Wash the grapes and bring them over.

"Thank you, Sister Wang." Shen Ning was very grateful and started eating the grapes.

After finishing the meal, Li Zhenting sat next to Shen Ning, checking his email and dealing with some work matters. Recently, Fang Xianyun was having trouble with high-end chips and was feeling anxious, and he couldn't devote more energy to accompany them. Development, the research and development of high-end chips is still stagnant in the last step.

He was wondering if he should find a suitable time to interview Yun Chaoyu again, but this man was really arrogant!

Perhaps, we can find another way, such as Lin Shouyu!
