This pair of shameless dogs and men showed their affection in front of her again!

Six years ago, Li Zhenting's ruthlessness and cruelty towards her became more and more clear at this moment! And the picture of this vicious woman pushing her into the sea is more like a bomb blasting in her mind.

"Shen Ning, you bastard, what the \*\*\*\* are you trying to do?" As soon as Li Zhenting walked away, Shen Mei's face immediately changed color, and she stood up abruptly with a fierce look in her eyes, "I warn you, don't try to come up with any bad ideas, Gu I will not give you the equity of Qi Perfume Company."

In the hallway.

"What are you talking about, Lan Lan and Ding Ding are fighting again?" Li Zhenting had a gloomy face.

Last night, when he entered the study, Lan Lan had already fallen asleep on the sofa, so he stopped criticizing her.

Unexpectedly, she bullied Ding Ding at home again today.

"You stop them first, Shen Mei and I will be back right away." Li Zhenting ordered in a deep voice and hung up the phone. Just as he put down the phone, he heard screams coming from the president's office. Go to the president's office.

Before she could shake her, a strong and powerful hand grabbed her arm.

"Presumptuous, how dare you hit my woman?" Li Zhenting restrained her hand, his tone full of anger.

This woman must have had the guts to beat someone in front of him, and it was his woman!

As soon as Shen Ning raised his eyes, he met Li Zhenting's cold eyes. The man's eyes were terribly harsh, like a \*\*\*\* sharp knife. She flinched for a while, and the humble and timid feeling of being cautious in front of him in the past unexpectedly disappeared. popped out.

but

She quickly stood up straight, with a cruel smile on her lips.

This man's eyes have long been blind!

Just now, it was obvious that Shen Mei hit her first, she was just defending herself.

However, she didn't bother to explain, he wouldn't have believed her six years ago, let alone now!

"President Li, please let go of your hand and take care of your woman, otherwise, as long as she dares to violate me, I will beat her once." She said coldly.

Li Zhenting's face was livid, but at this moment, he was concerned about Lan Lan and Ding Ding, and he had no intention of entangled with her. He threw off her arm and shouted sharply:

"Shen Ning, I warn you, be more honest in the future, and don't play any more tricks, otherwise, I will make it difficult for you to stay in the imperial capital."

After finishing speaking, he gently took Shen Mei's hand and walked outside.

Satisfied in her heart, Shen Mei gave Shen Ning a hard look. The pear blossoms were raining, and the bird followed closely beside Li Zhenting like a human being, holding his arm tightly, and the two walked out intimately and seamlessly.

Shen Ning looked at their loving backs, trembling all over.

Ah bah, bitches, how disgusting!

Wait, this is just the beginning! I will pay back double all the sins you have inflicted on me and my mother.
